++ As of August 22 today Sunday Israel News reports: [The Taliban IS going door-to-door executing \[murdering\] Christians in Afghanistan!](#)

The Taliban has a hit list of known Christians they are targeting to pursue and kill. The US Embassy is defunct and there is no longer a safe place for believers to take refuge. All borders to neighboring countries are closed and all flights to and from have been halted, with the exception of private planes. People are fleeing into the mountains looking for asylum. They are fully reliant on God, who is the only One who can and will protect them. The Taliban are going door-to-door taking [Christian] women and children. The [Christian] people must mark their house with an "X" if they have a [Christian] girl over 12 years old, so that the Taliban can take them. If they find a young girl and the house was not marked they will execute the entire family. If a married [Christian] woman 25 years or older has been found, the Taliban promptly kill her husband, do whatever they want to her, and then sell her as a sex slave. Husbands and fathers have given their wives and daughters guns and told them that when the Taliban come, they can choose to kill them or kill themselves—it is their choice. The *Daily Wire* reported that Taliban terrorists are going through people's cell phones, searching for Bible apps that would indicate they are Christians. The Christian nonprofit organization [SAT-7 North America](#) reported that Taliban are pulling people off public transport and killing them on the spot if they're Christians or considered ethnically "unpure."

## [Taliban Doing The Unthinkable To Dead Bodies of Its Victims](#)

A female Afghan refugee using the name "Muskan" told India's News18 on Saturday that Taliban fighters are raping both live women and the dead bodies of their victims.

News18's account described Muskan as a "girl" who left her job in Afghanistan and fled to New Delhi after "her life was threatened by a Jihadist group." The article did not say exactly when she left Afghanistan.

"When we were there, we received numerous warnings. If you go to work, you are under threat, your family is under threat. After one warning, they would stop giving any warning," Muskan said.

"They rape dead bodies too. They don't care whether the person is dead or alive. Can you imagine this?" she added.

Muskan claimed the Taliban is seizing women from “each household” in towns they conquered and planned a “horrible destiny” for any women suspected of working for the U.S.-supported Afghan federal government.

Pfizer Seeking Full Indemnification For Their Second Kill Shot (Not even in production yet)--But Their Current Kill Shot (Still Under Emergency Use Authorization) you will still have to waive any liability to get that jab! Meaning you still cannot sue Pfizer if you die or get injured by their Covid vaxx!!

Indemnity is a contractual obligation of one party (indemnifier) to compensate the loss incurred to the other party (indemnity holder) due to the acts of the indemnitor or any other party.

While many mainstream media outlets quickly ran with the story that Pfizer’s existing mRNA injection for the Fauci Flu was given the official green light from the FDA, supposedly making it easier to mandate, others are saying that the FDA issued approval specifically to BioNTech, a German vaccine corporation, for a Chinese Virus injection that *does not exist yet*.

BioNTech, as you may recall, partnered with Pfizer to produce the current Fauci Flu shot that is being administered under an emergency use authorization (EUA). It turns out, however, that this is technically a *different* shot than the “Comirnaty” branded one referenced in the FDA’s recent approval announcement. It would seem as though there is a mass mind control *con* taking place right now in which the usual suspects are peddling a confusing, if not *false*, narrative that the current Pfizer injection has received “full approval” from the FDA. According to Dr. Robert Malone, the inventor of messenger RNA technology, the official FDA documents do not indicate, based on his own reading, that full approval for the Pfizer injection (currently in use) has arrived. That, he says, is coming around 2023 – be sure to watch the multi-part interview below to learn more.

In case you are unfamiliar with Dr. Malone, he recently blew the lid on the dangers of administering mRNA injections in the middle of a pandemic, fearing that he might be assassinated for coming forward with this information at a time when the government and media are aggressively pushing the shots as the final solution.

As a result of this fake approval the press reported that vaccine mandates are now legal for military, healthcare workers, college students and employees in many industries. New York City Mayor Bill de Blasio has now required the vaccine for all teachers and school staff. The Pentagon is proceeding with its mandate for all military service members.

There is a huge real-world difference between products approved under EUA compared with those the FDA has fully licensed.

EUA products are experimental under U.S. law. Both the Nuremberg Code and federal regulations provide that no one can force a human being to participate in this experiment. Under 21 U.S. Code Sec.360bbb-3(e)(1)(A)(ii)(III), “authorization for medical products for use in emergencies,” it is unlawful to deny someone a job or an education because they refuse to be an experimental subject. Instead, potential recipients have an absolute right to refuse EUA vaccines.

U.S. laws, however, permit employers and schools to require students and workers to take licensed vaccines.

EUA-approved COVID vaccines have an extraordinary liability shield under the 2005 Public Readiness and Preparedness Act. Vaccine manufacturers, distributors, providers and government planners are immune from liability. The only way an injured party can sue is if he or she can prove willful misconduct, and if the U.S. government has also brought an enforcement action against the party for willful misconduct. No such lawsuit has ever succeeded.

Trump oversaw a scripted pandemic scenario in 2019, along with executive orders he signed soon after to get vaccines produced.

## **JAPAN FINDS METALLIC CONTAMINANTS IN VACCINES THAT REACT TO MAGNETS**

Japan has discovered a contaminant affecting millions of doses across hundreds of vaccine injection sites there, and a health ministry official describes the contaminant as “magnetic” and “possibly metal.” This means **people are, in fact, being injected with substances that respond to magnets**, which obviously explains why covid vaccines are allowing magnets to stick to peoples’ bodies.

From [The Epoch Times](#):

*Japan announced on Aug. 26 that it’s suspending the use of about 1.63 million doses of the Moderna COVID-19 vaccine due to reports of contamination.*

*“It’s a substance that reacts to magnets ... it could be metal,” a ministry official reportedly said.*

[Nikkei Asia](#) further reports:

*Moderna confirmed receiving “several complaints of particulate matter” in vaccine vials distributed in Japan but said it had found “no safety or efficacy issues” related to these reports.*

**You read that correctly. There’s some sort of magnetic, possibly metallic contamination in the vaccines, but the vaccine manufacturer claims there are “no safety or efficacy issues.”**

**What else are they going to say? That the vaccines are dosed up with graphene oxide which responds to magnets and external electromagnetic fields? That would give away the whole agenda if such a truth were acknowledged.**

**The message to Japanese health officials is clear: Stop looking at the vials! Just inject your people and do as you’re told!**

**Study: Fully Vaccinated Healthcare Workers Carry 251 Times (or over 25,000%) the Viral Load—They Pose a Huge Threat to Unvaccinated Patients & Co-Workers**

A groundbreaking preprint [paper](#) by the prestigious Oxford University Clinical Research Group, published Aug. 10 in The Lancet, includes alarming findings devastating to the COVID vaccine rollout.

The study found vaccinated individuals carry 251 times the load of [COVID-19](#) viruses in their nostrils compared to the unvaccinated.

The jab allows vaccinated individuals to carry unusually high viral loads without becoming ill at first, transforming them into presymptomatic superspreaders.

This phenomenon may be the source of the shocking post-vaccination surges in heavily vaccinated populations globally.

The paper's authors, Chau et al, demonstrated widespread vaccine failure and transmission under tightly controlled circumstances in a hospital lockdown in Ho Chi Minh City, Viet Nam.

The scientists studied healthcare workers who were unable to leave the hospital for two weeks. The data showed that fully vaccinated workers — about two months after injection with the [Oxford/AstraZeneca](#) COVID-19 vaccine (AZD1222) — acquired, carried and presumably transmitted the [Delta variant](#) to their vaccinated colleagues.

They almost certainly also passed the Delta infection to susceptible unvaccinated people, including their patients.

[‘This Ends the Debate’: Israeli Study Shows Natural Immunity 13x More Effective Than Vaccines at Stopping Delta](#)

[Dr. Anthony Fauci](#) and the rest of President Biden's COVID advisors have been proven wrong about “the science” of [COVID vaccines](#) yet again. After telling Americans that vaccines offer better protection than natural infection, a new study out of Israel suggests the opposite is true: natural infection offers a much better shield against the delta variant than vaccines.

The study was described by Bloomberg as “the largest real-world analysis comparing natural immunity – gained from an earlier infection – to the protection provided by one of the most potent vaccines currently in use.” A few days ago, we noted how remarkable it was that [the mainstream press was finally giving voice to scientists](#) to criticize President Biden's push to start doling out booster jabs. Well, this study further questions the credibility of relying on vaccines, given that the study showed that the vaccinated were ultimately 13x as likely to be infected as those who were infected previously, and 27x more likely to be symptomatic.

Alex Berenson, a science journalist who has repeatedly questioned the efficacy of vaccines and masks at preventing COVID, touted the study as enough to “end any debate over vaccines v natural immunity.”

“Wow. New Israeli preprint shows natural immunity to [#SARSCoV2](#) is FAR superior to the artificial kind – vaccinated people were 13x as likely to be infected and 27x to have symptomatic infections as a matched cohort that was previously infected. And this is with Delta dominant.” [pic.twitter.com/hhD9h0vyMS](https://pic.twitter.com/hhD9h0vyMS)

Hey Dr. Scott. My buddy got this emailed to him today. We both work for Novant. For a corporation to come out and state this, it is very worrisome. This year I believe we will have the pandemic that they wanted last year, due to the fact that they primed 50% of the US population. My hospital is very busy. We have 130 Covid patients at this time and we're not in the fall yet. Now, who knows what PCR tests they are using, but both the unvaccinated and vaccinated are being admitted and they are very ill. We are heading into some really bad times brother.

## **Trust The Science? CDC Counts People Dying Within 14 Days Of Jab As "Unvaccinated"**

**A new Centers for Disease Control and Prevention (CDC) study is being used by mainstream media to fearmonger Americans into taking Covid vaccines. Yahoo Finance published an article with the headline, "Unvaccinated LA residents were 29 times more likely to be hospitalized with COVID-19: CDC study."**

Citing the Los Angeles County Morbidity and Mortality Weekly Report released on Tuesday, [even local news promoted the claim](#) that "Unvaccinated L.A. County residents [are] 5 times more likely to get COVID, 29 times more likely to be hospitalized."

**Looking at a screenshot of the CDC release, one can observe the definitions for what they consider "fully vaccinated," "partially vaccinated," or "unvaccinated." According to the chart, "unvaccinated <14 days receipt of the first dose of a 2-dose series or 1 dose of the single-dose vaccine or if no vaccination registry data were available."**

**This means if someone was hospitalized, admitted to ICU, required mechanical ventilation or died within two weeks of getting the jab they are being counted as "unvaccinated."**

...I was working the ICUs (Intensive Care Units) this weekend and just about all the patients there are all diagnosed with COVID and unvaccinated. These patients are not all elderly like in 2020. We have patients that are in their 20's and 30's. Not sure if it's Delta because our hospital still uses the old PCR tests which are not accurate anyway. But, something is making people very sick, especially the unvaccinated. We do have some vaccinated patients throughout the facility that are COVID positive but most of our COVID patients are unvaccinated at this time. I work in a 900 bed hospital and we currently have 140 COVID cases and this is rising everyday. We're only in August and I'm very concerned about what the Fall and Winter will bring us. The pandemic they wanted last year may occur this year via priming the public with their gene editing, spike protein producing vaccines.

Hi Dr. Johnson, I wrote you a while ago about the colloidal silver. My husband passed away on Tuesday, Aug. 24. He was sick since August 1 and it didn't occur to me until after he was sick for a few days that we were around his family who all had the vaccine. It's still quite a shock and I am in a deep grieving process. I wish I had done more for him but I truly didn't know what to do. It's like I have all the information now after he was already in the hospital.

I would like to order any or all of these things you have...

Thank you Dr. Johnson.

Yes I am going to cover this tomorrow as these vaxxed hoards are vectors of death and shedding the spike proteins and if you don't already have the immune system supplements in your system (ahead of time before you are exposed to them) it can be a very dire situation. The silver acts like a secondary immune system but it does not replace or feed your primary immune system that is reliant on many different nutrients to stay strong. [Covid-19 Recommendations & Supplement Protocol PDF](#)

That is why now more than ever it is essential (with the vaxxed hoards shedding their spike protein payloads) to have the right supplements in you all the time; as if you wait, it may not be enough...Praying for you and your family.

[Invive Silver Dosing Chart for children/babies and animals](#)

Maximum dosage in case of a severe infection: 5 cc's of the 5000ppm Invive Mild Silver Protein per 30 lbs Bodyweight. 5cc = 1tsp.

That means a 30 lb. child receives 5 cc in total per day, **in divided doses** of 1.2 cc q.i.d. (or 4 times a day)

A 10 lb. baby receives 2 cc **in total per day**, in divided doses of 1.6 cc total per day.

In this case (2cc's) that means 7 (drops) Q.I.D.(or 4 times a day)

Q.I.D.= 28 drops total per day divided by 4 = 7 minims (drops) sublingually every 6 hours.

The footage shows residents, some with children, being blocked from buying essential food items by security guards.

The guards then begin pushing one woman away as the crowd becomes more upset.

A number of police officers then begin physically assaulting the frightened shoppers.

[Summit.news](#) reports: **“The entire world has had it with this insane BS,” responded one Twitter user**

**“Now they’re denying people access to food in France – if they don’t take an unapproved FDA vaccine for a virus with a 99.7% survival rate.”**

Although France’s COVID passport law mandates proof of vaccination to enter larger shopping malls, those with a surface area of less than 20,000 square meters are supposed to be exempt.

**Under the the draconian law, people in France who enter a bar or restaurant without a COVID pass face 6 months in jail, while business owners who fail to check their status face a 1 year prison sentence and a €45,000 fine.**

**Ok what about you targeting a really red states that are going to 'dig their heels in' on this Covid issue**, meaning hopefully you would have a lot more time before the walls start closing in. For instance the first 18 states listed **in the attachment below**. **You are in almost the worst state (VA) for Covid employment restrictions (see the link below)**, so might have a lot more options than you think especially since so many are vaccine injured (this will be increasing by the day) or don't want to work and/or live off the government:

**Montana becomes the first U.S. state to ban vaccine requirements for employees**  
**The new law says that requiring vaccines as a condition for employment violates Montana's human rights laws**

While many large companies across the U.S. have announced that COVID-19 vaccines will be required for their employees to return to work in-person, **there is one state where such requirements are banned: Montana.**

Under a new law passed by the state's Republican-controlled Legislature earlier this year, requiring vaccines as a condition for employment is deemed "discrimination" and a violation of the state's human rights laws.

**Montana is the only state in the U.S. with a law like this for private employers.**

**South Dakota Governor Kristi Noem vows to 'take every action available' to stop Biden from 'illegally' mandating vaccines**

**South Dakota governor and anti-lockdown advocate Kristi Noem has promised to do all it takes to "protect" residents from a hypothetical federal vaccine mandate after the Pfizer-BioNTech shot received full approval from regulators.**

**Noem has vowed to take the Joe Biden administration to court if it tries to impose a blanket vaccination requirement on Americans, claiming that such an order would be illegal.**

**"If Joe Biden illegally mandates vaccines, I will take every action available under the law to protect South Dakotans from the federal government,"** Noem sounded off on Twitter.

**Subject:** **RENZ BLOG: DON'T MISS BARDSFEST WHERE THE TOP EXPERTS ON MEDICAL FREEDOM SPEAK**

This week we have seen the terrible news that the FDA has now approved a so-called "vaccine" that is helping spread COVID, and killing thousands in the process. Expect that Team Fauci/Big Pharma will use this FDA "approval" as a way to strip you of your medical freedom by having businesses and schools mandate vaccines. Now is a very good time to become an entrepreneur and to home school. Become fiercely independent.

We are looking for Patriotic, Freedom Loving Attorneys and paralegals because of the numerous people we will be suing over this. We are hiring. We will never mandate a vaxxx, or do anything to strip you of your God given freedoms. Jobs are out there. If you are being pressured to vaxxx, have Faith that God will deliver for you and yours a job or an opportunity that won't require that of you. If you are an attorney or a paralegal interested in our fight against tyranny, please contact my business manager Holly Jones at [holly@neputewellnesscenter.com](mailto:holly@neputewellnesscenter.com).

I want to highlight the numerous Freedom Conferences that are happening across our great nation, especially [BardFest](#) which is happening 8/26-8/29 in St. Louis Missouri. I will be speaking there along with the Co-Founders of the event Dr. Eric Nepute with [www.StopMedicalTyranny.com](http://www.StopMedicalTyranny.com) and [BardsFM Host Scott Kesterson](#).

Hawaii Attorney Michael Green Files Class Action Lawsuit (on behalf of 1,200 first responders) Says Vaccine Has Killed at least 45 Thousand People!!!

A group of attorneys filed a lawsuit against the state of Hawaii on behalf of 1,200 first responders who are protesting the state's vaccine mandate for government workers.

One of the lawyers representing the emergency responders recently listed data backing their decision to forego taking the experimental Covid jobs.

"The tests we've seen around the country

from doctors are showing that almost 45,000 people that got these vaccinations were dead in 72 hours," attorney Michael Green said at a Thursday press conference.

During the press conference, Honolulu Fire Captain Kaimi Pelekai also spoke in an emotional testimony describing the pressure of having to choose between the shot and losing his job.

## Australian Truck Drivers Vow To Block Every Major Highway In Radical Anti-Lockdown Strike

As Australians take to the streets to protest the country's lockdown measures – most recently [clashing with police](#) over the weekend, Aussie truck drivers are planning to shut down every major highway across the country and have advised people to 'stock up on groceries.'

One driver, according to the [Daily Mail](#), declared in a video that truck drivers are 'planning to shut down the country' to 'remove the s\*\*\* government' on August 31 beginning at 9 a.m.

"It's on. The truckies are doing it. The truckies are going to shut down the country," the man says, adding "What that means is you need to go shopping now, get what you can for the next week or two, load your fridge, freezers."

According to the man, truck drivers have been in discussion with people from around 'the world,' and have been working with war veterans to carry out the protest.

"The truckies are in, the VETS are in, I'm in. I'm willing to go to jail to save my country and children," said the man.

It is unknown how many truck drivers are involved in the demonstration, however truck drivers from around the globe have been posting advice online on how to impede efforts by authorities to tow their vehicles.
