+1+ PRAYER TO NEUTRALIZE OCCULT RITUALS

Father God in the name of the Lord Jesus Christ, the Lamb that was slain before the foundation of the earth, seated at the right hand of the Father; we come in the authority given to us in Christ Jesus. **We place a hedge of warring angels with flaming swords of fire around us and our families continuously. We put on the whole armor of God. We resist and renounce Satan, the god of this earth. We rise to war by the power of the Holy Spirit against witchcraft, occult maneuvers and devices sent against Your Will and the Body of Christ. We ask you to dispatch legions of warring angels in full battle array to enforce our petitions and intercessory prayers. Rout your enemies on all fronts. Turn their hatred, anger, accusations, conflict, arrogance and wicked schemes upon themselves so that they become caught in their own snares and fall into the pits that they intended for others.** We nullify, cancel and oppose every satanic operation, scheme, maneuver and strategy. Cause secret plans, agendas and motivation of the enemy to be revealed for everyone to see. We decree and declare that what these evil people & entities meant for evil, you will turn it around and use it for the good of your people. **We close every evil portal that has been opened by them. In the name of the Lord Jesus Christ and His shed blood, we break and cancel every curse, spell, hex, vex, charm,**

enchantment, decree spoken or unspoken, sent against the Body of Christ, the innocent and your intercessors by every witch, warlock, satanist, sorcerer, voodoo priest, shaman, soothsayer, medium, coven and every minion of the devil working iniquity. May they fall into the very pits they have dug for others. Lord Jesus, reveal your love to them. Save those that can be saved. Show them the truth about who they are serving, and their eternal destination if they continue in their present path. Open their minds, eyes and ears to receive supernatural insight and knowledge to understand the truth of the Gospel. Bring them to salvation. We seal this prayer by the Blood of the Lamb and in the name of the LORD Jesus Christ. Amen.

Date: Monday, January 02, 2023 12:04 AM

I thought I'd heard everything from Alex Jones, but this one does it for me. After he rants most of the hour on his New Age syncretism garbage, he then starts explaining how we should practice hypnosis to get in touch with our inner selves (1:33:40--1:36:00), then at the 1:36:14 mark, claims that the New Testament describes our relationship with God as a sexual relationship. That somewhat resembles Bride Chamber Theology (Jack Schapp adopted this view). It just defies logic how any discerning or professing believer can't see the difference between a marriage as an analogy to describe a body of believers' position in Christ, and claiming that because earthly marriages entail sexual unions that reducing analogies to that understanding is appropriate. I can't in good

conscience recommend that any believer listen to Alex Jones, not even for his "news" coverage or guests [he cuts his guests off during conversation so often I never got anything out of his guest interviews anyway]. Alex Jones is not a Christian, is not a Bible believer, and is promoting the very New Age agenda that he claims to be against.

Listener Comment: Alex Jones says that God came down as an Avatar in Jesus Christ & Infowars is Now Promoting the Blasphemous, New Ager, Zeitgeist Promoting Jordan Maxwell Who Says Jesus is Lucifer!!!! You will see this is yet one more reason to read the King James Bible

Anyone who knows anything about occultism, especially after reading the Genesis 6 Conspiracy by Gary Wayne (not the best theologically, but accurate on history of what the elites believe) knows that "avatars" are precisely what the New World Order elites believe. Avatar is a concept within Hinduism that in Sanskrit literally means "descent". It signifies the material appearance or incarnation of a deity on Earth

Listener Comment: Here's a short video of Alex Jones explaining his family roots in Freemasonry and explaining away the occultic "New Atlantis" concept.

He basically claims the globalists hijacked Atlantis as if there was initially a "good" Atlantis vision. This is an absolute garbage explanation of an occult concept. There is not, nor has there ever been, a "New Atlantis" endorsed by God or the Scriptures. What Jones has done was "Christianized" (syncretism) a pagan world view.

Alex Jones Attacks Q but wants to act like he was not pushing essentially the same Trump Train Psyop that Q was pushing for 4 years, and is hoping you will forget the last 4 years of him pointing to Trump as our greatest hope, while he let Trump off the hook over and over when he did overt evil (especially in the last two years of his presidency)!!!! Alex Jones Is Totally Demon Possessed--Disrupts Millie Weaver's Speech At March For Trump <<This happened right after Alex Jones was invoking the name of Jesus over and over in a previous speech he just gave in DC!!!!

One comment about this read: I saw her video and he just rolled up there yelling in the megaphone. Man let her speak too!!! He must be the center of attention. Jones probably snorted a huge pile of coke before hand!!

Scott Johnson's Comment: That is exactly what I thought, yes he looked like he was coked out of his mind. For some more context here: **Jones had just spoken to thousands right before this happened at another huge venue (where he was invoking over and over the name of his supposed Lord and savior Jesus Christ) and then he turns around moments later and flying into a total demon possessed profanity filled rage, because he could not speak at this much smaller venue (that he had crashed with his followers)!!!! And because Jones did not get his way, he turned all his followers against this other venue (which just wanted to talk about the stealing of the election). Who does something like this? I felt sorry for all the people at the smaller venue being demonized by Jones.**

He then went on his show and proceeded to lie and act like he was the victim (playing this poor little innocent Alex Jones bit, where he acted like everyone was against him!!!)<<I have seen him do this over and over in the years I have been monitoring Jones. What I am trying to convey is that this devil is pure evil and while it is definitely possible to glean from his show, Jones is pure evil.

Scott Johnson's Comment: This is just a small sampling of what I have been compiling on Alex Jones over the years. My current word doc file on him is 50 pages.

+2+ THE DARK SIDE OF FETAL ULTRASOUND

What have been the permanent, damaging effects of ultrasound technology in our society? Are there natural alternatives for monitoring a baby's health while they are in the womb?

Play video here to 13:53: <https://live.childrenshealthdefense.org/chd-tv/shows/tea-time/the-dark-side-of-ultrasound/>

Rev 12:3 And there appeared another wonder in heaven; and behold a great red dragon, having seven heads and ten horns, and seven crowns upon his heads.

Rev 12:4 And his tail drew the third part of the stars of heaven, and did cast them to the earth: **and the dragon stood before the woman which was ready to be delivered, for to devour her child as soon as it was born.**

THE BUSINESS OF BEING BORN--great movie on homebirths & midwives--compares various childbirth methods: including midwives - natural births - epidurals and Cesarean Sections / C-Sections

While the United States has perhaps the most advanced health care system in the world, **it also has the second-highest infant mortality rate of any industrialized nation, and many have begun to question conventional wisdom regarding the way obstetricians deal with childbirth.** While midwives preside over the majority of births in Europe and Japan, fewer than ten percent of American mothers employ them, despite their proven record of care and success. How do American doctors make their choices regarding the way their patients give birth, and who is intended to benefit?

The Business of Being Born is a 2008 documentary film that explores the contemporary experience of childbirth in the United States.

Produced by Ricki Lake, **it compares various childbirth methods, including midwives, natural births, epidurals, and Cesarean sections.**

The film criticizes the American health care system with its emphasis on drugs and costly interventions and its view of childbirth as a medical emergency rather than a natural occurrence.

The film documents actual home births and water births. They follow a midwife, Cara, in New York as she takes care of and attends several births.

They then give the audience several shocking statistics about our current birthing techniques and challenges today's doctors.

Many experts are interviewed and they cite a multitude of reasons for this dismal statistic such as the overuse of medical procedures in the interest of saving time.

Scott Johnson's Comment: This video has been almost sanitized off the internet, this was one of the only places you can view it for 14.99 just to rent it:

<https://www.amazon.com/Business-Being-Born-Ricki-Lake/dp/B0B8K3DXZK>

But you can watch it on Facebook for free here: [The Business of Being Born | The Business of Being Born ...](#)

A listener commented on this video: *A friend of mine who is a midwife got 3-4X's more calls after the movie played in her town. (She already had a full practice and then needed to train another midwife to work with her for homebirths to deal with the overwhelming calls she received after that powerful film played in her town for several months) There is something so profound about the majority of persons being born in this medical system that carries over for life and seems to*

be such a huge part of this covid-19 brainwashing. It is on such a deep level (as I'm sure you know) ---this trust, idolatry, and dependance on the corrupt system-- associated with the wonderful gift of birth that then psychologically is retained and falsely transferred for then generations.

As we have consistently warned for more than a year, *Operation Sandman* has now been activated, with Saudi Minister of Finance, Mohammed Al-Jadaan, telling

Bloomberg TV (during a WEF Davos interview) that the Saudis will gladly accept all currencies for settling oil transactions. (Reported by OilPrice.com)

The foundational pillar of US global currency dominance and its ability to export inflation to the world is based on the so-called *Petrodollar* status, in which the US agreed to protect the (corrupt) Saudi kingdom in exchange for the Saudis demanding US dollars for all oil transaction settlements. This agreement has been in place since the Bretton Woods conference in 1944 and has carried the dollar until today.

But this arrangement is now coming to an end.

Very few Americans have any clue what this means to their assets and their future. Also, very few people realize that **over 100 nations are prepared to renounce the petrodollar** as the dominant currency for oil settlements. Instead, many nations are going to switch to using the Yuan (from China), or the digital Yuan, or the new BRICS+ commodities-backed reserve currency that's about to be launched by China, Russia, India and other participating nations.

The dominoes have been set into motion. And as this plays out, it means **dollars will come flooding back to the United States** as world nations dump the greenback fiat currency they no longer need. This means dollars will experience **rapid devaluation** in their purchasing power, which will be reflected in higher prices — i.e. *inflation* — in consumer goods such as groceries, automobiles and more.

Although this will take time to be fully realized, it also means that **those people left holding dollars will be financial ruined as dollar purchasing power evaporates.**

The government response to all this is almost certain to include a new wave of mindless money printing, adding yet more dollar inventory to the flood of dollars being dumped by nations of the world. The end game is, of course, *hyperinflation* as the dollar loses not just 2% of its purchasing power per month, but may even slide into losing 10%, 20% or even more per month (in the final blowout stage). Think *Weimar Germany* as the end game here.

Among informed Americans — and anyone holding dollars — protecting assets must now become a top priority. This means we should expect a rapid shift of excess dollars into hard assets over the next several months: Gold, silver, land, vehicles, ammunition, firearms, food, etc. Check Comex silver inventories if you want to know what the insiders are already doing (hint: They are taking physical delivery of precious metals and emptying the vaults).

It also means that **the prices we see today in almost everything are likely the lowest prices we'll see for years to come.**

Davos Watch: Globalists Declare Free Speech and Climate Change Greatest Threats To the World

As expected, the WEF plans to double-down on climate change, calling it “the greatest challenge of our time.” They don't plan to back off from getting rid of fossil fuels, despite the fact that our electrical grids are not remotely prepared for this sort of energy transition.

They're also planning for more pandemics and producing more vaccines even faster. Nowhere is there any mention of problems with the most recent round of

vaccines, or any addressing of death rates for working-age people far above historical levels.

Likewise, their push to digitize absolutely everything is not surprising. Davos attendee Bilawal Zardari, Pakistan's Minister of Foreign Affairs, openly admitted the WEF's plan is to create a "new world order."

DAVOS WATCH: The WEF declares they must establish a NEW WORLD ORDER. They also openly acknowledge they may not be successful establishing a NWO right now due to times being "hyper partisan and polarized" but are hopeful to establish it in the near future. Reports are also emerging that the Davos elites have fully booked escort services for the week.

From [The Counter Signal](#):

Switzerland media outlets are reporting that escort services are **fully booked** for the week.

"Erotic entertainment" provider Aargau told the daily newspaper 20 Minuten that diplomats and businesses have hired their escorts for "themselves and their employees" to party in Davos hotels.

"For example, our women have already been brought to Davos by diplomats and company bosses. Some also book escorts for themselves and their employees to party in the hotel suite," said the studio's managing director.

Escorts are being hired for dinners and "subsequent sexual services." Hired escorts describe the clientele as more demanding and having higher standards.

"The customers are more demanding than our normal clientele. Above all, women with a model figure and top appearance are in demand," the manager said.

Globalist Davos Panelist Says the US Will 'Soon' Have 'Illegal Hate Speech' Laws

European Commission VP Věra Jourová claimed that America will “soon” pass laws criminalizing so-called “hate speech” in spite of the First Amendment. Jourová made the remarks at the Davos summit on Tuesday during a session hosted by CNN’s Brian Stelter discussing “The Clear and Present Danger of Disinformation.”

“For hate speech, we need the people who understand the language and the case law in the country, because what qualifies as hate speech, illegal hate speech, which you will have soon also in the U.S., we have a strong reason why we have this in the criminal law,” Jourová said.

WEF attendees hire unvaccinated pilots to fly them to Davos: “safety of our members is number-one priority”

We have received word that Satanist Klaus Schwab, head of the World Economic Forum (WEF), has [banned pilots who are vaccinated for covid](#) from flying globalist attendees to and from Davos, Switzerland for the group’s annual meeting.

Because of the safety risks involved with flying a plane while fully vaccinated, Schwab has decided that all the precious cargo – meaning his fellow globalists – must be flown by unvaccinated pilots only.

Pilot Alan Dana appeared on “Maria Zee Uncensored” this past week to reveal that Davos elites continue to express interest in hiring unvaccinated pilots because they want to arrive safely without crashing.

“He’s getting calls now from wealthy businessmen and companies to fly their executives around on business jets with unvaccinated crew,” Dana stated during the episode, referring to Josh Yoder, head of U.S. Freedom Flyers, an anti-vaccine mandate group – you can watch the clip [at Newspunch](#).

Cryptocurrencies ‘to control the masses’ are being discussed at the World Economics Forum (WEF) right now and a guide released to encourage the development of the future crypto-based economy

“The Tokenized Future Economy” is part of the WEF this year running from January 16th to the 20th.

Weforum.org formally announced the topic back on January 2nd. The key messages from their announcement were:

1. 2022 was a terrible year for cryptocurrencies, with the loss of \$2 trillion in market value.
2. We could now see the handover of crypto technology and blockchain infrastructure to more regulated and established institutions

3. Cryptography and blockchains will continue to be integral parts of the modern economic toolkit.

The WEF even published a guide to encourage development of the crypto-based future economy.

Leaders in economics are messaging that cryptocurrency is here to stay – that a tokenized economy will consume our future financial interactions whether you and I want them to or not. Adoption of digital assets is underway. [Cointelegraph, WEFForum, WEF Report]

They're tracking us: In obedience to WHO, international medical classification system adds new diagnosis coding for the unvaccinated

As of right now, there is no formidable way to identify who got “vaccinated” for covid and who was smart and brave enough to *just say no* to experimental gene-modification drugs. But this is about to change as the International Classification of Disease (ICD) system is getting a brand-new medical code for the unvaccinated.

With approval from the United States, the World Health Organization (WHO) is implementing the new digital diagnosis code as a type of scarlet letter for purebloods, who are an apparent threat to the establishment.

Once in place, an unvaccinated person's medical records will be given the “yellow star armband” code indicating that he or she refused to take the spike proteins, graphene, and whatever other toxins are inside the vials.

Most people are familiar with international codes in the context of medical billing. This unvaccinated code, however, is more of a branding tool that lets the medical establishment know who still has DNA made in the image of God as opposed to damaged DNA made in the image of Pfizer and Moderna.

Following the passage of Obamacare, ICD coding “really grew into an electronic data-mining beast”

According to the WHO website, some 1.6 million different clinical situations can now be coded. And unless doctors and other medical professionals use these codes, they risk not being reimbursed by insurance companies for services rendered.

It is a compulsory system, in other words, that does not tolerate the non-compliant. This bodes ominous for the unvaccinated who face possible discrimination when seeking health care services.

Why do some people's personalities suddenly change after receiving mRNA injections?

In this video, experts explained how the mRNA “trans”jections not only cause physical damage to some organs but how they also damage the small capillaries in the brain, override the blood-brain barrier and eventually, lead to massive personality changes. They also discussed how the mRNA injections are literally breaking the will of some of those who received them.

Prof. Bhakdi and his wife Prof. Reiss spoke about the effects of the new mRNA “vaccine” technology which according to the proponents’ plan – will become the only “vaccine” available in the future and replace conventional vaccine – such as those for measles, the flu etc.

Author and Journalist Dr. Naomi Wolf explains what the post-vaccination breaking of people’s will looks like in real life. And psychiatrist Dr. Peter Breggin magnified the disturbing parallels of mRNA effects on the human mind to the effects of lobotomy, which leaves the “vaccination” campaign beyond any doubt to be one of the most brutal, indeed savage crimes against humanity ever committed.

The Covid-crisis has revealed that nothing remains too sinister or creepy for Big Pharma to design and include in products that are intended for injection into the population *en mass* under the label of a “vaccine”.

This video entails details and images some viewers won’t feel comfortable watching. But it is very important for all of us to know and understand what this mRNA injection is doing to the body and mind of those who got them. Only then will we be able to understand why so many people who received these injections can no longer be reached by us – the non-mRNA contaminated – anymore

Getting vaccinated for covid four or more times results in near-complete collapse of the immune system--bombshell study finds!

Writer and former *New York Times* reporter Alex Berenson says he [has in his possession](#) evidence from a study showing that covid “booster” vaccines push the immune system over the edge, causing an almost total collapse of immune function.

In a series of tweets, Berenson wrote that based on the study’s findings, no more booster shots should go into any arms. (Related: [Here’s more proof](#) that covid injections cause AIDS.)

“Boosters need to be halted immediately. HALTED. IMMEDIATELY. Stack coming,” Berenson wrote, Stack referring to his Substack blog. “There’s a new paper. It’s bad. How bad? I’ve shown it to two physicians so far. One said he ‘had a seizure’ reading it. The other said something worse.”

The study comes from China, which is where many believe the Wuhan coronavirus (Covid-19) originated. It shows that after the fourth injection – meaning the two primary jabs and two subsequent booster shots – a person’s immune system is pretty much shot.

A summary of the study explains that, despite being unleashed all around the world under Operation Warp Speed, covid injections have no known efficacy and their “potential adverse effects remain largely unknown.” This in and of itself suggests that nobody should be getting these injections.

Former President Donald Trump has dismissed claims that COVID-19 vaccines are broadly unsafe while asserting that his own role in the development of the vaccines may have saved 100 million lives.

Trump touted the effectiveness of Operation Warp Speed, his administration's program to accelerate the development of COVID-19 vaccines and therapeutics, during a Monday interview on the conservative podcast *The Water Cooler*. Host David Brody asked the former president if he would "acknowledge" that the vaccines "were not as safe or effective as we were told by the medical community at the time," after repeating a number of anti-vaccine claims.

"I was able to get something approved that, you know, that has proven to have saved a lot of lives," Trump said, ignoring Brody's request to weigh in on the anti-vaccine narrative. "Some people say that I saved 100 million lives worldwide."

Ivermectin warnings

This drug comes with several warnings.

Allergy warning

Ivermectin can cause a severe allergic reaction. Symptoms can include:

- trouble breathing
- swelling of your throat or tongue
- skin rash

If you develop these symptoms, call 911 or go to the nearest emergency room.

Don't take this drug again if you've ever had an allergic reaction to it. Taking it again could be fatal (cause death).

Warnings for people with certain health conditions

For people with asthma: This drug may make your asthma worse. Ask your doctor if this drug is safe for you.

For people with liver problems: If you have liver problems or a history of liver issues, this drug may cause more harm to your liver. Also, you may not be able to process this drug well. This may increase the levels of the drug in your body and cause more side effects. Ask your doctor if this drug is safe for you.

For people with seizures: This drug may cause seizures. Ask your doctor if this drug is safe for you.

For people with HIV: If you have HIV or a condition where your immune system doesn't work as well as it should, one dose of this drug may not be enough to treat your parasitic infection. You may need several treatments with this drug.

Warnings for other groups

For pregnant women: Ivermectin is a category C pregnancy drug. That means two things:

1. Research in animals has shown adverse effects to the fetus when the mother takes the drug.
2. There haven't been enough studies done in humans to be certain how the drug might affect the fetus.

Talk to your doctor if you're pregnant or planning to become pregnant. This drug should only be used if the potential benefit justifies the potential risk.

If you become pregnant while taking this drug, call your doctor right away.

For women who are breastfeeding: Ivermectin passes into breast milk and may cause side effects in a child who is breastfed. Talk to your doctor if you breastfeed your child. You may need to decide whether to stop breastfeeding or stop taking this medication.

For seniors: Your liver may not work as well as it used to. This can cause your body to process drugs more slowly. As a result, more of this drug can stay in your body for a longer time. This raises your risk of side effects.

For children: It hasn't been established if this drug is safe and effective in children who weigh less than 33 pounds (15 kg).

Canadian veterans set to sue government over anti-malarial drug effects

CTVNews.ca Staff with a report from CTV National News' Annie Bergeron-Oliver
Published Sunday, **March 24, 2019**

Hundreds of Canadian veterans are blaming an anti-malarial drug for long-term psychological problems. Many former military members believe the drug mefloquine caused debilitating side effects, including depression and anxiety.

Canadian soldiers who took a military-issued anti-malarial drug held a town hall in Ottawa, Ont., on Sunday to discuss both their concerns that the drug may have caused **incapacitating mental health side-effects and a class-action lawsuit they are set to launch.**

Nearly 1,000 Canadian veterans have joined the lawsuit, which will sue the federal government, claiming that the anti-malarial medication mefloquine has left them suffering from depression, night terrors, aggressive behaviour and suicide.

Philip Brooks, a retired air force captain who joined to lawsuit, was on the drug for two weeks before his mission to the Congo was cancelled.

He said he received no warning about any potential side effects of the drug, but immediately after taking it, began having vivid nightmares and experiencing a sense of doom.

"I went down and couldn't recover," said Brooks, who had no previous history of depression or anxiety.

Mefloquine is highly effective against malaria and was first given to the Canadian troops heading to Somalia in the early 1990s, even before it was approved by Health Canada.

But some experts believe it may be linked to long-term effects that often mimic the symptoms of post-traumatic stress disorder.

“In some people, the drug either accumulates or acts in some way in the brain tissue to cause damage,” said Dr. Remington Nevin, the executive director of The Quinism Foundation, a non-profit dedicated to supporting research and education of the effects of mefloquine.

She added **that related drugs** “have actually been known to cause permanent injury and destruction in diverse areas in the brain stem or limbic system.”

Recommend Protocol For Covid-19 & the Shedding From The Covid Vaxxed

Disclaimer: *It is your constitutional right to educate yourself in the arena of health and medical knowledge, to seek helpful information and make use of it for the benefit of you and your family. You are the one responsible for your own health. In order to make decisions in all health matters, you must educate yourself. The views and nutritional advice expressed by Dr. Scott Johnson are not intended to be a substitute for conventional medicine. If you have a severe medical condition, see a competent physician. I do not claim to "cure" disease, my goal is to help you to make physical and nutritional changes in your own body so that your body can heal itself.*

Dr. Scott Johnson's Comment: With the recent advent Covid (and all that surrounds that issue like the vaxxed shedding their spike protein payloads to the unvaxxed) we should all be placing an ever increasing importance on immune system function. In other words the best way to combat all contagious infections is: #1) To not put yourself in harm's way (that is if you can help it) and #2) building up your own immune system as much as possible. Below I am endeavoring to show you how to do the later, as the best defense is a good offence. Ideally, we want to have a strong immune system before we have any potential exposure to any contagious infection. In order to do this certain criteria have to be met in the human body. I am going to highlight some of the most important factors in this document. See below. God bless!

++My choices of selenium: Selenium is highly anti-viral and is an essential trace element possessing antioxidant properties, and is key to the production of glutathione peroxidases which makes this very compatible with NAC (see below) to raise glutathione levels.

[Trace Minerals Liquid Ionic Selenium 2 oz. 15.00](#)

Overall Best Value: [Se-Zyme Forte \(100 T\) 18.00](#)

++My choices of Vitamin C:

++ I recommend that every adult take at least 6 to 12 grams of vitamin C per day if you are being exposed to the Covid vaxxed (but you can go double that is you feel you are infected) for optimum dosing. Space out your dosages every 2-4 hours ideally.

[MBi Nutraceuticals Pneumo Complex Glandular Tissue Concentrate 60 Capsules](#) \$17.00

++Dr. Johnson's Comment: I also suggest if your O2 levels are running low (which seems to be very prevalent due to the Covid-19 Bioweapon) to get on Cataplex E2 by Standard Process (9-12 a day split up dosages), but I don't carry that one. You can find it online.

++Parasite Eradication

(If you are concerned about the parasites that have been actually viewed under the microscopes of researchers who have examined the Covid vaxx vials, you can take the protocol below) See: [Four Deadly Parasites Found in Vaccines](#)

[Bromelain Plus CLA \(100 T\)](#) \$23.00

[Dysbiocide 120ct](#) \$34.00

You would take 3 a day of Dysbiocide and 5 a day of the Bromelain Plus CLA (only empty stomach) and 3 a day of the A.D.P. for two 20-day cleanses. So you would need two bottles of Bromelain Plus CLA (100 T) and one bottle of Dysbiocide 120ct & A.D.P. 120ct to properly complete this parasite cleanse.

++ Recommended after this cleanse to make sure your intestinal flora is at a high level: BioDoph-7 Plus \$39.00 One a day on an empty stomach only

[Davinci Labs NATTOKINASE PLUS 60 capsules](#) 1 taken on an empty stomach 3 times a day. ++Note you cannot take this product with any blood thinner medications as it will thin the blood too much.

[Intenzyme Forte™ \(100 T\)](#) 5 tablets taken on an empty stomach 3 times a day—
Take with the Nattokinase

++ If the stroke was due to a weakened blood vessel that was compromised add in: [Bio-FCTS \(90 C\)](#) 1 with meals or 3 a day

++ If the stroke was due to plaquing of the arteries EDTA chelation needs to be taken until the arteries are clear:

Dr. Johnson's Comment: A Doppler ultrasound of the carotids is the best, most cost effective way to confirm if you have plaquing of the arteries. Lifeline Screenings are a nationwide service that can provide these at a very low cost, go to: www.lifelinescreening.com

This is probably the best version of EDTA if you cannot do the IV chelation:

[Medicardium: Magnesium Di-Potassium EDTA Chelation](#)

[How Does EDTA Chelation Work?](#)

[IV EDTA Chelation](#)

[EDTA Chelation Suppositories Reviews](#)

++ Regarding the oral EDTA, once a day, if you let ¼ tsp to ½ tsp of oral EDTA sit under the tongue for 5-20 minutes (with 5-7 drops of 99% pharmaceutical grade DMSO—see below) before swallowing, it will have a much higher absorption rate. A little organic peppermint oil can kill the taste. This process (depending on your plaque level) takes a lot of time to work with the oral EDTA route, but it can be a literal lifesaver and it much cheaper than IV Chelation which is the Gold Standard and also highly recommended if you can afford it.

To Purchase Pharmaceutical Grade DMSO (which is the only kind anyone should be using) go to: <http://www.ebay.com/usr/kaitlynstreasurebox?trksid=p2047675.l2559>

++For the money this is an excellent value on EDTA:

<https://www.purehealthdiscounts.com/supplements.htm> <<You will have to scroll down to find this product.

++ This kind of chelation will not remove calcium from your system but it will remove other heavy metals and trace minerals (so again being on a good trace mineral product while on any kind of chelation program is essential) but if you have calcium buildup due to artery plauqing this will not remove that calcium

EDTA chelation skin cream now: [KelaCream EDTA Heavy Metal Detox Cream](#)

Also here is a whole book on this subject: [Detox with Oral Chelation: Protecting yourself from Lead, Mercury, & Other Environmental Toxins](#)

++ Lastly any form of chelation will remove trace minerals from your body, so it is important to take some extra trace minerals once you have been on the EDTA for any length of time. This is an excellent one: [Multi-Mins™ \(Potent Mineral Combination\)\(120ct\)](#) & (360ct)

++ Dr Johnson does not carry any form of EDTA chelation, but he does carry the other products mentioned.

++ These products are very complicated to sell via an website online as they are professional products that should only be sold via health care providers. Now at the same time I make these easy to purchase, though. [Sorry only US orders.](#)

Subject: [Listener Comments: Invive Colloidal Silver Covid Remedy & Information on the Nasal Application of Colloidal silver and Iodine](#)

Hello Scott, I have been listening to you for many years. And I am a repeat buyer of Invive Colloidal Silver. I also gave the 5,000 ppm to my cat when he had a Rodent's Ulcer. **He was given prednisone and it almost killed him. So, after seeing the antibiotics were not working after a few months,** the Invive cleared his condition up in less than three weeks, my vet (who was a shyster) was blown away. He didn't know what to say. Anyway, I bought the 10,700 Colloidal Silver back when this plandemic first hit, just in case I got it. I was taking all Standard Process supplements along with your suggestions of Selenium, Innate Response Vitamin C, and many other Amino acids...I felt invincible, but took my immunity system for granted. And I did not reorder my supplements on time.

At first, I felt a little run down, a tad weaker in the gym, but the Wednesday before New Year's Eve I was on the treadmill and I felt winded, I couldn't get past 2.5 mph? I did a mile and called it a day. Then my appetite decreased, but I still had a desire to eat only fruit. When Covid kicked in, it mimicked the chicken pox for me. I felt it in my scalp, and in my jaw. When I tried to expand my lungs, it would cause a coughing spell that triggered massive headaches. Then I hit the Invive. I started with a tablespoon every four hours, then did a capful every four hours. I could feel my body get hot... I woke up and the sheets of my bed were soaking wet. The Invive Colloidal Silver killed the Covid in two days. I did feel drained and tired for three weeks. I got back on my supplements and back to the gym two weeks ago and feel great again. My chiropractor told me if you swab the nasal passages with iodine, hydrogen peroxide, or colloidal silver it will kill the Covid before it enters the sinus. Thank you, Scott, for all you have taught me. I look forward to all of your podcasts. God Bless,
Jerry P

++++ My family and I had COVID over a year ago now and with your advice I've been on a pretty good regimen of immune boosting nutrients. So no one has gotten COVID again and when I have felt something brewing, I use [povidone iodine nasal spray](#) which really seems to work. I then up some of my supplements. I take silver if I need it. Occasionally I'll take Black Seed Cumin oil if I really feel like I'm coming down with something. I also have a "plague tonic" (a recipe was given to me by another homeschool mom) prepared which seems to work: fresh organic ginger, horseradish, whit onion, garlic, habeneros as hot as you can get and raw ACV with the mother. Blend it up and store in a mason jar and take a tablespoon as needed. It's pretty fierce but I think it helped me beat the only really illness I have had this year – felt like a three day cold in September which I threw everything at. I did not get tested. And I bounced back quickly. Usually they drag on for me.

++++ Optional, but Dr. Johnson does not carry this: [povidone iodine nasal spray](#)

How to go after a internal infection from multiple angles

++ Now with a **sinus infection** the best way to directly go after this is to get any nasal spray atomizer bottle (Like this one: <http://sparknaturals.com/index.php/accessories/1-oz-blue-glass-nasal-sprayer.html>) and add 500ppm silver to the bottle. Now to make the 500ppm just add 10 parts distilled water to one part 5000ppm. This will be the strength you use in a nasal spray bottle. One drop of eucalyptus oil to this 500ppm solution is also very good for nasal use. When you use the 500ppm in the nasal spray bottle make sure you tip your head back and spray 3-5 times per nasal passage. You can do this several times per day. You would also want to take 1/4 tsp. of the 5000ppm held under the tongue 3 times a day until you are doing better.

DIRECTIONS FOR USE FOR the nasal silver (Or iodine) spray:

We suggest placing head down by knees after nasal application - this will allow the solution to reach under eyes and not drain back out of the nose - look left for

15 seconds - then look right for 15 seconds - then stand up and tilt head back allowing the rest to reach behind nasal passages by adenoids area.

++ For **lung infections** nebulize 100ppm Invive Mild Silver Protein directly into the lung fields for 3-4 minute intervals several times per day. If you want to make a 100ppm solution (and you have a 5000ppm bottle) just divide 5000 by 100 to get: 50. So you would add 50 parts distilled water to 1 part 5000ppm to make a 100ppm solution. You would also want to take ¼-1/2 tsp of the 5000ppm held under the tongue 3 times a day until you are doing better.

For **Otitis Media (ear infections)** (if your ear drops are not ruptured) you need to dilute the Invive Silver to 500ppm for the ear drops. To make this strength from 5000ppm just add 10 drops of distilled water to every one drop of 5000ppm. Use 3-4 drops in each ear 2-3 times per day till better. In reality I really like just plain old 3% Hydrogen Peroxide for ear infections 2-3 drops in each ear. Tilt the head and hold this dose in each ear for 1-2 minutes before tilting your head back. It will bubble and be quite loud and may burn a little so sometimes children are afraid of the Hydrogen Peroxide whereas the silver should not bubble or hurt at all.

For an 8 year old I would administer the 5000ppm silver under the tongue 15-20 drops 3 times a day (hold for 2-3 minutes then swallow) to treat the ear infection internally as well.

For an **eye infection like Pink Eye** only use the 50ppm Invive Mild Silver Protein Strength. One drop in each eye 3-4 times a day typically works wonders.

So, my daughter's boyfriend got sick and tested for covid, my daughter and wife both sick, went in to get tested yesterday, in spite of my fervent protest showing proof the test are faulty. They came home positive. I had a head ache behind my eye on Friday, ran out of the 2000 silver, so I was taking a table spoon 500 every two hours, feeling worse, body aches and pain, fever sweats and chills to the bone, felt like I had been hit by a truck, Saturday morning, missed work. **Broke out the 5000 silver took a tea spoon and then again 8 hours later another. And this morning I'am perfectly fine.** My wife has taken some too, I have to talk to my daughter, she says it stains her teeth.. Pray for us. Gods bless you and yours. Thank you for sharing the silver connect. Stay healthy.

Scott Johnson's Comment: Great to hear, but yes you should always brush your teeth right after taking the silver or it can stain your teeth, especially the 5000ppm and above.

Subject: Listener Comment About Being Affected by the Covid Vaxxed and Her Experience with the Supplement and Invive

*Hi Scott, I'm a long time listener to your program. Forgive me if I'm having a bit of a time communicating. I'll try to nutshell this. I'm 58 yrs old. My 33 yr old daughter works at a daycare. She has not taken the jab nor been tested. **However her boss and co workers have, and now my daughter, her daughter and my other daughter have come down with whatever they got from them and now me.** The three of them are getting better though not 100%. I am now sick on the 2nd relapse. I never got the jab or was tested but have had a fever **and can hardly breathe to the point it's all I can do to try and write you read through the info etc. I am really scared right now. We all live together and I can't really care for myself much. I want to order the 5000 silver, 2 bottles but now sure how to get it fastest. forgive me I'm not sure what to do and I'm having such a hard time breathing and I'm really scared though I know I shouldn't be. I am truly beside myself.** Thank you Scott and God Bless.*

Update: This just took me by total surprise. Its been very hard not to panic. The pain and not being able to sleep from the pain and the fear of not being able to catch my breath has been something indescribable. Praising Jesus while I'm laying there. Scott I am forever grateful for your help and all you do.

Subject: **Listener Comment: My experience with your Covid protocol**

...I'll try and make this short but want to share my experience with your Covid protocol. It was really put to the test! Surgery on my cervical spine became necessary due to severe pinching of my spinal cord. This was due to a congenital deformity and severe arthritis. Thankfully I am in Oklahoma so no Covid kill shot was necessary. **For 10 days prior to surgery, I hit your Covid protocol hard knowing that I would be in a spine surgical center where staff were likely jabbed. I definitely wanted my immune system strong in case I had to tap into those reserves.** Thankfully I was admitted into a surgical center and not a general hospital with Covid patients. Due to a family emergency I had a close

friend take me to the out of town surgical center for surgery and then pick me up after an overnight stay. When the friend took me to the surgical center, she was very under the weather so I kept my distance as much as I could in a vehicle as we traveled together for 2 hours. She then dropped me off and I didn't see her again until after my surgery when she would pick me up to take me home.

Surgery went fine, but during my overnight stay my oxygen level kept plummeting causing the oxygen meter alarm to go off regularly.

Dr. Johnson's Comment: Could be totally due to the 5G kill zone saturation at most hospitals as 5G specifically interferes with oxygen uptake in the body.

We couldn't figure out why. It was strange but no one was too concerned about it. The next afternoon that same friend picked me up to take me home. When she picked me up, I knew she was really sick but had no choice but to go with her on the 2 hour trip back. I was on strong painkillers and not really thinking clearly. Once I was home, I started not feeling well post-surgery. However, I knew it wasn't surgery related from the symptoms they listed on my discharge papers. I was running a 101 degree fever and completely lost my appetite while feeling like a Mack truck hit me. It was then that my friend texted me to tell me she had been admitted into the hospital with Covid since her oxygen levels kept plummeting. I then realized I had been exposed to Covid in a much weakened post-surgical state and my symptoms were progressing as hers did. She begged me to go get tested. **I declined but started hitting your Covid protocol hard once again knowing that I had caught the bio-weapon.** If you remember, I have a few autoimmune diseases, a rare spinal cord disease...and was now sick with Covid all while just having surgery. Not a good scenario! I had quite a few people praying for me as I quarantined myself. **One friend brought me Ivermectin but it went unused and I never had to take Invive MSP. After 2 days on your protocol, I started feeling better. I continued to get better daily until I am now back on a daily maintenance dosage. Praise the Lord Jesus Christ!!! Friends were shocked at my recovery.** Frankly, I was too considering all of my other health issues and directly after a major surgery.

I have thanked Jesus for His mercy and for using you mightily to prevent illness and heal the sick. You know I've had great benefit from your supplementation protocol through the years but this was on a whole different level. I still get teary-eyed thinking about it. THANK YOU, THANK YOU, THANK YOU!!! S...

3pm update, Wed:

I woke up this morning, feeling vastly better than the day before. But, After I did my last email news update today.....I was sinking fast. I knew I had to stop looking for relevant news, and eat something and pop the pills, etc.

About a half hour after eating and popping pills (Vit C, Vit D3 + Super K, zinc sulfate, quercetin, selenium, iodine, ivermectin).....I got a lift. I felt much better. BUT, about another hour later.....while still eating and popping all my daily pills, I felt myself sink. Now what?

Then, boom, it hit me: Why haven't I been taking Invive Colloidal Silver???? Because I forgot!

That's the problem when you are ill.....you don't think clearly.....you forget things.

So I took the Invive colloidal silver.....strong dose....held it under my tongue for 4 minutes, then swallowed.

Do you know that a couple minutes after I did this, I not only started feeling better, but suddenly I was HOT.....so HOT that I needed to remove my sweatshirt! All morning I have felt cold, in spite of wearing sweat pants and sweat shirt, andeven pulling the hood up, and tying it. I felt cold even after eating and popping all the pills. I was still so cold, that I was even thinking about pulling the blanket off my bed to wrap in.

But a few minutes after taking Invive, I am now HOT!

Not sure how Invive colloidal silver is supposed to work, but that was pretty FAST ACTION in my book! I wish I had thought to take it sooner.

This was the high dosage 5000ppm colloidal silver.....that you are supposed to take when fighting off a cold/flu....

Directions are to repeat the Invive in another 4 hours, and keep doing so, until symptoms of illness are over.

I just thought I had to share this with folks, so that others might learn from my mistakes.

I'm Loving the INVIVE!!!

Scott Johnson's Response: Deborah: Yes your body spiked a fever to kill whatever infection your body was battling. See below for my write up on this subject and a host of other ways to use the Invive Silver. Thank you and God bless!

Listener Question: Are Fevers Bad? Is There a God Given Reason They Occur? Is Calcium Is Vital For Your Immune System?

From: P

Subject: Dr. Scott, Do you recommend taking Tylenol to break a fever (if the fever gets too high) along with colloidal silver? Some of the other doctors are recommending this.

Thank you,

Scott Johnson's Reply: Well, I typically don't advise this unless the fever is above 104 for an extended period of time. Fevers are a God given attribute of our immune systems designed to kill pathogens. Things like bacteria and viruses increasingly do not do well when we have an elevated body temperature. That is why we get fevers in order to "kill the bad guys" in our bodies. Also for the Covid-

19 I did a report on the people that were dying in Italy and the UK, and they had almost all been taking ibuprofen prior to the virus overtaking them and them ending up in the hospital.

Calcium & Vitamin D-3 Is Vital For Your Immune System

Most people are not aware of the role that **calcium** plays in our immune system. It is actually one of the chief fuels upon which our immune system runs on. White blood cells are the main tool our immune systems use to destroy foreign infectious invaders. **White blood cells use calcium as the main fuel to propel themselves and destroy these invaders through a process called Phagocytosis. If we don't have enough usable calcium in our body, our immune system cannot ramp up, get to and kill these foreign infectious invaders. It's like having a guided missile, with no way of getting it off the ground. Consequently, if you have a low amount of usable calcium in your system, forget about having a strong immune system. It won't happen because it can't happen. And calcium is not something that can be manufactured in the body unless we leach it from our own bones, which over time would lead to osteoporosis. One of the main signs we are deficient in Calcium during the throws of an infection, is a high body temperature or fever for an extended period of time.** One of the things that got me into the alternative health field was a poorly functioning immune system. I have found one of the main components in building a strong immune system is keeping calcium reserves high in the body. As sufficient stomach acid is essential for the breakdown of not only calcium but protein, iron and several other trace minerals. If low stomach acid is a factor, [Hydro-Zyme \(90 T\)](#) or [Hydro-Zyme \(250 T\)](#) should be taken with the Calcium and with food. Or as an alternative taking 1-2 tsp. with the calcium should do the trick.

++My choices of Calcium/Magnesium products: White blood cells are the main tool our immune systems use to destroy foreign infectious invaders--White blood cells (WBC) use calcium as the main fuel to propel themselves and destroy these invaders through a process called Phagocytosis.

[Douglas Labs Cal/Mag Citrate 250 capsules 29.00](#)

[C/Cal/Mag Powder™ \(220 g\) 27.00](#)

[Ca/Mg-Zyme™ \(Ca & Mg\) \(360 T\) 35.00](#)

One other thing that is important when talking about calcium is the Omega-3 fatty acids which are high in flaxseed oil. You see the omega-3 fatty acids in flaxseed oil are necessary for healthy cell membranes and to transport calcium into the white blood cells, where the calcium is used to support cell motility (movement) and phagocytosis (killing the foreign infectious invaders). Of the Omega 3 good fats, flax seed oil is very important. For this I recommend [Genestra Organic Flax Oil Capsules 90 Softgels](#), as flax is a very volatile oil and spoils very easily. It is a risky proposition buying flax oil off the shelf as usually there is no way to verify quality. This is also an excellent protocol for skin protection as Calcium and Omega 3 fatty acids are essential in preserving and protecting the skin. Now if I feel I may be getting run down, I will increase my dosage of these two products until my system is back in balance

Invive Silver Dosing Chart for children/babies

Maximum dosage in case of a severe infection: 5 cc's of the 5000ppm Invive Mild Silver Protein per 30 lbs Bodyweight. 5cc = 1tsp. That means a 30 lb. child receives 5 cc in total per day, **in divided doses** of 1.2 cc q.i.d. (or 4 times a day)
A 10 lb. baby receives 2 cc **in total per day**, in divided doses of 1.6 cc total per day. In this case (2cc's) that means 7 (drops) Q.I.D. (or 4 times a day)
Q.I.D.= 28 drops total per day divided by 4 = 7 minims (drops) sublingually every 6 hours.

Symptoms of coronavirus infections almost perfectly mirror symptoms of zinc deficiency

Writing for LewRockwell.com, [Bill Sardi writes](#) that all the most prominent signs of COVID-19 almost perfectly mirror symptoms of zinc deficiency. From his article:
...[M]odern medicine is so steeped in its pharmacy of prescription drugs, with its blinders toward nutritional medicine, that it can't see the obvious evidences of a trace mineral deficiency that results in the same signs and symptoms produced by COVID-19 coronavirus.

He publishes this list of COVID-19 symptoms vs. symptoms of zinc deficiency:

Symptoms of COVID-19 Reported by Emergency Room Physician	Symptoms of Zinc Deficiency
Dry cough	Chronic cough
Nausea w/o vomiting	Nausea
Fever	Fever
Back pain (kidney?)	Chronic pain (low back, neck)
Abdominal discomfort	Abdominal cramping
Diarrhea	Loose stool
Loss of smell	Altered/loss of taste and smell
Loss of appetite	Anorexia (loss of appetite), weight loss
Fatigue	Apathy
Atrial fibrillation (new)	Atrial fibrillation
Low lymphocytes (white blood cells)	Decreased immunity
Lower platelets (blood clotting factor)	Low platelets
Neutrophil count/lymphocytes	Lymphocytes decline (white blood cells)
Interleukin-6 (inflammation)	Increased interleukin-6
Pneumonia (fluid filled lung)	Pneumonia
Inflammatory (cytokine) storm	Inflammation
Elevated iron storage (ferritin)	Increased storage, transport of iron
Elevated C-Reactive Protein	Increased C-Reactive Protein

He further writes:

Dr. James Robb, a pathologist who performed early experiments with coronaviruses back in the 1970s, claims that zinc lozenges are the “[silver bullet against coronavirus](#).” Zinc is required to [maintain thymus gland function to produce life-long antibodies from T-memory cells](#).

[Zinc supplementation in the elderly, the high-risk group of coronavirus Infections, lowers illness markedly](#). [Modern medicine needs to emphasize zinc therapy](#), especially during epidemics.

In summary, it looks like zinc might be the single most important preventive measure, possibly in combination with chloroquine, to **halt the spread of the coronavirus pandemic** and get the economies of the world back to work.

And that’s why the tech giants (Google, Twitter, Facebook, YouTube, etc.) as well as the corporate-run media will continue to censor all truth about zinc and chloroquine, because they actively hope to spread this pandemic and collapse the global economy. Avoid zinc oxide, as it’s almost impossible to absorb.

[How to Neutralize Potential Damage from mRNA Vaccines](#)

Below are the **TOP Three** recommended substances to mitigate damage from mRNA vaccines (in no particular order).

1 | IODINE

An essential mineral, iodine is used by the thyroid gland to make thyroid hormones that control many functions in the body including growth and development, repairing damaged cells and supporting a healthy metabolism. Because your body does not produce iodine, it needs to be supplied in the diet. Iodine can also be used to detoxify toxic compounds **and strongly increases the mRNA decay rate.**^{2,3} Dietary iodine also controls its own absorption through

regulation of the sodium/iodide (NIS) symporter,^{4,5} which protects the functions of the thyroid gland.⁶

2 | ZINC

Zinc enables the body to make proteins and DNA, contributes to wound healing, and plays a role in childhood growth and development. It also has antioxidant properties and plays an important role in cell-mediated immune function and modulates mRNA levels of cytokines.⁷

Zinc has been shown to regulate gene transcription in cancer cells, plus zinc globally down-regulates microRNA expression and key enzymes and proteins necessary for microRNA maturation and stability.⁸ Lastly, zinc-finger protein serrate is among the plant compounds that may silence mRNA.⁹

3 | QUERCETIN

Quercetin, a flavonoid with multiple proven health benefits to both man and animals, displays a plethora of biological activities.

Quercetin-treated neutrophils exhibited a remarkable suppression in mRNA expression of various proinflammatory genes.¹⁰

One of the lesser-known and recently discovered roles of quercetin, is modulation of microRNA (miRNA) expression, which plays a vital role in health and disease.¹¹

Also, **water only fasting** (for 1 week) has been shown to repair DNA damage and silence foreign mRNA. <https://truth11.com/2021/04/07/how-to-neutralize-potential-damage-from-mrna-vaccines/>

On the Connection Between Graphene Oxide Found in "Covid Vaccines", Electromagnetic Fields, Blood Clots & Severe "Covid" Symptoms | How to Remove Graphene Oxide From the Body - Truth Comes to Light

Many are already aware of the work that the team of Spanish researchers that make up [La Quinta Columna](#) have been doing.

Pay attention to this finding: Graphene oxide inside the body causes thrombogenicity. Thrombogenicity refers to the tendency of a material in contact with the blood **to produce a thrombus, or clot**. It not only refers to fixed thrombi **but also to emboli, which are thrombi which have become detached and travel through the bloodstream**. Graphene oxide inside the body causes blood clotting. Graphene oxide inside the body causes post inflammatory syndrome or systemic or multi-organ inflammations. Graphene oxide inside the body when it is above the levels of glutathione —which is one of the body's natural reserves of antioxidants—, causes alteration of the immune system, collapse of the immune system and cytokine storm. Inhaled graphene oxide spreads evenly throughout the alveolar tract and causes bilateral pneumonias. Inhaled graphene oxide causes inflammation of the mucous membranes and thus loss of taste and smell, **possible loss of taste and smell: anosmia**.

In short, graphene oxide behaves exactly like the supposed SARS-CoV-2 of the official version, generating the same symptomatology of severe COVID-19. When installed at the neuronal level, it causes neurodegeneration or, in other words, **neurological COVID-19**.

So, from here we started to see what possible compounds, drugs and treatments could degrade graphene oxide. And look what we found: N-acetylcysteine or glutathione administered degrade it. Because what glutathione does is counteract free radicals and oxidants, all the toxins that can enter the body. And we discovered that there were about 300 clinical studies where certain hospitals and certain universities were using N-acetylcysteine with incredible results.

These are the two sizes Dr. Johnson carries:

[Pure Encapsulations NAC 900 Mg. 120 capsules \\$42.00](#)

For example, 100 patients with saturation levels below 50% practically dead — bluntly speaking—, with bilateral pneumonias, within an hour of intravenous glutathione or N-acetylcysteine administration they recovered. They were taken off ventilators and everything.

Given that to date there is no scientific evidence of an actual sequencing and isolation of SARS-CoV-2, we suspect with many credible indications that COVID-19 disease is actually the side effect of the introduction of graphene oxide into the body by different ways.

And I say 'different ways' because, although they were withdrawn at the time, masks containing graphene oxide nanoparticles have been introduced and are still being marketed. These masks have been introduced and are still being marketed by companies such as Nanografi, so we have masks with graphene oxide, but also graphene oxide nanoparticles introduced in PCR tests; graphene oxide is also present in antigen tests; hydrogels also contain graphene oxide nanoparticles; intranasal vaccines also, since graphene oxide in aerosols is more potent, as is the supposed SARS-CoV-2. Intranasal vaccines are also prepared, for example, by Turkey. They are made by Nanografi for COVID-19 and influenza. We know that, naturally, graphene oxide is eliminated by the levels of glutathione in the body, and that is why we suspect that they propose a second, third and even fourth dose every so often: so that you have your considerable dose of graphene oxide. In short, we are talking about the simultaneous and gradual mass poisoning of the entire world population.

We are talking about a crime against humanity with the complicity of governments or at least their participation.

When we study glutathione, we realize that it begins to fall from the age of 30 onwards, but above all it falls considerably from the age of 65 onwards. In fact, COVID-19 takes a heavier toll on older people, apart from those who are immunocompromised and have other pathologies. When we study glutathione, we realize that children have high glutathione reserves because of their youth, and the COVID-19 disease itself hardly has an impact on children. Similarly, glutathione is especially low in the obese population and we realize that it is precisely the obese who are most affected by COVID-19. We realize that glutathione is related to vitamin D. Low levels of glutathione contribute to low levels of vitamin D, and it is precisely patients with COVID-19 who have low levels of vitamin D.

Everything that we have subsequently studied only further increases and corroborates the hypothesis that the supposed SARS-CoV-2 of the official

version is precisely the graphene oxide. And that all the elements of the supposed protection, that we have been given: masks, PCR tests, swabs, antigen tests and vaccine — are precisely all those elements that will potentially cause the disease to develop in the future.

And why do I say 'in the future'? When we studied the electromagnetic phenomenon we realized that graphene oxide has what is called an 'electronic absorption band'. The electronic excitation, its magnetic resonance is precisely in the third bandwidth of the 5G technology, the one that is being implemented right now and that has been with us throughout the scamdemic.

Incredibly, we are narrating a science fiction movie, but believe me, today nanoscience, neuroscience and biotechnology have advanced tremendously. Can a person be controlled or neurocontrolled remotely wirelessly? Yes, it can be done and it is probably being done in a disguised way, and that may explain some of the anomalous behavioral behavior of the population, especially those who have been inoculated or who have received doses of graphene oxide by different ways.

Is pine needle tea the answer to covid vaccine shedding / transmission? Learn about suramin, shikimic acid and how to make your own extracts

Word is spreading that pine needle tea may offer a solution against covid vaccine "shedding" or transmission, which appears to be a phenomenon where vaccinated people are spreading harmful particles or substances to others around them. See this article from a WordPress blog site called "Ambassador Love."

That article states:

There is a potential antidote to the current spike protein contagion which is called Suramin. It's found in many forests around the world, in Pine needles. Suramin has inhibitory effects against components of the coagulation cascade and against the inappropriate replication and modification of RNA and DNA.

Excessive coagulation causes blood clots, mini-clots, strokes, and unusually heavy menstrual cycles.

Pine needle tea is one of the most potent anti-oxidants there is and it's known to treat cancer, inflammation, stress and depression, pain and respiratory infections. Pine tea also kills parasites.

Below, find a full podcast and video that reveals two extraction methods, both of which are simple, low-tech, low-cost methods that can be used almost anywhere. Fresh pine needles from appropriate trees have been used for centuries as sources of vitamin C and other phytochemicals that Native Americans used to treat respiratory infections and other ailments. Vitamin C is a known cure for scurvy, as scurvy is a disease of vitamin C deficiency. Pine needles contain many other substances that appear to reduce platelet aggregation in the blood, potentially preventing blood clots that lead to strokes, heart attacks and pulmonary embolism diagnoses. (See published science sources below.)

Pine Needle Tea

You can make pine needle tea two ways. One is to pull three or four needles off a tree and stick them in a cup of hot water. Wait a few minutes then enjoy with or without sweetener.

Or collected a handful of pine needles. Needles nearest the trunk are higher in Vitamin C. Chop the needles and put them into a tea ball. Bring water to a boil. Take off the boil. Steep the pine needles for 3-5 minutes. The tea is delicate.

Black Seed Oil ‘Strongly Binds’ to Vaxxed Spike Protein--Prevents Vascular Damage

Black seed oil (from black cumin seed-NOT black currant seed) was used by [Queens Nefertiti](#) and Cleopatra in their beauty regimes; the [seed was discovered in the tomb of Pharaoh Tutankhamun](#). The earliest written reference to cumin seed is made in the Book of Isaiah (Isaiah 28:25,27).

In ancient Greece, renowned physicians like Galen and Hippocrates used this [seed](#) as a natural remedy for strengthening the body of patients suffering with general malaise and weakness.

Black cumin has even been described as a “miracle herb,” and its name in old Latin, “Panacea,” means “cure all.” ([Source](#))

According to June, 2021, research published in the journal [Vascular Pharmacology: Nigella sativa](#), also known as [black seed or black cumin seed](#), “strongly binds” to ACE2 receptors in the lungs, and effectively stops coronavirus (Covid-19) from causing inflammation and vascular damage.

Nigellidine, an alkaloid of the [black cumin seed](#), uses molecular docking for binding to different angiotensin-binding proteins, as well as the covid spike protein.

They found that it “strongly binds” to the spike protein at what is known as the ‘hinge region’ (or active site opening), which, in turn, hampers its binding to ACE2 receptor surfaces.

All of this is technical – but bottom line it STOPS the spike protein!

[Hijama aka “cupping”: desperate workers, students forced into vaxx mandates are turning to ancient treatment to remove the injections after administration](#)

Most people were introduced to the concept of hijama, aka “cupping” in 2016. Michael Phelps is a 23-time Olympic gold medal swimmer. His body was [covered with circular bruises](#) when he showed up for the 4×100 freestyle relay event in Rio De Janeiro that summer. The bruises were the result of the “[cupping](#).” The ancient practice was first utilized in Northeast Africa, China and parts of the Middle East. Cupping is mentioned in the oldest medical textbook in the world – [Ebers Papyrus](#) – first published in 1,550 B.C.E. Cupping treats sore muscles, migraines, skin diseases, arthritis, menstrual pain, face wrinkles, and much more.

Cupping practitioners place round cups made of glass, silicone or bamboo directly on your skin. The suction is created via a pump or through heating the cups to create a natural vacuum. It forces increased blood circulation to the cupped area and stimulates healing and other physiological processes.

While I Would Never Advocate Getting the Covid Shot--How to remove a big portion of the Poisonous Covid Vaccine Injection from your body with cupping

NOTE: This works only up to 30 minutes after the injection.

This cupping method, which a Russian colleague shows here, works only up to 30 minutes after vaccination, in any other case cupping is no longer sufficient ... but it is surprising how fast the blood CLUMPS due to the Covid vaccination ... but it is also clear if you understand the biochemical mechanisms of the functioning of graphene oxides and spike proteins behind it.

Again - it is not a vaccine, it is a gene therapy bioweapon whose nucleotides are transported via the spike protein using the gene scissors (CRISPR). For better transport, nanolipids/hydrogel are used which overcome the blood-brain barrier.

Dandelion leaf extract blocks spike proteins from binding to the ACE2 cell surface receptor – Research

By Lance D Johnson
June 28, 2021

The engineered spike proteins from SARS-CoV-2 can be STOPPED by a common “weed” that is exterminated from lawns every year.

A German university study found that the common dandelion (*Taraxacum officinale*) can block spike proteins from binding to the ACE2 cell surface receptors in human lung and kidney cells.

The water-based dandelion extract, taken from the plant's dried leaves, was effective against spike protein D614 and a host of mutant strains, including D614G, N501Y, K417N and E484K.

Dandelion extract blocks SARS-CoV-2 spike proteins and their variants

The researchers used high molecular weight compounds taken from a water-based dandelion extract and put them to the test in human HEK293-hACE2 kidney and A549-hACE2-TMPRSS2 lung cells. The dandelion blocked the protein-to-protein interactions between the S1 sub unit of the spike protein and the human ACE2 cell surface receptor. This effect was also true against the spike protein mutations from the predominant variants in circulation, including the United Kingdom (B.1.1.7), South African (B.1.351) and Brazilian (P.1) variant.

The dandelion extract stopped SARS-CoV-2 spike pseudotyped lentivirus particles from attaching to lung cells and stopped an inflammatory process called interleukin-6 secretion. Because the study was conducted *in vitro*, further clinical studies are needed to understand how the dandelion extract is absorbed and utilized in biological systems of the human body.

Even though tens of billions of public funds have been poured into experimental vaccine development and propaganda campaigns, the world continues to struggle with new respiratory infections, as SARS-CoV-2 is pressured to mutate into different variants. There is no

evidence to suggest that coronaviruses can be eradicated from the Earth, so human adaptation will be essential going forward. Dandelion extract is one of many herbs that may assist in a healthy immune response. Better yet, dandelion extract could prove to prevent infections altogether, by blocking the precise channel by which the spike proteins attach

and cause viral replication. Other natural compounds have been investigated using molecular docking studies:

Nobiletin is a flavonoid isolated from citrus peels.

Neohesperidin, a derivative of hesperetin, is a flavanone glycoside also found in citrus fruits.

Glycyrrhizin is a molecular compound extracted from licorice root. All three of these natural substances also block spike proteins from binding to ACE2 receptors.

Hydroalcoholic pomegranate peel extract blocks the spike protein at the ACE2 receptor with 74 percent efficacy. When its principal constituents were tested separately, **punicalagin** was 64 percent effective, and **ellagic acid** was 36 percent effective.

These natural compounds (along

with dandelion extract) can be readily mass produced, combined and deployed as preventative medicine for all future spike protein variants. These herbs are generally

recognized as safe, and there are no known cases of overdose with dandelion leaf extract. According to the European Scientific Cooperative on Phytotherapy, the recommended dosage of dandelion leaf is 4–10 grams steeped in hot water, up to three times per day.

The study authors warn that reliance on vaccines is risky and dangerous, not just for individual health but also for herd immunity. Vaccine reliance only focuses on antibody augmentation and is proving to be a high-risk intervention with short term results. Vaccine injuries are frequently reported. Re-infections post vaccination are also common, as the vaccine puts pressure on the original engineered spike protein to mutate.

The authors conclude: “Thus, factors such as low toxicity in humans and effective binding inhibition of five relevant spike mutations to the human ACE2 receptor, as reported here *in vitro*, encourage for more in-depth analysis of *T. officinale*'s effectiveness in SARS-CoV-2

prevention and now requires further confirmatory clinical evidence.”
