Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather reprove them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Tucker Carlson Warns America Becoming Like China Amid COVID-19

'Only opinions approved by unelected leaders are allowed on information platforms'

Infowars.com - April 29, 2020

Fox News' Tucker Carlson slammed Big Tech for censoring a viral video of two California doctors questioning the science behind the state's "stay-at-home" order. YouTube claims the video violated their guidelines, but Carlson compares the anti-free speech move to something that would happen if a doctor in China were to

speak out against the state.

America is becoming more like communist China every day and it's being done on purpose.

NYC ER Doctor: It's Time to Reopen America

A New York City emergency room doctor who works on the frontlines of the COVID-19 pandemic says the novel coronavirus has run its course and it's time to reopen America.

In a [New York Post](#) op-ed Monday, **St. Barnabas Hospital ER Dr. Daniel G. Murphy described he's seen coronavirus numbers fall in the past few weeks and explained why he thinks lockdown restrictions should be eased.**

"COVID-19 has been the worst health care disaster of my 30-year career, because of its intensity, duration and potential for lasting impact," noted Dr. Murphy. "The lasting impact is what worries me the most. **And it's why I now believe we should end the lockdown and rapidly get back to work."**

Murphy said through March and April critically ill patients overwhelmed the hospital's facilities for weeks, with an "unprecedented number of deaths" witnessed by staff.

"It is precisely what I have witnessed that now tells me that it's time to ease the lockdown. Here's why," Murphy described.

Murphy says one reason is hospitalizations have dropped and the number of cases have crested, crediting natural immunity rather than lockdown orders for the change.

At 1 p.m. April 7, the COVID-19 arrivals slowed down. It was a discrete, noticeable event. Stretchers became available by 5 p.m., and the number of arriving COVID-19 patients dropped below the number discharged, transferred or deceased.

This was striking, because the community I serve is poor. Some are homeless. Most work in "essential," low-paying jobs, where distancing isn't easy.

Nevertheless, the wave passed over us, peaked and subsided.

Dave Hodges: If Americans Are to Survive, They Must Be Willing to Adopt "Rules for Radicals" Strategies

Submitted by Dave Hodges on Sunday, May 3, 2020

I interviewed business owners and average citizens in an estimated crowd of 400-500 people in a town of 7,000 people. Preliminarily, I have a couple of observations that jump to the forefront of extreme discontent in America that I found exemplified in Wickenburg, AZ. **First, the mainstream media propaganda machine has lost its influence over many/most Americans. The message has been so repetitious for so long, that is habituating with the public. I heard many sarcastic comments that mimics the MSM's attempts to control attitudes. To a person, every Wickenburg citizen I spoke with mocked the COVID-19 reported rates. The mocked the use of the term "essential business". Most of all, they no longer fear law enforcement and government officials. These people hold the establishment in extreme disdain. I am finding these views are reflective for most of the country.**

Rightly so, it is appropriately noted that President Trump is alienating his own base. He has allowed a “lab coat coup” to take over the government and the secret puppeteer is Bill Gates who wants America locked down until such time as his mandatory and dangerous vaccine is ready.

What the liberal machine did not account for was the fact that they would greatly alienate their own base. The fastest growing demographic on the CSS are previously die-hard liberals who are now alienated and very angry. Here is a typical communication that I am receiving from this demographic.

Dear Mr. Hodges

I hate you, at least I did for a long time. I always wondered how a well-educated person such as yourself could possess such Neanderthal views. I thought that if your kind took over the planet you hold people like me as sex slaves as you emptied my bank account forced most of us to perform slave labor.

I will give you credit for two things. You are very consistent in what you have been saying for a long time. It now appears that you were at least correct on a few things. Most of all, you are correct about this shut down of our country. We would be considerably better off if we just faced this virus head on. We are never going to achieve herd immunity by being locked in our homes. You also pointed out that we are compromising our immune system by staying sheltered-in-place. Death is a part of life, we need to go back to work and deal with the consequences. What good is it for us to survive and have nothing to return to? We can later debate the deep political differences that we hold. For now, Mr. Hodges, we need to unite and force our government to open our schools, Universities, and places of business. I commend you for your stand on these issues. Please do not print my last name because I am tenured professor at a large university in the Midwest and I would anticipate serious consequences for my shift in allegiances.

I have some ideas of what we need to do. Please contact me at the following---
Thank you,

Xxxx xxxxx

The above email is typical of what I am receiving from large numbers of liberals. They feel betrayed. Many have not received the funds promised by the government. Many more have nothing left to pay bills for shelter and food.

Survey Shows Most Americans Can't Or Won't Use Contact-Tracing Phone Apps

A joint survey conducted by the Washington Post and the University of Maryland has revealed that most Americans cannot or will not participate in app-based contact tracing programs designed to monitor the spread of coronavirus.

The program is currently underway thanks to a partnership between Google and Apple, as well as public health experts and researchers. The apps will allow

people who test positive for COVID-19 to notify those they have been in contact with.

According to The Post, Apple and Google announced this week that they had begun delivering the first elements of the software to developers working with public health agencies around the globe. They added that the system is in testing and will be released in the middle of May. The tech giants also said the underlying software would depend on local health agencies developing their own apps and calling on citizens to download and use them.

More than half of those surveyed in the poll, however, said they either didn't have a smartphone or that they would not use the apps.

Beware of Contact Tracing!!!

Subject: **501c3 Churchgoers Must Register With the Government in Kansas City Due To Covid-19!!!!--Kansas City, Missouri, officials are now requiring every church to submit a list of members and attendees along with their names, addresses and telephone numbers to city officials for tracking and surveillance purposes.**

I am running out of adjectives to describe how completely insane the tyrannical abuses launched by state governors and local officials against pastors and churches are becoming. It is as if these leaders never bothered to so much as glance at the Constitution they swore to uphold and defend. They seem to be governing from some make-believe, dystopian viewpoint.

Yesterday, we received a desperate call from a Kansas City, Missouri, church whose local government is reaching new and terrifying heights in destroying our constitutional freedom. The Kansas City government is now DEMANDING that churches turn over membership lists, along with the names, telephone numbers and physical addresses of anyone who enters a church! This order also applies to all businesses.

The new order states that by recording names and contact information, the health department will be able "to more quickly trace, test, and isolate individuals who may have been exposed to COVID-19." Anyone who does not provide this information should be refused entrance!

The Germans did this very thing to Jews – collecting the names and locations of all known synagogue attendees - in the early days of the Nazi regime.

Never in our wildest dreams could we have imagined Nazi-like measures designed to surveil, track and spy upon what was once a FREE American people. Yet that is exactly what Kansas City's misguided government officials are now demanding.

Every day that passes during the COVID-19 panic seems to bring a new list of illegal and unconstitutional mandates issued by state and local politicians intent on ignoring their state laws, the U.S. Constitution, and the Department of Justice. We are at the brink of losing America as we know it, along with all the liberties our once-free people enjoyed.

These attacks on our churches cannot stand. The backbone of our country relies on our constitutionally guaranteed ability to worship and serve our Lord and Savior Jesus Christ.

We have already filed suit in several states against governors who have illegally and unconstitutionally fomented the arrests of pastors and launched attacks on the liberties of congregants. We will fight these cases all the way to the Supreme Court if we must. But we need YOUR help to defend freedom.

Finally, please be in prayer for our attorneys and staff as we litigate these cases, but most importantly, pray for the future of our country.

Put on the whole armor of God, that ye may be able to stand against the wiles of the devil. For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places. Ephesians 6:11-12

The Satanic ‘Powers That Be’ Say: [PANDEMIC COULD LAST TWO YEARS](#) While Developers are Rushing to Make Vaccines

The coronavirus pandemic is likely to last as long as two years and won't be controlled until about two-thirds of the world's population is immune (Comment they mean fully vaccinated!!!), a group of experts said in a report.

After locking down billions of people around the world to minimize its spread through countries, governments are now cautiously allowing businesses and public places to reopen. Yet the coronavirus pandemic is likely to continue in waves that could last beyond 2022, the authors said.

"Risk communication messaging from government officials should incorporate the concept that this pandemic will not be over soon," they said, "and that people need to be prepared for possible periodic resurgences of disease over the next two years."

Developers are rushing to make vaccines that may be available in small quantities as early as this year.

**Michigan: Governor Asks Legislature for Emergency Declaration Extension --
REFUSED; Votes to SUE HER as ARMED Citizens entered state capital**

01 May 2020--The apparent Nazi-esque political Dominatrix presently occupying the office of Governor in Michigan, got completely rebuked today by the state Legislature. Governor Whitmere sought legislative approval to EXTEND her "state of Emergency" declaration over the coronavirus outbreak. That Emergency Declaration expired Thursday.

The Legislature Refused. Instead, the Michigan House of Representatives authorized the Speaker of the House to file a lawsuit against the Governor. They also passed a new Resolution reducing to 14 days, the length of any new Gubernatorial Emergency Declarations; a Bill the Governor promises to Veto.

Demonstrators, including some carrying guns, entered the capitol building in the US state of Michigan on Thursday and demanded the Democratic governor lift strict coronavirus lockdown orders, as some lawmakers reportedly donned bulletproof vests.

Dozens of demonstrators crowded the lobby of the building in Lansing, where they demanded to be allowed inside the House Chamber.

State police, wearing masks, blocked them from entering. None of the protesters appeared to be wearing masks.

More protesters could be seen outside carrying signs, including one depicting Governor Gretchen Whitmer as Adolf Hitler.

The demonstration, dubbed the American Patriot Rally, was organized by a group calling itself Michigan United for Liberty.

"We do not agree with or consent to our unalienable rights being restricted or rescinded for any reason, including the COVID-19 pandemic," the group said on its private Facebook page, where it has more than 8,800 members.

"We believe that every American and every Michigander has the right to work to support our families, to travel freely, to gather for religious worship and for other purposes, to gather in protest of our government and to direct our own medical care."

The protest comes a day after a Michigan court ruled that stay-at-home directives issued by Whitmer on March 24 **do not infringe on residents' constitutional rights**, according to local media reports.

Mass Resistance Escalates in North Carolina

Hundreds of protesters crowded into downtown Raleigh on Tuesday for a third week of rallying aimed at reversing Gov. Roy Cooper's stay-home order for North Carolina.

Four protesters, including ReOpenNC leader Ashley Smith, were arrested when they stepped onto the sidewalk outside the governor's mansion on Blount Street, violating police instructions.

The street name is ironic. I'm guessing it is named after William Blount, an ancestor of yours truly who signed the Constitution as a representative of North Carolina. That would be the same US Constitution that guarantees "the right of the people peaceably to assemble, and to petition the government for a redress of grievances," and that allegedly is still in force to this day.

Protesters gathered around the Capitol Police car and banged on the window as Smith was taken away.

"This is how Nazi Germany started," said her husband, Adam Smith.

Must-see infographic: The “Death Science” Depopulation Trifecta ... Biological weapons, vaccines and 5G, all aimed at humanity

May 1, 2020 By Mike Adams--Newstarget.com--As part of an upcoming presentation with GenSix.com, which streams on May 15-16th, I've been working to organization information that describes the “trifecta” of death science weapons which are now aimed at humanity. What I'm calling the “death science trifecta” consists of the coronavirus (biological weapons), 5G towers (electromagnetic weapons) and vaccines (chemical weapons). In combination, they are designed to enslave and then exterminate most human beings living today.

That's why there's no real talk of restoring human freedom, or promoting pro-human free speech or even allowing anyone to advocate nutrition that can save lives. The globalists have zero interest in saving humanity... they are working to exterminate billions of human beings. And bioweapons, 5G and vaccines are the trifecta of mass death and tyranny that they're using to accomplish their goal.

<<<I've put this into a must-see infographic shown below.

It's no accident the graphic is organized like the all-seeing eye and pyramid on the back of the US dollar. This is the structure of power over humanity that has been invoked by anti-human globalists for centuries.

Take a look at the graphic here, and share everywhere, along with a warning. **If humanity doesn't rise up against our oppressors, we will be exterminated.**

As you can see from the infographic, *depopulation* is the end game of all this. Big Tech, Big Pharma and Big Science are all colluding to obliterate the human population on our planet. They are in, fact, preparing Earth for a post-human era.

Globalists have decided they don't need humans any longer, and their final act will be the global financial “reset” looting of all assets, combined with the global deployment of a vaccine euthanasia “kill switch” to cause billions of deaths. This is why they are

now using armed government assault teams to raid and shut down anyone who promotes colloidal silver & vitamin C, in order to eliminate any possibility of a nutrient or natural substance that might help protect the public from infections. They need to keep the path clear for vaccines to be the only “savior” of humanity. They can't allow anything else to work first, you see. Vaccines must be the only option offered to the world.

That's the only way they can achieve widespread compliance with the euthanasia kill shots. They have to label them "vaccines" and tell people if they don't take the shot, they won't be allowed to participate in society. Big Tech is all part of this war on humanity, of course, as they are blacklisting all individuals or websites that dare to promote immune boosting strategies that might help protect humanity from a worsening pandemic.

In essence, Big Tech, Big Pharma and Big Science have all become direct enemies of humanity, and they are engaged in a full-blown war on humanity, invoking (at least) three key weapons to destroy the human race: **Biological weapons, electromagnetic weapons and chemical weapons.**

In truth, they're also using pollution weapons (stratospheric aerosol injections / chemtrails), info weapons (engineered media disinformation) and genetic weapons (transgenic weaponization of vaccine ingredients to alter the genetic code of vaccine recipients) too. At the same time, you may have noticed that **the food supply is being deliberately destroyed in order to cause widespread famine and desperation.**

FEMA camps will offer soup kitchens and food bank "rescue" packages for the public, but as soon as the coronavirus vaccine is available, **you'll be required to show your "vaccine papers" to receive a food rescue package.**

Food scarcity, in other words, is being weaponized to force mandatory vaccines onto the public. When they are hungry enough, they will gladly line up to be injected with anything in exchange for a few meals. (And the globalists know this.)

A mass awakening has begun... but will it emerge in time?

Humanity is now on the brink. But there is also mass awakening taking place at this very moment, as billions of people around the world are coming to realize they are literally being enslaved with "house arrest" orders forced upon them by ignorant, incompetent, immoral "leaders" who refuse to recommend the nutritional solutions that can protect public health and help us all get back to normal living (things like colloidal silver, zinc, selenium, vitamin D-3, vitamin C, elderberry extract and so on).

Perhaps it will take the temporary experience of global enslavement to finally awaken humanity to the truth: **You were born into a prison, a prison for your mind. And if you want to free your mind, you will need to reject the toxic chemicals, medicines, disinformation and technologies of the globalists. That means no 5G, no vaccines, no pharmaceuticals and no more living on processed junk food that makes you weak and dumbed down.**

Smash your iPhone. Put down the antidepressants. Turn off the brainwashing cable news. Stop eating garbage, nutrient-depleted processed food.

Start filling your body with nutrition while energizing your mind with real, uncensored truth.

+3+ The Gates Foundation Is Behind The Completely WRONG Covid-19 "Death Toll" Numbers Which is the Main Reason We are Still in This Lockdown

Play to 15:52: <https://youtu.be/EJql8g3xjml?t=469>

Bill Gates paralyzed half a million children with polio vaccines – do we really want him vaccinating the world for coronavirus?

It is difficult to understand how a man whose vaccine initiatives have injured and killed untold thousands of innocent children all around the world is now being given a platform to push for mandatory Wuhan coronavirus (COVID-19) vaccination as a condition for ending the lockdowns. Bill Gates, in case you had not yet figured out the character in question, is pushing not just for mandatory vaccination for the Wuhan coronavirus (COVID-19), but also for “digital certificates” that prove vaccination status. This is the only way people will be allowed to return to work, assuming

Gates gets his way.

But have people forgotten that Gates has spent billions of dollars over the years vaccinating children for other things, all the while inflicting them with permanent injury and even death? A single vaccine campaign that Gates launched in India for polio ended up causing non-polio acute flaccid paralysis (NPAFP), or permanent paralysis, in nearly half a million children between the years of 2000 and 2017.

After the Indian government demanded that Gates and his cronies leave India following this epidemic of permanent injury, rates of NPAFP dropped precipitously. But this has not stopped Gates from inflicting similar damage elsewhere, with injury and death tolls that more than likely are in the *tens of millions*, at this point.

An outspoken eugenicist and “elite” supremacist, Gates lives to vaccinate. After conveniently ditching the board of Microsoft right as the Wuhan coronavirus (COVID-19) pandemic started to come into full swing, Gates has been doing nothing other than advocating for mass vaccination and indefinite lockdowns until everyone on the planet is jabbed and chipped!!!

Did a Military Experimental Vaccine in 1918 Kill 50-100 Million People Blamed as “Spanish Flu”?

Newly analyzed documents reveal that the “Spanish Flu” may have been a military vaccine experiment gone awry.

In looking back on the 100th anniversary of the end of World War I, we need to delve deeper to solve this mystery. During the pandemic of 1918-19, the so-called “Spanish Flu” killed 50-100 million people, including many soldiers.

Many people do not realize that disease killed far more soldiers on all sides than machine guns or mustard gas or anything else typically associated with WWI.

Summary

- The pandemic was not a flu. An estimated 95% (or higher) of the deaths were caused by bacterial pneumonia, not influenza/a virus.
- The pandemic was not Spanish. The first cases of bacterial pneumonia in 1918 trace back to a military base in Fort Riley, Kansas.
- From January 21 – June 4, 1918, an experimental bacterial meningitis vaccine cultured in horses by the Rockefeller Institute for Medical Research in New York was injected into soldiers at Fort Riley.
- During the remainder of 1918 as those soldiers – often living and traveling under poor sanitary conditions – were sent to Europe to fight, they spread bacteria at every stop between Kansas and the frontline trenches in France.
- One study describes soldiers “with active infections (who) were aerosolizing the bacteria that colonized their noses and throats, while others—often, in the same “breathing spaces”—were profoundly susceptible to invasion of and rapid spread through their lungs by their own or others’ colonizing bacteria.” (1)
- The “Spanish Flu” attacked healthy people in their prime. Bacterial pneumonia attacks people in their prime. Flu attacks the young, old and immunocompromised.
- When WW1 ended on November 11, 1918, soldiers returned to their home countries and colonial outposts, spreading the killer bacterial pneumonia worldwide.
- During WW1, the Rockefeller Institute also sent the antimeningococcal serum to England, France, Belgium, Italy and other countries, helping spread the epidemic worldwide.

U.S. researchers gave the first shot to the first person in a test of an experimental coronavirus vaccine Monday — leading off a worldwide hunt for a vaccine even as the pandemic surges.

With a careful jab in a healthy volunteer's arm, scientists at the Kaiser Permanente Washington Research Institute in Seattle begin an anxiously awaited first-stage study of a potential COVID-19 vaccine developed in record time.

"We're team coronavirus now," Kaiser Permanente study leader Dr. Lisa Jackson said on the eve of the experiment.

Three others were next in line for a test that will ultimately give 45 volunteers two doses, a month apart.

Senator/Medical Doctor Reveals US Hospitals are Getting Paid Much More to Label Cause of Death as 'Coronavirus'

Global Research, April 15, 2020--*Senator Scott Jensen represents Minnesota. He's also a doctor. He appeared on Fox News with Laura Ingram where he revealed a very disturbing piece of information.*

Dr. Scott Jensen says the American Medical Association is now "encouraging" doctors to overcount coronavirus deaths across the country.

Jensen received a 7-page document that showed him how to fill out a death certificate as a "COVID-19 diagnosis" even when there isn't a lab test confirming the diagnosis.

"Right now Medicare is determining that if you have a COVID-19 admission to the hospital you get \$13,000. If that COVID-19 patient goes on a ventilator you get \$39,000, three times as much. Nobody can tell me after 35 years in the world of medicine that sometimes those kinds of things impact on what we do."

Abolish family, eat bugs, inject female hormones: Covid-19 is Christmas for liberal control-freaks

The coronavirus pandemic is already triggering a massive upheaval in the way we live. But amid the chaos, extreme liberal social engineers are plotting fresh attacks, hoping to upend even the things many of us take for granted.

In little over two months, governments across the Western world have granted themselves the power to place their entire citizenry under house arrest, all in the name of fighting the coronavirus. From the British constabulary breaking up illegal picnics, to American law enforcement seeking the power to detain indefinitely without trial, civil liberties have been assaulted in every corner of the free world.

Just as governments have flexed their authoritarian muscles, the media and academia have already decided how they want the post-coronavirus world to look, and it's a hellish dystopia.

Relatively little is known about the virus, and some of its characteristics – like the AIDS-like attack on the immune system it causes – have baffled scientists. However, the pathogen seems to pose a greater threat to men than women. Armed with this fact, the New York Times decided on Monday that pumping men full of female sex hormones could be a cure.

To be fair, scientists are only studying this as a potential avenue of treatment, yet the Times never once questioned the idea of chemically castrating half the population to stop the bug. Men, it says, will get used to "tenderness in the breast and hot flashes."

Also Tyson Foods, one of the US' largest meat processing mega-corporations, announced on Sunday that "the food supply chain is breaking."

A simple fix for this looming crisis would be to relax USDA regulations that favor factory farmers, and allow small producers to sell to local retailers. At present, regulations essentially prohibit the slaughter of livestock in any facility that can't

afford to comply. Rep. Thomas Massie, a dissident Kentucky Republican, has already proposed a bill to resolve this, and to allow consumers to buy directly from farmers.

Here's an interview I did a few years ago that explains how creating one small exemption to one regulation could help facilitate a revival of safe, healthy, local, and affordable beef and pork: <https://t.co/cCl6CPxRcz>

— Thomas Massie (@RepThomasMassie) [April 26, 2020](#)

The media, however, have other ideas. ***"You should start eating bugs,"*** Popular Science **wrote** last week. ***"Here's how,"*** it continued, before describing the ***"wonderful tanginess"*** of ants, and imploring readers to ***"conquer their fear"*** of scorpion stew. Hundreds of articles extolling the virtues of an insect-based diet are churned out every month. Insects are the ***"food of the future,"*** we hear. ***"Beef won't be what's for dinner much longer,"*** the bugmen **proclaim**. There are many such cases.

Of course, if we lusted after bugs the same way we crave red meat, they wouldn't have to try so hard. These articles always mention Westerners' ***"cultural hang ups"*** about eating creepy-crawlies as something to be overcome, something to be engineered out of us. In short, they'll have to break us before we start guzzling down mealworms, and they relish the thought.

[With economic crisis looming EU overlords legalize food made from worms & baby crickets](#)

And None of the last vestiges of this independence are off limits, including your family. ***"This pandemic has exposed the myth of the nuclear family,"*** the Guardian's Zoe Williams **wrote** last month, before columnist Suzanne Moore **exhorted** ***"we need to disband the nuclear family for good."*** The nuclear family is a family group that consists only of parents and children. The Washington Post's Ian Corbin joined in the chorus when he **prophesized** ***"the coronavirus might break the nuclear family. That wouldn't be a bad thing."***

The nuclear family – with all of its patriarchal overtones – has long been the mortal enemy of feminist bloggers and the wannabe lesbian commissars who write for the Guardian. However, the societal shake-up brought about by the coronavirus has given these people fresh impetus to push their ideas into the mainstream.

Single-family dwellings, the cornerstone of American life – are ***"racist,"*** liberal think tanks have **declared**. Homeschooling is evil and ***"authoritarian,"*** and perpetuates ***"white supremacy,"*** a Harvard professor **claimed** last week. Individualism itself will fade away, as ***"science reigns again,"***.

Food Supply Chain in Danger

Americans seem blissfully unaware they are heading into national starvation, as Meat Packing and Processing Plants shut down over coronavirus infection.

Ranchers are being told they **MUST BULLDOZE THEIR CATTLE INTO THE GROUND DEAD** because there is no way to process meat.

If you don't have several months' worth of meat, get your affairs in order.

Millions of pigs, chickens, and cattle will be euthanized because of slaughterhouse closures, limiting supplies at grocers, said John Tyson, chairman of top U.S. meat supplier Tyson Foods.

The world's biggest meat companies - including Smithfield Foods, Cargill, JBS USA and Tyson Foods - have halted operations at about 20 slaughterhouses and processing plants in North America since April as workers fall ill, stoking global fears of a meat shortage.

Ranchers, like the Texas man below, are sounding the alarm to America: Meat is running out.

Corona Virus or SARS: (Severe Acute Respiratory Syndrome):

Invive Mild Silver Protein 5000ppm (or preferably 10,000 ppm if you can afford it) - 15 cc (= "measuring" TABLEspoon), every 4 hours till asymptomatic.

++Invive 5000ppm Mild Silver Protein ++ When combating an advancing presentation of Corona Virus or SARS within the subject individual, it is "MANDATORY" to maintain a "STEADY STATE" of Silver in your bloodstream every 4 hours = 6 times per day for

adults of 120 lbs and up, (but reduced for children via percentage of their bodyweight in relation to 120 lbs.).

++ For More Information or to purchase the Invive Silver go to: <http://www.dr-johnson.com/>

Proactive Measures In the Event of a Pandemic

5000 Mild Silver Protein (M.S.P.) Suggested Therapeutic Dosing Guidelines

1tsp.-1tbsp. for every 30 lbs. of bodyweight per day; if you have been exposed or if you have a virulent virus/Pandemic. The 1_tbsp. dosage would be used for life threatening situations. This dosage should be equally broken up and taken in 3 hour intervals. Stay at home and avoid contact with the populace till the outbreak passes. If taking the M.S.P. drink at least 8, eight ounce glasses of purified water per day. M.S.P. can be used topically over an infectious site. **Because the 5000 PPM M.S.P. is only available in 4 ounce bottles it would be wise to keep at least a few bottles for each adult family member and 1-2 for each child in your household. View this like an insurance policy that hopefully you will never have to use.** Even if you don't use this product in the event of a pandemic, it can be diluted and taken on an everyday basis to keep the immune system strong.

++ Because Invive Silver is so stable it has a **25 year minimum shelf life**. There is no colloidal silver in any form that can even come close to their shelf life or potency; **nor has there been one case of Argyria (turning gray) reported from taking Invive Silver.**

++ For More Information or to purchase the Invive Silver go to: <http://www.dr-johnson.com/>

Further Proactive Measures

Invest in a "personal nebulizer" as the M.S.P. can be put into this devise and atomized into the lungs and nasal passages. Use **100ppm** Invive Mild Silver Protein strength for nebulizer use.

Gas Mask Recommendations: Invest in gas masks for each member of your household. But remember the gas mask is only as good as the seal to your skin, so don't put all you eggs in this basket. SGE 150 Protective Mask at: 1-877-AGM-1010 www.approvedgasmasks.com/sge150.htm
