HUMAN EVOLUTION DEBUNKED--From 'Rock Soup' to 'Superhumans'

The theory of evolution is an attack on both God and the Bible. No God is needed if all life "evolved" from rock soup over billions of years. Man is just a highly complex mutant that accidently appeared in a hostile universe. This takes all accountability away installing the "survival of the fittest" as the standard of all behavior. No moral law, no 10 Commandments, just wandering chemical organisms trying to figure why we are here.

Evolutionists now dream of a utopia where man's "mutations" can be accelerated by biotechnology eliminating disease, aging and poverty, creating "superhumans."

The Theory of Evolution is only a phenomenon of the educated class in the western world; and it has only been around for a couple hundred years. In the early 1800's Jean-Baptiste Lamarck (1744–1829) proposed his theory of the transmutation of species, the first fully formed theory of evolution. In 1858 Charles Darwin and Alfred Russel Wallace published a new evolutionary theory, explained in detail in Darwin's "On the Origin of Species" (1859).

The articles and other resources in the following sections of this page will help you in your discussions with those deceived by evolution.

Calling evolution "more than a hypothesis," Pope John Paul II gave his official support to the idea of evolution while speaking at the Pontifical Academy of Sciences in late October.

[Really — How Old IS That Fossil?](#)

Evolutionists speak with great confidence when they toss around dates related to age of earth and fossils. **When you take a closer look at their evidence, great gaps appear.** For example, radiocarbon dating is one of the most famous methods that they use.

Yet, Dr. Kent Hovind exposes many discrepancies in the dates produced by this method in his *Creation Evangelism Videos*. **Hovind cites an occasion where a living mollusk was dated at 2300 years old.**

Another document reported that an "absolute date had been obtained" for a geological formation and it was a "value of 300,000 years plus or minus 300,000 years." One leg of a mammoth discovered frozen in Alaska was dated at 15,380 years while his skin was set at 21,300 years.

Different parts of another baby mammoth dated at 40,000 years and 26,000 years while the "wood immediately around the carcass was 9-10,000." New advanced dating techniques used on sediment found with Homo erectus skulls in Java in the 1930s date them no more than 27,000 years old. Scientists previously declared that the species, supposedly an ancestor of man, vanished some 250,000 years ago. So maybe it was just a man, after all.

Potassium-argon dating is another method. But how accurate is it when it dated the lava from a Hawaiian volcano eruption in 1801 at 1.6 million years old?

World Renown Scientist's Computer Proves Noah's Flood

A new computer in the supercomputing department of the National Laboratory of the U.S. Department of Energy, Los Alamos, New Mexico is being used by a world renown scientist to present evidence that the earth is less than 10,000 years old, just as the Bible says.

Listener Comment--Leo Zagami (Who Is Another Frequent Guest on Alex Jones) Exposed

From: Ginny

Sent: Friday, December 2, 2022 3:43 AM

To: 'Scott Johnson' <drjohnson@ix.netcom.com>

Subject: Leo the Lyon Zagami

Starting at about the 1:00 minute mark, he says he is the messiah and is recognized as such by the Jews.

He was the head of the P2 Freemason lodge in Italy, 'P' standing for 'Propaganda'. He has been in the US for several years now. Controlled opposition, he is, I believe he is on a special mission in America, being an "Alex Jones" of sorts. He was on the Alex Jones show awhile back, exposing the (modern day) Vatican and has written several books about it. If he were really a defector of the lodge, as he says, he would not be alive to tell about it. This video was made several years ago. Since then he dumped his Muslim wife, got his teeth fixed, married an American Italian and lives in Palm Springs, CA. He has his own video channel, where he said he was in the Italian air force and was trained in propaganda. He acts like a buffoon often, but that is a front to disarm... He once had a slip up, saying he has not been accepted in the US; it would take time to infiltrate and win over the US, but that is why he's here. He also said he was a member of the Monaco lodge and a 90 or 95th degree there because the degrees don't go that high in the P2 lodge. Not sure if you have a file on him, but you might want to start one. I think he will be more visible in the days ahead.

Trump Calls For TERMINATION of the United States Constitution After Elon Musk's Hunter Biden Drop

Former President Donald Trump had a strong reaction to Elon Musk's much-hyped information dump on the handling of the Hunter Biden laptop story: **he called for the "termination" of the U.S. Constitution.**

Twitter CEO Musk announced late Friday afternoon [he would be revealing](#) "what really happened" when the story about Hunter Biden's laptop was banned on the social media app, and the *New York Post* Twitter account was suspended over the story.

To this Trump said: **"So, with the revelation of MASSIVE & WIDESPREAD FRAUD & DECEPTION in working closely with Big Tech Companies, the DNC, & the Democrat Party, do you throw the Presidential Election Results of 2020 OUT and declare the RIGHTFUL WINNER, or do you have a NEW ELECTION? China buying up the world’s GOLD supply in preparation for new world reserve currency designed to END the DOLLAR

December 08, 2022 ([Natural News](#)) In the first quarter of this year, central banks around the world purchased 87.7 tons of gold. That rose to 186 tons for the second quarter, and in the third quarter a whopping 399.3 tons were purchased. A shocking 300 tons of gold was purchased by China alone, [reports ZeroHedge](#), confirming what we long suspected (even though China’s purchase was deliberately shrouded in secrecy).

That means China is buying up the world’s available gold supply at a pace that dwarfs all the other countries on the planet. Why is China doing this? “China thought to be stockpiling gold to cut greenback dependence,” [reports Nikkei Asia](#).

China has made similar moves in the past. After staying mum since 2009, Beijing stunned the market in 2015, disclosing it had boosted gold holdings by about 600 tonnes. It has not reported any activity since September 2019.

The People’s Bank of China likely bought a portion of the Central Bank of the Russian Federation’s gold holdings of over 2,000 tonnes, Toshima said.

In essence, Russia is selling gold to China so that both nations can ditch the dollar. And 100+ other nations are likely to go along with them, resulting in the collapse of global dollar hegemony.

Preparing for the launch of the new world reserve currency backed by gold and other commodities

While the United States of America is printing trillions of dollars in “mad money” and trying to wage war with Russia through its proxy state of Ukraine, China is stockpiling gold at truly astonishing levels. BRICS nations, meanwhile, are preparing to launch their new global reserve currency that would challenge dollar dominance and end global reliance on the SWIFT system (which has been weaponized by the West against Russia). Once this happens, the tide goes out and all the nations that have been swimming naked — i.e. not having enough gold reserves to back their currency creation — end up getting tossed to the trash heap of history.

That’s what’s coming for the dollar, naturally. Backed by nothing and printed to oblivion, the dollar’s era of global hegemony is rapidly coming to an end. The Biden regime isn’t even bothering to pretend they might be interested in halting runaway money printing. Instead, they’re cranking up the currency printing machines to unprecedented levels, then looting the nation with Ukraine funding

shell games and money laundering schemes that make Mexican drug cartels look like they're playing Tiddly Winks.

Here's the current debt burden for the United States of America, via USdebtclock.org:

Those who know what's coming are acquiring physical gold and silver. It's not just China that's acquiring gold, either. Physical withdrawals from COMEX silver vaults have reached record highs, [as we reported in August](#), quoting Andy Schectman:

Precious metals industry expert Andy Schectman warned that the silver market is being drained of its physical silver inventories, with around 285 million ounces (Moz) of silver disappearing in recent months.

Wealthy individuals, too, are taking delivery of physical gold and silver, knowing that this is the asset class that outlasts the rise and fall of nations. Remember this when governments (and central banks) tell you gold is worthless, while they buy hundreds of tons of it, often while attempting to hide their acquisitions in secrecy.

The typical American investor falsely believes they have achieved "diversity" by holding a basket of stocks and bonds, yet all those investments are in the same asset class (equities), and they all depend on the dollar's continued dominance. When the dollar craters, all equities that depend on the dollar will suffer a similar fate. True diversity means moving outside dollar-denominated assets and seeking preservation of wealth in instruments that have no counter-party risk.

All fiat currencies have counter-party risk. They can collapse without warning as the world loses faith in the corruption of the government backing them. If the central banks really believed in the staying power of fiat currencies, they wouldn't be buying gold at all. They could just back currencies by other currencies. Yet the fact that they are buying up so much physical gold and silver reveals their true knowledge and intent. When national currencies collapse, countries like China plan to use gold to achieve public trust in their replacement currencies which will obviously be backed by gold, silver and other physical commodities.

IRS Warns Of New \$600 Reporting Threshold January 1st that Will Usher in CBDC December 10, 2022 - by Fox News

The payment apps were previously required to send users a 1099-K form if their gross income exceeded \$20,000, or they had 200 separate transactions within a calendar year. But the new threshold is just \$600. Critics warn that small businesses and low income and middle-class Americans are targeted. It is a "honey pot for audits." These changes were created by the American Rescue Act of 2021, despite Joe Biden saying that no one under \$400,000 would be targeted by his tax plan. Youtube personality Neil McCoy-Ward explained that this scheme is going to be used to bring in central bank digital currency (CBDC) and 87,000 new IRS hires are slated to force the new tax on the people.

And where do the income taxes that are collected actually go? In 1982, President Ronald Reagan formed The President's Private Sector Survey On Cost Control, an independent panel of 160 of the country's top business leaders headed by Peter Grace and known as The Grace Commission, in order to find ways to cut federal spending.

In their report submitted to President Reagan on January 15, 1984, this blue-ribbon panel stated the following, quoting directly from page 12 of their report: "Resistance to additional income taxes would be even more widespread if people were aware that **one-third of all their taxes are consumed by waste and inefficiency in the Federal government** as previously identified. With two-thirds of everyone's personal income taxes wasted or not collected, **100% of what is collected is absorbed solely by interest on the federal debt** ... in other words, all individual income tax revenues **are gone before one nickel is spent on the services taxpayers expect from the government.**"

Ok the black light will work to check for Luciferase .. Harbor Freight or Ace Hardware sells the small ones; cheap but effective in flash light form .. Cheap like 8 bucks .. Keep it on u at all times especially when establishing judgement right at the gate with this.. Then this way u can bring some conviction on those who took it...but most will refuse to be sorry & refuse to think it's bad for them; they have that arrogant mocking attitude ..

Subject: Update on sickness

Listener Comment: We have been doing numerous breathing treatments with the silver and make a big bottle of the nose spray with silver and it has been GREAT!!! I can take nice deep breaths...I feel so much better, been sick since Labor Day!!!!

If I go outside alot, it messes my sinuses up still - something is in the air (imagine that lol) it makes my eyes itch, nose run and my face will feel packed around my eyes and nose.

Do you by any chance have something for sinuses - I do not know if it is allergies?

But doing so much better.

Also, the menopause supplements have been GREAT - I sleep thru the night and no night sweats - Thank you!

God and you are the only two I trust with my health!!

Scott Johnson's Reply: Praise the Lord! and yes it takes time to get your wind back. Yes, I have this one: [HistoPlex-AB™ \(90 C\)](#) 37.00

Antronex by Standard Process can also be great for what you are describing but I don't carry that one anymore.

Also, these are the best products I carry for improving lung function and infections:

[Pneuma-Zyme™ \(Lung Conc.\) \(100 T\)](#)

&

Subject: **Listener Comment: This is a warning for all current personal trainers - DO NOT work with the Covid Jabbed**

But many of you know that I was a certified personal trainer for many years. I still have a few clients who just need regular motivation and some new exercises to overcome plateaus. **This is a warning for all current personal trainers - DO NOT work with vaxxed people. We have a COVID Legal USA client right now who is a personal trainer. She is being threatened with a lawsuit because one of her clients suddenly dropped dead while working on an elliptical trainer. Obviously it was a post-injection cardiac arrest. She's crafting excellent defenses and counterclaims. But it's best for personal trainers to avoid this situation altogether.**

“You Murderous Hypocrites”: Outrage Ensues After The Atlantic Suggests “Amnesty” For Pandemic Authoritarians

The Atlantic has come under fire for suggesting that all the terrible pandemic-era decisions over lockdowns, school closures, masking, and **punishing an entire class of people** who questioned the efficacy and wisdom of taking a rushed, experimental vaccine – for a virus with a [99% survival rate](#) in most, **should all be water under the bridge.**

“We need to forgive one another for what we did and said when we were in the dark about COVID,” writes Brown Professor Emily Oster – a [huge lockdown proponent](#), who now pleads for mercy from the once-shunned.

Except, they weren't “in the dark” about Covid. There were numerous sources pointing out the actual science that ran contrary to the mandate claims, and they were deliberately silenced by a [vast media campaign](#). Evidence suggests that media platforms [worked in tandem](#) with Big Tech, the CDC and the Biden Administration. **It was not a simple matter of overreaction, there was collusion to remove all counter-information.**

As the [Daily Sceptic](#)'s Michael P. Senger puts it:

There's a lot wrong here. First, no, you don't get to advocate policies that do extraordinary harm to others, against their wishes, then say, "We didn't know any better at the time!"

Ignorance doesn't work as an excuse when the policies involved abrogating your fellow citizens' rights under an indefinite state of emergency, while censoring and cancelling those who weren't as ignorant. The inevitable result would be a society in which ignorance and obedience to the opinion of the mob would be the only safe position.

Just when you thought you had heard worst evils, then your read this. Patients are being Jabbed with the Kill Shots while they are under anesthesia!

If you've been hospitalized in Canada for any major treatment it's likely you've had the mRNA, gene-editing, bio-weapon shot forced on you without your consent. [739x602 - 86KB] (pic8.co)

You KNOW if they are doing this in Canada, they are doing this in the USA, and UK and EU and AU too.

How do you know if you have an implant?
As I have been discovering (and being

healed from) a myriad of implantable devices in my body, I want to share with you what I am learning about them.

Unbeknownst to the general public – the subject of implantable devices (aka implants) is an agenda that reaches far beyond the RFID microchip – and is so unbelievable, so massive, that the only way I can think to keep us all focused is to break it up into smaller chunks.

Today will be an overview of the last few months, my experiences with implants – and my testimony of the miraculous power of Jesus Christ to heal us of this horrendous evil.

Subject: [Listener Comment: Some Hospital Surgical Patients Being Microchipped](#)

Hi friends, A warning to those who may go into hospital for minor procedures.

One of my work mates recently went in to hospital to get a benign lump out of her breast. When she was discharged from hospital the doctor informed her that he put a chip in. My chin nearly hit the floor with shock. I suggested that she go back to the doctor and demand it to be taken out at their cost as it should never have been put in without her permission. So be careful when you go into hospital. You may have to tell them...no chip! Otherwise they may just put one in.

Blessings, Julie

A must see video/radio interview by ICAACT leaders Lars Drudgaard and Jesse Beltran, HD-version. Do not hesitate to share, like and distribute this video to everyone.

Implants do not only have tracking capabilities, but they also have the ability to affect, monitor and change the carrier's brain functions and biological functions, to a degree that it can only be compared to torture. The torture can lead to death or suicide.

Lars Drudgaard and Jesse Beltran are Interviewed by a Dutch radio host in Brussels October 5. They talk about the work of ICAACT, which involves finding factual evidence of implants in the victims' bodies. An important part of this is to scan the victims for Radio Frequency emissions from their bodies. Another is to be of help to victims when they interact with doctors or authorities, who are prone to claim (without doing any investigation) that the victim suffers from a psychological disorder. ICAACT helps victims to prove these professionals wrong, & also to help them deal with this "new type" of problem in today's technologically advanced society. Traditional treatments and diagnosis might be obsolete in some cases.

Lars Drudgaard talks about the development of these chips and their use on prisoners, a little bit about old CIA experimentation documents.

Jesse Beltran talks about the very specific places on the human body where RF is emitted, suggesting that the implantation of many individuals isn't random. Both Beltran and Drudgaard speak about how the implants work, using changing magnetic fields that power them up, and also a bit about the different types of implants that now exist and that are constantly becoming smaller and smaller, more difficult to find, another subject is how these implants can be easily introduced in the human body and the fact that some people only emit a radio frequency from a specific spot on their bodies, where they either had an operation done or the flu vaccine.
