**Ephesians 5:11, 13-16:** "And have no fellowship with the unfruitful works of darkness, but rather reprove them. But all things that are reprovved are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest**, and arise from the dead, and Christ shall give thee light. **See then that ye walk circumspectly**, not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines: "**Reprove**": To blame, to convince of a fault, or to make it manifest, to excite a sense of

guilt. "**Circumspectly**": Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

**II Corinthians 2:11:** "Lest Satan should get an advantage of us: for we are not ignorant of his devices."

**II Chronicles 7:14:** "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

**Luke 21:36** Watch ye therefore, and pray always, that ye may be accounted worthy to escape all these things that shall come to pass, and to stand before the Son of man.

**Matthew 24:13** But he that shall endure unto the end, the same shall be saved.

**Psalms 101:3:** I will set no wicked thing before mine eyes: I hate the work of them that turn aside; it shall not cleave to me.

**Psalms 11:5:** The LORD trieth the righteous: but the wicked and him that loveth violence his soul hateth.

**1 Cor 15:33:** Be not deceived: evil communications corrupt good manners.

**Lexicon Strong's G3657--Outline of Biblical Usage of the Word:**

"Communications": companionship, communion

ALL had rifles slung over shoulders, just pushing parents back instead of killing the killer! It only took an hour or two for the Swamp rats to begin calling for gun control after the Texas shooting happened!**

**It's now 100% clear that the Uvalde mass shooting was a "stand down operation," meaning law enforcement was deliberately ordered to stand down so that the massacre could take place. The goal? Gun control, of course.**

**"Uvalde police stood outside school while parents urged them to go inside during shooting," declares the title of an article from [ThePostMillennial.com](http://ThePostMillennial.com):**

**"Go in there! Go in there!" Women shouted at officers as the officers stood there and did not go into the school to intervene and prevent the carnage, according to the AP. The gunman was barricaded in a classroom for 40 minutes, where he murdered 19 children and 2 teachers.**

**A father who lost a daughter in the massacre raised the idea of charging in themselves, without weapons, while the police stood idly by.**

**“Let’s just rush in because the cops aren’t doing anything like they are supposed to,” Javier Cazares said. “More could have been done.” His daughter Jacklyn Cazares was killed inside. When he heard about the shooting, he raced to the school only to find officers standing outside.**

We also have a story from the left-wing media outlet MSN, declaring, **“Uvalde Police Officer Admits Cops Saved Their Own Kids From Robb Elementary Before Stopping Shooter”**:

**A police officer admitted that the police went inside the school to save their children first rather than stop the shooter.**

**The officer said, “There [were] some police officers’ families trying to get their kids out of school because it was an active shooter situation.”**

**The officer continued to talk about the situation while trying to justify the officers that went in to save their children initially.**

**Video shows devastated parents pleading with officers to enter the school as the cries and screams of the children could be heard inside.**

**So wait... the same cops who tackled parents, pepper-sprayed one dad and tackled other parents to prevent them from going in were, themselves, rushing in just to save their own kids?**

**Is this what law enforcement has become now? Even in Texas?**

**One of the most frustrating developments in all this is the fact that Texas DPS spokesman Lt. Chris Olivarez said in an interview with CNN that officers couldn’t continue to pursue the suspect immediately because, “they could have been shot.” This has been [reported by The Epoch Times](#)**

**By this standard, then, all firefighters should just stand back and watch buildings burn down, because if they try to fight the fire, “They could have been burned.”**

**And I suppose all military soldiers should refuse to fight on the battlefield because if they enter they battlefield, “They could have received artillery fire.”**

**You get the point.**

**This is insane.**

## Strict Gun Control Works!

### Crime Rates Plummet After Law Required Firearms for Residents in Kennesaw, GA

NEWS BRIEF: "[25 years murder-free in 'Gun Town USA'](#): Crime rate plummeted after law required firearms for residents", World Net Daily, April 19, 2007 "As the nation debates whether more guns or fewer can prevent tragedies like the Virginia Tech Massacre, a notable anniversary passed last month in a Georgia town that witnessed a dramatic plunge in crime and violence after mandating residents to own firearms. In

March 1982, 25 years ago, the small town of Kennesaw – responding to a handgun ban in Morton Grove, Ill. – unanimously passed an ordinance requiring each head of household to own and maintain a gun."

Now, that is a dramatic requirement, don't you think? Of course, opponents of such a drastic action predicted grave results, 25 years ago. What has really happened?

"Since then, despite dire predictions of "Wild West" showdowns and increased violence and accidents, not a single resident has been involved in a fatal shooting – as a victim, attacker or defender."

Amen! Results speak for themselves. As this one person, quoted above, said, "60,000,000 gun owners in America shot no one... "

### Zeitgeist Movie Rebuttal to Its Attack on Jesus Christ-Part 3

The first 37 minutes of the Zeitgeist movie is one of the most ludicrous, damnable, unbiblical deceptions that Satan has ever concocted. This movie takes some (mostly inaccurate, easily refutable) pagan history and tries to apply it to Jesus Christ. Satan is the great counterfeiter and now he is attempting to portray Jesus as just one more pagan deity that Catholicism repackaged into pseudo Christianity around 318 AD by the first Pope Constantine. The purpose of this article is to address the first theory (out of four) put forth in the movie – that Jesus is a mythological amalgamation of various pagan gods and deities that were invented by the Egyptians, Catholics and other cultures. The allegations concerning Jesus Christ in the Zeitgeist movie can be summarized as follows: The Jesus proclaimed in the Bible is not a historical person, and in fact He never even existed; unbelievably asserting that the Jesus Christ found in the pages of the New Testament gospels is an invention of the Biblical authors who painstakingly copied attributes of ancient pagan deities and created a new god to be worshipped. Further, the movie asserts that astrology is the foundation behind much of the writing in Scripture. The end conclusion is that Christianity is a myth just as all the pagan religions that came before it and therefore is untrue. All these blasphemous theories are thoroughly refuted in this teaching. Please reference the free PDF on this webpage for the rebuttal documentation.

### Movie 'Zeitgeist Addendum' Exposed-Part 2

Timing is everything. On September 29, 2008 the United States stock market crashed, falling 777 points. Just in time for the fallout, a worldwide financial collapse, the movie Zeitgeist Addendum was released. The film, right on cue, explains the obvious, how a flawed financial system failed, and how it exploited the hard work, savings and investments of many of those that lost their money to this system. It simultaneously heaps blame on free markets and religion, while calling for a global shift in consciousness.

This new paradigm is of course an old paradigm. It's an open call for socialism. One need look no further than Karl Marx to see the parallels between Zeitgeist Addendum & Socialism. Most of those that have been actively observing the global elite have likewise understand that a pre-planned financial crash has been in the works for some time. Nickolas Sarozky (president of the EU) says he wants a new global economic system to rise out of the ashes of this crash (like the occultic Phoenix) which, in his own words is expressed as a 'new world' order. Zeitgeist Addendum seems to further the cause for this New World Order, neo-socialist paradigm. It's no coincidence that just as the New World Order beings implementing marxist thought in so called free countries, Zeitgeist Addendum shows up to incite the masses in a global call for marxism.

If one should prefer to save 2 hours and skip watching Zeitgeist Addendum, its proposals are clearly spelled out in a relatively unknown book entitled 'The Externalization of the Hierarchy' written by Alice Bailey. Actually Bailey claimed

to have channeled an 'Ascended Master' known as Djwhal Khul who penned the book through her.

### NYC – DEMONS TAKING OVER -- STAY AWAY FROM THERE -- THE CITY IS MORE DANGEROUS THAN EVER

28 May--For over a year I have been warning readers of this website and listeners to my radio show to STAY AWAY FROM NEW YORK CITY because the crime is so widespread, brazen, and violent. Below, two videos of about one minute each, showing you the latest.

**See the link at the bottom to watch the videos.**

We begin with this: Just another day in New York City's safest subway system, where innocent people are being harassed and assaulted.

But the mayor wants you to ride the subway instead of driving, to save the environment.

Then, at night, this is a neighborhood uptown. Look at what they do when cars are caught mid-block by a traffic light, and vehicles stopped ahead of them.

UPDATE - Sunday, May 29 1:36 PM EDT --

Yesterday, ANOTHER situation, on a public street, in broad daylight. Look: NYC Satan's Den... She's beating on a senior citizen and taking his shoes 😞

— Ultra Dante us (@RealDante12) [May 28, 2022](#)

THIS is what takes place each and every day in New York City. And worse. Armed robberies at gunpoint are taking place in the open, on crowded Manhattan streets. Unprovoked beatings of people who are merely walking down streets. Brazen shoot-outs between rival gangs.

**New York City does not seem safe to me at all. I say that as someone who has lived in this region almost all my life.**

**AVOID NEW YORK CITY AT ALL COSTS. It is dangerous here.**

**Biden's "Disinformation Governance Board" declared unconstitutional by FCC**  
The Biden regime's new Ministry of Truth, officially known as the Disinformation Governance Board, is **wholly unconstitutional**, says Federal Communications Commission (FCC) Commissioner Brendan Carr.

Appearing on Maria Bartiromo on her "Mornings with Maria" program, Carr called for Biden's Ministry of Truth to be immediately dismantled because it is entirely illegal.

"Sometimes the threats to our liberty come dressed up in sheep's clothing, but this wolf comes as a wolf," Carr said, quoting the late Supreme Court Justice Antonin Scalia.

"This is Orwellian; it's un-American; it's unconstitutional. The very best time to shut this down was before the DHS ever announced it, the second-best time is right now."

## DEWS (Directed Energy Weapons) ONCE AGAIN ARE BEING DEPLOYED IN CALIFORNIA--SOUTH ORANGE COUNTY GOING UP IN FLAMES!!

[The Healthy American Peggy Hall](#)

My take on "things" -- they are not what they appear! 1. Very few firemen on the scene ... even though the news said 120 firemen from San Diego were dispatched. 2. Fire on CORONAdo point 3. Evacuation center is at CROWN Valley Community Center. 4. Fires burning INSIDE the homes, no fire trail from home-to-home. 5. Melted cars next to unburnt foliage. 6. NO trees, shrubs or foliage touched. 7. Very little wind. 8. No flames seen except INSIDE houses. 9. Red tile roofs and stucco walls are FIREPROOF. 10. Foremen looked very casual, no sense of urgency/alarm. 11. VERY HEAVY SPRAYING of skies in the days leading up 12. Newscaster on site looked smug, smiling, "in-on-it" 13. Lots of ready-made "pack-em-and-stack-em" high-density rabbit hutches for housing the displaced near the railroad tracks in Laguna Niguel 14. Raytheon already advertises its DEW: Directed Energy Weapons, capable of burning through steel 15. OC Supervisor for that district, List Bartlett is a NWO dream and is "running" for US Congress. Hmmmm..wonder if she'll "win"

## Global reset fully underway as 90% of central banks push for digital DBDC currency that governments can control

If you've been paying any attention at all to the stock market over the past several days, **you are aware that stocks have been rapidly declining.**

Individual retirement accounts have lost hundreds of billions of dollars, if not more, in the blink of an eye as the Biden economy continues to tank and take

Americans' financial security with it. Without any doubt, Joe Biden has turned out to be the very worst president in the history of our country, and it's not even close.

But the tanking of our economy and those of countries around the world is purposeful: It's being done as part of a global 'reset' that was launched by the planetary elite as a means of solidifying their control over literally every person and every activity, every day.

And one way they plan on doing so is by taking over complete control of the money supply.

As reported by Blacklisted News:

*A [new report from the Bank of International Settlements](#) estimates that up to 90% of national central banks are at least in the planning stages for launching a central bank digital currency (CBDC). ...*

*This echoes a March report from the IMF, which claimed over one hundred nations are at least in the planning stages of releasing their own CBDC.*

*It seems programs of government-issued digital money have been gaining momentum all around the world since at least 2020, and apparently, now they exist in over half the countries on the planet.*

Brazil and Namibia are the two countries that have most recently announced their plans, doing so in April, the outlet reported.

And of course, as with all globalist agenda items, this push for CBDCs is just part of "the current thing" as were COVID-19 lockdown policies, all climate change initiatives, and even the response to Russia's invasion of Ukraine.

The method has moved the push for digital currencies from a fringe idea that was barely discussed into the societal mainstream in the span of just a few years; to now where up to 90% of national central banks & over 100 countries are moving to either adopt one or have already done so.

Blacklisted News went on to note that one aspect of digital currencies that is rarely talked about, if at all, is the potential for them to be 'programmable' — "a hypothetical feature of digital currency which would allow the issuer to set limits and controls over its use."

"Essentially, any CBDC would give either the state, the central bank or the corporation issuing the money as wages, the power to control how and where the money is spent," the report stated, suggesting that would amount to "third-party control over *your* money."

**Breaking: CRYPTO CARNAGE and market mayhem foreshadowing the "mother of all collapses" to come--market mayhem leading Crypto speculators to commit SUICIDE!!!**

The absurd but often-hyped claim that "crypto is digital gold" has collapsed. The LUNA token, part of TerraUSD "stablecoin" ecosystem, turned out to be entirely unstable, collapsing to zero after a massive hyperinflationary LUNA token creation event (combined with a redemption / selloff factor) that plunged into a death spiral this week. All LUNA investors are completely wiped out, and the very idea of a "stablecoin" has taken a huge hit in credibility. (Only in the crypto world could something

described as “stable” by the entire community collapse to zero virtually overnight, with almost no one calling out the irony.)

Please don't ever make the mistake of thinking crypto is a “store of value.” It isn't. If you want to hold on to something with value, buy physical gold and silver. Crypto is for transactions, not savings, and all the crypto “holders” have been pleading with people to “hold” their coins (avoid selling them) solely because that was the only way to keep the Ponzi pyramid intact. But if the “value” in crypto depends on nobody ever redeeming it or selling it, then there's really no depth to that “value,” is there?

Bitcoin has plunged nearly 60% from its highs, and the bloodbath of crypto carnage that unfolded this week was psychologically jolting to crypto “investors” who have long thought that crypto would go up forever, never facing corrections or reality checks.

No cash or cards allowed!!!: Major supermarkets In Brazil set to accept only BIOMETRICS payment more trials in Asia and the Middle East are planned – with a view to a global rollout later in 2022!!!<<Resist this evil!!

Wednesday, May 25, 2022 (Natural News) Major supermarkets are set to prohibit payment using cards or cash, instead requiring people to scan their faces or fingerprints. Such a manner of payment fits perfectly into an Orwellian surveillance society.

Payments giant Mastercard paved the way for this new system, launching a biometrics payment program for retailers. Users checking out goods at the cashier will need to scan their face or palm to authenticate payment. Their biometric data can then be matched to a bank account stored on file, automatically deducting the purchase amount once the transaction is confirmed.

A spokesman for the company defended the new system, saying: “No more fumbling for your phone or hunting for your wallet when you have your hands full. The trusted technology that uses your face or fingerprint to unlock your phone can now be used to help consumers speed through the checkout.”

The biometrics payment program was piloted in five branches of the St. Marche supermarket chain, all in the Brazilian state of Sao Paulo. Mastercard partnered with local Brazilian startup Payface to make the system a reality. According to the New York-based financial services firm, more trials in Asia and the Middle East are planned – with a view to a global rollout later in 2022.

**Here We Go Again: Biden Administration Buys Millions of Doses of Monkeypox Vaccine After Case is Confirmed in Massachusetts**

**With midterms fast approaching, Democrat approval ratings cratering out of control, the hysteria surrounding Covid-19 rapidly waning, it seemed like it was only a matter of time before another crisis developed that would help the Left reinstitute the tyrannical control mechanisms they used throughout the China-virus pandemic.**

**Well, now we have monkeypox – a viral infection that is traditionally mild and rare in humans – popping up all across the Western countries. Oddly enough, the virus is seemingly spreading from person to person like never before, leaving many people, including those in the scientific community, scratching their heads and asking themselves: 'what is going on?'**

Now, we are obviously a long way off from what we experienced with the last pandemic, but, either way the timing of this new outbreak is curious – to say the least.

Australia, Canada, Italy, and Sweden have become the latest countries to report their first confirmed cases of monkeypox, a rare viral disease typically limited to west and central Africa that has seen over two dozen cases reported and many more being investigated in several non-endemic countries over the past three weeks.

With a recent surge of nearly 40 cases in Europe, the first positive case being confirmed in the US on Wednesday in Massachusetts, and a second potential case now being investigated by health officials in New York City, the Satanic Biden administration is wasting no time in 'preparing' for the next public health emergency.

On Thursday, the Federal government ordered 13 million monkeypox vaccines from the European biotechnology company Bavarian-Nordic, according to Newsweek. ([Click Here](#))

From Newsweek:

*"The order amounts to a \$119 million order for Jynneos vaccines, which are used for the prevention of both smallpox and monkeypox."*

<https://theblogginghounds.com/2022/05/20/here-we-go-again-biden-administration-buys-millions-of-doses-of-monkeypox-vaccine-after-case-is-confirmed-in-massachusetts-health-officials-currently-investigating-second-potential-case-in/>

Rare Monkeypox Virus Arrives, Just as Gates and WHO 'Predicted' - Vaccines 'Miraculously' Ready - RAIR

*"A new revised World Health Organization agreement aims to give Bill Gates and Gavi de facto pandemic and surveillance governing power over all 198 member states in the next pandemic."*

The World Health Organization (WHO) calls monkeypox 'an emerging infectious disease.' However, virologist Marc Van Ranst, who has "[been concerned for years](#)" about the virus, **points out that the company Bavarian Nordic has a vaccine against both smallpox and Monkeypox that was recently approved by the American drug authority FDA.**

The FDA [approved the vaccine in September 2019, just before corona. The U.S. government has purchased](#) 13 million of these vaccines. **"Monkeypox in the newspaper in the morning, a vaccine in the afternoon. Love science!"**

Then there is another remarkable thing. G7 health ministers will soon be training in Germany on a 'dangerous' virus outbreak. This time the smallpox virus, the older brother of Monkeypox. **"But luckily, the FDA is already ready to save us with a vaccine against smallpox,"** writes emeritus professor Wouter Keller.

**"I suddenly have a déjà vu, with the pandemic exercise [Event 201 in 2019](#) and immediately after there was the coronavirus. The next pandemic exercise is coming soon. What are they up to?"**

**Last year in November, billionaire Bill Gates warned of bioterror and [called on world leaders](#) to prepare for it with what he calls "germ games" or**

exercises. Gates said governments should be prepared for future pandemics and – very specifically – smallpox terror attacks by investing billions in research.

As [reported](#) at RAIR Foundation USA, a new revised World Health Organization agreement aims to give Bill Gates and [Gavi](#) de facto pandemic and surveillance governing power over all 198 member states in the event of the next pandemic.

[Biden Crime Family to reap massive profits from monkeypox vaccines](#)

As you might expect, the current White House occupant is about to rake in [boatloads of cash](#) from the new monkeypox “vaccines” that are currently under development.

The Penn Biden Center, a globalist think tank at the University of Pennsylvania Hospital, is receiving a flood of cash, we now know, to create the next wave of *plandemic* injections at *warp speed*. And as its name suggests, the Penn Biden Center is directly tied to the Biden Crime Family.

Patrick Howley told Owen Shroyer during a recent live transmission of “War Room” that the pharmaceutical-industrial complex is greasing the skids for the Biden Crime Family to profit heavily from the [monkeypox false flag event](#) that is now unfolding.

“The University of Pennsylvania, which hosts Joe Biden’s think tank the Penn Biden Center and paid Joe Biden in the lead-up to his run for president, got paid by the company Bavarian Nordic to perform a clinical trial on the Bavarian Nordic monkeypox vaccine,” stated [an article](#) by Howley that was published by *National File*.

A 2014 document further revealed that UPenn is being paid directly by Bavarian Nordic, which received \$100 million in U.S. taxpayer funding from none other than career government employee Anthony Fauci.
