+1+ TRUMP VOWS MILITARY WILL DISTRIBUTE 'VACCINE'...

President Trump says he would "rapidly" mobilize the U.S. military to distribute a coronavirus vaccine once it's ready, focusing first on nursing homes and the elderly most vulnerable to deadly complications from the virus. Trump made the comments during an interview with Fox Business' Maria Bartiromo.

"We're mobilizing our military and other forces but we're mobilizing our military on the basis that we do have a vaccine. You know, it's a massive job to give this vaccine. Our military is now being mobilized so at the end of the year we're going to be able to give it to a lot of people very, very rapidly," the president said.

"We will have a tremendous force because assuming we get it, then you have to distribute it," he added. "And unless you're mobilized and ready, you're not going to be able to do it for a long time. So we're starting now."

The president said he expects a vaccine to be available by the end of this year

Trump to name vaccine czar; a former executive of a Big Pharma drug giant that admitted to FELONY crimes under \$3 billion settlement with DOJ

Thursday, May 14, 2020 by: [Mike Adams \(Natural News\)](#)

Trump is about to name a "vaccine czar" to run "Operation Warp Speed," a fast-track scheme to distribute 300 million untested, unsafe vaccines across America before the end of the year. The person being named to the position is a former executive with GlaxoSmithKline, a criminal corporation that admitted to a large-scale felony bribery

scheme in its \$3 billion settlement with the DOJ. GSK's bribery scheme involved 44,000 doctors and violated the laws of every state in the nation.

With no qualms about doing business with corporate felons, President Trump is now jumping in bed with Big Pharma criminals to turn the American people into human guinea pigs in order to push Big Pharma profits and try to boost the stock market in time for the November elections. And instead of choosing to work with a corporation that has no criminal record, he chose the vaccine maker that has the worst criminal record across the entire vaccine industry.

[As ABC6 reports:](#)

Moncef Slaoui, a former GlaxoSmithKline executive, will lead "Operation Warp Speed," Trump's push to accelerate the vaccine development process for COVID-19, according to an administration official. Slaoui is to serve in a volunteer capacity, and will be assisted by Army Gen. Gustave Perna, the commander of United States Army Materiel Command.

If you're wondering why a US Army general is getting involved with the GlaxiSmithKline vaccine push, it's because Trump has just announced he's going to "rapidly mobilize" the US military to distribute the vaccine, according to CBS News:

“We’re mobilizing our military and other forces but we’re mobilizing our military on the basis that we do have a vaccine. You know, it’s a massive job to give this vaccine. Our military is now being mobilized so at the end of the year we’re going to be able to give it to a lot of people very, very rapidly,” the president said

It’s quite clear that **Trump is describing a military-run forced vaccination program** that involves mandatory injections, “to a lot of people very, very rapidly.”

Why would the US military be required to distribute a vaccine? Because, of course, **the vaccine won’t be optional**. President Trump is going to use the United States military to *force vaccinate millions of Americans* against their will. Trump has sold out America and is now going to turn the American people into live human guinea pigs for Big Pharma’s mad vaccine experiments. The entire “Operation Warp Speed” scheme is about **skipping safety tests and clinical trials** in order to roll out a risky, untested, unsafe vaccine that will be injected into you at gunpoint.

That’s why the military is about to be deployed across the United States to administer vaccines.

Trump has betrayed his nation and the American people. He is now an agent of Big Pharma and the anti-human rights vaccine industry that uses human children for medical experiments, all around the world.

It won’t be just any normal vaccine, either. Yesterday the Dept. of Defense issued a press release celebrating its effort to acquire **500 million** “ApiJect” vaccine injection devices to be ready for the coronavirus vaccine.

As described on the ApiJect website, the ApiJect syringe features RFID tracking and GPS geo-location combined with medical data sharing with a government cloud:

With an optional RFID/NFC tag on each BFS prefilled syringe, ApiJect will make this possible. Before giving an injection, the healthcare worker will be able to launch a free mobile app and “tap” the prefilled syringe on their phone, capturing the NFC tag’s unique serial number, GPS location and date/time. The app then uploads the data to a government-selected cloud database. Aggregated injection data provides health administrators an evolving real-time “injection map.”

So the military will be “mobilized” across America to administer forced vaccines that are tagged with RFID and GPS location data, linked to your personal identification and synced with a government database that will of course be used very soon to enforce “immunity passports” and other Bill Gatesian ideas rooted in medical tyranny.

Are you getting the picture yet?

President Trump. GlaxoSmithKline. Operation Warp Speed. Big Tech censorship of “anti-vax” information. Department of Defense. Military deployment. “Injection map” tracking with GPS and RFID...

Unless this is walked back the US population is about to be tagged, gagged and bagged, then medically raped by an armed agent of the Trump administration. Trump has sold you out to the vaccine industry, and he’s about to roll out a medical-military dictatorship across America.

This is going to turn most of his existing base against him, by the way, which is why his odds of being re-elected are plunging by the day. We had previously estimated just a 1 in 8 chance of him winning re-election, but now we estimate a 1 in 4 chance that he will somehow find a way to cancel the elections and declare himself a military dictator,

assuming power during the very “emergency” that he helped create through his own pandemic denialism and the selling out of the American people to the vaccine industry. We are calling on Trump to declare whether these military-backed vaccines are intended to be optional or mandatory. And if Trump won’t answer the question, **you can conclude they will be mandatory.**

Trump is following in the footsteps of tyrannical dictators who carried out mass genocide against their own people

That means Trump is setting himself up along the lines of Stalin, Mao and Pol Pot to go down in history as a **genocidal maniac** who mass murdered his own people in order to appease his corporate puppet masters.

Look at the facts. The DoD announcement. The ApiJect RFID technology. The “rapid mobilization” of the US military to “distribute” the vaccines. Look at who’s running the White House coronavirus response: Dr. Fauci, the criminal at the NIH who funneled money to the Wuhan virology lab that engineered the very same bioweapon that’s now ravaging our economy and resulting in forced lockdowns.

Look at how **no action has been taken against Obama, James Comey or the Clintons.** Ever wonder why? Because they’re all working for the same globalist agenda. Big Pharma has conquered the White House, and they already control the media and Big Tech. **Now they’re coming for your body**, and anyone who resists will likely be medically raped with a forced vaccine injection that was never subjected to rigorous clinical trials or typical safety standards.

President Trump is now all-in with Big Pharma and its globalist agenda of mass human extermination and depopulation. Have no illusions. Connect the dots. This conclusion is now inescapable, even for those of us who voted for Trump and supported him in 2016. **Trump is now an agent of Big Pharma and the vaccine industry.**

Prepare to join the pro-human resistance against Trump and Big Pharma. If you allow yourself to be injected with this euthanasia vaccine, **you will be killed** by a subsequent infection after the Fauci / Wuhan “Covid-21” bioweapons release next year.

After backlash from vaccine skeptics, Trump appears to be distancing himself from vaccines as the “cure-all” for dealing with the coronavirus pandemic
Friday, May 15, 2020 by: [Mike Adams \(Natural News\)](#)

After being strongly condemned by the pro-liberty, pro-health freedom movement, President Trump appears to be backing away from positioning vaccines as the “cure-all” for the coronavirus.

In comments made earlier today, Trump said, “Vaccine or no vaccine, we’re back.”

This is the first time Trump has publicly acknowledged the likelihood that a vaccine may never be developed that can safely and effectively prevent the spread of the coronavirus. It doesn’t mean Trump is opposed to vaccines, however. It’s just that he’s no longer praising vaccines as the miracle cure that will end the pandemic with certainty — a fraudulent, intellectually dishonest position held by nearly every journalist and scientist in America.

“We think we’re going to have a vaccine in the pretty near future, and if we do we’re going to really be a big step ahead,” Trump was quoted as saying [in this CNBC article](#).

“And if we don’t, we’re going to be like so many other cases where you had a problem come in, it’ll go away at some point, it’ll go away,” he said.

[Join the 400,000 who have signed LifeSiteNews petition rejecting mandatory coronavirus vaccinations](#)

LifeSiteNews already has almost 400,000 signatures from folks who are saying *no* to mandatory vaccination for the Wuhan coronavirus (COVID-19).

Within the first four days of the petition's launch, more than 350,000 people signed it, followed by another 50,000 people over the past three days. And with *your* signature added to the petition, LifeSiteNews will easily exceed its next benchmark.

The petition states that while people of goodwill have varying opinions on the safety, efficacy, and religious implications of a new vaccine for the Wuhan coronavirus (COVID-19), everyone should be in agreement that forcing people to get jabbed is not okay.

"No government can force anyone who has reached legal adulthood to be vaccinated for the coronavirus," the petition states. "Equally, no government can vaccinate minors for the coronavirus against the will of their parents or guardians."

Over the next several weeks, LifeSiteNews is planning to deliver the petition to governments around the world, showing them that people everywhere are against coercive medicine that threatens punishment for no compliance.

"The enormous response to this petition shows that many people around the world absolutely will not accept a mandatory vaccine for the coronavirus," says Gualberto Garcia Jones, the director of advocacy for LifeSiteNews.

You can sign the petition at [this link](#).

[Are you prepared to defend your body against an assault with a deadly vaccine weapon?](#)

From a human rights perspective, a mandatory vaccination is an assault with a deadly weapon and a violation of basic human dignity and the rights of personhood. This is self-evident from the fact that vaccines kill people every year in America, a verified fact that's openly admitted by the government in its quarterly vaccine damage reports (VAERS.HHS.gov).

If vaccines kill and maim people — which they do — then forcing an especially fast-tracked vaccine on someone against their will is a form of violence and a clear felony assault against that person.

If someone is attempting to assault you with a deadly weapon, you have every right to defend yourself under US law. No emergency declaration nullifies your exclusive ownership over your own body. And no legitimate government would ever attempt to claim the right to penetrate your body with dangerous substances without your consent.

This argument is even stronger when you realize that **there are many ways a person can boost their immunity against an infectious disease**, including having good nutrition (vitamin D, vitamin C, zinc, etc.) and maintaining a healthy lifestyle that avoids toxic prescription medications such as blood pressure drugs.

For a vaccine zealot to claim that vaccines are the one and only way to protect public health, while denying the effectiveness of all other strategies, is a horrifying example intellectual fraud.

The fact that vaccines can and do spread other diseases— such as polio, chickenbox, herpes zoster, measles, mumps, rubella, etc...; the choice of whether to agree to a vaccine injection must rest with the patient, not the doctor nor the government. This is a basic principle of western medicine: Informed consent. (And “First, do no harm.”) In fact, it is codified under medical ethics rules of the American Medical Association.

Without informed consent, we don't have a system of medicine at all. In its place, we have a **system of authoritarian medical tyranny** — essentially a *medical police state*. And any such police state should be resisted and defeated by any liberty-minded citizen.

And if Trump is going to push a medical police state on America, he no longer deserves to be president at all and should be voted out of office at the next opportunity. Or pressured to resign before the election.

You can't Make America Great Again if you're running armed vaccine goon squads that “medically RAPE” Americans so that Big Pharma can cash in on a deadly pandemic. Trump is going to need to pick a side here, and if he picks Big Pharma, then **Trump becomes the enemy of the People.**

It's as simple as that. All the Trump supporters out there need to come to their senses and realize that, based on current observable evidence, it looks like **Trump is about to become a type of anti-Christ by pushing “mark of the beast” like RFID vaccine tracking technology that will no doubt be used to deny anti-vaxxers access to commerce and public transportation. Is this even America anymore?**

WASHINGTON STATE GOVERNOR: REFUSAL TO TEST OR QUARANTINE OVER COVID-19 MEANS YOU CANNOT LEAVE YOUR HOUSE; NOT EVEN TO BUY FOOD

At his May 12 press conference, Washington State Governor Jay Inslee (D) laid out his plans for a statewide contact tracing initiative. During the course of that press briefing, he made clear anyone who refuses testing "will not be able to leave their homes; not even to go buy food."

This appears to many people to be the book definition of TYRANNY.

Contact tracing involves interviewing people with positive COVID-19 tests to identify who they've been in contact with, getting those people tested, and then making sure they isolate themselves and their families.

As the press conference went on, one question kept coming up - what about enforcement? How will you ensure Washington State residents comply and what if they don't?

The answer is as scary as many have worried about. As Putvin reports, for those businesses/individuals that don't comply, the governor stated that he confirmed with Attorney General Bob Ferguson, **there will be sanctions in civil or criminal court.** At **timestamp 38:55** in the video of the press conference below, one reporter asked: **"When it comes to contact tracing, how are you guys going to handle people or families who want to refuse to test or to self isolate? If they want to leave their home to get groceries I know you've said they can't do that; how will you make sure they don't?"**

Here is a link to this video:

<https://www.facebook.com/WaStateGov/videos/1166017117073245/?t=5>

Below is Jay Inslee's response:

"We will have attached to the families a family support person who will check in with them to see what they need on a daily basis... and help them. If they can't get a friend to do their grocery shopping, we will help get them groceries in some fashion. If they need pharmaceuticals to be picked up, we will make sure they get their pharmaceuticals... That's going to help encourage them to maintain their isolation too. As far as refusal, it just shouldn't come to that, and it really hasn't. We've had really good success when we ask people to isolate, and they've done so in really high percentages, so we're happy about that, and we believe that will continue. Therefore, those individuals that refuse to cooperate with contact tracers and/or refuse testing will not be allowed to leave their homes to purchase basic necessities such as groceries and/or prescriptions.

Those persons will need to make arrangements through friends, family, or a state provided "family support personnel."

The question, of course, is - ***how long before this "mandated" testing (or starve), will be re-upped to "mandated" vaccination (or starve)?***

Folks in Washington now have before them, actual video PROOF they are being subjected to absolute Despotism. Unbridled tyranny.

A man to whom they LENT authority to serve them, is now misusing that office to prevent people from leaving their homes . . . even to buy food!

Folks in Washington have no choice but to confront this tyrant, by any and all means. Whether they choose to do so or not will reveal whether they are liberty-minded citizens, or yellow-bellied, slave-serfs.

The world is watching, Washington. Do what you feel must be done and don't apologize to anyone for doing so.

Whoever aid, abets, or participates in this tyranny, will have brought any public correction of it, upon themselves.

Comment:

DD7 - They want to QUARANTINE CONTACTS!!! That means if you shopped one day at Walmart, and they contact-traced a person who ends up testing positive as having walked through Aisle D5 at the same time you did, then you will be locked away in quarantine.

Contact Tracing: Wash. Gov. to Use Mass Surveillance to Quarantine Anyone Crossing Paths With Covid Carrier--The day-to-day activities of Washington residents to be watched & tracked

Kit Daniels | Infowars.com - May 13, 2020--Democratic Gov. Jay Inslee wants to use “contact tracing” to quarantine anyone in Washington state **who has crossed paths with a tested Covid-19 carrier.**

During a May 12 [press conference](#), Inslee revealed the purpose behind “contact tracing” is to identify and isolate anyone who has come across a tested Covid-19 carrier, **presumably by using data from cell phones and other surveillance techniques as discussed by previous media reports.**

Other states pushing “contact tracing” will likely follow the same gameplan, especially those in the northeast.

“Contact tracing involves interviewing people with positive COVID-19 tests to identify who they’ve been in contact with, getting those people tested and then making sure they isolate themselves and their families,” [reported](#) the Lynnwood Times. “...Anyone who has had contact with that person will be quarantined until they have tested negative, even if they have not tested positive or shown symptoms.”

It’s not quite clear why somehow should be “tested negative” if they have already “not tested positive.”

“Contact tracers will reach out to notify those that may have been exposed to COVID-19 within 24 to 48 hrs of a positive test result,” the newspaper continued. “The governor compared the contract tracers or ‘COVID brigade,’ to the operation of a ‘fire brigade.’”

Apple and Google said they will allow state governments to access Bluetooth data from cell phones that will allow “digital contact tracing” which, according to

a University of Rochester professor, would provide data on who people have "crossed paths with over the last 10 to 14 days." In other words, people's daily activities in Washington state will be surveilled and if it's presumed they came near a tracked Covid carrier, they'll be forced into quarantine until they test negative.

3,000 California churches announce they will defy governor's order and resume services

By [Andrew J. Sciascia, The Western Journal](#) Published May 8, 2020 at 11:53pm

An evangelical church network in California will ignore Democratic Gov. Gavin Newsom's executive prohibitions this month, opening sanctuary doors for communal worship despite the ongoing coronavirus pandemic.

According to [Fox News](#), California Church United, representing roughly 3,000 churches and 2.5 million congregants statewide, announced Thursday that it will return to conducting in-person services by Pentecost on May 31 rather than await the third phase of planned societal reopening.

"Our churches are part of the answer, not part of the problem," Water of Life Community Church senior pastor Danny Carroll said. "We're an essential part of this whole journey and we've been bypassed ... kicked to the curb and deemed nonessential."

Hello Scott, It has been awhile. As you may recall, I feel compelled to share with you my personal experiences with certain individuals that are promoted in your newsletter. In this particular situation, I am referring to Dr. Rashid Buttar. For your information, I purchased one of his products awhile ago for my dying mother. His product did not work "as advertised" thereby I asked him for a refund. Dr. Butter was very rude and refused to give me a refund for a product that did not work!! Furthermore, he showed absolutely NO COMPASSION toward my mother who died. Scott, I could care less how much knowledge Dr. Buttar may have on a topic because as a human being, HE HAS COMPLETELY FAILED!!

Number one, he is a liar! Therefore, how can you trust anything he says??
Number two, anybody that would show NO COMPASSION and offer no condolences to a suffering person is not a "trustworthy human being"!!
Also, for your information, Dr. Buttar is a hardcore MUSLIM and actively professes ALLAH. The Bible clearly states that we should not "yoke ourselves with unbelievers"!! Dr. Buttar is a very mean man AND he is obviously very demonized by Muslim Spirits and the Spirit of Allah.

Action Needed

1) Call and Email your own U.S. Congressional Representative and ask them to vote against H.R. 6666, the “COVID–19 Testing, Reaching, And Contacting Everyone (TRACE) Act.” Pick a few points in the discussion about that resonate with you to personalize your message. You may need to leave a phone message as many staff members are working remotely.

If you do not know who your U.S. House Representative is or their contact information, you can login to the NVIC Advocacy Portal, <http://NVICAdvocacy.org>, click on the “**NATIONAL**” tab, and your elected Congressional Legislators are automatically posted on the right hand side of the page. Click on their name to display links to all of their contact information. If a district office is close to your home, you may also consider trying to set up a longer phone call, video chat or meeting with your Representative or staff to discuss your concerns.

2) Login to the NVIC Advocacy Portal, <http://NVICAdvocacy.org>, OFTEN to check for state and U.S. updates and action items. We review bills and make updates daily. Bills can change many times over the legislative process and your timely visits, calls, and emails directed at the correct legislators are critical to this process.

3) Please forward this email to family and friends and ask them to register for the NVIC Advocacy Portal at <http://NVICAdvocacy.org> and share their concerns with their Representative as well.

[+2+ New World Order Acolyte Melinda Gates Appears On TODAY Show Pushing Hard For A Global Vaccine While Wearing An Upside-Down Cross](#)

by [Geoffrey Grider](#) May 11, 2020

NOW THE END BEGINS SHARE:

Roman Catholic Melinda Gates in an interview on TODAY Show pushing hard for a global COVID-19 vaccine was wearing a bright and shiny upside-down cross around her neck.

Symbolism is very important to groups like the Illuminati, the New World Order and others, as they love to flash you signs of how much smarter they are than you and I are. They like to put their true agenda right in our faces, and dare us to figure it out. Take a quick trip to our [Predictive Programming](#) section, and you will see immediately what we're talking about. All this brings us to an interview the TODAY Show did with Melinda Gates back on November 8th, where we see Melinda wearing an upside-down, or inverted, cross around her neck. Who likes to wear inverted crosses? Satanists, pagans, witches, warlocks, New Agers, most people in [Hollywood](#)...you get the idea.

"Christ hath redeemed us from the curse of the law, being made a curse for us: for it is written, Cursed is every one that hangeth on a tree:" Galatians 3:13 (KJB) The early First Century Christians *never* used the cross as a sign or symbol for anything, why? Because it was the instrument of the torturous death of Jesus of Nazareth. The cross as iconic symbolism would not appear until biblical Christianity was hijacked by the Romans around 325 AD. From that point on you see crosses on everything as Rome infused paganism with Christianity. The bible tells us that the cross is the sign of a curse, and cursed people hang on them. No one in their right minds who believed the bible would want the sign of a curse hanging around their own necks, much less wearing an upside-down cross like the pagans do.

I will let you make up your own mind as to why Melinda Gates chose to wear an upside-down cross on national television. I know she went to Catholic school, and that she and Bill have raised their children as Catholics. But when you look at the millions of dollars they give to Planned Parenthood, an organization that exists to slaughter children in the womb, exactly what kind of Catholic she is gets a little murky, to say the least.

The Roman Catholic Church, what I like to call counterfeit Christianity, loves weird occult and pagan symbolism. Over the years we've shown you the Vatican Audience Hall that is shaped **exactly like a giant snake**, and has the **freakiest, most nastiest-looking statue** right behind here the pope sits. Occult symbolism pervades the Vatican to a very high degree. Melinda Gates is a Catholic, you do the math.

Scott Johnson's Teaching: The 'Cross of Christ' vs. the 'Accursed Tree'-Part 1

By **Dr. Scott Johnson** | February 17, 2008

The 'Cross of Christ' vs. the 'Accursed Tree'-Part 2

The 'Cross of Christ' vs. the 'Accursed Tree'-Part 3

In this study we will look at the differences between the 'Cross of Christ' and the 'Accursed Tree' of the Bible. **The cross symbol (in various forms) has been used both as a religious symbol and as an ornament from the dawn of man's civilization. Various objects dating from periods long before the Christian era, have been found marked with crosses of different designs in almost every part of the old world. The cross symbol was found in Scandanavia as the Tau cross symbolized the hammer of the God Thor. In Hinduism, the vertical shaft represents the higher, celestial states of being; the horizontal bar represents the lower, earthly states. The ankh cross and is from Egypt (which is a Tau cross topped by an inverted tear shape.) and is associated with Maat, their Goddess of Truth. It also represents the sexual union of Isis and Osiris. The use of a human effigy on a cross in the form of a scarecrow has been used from ancient times also. In historic times a human would be sacrificed and hung on a cross just the way the many Churches of the Christian religion depicts today. The sacrifice would later be chopped to pieces; his blood and pieces of flesh were widely distributed and buried to encourage crop fertility. The first crucifixion scenes didn't appear in Christian art until the 7th century by the Catholic Church. The original cross symbol was in the form of a Tau Cross and it was so named because it looked like the letter tau or our letter 'T'. The Catholic Church copied (& later modified) this symbol from the pagan Druids, who made crosses in this form to represent the Tau god. This was done so those that worshipped this pagan god Tau would come into the Catholic Cult.**

As a participant in state assistance benefits, including cash aid, Cal Fresh and MediCal, and in accordance with The State of California Emergency Order Numbers 3.21.20-EO-N-35-20 and N-25-20, you are being informed that COVID-19 testing is declared mandatory for all members of your household receiving assistance.

You may receive the test free of charge any of the participating sites in Merced County, California. Please refer to the attached pamphlet for testing sites and information related to COVID-19 testing. Appointments are required for testing. You can register online <https://www.lhi.care/covidtesting> or by calling 1 (888) 634-1123. Tests will be performed Monday through Friday, 7 a.m. to 7 p.m.

Failure to obtain a test by June 1, 2020, will result in the temporary suspension of your benefits beginning July 1, 2020, and continue until such time that testing has been completed.

In addition, should you test positive for COVID-19, and in compliance with the State of California Welfare and Institutions Code, The Humans Services Agency of Merced County may deem it necessary to remove all children (under the age of 18) from your household who have tested negative, and place them in temporary foster care until such time that you have been determined to be recovered.

Please feel free to contact your case worker, **[REDACTED]** with any questions you have regarding this notice.

Glean--GOV'T EFFORT TO SUPPRESS INFO ABOUT 2ND WAVE OF OUTBREAK FOR 24-48 HOURS SO MARKET INSIDERS CAN AVOID THE COMING CRASH

17 May 2020--This is Covert Intelligence from government insiders, confirmed by Bank, Bond, and Stock Insiders:

1. This Virus "reopening period" is viewed by medical and government types as "stupid." The general consensus is the re-opening will make things with the disease a lot worse. But Government has been told in no uncertain terms by the billionaires they MUST have a chance to get a brief uptick in the market **so they can dump their stocks at a better price.**

2. As such, over the past week, government has allegedly reached agreements with a lot of the MAJOR mass-media news outlets and some testing agencies to give the Stock/Bond/Banking markets a 24-48 hour buffer wherein **they will suppress stories about how the reopening is causing a 2nd wave far worse than imagined.**

3. Once government and medical people see new cases and new deaths rising by a certain rate, **the narrative will lag behind a day or two to the public, but the numbers will be passed on to those manipulating the markets.**

4. Once the 2nd wave becomes public, the markets will crash again. **They're legitimately expecting the Dow to dip below 10k by mid-June, possibly even earlier depending on how this all plays out.**

5. I was specifically told that if I was a gambling man playing the markets, I should be watching the **SEC Filings**. I was told to watch out for the key people making small incremental dumps without setting off alarms. It'll be tough, but if you know the loopholes you'll know what metrics, strategies, and numbers to watch for. This will be the first hint that the word about a renewed - and worse - disease outbreak has hit the market insiders and they are dumping their holdings.

6. There is a very real likelihood that some Governors will go overboard to try to lock-down states again. Only this time, the assessment within government circles is those efforts will be immediately rebuked by a majority of the population. At that point, the assessment is cops will be ordered to get physical. That same assessment sees a strong likelihood that citizens will resist that force with force. Serious societal troubles immediately after that starts.

CONCLUSION:

Government would not have negotiated the suppression of this 2nd wave news if they didn't ALREADY KNOW it is going to take place.

They are also confident that the general public will not believe them anymore and will likely not obey them to stay home.

We are now entering the absolute last window of opportunity to STOCK-UP and PREPARE. Below, any word which is a LINK, will take you to an outside, third-party, source ON EBAY supplying the named item. I am *****NOT***** the seller of any of these goods, but I will earn a few cents Commission if you buy anything.

SUGGESTIONS

Continue to stock up on [EMERGENCY FOOD](#) food as best you can. Meat is already becoming very scarce and that will worsen.

Have stashes of dry goods: [PASTA](#), [RICE](#), [BEANS](#), [POWDERED MILK](#).

Have stashed of Flour, Sugar, Salt, Pepper, Ketchup, Mustard, Mayonnaise, cooking spices.

Have stashes of canned foods: Tuna fish, Chicken, Beef (corned and regular), Pork (Ham)

Almost all home FREEZERS are already long sold-out, but small [COMMERCIAL FREEZERS](#) are very much still available. It will cost a few hundred dollars more for a commercial freezer, but better to have one than not. Pack the freezer with meats: Beef, Chicken, Fish,, Sausage, Cold-Cuts.

Make certain you have supplies of any medicines you need TO LIVE. Buy them without going through your insurance if you have to; because when a 2nd wave causes a collapse, medicines will simply not be available. So if there are medicine renewals available to you, but your insurance company won't pay for them until it is actually time to renew, pay for them yourself so as to stock up early.

Have guns and ammo for every adult member of your household.

Have Body Armor: [Handgun protection](#) [Rifle Protection](#)

Reinforce home doors, door frames, knobs and locks against kick-in destruction.

Kits to do that are [HERE](#)

Add longer, thicker, screws to door hinges to go deeper into the wood frame and into the door itself.

Get a [BUDDYBAR](#) to reinforce perimeter entry doors

Reinforce windows by adding [security film](#) to the inside, outside, or BOTH. If you can, add security shutters.

Nothing is likely to totally prevent a determined attacker from gaining entry by force, but reinforcing DOORS, DOOR FRAMES AND WINDOWS forces a perpetrator to take longer and make far more noise. That noise gives you time to wake up, get your defenses, and prepare for confrontation.

----- COMMUNICATIONS -----

Having lived through the attacks of 9-11 here in New York City, I can attest to the fact that communications circuits can become INSTANTLY overloaded and unusable for hours. A simple thing like making a phone call from a landline or a cellular phone, became all but impossible during that attack.

In the years since, we have seen example after example of similar communications outages during natural disasters: Earthquakes, Wildfires, Hurricanes, and more.

One major vulnerability we all have now is the Internet; it carries a majority of phone calls now. When the net goes down, those calls cannot go through; not via home VoIP, landline, or even cellular.

So what do YOU do to get around that?

Communications gear!

The cheapest, fastest, and most reliable simple communications gear is Citizen's Band radio; "CB"

To this day, truckers all over America use CB to talk to each other as they pick up and deliver freight across America.

CB does NOT require any special license or training. You plug the CB radio into your car cigarette lighter, Put a magnet-mount antenna on the roof or trunk, screw the antenna cable into the back of the radio, turn it on and talk. It's THAT simple.

CB has 40 channels. Channel 19 is for truckers and traffic. Channel 9 is for Emergency Use Only.

You decide among your own family which of the other channels you will use in an emergency, and if one takes place, THAT's the channel you all agree to meet on.

CB has limited range. In densely populated urban environments, you can only talk a few miles apart. The same holds true for very mountainous environments. But everywhere else, CB is reliable for ten miles or more.

It might just help you communicate with your loved ones when all else has failed.

It's cheap, fast, and reliable.

Here's what CB's Look like:

----- FIRST AID -----

UNTRAINED PERSONS - Trauma Kits

Treating injuries in the field is something that ANY person, trained or not, can do. The items in these kits are common sense things that ANY person can use!

----- FIRE EXTINGUISHERS -----

Every [fire extinguisher](#) has an alphanumeric rating that tells you what types of fires it can extinguish as well as the size of fire it can put out.

The letters stand for the class of fire the extinguisher can be used against:

A – ordinary combustibles (wood, paper, plastic, etc.)

B – flammable liquids (oil, gas, petroleum, etc.)

C – electrical equipment

D – metals

K – cooking oils and fats

The numbers indicate how much of the fire can be put out by the fire extinguisher. Every number before the A means it is as effective as 1 ¼ gallons of water. For example, 2A means the fire extinguisher is as effective as 2 ½ gallons of water, and so on. The numbers before B and C are a measure of the amount of square feet the fire extinguisher can put out. For example, a 10:BC fire extinguisher can extinguish a fire over 10 sq ft.

For GENERAL household purposes, a Fire Extinguisher with a rating of 3A:40BC is a very reasonable and reliable one to have around. They come in various shapes and sizes; here's what they look like: *CAREFULLY READ what the **seller** at the link to EBAY below, publishes about the product, so you are not, in any way, mislead or*

----- EMERGENCY ELECTRIC AND HEAT -----

Portable Electric Generators

If electricity goes out from a storm, a flood, an EMP or some other reason, food in your refrigerator will start going bad within 8 hours. A lot depends on how often the refrigerator is opened, but within 8 hours, even closed refrigerators warm up.

You need to have a way to provide electric to keep your frig cold so you don't lose all your food. An emergency generator can do that for you.

The average family refrigerator uses 1200 watts of power. The average microwave oven is 1,000 watts, but needs about 1900 watts (IN) to produce those 1,000 watts (OUT). Of course, houses have lights, gadgets and gizmos. You need a source of emergency electric that can supply that! If you buy a generator with 1500 watts, you can power the frig, and maybe a couple lights, or a small TV. If you want to be able to run the frig and a microwave, you have to ADD the watts together to get the total, then buy a generator capable of meeting that total. Most homes can be fully powered by 7500-10,000 watts. Whatever your power needs, the links below the photos can show you all sorts and sizes of generators. REMEMBER: NEVER USE A GASOLINE-POWERED GENERATOR INDOORS BECAUSE THE EXHAUST GAS FROM ITS MOTOR RUNNING CAN KILL YOU. THE GENERATOR STAYS OUTSIDE and powers your stuff via extension cord.

Here's what they look like:

*CAREFULLY READ what the **seller** publishes about the product at the link to EBAY below, so you are not, in any way, misled or confused by what I've written. The only valid representations for each product is the representation made by the EBAY seller.*

Emergency Heat

Depending on where you live, you may get some pretty brutal Winter weather. If the electric goes down, maybe you can run your furnace with a generator. Maybe not. The portable heaters below give off a really good amount of heat. **They run on Kerosene fuel** and can heat a 1200 Sq. Ft. apartment for 8 hours on 2 gallons of fuel, keeping the indoor temp around 75! *(Never use Gasoline in a heater like this; it will instantly EXPLODE)*

Spare Fuel Storage Containers

DO NOT STORE FUEL IN YOUR HOUSE. It must be kept outside (on a terrace, a backyard, etc.)

STORED FUEL GOES BAD AFTER AWHILE

When you store gasoline, even under the best of climate circumstances, the fuel WILL GO BAD after awhile. Sometimes it goes bad in three or four months. Sometimes six to nine months. **Sooner or later, it goes bad.** You can deal with this very simply by using PRI-G Fuel Stabilizer.

PRI-G stabilizes gasoline for storage, making it last very much longer. Even better, PRI-G will RESTORE STALE FUEL to refinery-quality-fresh EVEN AFTER IT IS STORED FOR A YEAR! Add four ounces of PRI-g to five gallons of stale fuel, and like magic, the fuel is like new!

This is what PRI-G Looks like

[Click Here for a full selection of various sizes of Kerosene Cans \(Emergency Heat fuel\)](#) NOTE: Buy ONLY the **Blue** Colored for Kerosene so there is never a mistake about what fuel you're using. Accidentally putting gasoline into one of the KEROSENE heaters will cause an instant EXPLOSION.

Coincidence? SHOCKER - Circuit Panel In Brand New 5G Tower Is Labeled 'COV-19' - What Is Going On? Will This Frequency Trigger A Seeded Virus In Your Body? Or Cause An Outbreak?

14 May 2020--Someone once said "there are no coincidences" and that many times, so-called "Conspiracy Theories" turn out to be true. Early in the COVID-19 outbreak, many people worldwide said the "virus" had

something to do with the then-recently-activated 5G cellular system. Below, a video from a worker who installs those 5G towers showing a circuit board for the tower, containing some type of electronic device labeled "COV-19."

I have taken a download of this video in the event Youtube removes it from their platform. Youtube is a ferocious CENSOR of truth, so nowadays, I take copies of things from their site to make sure real information cannot be "black-holed."

I am presently unable to find any company that produces any device they call (or refer to) as "COV-19."

So, what is it?

5G AirGig: What is It and Should You Be Worried? • Children's Health Defense

Photo Credit: about.att.com

By Dafna Tachover, Director, CHD's Stop 5G and Wireless Harms Project

AirGig is a new technology developed by AT&T to transfer Wi-Fi and wireless data over power lines using 4G LTE and 5G millimeter waves. To date, AT&T has submitted over 500 patents and applications related to the AirGig technology, which turns existing power lines into transmitters. According to AT&T's glowing press releases, AirGig could even replace cell towers:

We hope that one day there will be no need to build new towers or bury new cables in locations close to aerial power lines. Instead, using AirGig patented technology, we would install devices to provide high speed broadband which can be clamped on by trained electrical workers in just a few minutes.

The AirGig technology aims to provide "ultra-fast" broadband Wi-Fi anywhere there are power lines, offering "last-mile wireless connectivity" without the need for deployment of any new fiber-to-the-home. As "last-mile" suggests, AT&T is framing its AirGig technology as a solution for extending wireless access to virtually everyone on the planet. The company [writes](#):

Project AirGig has opened the door to the possibility of broadband internet connectivity for nearly everyone currently served by an electric utility. It's a first-of-its-kind technology that is expected to deliver broadband connectivity to homes and mobile devices wherever there are power lines—whether urban, rural or underserved parts of the world.

What AT&T does not spell out in its glossy communications is that AirGig will make it impossible to escape exposure to wireless radiation, even in our homes. AirGig will saturate our environment—every inch of it—with close-proximity, high-intensity radiation. The few relatively safer areas that still exist will quickly disappear. Not only will those who already have become sick from wireless radiation have nowhere to escape to, but many more are likely to experience immediate health impacts.

She admitted that no one has looked at the health effects of smart cities—and added that it is 'not her job' to do so.

Invest in a "personal nebulizer" as the M.S.P. can be put into this device and atomized into the lungs and nasal passages. Use 100ppm Invive Mild Silver Protein strength for nebulizer use.

Gas Mask Recommendations: Invest in gas masks for each member of your household. But remember the gas mask is only as good as the seal to your skin, so don't put all your eggs in this basket. SGE 150 Protective Mask at: 1-877-AGM-1010 www.approvedgasmasks.com/sge150.htm

Subject: Hey bro, I'd like another bottle of 5000ppm silver at same strength...I did the nebulizer last night and when I woke up so much flem came out of my lungs, it helped so much to get it up and out to avoid pneumonia. It litterly cleared my lungs in one 5 min use last night. I mixed it at 500ppm and did 2 5 min sessions before bed spread it out. Another thing I notice is after this morning my shivers are gone... I love this silver and want to tell everyone I can about it. People have to have this product its better than any antibiotic I've taken, even intravenously. This silver if mixed and taken right can save ur life, no joke. U can treat the problem area directly!!! Praise the lord I am healed!!!

Subject: Recommendations and Vital ALL ENCOMPASING information regarding the nCOVID-19 Virus

5 cc (1 teaspoon) of the Invive Mild Silver Protein 5000 ppm, per 30 lbs. of bodyweight (split up dosages), per day. 5000 ppm is the "General" rule in the DDR Doctors Desk Reference for the Practitioners.

These are GUIDELINES and are not carved in stone, BECAUSE each case is different. But you have to start somewhere with a Guideline, and then Tailor the dosage to the event PRESENTION.

BUT it is ALWAYS necessary to "TAILOR" the dosage to the SYMPTOMOLOGY though, especially when dealing with life and death situations.

Hence one 71 year old man last week who was suffocating on his mucous from the Covid-19 and getting worse, had his Dosage upped from 1 teaspoon of 10,700 every 4 hours (as per the typed "Guidelines"), to 1 teaspoon of 10,700 EVERY HOUR, which (Praise the Lord! "Coincidentally") SAVED HIS LIFE and he is totally well (asymptomatic) now.

Therefore always "TAILOR" the dosage to the Symptomatology of the PRESENTATION. Use at least a 6 pack of the 5000 or better yet a 6 pack of the 10,700 if you can afford it. PS: We haven't raised our prices in 25 years, and only wish to continue SAVING LIVES.

Symptoms of the Coronavirus can be very similar to the flu, BUT what to keep an eye out for "IS":

Symptoms of coronavirus can include:

- Fever (100.4°F/38°C or higher)
- Cough
- Shortness of breath

Incubation Period (Before you get sick):

Will be 1-14 days "before" you have/show symptoms.

That means 2-9 days on average "before you have/show symptoms.

Once you are sick:

10 days is length of sickness (unless you succumb/die/pass away first).

Total length of Sickness:

14 days incubation

10 days of actual sickness/being ill

=====

24 days total length of sickness.

30 days "still" in your bloodstream

=====

For a total of 54 days

Damage still remaining after Recovery from the Corona Virus in many individuals:

No sense of smell.

GI problems.

Loss of weight during the illness, with difficulty putting weight back on.

Struggle breathing as in shortness of breath from damage to your lungs.

After 24 days/once you recover, you are to take measures to:

- 1.) Build up/build back your lung capacity/oxygen capacity.
- 2.) Build up your whole body muscle capacity.
- 3.) Because you got "KNOCKED OUT" with a Sledgehammer.

Editor's Note:

Unless they break their own laws, they cannot stop us from distributing it as a Dietary Supplement BECAUSE our particular product is "Grandfathered In" as the **IDENTICAL pre-1938 Mild Silver Protein** that was in all the pre 1938 Medical Journals and paper publications And indeed WAS used by most the MDs pre 1938 "before" the FDA took over/stole our food and drug supply, for the benefit of the multinational corporations.

Your legislators continually go through the swinging door of being hired for millions of dollars by working for the multinational drug companies.

Companies whose drugs KILL over 100,000 USA citizens each year= they Kill 1 MILLION Americans every 10 years,

while our Albert Barnes 1902 Mild Silver Protein product kills no one;

AND

our MSP product is dulciment= soothing to the tissues and

our MSP product has NO side effects whatsoever (other than a herx effect/dieoff effect), and

MSP causes NO Mutations of the pathogens because it kills the pathogens instantly upon contact so that there are no wounded pathogen to go off and mutate into more drug resistant forms/strains, and

Our MSP product has **NO interactions with any other DRUG** and our MSP product has **NO interactions with any other product** whether vitamin or mineral.

This Product has been used by MDs since 1902.

We distribute as a Dietary Supplement

the SAME Product MSP Mild Silver Protein that has been used by MDs since 1902

see <https://en.wikipedia.org/wiki/Argyrol>

From Wikipedia:

Argyrol [Mild Silver Protein] was manufactured by A.C. Barnes Company until the [Zonite Products Corporation](#) acquired the firm in 1929.^[5] Argyrol products were compounded by pharmacists at various concentrations and dispensed to the public in pharmacy-labelled bottles. It was also sold in A.C. Barnes Company packaging in solutions of various strengths. A succession of pharmaceutical entities acquired Argyrol over the decades.

Yet your MD's/legislators/politicians will not tell you about it.

Wikipedia further states:

The silver protein molecule in Argyrol has been in use for over 100 years to date, with ample clinical data supporting the benefits and versatility of the silver protein molecule in medicine without the detriment of drug resistance. Although *Argyrol* is used as a synonym for the chemical descriptions *silver vitelline* and *mild silver protein*.

Nebulizer Recommendation

For **lung infections** nebulize 100ppm Invive Mild Silver Protein directly into the lung fields for 3-4 minute intervals several times per day. If you want to make a 100ppm solution (and you have a 5000ppm bottle) just divide 5000 by 100 to get: 50. So you would add 50 parts distilled water to 1 part 5000ppm to make a 100ppm solution.

Regarding nebulizer recommendations just research nebulizers on Amazon for the best ones, but this looks like a great one: [https://www.amazon.com/Crane-Rechargeable-Allergies-Congestion-](https://www.amazon.com/Crane-Rechargeable-Allergies-Congestion-Irritations/dp/B07X6873BB/ref=sr_1_3?crid=2LAEU32MI4UN3&dchild=1&keywords=nebulizer&qid=1585971367&srefix=nebuli%2Caps%2C213&sr=8-3)
