Fertilizer shortage engineered for global starvation--2022 harvest will be decimated

We now know that the globalist genocidal war against humanity is a multi-vectored assault on every system that sustains human life: Biology, energy, economics, freedom, self-ownership of your body and so on. Now, we have new information that reveals the food scarcity attack vector is targeting the fertilizer supply chain in order to unleash massive crop failures in 2022.

Fertilizer plants are being shuttered and freight trains that deliver fertilizer are being sabotaged. Energy prices are also forcing many plants to close down around the world, while China has put in place a phosphate export embargo against Western nations.

Crop production for 2022 is going to be catastrophic. The famine is "baked in" and now cannot be reversed until energy supplies are restored (and that's not happening).

I'm was checking Blazing Press news on his telegram page and saw this church boasting that the blood of Jesus Christ will not save you from Covid--clearly these are some straight Luciferian

Christians must fight! (Step 2 of Christian Resistance)

Christian Resistance involves repenting, fighting, and building. Our first video on repentance is found here - <https://rumble.com/vncgst-christians-need-to-repent-step-1-of-christian-resistance.html>

The need to fight is imminent. Christians should be on the front lines of battle, keeping the evil at bay, and demanding magistrates uphold their duty before God. Christians should NOT passively sit by and abide under the false pretense involving "Romans 13".

[I Was Fired From My Teaching Job for Refusing to Get Vaccinated — As a Christian Here's How I Prepared](#)

By [Joshua Mawhorter](#) Until recently, I was a California teacher working in two charter schools, one as a full-time classroom teacher of Government/Economics and

sometimes U.S. History, and the other as a part-time independent study teacher who assists families with a program primarily based around homeschooling. I have taught for about five years and love teaching.

Last week, I was fired from one school and put on unpaid administrative leave at the other because of my refusal either to take and demonstrate proof of the COVID-19 vaccine or test weekly. I even filed a religious exemption [stating the following](#) that was rejected:

“As a committed follower of Christ, I religiously and philosophically cannot submit to either a government vaccine mandate or weekly testing.

These violate fundamental first principles including the Biblical purview of civil government relative to God (Romans 13:1-7; Acts 5:29), the Christian value of freedom of conscience since “whatever is not from faith is sin” (Romans 14:23), the fact that my body is owned and dedicated to the Lord (1 Corinthians 6:20) and not to the state, and my sacred duty to be faithful to oaths sworn (Deuteronomy 23:21; Matthew 5:33-37), including the oath to support the U.S. Constitution and the California State Constitution.

Footnote: Both a vaccine mandate and weekly testing are in violation of the provisions of the Constitution in the 1st, 4th, 9th, and 10th Amendments, especially the 9th Amendment which states, “The enumeration in the Constitution, of certain rights, shall not be construed to deny or disparage others retained by the people.” The Supreme Court has affirmed a constitutional right to privacy historically in *Griswold v. Connecticut* (1965). Since I am bound by solemn oath to support the Constitution(s), I can neither submit to nor support a vaccine mandate or weekly testing because to do so would violate conscience.”

Based on my refusal to back down on these principles, I was offered two options—the opportunity to resign or be terminated.

In order to force the issue, I chose to maintain my position, **refusing to resign**; so I was terminated. My situation was sort of the mirror opposite of the old joke-adage, “You can’t fire me, I quit!”

Instead, I basically said to my employers, “I can’t quit, you fire me.” Not everybody is in the position to force the issue, but I am. And I felt I had no choice.

It would be incongruous with what I consistently teach my students; for me to back down, in a matter of rights, liberty, and principles. A quote, often [misattributed](#) to Thomas Jefferson, but nevertheless true, applies, “In matters of style, swim with the current; **in matters of principle, stand like a rock.**”

I hope I would still have the character to stand by my principles even if my situation was more dire. However, there are some concrete actions and disciplines which protect me now.

First, an emergency fund that can cover 3-6 months of expenses. Second, I have no debt. Third, my expenses are minimal. Fourth, I possess plenty of social capital—that is, positive social relationships with family, friends, and my community.

I encourage every reader to follow these disciplines and practices as soon as possible because, when the time comes to stand for principles, these are just a few things that can help you do so with confidence. Personally, over the next year, I will take this as an opportunity to become completely self-employed and help other people to find financial

freedom because, as we know, it is inextricably connected with personal and political freedom.

There is a great freedom in the ability to say no and walk away. Of all the pressures that make situations like this difficult, financial pressure is often one of the most challenging.

It has rightly been said that finances are 20 percent knowledge and 80 percent behavior. A monthly budget is essential in this regard. Contrary to popular belief, a budget is not just a constraint but rather taking full control of your money by knowing exactly how each dollar is being spent.

As [the saying goes](#), a budget is simply telling your money where to go, versus wondering where it went. This gives people a sense of ownership, control, and empowerment. A budget involves the regular discipline of saying no to ourselves so that, if and when the time comes, we can say no when our workplaces attempt to implement policies and expect us to comply because of the financial pressure. Additionally, in order to protect yourself, [Dave Ramsey recommends](#) building a \$1,000 emergency fund and paying off all debt (minus real estate), then building up savings that cover 3-6 months of expenses.

A little bit of discipline today can lead to freedom tomorrow—and the ability to walk away (even from a job you love) when your conscience demands it.

[Biden White House says children's covid jab program will be "fully operational" by November 8, mass child sacrifices to commence](#)

The United States is just [days away](#) from the Biden regime rolling out what it described as a "fully operational" Wuhan coronavirus (Covid-19) "vaccination" program for children as young as five.

The plan is to mass inject the nation's youth with "Operation Warp Speed" syringes containing child-sized doses of whatever it is these non-vaccines contain. Doing this, the Biden regime insists, will help to "flatten the curve" and supposedly get the failing economy back up and running as "normal."

Jeff Zients, Biden's coronavirus injection czar, announced in a press briefing that the federal government now has enough supply of Pfizer-BioNTech to inject all 28 million eligible children with them. The first 15 million doses are right now being shipped to pediatric offices, hospitals and pharmacies in anticipation of the "warp speed" rollout.

Kaiser Family Foundation survey says 27 percent of families planning to inject their children for covid "right away".

Like a religious cult, these Branch Covidians are eager to reformat children's DNA and fill them full of nanotech. Once injected, these children's genetic blueprints will be forever altered to continue producing spike proteins and change them (and their potential offspring) into something that is not fully human.

One thoughtful commenter at *The Hill* said:

"Why the hell would you put a needle into children that has side effects like blood clots, myocarditis, increase in miscarriages, increased cancer, increased autoimmune diseases, most likely infertility and then the dreaded antibody-dependent enhancement reaction – all for a disease that children have a 99.998% chance of recovery?"

“Christians: pray for God’s judgment upon those that poisoned, or aided and abetted in poisoning, our children with the (fake) vaccine,” wrote another about the power of prayer.

Satan Trying to Take More Ground!--Biden is slammed for plan to fine businesses up to \$14,000 for EACH unvaccinated worker: Retailers warn of staff shortages over holidays and GOP says 'no one should have to choose between vaccine and putting food on table'

All workers covered by Biden's new coronavirus vaccine mandate must get their final dose January 4 of the new year

By that date, all unvaccinated employers at companies with at least 100 workers will have to have started at least weekly testing

The new rule will be enforced by OSHA and enforced through planned inspections – just as all other workplace rules are enforced

Violators will face a fine no more than \$13,653 for each employee who is not vaccinated or tested weekly and repeat offenders will face a fine up to \$136,532

As president-elect last December, lying Biden vowed he would not impose vaccine mandates on private industry

In short the "mandate" requires the following:

COVID-19 testing for employees who are not fully vaccinated. The ETS requires employers to ensure that each employee who is not fully vaccinated is tested for COVID-19 at least weekly (if in the workplace at least once a week) or within 7 days before returning to work (if away from the workplace for a week or longer). The ETS does not require employers to pay for any costs associated with testing. However employer payment for testing may be required by other laws, regulations, or collective bargaining agreements or other collectively negotiated agreements. In addition, nothing prohibits employers from voluntarily assuming the costs associated with testing.

Face coverings. The ETS requires employers to ensure that each employee who is not fully vaccinated wears a face covering when indoors or when occupying a vehicle with another person for work purposes, except in certain limited circumstances. Employers must not prevent any employee, regardless of vaccination status, from voluntarily wearing a face covering unless it creates a serious workplace hazard (e.g., interfering with the safe operation of equipment).

On Wednesday San Francisco announced that children aged 5-11 will be forced to prove they've had the shot to enter restaurants and entertainment venues. The new rule comes just a day after the Centers for Disease Control and Prevention approved the Pfizer vaccine for children in that age group.

In a statement on Thursday, Child Molestor in Chief President Biden said vaccination requirements are 'good for the economy' and they will help send people back to work.

'For our country, the choice is simple: get more people vaccinated, or prolong this pandemic and its impact on our country. The virus will not go away by itself, or because we wish it away: we have to act. Vaccination is the single best pathway out of this pandemic.'

Senator Marsha Blackburn said in a statement: 'Our economy is crumbling, and President Biden is doing everything in his power to make it worse. While

businesses scramble to fill the 10.4 million open jobs in our country, Biden's vaccine mandate will push even more Americans out of the workforce.'

She also tweeted Thursday morning: 'Joe Biden is firing essential workers.' Republican Representative Jody Hice insisted to DailyMail.com: 'American workers should never have to choose between their job or a vaccine.'

BREAKING: Fifth Circuit Court of Appeals issues emergency halt to Biden's unconstitutional vaccine mandate

Saturday, November 06, 2021 ([Natural News](#)) After reviewing an emergency lawsuit now involving 19 states that are suing the Biden administration for executive overreach with the unconstitutional vaccine mandate, the Fifth Circuit Court of Appeals has issued an emergency stay.

"Petitioners said the mandate, promulgated as an Emergency Temporary Standard (ETS) by the Department of Labor's Occupational Safety and Health Administration (OSHA), should be struck down because it exceeds OSHA's authority under the Occupational Safety and Health Act," [reports The Epoch Times](#).

"Emergency hearings will take place soon," tweeted Texas Governor Greg Abbott, celebrating the decision. The Epoch Times adds:

"The court's action not only halts Biden from moving forward with his unlawful overreach, but it also commands the judicious review we sought. The president will not impose medical procedures on the American people without the checks and balances afforded by the Constitution," added Louisiana Attorney General Jeff Landry, a Republican and one of the petitioners.

The Biden vaccine "mandate" has no basis in law and no basis in science. A steady stream of published scientific studies has long demonstrated that vaccines do not prevent the spread of covid. In fact, the latest "VE" rating — Vaccine Effectiveness — to come out of UK data [shows the VE to be a negative number of minus 73 percent](#). This means people who take the vaccine have an *increased risk of hospitalizations and deaths compared to those who avoid the vaccine.*

If anything, vaccinated people are the "super spreaders" who should be isolating at home. A [published science study carried out by the University of Oxford's Clinical Research Group](#) discovered that vaccinated people carry 251 times higher viral loads in their nostrils, allowing them to spread the virus to others. The real danger to public health, it turns out, are vaccinated people, not the unvaccinated.

Gov. Abbott chimed in about the Fifth Circuit decision, saying, "We will have our day in court to strike down Biden's unconstitutional abuse of authority."

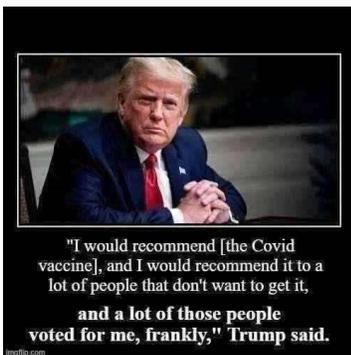

**1/3 of AMERICA NOT WORKING OVER 100 MILLION!
NO JOB, NOT LOOKING...**

The Labor Department's Bureau of Labor Statistics announced on Friday that 100,450,000 people in this country were not in the labor force in October, up 38,000 from the 100,412,000 in September.

This is the 14th straight month that this "not in the labor force" number has remained above 100,000,000.

United Nations Launching Their COP26 Climate Summit On The Devil's Feast Day Of Halloween As New World Order Minions Gather For Their Coven Meeting

by [Geoffrey Grider](#) October 30, 2021

On Halloween night, the New World Order COP26 summit brought their Satanic minions together to accelerate action towards the goals of the Paris Agreement and the UN Framework Convention on Climate Change where they called for global

vaccinations, a global Vaccine Passport tracking system, and a global digital currency. The purpose of the [UN COP26 Climate Change Summit](#) was to extort nations into 'climate action'. Speaking of the [United Nations](#), did you know they and their future destiny are mentioned in the writings of the prophet Zephaniah? Take a look and see.

"Therefore wait ye upon me, saith the LORD, until the day that I rise up to the prey: **for my determination is to gather the nations, that I may assemble the kingdoms,** to pour upon them mine indignation, **even all my fierce anger:** for **all the earth shall be devoured** with the fire of my jealousy." [Zephaniah 3:8 \(KJB\)](#)

Time Magazine created a quite revealing and very telling cover to commemorate the UN COP26 meeting, in the style of the dark and foreboding '[Boulevard of Broken Dreams](#)' by Gottfried Helnwei, but for extra punch, Time added the legend of "Last Call" under their logo masthead, but guess what? **It actually *is* their "last call",**

but in a way that none of them could ever comprehend.

As of this writing, the entire world stands on the razor's edge of a precipice that, just over the other side, sets you on a 7-year path of false peace, false safety, and the revelation of Antichrist.

Today is Day 596 of 15 Days To Flatten The Curve, and

now we watch as the first responders and ER heroes (of the original pandemic) have become the villains of the second wave. Thousands of police, fire, paramedics, nurses and doctors are being [threatened with unemployment and financial ruin](#) if they won't agree to receive the sacrament of vaccination. If you know anything about the end times, we are at the tipping point. The fire has been lit, and the New World Order has made its move.

AUSTRALIAN MILITARY BEING TRAINED TO **FORCE VACCINATE** IN DOOR-TO-DOOR ATTACKS

Video from Australia reports members of the armed forces are being trained to go door-to-door, and forcibly vaccinate every person in the country at gunpoint. The military is also being trained to chase anyone trying to escape into nearby woods or other areas, to grab them too -- at gunpoint.

People in Australia are finally realizing some of their political class, who are ordering such training and who apparently plan to engage in such action, are "evil to the core" and must be gotten rid of.

Hefty fines, 2-year jail terms await people found guilty of breaching Australian pandemic restrictions

(Natural News) A new bill rushed before the Parliament of Victoria on Oct. 26 states that residents of Victoria will face prison time or massive fines of up to AU\$90,000 (\$67,570) if they fail to comply with government-mandated health orders and pose a risk to the health of others.

The Public Health and Wellbeing (Pandemic Management) Bill 2021 was presented by Health Minister Martin Foley. It aims to override the "State of Emergency" powers provided under the Public Health and Wellbeing Act 2008, which was slated to expire at the end of this year.

These powers were extended twice and gave the state government authority to impose public health restrictions like mask mandates, lockdowns, business closures and domestic border closures.

The new bill grants permanent extraordinary powers to the health minister and Victorian Premier Daniel Andrews, along with new massive penalties to ensure compliance among Australians.

People in UK Who Post "False Information" About Vaccines Could be Jailed For Two Years

The Online Safety Bill, described as “the flagship legislation to combat abuse and hatred on the internet” has faced fierce criticism from civil liberties groups for its broad overreach.

The law would create a “knowingly false communication” offence which, according to [the Times](#), “will criminalise those who send or post a message they know to be false with the intention to cause “emotional, psychological, or physical harm to the likely audience”. Government sources gave the example of antivaxers spreading false information that they know to be untrue.”

Given that authorities have deemed all kinds of information about the pandemic and vaccines “false” that later turned out to be true, this is a chilling prospect. For example, claims that vaccines are not fully effective in stopping the spread of COVID-19 would have once been deemed “false,” but that position is now a proven fact.

The bill would also change the current stricter standard of “indecent” or “grossly offensive” content to the much broader definition of “harmful effect” when deciding if a post or a message is criminal.

This is more in line with UK hate speech laws that determine whether an act of hate speech or a “hate incident” has been committed not on the basis of whether or not it actually happened, but on the basis of the supposed victim feeling like they’ve been targeted.

ALERT: Chinese Government Locked over 34,000 Paying Customers Inside Shanghai DISNEYLAND for forced Covid Testing!!!!

While thousands of visitors to Shanghai Disneyland on Sunday were queuing for roller coasters and watching fireworks above the fairytale castle, staff quietly sealed the amusement park. People in Hazmat suits streamed in through the gates, preparing to test everyone for Covid-19 before they could leave for the day. Nearly 34,000 people at Disneyland underwent forced testing, which ended close to midnight, long after the festivities at the park are usually finished. Ferried home on 220 special buses, all were found Monday to be negative but are still required to isolate at home for two days, and be re-tested for the coronavirus in two weeks.

The shutdown of one of Walt Disney Co.’s most lucrative parks came after one positive case in a woman who traveled to Shanghai from nearby Hangzhou over the weekend. While officials are yet to confirm whether she visited Disneyland, her infection sparked an aggressive contact tracing effort across China, which eventually ensnared the park-goers, their families and Disneyland staff.

BOMBSHELL: Pfizer whistleblower says vaccine 'glows,' contains toxic luciferase, graphene oxide compounds

(LifeSiteNews) — Pfizer/BioNTech vaccine vials glow fluorescent blue and contain an enzyme called Luciferase, a quality inspector for the drug company told LifeSiteNews in an exclusive interview this week.

“The vaccine glows, at least Pfizer’s does,” Melissa Strickler, who worked for the pharmaceutical giant for nearly 10 years, said. “It looks like someone took a blue glowstick, cracked it open and put it in the vial, but only if there is light and it is around a dark background.”

Strickler, who worked at Pfizer’s large McPherson, Kansas plant, said she has inspected “hundreds of thousands of units” of vaccines in her career at the company “and never once seen anything do that, not even close.” Usually, the fluid in vials are clear like water, she said, but she photographed vials when she noticed the blue fluorescent tinge to the fluid and inquired about the ingredient to superiors.

Strickler said she heard a doctor describe codes for ingredients in the vaccines, including the codes SM102 for luciferase, a glow-in-the dark enzyme produced in fireflies, plants and fish that is used in bioluminescence research. Depending on different chemicals that it is mixed with, luciferase will glow different colors.

A bright blue luciferase was identified in a report in the journal [Nature Scientific Reports](#) in 2020, and is only visible under UV lights of certain wavelengths.

Strickler told LifeSite that she emailed the company and asked if luciferase was in the Covid vaccine and was told that it was “only used in the testing of the vaccine,” but would not be included in the final product. “But the way I see this, is the whole thing is experimental,” Strickler said.

“We haven’t even seen the Comirnaty labels being put on the vials in that plant yet,” Strickler said, referring to the tradename for the vaccine that the Food and Drug Administration approved in August. “As far as I know, everyone is still receiving that Emergency Use Authorization” original product.

In an explosive interview with [Project Veritas](#) made public last week, Strickler revealed insider Pfizer emails from high-level employees directing lower-level workers to not discuss the role of aborted fetal cells in the development of its Covid shots with the public.

COVID Nasal Swabs Examined by Scientists Reveal DANGER

Play to 10:38: <https://rumble.com/vnwt2p-covid-nasal-swabs-examined-by-scientists-reveal-danger.html>

Covid " rapid tests " found to contain cancer causing chemical ethylene oxide, used for medical sterilization

(Natural News) A union group called Isotita (Equality) that represents public sector workers **is calling** for Wuhan coronavirus (Covid-19) "rapid tests" to be suspended from use after it was discovered that the swabs contain ethylene oxide, a toxic substance.

The Cyprus-based union says that current requirements mandating testing every 72 hours be immediately discontinued in order to protect the health of workers who are constantly being exposed to the toxin.

The European Chemicals Agency (ECA) says that ethylene oxide, which is used to coat and sterilize both the **fraudulent PCR** and rapid tests for the Chinese Virus, is toxic, mutagenic and carcinogenic when inhaled.

Since the tainted swabs are being jammed up people's nasal cavities, sometimes multiple times per week, ethylene oxide is almost certainly being inhaled and potentially planting the seeds of chronic disease.

"Ethylene oxide is a gas commonly used to sterilise many different types of medical devices, including swabs used in test kits," reported the *Cyprus Mail*.

"Ethylene oxide (EtO) gas sterilisers have been used by hospitals for over 40 years to sterilise surgical equipment and supplies that are heat sensitive or that cannot tolerate excessive moisture."

In the European Union, ethylene oxide is prohibited in food production, and under EU Regulation No. 2015/868, the highest amount allowed in residue is specified at 0.05 mg/kg.

In Fauci Flu rapid tests, however, the amount of ethylene oxide detected is around 0.36 mg/kg, more than six times the allowable level under current government guidelines.

Current EU standards state that a food product can be recalled from the market "even where a single ingredient in the foodstuff is shown to be tainted with ethylene oxide at the lowest level detectable, including where the ingredient in question comprises the smallest part of the foodstuff percentage-wise."

Keep in mind that many, if not most, of the available rapid tests for the Chinese Virus come from **none other than China**. It is thus not a surprise that they contain hidden chemicals that are damaging people's health on top of the "vaccines" and face masks.

"How ridiculous! Why would the Chinese communists want to harm us using cotton swabs?" asked one commenter at the *Cyprus Mail* sarcastically. "Surely the Chinese Communist Party are the most noble and honourable people who only wish to sell their products to us safely ... surely!"

Another wrote that it was obvious since the beginning of the “scamdemic” that the testing is part of the poisoning process. “And nothing yet about the graphene oxide also found in masks and same testing swabs,” another wrote about additional toxins found in the *plandemic* protocol. “What about reports that under the microscope bits of the test swabs break off and remain lodged in the upper nasal passage causing inflammation?” asked another.

BLACKS GETTING ** DIFFERENT COVID-19 VACCINE ** THAN WHITES?!?!?

A Black woman in Brooklyn, New York, reveals that she finally decided to go get a COVID-19 vaccine, and felt the Moderna would be the one she wanted.

So instead of going to get the vaccine in her (Black) neighborhood, where she feared it wasn't being done right, she decided to go to what she said was a "White area" and chose "Columbia" (University or Presbyterian Hospital) and registered on the web site to get the vax.

She says that in the web registration, it asked for her Race and she selected "White" even though she is black.

When she got to the appointment to get the vaccine, the nurse went to the computer to verify the information and allegedly told her, "you're not White, I can't give you this" and refused to give the vaccine!

If this is a true account of what took place, then it begs the question Are White people being given a DIFFERENT VACCINE than Black people? If so, why? Is one group being intentionally targeted for different results than the other group?

Are members of various races each getting a different version of the Vaccine? If so, why?

Here is the woman making the claim in a video:

VAERS Reveals DEATH BY LOT NUMBER: Specific States Get Certain Covid Kill Shot Vials

The Vaccine Adverse Events Reporting System (VAERS) collects information that the CDC is supposed to use to determine the safety of vaccines that have been released for the public. That system has revealed some extremely SHOCKING information about specific lot numbers that seem to be causing more damage and death than others. Dr. Jane Ruby joined Stew Peters to discuss.

Emergency Rooms Across America Getting FLOODED With Patients Suffering Acute Organ Failure And Debilitating Symptoms... Media Claims It Has Nothing To Do With Covid Vaccines--Most U.S. hospitals, it turns out, were as empty as could be prior to the release of the jabs—Once the Covid Biden Boosters get into people’s arms, the entire health care system could collapse from all the sick patients they create

National Public Radio (NPR) is flabbergasted by a major uptick in emergency room admissions across the United States.

Even though it is painfully obvious that “fully vaccinated” Americans are getting sick in droves NPR is chalking it all up to mystery.

In Lansing, Mich., for instance, Sparrow Hospital is seeing a massive swarm of very ill patients having to be lined up on stretchers in the facility’s hallways due to a shortage of available beds.

“It’s hard to watch,” said Tiffani Dusang, the emergency room’s nursing director. “I always feel very, very bad when I walk down the hallway and see that people are in pain or needing to sleep or needing quiet. But they have to be in the hallway with, as you can see, 10 or 15 people walking by every minute.”

At the start of the Wuhan coronavirus (Covid-19) “pandemic,” long before the so-called “vaccines” were made available through “Operation Warp Speed,” Sparrow Hospital was fairly normal. Once the jabs became widespread, however, the sickly really started to pour in.

Most U.S. hospitals, it turns out, were as empty as could be prior to the release of the jabs. It was only *after* the injections had been widely distributed that hospitals across the country began to get flooded with new patients.

Once Biden Boosters get into people’s arms, the entire health care system could collapse from all the sick patients they create

Doctors and nurses say that the severity of patient illnesses is all over the map. Some patients are complaining of abdominal pain while others are having trouble breathing.

There are also lots and lots of blood clots, which have become a common occurrence in people who get injected with the spike protein bioweaponry disguised as “medicine.”

There is also a surge of patients suffering from cardiovascular events, failed suicides, acute organ failure and an array of debilitating symptoms. Many of these patients can no longer work and have trouble just getting through the day.

So now in some places even if you're in the ICU from it, you still have to get your second shot?? That will literally kill him??? The report reads:

After being brought successfully out of the coma, he had burst blood vessels in his arm (from a blood clot in the area of his vaccine), could hardly walk and had a droopy right eye as well as body aches, a pinched nerve in his hip as well as pneumonia and a lung infection from the breathing tube and a bladder infection. **Nelson was happy to get his first dose of the vaccine but any connection to it has yet to be proven.**

"I chose to get my first one because I wanted life to try and be as normal as possible again," Nelson said. "I was just trying to do my part for the community and stop the spread of the virus."

CANADIAN DOCTOR: 62% OF PATIENTS VACCINATED FOR COVID HAVE PERMANENT HEART DAMAGE and evidence of blood clotting due to the spike proteins connecting and clotting with their blood platelets...Vaxxed patients should get a D-dimer test to evaluate tiny blood clotting within 7 days after the shots

Each shot has 40 trillion packets of mRNA molecules with attached Spike Protein to "stimulate" your Immune System to make Antibodies - [that's 80 Trillion In 2 shots]...**BUT YOU DON'T KNOW ALL THE INFLAMMATORY DAMAGE BEING CAUSED BY THE CYTOKINE STORM...** which is an "Over Reaction" in your Immune System which can actually lead to one's Death of older patients with Co-Morbidities thru Inflammatory agents such as "IL-6" [Interleukin 6], TNF-alpha, and other T-killer cells that are fighting against the disease. Hi Scott: To recap, the friend that I have been emailing you about was a former spiritual mentor of mine. I believe that he was very strong in the faith before taking the kill shot.

I spoke with him earlier today and received a confirmatory result. He is now dropping f bombs and c bombs (woman reproductive system) every other word. Swearing like a truck driver as they say.

He has become much more accusatory towards God. He also told me that he has begun smoking marijuana.

That's the cliff notes version, there is more to it- the bottom line is that this is not the same guy. I wasn't sure before if I was misreading the situation, now I'm just about positive that this kill shot did this to him.

It was a very strange feeling as I just don't what- if anything- I can do for him.

Bro- I really don't know if someone can come back after taking it. I've read many comments on youtube videos that seem to confirm it as well.

Listener Comment: Regarding the Covid kill shot--My sister-in-law is a retired DA in OK and continues to be very active in our state--She attended 9 funerals in 3 weeks--All died post jab

When my brother told me, I thought he was kidding. Nope. He wasn't.

I personally know 6 people that had medical emergencies post jab. Three heart attacks. Two requiring pacemakers. Two with severe gastro issues and one where her eyes no longer sync up causing vertigo. She and her husband (one that had the heart attack w/ pacemaker) regret severely their decision and have repented. I was able to share with them info on NAC, fulvic acid, etc, which they are now taking.

Keep doing what you're doing, brother! I get fired up when people come after you for your audios but that only confirms you're doing something right!

The truth can be a hard pill to swallow for many it seems now. Narrow is the way...God bless! Sandra

Subject: Listener Comment: I have lost three un-jabbed Christian friends this week

Scott in hospital very sick.....Janice is also very sick. Please pray for them!

Scott: I am deeply concerned for both Janice and Scott. Scott became so sick and daughter took him to hospital. Janice is still home but very sick and struggling. **I have lost three un-jabbed Christian friends this week.** Very difficult times.....The true church is under siege.

I fear for his life as I understand for many years that the US health system was corrupted by "Big RX" and larger insurance companies. The kill program has been implemented. All Americans are at risk. I have two very close Christian Physicians friends who got out of the system 8 yrs. ago when "O"bomination pushed so hard for revamped health care systems. My sister was the assistant pathologist at a Virginia morgue for 12 years. By 2020 she was not doing autopsies after Covid started. Only in special cases did she assist and as we know all the deaths were attributed to Covid! She was moved to a laboratory in the hospital for a few weeks and then put on leave. She was more than suspicious and knew something was very wrong as the hospital became almost empty and two whole floors became very quiet Covid wards with only a few patients but lot's of drama with all new specialized?? (perhaps) nurses. Most of the regular nurses were strongly encouraged to take leave w/ pay. For several years more and more contract, traveling nurses had slowly replace the local nurses that had been at the hospital for years. My sister often commented that things were changing and she hardly saw a familiar face at work. This began happening shortly after a large corporation called Sentara bought out many Norfolk area hospitals and auxiliary health care complexes. All part of the plan to weaponize all health care.

Subject: [Listener/HealthCare Professional Comments About Mass Exodus and Firing of Good Nurses In America and what they are being replaced](#)

Hi Dr. Johnson, Yesterday I was speaking to a nurse who's close to retirement but she has a daughter who's fresh out of nursing school who works at the University of Colorado campus. She told me she'd have talked her daughter out of this career if she'd have known things would be the way they are. **She told me that 96 nurses on her daughter's floor alone quit within the last few months due to the Covid mandates.** I didn't ask her which floor her daughter worked on though. But she did say **there's been a nursing shortage that began prior to the scandemic because many would graduate from nursing school only to resign from their jobs and even quit nursing altogether shortly after starting their "careers".** (Beyond the Kill Shot mandates) **She said this is mostly due to highly stressful working conditions such as many hospitals giving nurses far too many patients per person during their shifts which makes it difficult to give optimum care and attention to each patient especially when they're just learning the job.** She also said "it's well known in the field that nurses eat their young and are

cruel to the newer, younger nurses fresh out of school.” She said Covid has obviously caused all of these problems to explode out of control in recent months creating a severe nursing shortage that was already bad enough. But what she told me next was so shocking I’m only telling you in hopes that you can verify this because I know you talk to a lot of nurses. She said they are offering travel nurses up to \$7K PER WEEK to work at some of these hospitals. I had to clarify... I said you mean \$7K per month. She said NO but that’s on pace to make what a doctor makes!...If this is true it makes total sense why so many nurses say they’ve been working with a bunch of people they’ve never seen before and are training them...The hospitals can afford it because of the insane profits from the satanic Covid protocols. Also the veterans who are paid the most are the ones quitting their jobs and refusing the jobs. While the youngest demographic seems to be the most brainwashed and have no problem with getting and giving as many kill shots they are told to. Have you heard of this and I missed something?

Ok my former employer is offering something similar 20,000 or 30,000 dollar sign on bonus for any BSRN who is vaccinated. This is only for the vaccinated. It is because so many people put their foot down and would not do this, they knew they were going to walk and they started advertising like this about two months ago.

\$7,000 a week is actually on the lower end of what the travel/STRAC (FEMA) RN's and RRT's are being paid here in Southwest Texas. We have a whole hospital here full of travel RN's, most are not good nurses and just here for the money.

I've been in the medical field for 15 years.

It's true. Nurses are leaving in droves to take travel assignments....they also get huge bonuses and money for room and board. Making thousands a week. The one caveat to this is travel nursing companies do not allow religious exemptions and you must be vaccinated to join any travel nursing company so at the end of the day it's blood money

WARNING: Biden White House Has Instructed OSHA To Not Record Adverse Reactions To The COVID-19 Vaccine To Make You Think It's Safe

"Are adverse reactions to the COVID-19 vaccine recordable on the OSHA record keeping log?" the frequently asked questions section for COVID-19 states on OSHA.gov. "DOL and OSHA, as well as other federal agencies, are working diligently to encourage COVID-19 vaccinations. OSHA does not wish to have any appearance of discouraging workers from receiving COVID-19 vaccination, and also does not wish to disincentivize employers' vaccination efforts. As a result, OSHA will not enforce 29 CFR 1904's recording requirements to require any employers to record worker side effects from COVID-19 vaccination at least through May 2022. We will reevaluate the agency's position at that time to determine the best course of action moving forward."

So The Occupational Health and Safety Administration [OSHA], which falls under the jurisdiction of the Department of Labor [DOL], *is instructing federal agencies not to record adverse reactions or side effects from the Wuhan coronavirus vaccine.*

At what point, I am asking you, do people wake up from their self-induced end times slumber and begin to understand what's actually going on? I mean, honestly, the deception is so thick and so apparent you would have to be deaf, dumb and blind to not see it.

On one hand, you have the Biden vaccine mandate which forces 100 million Americans to receive the jab whether they want it or not or need it or not, and being carried out by the Department of Labor. On the other hand, that very same Department of Labor has told OSHA, the Occupational Health and Safety

Administration, to stop keeping records of adverse reactions to the COVID vaccine because people will not want to take it if they knew how many adverse reactions are really occurring.

Where is the OUTRAGE in the streets? Where are the CHRISTIANS who rightly connect the vaccine with the Mark of the Beast and SHOUTING at you not to take it??

Dr. Scott Johnson's Comment: With the recent advent Covid (and all that surrounds that issue like the vaxxed shedding their spike protein payloads to the unvaxxed) we should all be placing an ever increasing importance on immune system function. In other words the best way to combat all contagious infections is: #1) To not put yourself in harm's way (that is if you can help it) and #2) building up your own immune system as much as possible. Below I am endeavoring to show you how to do the later, as the best defense is a good offence. Ideally, we want to have a strong immune system before we have any potential exposure to any contagious infection. In order to do this certain criteria have to be met in the human body. I am going to highlight some of the most important factors in this document. **See below.** God bless!

Recommended Products Dr. Johnson Carries:

++ Please note you cannot order off the links below, they are there for purely informational purposes. For more information or how to order see further below.

My choices of selenium: Selenium is highly anti-viral and is an essential trace element possessing antioxidant properties, and is key to the production of glutathione peroxidases which makes this very compatible with NAC (see below) to raise glutathione levels.

Selenium by Innate- 90 tablets 28.00

Trace Minerals Liquid Ionic Selenium 2 oz. 15.00

Genestra Selenium CWS 0.5 fl oz (15 ml) 14.00

Overall Best Value: Se-Zyme Forte (100 T) 16.00

My choices of Vitamin C:

++ I recommend that every adult take at least 6 to 12 grams of vitamin C per day if you are being exposed to the Covid vaxxed (but you can go double that is you feel you are infected) for optimum dosing. Space out your dosages every 2-4 hours ideally.

Lung Infection Support

MBi Nutraceuticals Pneumo Complex Glandular Tissue Concentrate 60 Capsules
\$17.00

Parasite Eradication (If you are concerned about the parasites that have been actually viewed under the microscopes of researchers who have examined the Covid vaxx vials, you can take the protocol below)

Bromelain Plus CLA (100 T) \$21.00

Dysbiocide 120ct \$31.00

I recommend the products be taken together for two 20 day cycles with one week off in between. You would take 6 a day of Dysbiocide (120 C) and 5 a day of the Bromelain Plus CLA (only empty stomach) of each product for two 20 day cleanses. You would essentially need two bottles of each product to properly complete a parasite cleanse, as you would be taking one bottle of each for every 20 day cleansing period.

Corona Virus or SARS:

Invive Mild Silver Protein 5000ppm--Take (One TEAspoon), every 4 hours till asymptomatic (1/2 dosage for children). Hold Each dose under the tongue for 3-4 minutes before swallowing.

++ For More Information or to purchase the Invive Silver go to: <http://www.dr-johnson.com/>

++ Because Invive Silver is so stable it has a **25 year minimum shelf life**. There is no colloidal silver in any form that can even come close to their shelf life or potency; **nor has there been one case of Argyria (turning gray) reported from taking Invive Silver.**

For **lung infections** nebulize 100ppm Invive Mild Silver Protein directly into the lung fields for 3-4 minute intervals several times per day. If you want to make a 100ppm solution (and you have a 5000ppm bottle) just divide 5000 by 100 to get: 50. So you would add 50 parts distilled water to 1 part 5000ppm to make a 100ppm solution. You would also want to take ¼-1/2 tsp of the 5000ppm held under the tongue 3 times a day until you are doing better.

++Also regarding nebulizer recommendations just research nebulizers on Amazon for the best ones, but this looks like a great one: https://www.amazon.com/Crane-Rechargeable-Allergies-Congestion-Irritations/dp/B07X6873BB/ref=sr_1_3?crid=2LAEU32MI4UN3&dchild=1&keywords=nebulizer&qid=1585971367&srefix=nebuli%2Caps%2C213&sr=8-3

Now with a **sinus infection** the best way to directly go after this is to get any nasal spray atomizer bottle (**Like this one:** <http://sparknaturals.com/index.php/accessories/1oz-blue-glass-nasal-sprayer.html>) and add 500ppm silver to the bottle. Now to make the 500ppm just add 10 parts distilled water to one part 5000ppm. This will be the strength you use in a nasal spray bottle. One drop of eucalyptus oil to this 500ppm solution is also very good for nasal use. When you use the 500ppm in the nasal spray bottle make sure you tip your head back and spray 3-5

times per nasal passage. You can do this several times per day. You would also want to take 1/4 tsp. of the 5000ppm held under the tongue 3 times a day until you are doing better.

For **Otitis Media (ear infections)** (if your ear drops are not ruptured) you need to dilute the Invive Silver to 500ppm for the ear drops. To make this strength from 5000ppm just add 10 drops of distilled water to every one drop of 5000ppm. Use 3-4 drops in each ear 2-3 times per day till better. In reality I really like just plain old 3% Hydrogen Peroxide for ear infections 2-3 drops in each ear. Tilt the head and hold this dose in each ear for 1-2 minutes before tilting your head back. It will bubble and be quite loud and may burn a little so sometimes children are afraid of the Hydrogen Peroxide whereas the silver should not bubble or hurt at all. For an 8 year old I would administer the 5000ppm silver under the tongue 15-20 drops 3 times a day (hold for 2-3 minutes then swallow) to treat the ear infection internally as well.

For an **eye infection like Pink Eye** only use the 50ppm Invive Mild Silver Protein Strength. One drop in each eye 3-4 times a day typically works wonders.

To make the **AG Cream (AKA Silver Cream)** get some Aloe Vera gel and add drops of the 5,000 ppm silver to the gel to the point just before it starts to liquefy.

----- **Invive Silver Dosing Chart for children/babies**

Maximum dosage in case of a severe infection: 5 cc's of the 5000ppm Invive Mild Silver Protein per 30 lbs Bodyweight. 5cc = 1tsp.

That means a 30 lb. child receives 5 cc in total per day, **in divided doses** of 1.2 cc q.i.d. (or 4 times a day)

A 10 lb. baby receives 2 cc **in total per day**, in divided doses of 1.6 cc total per day.

In this case (2cc's) that means 7 (drops) Q.I.D. (or 4 times a day)

Q.I.D.= 28 drops total per day divided by 4 = 7 minims (drops) sublingually every 6 hours.

Mild Silver Protein Website: www.dr-johnson.com

----- **What About a dosing chart for animals?**

*** It is no different than it is for humans. See the chart above for children and babies regarding max dosage according to body weight

Start up dosage if a high amount of infection or yeast is suspected: Mild Silver Protein (5000 - 1100 PPM): This product does not taste good but it is vitally necessary for your success. To help the taste one drop of Peppermint Oil can be applied to your tongue prior to dosing the silver. I recommend 'Now Organic Peppermint Oil' which you can easily find online. You need to hold each dosage of silver under the tongue/cheeks for at least one minute (preferably 2-3 minutes). This gets it into your blood stream. There is some information you need to know on the label but initially follow the dosage I recommend on this sheet. Also remember that this product will leave a film on your teeth that can easily be dealt with by brushing your teeth after you have swallowed a given dosage. Important: Start by taking 1-2 drops of the mild silver protein under the tongue twice per day. If you feel alright, double the dose the next day. Keep doubling the dosage until you are at 1/2 tsp twice a day. The reason you need to do this is if you have a problem with Yeast/Candida; which is a high likelihood in most cases. Remember you may feel worse before you get better. That is quite common and part of the healing process. Because the Mild Silver Protein is so effective against yeast infections; one can only start out at the following dosage "if" one has a systemic (full blown/rampant) Yeast/Candida infection: If you are unsure play it safe and start with the dosages below:

1st day- 1-2 (drops) twice a day

2nd day- 4 (drops) twice a day

3rd day- 8 (drops) twice a day

4th day- 16 (drops) twice a day

5th day- 1/4 tsp. twice a day

6th day- 1/2 tsp. twice a day

Maintain this dosage for 3-4 more days and then go to a maintenance dosage of 10-15 drops per day. If at anytime (during the 6 days mentioned above) one starts having extreme flu-like symptoms, (which is due to the healing crisis of toxins given off by the dying bacteria (NOT by the silver): One must hold at the above dosage and not move onto the next level until the flu-like/detoxification symptoms are gone. The proof is: Give this silver to a healthy person and nothing (as far as symptoms) will occur. If you have any questions please feel free to email Dr. Johnson at: drjohnson@ix.netcom.com
