The protocol to dissolve gallstones, and cleanse and defat the liver is listed below

++ Note: The links below are there for purely informational purposes only, to order contact Dr. Johnson at: drjohnson@ix.netcom.com)

++ If you have a lot of problems digesting fatty foods and/or lot of gallstones are known to be present (which is extremely common for most people): Start this product first and after a week slowly add in the other products: [Douglas Labs Choline Bitartrate 500 mg 100 capsules](#) --3 capsules twice a day with food for one bottle—this will start to dissolve the gallstones naturally; then, or otherwise start here:

Directions: (Start slow on all of these and work your way up to the full dosage listed till all the products have been taken.)

[Livotrit Plus \(180 T\)](#) --3 capsules twice a day for **one bottle** which is a full **one month** liver and gallbladder detox

[Davinci Labs HEPATICLEAR 60 capsules](#) --2 capsules twice a day for **two bottles** which is a full **one month** liver and gallbladder detox

[MBi Nutraceuticals Livachol \(Inositol/Choline\) 60 Capsules](#) —Dosage: 2 capsules twice a day for **two bottles** which is a full **one month** liver and gallbladder detox. **Note: If you are having gallbladder issues start this product one week before implimenting the other two products listed above.**

Also see: [How will I feel on a liver-focused cleanse?](#) &

[The Incredible Importance of Liver Detox Explained and the Top 10 Foods/supplements To Detox Your Liver](#)

Kidney Detox:

[Renal Plus \(180ct\)](#) 3 capsules twice a day for one bottle which is a full one month kidney detox.

If you would also like to add in a full body detox:

[Davinci Labs MULTIPHASE DETOX * 90 capsules](#) 6 a day for one month which is two bottles.

For pregnancy the supplements I highly recommend are a good whole food prenatal:

New, improved formula supporting women from pre-conception through postpartum and nursing:

[Baby & Me™ Multivitamin - 60 tablets](#) 2 tablets a day

[Baby & Me™ Multivitamin - 120 tablets](#) 2 tablets a day

For pregnancy a top quality, filtered fish oil is essential: [Pharmax Finest Pure Fish Oil \(orange\) 120 caps](#) (4 a day). This has a very high DHA Omega 3 content, which is essential for the baby's brain development.

Crucial for pregnancy: [Bio-DK Caps 60ct™](#) See: [Pregnancy Vitamin D Levels Linked to Child IQ](#)

[Ca/Mg-Zyme™ \(Ca & Mg\) \(360 T\)](#) is also good as the prenatals above may not have quite enough calcium.

[Iodizyme-HP™ \(120 T\)](#) (2 a day as Iodine is essential for the babies brain development and IQ)

Probiotics/Flora Dr. Johnson Carries:

[Innate Response Flora 20-14 Ultra Strength 60 Capsules](#)

[Innate Response Flora 20-14 Ultra Strength 120 Capsules](#)
