## **+1+ PRAYER TO NEUTRALIZE OCCULT RITUALS**

Father God in the name of the Lord Jesus Christ, the Lamb that was slain before the foundation of the earth, seated at the right hand of the Father; we come in the authority given to us in Christ Jesus. **We place a hedge of warring angels with flaming swords of fire around us and our families continuously. We put on the whole armor of God. We resist and renounce Satan, the god of this earth. We rise to war by the power of the Holy Spirit against witchcraft, occult maneuvers and devices sent against Your Will and the Body of Christ. We ask you to dispatch legions of warring angels in full battle array to enforce our petitions and intercessory prayers. Rout your enemies on all fronts. Turn their hatred, anger, accusations, conflict, arrogance and wicked schemes upon themselves so that they become caught in their own snares and fall into the pits that they intended for others.** We nullify, cancel and oppose every satanic operation, scheme, maneuver and strategy. Cause secret plans, agendas and motivation of the enemy to be revealed for everyone to see. We decree and declare that what these evil people & entities meant for evil, you will turn it around and use it for the good of your people. **We close every evil portal that has been opened by them. In the name of the Lord Jesus Christ and His shed blood, we break and cancel every curse, spell, hex, vex, charm, enchantment, decree spoken or unspoken, sent against the Body of Christ, the innocent and your intercessors by every witch, warlock, satanist, sorcerer, voodoo priest,**

shaman, soothsayer, medium, coven and every minion of the devil working iniquity. May they fall into the very pits they have dug for others. Lord Jesus, reveal your love to them. Save those that can be saved. Show them the truth about who they are serving, and their eternal destination if they continue in their present path. Open their minds, eyes and ears to receive supernatural insight and knowledge to understand the truth of the Gospel. Bring them to salvation. We seal this prayer by the Blood of the Lamb and in the name of the LORD Jesus Christ. Amen.

Welcome to The Police State Future--The Floating Prison Barge--The floating barge was built as a way for authorities to evade oversight and local laws by claiming to be in “waterways” rather than on land--They are in many ways equivalent to CIA “black sites” where prisoners are routinely subjected to torture and enhanced interrogation techniques, despite the illegality of such acts-- Buy an electric car to save the planet, but don't charge it or you'll crash the power grid

**May 31, 2021--A massive prison barge is currently floating in the East River of South Bronx, near NYC. The barge holds 800 prisoners who are (?) being subjected to chemical assaults, vaccine medical experiments, “enhanced restraints” and other forms of illegal torture and incarceration.**

The floating barge was likely built as a way for authorities to evade oversight and local laws by claiming to be in “waterways” rather than on land. This barge, [shown in this YouTube video](#), is the perfect representation of the future of humanity under globalist police state control.

These barges are also known as “FEMA prison barges” and are believed to be used at GITMO. They are in many ways equivalent to CIA “black sites” where prisoners are routinely subjected to torture and enhanced interrogation techniques, despite the illegality of such acts.

VCBC (the Vernon C. Bain Correctional Center) is an intake processing jail anchored off of Hunts Point in the East River. The majority of people on the ship are awaiting trial. Commissioned in 1989 and custom-built in Louisiana to NYC's specifications, VCBC arrived NYC in 1992.

In the mid-90s VCBC was temporarily closed, then converted to a juvenile jail, and then converted back to an adult jail notorious for abuses and violence against detainees.

Meanwhile, the corrupt governments of the world are meticulously destroying domestic food supplies while cranking up cricket factories to mass produce

billions of pounds of ground cricket meal to be used as “health food” for humans and pets. As reported by [WestphalianTimes.com](http://WestphalianTimes.com), the Canadian government is excited about a project to, “grow billions of crickets... producing a nutrient-rich protein for premium health food and pet markets.”

Got that? Cricket protein meal is “premium health food.” Soon, you will see it touted as a replacement for whey protein and beef. (Enjoy your Cricket McNuggets.)

They also claim that producing crickets instead of beef will result in, “emitting significantly less greenhouse gas emissions during the production stage.” Thus, you will be told to eat crickets in order to save the planet from carbon dioxide.

As the water runs out in Lake Mead and most of the Western United States, wastewater recycling will leap into a whole new phase where people are forced to drink recycled urine if they hope to have drinking water. The water that’s removed from biosludge processing — teeming with viruses, birth control chemicals, pesticides and medications — will be filtered and repackaged as “drinking water” for the masses.

Meanwhile, Tesla owners in Texas are receiving in-car alerts that tell them to avoid charging their cars because the Texas power grid is on the verge of failure due to a lack of energy from wind turbines that aren’t turning because the wind isn’t blowing.

As [ERCOT has publicly announced](#), wind power in Texas is currently producing just 8% of its total capacity. Solar is producing 81%, but of course only during the day when the sun is shining.

	Installed Capacity	Monday (7/11) Tightest Hour (2-3 p.m.)	Percentage of Installed Capacity Available at Tightest Hour
Dispatchable	80,083	67,913	85%
Wind	35,162	2,698	8%
Solar	11,787	9,557	81%

Green energy, in other words, is failing yet again.

So now we have a situation where we’re all supposed to buy “green” cars to save the planet, but the green cars can’t be charged when the “green” energy isn’t working because the wind isn’t blowing. So your “green” car is useless

because green energy isn’t reliable. But globalists tell everyone to move to more green energy and more green vehicles, which will only make the entire system more prone to collapse. Is this some sort of insane climate joke?

Truthfully, there isn’t enough capacity in the power grid *right now* to reliably charge the electric cars already in existence. What happens when millions more people buy electric vehicles and plug them in? That answer is obvious: The power grid ceases to function and you end up with rolling blackouts.

In other words, the “green” agenda will push America into a third world existence.

It’s one more important reason to get a solar generator for backup power, by the way. The brand I currently recommend is EcoFlow, and they are available at [SAT123.com](http://SAT123.com), one of our sponsor’s websites (scroll down to see the EcoFlow solar generators and power storage devices).

## UN Secretary-General: Fighting Misinformation 'A Matter of Life And Death' Panicked globalists losing control the information war surrounding COVID, the Ukraine conflict, election integrity, and the Great Reset.

United Nations Secretary-General António Guterres claims fighting "misinformation" is a "matter of life and death."

"Communications is not a side issue or an afterthought," Guterres said Tuesday, calling strategic communications "central to the success of all our work."

"The weapons they wield are not just guns and explosives," he claimed.

"Misinformation, disinformation, and hate speech are increasingly being used as weapons of war" aimed "to dehumanize the so-called other, threaten vulnerable communities – as well as peacekeepers themselves – and even give open license to commit atrocities."

He went on to say that information provided to the public must be "grounded in evidence, based on verified data, open to dialogue, rooted in storytelling, and delivered by credible messengers."

"We need a substantial reform of our communications strategy, upgrading our tools and platforms to reach people around the world," he said, adding that the UN has launched a Global Communications Strategy.

Guterres argued the best course of action to combat misinformation is to use the power of Big Tech platforms for censorship.

"The United Nations must play a more deliberate role as an information actor in conflict environments...[and] seen as a trusted source by...facilitating inclusive dialogue, demanding the removal of harmful speech, calling leaders to account, and promoting the voices of peace and unity."

Guterres' argument is more of a smokescreen to target the real problem for global leaders: their narratives surrounding the Ukraine conflict, the Great Reset, election integrity, and the COVID plandemic – including the ineffective masks, experimental mRNA vaccines, and damaging shutdowns – faced major headwinds in recent months.

[Black market for body parts exists in America... funeral home operator just charged in criminal scheme](#)

A black market for human body parts exists in America. **A Colorado funeral home was able to traffic body parts for nearly a decade.** From 2009 to 2018, Megan Hess and her mother Shirley Koch operated a "nonprofit organization" called the

Sunset Mesa Funeral Foundation. Now these operators are being charged in a federal court with mail fraud, illegally trafficking body parts and giving clients fake ashes.

Families who sought cremation services from Sunset Mesa Funeral Foundation would receive fake ashes, as their loved ones were dissected and sold limb-for-limb through backdoor, mail-in Donor Services. Families who did consent to organ donation were also lied to, as the funeral home sold more body parts than what the families consented to.

Megan Hess and Shirley Koch offered cremation services to families for \$1,000 or more. However, many of the cremations never occurred and families were given concrete mixes or ashes taken from other incinerated bodies. Behind closed doors, Hess and her mother picked apart the dead bodies in search of viable organs and limbs. After procuring the body parts, Hess and Koch would offer the limbs to third parties on the black market. Many of these third parties included medical research, surgical training and other educational outlets. There is communications evidence that Hess and her mother may have worked with hospice wards to identify specific organs that buyers demanded.

Authorities also accused the sinister duo of shipping bodies that tested positive for Hepatitis B, Hepatitis C and HIV. Some of the body parts they shipped through the mail were procured from people who died of infectious diseases. According to an investigation, Hess and Koch falsely advertised that these body parts were “disease-free” when they offered them to buyers. Additionally, one of Hess’s former employees came forward and accused her of extracting gold teeth from one skull and selling them for \$40,000.

According to communications evidence, Hess would also meet with medical professionals in hospice wards to identify potential organ donors. In a 2014 conversation with a potential body part buyer, Hess wrote that she was “meeting with hospice on the 4th” and that they would be “opening the floodgates of donors.”

Hess said, “They have four or five deaths a day. Get ready!!!!” She offered a deal to the prospective buyer. “How about a deal on full embalmed spines ... \$950?” she wrote.

These communications should open up a full investigation into practices at the hospice ward. If the demand for specific organs is so great and there are high-paying clients, then getting a brain death diagnosis could become a critical step in the body parts trafficking operation. Once a brain death diagnosis is obtained on an organ donor, the family is legally obligated to give their loved one over to organ procurement (albeit religious exemptions are available in most states). Once a brain death diagnosis is secured, the organs are then harvested in a timely manner. The controversy behind the brain death diagnosis fuels speculation that there is a covert, legal body part trafficking operation happening right within the US medical system, with demand for organs growing worldwide. With this funeral home in Colorado helping facilitate the process, it becomes apparent that there is a very real and sinister body parts industry preying on organ donors and unsuspecting victims alike.

Monkey Pox Scandemic Headlines Read: MONKEYPOX PANDEMIC? ‘Shocking’ Monkeypox Screw-Up Means We Need to Admit We Now Face Two Pandemics-- WHO TO RECONVENE over Monkey Pox...Even the WHO admits it has only caused 3 deaths worldwide!!!! But obviously this is a pandemic we need to give up all our right and liberties for!!!!

**The lying report reads:** We blew our chance to quickly contain [monkeypox](#). Now the dangerous virus is spreading fast all over the world.

Health experts agree: the outbreak could soon qualify as a pandemic, if it doesn’t already. And the situation is likely to get worse before it gets better. More infections, more deaths, more chances for [the pox](#) to mutate.

“We are in uncharted territory with this outbreak... and still early in the event,”

The latest **lying** figures from the U.S. Centers for Disease Control are startling.

The CDC [tallied](#) 9,647 infections as of July 11. That’s a fourfold increase compared to just a month ago.

Cases are concentrated in West and Central Africa—where the virus is endemic—as well as in Europe, where the current outbreak began in May. But the U.S. [is logging](#) a startling number of cases, as well: 865 in 39 states, according to the CDC. That’s five times as many as a month ago.

**“Monkeypox is clearly a global health emergency,”** Lawrence Gostin, a Georgetown University global-health expert, told The Daily Beast. “It has simmered in small pockets in Central and West Africa for decades, but until now there have been no cases unrelated to travel in the rest of the world. Now it is in virtually every region of the world and spreading rapidly.”

The death rate, **mercifully**, is still low. As of July 4, the most recent date for which figures are available, **the World Health Organization had recorded just three deaths in the current outbreak.**

U.S. Has 17M Monkeypox Vaccine Doses Stuck in Denmark as NYC Scrambles to Get Shots Into Arms: ‘Make the Vaccine Available to Everyone’

[New York Daily News](#) reported:

Nearly 17 million doses of [monkeypox](#) vaccine are collecting dust at a manufacturing plant in Denmark instead of being shipped to the U.S. due to a bureaucratic delay, White House officials confirmed Friday, as New Yorkers lined up in droves to get ahold of a shot from the city’s short supply.

The viral disease, which is spreading across the world, **primarily among men who have sex with men**, causes blister-like rashes, fever and other symptoms.

There are no known U.S. [monkeypox](#) deaths, and public health experts have stressed that the virus is less transmissible than [COVID-19](#) — but that hasn’t quelled anxiety in New York City, which has emerged as an [early epicenter](#).

[Morticians Say: COVID-19 shots causing foot-long blood clots 'Too many people are silent, and silence is compliance'](#) Cole also cited studies Physician Resia

Pretorius finding the COVID' spike protein alone causes the proteins in our blood to clump.'

A pathologist who heads one of America's leading labs is finding unusually long blood clots, as long as one foot, in the bodies of deceased people who received COVID-19 vaccines.

Dr. Ryan Cole of Cole Diagnostics in Boise, Idaho, said his lab is "seeing mushy organs, we're seeing incredibly inflamed organs."

"We know the spike protein causes all the ... bad outcomes that the virus did in 2020," he said in an interview with Greg Hunter for USAWatchdog [reported by Just the News](#).

Cole said that in people with comorbidities – serious chronic diseases – the synthetic spike protein in the mRNA vaccines produced by Pfizer and Moderna are "causing inflammation in the lung, the brain, the liver, the kidneys, the heart; it's causing the same damage that the virus was causing."

However, he added, "in the body, the shots are persisting and making more spike protein than if you had a natural infection."

Cole, whose laboratory receives tissue samples from morticians across the country, cited a Stanford University study published in the journal Cell that found the vaccine's spike protein remains in the body for at least eight weeks.

Cole also cited studies by South African physician Resia Pretorius [finding the COVID "spike protein alone causes the proteins in our blood to clump."](#)

"That spike protein is thrombogenic – it causes clots, and it causes a lot of clots," Cole said.

Morticians, he explained in a March interview with anti-COVID-vaccine activist Steve Kirsch, usually "put a dissolving fluid in to break up clots so they can get their embalming fluid in."

And they were getting back pressure on the system, saying, "What in the world is going on?"

The morticians, Cole said, ended up pulling out "six-inch clots, 12-inch clots, two to three-foot-long clots."

"Because, you know, from the hip down into the leg, you have a long vein called the saphenous vein. And so they were pulling long clots out of your longer veins. And ... they hadn't seen anything like this previously."

In February, as [WND reported](#), a veteran embalmer told Kirsch he and more than a dozen colleagues in the industry had been noticing strange blood clots in most of their cases.

***I spoke to the family who owns one of the largest casket manufacturers in North America. They supply caskets to huge chains across the US and manufacture Prime Caskets, among others. It’s horrific to have to report on such a thing, but the owners said that their sales of typical caskets have increased by 20%, and since Dec 2021 their sales of small-size caskets (under 5 feet, i.e, for children) have increased by 400%. He’s not the only one talking about it, those in the funeral industry are well aware of the sudden change in the nature of their business.***

**The rumors of bulk child casket orders come as the US government last month became the first nation to approve Covid vaccines for infants as young as six months old, while the Canadian government is set to approve jabs for the age group later this month.**

***Sam Dodson: Hello, my name is Sam Dodson. I run a podcast called To The Lifeboats and I have no relationship with the pharmaceutical cartels. I'm schooled in electrical engineering and two years ago I'd never heard of mRNA, but let me tell you what I've learned since.***

***It starts with the shot you told us stays at the injection site. We know it doesn't. You knew it didn't. Biodistribution studies show that it goes to every major organ, primarily the heart, liver, and spleen where, thanks to the highly inflammatory lipid nano-complex, it transfects the cells. That complex contains a PEGylated lipid being mass injected into humans for the first time ever, while the animal studies showed heart attacks in pigs after the second injection.***

***You knew the lipid nanocomplexes collect in the ovaries, where they have the potential to cause devastating effects on reproductive health, yet you did nothing. When women started complaining of menstrual problems you did nothing. Transfected cells in every organ pump out the spike protein that ends up in the nucleus where it interrupts p53 LINE1 Embrica. You didn't know this because you didn't care to ask the question, and when shown to you in a study you did nothing.***

***Every transfected cell expressing spike protein risks autoimmune disease, the most acute of which is myocarditis. When people started dying of myocarditis you did nothing. The spike protein flows freely in the vasculature, finding its way into the brain, breastmilk, and the environment as the body sheds its protein in exosomes, making those around the vaccinated sick.***

***The spike protein directly affects toll-like receptors in CD4+ T cells, which are essential to the immune defense against these very viruses. When the vaccinated repeatedly caught COVID and suffered reactivation of herpes, shingles, papillomavirus in unprecedented numbers you knew this was a massive problem, yet you did nothing.***

*You knew that the mRNA stays around for months in the lymph node germinal centers causing T cell exhaustion, because the Stanford group performed the study that you couldn't be bothered to do. And then you ignored that massive safety signal. You were warned about oncomirs and the effect on p53, yet you did nothing.*

*When you were warned about prion disease and amyloid as a result of the huge amount of spike protein produced by these therapies you did worse than nothing; you silenced those people who raise the alarms. You were informed of fraud in the vaccine studies, yet instead of investigating you colluded with the manufacturers to suppress trial data for 75 years.*

*Knowing all of these concerns you now want to inject the very young who have zero clinical risk from COVID and for which not one single study has shown any clinical benefit. You have abjectly failed in your sole duty to ensure the safety of any drug given to Americans. The late Frances Oldham Kelsey would have been ashamed at how you've turned a once respected agency into a corrupted vessel for the very corporations you swore to protect the American public from.*

*If you have one shred of humanity left you will recommend an immediate halt to all the shots and pray that God has mercy on your souls. Might also want to figure out how we're going to diagnose myocarditis in very young babies who are unable to speak. Thank you.*

[An article published Thursday](#) by Johns Hopkins professor Marty Makary M.D., M.P.H. and consultant epidemiologist with Florida Department of Health Tracy Beth Høeg M.D., Ph.D. detailed the concerns of the health experts.

A senior FDA official told the doctors, “It’s like a horror movie I’m being forced to watch and I can’t close my eyes. People are getting bad advice and we can’t say anything.”

The “bad advice” the FDA doctor referred to is the lack of clinical data supporting the use of Covid jabs in Americans aged 6 months to five years old.

The FDA doctor was also upset the agency bypassed external experts in authorizing booster shots for kids.

The article continued to note top officials at the NIH’s Vaccine Research Center have quit over the past year, including the director, deputy director and chief medical officer.

An NIH scientist told Makary and Høeg, “There’s an enormous number of jobs opening up at the highest level positions.”

A pair of CDC officials said their agency is also suffering from low morale and that employees are tired of the politicization of their work.

“There’s been a large amount of turnover. Morale is low,” a high-level CDC official noted. “Things have become so political, so what are we there for?”

A CDC scientist told the doctors, “I used to be proud to tell people I work at the CDC. Now I’m embarrassed.”

## **This is Only a Fraction of the True Numbers But: 75,322 Dead 5,938,318 Injured Recorded in Europe and USA Following COVID Vaccines – Babies and Toddlers Hallucinating and Having Seizures After Shots**

By [Brian Shilhavy](#)

*The European Medicines Agency (EMA) database of adverse drug reactions is now reporting 46,160 deaths and 4,623,724 injuries following COVID-19 vaccines, while the United States’ Vaccine Adverse Events Recording System (VAERS) is now reporting 29,162 deaths and 1,314,594 injuries following COVID-19 vaccines. ([Source.](#))*

We know that as huge as these numbers are which are official government statistics, that they only represent a very small fraction of the total number of deaths and injuries suffered by those who chose to receive COVID-19 vaccines during the past 18 months.

Last year, Dr. Jessica Rose did a comprehensive analysis to determine the “under-reported factor” in VAERS, and came up with 41X, meaning that the recorded data for adverse reactions to COVID-19 vaccines in VAERS had to be multiplied by 41 to get more accurate numbers. See:

[Determining the VAERS Under-Reporting Multiplier](#)

However, now that more time has elapsed since this study was performed, many feel that 41X is significantly too low, and should be closer to 100X, which is the

number that was previously used based on a 2011 report by Harvard Pilgrim Health Care, Inc. for the U.S. Department of Health and Human Services (HHS).

Although 25% of ambulatory patients experience an adverse drug event, less than 0.3% of all adverse drug events and 1-13% of serious events are reported to the Food and Drug Administration (FDA).

Likewise, fewer than 1% of vaccine adverse events are reported. Low reporting rates preclude or slow the identification of “problem” drugs and vaccines that endanger public health. New surveillance methods for drug and vaccine adverse effects are needed. ([Source.](#))

So if we take the publicly available data from VAERS and the European EMA and multiply by 100, these would be the true numbers of adverse events following COVID-19 vaccines: 7,532,200 deaths and 593,831,800 injuries in Europe and the U.S.

According to reports, Lincoln National, the country’s fifth-largest life insurance carrier, reported a massive 163 percent increase in death benefits paid out under its group life insurance policies in 2021.

Annual statements filed with state insurance departments, which were provided to *Crossroads Report* in response to public records requests, show that Lincoln National paid out almost *three times* as much money in 2021 compared to yearly totals in both 2020 and 2019.

“From 2019, the last normal year before the pandemic, to 2020, the year of the Covid-19 virus, there was an increase in group death benefits paid out of only 9 percent. But group death benefits in 2021, the year the vaccine was introduced, increased almost 164 percent over 2020,” *Crossroads Report* explains.

One of the hardest-hit nations so far is Taiwan, which compared to a year ago has seen a more than 23 percent decrease in birth rate. (Related: Covid injections are [linked to](#) the destruction of men’s sperm.)

**“This is can be described as ‘unimaginable’ in terms of the likelihood of happening due to random chance,” reports *Great Game India* about what a 26-sigma event is.**

**The destruction of Taiwan’s birth rate is a 26-sigma event, meaning the probability of it happening at random is zero. Clearly the jabs are to blame. After most of Taiwan got “vaccinated,” and now less than 77 percent of the babies ‘expected’ are actually being delivered!!!!**

At one point I opened my door and was about knocked down by that same odor, quickly closed it again.

Like I was telling someone else, when you got that many people in a tight spot, especially in warm weather and people are worked up mentally, you should be smelling a combination of natural BO, some sweat, some perfume, some hair products, maybe occasional cigarette odor, some very faint whiffs of different laundry detergents on those whose clothes are freshly washed, you should not be smelling 1 uniform chemical odor on a crowd of 10-25 people, that's not normal or natural. Its hard to describe and many

yes like an industrial floor cleaner, detergent or what someone else here described like porta potty chemicals. This is what I noticed too.

someone else said sulfur/rotten eggs, and few months ago someone else described rotting flesh odor.

I wonder if smells differ according to brand of jab and which country they're in. 🤔

I have "felt " it too. Some are

## BEHAVIOR

Hi all. I have a question for those who have partners/ex partners who are 4x jabbed and that u have kid/kids with My ex was always pretty flexible, where possible. We co parented quite well, occasionally hiccups. We both tried our best. Sometimes he even bothered to consider something I found important regarding the kids. Since 4th jab, (yes I'm a medical researcher so I know why) not only has anger and aggression increased as I expected but also spite, hatred, chastising kids, trying to parent alienate and withholding requests to assist the kids when it's his visitation, even if it's obviously to child's benefit. Can others in similar situations please confirm if you are experiencing the same type of behavior. It's getting alarming now

Hi all. I have a question for those w...

Yes, my husband's vaxxed baby  
momma and 14 year-old that  
we have part time have become  
unbearable to deal with. She  
(mom) was a nightmare before  
but now she's turned the 14  
year old daughter against us  
and she has been obstinate as  
heck. Honestly, I wear black  
tourmaline whenever she  
comes over. Sometimes I do  
protection spells because I feel  
these people are operating on a  
satanic energetic level. Not to  
mention I get extreme fatigue  
when she comes over and  
sheds on us!

zero self-awareness and  
compassion. But, they are also  
teenagers. SMH 👧 They've  
gotten so entitled I'm glad we  
only see them part time!

Hi all. I have a question for those w...  
I have noticed my friends/  
family that are jabbed are very  
short tempered now.

6:59 PM

Hi all. I have a question for those w...  
I can relate to that. Wife has  
been boosted, now that I have  
covid she gets angry when I  
even mention I use ivermectin.  
I think this mechanism is in  
play: she feels that, and not  
taking the jabs, is a denial  
and rejection of the medical  
consensus she believes in. In  
short, a rejection of herself.

6:20 PM

Hi all. I have a question for those w...  
Personality changes, yes.  
Perhaps they unconsciously  
know what they are in for.  
Perhaps it's spiritual. I know  
of 4x man trying to molest  
the women in his family.  
Masturbating in public. I'd be  
careful. Things are only going  
to get worse.

**SHEDDING**

Hi everyone,  
I'm so glad I found this group!  
I seem to have to stay away  
people altogether 💔😭

Shedding-or whatever it is- gets  
my lungs/heart 1st  
Hugs and handshakes are  
almost deadly to me now.

If I don't get away immediately  
upon feeling chest pain/  
congestion,  
and take Ivermectin C D3 K zinc  
HCQ.... I get very, very sick for  
4+ weeks 😭 Blood tests show  
my kidneys are failing now  
(then I get sick from exposure  
to the phlebotomists!)

I scan for available Bluetooth  
devices when I'm in  
public...there are so many  
unnamed devices... walking  
around?

I'm practically living on  
Ivermectin, without it I can't  
breathe. It's very scary.

How can I be around other  
people again?

I am an unvxxd healthcare  
worker- will I ever be able to  
work again?

S.O.S.

| What symptoms do you get?

Every time I go to a supermarket, I have itchy rash. Do I have to stay in a room with jabbed for a longer time I also have pressure on my lungs and heart, eye infection, irregular menstruation and I'm always very tired after the shedding. I work mostly from home, so often I just have to be 1-2 times a week for about half an hour around jabbed, but already that is to much.

5:34 AM

| Every time I go to a supermarket, I...  
I have the same problem. I feel like it's getting worse month after month. Last December to now my reaction is so much worse. Are you seeing that too? I wonder if it's them shedding more or me reacting more.

I have a friend who opposed all vaxes ,but decided upon notavax. Her husband unvaxxed explained how he had an excruciating headaches that truckloads of neurophen could not fix , for days. I am convinced it was shedding. Plus, I could smell it went around there. It affected my eyes nose and throat. So if someone believes this is an option then that's their choice. To me I react to shedding and the smell from all if them, except JnJ which I don't know of someone whose company I have been in to properly identify.

8:47 AM 

| Kissing and skin contact is enough...  
definitely airborne, I've not  
hugged or kissed any jabbed  
folks, just passed them in  
common areas and received  
parcels from jabbed delivery  
guys, and rode in vehicles  
driven by jabbed drivers. 4:17 PM

| definitely airborne, I've not hugged...  
I know, I also do not have  
contact with jabbed, just if I'm  
in the supermarket I'm around  
them and even that is too much  
for me. 4:21 PM

Hi, I'm non jabbed, never get the flu...

I get very sick hugging vxxd people/touching them, and breathing near them.

It starts with a feeling of pneumonia in the center of my chest. I take Ivermectin right away when I feel this heavy, hollow, strange sensation.

Repeated contact will sicken and disable me for 4+ weeks. I didn't think I'd survive this last round. I was so weak I could not sit up in a chair. A "workout" when I started to feel better was to sit in a chair without using the backrest.

I don't dare get a massage!! It would probably kill me.

I am a CT/ xray tech, unemployed.

I would like to see an "unvxxd only" place to do healthcare and massage, and all work/shopping/social

12:16 AM

Prayers for your healing 🙏❤️

Thank you So Much! Right now I am ok, my cat Emma has 2 prions and Chronic Wasting disease as well as started going into kidney failure..

I am not even seeing my mom anymore til she stops putting our lives at risk..

Does anyone here know WHY some of us are sensitive and others are not??

12:39 AM

Anybody got experience getting rid of adverse effects of cvd vaccine shedding / transmission in dogs? Otherwise active happy healthy dog has been exposed to double jabbed people and since losing weight, listless, does not eat well, generally unwell. Is borax safe for dogs as a possible 'vax shedding' solution?

### Recommend Protocol For Covid-19 & the Shedding From The Covid Vaxxed

---

**Dr. Scott Johnson's Comment:** With the recent advent Covid (and all that surrounds that issue like the vaxxed shedding their spike protein payloads to the unvaxxed) we should all be placing an ever increasing importance on immune system function. In other words the best way to combat all contagious infections is: #1) To not put yourself in harm's way (that is if you can help it) and #2) building up your own immune system as much as possible. Below I am endeavoring to show you how to do the later, as the best defense is a good offence. Ideally, we want to have a strong immune system before we have any potential exposure to any contagious infection. In order to do this certain criteria have to be met in the human body. I am going to highlight some of the most important factors in this document. **See below.** God bless!

**Recommended Products Dr. Johnson Carries to build up the Immune System:**

**++Corona Virus or SARS: Invive Mild Silver Protein 5000ppm--Take (One TEAspoon), every 4 hours till asymptomatic (1/2 dosage for children). Hold Each dose under the tongue for 3-4 minutes before swallowing .**

++ For More Information or to purchase the Invive Silver go to: <http://www.dr-johnson.com/>

++ Because Invive Silver is so stable it has a 25 year minimum shelf life. There is no colloidal silver in any form that can even come close to their shelf life or potency; nor has there been one case of Argyria (turning gray) reported from taking Invive Silver.

++ Note: Selenium, Vitamin C, Zinc, Calcium, Vitamin D-3 and Iodine can easily become depleted from aggressive viruses

++My choices of selenium: Selenium is highly anti-viral and is an essential trace element possessing antioxidant properties, and is key to the production of glutathione peroxidases which makes this very compatible with NAC (see below) to raise glutathione levels.

++My choices of Vitamin C:

++ I recommend that every adult take at least 6 to 12 grams of vitamin C per day if you are being exposed to the Covid vaxxed (but you can go double that is you feel you are infected) for optimum dosing. Space out your dosages every 2-4 hours ideally.

++Lung Infection Support

[Pneuma-Zyme™ \(Lung Conc.\) \(100 T\)](#) 33.00 &

[MBi Nutraceuticals Pneumo Complex Glandular Tissue Concentrate 60 Capsules](#) \$17.00

++Dr. Johnson's Comment: I also suggest if your O2 levels are running low (which seems to be very prevalent due to the Covid-19 Bioweapon) to get on Cataplex E2 by Standard Process (9-12 a day split up dosages), but I don't carry that one. You can find it online.

++Parasite Eradication (If you are concerned about the parasites that have been actually viewed under the microscopes of researchers who have examined the Covid vaxx vials, you can take the protocol below) See: [Four Deadly Parasites Found in Vaccines](#)

[Bromelain Plus CLA \(100 T\)](#) \$23.00

[Dysbiocide 120ct](#) \$34.00

I recommend the products be taken together for two 20 day cycles with one week off in between. You would take 6 a day of Dysbiocide (120 C) and 5 a day of the Bromelain Plus CLA (only empty stomach) of each product for two 20 day

**cleanses.** You would essentially need two bottles of each product to properly complete a parasite cleanse, as you would be taking one bottle of each for every 20 day cleansing period.

### **++ Stroke Recovery Protocol**

**VasculoSirt** 5 with meals or 15 a day

**Cytozyme-B (Brain) (60ct)** 1 with meals or 3 a day

**Davinci Labs NATTOKINASE PLUS 60 capsules** 1 taken on an empty stomach 3 times a day. **++Note you cannot take this product with any blood thinner medications as it will thin the blood too much.**

**Intenzyme Forte™ (100 T)** 5 tablets taken on an empty stomach 3 times a day—

**Take with the Nattokinase**

**++** If the stroke was due to a weakened blood vessel that was compromised add in: **Bio-FCTS (90 C)** 1 with meals or 3 a day

**++** If the stroke was due to plaquing of the arteries EDTA chelation needs to be taken until the arteries are clear:

**Dr. Johnson's Comment:** A Doppler ultrasound of the carotids is the best, most cost effective way to confirm if you have plaquing of the arteries. Lifeline Screenings are a nationwide service that can provide these at a very low cost, go to: [www.lifelinescreening.com](http://www.lifelinescreening.com)

This is probably the best version of EDTA if you cannot do the IV chelation:

**Medicardium: Magnesium Di-Potassium EDTA Chelation**

**How Does EDTA Chelation Work?**

**IV EDTA Chelation**

**EDTA Chelation Suppositories Reviews**

**++** Regarding the oral EDTA, once a day, if you let ¼ tsp to ½ tsp of oral EDTA sit under the tongue for 5-20 minutes (with 5-7 drops of 99% pharmaceutical grade DMSO—see below) before swallowing, it will have a much higher absorption rate. A little organic peppermint oil can kill the taste. This process (depending on your plaque level) takes a lot of time to work with the oral EDTA route, but it can be a literal lifesaver and it much cheaper than IV Chelation which is the Gold Standard and also highly recommended if you can afford it.

To Purchase Pharmaceutical Grade DMSO (which is the only kind anyone should be using) go to: <http://www.ebay.com/usr/kaitlynst treasurebox? trksid=p2047675.l2559>

**++For the money this is an excellent value on EDTA:**

<https://www.purehealthdiscounts.com/supplements.htm> <<You will have to scroll down to find this product.

**++** This kind of chelation will not remove calcium from your system but it will remove other heavy metals and trace minerals (so again being on a good trace mineral product while on any kind of chelation program is essential) but if you have calcium buildup due to artery plaquing this will not remove that calcium

**EDTA chelation skin cream now:** [KelaCream EDTA Heavy Metal Detox Cream](#)

**Also here is a whole book on this subject:** [Detox with Oral Chelation: Protecting yourself from Lead, Mercury, & Other Environmental Toxins](#)

**++** Lastly any form of chelation will remove trace minerals from your body, so it is important to take some extra trace minerals once you have been on the EDTA for any length of time. This is an excellent one: [Multi-Mins™ \(Potent Mineral Combination\)\(120ct\)](#) & (360ct)

**++** Dr Johnson does not carry any form of EDTA chelation, but he does carry the other products mentioned.

**++** These products are very complicated to sell via an website online as they are professional products that should only be sold via health care providers. Now at the same time I make these easy to purchase, though. Sorry only US orders.

To purchase--Email: [drjohnson@ix.netcom.com](mailto:drjohnson@ix.netcom.com)

**Subject:** **Listener Comments: Invive Colloidal Silver Covid Remedy & Information on the Nasal Application of Colloidal silver and Iodine**

Hello Scott, I have been listening to you for many years. And I am a repeat buyer of Invive Colloidal Silver. I also gave the 5,000 ppm to my cat when he had a Rodent's Ulcer. He was given prednisone and it almost killed him. So, after seeing the antibiotics were not working after a few months, the Invive cleared his condition up in less than three weeks, my vet (who was a shyster) was blown away. He didn't know what to say. Anyway, I bought the 10,700 Colloidal Silver back when this plandemic first hit, just in case I got it. I was taking all Standard Process supplements along with your suggestions of Selenium, Innate Response Vitamin C, and many other Amino acids...I felt invincible, but took my immunity system for granted. And I did not reorder my supplements on time.

At first, I felt a little run down, a tad weaker in the gym, but the Wednesday before New Year's Eve I was on the treadmill and I felt winded, I couldn't get past 2.5 mph? I did a mile and called it a day. Then my appetite decreased, but I still had a desire to eat only fruit. When Covid kicked in, it mimicked the chicken pox for me. I felt it in my scalp, and in my jaw. When I tried to expand my lungs, it would cause a coughing spell that triggered massive headaches. Then I hit the Invive. I started with a tablespoon every four hours, then did a capful every four hours. I could feel my body get hot... I woke up and the sheets of my bed were soaking wet. The Invive Colloidal Silver killed the Covid in two days.

I did feel drained and tired for three weeks. I got back on my supplements and back to the gym two weeks ago and feel great again.

My chiropractor told me if you swab the nasal passages with iodine, hydrogen peroxide, or colloidal silver it will kill the Covid before it enters the sinus.

Thank you, Scott, for all you have taught me. I look forward to all of your podcasts. God Bless,

Jerry P

-----  
++ My family and I had COVID over a year ago now and with your advice I've been on a pretty good regimen of immune boosting nutrients. So no one has gotten COVID again and when I have felt something brewing, I use [povidone iodine nasal spray](#) which really seems to work. I then up some of my supplements. I take silver if I need it. Occasionally I'll take Black Seed Cumin oil if I really feel like I'm coming down with something. I also have a "plague tonic" ( a recipe was given to me by another homeschool mom) prepared which seems to work: fresh organic ginger, horseradish, whit onion, garlic, habeneros as hot as you can get and raw ACV with the mother. Blend it up and store in a mason jar and take a tablespoon as needed. It's pretty fierce but I think it helped me beat the only really illness I have had this year – felt like a three day cold in September which I threw everything at. I did not get tested. And I bounced back quickly. Usually they drag on for me.

++ Optional, but Dr. Johnson does not carry this: [povidone iodine nasal spray](#)

---

### How to go after a internal infection from multiple angles

++ Now with a **sinus infection** the best way to directly go after this is to get any nasal spray atomizer bottle (**Like this one:**

<http://sparknaturals.com/index.php/accessories/1oz-blue-glass-nasal-sprayer.html> ) and

add 500ppm silver to the bottle. Now to make the 500ppm just add 10 parts distilled water to one part 5000ppm. This will be the strength you use in a nasal spray bottle.

One drop of eucalyptus oil to this 500ppm solution is also very good for nasal use.

When you use the 500ppm in the nasal spray bottle make sure you tip your head back and spray 3-5 times per nasal passage. You can do this several times per day. You would also want to take 1/4 tsp. of the 5000ppm held under the tongue 3 times a day until you are doing better.

### **DIRECTIONS FOR USE FOR the nasal silver (Or iodine) spray:**

We suggest placing head down by knees after nasal application - this will allow the solution to reach under eyes and not drain back out of the nose - look left for 15 seconds - then look right for 15 seconds - then stand up and tilt head back allowing the rest to reach behind nasal passages by adenoids area.

++ For **lung infections** nebulize 100ppm Invive Mild Silver Protien directly into the lung fields for 3-4 minute intervals several times per day. If you want to make a 100ppm solution (and you have a 5000ppm bottle) just divide 5000 by 100 to get: 50. So you would add 50 parts distilled water to 1 part 5000ppm to make a 100ppm solution. You would also want to take ¼-1/2 tsp of the 5000ppm held under the tongue 3 times a day until you are doing better.

-----

For **Otitis Media (ear infections)** (if your ear drops are not ruptured) you need to dilute the Invive Silver to 500ppm for the ear drops. To make this strength from 5000ppm just add 10 drops of distilled water to every one drop of 5000ppm. Use 3-4 drops in each ear 2-3 times per day till better. In reality I really like just plain old 3% Hydrogen Peroxide for ear infections 2-3 drops in each ear. Tilt the head and hold this dose in each ear for 1-2 minutes before tilting your head back. It will bubble and be quite loud and may burn a little so sometimes children are afraid of the Hydrogen Peroxide whereas the silver should not bubble or hurt at all.

For an 8 year old I would administer the 5000ppm silver under the tongue 15-20 drops 3 times a day (hold for 2-3 minutes then swallow) to treat the ear infection internally as well.

-----  
For an **eye infection like Pink Eye** only use the 50ppm Invive Mild Silver Protein Strength. One drop in each eye 3-4 times a day typically works wonders.

So, my daughter's boyfriend got sick and tested for covid, my daughter and wife both sick, went in to get tested yesterday, in spite of my fervent protest showing proof the test are faulty. They came home positive. I had a head ache behind my eye on Friday, ran out of the 2000 silver, so I was taking a table spoon 500 every two hours, feeling worse, body aches and pain, fever sweats and chills to the bone, felt like I had been hit by a truck, Saturday morning, missed work. **Broke out the 5000 silver took a tea spoon and then again 8 hours later another. And this morning I'am perfectly fine.** My wife has taken some too, I have to talk to my daughter, she says it stains her teeth.. Pray for us. Gods bless you and yours. Thank you for sharing the silver connect. Stay healthy.

**Scott Johnson's Comment: Great to hear, but yes you should always brush your teeth right after taking the silver or it can stain your teeth, especially the 5000ppm and above.**

*Hi Scott, I'm a long time listener to your program. Forgive me if I'm having a bit of a time communicating. I'll try to nutshell this. I'm 58 yrs old. My 33 yr old daughter works at a daycare. She has not taken the jab nor been tested. **However her boss and co workers have, and now my daughter, her daughter and my other daughter have come down with whatever they got from them and now me.** The three of them are getting better though not 100%. I am now sick on the 2nd relapse. I never got the jab or was tested but have had a fever **and can hardly breathe to the point it's all I can do to try and write you read through the info etc. I am really scared right now. We all live together and I can't really care for myself much. I want to order the 5000 silver, 2 bottles but now sure how to get it fastest. forgive me I'm not sure what to do and I'm having such a hard time breathing and I'm really scared though I know I shouldn't be. I am truly beside myself.** Thank you Scott and God Bless.*

***Update: This just took me by total surprise. Its been very hard not to panic. The pain and not being able to sleep from the pain and the fear of not being able to catch my breath has been something indescribable. Praising Jesus while I'm laying there. **Subject:** [Listener Comment: My experience with your Covid protocol](#)

...I'll try and make this short but want to share my experience with your Covid protocol. It was really put to the test! Surgery on my cervical spine became necessary due to severe pinching of my spinal cord. This was due to a congenital deformity and severe arthritis. Thankfully I am in Oklahoma so no Covid kill shot was necessary. **For 10 days prior to surgery, I hit your Covid protocol hard knowing that I would be in a spine surgical center where staff were likely jabbed. I definitely wanted my immune system strong in case I had to tap into those reserves.** Thankfully I was admitted into a surgical center and not a general hospital with Covid patients. Due to a family emergency I had a close friend take me to the out of town surgical center for surgery and then pick me up after an overnight stay. When the friend took me to the surgical center, she was very under the weather so I kept my distance as much as I could in a vehicle as we traveled together for 2 hours. She then dropped me off and I didn't see her again until after my surgery when she would pick me up to take me home. **Surgery went fine, but during my overnight stay my oxygen level kept plummeting causing the oxygen meter alarm to go off regularly.**

**Dr. Johnson's Comment: Could be totally due to the 5G kill zone saturation at most hospitals as 5G specifically interferes with oxygen uptake in the body.**

We couldn't figure out why. It was strange but no one was too concerned about it. The next afternoon that same friend picked me up to take me home. When she picked me up, I knew she was really sick but had no choice but to go with her on the 2 hour trip back. I was on strong painkillers and not really thinking clearly. Once I was home, I started not feeling well post-surgery. However, I knew it wasn't surgery related from the symptoms they listed on my discharge papers. I was running a 101 degree fever and completely lost my appetite while feeling like a Mack truck hit me. It was then that my friend texted me to tell me she had been admitted into the hospital with Covid since her oxygen levels kept plummeting. I then realized I had been exposed to Covid in a much weakened post-surgical state and my symptoms were progressing as hers did. She begged me to go get tested. **I declined but started hitting your Covid protocol hard once again knowing that I had caught the bio-weapon.** If you remember, I have a few autoimmune diseases, a rare spinal cord disease...and was now sick with Covid all while just having surgery. Not a good scenario! I had quite a few people praying for me as I quarantined myself. **One friend brought me Ivermectin but it went unused and I never had to take Invive MSP. After 2 days on your protocol, I started feeling better. I continued to get better daily until I am now back on a daily maintenance dosage. Praise the Lord Jesus Christ!!! Friends were shocked at my recovery.** Frankly, I was too considering all of my other health issues and directly after a major surgery.

I have thanked Jesus for His mercy and for using you mightily to prevent illness and heal the sick. You know I've had great benefit from your supplementation protocol through the years but this was on a whole different level. I still get teary-eyed thinking about it. THANK YOU, THANK YOU, THANK YOU!!! S...

**Have you taken your vitamin C today? Nature produces an incredible array of molecules, vitamin C being just one of less than 30 micronutrients known to be essential to humans which cannot produce their own vitamin C internally.

While Vitamin C is unequivocally recognised as a quintessential player in maintaining function of the immune system, the review paper points to 70-80% of patients with severe covid-19 disease suffering hypovitaminosis C (i.e. low vitamin C status) in hospitals (<23 micromoles per/L). Significant numbers have plasma levels less than 11 micromoles per /L which puts them in the scurvy category, also not uncommon among those in care homes.

Vitamin C deficiency can contribute to an array of problems including poor immune and neurological system function, as well as scurvy, poor wound healing, bleeding gums, improper gene expression, and premature aging (e.g. through disruption of collagen formation).

By contrast, the benefits of [optimising circulating levels of vitamin C](#) include:

- Required for appropriate gene expression
- Helps form collagen and maintain integrity of barriers, bones and cartilage
- Required for normal wound repair

- Facilitate mitochondrial (energy-yielding) function to help overcome tiredness and fatigue
- Required for the enzymatic production of particular neurotransmitters
- Increases absorption of iron

### Are Fevers Bad?

From: P

Subject: if you have the virus

Dr. Scott, Do you recommend taking Tylenol to break the fever (if the fever gets too high) along with colloidal silver? Some of the other doctors are recommending this.

Thank you,

-----  
**Scott Johnson's Reply:** Yes I never advise this unless the fever is above 104 for an extended period of time. Fevers are a God given attribute of our immune systems designed to kill pathogens. Things like bacteria and viruses increasingly do not do well when we have an elevated body temperature. That is why we get fevers in order to "kill the bad guys" in our bodies. Also for the Covid-19 I did a report on the people that were dying in Italy and the UK, and they had almost all been taking ibuprofen prior to the virus overtaking them and them ending up in the hospital.

**Calcium & Vitamin D-3 Is Vital For Your Immune System**

Most people are not aware of the role that **calcium** plays in our immune system. It is actually one of the chief fuels upon which our immune system runs on. White blood cells are the main tool our immune systems use to destroy foreign infectious invaders. **White blood cells (WBC) use calcium as the main fuel to propel themselves and destroy these invaders through a process called Phagocytosis. If we don't have enough usable calcium in our body, our immune system cannot ramp up, get to and kill these foreign infectious invaders. It's like having a guided missile, with no way of getting it off the ground. Consequently, if you have a low amount of usable calcium in your system, forget about having a strong immune system. It won't happen because it can't happen. And calcium is not something that can be manufactured in the body unless we leach it from our own bones, which over time would lead to osteoporosis. One of the main signs we are deficient in Calcium during the throws of an infection, is a high body temperature or fever for an extended period of time.** A CONTROLLED fever potentiates all parts of WBC function, from formation of them, calling them out of the storage pool first and bone marrow second, to calling them to the site they need to be, it makes them move faster, it helps them to perform their function faster as well. This is well known fact.

One of the things that got me into the alternative health field was a poorly functioning immune system. I have found one of the main components in building a strong immune system is keeping calcium reserves high in the body.

I have found one of the main components in building a strong immune system is keeping calcium reserves high in the body. As sufficient stomach acid is essential for the breakdown of not only calcium but protein, iron and several other trace minerals. If low stomach acid is a factor, **[Hydro-Zyme \(90 T\)](#) or [Hydro-Zyme \(250 T\)](#)** should be taken with the Calcium and with food. Or as an alternative taking 1-2 tsp. with the calcium should do the trick. One other thing that is important when talking about calcium is the Omega-3 fatty acids which are high in flaxseed oil. You see the omega-3 fatty acids in flaxseed oil are necessary for healthy cell membranes and to transport calcium into the white blood cells, where the calcium is used to support cell motility (movement) and phagocytosis (killing the foreign infectious invaders). Of the Omega 3 good fats, flax seed oil is very important. For this I

recommend [Genestra Organic Flax Oil Capsules 90 Softgels](#), as flax is a very volatile oil and spoils very easily. It is a risky proposition buying flax oil off the shelf as usually there is no way to verify quality. This is also an excellent protocol for skin protection as Calcium and Omega 3 fatty acids are essential in preserving and protecting the skin. Now if I feel I may be getting run down, I will increase my dosage of these two products until my system is back in balance. If these products are taken in conjunction with a good whole food multi-vitamin mineral product like [Intramax or the Innate Once Daily formulas](#) you should be in pretty good shape.

### **Invive Silver Dosing Chart for children/babies**

**Maximum dosage in case of a severe infection:** 5 cc's of the 5000ppm Invive Mild Silver Protein per 30 lbs Bodyweight. 5cc = 1tsp. That means a 30 lb. child receives 5 cc in total per day, **in divided doses** of 1.2 cc q.i.d. (or 4 times a day)

A 10 lb. baby receives 2 cc **in total per day**, in divided doses of 1.6 cc total per day.

In this case (2cc's) that means 7 (drops) Q.I.D. (or 4 times a day)

Q.I.D.= 28 drops total per day divided by 4 = 7 minims (drops) sublingually every 6 hours.

### **Symptoms of coronavirus infections almost perfectly mirror symptoms of zinc deficiency**

Writing for LewRockwell.com, [Bill Sardi writes](#) that all the most prominent signs of COVID-19 almost perfectly mirror symptoms of zinc deficiency. From his article:  
*...[M]odern medicine is so steeped in its pharmacy of prescription drugs, with its blinders toward nutritional medicine, that it can't see the obvious evidences of a trace mineral deficiency that results in the same signs and symptoms produced by COVID-19 coronavirus.*

He publishes this list of COVID-19 symptoms vs. symptoms of zinc deficiency:

Symptoms of COVID-19 Reported by Emergency Room Physician	Symptoms of Zinc Deficiency
Dry cough	Chronic cough
Nausea w/o vomiting	Nausea
Fever	Fever
Back pain (kidney?)	Chronic pain (low back, neck)
Abdominal discomfort	Abdominal cramping
Diarrhea	Loose stool
Loss of smell	Altered/loss of taste and smell
Loss of appetite	Anorexia (loss of appetite), weight loss
Fatigue	Apathy
Atrial fibrillation (new)	Atrial fibrillation
Low lymphocytes (white blood cells)	Decreased immunity
Lower platelets (blood clotting factor)	Low platelets
Neutrophil count/lymphocytes	Lymphocytes decline (white blood cells)
Interleukin-6 (inflammation)	Increased interleukin-6
Pneumonia (fluid filled lung)	Pneumonia
Inflammatory (cytokine) storm	Inflammation
Elevated iron storage (ferritin)	Increased storage, transport of iron
Elevated C-Reactive Protein	Increased C-Reactive Protein

He further writes:

*Dr. James Robb, a pathologist who performed early experiments with coronaviruses back in the 1970s, claims that zinc lozenges are the “[silver bullet against coronavirus](#).” Zinc is required to [maintain thymus gland function to produce life-long antibodies from T-memory cells](#).*

*[Zinc supplementation in the elderly, the high-risk group of coronavirus Infections, lowers illness markedly](#). [Modern medicine needs to emphasize zinc therapy](#), especially during epidemics.*

In summary, it looks like zinc might be the single most important preventive measure, possibly in combination with chloroquine, to **halt the spread of the coronavirus pandemic** and get the economies of the world back to work.

And that’s why the tech giants (Google, Twitter, Facebook, YouTube, etc.) as well as the corporate-run media will continue to censor all truth about zinc and chloroquine, because they actively hope to spread this pandemic and collapse the global economy. Avoid zinc oxide, as it’s almost impossible to absorb.

## **How to Neutralize Potential Damage from mRNA Vaccines**

Below are the **TOP Three** recommended substances to mitigate damage from mRNA vaccines (in no particular order).

### **1 | IODINE**

An essential mineral, iodine is used by the thyroid gland to make thyroid hormones that control many functions in the body including growth and development, repairing damaged cells and supporting a healthy metabolism. Because your body does not produce iodine, it needs to be supplied in the diet. Iodine can also be used to detoxify toxic compounds **and strongly increases the mRNA decay rate.**<sup>2,3</sup> Dietary iodine also controls its own absorption through

regulation of the sodium/iodide (NIS) symporter,<sup>4,5</sup> which protects the functions of the thyroid gland.<sup>6</sup>

## 2 | ZINC

Zinc enables the body to make proteins and DNA, contributes to wound healing, and plays a role in childhood growth and development. It also has antioxidant properties and plays an important role in cell-mediated immune function and modulates mRNA levels of cytokines.<sup>7</sup>

Zinc has been shown to regulate gene transcription in cancer cells, plus zinc globally down-regulates microRNA expression and key enzymes and proteins necessary for microRNA maturation and stability.<sup>8</sup> Lastly, zinc-finger protein serrate is among the plant compounds that may silence mRNA.<sup>9</sup>

## 3 | QUERCETIN

Quercetin, a flavonoid with multiple proven health benefits to both man and animals, displays a plethora of biological activities.

Quercetin-treated neutrophils exhibited a remarkable suppression in mRNA expression of various proinflammatory genes.<sup>10</sup>

One of the lesser-known and recently discovered roles of quercetin, is modulation of microRNA (miRNA) expression, which plays a vital role in health and disease.<sup>11</sup>

Also, **water only fasting** (for 1 week) has been shown to repair DNA damage and silence foreign mRNA. <https://truth11.com/2021/04/07/how-to-neutralize-potential-damage-from-mrna-vaccines/>

## On the Connection Between Graphene Oxide Found in "Covid Vaccines", Electromagnetic Fields, Blood Clots & Severe "Covid" Symptoms | How to Remove Graphene Oxide From the Body - Truth Comes to Light

Many are already aware of the work that the team of Spanish researchers that make up [La Quinta Columna](#) have been doing.

Pay attention to this finding: Graphene oxide inside the body causes thrombogenicity. Thrombogenicity refers to the tendency of a material in contact with the blood **to produce a thrombus, or clot**. It not only refers to fixed thrombi **but also to emboli, which are thrombi which have become detached and travel through the bloodstream**. Graphene oxide inside the body causes blood clotting. Graphene oxide inside the body causes post inflammatory syndrome or systemic or multi-organ inflammations. Graphene oxide inside the body when it is above the levels of glutathione —which is one of the body's natural reserves of antioxidants—, causes alteration of the immune system, collapse of the immune system and cytokine storm. Inhaled graphene oxide spreads evenly throughout the alveolar tract and causes bilateral pneumonias. Inhaled graphene oxide causes inflammation of the mucous membranes and thus loss of taste and smell, **possible loss of taste and smell: anosmia**.

In short, graphene oxide behaves exactly like the supposed SARS-CoV-2 of the official version, generating the same symptomatology of severe COVID-19. When installed at the neuronal level, it causes neurodegeneration or, in other words, **neurological COVID-19**.

So, from here we started to see what possible compounds, drugs and treatments could degrade graphene oxide. And look what we found: N-acetylcysteine or glutathione administered degrade it. Because what glutathione does is counteract free radicals and oxidants, all the toxins that can enter the body.

And we discovered that there were about 300 clinical studies where certain hospitals and certain universities were using N-acetylcysteine with incredible results.

These are the two sizes Dr. Johnson carries:

[Pure Encapsulations NAC 900 Mg. 120 capsules \\$42.00](#)

[Pure Encapsulations NAC 900 Mg. 240 capsules \\$74.00](#) <<Backordered

[NAC \(500mg\) \(180ct\) \\$30.00](#)

For example, 100 patients with saturation levels below 50% practically dead — bluntly speaking—, with bilateral pneumonias, within an hour of intravenous glutathione or N-acetylcysteine administration they recovered. They were taken off ventilators and everything.

Given that to date there is no scientific evidence of an actual sequencing and isolation of SARS-CoV-2, we suspect with many credible indications that COVID-19 disease is actually the side effect of the introduction of graphene oxide into the body by different ways.

And I say 'different ways' because, although they were withdrawn at the time, masks containing graphene oxide nanoparticles have been introduced and are still being marketed. These masks have been introduced and are still being marketed by companies such as Nanografi, so we have masks with graphene oxide, but also graphene oxide nanoparticles introduced in PCR tests; graphene oxide is also present in antigen tests; hydrogels also contain graphene oxide nanoparticles; intranasal vaccines also, since graphene oxide in aerosols is more potent, as is the supposed SARS-CoV-2. Intranasal vaccines are also prepared, for example, by Turkey. They are made by Nanografi for COVID-19 and influenza.

We know that, naturally, graphene oxide is eliminated by the levels of glutathione in the body, and that is why we suspect that they propose a second, third and even fourth dose every so often: so that you have your considerable dose of graphene oxide. In short, we are talking about the simultaneous and gradual mass poisoning of the entire world population.

We are talking about a crime against humanity with the complicity of governments or at least their participation.

When we study glutathione, we realize that it begins to fall from the age of 30 onwards, but above all it falls considerably from the age of 65 onwards. In fact, COVID-19 takes a heavier toll on older people, apart from those who are immunocompromised and have other pathologies. When we study glutathione, we realize that children have high glutathione reserves because of their youth, and the COVID-19 disease itself hardly has an impact on children. Similarly, glutathione is especially low in the obese population and we realize that it is precisely the obese who are most affected by COVID-19. We realize that glutathione is related to vitamin D. Low levels of glutathione contribute to low levels of vitamin D, and it is precisely patients with COVID-19 who have low levels of vitamin D.

Everything that we have subsequently studied only further increases and corroborates the hypothesis that the supposed SARS-CoV-2 of the official version is precisely the graphene oxide. And that all the elements of the supposed protection, that we have been given: masks, PCR tests, swabs, antigen tests and vaccine — are precisely all those elements that will potentially cause the disease to develop in the future.

And why do I say 'in the future'? When we studied the electromagnetic phenomenon we realized that graphene oxide has what is called an 'electronic absorption band'. The electronic excitation, its magnetic resonance is precisely in the third bandwidth of the 5G technology, the one that is being implemented right now and that has been with us throughout the scandemic.

Incredibly, we are narrating a science fiction movie, but believe me, today nanoscience, neuroscience and biotechnology have advanced tremendously. Can a person be controlled or neurocontrolled remotely wirelessly? Yes, it can be done and it is probably being done in a disguised way, and that may explain some of the anomalous behavioral behavior of the population, especially those who have been inoculated or who have received doses of graphene oxide by different ways.

With a degree in Biological Science I can testify to the extraordinary benefits of fulvic acid in plant and mammalian metabolic functions. This product is for my personal use. If you take vitamins or eat food you need fulvic acid for best absorption of the active ingredients. Fulvic acid is an organic chelating agent, which is a material that helps molecular nutrients (or drugs) move through cell walls better.

**Is pine needle tea the answer to covid vaccine shedding / transmission? Learn about suramin, shikimic acid and how to make your own extracts**

**Word is spreading that pine needle tea may offer a solution against covid vaccine "shedding" or transmission, which appears to be a phenomenon where vaccinated people are spreading harmful particles or substances to others around them. See this article from a WordPress blog site called "Ambassador Love."**

That article states:

***There is a potential antidote to the current spike protein contagion which is called Suramin. It's found in many forests around the world, in Pine needles. Suramin has inhibitory effects against components of the coagulation cascade and against the inappropriate replication and modification of RNA and DNA.***

***Excessive coagulation causes blood clots, mini-clots, strokes, and unusually heavy menstrual cycles.***

***Pine needle tea is one of the most potent anti-oxidants there is and it's known to treat cancer, inflammation, stress and depression, pain and respiratory infections. Pine tea also kills parasites.***

Below, find a full podcast and video that reveals two extraction methods, both of which are simple, low-tech, low-cost methods that can be used almost anywhere.

**Fresh pine needles from appropriate trees have been used for centuries as sources of vitamin C and other phytochemicals that Native Americans used to treat respiratory infections and other ailments. Vitamin C is a known cure for scurvy, as scurvy is a disease of vitamin C deficiency. Pine needles contain many other substances that appear to reduce platelet aggregation in the blood, potentially preventing blood clots that lead to strokes, heart attacks and pulmonary embolism diagnoses. (See published science sources below.)**

### **Pine Needle Tea**

**You can make pine needle tea two ways. One is to pull three or four needles off a tree and stick them in a cup of hot water. Wait a few minutes then enjoy with or without sweetener.**

**Or collected a handful of pine needles. Needles nearest the trunk are higher in Vitamin C. Chop the needles and put them into a tea ball. Bring water to a boil. Take off the boil. Steep the pine needles for 3-5 minutes. The tea is delicate.**

## Black Seed Oil ‘Strongly Binds’ to Vaxxed Spike Protein--Prevents Vascular Damage

Black seed oil (from black cumin seed-NOT black currant seed) was used by [Queens Nefertiti](#) and Cleopatra in their beauty regimes; the [seed was discovered in the tomb of Pharaoh Tutankhamun](#). The earliest written reference to cumin seed is made in the Book of Isaiah (Isaiah 28:25,27).

In ancient Greece, renowned physicians like Galen and Hippocrates used this [seed](#) as a natural remedy for strengthening the body of patients suffering with general malaise and weakness.

Black cumin has even been described as a “miracle herb,” and its name in old Latin, “Panacea,” means “cure all.” ([Source](#))

According to June, 2021, research published in the journal [Vascular Pharmacology: Nigella sativa](#), also known as [black seed or black cumin seed](#), “strongly binds” to ACE2 receptors in the lungs, and effectively stops coronavirus (Covid-19) from causing inflammation and vascular damage.

Nigellidine, an alkaloid of the [black cumin seed](#), uses molecular docking for binding to different angiotensin-binding proteins, as well as the covid spike protein.

They found that it “strongly binds” to the spike protein at what is known as the ‘hinge region’ (or active site opening), which, in turn, hampers its binding to ACE2 receptor surfaces.

All of this is technical – but bottom line it STOPS the spike protein!

## [Hijama aka “cupping”: desperate workers, students forced into vaxx mandates are turning to ancient treatment to remove the injections after administration](#)

Most people were introduced to the concept of hijama, aka “cupping” in 2016.

Michael Phelps is a 23-time Olympic gold medal swimmer. His body was [covered with circular bruises](#) when he showed up for the 4x100 freestyle relay event in Rio De Janeiro that summer. The bruises were the result of the “[cupping](#).” The ancient practice was first utilized in Northeast Africa, China and parts of the Middle East. Cupping is mentioned in the oldest medical textbook in the world – [Ebers Papyrus](#) – first published in 1,550 B.C.E. Cupping treats sore muscles, migraines, skin diseases, arthritis, menstrual pain, face wrinkles, and much more. Cupping practitioners place round cups made of glass, silicone or bamboo directly on your skin. The suction is created via a pump or through heating the

cups to create a natural vacuum. It forces increased blood circulation to the cupped area and stimulates healing and other physiological processes.

**While I Would Never Advocate Getting the Covid Shot--How to remove a big portion of the Poisonous Covid Vaccine Injection from your body with cupping**

**NOTE: This works only up to 30 minutes after the injection.**

**This cupping method, which a Russian colleague shows here, works only up to 30 minutes after vaccination, in any other case cupping is no longer sufficient ... but it is surprising how fast the blood CLUMPS due to the Covid vaccination ... but it is also clear if you understand the biochemical mechanisms of the functioning of graphene oxides and spike proteins behind it.**

**Again - it is not a vaccine, it is a gene therapy bioweapon whose nucleotides are transported via the spike protein using the gene scissors (CRISPR). For better transport, nanolipids/hydrogel are used which overcome the blood-brain barrier.**
