PRAYER TO NEUTRALIZE OCCULT RITUALS

Father God in the name of the Lord Jesus Christ, the Lamb that was slain before the foundation of the earth, seated at the right hand of the Father; we come in the authority given to us in Christ Jesus. We place a hedge of warring angels with flaming swords of fire around us and our families continuously. We put on the whole armor of God. We resist and renounce Satan, the god of this earth. We rise to war by the power of the Holy Spirit against witchcraft, occult maneuvers and devices sent against Your Will and the Body of Christ. We ask you to dispatch legions of warring angels in full battle array to enforce our petitions and intercessory prayers. Rout your enemies on all fronts. Turn their hatred, anger, accusations, conflict, arrogance and wicked schemes upon themselves so that they become caught in their own snares and fall into the pits that they intended for others. We nullify, cancel and oppose every satanic operation, scheme, maneuver and strategy. Cause secret plans, agendas and motivation of the enemy to be revealed for everyone to see. We decree and declare that what these evil people & entities meant for evil, you will turn it around and use it for the good of your people. We close every evil portal that has been opened by them. In the name of the Lord Jesus Christ and His shed blood, we break and cancel every curse, spell, hex, vex, charm, enchantment, decree spoken or unspoken, sent against the Body of Christ, the innocent and your intercessors by every witch, warlock, satanist, sorcerer, voodoo priest, shaman, soothsayer, medium, coven and every minion of the devil working iniquity. May they fall into the very pits they have dug for others. Lord Jesus, reveal your love to them. Save those that can be saved. Show them the truth about who they are serving, and their eternal destination if they continue in their present path. Open their minds, eyes and ears to receive supernatural insight and knowledge to understand the truth of the Gospel. Bring them to salvation. We seal this prayer by the Blood of the Lamb and in the name of the LORD Jesus Christ. Amen.

I am now getting into arguments on Truth Social with Trump supporters who are just as stupid as the Leftists and atheists I argued with on Twitter before my suspension, and it's getting old hearing the excuses so-called "conservatives" make for Trump. I've even argued with Scott [if you read this 'on air'] over issues I thought he was wrong about, did the research myself, and ended up eating my emails. Anyone who investigates the evidence objectively will come to the same conclusions. Anyone who doesn't, doesn't because they don't want to. Period. Country is more important than God to those who continually defend Trump in spite of all the evidence that he's clearly controlled opposition.

But here's probably the biggest argument from Trump supporters to justify his mass murder of thousands of conservatives who took his "safe and effective" bioweapon:

"But Trump gave us a good economy, good jobs, lowest unemployment" blah, blah. You know who else had a great economy, low unemployment, and a cozy Socialist utopia? Jim Jones, right before his followers trusted him enough to

consume a product that their beloved leader told them was safe to take. Sound familiar? The Kool Aid Jim Jones offered was just as safe as the shot Trump endorses. If Jeffrey Dahmer built a wall, lowered taxes, broke stock market records, created millions of jobs, I still wouldn't vote for him because he's a serial killer. Trump is a serial killer. He's controlled opposition used by globalism to get "conservatives" to things that they would not do if the advise or information came from the Left or RINOS.

... "But we shouldn't vote for DeSantis, Soros endorsed him". I don't know if DeSantis will be any better than Trump in the long run, but criticism of him should at least be honest. Soros did not endorse DeSantis, he simply gave his opinion on who thought would win in the 2024 election when asked. **We do, however, know that George Soros gave Trump \$160 million to invest in the Chicago Trump Tower in 2004-2005. [Beyond Blasphemous! VICE News Reports: Who Had It Worse, Trump or Jesus Christ? In MAGA-world and Christian Nationalism circles, many Trump supporters see his imminent arrest as eerily similar to the crucifixion of Jesus Christ--There's even a new book entitled: "President Donald J. the name of Jesus, but not in a confession of faith, but in a confession of PRIDE and ARROGANCE!

Some of Donald Trump's supporters can't help but see similarities between the plight of their beloved former president, who's in hot water, legally-speaking, for alleged schemes surrounding hush money to an adult film star, and the suffering of Jesus Christ.

The Manhattan District Attorney's office is reportedly [preparing to indict Trump](#) in relation to a \$130,000 payment from his lawyer and fixer to Stormy Daniels in exchange for her silence prior to the 2016 election.

Trump has tried to cast himself as a victim of political persecution by "evil and sinister people," who are "killing our nation as we sit back & watch" in a series of blustering social media posts in recent days.

The former president has long played a key role in the imaginations of Christian nationalists, who believe America is an inherently Christian nation, should have Christian laws, and that Trump is their savior. Christian nationalist language has seeped into MAGA-world rhetoric, but Trump's imminent arrest has taken it to new heights.

Lawyer Joseph McBride, who is representing a handful of Jan. 6 defendants, thinks that the timing of Trump's likely arrest is notable.

"President Trump will be arrested during lent—a time of suffering and purification for the followers of Jesus Christ," McBride wrote on Twitter. "As Christ was crucified, and then rose again on the 3rd day, so too will @realdonaldtrump." When he faced some pushback on comparing Trump's plight to Jesus Christ's hours-long torture, McBride doubled down. "JESUS LOVES DONALD TRUMP. JESUS DIED FOR DONALD TRUMP. JESUS LIVES INSIDE DONALD TRUMP," McBride tweeted. "DEAL WITH IT."

Other Trump supporters see eerie similarities between the Manhattan DA and the Romans who crucified Jesus.

"Rome tried to silence a peaceful leader via political persecution, and ended up creating the most pervasive & permanent religious figure in all of world history," MAGA-world influencer Reanna Dilley wrote on Twitter. "Good f...ing luck, New York."

Others are writing Trump into the Bible.

"To the wicked who are plotting against President Trump, who has committed no crime. Who has been chosen and appointed by Jesus Christ for such a time as this," one person wrote on Truth Social. "May you fall into your own nets, While President Trump escapes safely. - from Psalm 141:10."

Trump's base worshiped him as a heaven-sent, Christ-like figure, despite his crass language, repeated documented philandering, and scant evidence that he regularly attended church before running for president.

His presidency helped usher in a new era of Christian nationalism, a right-wing philosophy whose adherents believe Trump is on a mission to restore God's kingdom in America by transforming its laws and cultural institutions to reflect evangelical Christian values. A widely-cited study identified Christian nationalism as the dominant ideology among the Jan. 6 Capitol rioters. And there's [even a](#)

(LifeSiteNews) – Just two days after Joe Biden [signed](#) the so-called “Respect for Marriage Act” [RMA] into law, LGBT Republicans celebrated its enactment at a gala event at Donald Trump’s Mar-a-Lago resort home, hosted by the former president himself.

Trump was joined by Arizona’s 2022 GOP gubernatorial candidate, Kari Lake, and an array of high profile “GayCons” (homosexual “conservatives”) including former Director of National Intelligence Ric Grenell, a Trump appointee, and frequent Tucker Carlson guest commentator Chadwick Moore.

Fox News’ [Tammy Bruce](#), a lesbian, [received](#) the “Spirit of Lincoln Award” from the Log Cabin Republicans, the GOP LGBT organization which sponsored the

Here’s the thing: Instead of celebrating the passage and

enactment of the new law, President Trump and Kari Lake should’ve seized the opportunity to denounce it.

And instead of congratulating the 500 or so “GayCons” gathered in Mar-a-Lago’s ballroom, Trump and Lake should’ve asked these men and women to show that they truly are conservatives by affirming the immutable definition of marriage – as conjugal and complementary – and repudiating RMA.

Although Trump [reportedly](#) did not mention the new law in his speech, he did proclaim, “We are fighting for the gay community, and we are fighting and fighting hard.”

“With the help of many of the people here tonight in recent years, our movement has taken incredible strides, the strides you’ve made here is incredible,” added the former Republican president and declared 2024 candidate.

Incandescent light bulbs to get switched off in 2023 under new Satanic Biden rule—They Are Trying to Force you to use the horrible LED lights!

April 27, 2022 / The Biden administration is pulling the plug on incandescent light bulbs in favor of energy-efficient light-emitting diodes, or LEDs.

LED blue light wavelengths linked to cancer, cardiovascular disease and impaired vision

The light from LED devices can damage the eyes, increase the risk of chronic illnesses, and disrupt sleep patterns.

LED devices give off large amounts of blue light. Blue wavelengths trigger oxidative stress that damages cells and tissues, which can lead to various ailments.

Conversely, they do not emit any near-infrared light similar to natural sunlight. The healing and regenerative effects of the red range of light counter the harmful effects of blue light.

The combination of high levels of blue wavelengths and the absence of near-infrared frequencies make LED lights harmful to human health. They increase the chances of chronic disease and hamper natural healing. (Related: [Light and life: Can "engineered light" influence human health and productivity?](#))

Near-infrared wavelengths in [natural sunlight](#) help get the retina ready to repair and regenerate itself. They induce retinal cells to produce melatonin that helps restore the health of the eyes.

But LED lights do not trigger those natural healing processes. Instead, they bombard retinal cells with [digital blue wavelengths](#) that cause destructive oxidative reactions.

Instead of regenerating thanks to red light, the eyes degenerate in the blue light cast by LEDs. The condition can eventually develop into age-related macular degeneration, the leading reason older people go blind.

Furthermore, the reduced levels of melatonin make it more likely for a person to develop insulin resistance. Patients with insulin resistance become more vulnerable to myopia.

Blue light from LEDs disrupts the proper activity of mitochondria. They open the door to cancers, [metabolic disorders](#), and other health issues associated with [mitochondrial dysfunction](#).

Mitochondria are structures in the cell that produce cellular energy. They contain light-absorbing molecules that are optimized to absorb the near-infrared part of the light spectrum. Higher levels of red light increase the amount of energy produced by the cell.

LEDs do not emit any near-infrared light. The lack of the right frequency of light hampers the energy production of mitochondria. They generate less adenosine triphosphate (ATP), the chemical that serves as fuel for cellular functions.

The efficiency of ATP-starved cells goes down. Liver cells cannot remove as many toxins from the blood, while skin cells will produce fewer collagen fibers to replace damaged portions of the skin. The general health of a person will go down, rendering him or her more vulnerable to chronic diseases.

As mentioned earlier, [light from LEDs stops the body from producing melatonin](#).

In addition to regenerating the eyes, melatonin also affects sleep.

Light-sensitive cells in the eyes keep track of blue light. These cells trigger a part of the hypothalamus to signal the pineal gland to halt the production of melatonin, leading to increased wakefulness.

As the sun goes down, the amount of red light decreases. The light-sensitive cells tell the pineal gland to release melatonin, thus inducing sleep.

Exposure to the blue light of LED devices at night disrupts this natural process.

The [bright light emitted by the screens](#) of electronic devices like smartphones and tablets can suppress the production of melatonin for one or two hours, disrupting the normal sleep cycle of a person.

Fortunately, it is possible to reduce or [prevent the harmful effects](#) of blue light.

Replace LEDs with incandescent light bulbs, get as much exposure to natural

sunlight during the day as possible, and don't use any sources of blue light at night.

EXCLUSIVE Special Report: Medical profession implements WHO digital diagnosis code for the unvaxxed--Doctors will be 'incentivized' by the government to start asking more questions about your vax status

January 17, 2023--A set of international codes are used by the medical industry for billing purposes under Medicare-Medicaid and the private insurance companies, but it's not just about billing.

These codes are part of the International Classification of Disease (ICD) system set forth by the United Nations World Health Organization **and they're about to get far more invasive.**

This system was originally created after World War II for the purpose of tracking the diagnosis of major diseases within a population. But over the years, there have been 11 major revisions, **and with each revision the data being collected on each individual has become more precise and all-inclusive.**

More than 1.6 million clinical situations can now be coded, according to the [WHO website](https://www.who.int).

And it's also become more coercive, to the point where it's become impossible for doctors to get reimbursed by insurance companies if they don't upload all the requested data points.

The ICD system really grew into an electronic data-mining beast with the passage by Congress of the Affordable Care Act (Obamacare) in 2012. Since then, there has literally been a numeric code created for almost any diagnosis you can think of, and some you would never think of (Search "[crazy ICD-10 codes](#)" and you will see *what I'm talking about*).

Fast forward to April 2022. **This is when the federal Centers for Medicare and Medicaid (CMS) announced a new code that anyone who is awake and aware of the growing medical tyranny should be concerned about.** After some delays, the new code was rolled out in October 2022 and became available to nearly every medical clinic and hospital in January 2023.

What is this new code? It's **Code Number Z28.310**. This is the code for a very peculiar "diagnosis" since it's not a diagnosis at all, but an invasion of privacy and likely to be used against many people in the future. This is the code your

doctor will log into the computer system that is accessed by government and private health insurers *informing them of your Covid vaccine status.*

I recently interviewed a fully licensed M.D., a physician who practices in a Midwestern state and has full hospital privileges. This doctor's name will remain anonymous because if it were to get out, he could end up losing his job. **On January 12, he informed me that Code Z28.310 went live in his state.**

"Yesterday (January 11) it showed up for the first time in any kind of hospital paperwork I'd seen," the doctor told me.

If diagnostics aren't entered properly, a doctor may not get reimbursed. Now that this new code is officially required by government and private insurance providers, doctors will likely now be "incentivized" to ask about your vax status, he said. That means they get financial payouts whenever the government decides there's a "meaningful use" for this data.

I had no idea that doctors were being bought off in this way.

This system appears to be the way the military-industrial-biomedical complex will identify and separate out those who have submitted to their digital identification system, which starts with being "up to date" on your shots — endless shots. As the late Dr. Zev Zelenko and others have said, these continuous boosters will become a "gateway to transhumanism."

The powers that be at the United Nations and World Economic Forum have a "need to know" when it comes to those who reject this demonic transitioning of the human race, which the transhumanists refer to as an "upgrade" to "humanity 2.0."

[Fingerprints of Unvaccinated NYC Teachers Flagged to FBI](#)

February 10, 2023--On February 8, 2023, while [arguing on behalf of fired NYC workers](#) who declined covid vaccination, attorney John Bursch stated in open court that unvaccinated teachers in New York City were flagged with problem codes in their personnel files, and when that occurred "their fingerprints are sent with that flag to the FBI and the New York Criminal Justice Services."

You can listen to Bursch make this statement at the 5:30 mark of the [audio recording of the court proceeding](#).

The source of this information is Betsy Combier, who wrote an affidavit (see .pdf at the link posted above) in the *Kane v. de Blasio* case where she stated unvaccinated teachers were given a "problem code" label that was "then sent to the national databases at both the Federal Bureau of Investigation" (FBI) and the Department of Justice (DOJ).

In federal court on February 8th attorney Susan Paulson, who was defending NYC, stated that educators fired for declining covid vaccination were not removed for misconduct, but rather for not meeting a requirement for employment.

If there was no misconduct, **why are unvaccinated educators' fingerprints sent to the FBI?**

I believe that unvaccinated NYC educators were being set up to be viewed as “right-wing extremists” or even “terrorists.” We know for many years Dr. Peter Hotez has been promoting a narrative that those who are “vaccine hesitant” are an extremely dangerous group, and that we need to look to Homeland Security and even NATO for suggestions of how to deal with such a “threat.” (Watch Part 1 & 2 of [Dan Cohen’s investigation into Dr. Peter Hotez.](#))

Educators who declined covid vaccination – including myself – had every right to do so. No one is a “terrorist” or “extremist” for holding the line on what does and does not go inside of their bodies – especially injected directly into their muscle tissue.

CLOT SHOT COERCION: In Brazil, all Universal Basic Income (UBI) recipients must show proof of vaccination

In order to continue receiving Universal Basic Income (UBI) payments from the government, Brazilians on welfare must [now show proof of vaccination.](#)

The newly selected Lula da Silva, Brazil’s new socialist-globalist leader, has decreed that the so-called Bolsa Familia program is being updated to only include those who receive every “vaccine” pushed by the government.

“We can’t play,” da Silva said. “It’s a question of science. If I have 10 covid vaccines to take, I will take all that is necessary.”

It was *The Rio Times* that first announced these changes to the Bolsa program, which is described as “a social welfare program for the poorest families in Brazil” and “a kind of Universal Basic Income.” In practice, the scheme has become a social credit system much like the one that exists in communist China.

From now on, all participants in Bolsa Familia will need to show proof of injection in order to continue receiving cash payments.

(Related: Pope Francis [loves the idea](#) of a global UBI system; cites “benefits of globalization.”)

The announcement comes as central banks in Brazil and all around the world gear up to unleash their new Central Bank Digital Currency (CBDC) initiatives, which will do away with cash and coins.

The money systems of the future – systems that are about to become *the present* – will require full obedience from the populace to every government order, including mandatory vaccination. This is how everyone in the world will be forced into absolute government servitude.

Nearly every CBDC program currently in the works comes with expiration and use-by dates, meaning participants will need to spend their allotted cash within a certain time period or else it all goes away.

There are also “anti-hoarding” features in most of them that further make it difficult for people to save their money rather than spend it on the government’s desired timeline.

Thirdly are the “total information awareness” mechanisms built into CBDC. Mark E. Jftovic from *Bomb Thrower* describes these in the following way:

“Once it’s digitized in a centralized database (central banks)...everything becomes known to central authorities instantly. Taxation can be applied per-transaction, but more interestingly – prices can also be modified on the fly.”

“If you’re behind on your property or income taxes – or have an unpaid fine (maybe because you’re fighting it), for example, they could simply enable a rolling garnishing of your wallet until it’s paid off.”

Over 60 scientists call for an end to covid-19 “vaccines” after documenting foreign toxins that damage the blood and impede circulation

The German Working Group for Covid Vaccine Analysis – which includes over 60 scientists, doctors, lawyers, and journalists – published their “Summary of Preliminary Findings” on the toxic substances they are finding in covid-19 vaccine samples and the [changes they are seeing in the blood samples](#) taken from vaccinated individuals.

The scientists “frequently observed an unusually rapid disintegration of the different types of cells in the vaccinated blood” and found concerning rouleaux formations of red blood cells specifically in the vaccinated samples.

Because of these issues, the Working Group is calling for all covid-19 vaccine programs to end. “In order to avert a direct and imminent danger to human life and public safety, we ask that the Covid-19 vaccination programmes be discontinued immediately,” the Group’s report stated. The report has been sent to all members of the Lower House of Parliament in Germany and is being investigated by scientists and doctors of various disciplines.

How To "Unfold" The Spike Protein of COVID-19 (and the VAX) Making it Go Away!

A peer-reviewed medical study shows two, common, over-the-counter supplements, combine to destroy the spike protein of SARS-CoV-2. This article reprints the peer-reviewed study and tells you what supplements THEY used that wiped-out the spike protein. Maybe, people who took the "vaccines" can use this to wipe out the spike proteins inside themselves, that are making many of them sick, and killing many others?

This peer-reviewed paper was published in March of 2021, but no one in the media bothered to tell the public. The only thing the media did was push the "vax." Now, a lot of people are dead, dying, or very sick from the vax.

Below, is the study which showed two over-the-counter food supplements, Bromelain and N-Acetylcysteine (NAC), when used together - not separately - cause the spike protein bindings to fall apart and dissolve into nothing. Images of the results are below!

Oral EDTA Chelation To Remove Artery Plaquing & Toxic Metals

Dr. Johnson's Comment: A Doppler ultrasound of the carotids is the best, most cost-effective way to confirm if you have plaquing of the arteries. Lifeline Screenings are a nationwide service that can provide these at a very low cost, go to: www.lifelinescreening.com

This is a good version of EDTA if you cannot do the IV chelation, but these are suppositories:

[Medicardium: Magnesium Di-Potassium EDTA Chelation](#)

[How Does EDTA Chelation Work?](#)

[IV EDTA Chelation](#)

[EDTA Chelation Suppositories Reviews](#)

The Doctor in the interview above recommended a EDTA chelation skin cream:

[KelaCream EDTA Heavy Metal Detox Cream](#)

^^About this item

- EVERYONE NEEDS CHELATION
- HUMAN BEINGS ALL OVER THE WORLD, REGARDLESS OF LOCATION ARE EXPOSED TO HEAVY METALS DAILY.
- Kelacream is a topical cream which delivers Calcium Disodium EDTA into the body transdermally.
- Kelacream will help remove the bad heavy metals like lead but will also help to remove good minerals like calcium, magnesium, potassium, sodium and so on.
- Be sure to replenish your minerals with a good multi-mineral supplement when using Kelacream.

Question: How are we to know if we are actually becoming rid of toxic heavy metals? Does your urine show color or scent?

Answer:

The best ways to determine effectiveness are 1) improvement in symptoms (if you're experiencing any), and 2) a before, during and after heavy metal test such as a urine or hair analysis. Also, if one is using Kelacream to help improve artery

health, before and after testing can be done such as ultrasound or other non-invasive tests to determine effectiveness.

[5.0 out of 5 stars This products works, Heart Patients!](#)

Reviewed in the United States on August 3, 2019

[Verified Purchase](#)

More than 20 years ago, my Cardiologist gave me 6 months to live if I didn't have another (3rd!) extremely expensive, extremely painful quadruple bypass surgery! That was only 2 years after he did the last one! I fired him on the spot and sought alternatives, finding (by the Grace of God) the therapy known as Chelation Therapy. It works. I have had more than 360 IVs over the past 20+ years and have continued to work, exercise, play and even resumed my SCCA Racing hobby (winning a Regional Championship) without surgery! Now, after so many IVs, my veins have become very sensitive and I have needed to seek a new alternative. I tried oral chelation for almost a year with reasonable results, then switched to KelaCream after reading the reviews (and upon a recommendation by my Nurse Practitioner). This stuff works. You can actually smell metal being removed with your urine after the first couple of applications. Don't skimp, follow the instructions. It's a little costly at \$80/month but a lot less costly than (and certainly not painful like) bypass surgery! I say bypass the bypass (and the stents) and take control of your own life and your health. I believe KelaCream will help you do that!

Also here is a whole book on this subject: [Detox with Oral Chelation: Protecting yourself from Lead, Mercury, & Other Environmental Toxins](#)

++ Regarding the oral EDTA, once a day, if you let ¼ tsp to ½ tsp of oral EDTA sit under the tongue for 5-20 minutes (with 5-7 drops of 99% pharmaceutical grade DMSO—see below) before swallowing, it will have a much higher absorption rate. A little organic peppermint oil can kill the taste. This process (depending on your plaque level) takes a lot of time to work with the oral EDTA route, but it can be a literal lifesaver and it much cheaper than IV Chelation which is the Gold Standard and also highly recommended if you can afford it.

To Purchase Pharmaceutical Grade DMSO (which is the only kind anyone should be using) go to:

<http://www.ebay.com/usr/kaitlynstreasurebox? trksid=p2047675.l2559>

++For the money this is an excellent value on EDTA:

<https://www.ebay.com/sch/i.html? nkw=arizona+edta& sacat=0>

++ This kind of chelation will not remove calcium from your system but it will remove other heavy metals and trace minerals (so again being on a good trace mineral product while on any kind of chelation program is essential) but if you have calcium buildup due to artery plauqing this will not remove that calcium

++ If you wanting to know if you have calcium buildup in the arteries or are getting chest pains and want to see if it may be calcium build up in the arteries and heart valves; phosphorus directly competes with calcium in the body and can will chelate excess calcium out of the body. This can also help with tartar buildup on the teeth and arthritic

calcium spur formation in the body.

++ Note: The links to these products below are there for purely informational purposes only, to order contact Dr. Johnson at: drjohnson@ix.netcom.com
In this case take: [Super Phosphozyme Liquid™ \(2 oz\)](#) 2 full dropper twice a day in juice taken on an empty stomach **or** [Super Phosphozyme™ \(90 T\)](#) 3 tablets twice a day taken on an empty stomach **++Prolonged use will deplete your calcium stores so remember this is a balancing act. You can do this for a few weeks and then take a few weeks break if you like.**

++ Dr. Johnson Comment: Lastly any form of chelation will remove trace minerals from your body, so it is important to take some extra trace minerals once you have been on the EDTA for any length of time. **This is an excellent one I carry:** [Multi-Mins™ \(Potent Mineral Combination\)\(120ct\)](#) & (360ct)

++Dr Johnson does not carry any form of EDTA chelation, but he does carry the other products mentioned.

Subject: RE: Hi Dr J!

I started back on the EDTA a couple of weeks ago and man I must have had some metals in my blood or something because my feet kept feeling heavy and tingly and I was almost concerned there was some onset diabetes or something. But I read somewhere else that someone having those same issues found out they had metals in their body and used the EDTA to clear it up. It sure is. My real heavy legs and feet with tingling and numbness has been clearing up extremely fast. It's only barely there in the tips of my toes now but it's a good tingle now like when your leg falls asleep, you can't feel it at all, then severe pain when you touch it, then the nice finishing tingle. That's where I'm at now so I'm thinking that I may have had that same issue and sure am glad I already ordered this stuff a while back. Now that I can see real clear how well it works, I'm going to be more diligent about using it more regularly. I needed it for my arteries anyways, so in a way I'm glad I had a real fast need to start using it again. I had pretty much forgot about it after I used it on and off a month or so a year ago. Thanks again!

Dr. Scott Johnson's Comment: **With the recent advent Covid (and all that surrounds that issue like the vaxxed shedding their spike protein payloads to the unvaxxed) we should all be placing an ever increasing importance on immune**

system function. In other words the best way to combat all contagious infections is: #1) To not put yourself in harm's way (that is if you can help it) and #2) building up your own immune system as much as possible. Below I am endeavoring to show you how to do the later, as the best defense is a good offence. Ideally, we want to have a strong immune system before we have any potential exposure to any contagious infection. In order to do this certain criteria have to be met in the human body. I am going to highlight some of the most important factors in this document. **See below.** God bless!

The best ways to determine effectiveness are 1) improvement in symptoms (if you're experiencing any), and 2) a before, during and after heavy metal test such as a urine or hair analysis. Also, if one is using Kelacream to help improve artery health, before and after testing can be done such as ultrasound or other non-invasive tests to determine effectiveness.

More than 20 years ago, my Cardiologist gave me 6 months to live if I didn't have another (3rd!) extremely expensive, extremely painful quadruple bypass surgery! That was only 2 years after he did the last one! I fired him on the spot and sought alternatives, finding (by the Grace of God) the therapy known as Chelation Therapy. It works. I have had more than 360 IVs over the past 20+ years and have

continued to work, exercise, play and even resumed my SCCA Racing hobby (winning a Regional Championship) without surgery! Now, after so many IVs, my veins have become very sensitive and I have needed to seek a new alternative. I tried oral chelation for almost a year with reasonable results, then switched to KelaCream after reading the reviews (and upon a recommendation by my Nurse Practitioner). This stuff works. You can actually smell metal being removed with your urine after the first couple of applications. Don't skimp, follow the instructions. It's a little costly at \$80/month but a lot less costly than (and certainly not painful like) bypass surgery! I say bypass the bypass (and the stents) and take control of your own life and your health. I believe KelaCream will help you do that!

Also here is a whole book on this subject: [Detox with Oral Chelation: Protecting yourself from Lead, Mercury, & Other Environmental Toxins](#)

++ Regarding the oral EDTA, once a day, if you let ¼ tsp to ½ tsp of oral EDTA sit under the tongue for 5-20 minutes (with 5-7 drops of 99% pharmaceutical grade DMSO—see below) before swallowing, it will have a much higher absorption rate. A little organic peppermint oil can kill the taste. This process (depending on your plaque level) takes a lot of time to work with the oral EDTA route, but it can be a literal lifesaver and it much cheaper than IV Chelation which is the Gold Standard and also highly recommended if you can afford it.

To Purchase Pharmaceutical Grade DMSO (which is the only kind anyone should be using) go to:

<http://www.ebay.com/usr/kaitlynstreasurebox? trksid=p2047675.l2559>

++For the money this is an excellent value on EDTA:

<https://www.ebay.com/sch/i.html? nkw=arizona+edta& sacat=0>

++ This kind of chelation will not remove calcium from your system but it will remove other heavy metals and trace minerals (so again being on a good trace mineral product while on any kind of chelation program is essential) but if you have calcium buildup due to artery plauqing this will not remove that calcium

++ If you wanting to know if you have calcium buildup in the arteries or are getting chest pains and want to see if it may be calcium build up in the arteries and heart valves; phosphorus directly competes with calcium in the body and can will chelate excess calcium out of the body. This can also help with tartar buildup on the teeth and arthritic calcium spur formation in the body.

++ Note: The links to these products below are there for purely informational purposes only, to order contact Dr. Johnson at: drjohnson@ix.netcom.com

In this case take: [Super Phosphozyme Liquid™ \(2 oz\)](#) 2 full dropper twice a day in juice taken on an empty stomach or [Super Phosphozyme™ \(90 T\)](#) 3 tablets twice a day taken on an empty stomach ++Prolonged use will deplete your calcium stores so remember this is a balancing act. You can do this for a few weeks and then take a few weeks break if you like.

++ Dr. Johnson Comment: Lastly any form of chelation will remove trace minerals from your body, so it is important to take some extra trace minerals once you

have been on the EDTA for any length of time. This is an excellent one I carry: [Multi-Mins™ \(Potent Mineral Combination\)\(120ct\) & \(360ct\)](#)

Subject: RE: Hi Dr J!

I started back on the EDTA a couple of weeks ago and man I must have had some metals in my blood or something because my feet kept feeling heavy and tingly and I was almost concerned there was some onset diabetes or something. But I read somewhere else that someone having those same issues found out they had metals in their body and used the EDTA to clear it up. It sure is. My real heavy legs and feet with tingling and numbness has been clearing up extremely fast. It's only barely there in the tips of my toes now but it's a good tingle now like when your leg falls asleep, you can't feel it at all, then severe pain when you touch it, then the nice finishing tingle. That's where I'm at now so I'm thinking that I may have had that same issue and sure am glad I already ordered this stuff a while back. Now that I can see real clear how well it works, I'm going to be more diligent about using it more regularly. I needed it for my arteries anyways, so in a way I'm glad I had a real fast need to start using it again. I had pretty much forgot about it after I used it on and off a month or so a year ago. Thanks again!

Subject: **Listener Comments: Invive Colloidal Silver Covid Remedy & Information on the Nasal Application of Colloidal silver and Iodine**
Hello Scott, I have been listening to you for many years. And I am a repeat buyer of Invive Colloidal Silver. I also gave the 5,000 ppm to my cat when he had a **Rodent's Ulcer**. **He was given prednisone and it almost killed him. So, after seeing the antibiotics were not working after a few months,** the Invive cleared his condition up in less than three weeks, my vet (who was a shyster) was blown away. He didn't know what to say. Anyway, I bought the 10,700 Colloidal Silver

back when this plandemic first hit, just in case I got it. I was taking all Standard Process supplements along with your suggestions of Selenium, Innate Response Vitamin C, and many other Amino acids...I felt invincible, but took my immunity system for granted. And I did not reorder my supplements on time.

At first, I felt a little run down, a tad weaker in the gym, but the Wednesday before New Year's Eve I was on the treadmill and I felt winded, I couldn't get past 2.5 mph? I did a mile and called it a day. Then my appetite decreased, but I still had a desire to eat only fruit. When Covid kicked in, it mimicked the chicken pox for me. I felt it in my scalp, and in my jaw. When I tried to expand my lungs, it would cause a coughing spell that triggered massive headaches. Then I hit the Invive. I started with a tablespoon every four hours, then did a capful every four hours. I could feel my body get hot... I woke up and the sheets of my bed were soaking wet. The Invive Colloidal Silver killed the Covid in two days. I did feel drained and tired for three weeks. I got back on my supplements and back to the gym two weeks ago and feel great again.

My chiropractor told me if you swab the nasal passages with iodine, hydrogen peroxide, or colloidal silver it will kill the Covid before it enters the sinus.

Thank you, Scott, for all you have taught me. I look forward to all of your podcasts. God Bless,
Jerry P

++ My family and I had COVID over a year ago now and with your advice I've been on a pretty good regimen of immune boosting nutrients. So no one has gotten COVID again and when I have felt something brewing, I use [povidone iodine nasal spray](#) which really seems to work. I then up some of my supplements. I take silver if I need it. Occasionally I'll take Black Seed Cumin oil if I really feel like I'm coming down with something. I also have a "plague tonic" (a recipe was given to me by another homeschool mom) prepared which seems to work: fresh organic ginger, horseradish, whit onion, garlic, habeneros as hot as you can get and raw ACV with the mother. Blend it up and store in a mason jar and take a tablespoon as needed. It's pretty fierce but I think it helped me beat the only really illness I have had this year – felt like a three day cold in September which I threw everything at. I did not get tested. And I bounced back quickly. Usually they drag on for me.

++ Optional, but Dr. Johnson does not carry this: [povidone iodine nasal spray](#)

How to go after a internal infection from multiple angles

++ Now with a **sinus infection** the best way to directly go after this is to get any nasal spray atomizer bottle (**Like this one:** <http://sparknaturals.com/index.php/accessories/1-oz-blue-glass-nasal-sprayer.html>) and add 500ppm silver to the bottle. Now to make the 500ppm just add 10 parts distilled water to one part 5000ppm. This will be the strength you use in a nasal spray bottle. One drop of eucalyptus oil to this 500ppm solution is also very good for nasal use. When you use the 500ppm in the nasal spray bottle make sure you tip your head back and spray 3-5 times per nasal passage. You can do this several times per day. You

would also want to take 1/4 tsp. of the 5000ppm held under the tongue 3 times a day until you are doing better.

DIRECTIONS FOR USE FOR the nasal silver (Or iodine) spray:

We suggest placing head down by knees after nasal application - this will allow the solution to reach under eyes and not drain back out of the nose - look left for 15 seconds - then look right for 15 seconds - then stand up and tilt head back allowing the rest to reach behind nasal passages by adenoids area.

++ For **lung infections** nebulize 100ppm Invive Mild Silver Protein directly into the lung fields for 3-4 minute intervals several times per day. If you want to make a 100ppm solution (and you have a 5000ppm bottle) just divide 5000 by 100 to get: 50. So you would add 50 parts distilled water to 1 part 5000ppm to make a 100ppm solution. You would also want to take 1/4-1/2 tsp of the 5000ppm held under the tongue 3 times a day until you are doing better.

For **Otitis Media (ear infections)** (if your ear drops are not ruptured) you need to dilute the Invive Silver to 500ppm for the ear drops. To make this strength from 5000ppm just add 10 drops of distilled water to every one drop of 5000ppm. Use 3-4 drops in each ear 2-3 times per day till better. In reality I really like just plain old 3% Hydrogen Peroxide for ear infections 2-3 drops in each ear. Tilt the head and hold this dose in each ear for 1-2 minutes before tilting your head back. It will bubble and be quite loud and may burn a little so sometimes children are afraid of the Hydrogen Peroxide whereas the silver should not bubble or hurt at all.

For an 8 year old I would administer the 5000ppm silver under the tongue 15-20 drops 3 times a day (hold for 2-3 minutes then swallow) to treat the ear infection internally as well.

For an **eye infection like Pink Eye** only use the 50ppm Invive Mild Silver Protein Strength. One drop in each eye 3-4 times a day typically works wonders.

So, my daughter's boyfriend got sick and tested for covid, my daughter and wife both sick, went in to get tested yesterday, in spite of my fervent protest showing proof the test are faulty. They came home positive. I had a head ache behind my eye on Friday, ran out of the 2000 silver, so I was taking a table spoon 500 every two hours, feeling worse, body aches and pain, fever sweats and chills to the bone, felt like I had been hit by a truck, Saturday morning, missed work. **Broke out the 5000 silver took a tea spoon and then again 8 hours later another. And this morning I'am perfectly fine.** My wife has taken some too, I have to talk to my daughter, she says it stains her teeth.. Pray for us. Gods bless you and yours. Thank you for sharing the silver connect. Stay healthy.

Scott Johnson's Comment: Great to hear, but yes you should always brush your teeth right after taking the silver or it can stain your teeth, especially the 5000ppm and above.

Subject: [Listener Comment: My experience with your Covid protocol](#)

...I'll try and make this short but want to share my experience with your Covid protocol. It was really put to the test! Surgery on my cervical spine became necessary due to severe pinching of my spinal cord. This was due to a congenital deformity and severe arthritis. Thankfully I am in Oklahoma so no Covid kill shot was necessary. **For 10 days prior to surgery, I hit your Covid**

protocol hard knowing that I would be in a spine surgical center where staff were likely jabbed. I definitely wanted my immune system strong in case I had to tap into those reserves. Thankfully I was admitted into a surgical center and not a general hospital with Covid patients. Due to a family emergency I had a close friend take me to the out of town surgical center for surgery and then pick me up after an overnight stay. When the friend took me to the surgical center, she was very under the weather so I kept my distance as much as I could in a vehicle as we traveled together for 2 hours. She then dropped me off and I didn't see her again until after my surgery when she would pick me up to take me home.

Surgery went fine, but during my overnight stay my oxygen level kept plummeting causing the oxygen meter alarm to go off regularly.

Dr. Johnson's Comment: Could be totally due to the 5G kill zone saturation at most hospitals as 5G specifically interferes with oxygen uptake in the body.

We couldn't figure out why. It was strange but no one was too concerned about it.

The next afternoon that same friend picked me up to take me home. When she picked me up, I knew she was really sick but had no choice but to go with her on the 2 hour trip back. I was on strong painkillers and not really thinking clearly.

Once I was home, I started not feeling well post-surgery. However, I knew it wasn't surgery related from the symptoms they listed on my discharge papers. I was running a 101 degree fever and completely lost my appetite while feeling like a Mack truck hit me. It was then that my friend texted me to tell me she had been admitted into the hospital with Covid since her oxygen levels kept plummeting. I then realized I had been exposed to Covid in a much weakened post-surgical state and my symptoms were progressing as hers did. She begged me to go get tested. I declined but started hitting your Covid protocol hard once again

knowing that I had caught the bio-weapon. If you remember, I have a few autoimmune diseases, a rare spinal cord disease...and was now sick with Covid all while just having surgery. Not a good scenario! I had quite a few people praying for me as I quarantined myself. One friend brought me Ivermectin but it went unused and I never had to take Invive MSP. After 2 days on your protocol, I started feeling better. I continued to get better daily until I am now back on a daily maintenance dosage. Praise the Lord Jesus Christ!!! Friends were shocked at my recovery. Frankly, I was too considering all of my other health issues and directly after a major surgery.

I have thanked Jesus for His mercy and for using you mightily to prevent illness and heal the sick. You know I've had great benefit from your supplementation protocol through the years but this was on a whole different level. I still get teary-eyed thinking about it. THANK YOU, THANK YOU, THANK YOU!!! S...

Significant numbers have plasma levels less than 11 micromoles per /L which puts them in the scurvy category, also not uncommon among those in care homes.

3pm update, Wed:

I woke up this morning, feeling vastly better than the day before. But, After I did my last email news update today.....I was sinking fast. I knew I had to stop looking for relevant news, and eat something and pop the pills, etc.

About a half hour after eating and popping pills (Vit C, Vit D3 + Super K, zinc sulfate, quercetin, selenium, iodine, ivermectin).....I got a lift. I felt much better. BUT, about another hour later.....while still eating and popping all my daily pills, I felt myself sink. Now what?

Then, boom, it hit me: Why haven't I been taking Invive Colloidal Silver????

Because I forgot!

That's the problem when you are ill.....you don't think clearly.....you forget things.

So I took the Invive colloidal silver.....strong dose....held it under my tongue for 4 minutes, then swallowed.

Do you know that a couple minutes after I did this, I not only started feeling better, but suddenly I was HOT.....so HOT that I needed to remove my sweatshirt!

All morning I have felt cold, in spite of wearing sweat pants and sweat shirt, andeven pulling the hood up, and tying it. I felt cold even after eating and popping all the pills. I was still so cold, that I was even thinking about pulling the blanket off my bed to wrap in.

But a few minutes after taking Invive, I am now HOT!

Not sure how Invive colloidal silver is supposed to work, but that was pretty FAST ACTION in my book! I wish I had thought to take it sooner.

This was the high dosage 5000ppm colloidal silver.....that you are supposed to take when fighting off a cold/flu....

Directions are to repeat the Invive in another 4 hours, and keep doing so, until symptoms of illness are over.

I just thought I had to share this with folks, so that others might learn from my mistakes.

I'm Loving the INVIVE!!!

[Listener Question: Are Fevers Bad? Is There a God Given Reason They Occur? Is Calcium Is Vital For Your Immune System?](#)

From: P

Subject: **Dr. Scott, Do you recommend taking Tylenol to break a fever (if the fever gets too high) along with colloidal silver? Some of the other doctors are recommending this.**

Thank you,

Scott Johnson's Reply: Well, I typically don't advise this unless the fever is above 104 for an extended period of time. Fevers are a God given attribute of our immune systems designed to kill pathogens. Things like bacteria and viruses increasingly do not do well when we have an elevated body temperature. That is why we get fevers in order to "kill the bad guys" in our bodies. Also for the Covid-19 I did a report on the people that were dying in Italy and the UK, and they had almost all been taking ibuprofen prior to the virus overtaking them and them ending up in the hospital.

Calcium & Vitamin D-3 Is Vital For Your Immune System

Most people are not aware of the role that **calcium** plays in our immune system. It is actually one of the chief fuels upon which our immune system runs on. White blood cells are the main tool our immune systems use to destroy foreign infectious invaders. **White blood cells use calcium as the main fuel to propel themselves and destroy these invaders through a process called Phagocytosis.** If we don't have enough usable calcium in our body, our immune system cannot ramp up, get to and kill these foreign infectious invaders. It's like having a guided missile, with no way of getting it off the ground. Consequently, if you have a low amount of usable calcium in your system, forget about having a strong immune system. It won't happen because it can't happen. And calcium is not something that can be manufactured in the body unless we leach it from our own bones, which over time would lead to osteoporosis. **One of the main signs we are deficient in Calcium during the throws of an infection, is a high body temperature or fever for an extended period of time.** One of the things that got me into the alternative health field was a poorly functioning immune system. I have found one of the main components in building a strong immune system is keeping calcium reserves high in the body. As sufficient stomach acid is essential for the breakdown of not only calcium but protein, iron and several other trace minerals. If low stomach acid is a factor, [Hydro-Zyme \(90 T\)](#) or [Hydro-Zyme \(250 T\)](#) should be taken with the Calcium and with food. Or as an alternative taking 1-2 tsp. with the calcium should do the trick.

++My choices of Calcium/Magnesium products: White blood cells are the main tool our immune systems use to destroy foreign infectious invaders--White blood cells (WBC) use calcium as the main fuel to propel themselves and destroy these invaders through a process called Phagocytosis.

[Douglas Labs Cal/Mag Citrate 250 capsules 29.00](#)

[C/Cal/Mag Powder™ \(220 g\) 27.00](#)

[Ca/Mg-Zyme™ \(Ca & Mg\) \(360 T\) 35.00](#)

One other thing that is important when talking about calcium is the Omega-3 fatty acids which are high in flaxseed oil. You see the omega-3 fatty acids in flaxseed oil are necessary for healthy cell membranes and to transport calcium into the white blood

cells, where the calcium is used to support cell motility (movement) and phagocytosis (killing the foreign infectious invaders). Of the Omega 3 good fats, flax seed oil is very important. For this I recommend [Genestra Organic Flax Oil Capsules 90 Softgels](#), as flax is a very volatile oil and spoils very easily. It is a risky proposition buying flax oil off the shelf as usually there is no way to verify quality. This is also an excellent protocol for skin protection as Calcium and Omega 3 fatty acids are essential in preserving and protecting the skin. Now if I feel I may be getting run down, I will increase my dosage of these two products until my system is back in balance

Invive Silver Dosing Chart for children/babies

Maximum dosage in case of a severe infection: 5 cc's of the 5000ppm Invive Mild Silver Protein per 30 lbs Bodyweight. 5cc = 1tsp. That means a 30 lb. child receives 5 cc in total per day, **in divided doses** of 1.2 cc q.i.d. (or 4 times a day)

A 10 lb. baby receives 2 cc **in total per day**, in divided doses of 1.6 cc total per day.

In this case (2cc's) that means 7 (drops) Q.I.D. (or 4 times a day)

Q.I.D.= 28 drops total per day divided by 4 = 7 minims (drops) sublingually every 6 hours.

Subject: *Hey bro, I'd like another bottle of 5000ppm silver at same strength... I did the nebulizer last night and when I woke up so much flem came out of my lungs, it helped so much to get it up and out to avoid pneumonia. It litterly cleared my lungs in one 5 min use last night. I mixed it at 500ppm and did 2 5 min sessions before bed spread it out. Another thing I notice is after this morning my shivers are gone... I love this silver and want to tell everyone I can about it. People have to have this product its better than any antibiotic I've taken, even intravenously. This silver if mixed and taken right can save ur life, no joke. U can treat the problem area directly!!! Praise the lord I am healed!!!*

Symptoms of coronavirus infections almost perfectly mirror symptoms of zinc deficiency

Writing for LewRockwell.com, [Bill Sardi writes](#) that all the most prominent signs of COVID-19 almost perfectly mirror symptoms of zinc deficiency. From his article: *...[M]odern medicine is so steeped in its pharmacy of prescription drugs, with its blinders toward nutritional medicine, that it can't see the obvious evidences of a trace mineral deficiency that results in the same signs and symptoms produced by COVID-19 coronavirus.*

He publishes this list of COVID-19 symptoms vs. symptoms of zinc deficiency:

Symptoms of COVID-19 Reported by Emergency Room Physician	Symptoms of Zinc Deficiency
Dry cough	Chronic cough
Nausea w/o vomiting	Nausea
Fever	Fever
Back pain (kidney?)	Chronic pain (low back, neck)
Abdominal discomfort	Abdominal cramping
Diarrhea	Loose stool
Loss of smell	Altered/loss of taste and smell
Loss of appetite	Anorexia (loss of appetite), weight loss
Fatigue	Apathy
Atrial fibrillation (new)	Atrial fibrillation
Low lymphocytes (white blood cells)	Decreased immunity
Lower platelets (blood clotting factor)	Low platelets
Neutrophil count/lymphocytes	Lymphocytes decline (white blood cells)
Interleukin-6 (inflammation)	Increased interleukin-6
Pneumonia (fluid filled lung)	Pneumonia
Inflammatory (cytokine) storm	Inflammation
Elevated iron storage (ferritin)	Increased storage, transport of iron
Elevated C-Reactive Protein	Increased C-Reactive Protein

He further writes:

Dr. James Robb, a pathologist who performed early experiments with coronaviruses back in the 1970s, claims that zinc lozenges are the “[silver bullet against coronavirus](#).” Zinc is required to [maintain thymus gland function to produce life-long antibodies from T-memory cells](#).

[Zinc supplementation in the elderly, the high-risk group of coronavirus Infections, lowers illness markedly](#). [Modern medicine needs to emphasize zinc therapy](#), especially during epidemics.

In summary, it looks like zinc might be the single most important preventive measure, possibly in combination with chloroquine, to **halt the spread of the coronavirus pandemic** and get the economies of the world back to work.

And that's why the tech giants (Google, Twitter, Facebook, YouTube, etc.) as well as the corporate-run media will continue to censor all truth about zinc and chloroquine, because they actively hope to spread this pandemic and collapse the global economy. Avoid zinc oxide, as it's almost impossible to absorb.

How to Neutralize Potential Damage from mRNA Vaccines

Below are the **TOP Three** recommended substances to mitigate damage from mRNA vaccines (in no particular order).

1 | IODINE

An essential mineral, iodine is used by the thyroid gland to make thyroid hormones that control many functions in the body including growth and development, repairing damaged cells and supporting a healthy metabolism. Because your body does not produce iodine, it needs to be supplied in the diet. Iodine can also be used to detoxify toxic compounds **and strongly increases the mRNA decay rate.**^{2,3} Dietary iodine also controls its own absorption through regulation of the sodium/iodide (NIS) symporter,^{4,5} which protects the functions of the thyroid gland.⁶

2 | ZINC

Zinc enables the body to make proteins and DNA, contributes to wound healing, and plays a role in childhood growth and development. It also has antioxidant properties **and plays an important role in cell-mediated immune function and modulates mRNA levels of cytokines.**⁷

Zinc has been shown to regulate gene transcription in cancer cells, plus zinc globally down-regulates microRNA expression and key enzymes and proteins necessary for microRNA maturation and stability.⁸ Lastly, zinc-finger protein serrate is among the plant compounds that may silence mRNA.⁹

3 | QUERCETIN

Quercetin, a flavonoid with multiple proven health benefits to both man and animals, displays a plethora of biological activities.

Quercetin-treated neutrophils exhibited a remarkable suppression in mRNA expression of various proinflammatory genes.¹⁰

One of the lesser-known and recently discovered roles of quercetin, is modulation of microRNA (miRNA) expression, which plays a vital role in health and disease.¹¹

Also, **water only fasting** (for 1 week) has been shown to repair DNA damage and silence foreign mRNA. <https://truth11.com/2021/04/07/how-to-neutralize-potential-damage-from-mrna-vaccines/>

On the Connection Between Graphene Oxide Found in "Covid Vaccines", Electromagnetic Fields, Blood Clots & Severe "Covid" Symptoms | How to Remove Graphene Oxide From the Body - Truth Comes to Light

Many are already aware of the work that the team of Spanish researchers that make up [La Quinta Columna](#) have been doing.

Pay attention to this finding: Graphene oxide inside the body causes thrombogenicity. Thrombogenicity refers to the tendency of a material in contact with the blood **to produce a thrombus, or clot.** It not only refers to fixed thrombi **but also to emboli, which are thrombi which have become detached and travel through the bloodstream.** Graphene oxide inside the body causes blood clotting. Graphene oxide inside the body causes post inflammatory syndrome or systemic or multi-organ inflammations. Graphene oxide inside the body when it is above the levels of glutathione —which is one of the body's natural reserves of

antioxidants—, causes alteration of the immune system, collapse of the immune system and cytokine storm. Inhaled graphene oxide spreads evenly throughout the alveolar tract and causes bilateral pneumonias. Inhaled graphene oxide causes inflammation of the mucous membranes and thus loss of taste and smell, possible loss of taste and smell: anosmia.

In short, graphene oxide behaves exactly like the supposed SARS-CoV-2 of the official version, generating the same symptomatology of severe COVID-19. When installed at the neuronal level, it causes neurodegeneration or, in other words, neurological COVID-19.

So, from here we started to see what possible compounds, drugs and treatments could degrade graphene oxide. And look what we found: N-acetylcysteine or glutathione administered degrade it. Because what glutathione does is counteract free radicals and oxidants, all the toxins that can enter the body.

And we discovered that there were about 300 clinical studies where certain hospitals and certain universities were using N-acetylcysteine with incredible results.

These are the two sizes Dr. Johnson carries:

[Pure Encapsulations NAC 900 Mg. 120 capsules \\$42.00](#)

For example, 100 patients with saturation levels below 50% practically dead — bluntly speaking—, with bilateral pneumonias, within an hour of intravenous glutathione or N-acetylcysteine administration they recovered. They were taken off ventilators and everything.

Given that to date there is no scientific evidence of an actual sequencing and isolation of SARS-CoV-2, we suspect with many credible indications that COVID-19 disease is actually the side effect of the introduction of graphene oxide into the body by different ways.

And I say 'different ways' because, although they were withdrawn at the time, masks containing graphene oxide nanoparticles have been introduced and are still being marketed. These masks have been introduced and are still being marketed by companies such as Nanografi, so we have masks with graphene oxide, but also graphene oxide nanoparticles introduced in PCR tests; graphene oxide is also present in antigen tests; hydrogels also contain graphene oxide nanoparticles; intranasal vaccines also, since graphene oxide in aerosols is more potent, as is the supposed SARS-CoV-2. Intranasal vaccines are also prepared, for example, by Turkey. They are made by Nanografi for COVID-19 and influenza.

We know that, naturally, graphene oxide is eliminated by the levels of glutathione in the body, and that is why we suspect that they propose a second, third and even fourth dose every so often: so that you have your considerable dose of graphene oxide. In short, we are talking about the simultaneous and gradual mass poisoning of the entire world population.

We are talking about a crime against humanity with the complicity of governments or at least their participation.

When we study glutathione, we realize that it begins to fall from the age of 30 onwards, but above all it falls considerably from the age of 65 onwards. In fact, COVID-19 takes a heavier toll on older people, apart from those who are immunocompromised and have other pathologies. When we study glutathione,

we realize that children have high glutathione reserves because of their youth, and the COVID-19 disease itself hardly has an impact on children. Similarly, glutathione is especially low in the obese population and we realize that it is precisely the obese who are most affected by COVID-19. We realize that glutathione is related to vitamin D. Low levels of glutathione contribute to low levels of vitamin D, and it is precisely patients with COVID-19 who have low levels of vitamin D.

Everything that we have subsequently studied only further increases and corroborates the hypothesis that the supposed SARS-CoV-2 of the official version is precisely the graphene oxide. And that all the elements of the supposed protection, that we have been given: masks, PCR tests, swabs, antigen tests and vaccine — are precisely all those elements that will potentially cause the disease to develop in the future.

And why do I say 'in the future'? When we studied the electromagnetic phenomenon we realized that graphene oxide has what is called an 'electronic absorption band'. The electronic excitation, its magnetic resonance is precisely in the third bandwidth of the 5G technology, the one that is being implemented right now and that has been with us throughout the scandemic.

Incredibly, we are narrating a science fiction movie, but believe me, today nanoscience, neuroscience and biotechnology have advanced tremendously. Can a person be controlled or neurocontrolled remotely wirelessly? Yes, it can be done and it is probably being done in a disguised way, and that may explain some of the anomalous behavioral behavior of the population, especially those who have been inoculated or who have received doses of graphene oxide by different ways.

With a degree in Biological Science I can testify to the extraordinary benefits of fulvic acid in plant and mammalian metabolic functions. This product is for my personal use. If you take vitamins or eat food you need fulvic acid for best absorption of the active ingredients. Fulvic acid is an organic chelating agent, which is a material that helps molecular nutrients (or drugs) move through cell walls better.

Is pine needle tea the answer to covid vaccine shedding / transmission? Learn about suramin, shikimic acid and how to make your own extracts

Word is spreading that pine needle tea may offer a solution against [covid vaccine "shedding" or transmission](#), which appears to be a phenomenon where vaccinated people are spreading harmful particles or substances to others around them. See [this article from a WordPress blog site called "Ambassador Love."](#)

That article states:

There is a potential antidote to the current spike protein contagion which is called Suramin. It's found in many forests around the world, in Pine needles. Suramin has inhibitory effects against components of the coagulation cascade and against the inappropriate replication and modification of RNA and DNA. Excessive coagulation causes blood clots, mini-clots, strokes, and unusually heavy menstrual cycles.

Pine needle tea is one of the most potent anti-oxidants there is and it's known to treat cancer, inflammation, stress and depression, pain and respiratory infections. Pine tea also kills parasites.

Below, find a full podcast and video that reveals two extraction methods, both of which are simple, low-tech, low-cost methods that can be used almost anywhere. Fresh pine needles from appropriate trees have been used for centuries as sources of vitamin C and other phytochemicals that Native Americans used to treat respiratory infections and other ailments. Vitamin C is a known cure for scurvy, as scurvy is a disease of vitamin C deficiency. Pine needles contain many other substances that appear to reduce platelet aggregation in the blood, potentially preventing blood clots that lead to strokes, heart attacks and pulmonary embolism diagnoses. (See published science sources below.)

Pine Needle Tea

You can make pine needle tea two ways. One is to pull three or four needles off a tree and stick them in a cup of hot water. Wait a few minutes then enjoy with or without sweetener.

Or collected a handful of pine needles. Needles nearest the trunk are higher in Vitamin C. Chop the needles and put them into a tea ball. Bring water to a boil. Take off the boil. Steep the pine needles for 3-5 minutes. The tea is delicate.

Black Seed Oil ‘Strongly Binds’ to Vaxxed Spike Protein--Prevents Vascular Damage

Black seed oil (from black cumin seed-NOT black currant seed) was used by [Queens Nefertiti](#) and Cleopatra in their beauty regimes; the [seed was discovered in the tomb of Pharaoh Tutankhamun](#). The earliest written reference to cumin seed is made in the Book of Isaiah (Isaiah 28:25,27).

In ancient Greece, renowned physicians like Galen and Hippocrates used this [seed](#) as a natural remedy for strengthening the body of patients suffering with general malaise and weakness.

Black cumin has even been described as a “miracle herb,” and its name in old Latin, “Panacea,” means “cure all.” ([Source](#))

According to June, 2021, research published in the journal [Vascular Pharmacology](#): *Nigella sativa*, also known as [black seed or black cumin seed](#), “strongly binds” to ACE2 receptors in the lungs, and effectively stops coronavirus (Covid-19) from causing inflammation and vascular damage.

Nigellidine, an alkaloid of the [black cumin seed](#), uses molecular docking for binding to different angiotensin-binding proteins, as well as the covid spike protein.

They found that it “strongly binds” to the spike protein at what is known as the ‘hinge region’ (or active site opening), which, in turn, hampers its binding to ACE2 receptor surfaces.

All of this is technical – but bottom line it STOPS the spike protein!

[Hijama aka "cupping": desperate workers, students forced into vaxx mandates are turning to ancient treatment to remove the injections after administration](#)
 Most people were introduced to the concept of hijama, aka "cupping" in 2016. Michael Phelps is a 23-time Olympic gold medal swimmer. His body was [covered with circular bruises](#) when he showed up for the 4x100 freestyle relay event in Rio De Janeiro that summer. The bruises were the result of the "[cupping](#)." The ancient practice was first utilized in Northeast Africa, China and parts of the Middle East. Cupping is mentioned in the oldest medical textbook in the world – [Ebers Papyrus](#) – first published in 1,550 B.C.E. Cupping treats sore muscles, migraines, skin diseases, arthritis, menstrual pain, face wrinkles, and much more. Cupping practitioners place round cups made of glass, silicone or bamboo directly on your skin. The suction is created via a pump or through heating the cups to create a natural vacuum. It forces increased blood circulation to the cupped area and stimulates healing and other physiological processes.

[While I Would Never Advocate Getting the Covid Shot--How to remove a big portion of the Poisonous Covid Vaccine Injection from your body with cupping](#)

NOTE: This works only up to 30 minutes after the injection.

This cupping method, which a Russian colleague shows here, works only up to 30 minutes after vaccination, in any other case cupping is no longer sufficient ... but it is surprising how fast the blood CLUMPS due to the Covid vaccination ... but it is also clear if you understand the biochemical mechanisms of the functioning of graphene oxides and spike proteins behind it.

Again - it is not a vaccine, it is a gene therapy bioweapon whose nucleotides are transported via the spike protein using the gene scissors (CRISPR). For better transport, nanolipids/hydrogel are used which overcome the blood-brain barrier.
