The **1828 Noah Webster Dictionary**

defines: "**Reprove**": To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt. "**Circumspectly**": Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

"The average age of the world's great civilizations has been two hundred years. These nations have progressed through the following sequence: from bondage to spiritual faith, from spiritual faith to great courage, from courage to liberty, from liberty to abundance, from abundance to selfishness, from selfishness to complacency from complacency to apathy, from apathy to dependency, from dependency back to bondage." **Alexander Fraser Tytler**

+1+ STRATEGIC WARFARE PRAYER

Father God in heaven, in the name of the Lord Jesus Christ we come against & oppose all satanic operations, manipulations, subversions, tactics and plans which are designed to hinder, prevent or frustrate God's original plans and purposes from their swift manifestation taking place in their correct time and season. (Daniel 7:25) **We come against all satanic alliances and confederations worldwide. Let every evil effort and endeavor fail.** Cause the news media to be caught in their own lying and manipulation so that only the truth is brought forth. (Nehemiah 4:7-8; Esther 3:1-9:32; Job 5:12-14; Psalm 83:5; 2 Chronicles 20:35) 2. **We ask that every satanic strategy of prohibition and limitation placed upon the Body of Christ (by the dark side), shall not prevail. We pray that all invisible and visible walls of opposition, restriction and delay will be exposed and destroyed.** (Colossians 1:16; Joshua 6:1) **Oh Lord confound the devices and the wicked plans of the enemy that they have crafted, so that their hands are not able to perform their evil enterprise. Save those that can be saved O' Lord, but those that cannot be saved;** overtake them in their own crafty and devious ways; **let them fall into their own pits that they have dug for the righteous, let the Fire of God devour them, let them turn on and consume one another and have them in total confusion & derision.** (Psalm 35:4; 50:3, 55:9; 70:2; 83:17; John 8:32). **We loose the hosts of heaven to war against the hosts of darkness and bring an end to all deceptive, secretive and destructive measures designed destroy all of God's creation and defile the world. According to 1 John 3:8 for this reason, was the Son of God made manifest, that He would destroy the works of the enemy.** (John 2:15-17; Acts 16:16-19) **Father God overrule all strategies, tactics and curses of the enemy by the power of Jesus Christ and His shed Blood; &**

overthrow all spoken words, enchantments, divinations, spells, hexes, vexes, curses, witchcraft prayers and every idle word spoken contrary to God's original plans and purposes according to Isaiah 54:17, & **break the curses** associated with all these ceremonies, rituals, utterances, and destroy their plans to bring about a chaotic bloody revolution in worldwide & to usher in Martial Law and the New World Order.

Father God, we pray their plans shall be uncovered and not prevail & shall be frustrated and unable to achieve any impact & that their wickedness and violent verbal dealings would return upon their own heads, according to Psalm 7:16.

FATHER GOD, WE HUMBLY ASK YOU TO: Reveal every hidden agenda, plan and cover-up in the secret shadow government regarding their attempts to manipulate end time events which would lead to the destruction of Your Christians & the innocent.

(Isaiah 44:25; 2 Timothy 3:8) Please send divine, powerful angelic forces against their diabolical plans to expose & destroy them. **We dispatch legions of warring angels (and any other kinds of angel's necessary) to enforce Your perfect will on the United States of America and on all the earth.** (Joshua 5:13-14; Psalm 103:20-22;

Colossians 2:14, 15; Ezekiel 9:9-11) **Release your divine strategies and revelations upon any righteous person in government, worldwide. Fill them with Your Holy Spirit and cause Your divine wisdom & courage to come upon them.** (James 1:5) **Cause** them to be like a holy trumpet shedding light upon the dark hidden secrets of the wicked. Send a spirit of confusion amongst the camp of the enemy. Let their tongues be divided & when they communicate let it be incoherent and misunderstood. (1 Samuel 10:27) **Arrest those that operate in the spirit of Jezebel or Belial (and all other wicked spirits) and cause them to be caught in their own lies and conspiracies. Let them not be able to resist the Spirit of Truth or gain any ground in the natural or spiritual realm. Cause every evil spirit that is released from their diabolical assignments to be cast into the abyss, until which time they then be cast into the lake of fire, AND THAT NONE WOULD BE ABLE TO COME TO TAKE THEIR PLACE..** (Psalm 110:1; 1 Kings 19:1-5; 21:1-16) Please cause these prayers and all future prayers to take on the characteristics of divine projectiles in the realm of the spirit, so that they will accomplish your divine will. (Psalm 57:4) **WE SEAL THIS PRAYER BY THE BLOOD OF THE LAMB AND ASK ALL THESE THINGS IN THE NAME OF THE LORD JESUS CHRIST, AMEN!**

Benzene exposure results in cell malfunctioning. It harms the immune system by altering antibody levels in the blood and triggering the loss of white blood cells..

Everything you need to know about Benzene Exposure

What happens if you are exposed to high levels of benzene?

- The major effect of benzene from long-term exposure is on the blood. (Long-term exposure means exposure of a year or more.) Benzene causes harmful effects on the bone marrow and can cause a decrease in red blood cells, leading to anemia. It can also cause excessive bleeding and can affect the immune system, increasing the chance for infection.

According to the National Cancer Institute, when formaldehyde is present in the air at levels higher than 0.1 parts per million (ppm), some people can experience side effects, such as:

- Watery eyes
- Burning in the eyes, nose, or throat
- Coughing
- Wheezing
- Nausea
- Skin irritation

Based on the existing evidence, some national and international agencies have concluded the health risks of formaldehyde, which include:

- The Environmental Protection Agency (EPA) labels formaldehyde as a “probable human carcinogen.”⁷ A carcinogen is a cancer-causing substance.
- The International Agency for Research on Cancer (IARC)..., lists formaldehyde as “carcinogenic to humans.”⁸
- The National Toxicology Program (NTP)... says formaldehyde is “known to be a human carcinogen.”⁹

...I have been using the Berkey water system for quite a few years now; partially, because of Mike Adams' recommendations from his lab. I recommended it to a friend of mine, who lives on a ranch with a very poor well on it. She purchased the system and a few months later, she came across the article that I'm listing below. What do you think? Are the Berkey's okay? It seems like this person's research is valid.

[Are Berkey Water Filters Unsafe? - Truth About Fluoride](#)

++Reply--From: drjohnson@ix.netcom.com: Caroline: I finally looked at this and I cannot refute it. I think he has really went above and beyond to check this matter out.

++Now when it comes to water filter pitchers, the ONLY company that clearly states it does NOT use aluminum in their filter AND can remove fluoride is [Clearly Filtered](#) (link to their website) 98% removal!! .

All other water filter pitcher brands either use aluminum or can not remove fluoride. While the only problem with Clearly Filtered, is that they're often sold out.

While the other two filters I recommend that will give you peace of mind are reverse osmosis and distillers. And if you're having trouble deciding which one is

best for you, take a look at my guide at [water filters that remove fluoride](#) (link to guide). All 3 are great options!

UPDATE: Ever since publishing this article I've been looking for filters that would replace the Berkey as an official recommendation. This has included testing various brands like AquaTru, RKIN, and Waterdrop. So to find out the latest development, check out the water filters guide mentioned above.

Subject: Water filters

Hello Dr. Scott, I'm listening to your current teaching about water filters. I use a water filter from Clearly Filtered and have been for a couple years. They claim it filters 90% of the fluoride from the water as well as almost everything else. They say you need to replace the filter only when it becomes clogged, which for me is about every 6 months.

Australia Approves Mandatory (Bill Gates) mRNA Vaccines for ALL Agriculture

Australia has announced plans to inject Bill Gates' [mRNA vaccines](#) into all livestock destined for people's dinner plates.

According to reports, the Australian government plans to make the vaccine rollout mandatory for all animals, regardless of whether cattle farmers agree or not.

On May 2, 2023, Meat and Livestock Australia (MLA) announced funding for a project to 'test mRNA vaccines that can be rapidly mass-produced in Australia in the event of a lumpy skin disease or other exotic disease outbreak'.

Tragic: Actress Dies By Assisted Suicide Following Devastating COVID Booster Destroyed Her Life

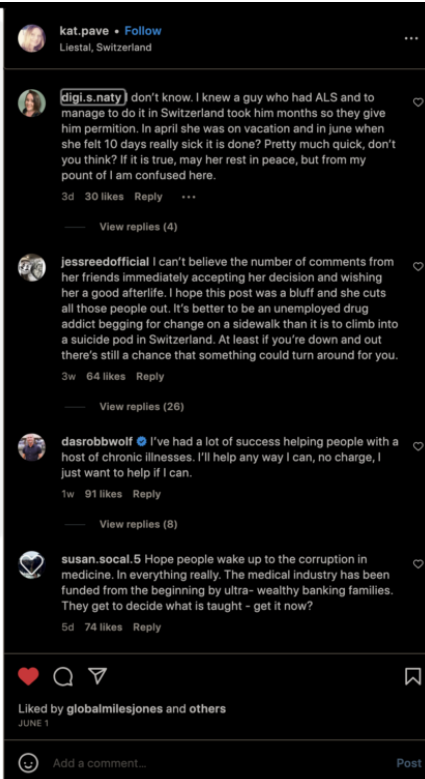

Katarina Pavelek, who was known for her work on Fox Sports Live as well as her roles in The Mindy Project (2012), and Marry Me (2014) had received the COVID booster about a year ago, but experienced significant health problems shortly after receiving the experimental injection.

Soon after taking the shot, 41-year-old Pavelek was diagnosed with myalgic encephalomyelitis/chronic fatigue syndrome (ME/CFS), a complex incurable neurological illness that affects daily life.

"At times, this condition may confine people to their beds. ME/CFS can worsen if individuals with this illness overwork themselves. The model was also suspected to have respiratory ALS, a neurodegenerative disorder that weakens the muscles involved in breathing and swallowing," Evie Magazine [reported](#).

Pavelek made a disturbing [announcement](#) June 1 on Instagram: she had decided to end her own life because she could no longer bear living with her vaccine-induced illness.

Hi guys, over last 10 days I became severely ill again homebound unable to do much. My body is too weak to fight this illness and I have no more strength so I made decision to end my life at Pegasos association in Switzerland. I was diagnosed with untreatable chronic neurological illness ME/CFS caused by booster jab on top of having suspected respiratory ALS. This illness made me disabled, unable to work or have social life and unable to enjoy life all together. Breathing have become more and more difficult and painful for me and my lung function has been declining. Thank you for all your friendship and support over last year. The booster jab I received over year ago destroyed my health, my body and my life completely. There is no other way to end my suffering other than the decision I made.

UFC Fighter Anthony Smith Blames Covid Jab for Blood Clot, Says Mother DIED After Pfizer Booster

UFC light heavyweight fighter **Anthony “Lionheart” Smith** attributed a blood clot he developed to the experimental Covid-19 jab, and suspects Pfizer’s Covid jab was responsible for his mother’s untimely death.

Joining the “Believe You Me” podcast hosted by former UFC middleweight champion Michael Bisping on Monday, Smith recounted how his “fairly healthy” mother went into a coma shortly after receiving a booster jab.

“So, you know, when my mom passed... she got sick immediately after getting her booster, but she’s fairly healthy, but she got sick immediately after that,” Smith said. “So she got her booster and was in a coma in like 2 weeks...”

Smith went on to explain shortly thereafter Pfizer announced there was a stroke risk for older Covid jab recipients, making him suspect a potential link to his mother’s death.

Wave of mRNA Vaccines Coming?--Action Alert!

We debated GMOs for years, why aren’t we debating the latest bioengineering tech: mRNA?

Are you ready for the total transformation of our food supply? There are dozens of veterinary vaccines (and human vaccines, for that matter) in production utilizing the new mRNA technology that underpinned the COVID vaccines. This

new technology is entering our food supply under the cover of darkness—granted by censorship imposed during the COVID era that power brokers seem intent on keeping in place.

What's often not appreciated is how fundamentally different these vaccines are from previous vaccines. They rely on [synthetic biology](#), essentially blurring the line between biology and technology. This blurring is one of the characteristics World Economic Forum founder and chairman, Klaus Schwab, relates to his dystopian concept of the [Fourth Industrial Revolution, which includes gene-edited humans or 'designer beings'](#).

There are major questions about the long-term consequences of using mRNA technology given its novelty, both for food animals and for humans. Yet there isn't even a semblance of a public debate about how to move forward or the need for transparency of supply chains including foodstuffs derived from animals treated with mRNA vaccines. This needs to change, especially as mRNA vaccines may well become a mainstay in human and veterinary medicine.

The coming use of mRNA vaccines in livestock presents a massive issue pertaining to our right to know what is in our food. The use of mRNA vaccines in humans is of course another massive public health issue that we've written about a number of times over the last three years, such as [here](#) and [here](#). It was with a similar sense of humility and caution in the face of this new vaccine technology that we [issued a joint call](#) with our colleagues at the Alliance for Natural Health International to [protect autoimmune patients](#) from compulsory COVID vaccination. [Action Alert!](#)

COVID jabs contain graphene NANOBOTS, scientists discover – and they pass from the vaccinated to unvaccinated

May 31, 2023 ([Natural News](#)) The true nefarious purpose behind Wuhan coronavirus (COVID-19) “vaccines” extends far beyond just mass depopulation of the world.

The injections are [laced with microscopic graphene oxide “nanobots”](#) that alter natural human biology in ways that we are only just beginning to discover and understand.

Graphene, a single layer of carbon atoms arranged in a two-dimensional lattice structure, is remarkably powerful in terms of amalgamating the human frame with synthetic, man-made components.

(Related: Check out our [earlier coverage](#) about the strange “artifacts” being found in the blood of people who got jabbed.)

It appears as though the goal with these graphene nanobots is to transform, or *transition*, all human beings into human-hybrid robots controlled by 5G wireless transmissions.

As crazy as it might sound, the powers that be seem to be building a worldwide network of 5G nodes that, once activated in conjunction with whatever software is uploaded to the 5G nanobots hiding inside the “fully vaccinated,” will give them absolute power over the masses.

“One concerning aspect of graphene nanobots lies in their potential for infiltration and manipulation. As they navigate through our bloodstream, these

microscopic agents have the capacity to interact with our cells, tissues, and even our DNA. The prospect of intentional manipulation or unintended side effects raise alarms about the invasion of our bodily autonomy and the potential for irreversible harm.” reports *The Exposé*.

Even if you avoided the jabs, you might still have graphene nanobots in your body from “shedding”

Everything that is now coming to light about graphene nanobots is more than likely just the tip of the iceberg. We may never fully know what the plan for them is until it is actually executed, at which point it will already be far too late to reverse course.

“The possibility of surreptitious surveillance, tracking, or alteration of our physical and cognitive functions becomes a disconcerting reality,” *The Exposé* adds.

“As these nanobots become more integrated into our daily lives, the line between human agency and technological control blurs, giving rise to a dystopian world where our very essence is manipulated and exploited.”

Identifying the entity or entities behind these graphene nanobots, as well as their full intentions, remains a challenge because of the secrecy surrounding their origins. Both sides of the political aisle seem to be playing their part in deploying them, with the Trump administration having unleashed them via the PREP Act and Operation Warp Speed, followed by the Biden regime grabbing the baton and forcing them on the public.

COVID has since been exposed as a scam, along with the injections, but it no longer matters because a majority of the country already got jabbed – and the rest who remain unjabbed are now being “shed” on by the jabbed, infecting them with graphene nanobots as well.

In time, every person on earth will have these foreign objects swimming in their bloodstreams, jabbed or not. Once that process is complete, it is anyone’s guess how severe the dystopian fallout will be.

“One of the most horrifying aspects of graphene nanobots is their ability to manipulate and control our bodily functions,” reports warn.

“Imagine a scenario where these insidious agents override our natural systems, dictating our thoughts, emotions, and physical actions. Our autonomy is stripped away, we become mere puppets in the hands of these malevolent forces. The prospect of a dystopian world where our every move is orchestrated by these silent destroyers is a chilling thought indeed.”

What will become of the world over the next few years as the “fully vaccinated” fully transition into human-hybrid robots? Find out more at

Oral EDTA Chelation To Remove Artery Plaquing & Toxic Metals

Dr. Johnson's Comment: A Doppler ultrasound of the carotids is the best, most cost-effective way to confirm if you have plaquing of the arteries. Lifeline Screenings are a nationwide service that can provide these at a very low cost, go to: www.lifelinescreening.com

This is a good version of EDTA if you cannot do the IV chelation, but these are suppositories:

[IV EDTA Chelation](#)

[EDTA Chelation Suppositories Reviews](#)

The Doctor in the interview above recommended a EDTA chelation skin cream:

[KelaCream EDTA Heavy Metal Detox Cream](#)

^^About this item

- EVERYONE NEEDS CHELATION
- HUMAN BEINGS ALL OVER THE WORLD, REGARDLESS OF LOCATION ARE EXPOSED TO HEAVY METALS DAILY.
- Kelacream is a topical cream which delivers Calcium Disodium EDTA into the body transdermally.
- Kelacream will help remove the bad heavy metals like lead but will also help to remove good minerals like calcium, magnesium, potassium, sodium and so on.
- Be sure to replenish your minerals with a good multi-mineral supplement when using Kelacream.

Question: How are we to know if we are actually becoming rid of toxic heavy metals? Does your urine show color or scent?

Answer:

The best ways to determine effectiveness are 1) improvement in symptoms (if you're experiencing any), and 2) a before, during and after heavy metal test such as a urine or hair analysis. Also, if one is using Kelacream to help improve artery health, before and after testing can be done such as ultrasound or other non-invasive tests to determine effectiveness.

More than 20 years ago, my Cardiologist gave me 6 months to live if I didn't have another (3rd!) extremely expensive, extremely painful quadruple bypass surgery! That was only 2 years after he did the last one! I fired him on the spot and sought alternatives, finding (by the Grace of God) the therapy known as Chelation Therapy. It works. I have had more than 360 IVs over the past 20+ years and have continued to work, exercise, play and even resumed my SCCA Racing hobby (winning a Regional Championship) without surgery! Now, after so many IVs, my veins have become very sensitive and I have needed to seek a new alternative. I tried oral chelation for almost a year with reasonable results, then switched to KelaCream after reading the reviews (and upon a recommendation by my Nurse Practitioner). This stuff works. You can actually smell metal being removed with your urine after the first couple of applications. Don't skimp, follow the instructions. It's a little costly at \$80/month but a lot less costly than (and certainly not painful like) bypass surgery! I say bypass the bypass (and the stents) and take control of your own life and your health. I believe KelaCream will help you do that!

Also here is a whole book on this subject: [Detox with Oral Chelation: Protecting yourself from Lead, Mercury, & Other Environmental Toxins](#)

++ Regarding the oral EDTA, once a day, if you let ¼ tsp to ½ tsp of oral EDTA sit under the tongue for 5-20 minutes (with 5-7 drops of 99% pharmaceutical grade DMSO—see below) before swallowing, it will have a much higher absorption rate. A little organic peppermint oil can kill the taste. This process (depending on your plaque level) takes a lot of time to work with the oral EDTA route, but it can be a literal lifesaver and it much cheaper than IV Chelation which is the Gold Standard and also highly recommended if you can afford it.

To Purchase Pharmaceutical Grade DMSO (which is the only kind anyone should be using) go to:

<http://www.ebay.com/usr/kaitlynstreasurebox? trksid=p2047675.l2559>

++For the money this is an excellent value on EDTA:

<https://www.ebay.com/sch/i.html? nkw=arizona+edta& sacat=0>

++ This kind of chelation will not remove calcium from your system but it will remove other heavy metals and trace minerals (so again being on a good trace mineral product while on any kind of chelation program is essential) but if you have calcium buildup due to artery plauqing this will not remove that calcium

++ If you wanting to know if you have calcium buildup in the arteries or are getting chest pains and want to see if it may be calcium build up in the arteries and heart valves; phosphorus directly competes with calcium in the body and can will chelate excess calcium out of the body. This can also help with tartar buildup on the teeth and arthritic calcium spur formation in the body.

stores so remember this is a balancing act. You can do this for a few weeks and then take a few weeks break if you like.

++ Dr. Johnson Comment: Lastly any form of chelation will remove trace minerals from your body, so it is important to take some extra trace minerals once you have been on the EDTA for any length of time. **This is an excellent one I carry:** [Multi-Mins™ \(Potent Mineral Combination\)\(120ct\) & \(360ct\)](#)

Subject: RE: Hi Dr J!

I started back on the EDTA a couple of weeks ago and man I must have had some metals in my blood or something because my feet kept feeling heavy and tingly and I was almost concerned there was some onset diabetes or something. But I read somewhere else that someone having those same issues found out they had metals in their body and used the EDTA to clear it up. It sure is. My real heavy legs and feet with tingling and numbness has been clearing up extremely fast. It's only barely there in the tips of my toes now but it's a good tingle now like when your leg falls asleep, you can't feel it at all, then severe pain when you touch it, then the nice finishing tingle. That's where I'm at now so I'm thinking that I may have had that same issue and sure am glad I already ordered this stuff a while back. Now that I can see real clear how well it works, I'm going to be more diligent about using it more regularly. I needed it for my arteries anyways, so in a way I'm glad I had a real fast need to start using it again. I had pretty much forgot about it after I used it on and off a month or so a year ago. ++ The Science Behind Ahiflower--Studies show that Ahiflower can naturally balance and deliver all the body's needs for essential fatty acids. Furthermore, two published human clinical trials and supporting science sets Ahiflower apart as an arguably superior alternative to fish, flax, and algae oils. A perfect complete and balanced daily omega.

++ What is Ahiflower? Ahiflower is a naturally wild plant that was discovered growing in a hedgerow in the UK countryside. Each Ahiflower bloom produces up to four seeds. These seeds are freshly expeller-pressed to produce a complete and balanced omega-rich oil with a higher quality and higher quantity of omegas than any other seed oil ever discovered.

++ BETTER THAN FISH, FLAX, CHIA OR HEMP OILS: A human clinical trial found that Ahiflower has up to 400% greater EPA conversion rate than flaxseed oil, the #1 selling plant-based Omega 3. Overall, Ahiflower has a higher EPA value than flax, chia or hemp oil.* Ahiflower Oil is complete Omega 3, 6, 9, that has an optimal 4:1 ratio of Omega 3:6.

Ahiflower® oil is a plant-based omega source that supplies higher levels of immediate omega-3 precursors to EPA and DHA due to its exceptionally high ALA and SDA content, increases circulating EPA and anti-inflammatory GLA levels, and has new preliminary evidence of relatively rapid DHA turnover.

SDA is the most efficient plant-based omega-3 fatty acid precursor for EPA and DHA synthesis, converting up to 4 times the rate of ALA into EPA. Ahiflower is the richest non-GM plant-derived source of SDA.

Increasing circulating EPA/DHA levels through omega-3 supplementation correlates with a number of wellness endpoints, but new research is differentiating the respective roles and benefits of elevated EPA vs DHA and their ratios.

Recently published large cohort clinical trials and meta-analyses highlight the value of elevating EPA vs DHA levels in preventing cardiovascular adverse events and improving cognitive performance in average adults. The role of elevating EPA levels and

++ MORE PRACTICAL THAN FISH OIL: Fish populations in our oceans have dropped by 50% and some commercial fish stocks have fallen by almost 75% since 1970 caused by over-fishing according to WWF. Ahiflower Oil is a sustainably harvested Non-GMO land-based crop grown in the UK. Not only has the fish oil industry contributed largely to overfishing, depleting wild stocks and threatening marine ecosystems worldwide, many of the fish species used in supplements are contaminated by pollution, and have become a concentrated source of toxins including PCBs and heavy metals. In addition, the process of extracting oils from fish may not be as clean and simple as extraction from plant-based sources. Patients who are concerned with toxic exposures and environmental health, as well as those who choose vegan lifestyles or have difficulty tolerating the taste of fish, present problems to practitioners seeking to offer the extraordinary benefits of essential fatty acids.

Most of today's commercial applications deliver large doses of chemicals to bad cells in the hopes they will drown the problem. We provide nanotechnology applications that:

- **Repair cellular communications at the molecular level.**
- **Work at the building block level of life.**
- **Are powerful, but harmless ingredients delivered in ultra-low dosages (ULD).**
- **Have no side effects or allergic reactions.**
- **Activate the repair mechanism of the body so it can repair itself.**

[+2+ Disney Green Lights New Show About A Girl Falling In Love With The Devil And Being Impregnated With The Seed Of Satan - ROSEMARY'S BABY 2023 REDUX!!](#)

May 30, 2023 The family-friendly entertainment organization MovieGuide is sounding the alarm about a new campaign against an upcoming Disney+ **that features a teenage girl's love affair with Satan.**

The streaming platform has given the green light to start production on a new German original series titled *Pauline*. According to [Deadline](#), the series follows an 18-year-old girl becomes pregnant after a one-night stand with the devil.

The series' creators, who are behind Netflix's "How to Sell Drugs Online (Fast)," say the project is "very close" to their hearts.

"For a long time, the series has been and still remains a project very close to our hearts," Philipp Käßbohrer and Matthias Murmann said. "We're thrilled that Disney+ loves this **coming-of-age story** as much as we do and that we've now been able to begin filming with such an amazing cast and crew."

Increasingly Disney's "coming-of-age" films have been out of touch with what parents want their kids to watch. They often push content with themes around witchcraft, sex, and violence.

Last year, the company lost over \$100 million each for their animated movies, "[Light Year](#)" and "[Strange World](#)," which depicted same-sex relationships on screen.

Movieguide chairman and founder Ted Baehr, is calling on parents to petition Disney+ to stop the release of "Pauline" on the platform.

"We can't let this twisted and disturbing content corrupt our children's values and beliefs," he shared.

"Let me be clear. Pauline is not just another piece of entertainment," Baehr added. "Horrifically, this series even portrays Satan as a romantic partner! By normalizing and promoting such a relationship, Pauline sends a dangerous message to young viewers that associating with demons, Satan, and evil is acceptable and even desirable!"

Baehr said [MovieGuide](#) is partnering with Citizen-go to stop the series from premiering on Disney+.

"If released, there will be millions of young viewers who may perceive this twisted and disturbing story as desirable and exciting," Baehr warned. "The show's attempt to normalize and even promote demonic association is a blatant attempt to blur the lines of morality and make evil desirable."

More Updates and Listener Comments on Catholicism - Jim Caviezel - Mel Gibson - The Sound of Silence and Passion of Christ Movie

Dear Scott, I've followed you for a long time. But I'm getting to where I too have to glean from your podcasts like you say you do from others so many times. And it is disappointing and sad to me. I don't take any pleasure in saying this.

I am a former Roman Catholic....

My point is, theologically yes. You are correct about Catholicism. I have lived it and battle it. I've been shunned by ALL family because I dared to tell them the truth.

But to tear down anyone exposing child trafficking and all the demonic horrors that come with it because they don't believe like you is wrong.

What's more sad. Is Jim Caveziel just might win many to Catholicism because he's standing up where the born-again remnant won't. That should bring conviction, not criticism.

I personally know quite of few adults who survived satanic abuses and most are turned off by the church because they are silent.

I'm so sorry. I believe you are sincere and a good man. But I just don't agree.

Mary: So what is sounds like you are saying is I should have issued zero warning about Jim C. (being a devout Catholic and his extreme devotion the to the false Mary AKA the pagan Queen of Heaven) and all that is associated with this subject, like the Mormon brothers who own the production company for these movies and Glenn Beck (another Mormon who is a total devil) who mans the main charity associated this (the Nazarene Fund). **Your right as a watchman I should ignore all that and not give my listeners heads up and just let them think this all totally Biblical. A little leaven leaveneth the whole lump Mary.** I said in my audio that I was not saying Jim was a bad person (only God knows our hearts), but at the same time I could not just ignore all the red flags associated with this. This is what I do as a watchmen, I warn; & **yes you are right when you say:** "Jim Caveziel just might win many to Catholicism" **and that is why I had to issue this warning about this whole thing, as I would not want to refer people to this movie (and the men who produced this) and have people convert to Catholicism because I issued no warning about what they may be getting into.**

Scott, I did not say you shouldn't have warned about Catholicism. You do all the time and have much in your archives as well.

I'm saying that is the thing you zeroed in on about Caveziel and his new movie exposing pedophilia and child trafficking.

Millions watched that movie. Millions are just now learning that child trafficking even exists. And at the end of the movie he tells viewers that the US is #1 in child trafficking and #1 as consumers of child porn.

The UN is pushing hard to remove the age of consent and for pedo rights.

California and other states are already pushing hard to remove children from good parents. It's also a big reason our border is open.

To me. It is an indictment against the church as a whole when a Catholic is the one standing up about this. And Caveziel has addressed the crimes within the Catholic church against children. In interviews he's speaking on organ harvesting and acknowledges Ukraine is involved. He speaks on Adrenochrome.

No one else will touch it. The Pope will not and Caveziel condemns him for it. Caveziel is also starting to condemn other things going on inside the Catholic church. I for one believe we need to pray for this man.

...Yeah. Everyone knows about Caveziel's movie. You could have made a side note for people to remember Catholicism is false and to pray for the man. To pray for all Catholics.

Someone prayed for me. And I thank God.

But Mary you know that this whole child trafficking is about at the top of why I what I do. Increasingly I have been talking about this. Very few have been willing to go into the Adrenochrome aspect of this, but I have. I have done so many studies where this (and child sex trafficking and sacrifice) is mentioned. I am not saying the movie is bad (I did not say that in my study either) as yes, it is of vital importance this subject be made known; but at the same time there are so many red flags with the men surrounding this whole subject (regardless of what is in their hearts), that I could not in good conscience just say nothing about that aspect. I am not against this movie though. I just want my listeners to be fully informed. Also, I agree with you when you said: "To me, it is an indictment against the church as a whole when a Catholic is the one standing up about this. And Caveziel has addressed the crimes within the Catholic church against children. In interviews he's speaking on organ harvesting and acknowledges Ukraine is involved. He speaks on Adrenochrome." Yes your bring up some great points and I will address the other things you are talking about here in my next teaching (Lord willing) as I just don't have the time to do so via a type written email. *Regarding Caveziel I know he is sincere and really believes the Catholic faith is the only true faith. And we know he's telling a truth in regard to the fake preachers. **But the***

message he is putting out in a subtle way is that his faith is the authentic one. He does mention Mary as the one to go to instead of going directly to Jesus. Like Mel. I pray the Holy Spirit open his eyes. It can't be done any other way. Catholicism has a big demonic force behind it. The Holy Spirit was the only one that blasted through it all in a moment for me.

I remember after the Lord saved me in my little apt...the following Sunday I was all excited and went to a Catholic church. It's all I knew. I remember opening the door and I felt a powerful sense of evil and the Lord said: I'm not here.

I never went back.

I'm praying for this for these 2 men. They are very influential and it is disturbing and diabolical how the enemy is using them to lead people astray and yet in their own heart they believe they are right. Only the Holy Spirit can bust through that darkness.

I agree with you about all if these things. But please don't lose sight that these men and all Catholics need our prayers so desperately. I've run across too many that really don't care for their souls. They seem to only care about being theologically right.

[Jim Caviezel - #1 Most Evil and Unforgivable Sin Will Haunt You for Eternity | SRS #64](#)

Mel Gibson calling out corruption in the Catholic church since Vatican II. My parents were also against Vatican II. It was never explained to me. I had to research on my own. Basically, Vatican II says the Catholic church would start viewing non-Catholic Christians as brothers and sisters. This would explain why my family was so enraged when I told them I was leaving the Catholic Church because I was born again. So Mel is also opposed like my parents. What is sad is he is seeing corruption but only on one level. He needs to see the whole system is corrupt. I know for me the Lord showed me at 24 yrs old and I knew nothing prior.

My concern is the confusion that is being sown. Good Catholic vs bad Catholic. Mel is blind to the fact that none of it is of God. I pray the Holy Spirit open his eyes.

<https://www.youtube.com/live/NSXH6eMKvTs?feature=share>

So..when I listen to someone like Caveziel it triggers me. He reminds me of my father. A good well meaning man with a deep faith but so terribly blind and lost. So my heart is for the Catholics. I don't hate them. I understand them. They are indoctrinated from birth. It's all they know.

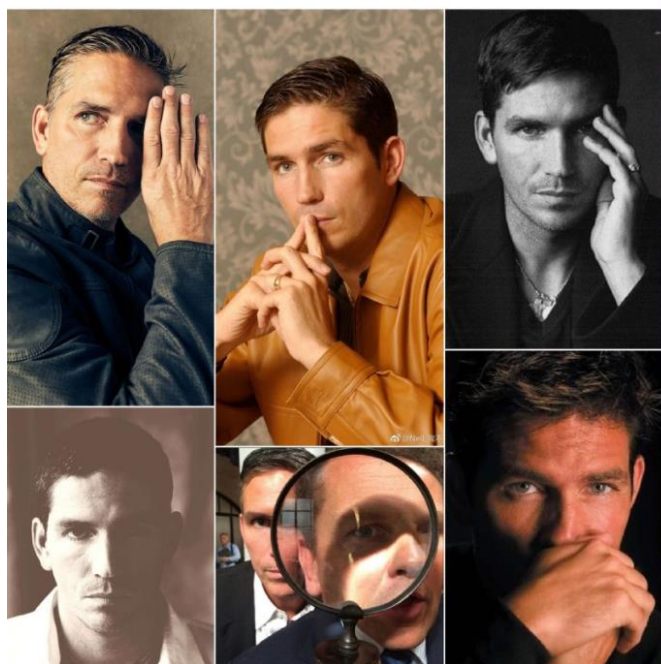

And I guess I'm trying to say that sometimes as watchmen in these last days...it is real easy to forget that these are real people, families and souls. The system of Catholicism is devilish and evil at it's core. But the individuals inside of it need intercession. Real prayer. When calling out Catholicism with God's Word we need to remember to balance it with grace and tell it in love. It's easy to blast and hammer the system but it takes the Holy Spirit to say it in the way that we should. I'm not saying to tone it down or compromise. But to never lose sight that all of these people lost in the cults truly need our prayers.

My parents are gone now. I am left with 3 very Catholic sisters who see me as the enemy still. One who has made it her mission to actively pursue me and take me down.

I've told you before that witchcraft has been in my family. Which is common in Catholicism.

I'm telling you these things so that you know I too believe we have to warn and take a stand. But because it is so personal for me. I wanted to share that salvation is possible for Catholics. But we have to also seek the Holy Spirits guidance and wisdom. It's real easy to hate the system and come across as hating the person too.

I want to say something else on the subject of the 2nd commandment taken out of the Catholic Bible. In the series The Chosen I've heard on the Radio more that one people say" Now I have a face to visualize Jesus when I pray to him." We as Christians should never have a face of Christ on T.V. posters, cards or any painting. Sunday school rooms should never have posters on their walls. Most of the depictions of the Lord are faces from Medieval sources and are Masonic. Sananda pictures are popping up all over Houston as I'm sure everywhere. Bless you Scott, Mary-----

LA Marzulli Warning & Listener Comments

LA Marzulli is promoting the Pfizer and Moderna vaccines. He brought an alleged Christian doctor guest to his show who basically downplayed the use of aborted babies in the vaccines and outright lied about the mRNA changing our DNA. He then encouraged Christians to take either of these two vaccines as they allegedly don't use aborted babies in their production. Marzulli then concludes by stating that if he needs to take the vaccine, he'll ensure that's it's one of these two.

SUBJECT **Listener Comment: My story about the fruits/consequences of Christian authors/ speakers like L.A. Marzulli yoking up with ungodly guests and podcasters**

YOUR MESSAGE *Scott, I will try to keep this as brief as possible. I am writing in regards to your latest teaching where you mentioned LA Marzulli **having a starchild as a guest on his program. In addition to LA Marzullii, I am sure you are well aware a number of these well-known "similar themed" Christian authors/speakers are showing up as guests on podcasts where the host will have a mix of different guests that are occultist and Christians. In my opinion, it is causing confusion and doing more harm than good. Some of these hosts claim to be occultist or former occultists.***

LA Marzulli was recently on a podcast where it is very obvious the host is into all things dark and evil. A while back, I did not listen to that gut feeling and I made the mistake of following this particular podcast host on a social media site. He immediately wrote me, was incredibly charming and within a matter of a few months he was love bombing me. He had me basically hypnotized, mesmerized, under a spell literally causing my willpower to slip.

He had me 99% CONVINCED we were to be together despite the many and I do mean many red flags along with his clear love of all things dark and evil. What I feel caused me to be confused was his association with some of these well known Christian authors/speakers and the way he interacted with them on his podcast. They were also clearly bedazzled by his gentle charm. I feel the way he acted around these Christians made his case for us being together even stronger. I believed he would be saved. After much prayer and asking for God's will in the situation, through what was clearly divine intervention, the online distant relationship ended before meeting in person with his intent of marrying me. I was deeply heartbroken at the time, but now clearly see that this man would of ruined my life in every sense of the word including putting me in financial ruin and then moving on to the next victim leaving me broken and ashamed.

God rescued me!!!!

When these Christians authors appear on these clearly ungodly podcast some will claim they are witnessing and bring up how Jesus hung with sinners and prostitutes, like Mary when the truth is sinners were drawn to His message and Mary was NO longer a prostitute when Jesus set her free. These people tend to ignore the other verses about light not having fellowship with darkness, avoiding the appearance of evil, and being unequally yoked with unbelievers as I was clearly guilty of as well..

I don't blame anyone for my mistake in getting involved with this man, but clearly the associations Christians had with this man did not help the matter. While God did rescue me, this man was a clear distraction and robbed me of time that could of been used better.

In addition, obviously, when these Christians appear on these clearly ungodly occult themed and dark podcasts, it will draw other Christians like me to the podcaster and naturally they will be tempted to listen to their other podcasts, and possibly causing confusion and leading them astray.

I appreciate you speaking out about this matter.

Please feel free to share my story, but I ask you to keep my name and everything from this point confidential.

Thanks for all your hard work, dedication and letting me share my story. I hope it helps!

Eze 3:20 Again, When a righteous man doth turn from his righteousness, and commit iniquity, and I lay a stumblingblock before him, he shall die: because thou hast not given him warning, he shall die in his sin, and his righteousness which he hath done shall not be remembered; but his blood will I require at thine hand.

Rom 14:13 ...but judge this rather, that no man put a stumblingblock or an occasion to fall in his brother's way.

FYI: This is typical for LA Marzulli, also see the attachment & below.

It's pretty much what you would expect. She says the aliens downloaded to her that The Lord Christ is just an avatar embodying "Christ energy". And L.A. says a bunch of stuff that reflects low discernment.

It's hard to tell if this girl is just starved for attention parroting things she has heard, or read about, or if she is actually being influenced by demonic forces.

Yes, Marzulli almost never fails to disappoint with how he caves to guests that are clearly in alignment with the antichrist agenda & does not challenge them enough Biblically.

Listening to this further and it just amazes me how he does very little to 'defend the Christian Faith' to this demon possessed girl but instead gives her a platform to spin her lies! Saying Jesus Christ is an avatar! He says her views are "very interesting"! **Rom 14:13judge this rather, that no man put a stumblingblock or an occasion to fall in his brother's way.**

Jude 1:3 Beloved, when I gave all diligence to write unto you of the common salvation, it was needful for me to write unto you, and exhort you that ye should earnestly contend for the faith which was once delivered unto the saints.

Jude 1:4 For there are certain men crept in unawares, who were before of old ordained to this condemnation, ungodly men, turning the grace of our God into lasciviousness, and denying the only Lord God, and our Lord Jesus Christ.

2Cor 6:14 Be ye not unequally yoked together with unbelievers: for what fellowship hath righteousness with unrighteousness? and what communion hath light with darkness?

Gal 1:6 I marvel that ye are so soon removed from him that called you into the grace of Christ unto another gospel:

Gal 1:7 Which is not another; but there be some that trouble you, and would pervert the gospel of Christ.

Gal 1:8 But though we, or an angel from heaven, preach any other gospel unto you than that which we have preached unto you, let him be accursed.

Also, since LA is also propagating the validity of the Shroud Of Turin (like all Catholics do as well) to this devil hubrid starchild girl; I would challange him refute my teaching on this, as it is laughable on how easy this is to refute

DEMONIC INSANITY IS THE NORM NOW--This is absolutely deranged - British Schools Are Now Allowing Students To 'Identify As Horses, Dinosaurs And Cats' As They Talk 'With Animal Noises'

A growing number of children in the United Kingdom are now identifying as an animal and other inanimate objects, and schools are encouraging it.

Multiple outlets have reported that not only have schools facilitated this, some students have been reprimanded for daring to tell their classmates who claim to be an animal that they are not, but only a boy or a girl.

As revealed and corroborated by different sources, **The Telegraph** was able to confirm 'that a pupil at a secondary school in the South West is insisting on being addressed as a dinosaur. At another secondary school in England, a pupil insists on identifying as a horse. Another wears a cape and wants to be acknowledged as a moon,' the paper wrote.

"When they answer questions, they meow rather than answer a question in English. And the teachers are not allowed to get annoyed about this because it's seen as discriminating," said a student.

The outlet cites a particular instance that brought this to light where a student was punished for telling their classmate who says he's a cat is not. 'The incident at Rye College – a Church of England school – happened at the end of a class on "life education" in which children were told by their teacher that there were lots of genders, including "agender – people who don't believe that they have a gender at all,"' **The Telegraph** added.

"How can you identify as a cat when you're a girl?," the student asked, to which the teacher proceeded to berate the child for "questioning [the child's] identity.

Texas public universities offering women's studies courses on witchcraft, 'worship of the devil'

Students at publicly funded Texas universities are now able to enroll in courses about witches, black magic and the supernatural — under the guise of women's studies.

Texas Tech University is offering Women and Gender Studies course 4301 titled "Witches, Bruxas, & Black Magic" in a [course](#) listed June 12 on the Lubbock campus' website.

According to the course description, students will "study beliefs and practices, past and present, associated with magic, witchcraft, spirituality, magical realism, and religion." The course curriculum will cover topics including "ritual, symbolism, mythology, altered states of consciousness, and healing."

While witches and black magic are familiar topics to many people, bruxas might not be as well known. A *bruxa* was a pre-Christian female witch figure from

Portugal during the Middle Ages and is considered a type of vampire entity known for "bloodsucking attacks on infants."

Bruxas are said to assume the form of a duck, rat, goose, or other animal and can only prey on their victims in the middle of the night.

Breaking news: Russia Confirms "BRICS" To Launch Gold-Backed Currency

World Hal Turner 07 July 2023 According to state-run Russian Television (RT), the Russian Government HAS CONFIRMED Brazil, Russia, India, China and South Africa, known as the "BRICS" nations, will introduce a new trading currency backed by Gold.

The official announcement is expected during the upcoming BRICS Summit in South Africa, this August.

If this takes place, it will likely mark the end of "fiat" currencies like the US Dollar, which is backed by nothing.

How fast nations around the world switch to using this new gold-backed currency for their foreign trade, is anyone's guess.

The more countries that choose to use this new currency, the more foreign-held US Dollars will come rushing back to the USA from those countries, which no longer need to hold US Dollars for their foreign trade. As those Dollars come back to the USA, it will cause inflation to spike in ways never-before seen here in America.

The US manufactures almost nothing here anymore. Almost everything we buy and sell in the USA is made overseas. As US dollars come flooding back from overseas, the value of the US dollar will plummet versus other currencies, which means it will take many more US Dollars to buy goods from foreign countries. Hence, sudden and dramatic inflation here at home.

Millions Of Americans Are Relocating Just Prior To The Great Chaos That Is Coming

Summer is moving season for millions of Americans, and many will end up relocating to an entirely different state. In the old days, such long-distance

moves were often prompted by an employment change or by a desire to be closer to family. But now political and ideological considerations are motivating many Americans to search for greener pastures. Just about all of us can feel that something has gone horribly wrong in this country. All around us our society is literally coming apart at the seams, and it has become exceedingly clear that great chaos is coming. It has been said that birds of a feather tend to flock together, and that is especially true during challenging times. So now we are seeing an exodus of conservatives to red states and an exodus of liberals to blue states. The following comes from an article that was recently posted by PBS entitled "Conservatives move to red states and liberals move to blue as the country grows more polarized"...

Americans are segregating by their politics at a rapid clip, helping fuel the greatest divide between the states in modern history.

This is really happening.

But the article that I just quoted makes it sound like the migration to red and blue states that we are witnessing is roughly equal, and that is not true at all.

For example, hundreds of thousands of people have been leaving the state of California in recent years in search of a better life elsewhere...

More than 500,000 people left California altogether between April 2020 and July 2022.

Many of those ex-Californians have been relocating to Texas.

In fact, approximately 300 Californians moved to the state of Texas on a daily basis in 2021...

About 300 Californians moved to Texas each day in 2021 – a staggering 111,000 people, newly released data shows.

That is double the 63,000 that made the same move in 2012, according to a new report from Storage Café, which examined California-Texas migration patterns over nearly a decade.

And it turns out that lots of companies have been relocating from California to Texas too...

More than 100 companies have moved their headquarters to Texas since 2020, with 40 percent of them coming from California, the study found.

California should be one of the best places to live on the entire planet.

But just like so many other blue states, it has been transformed into a cesspool of crime, drugs, homelessness and violence.

New UN Fact-Checking System Called "iVerify" Will Crackdown On "MISINFORMATION" All Over The World

Hartsfield–Jackson Atlanta International Airport goes full dystopian, using digital facial recognition IDs, fulfilling Klaus Schwab's wicked prophecy that humans will be digitized and many nations will adopt China's 'very attractive model' for 24/7 surveillance

World Economic Forum founder and executive director Klaus Schwab heaped praise on the Chinese Communist Party this week for adopting "new COVID

control measures” while boosting “social dynamism” at the WEF’s Annual Meeting of the New Champions.

We will break down in this article what Schwab means by “social dynamism.”

This is important, why? Because Schwab, a globalist, a futurist and a transhumanist, holds immense sway over many of our Western politicians in Canada, the U.S., Australia, etc., at both the state and federal levels.

Heads of state and governors of all political stripes, from Democrat Gov.

Gretchen Whitmer of Michigan to Republican Gov. Brian Kemp of Georgia, flock to his meetings in Davos each year. Kemp told the corporate media he was going to Davos in January 2023 to “sell Georgia.”

He no sooner returned and we found out that Georgia became one of the first handful of states to launch a new drivers’ license with [biometric digital identities](#) using facial recognition software. This means a QR Code containing personal biometric data, recognizable instantly when your facial features get scanned at ports of call worldwide, will be assigned to every citizen who signs up for this

new digital ID.

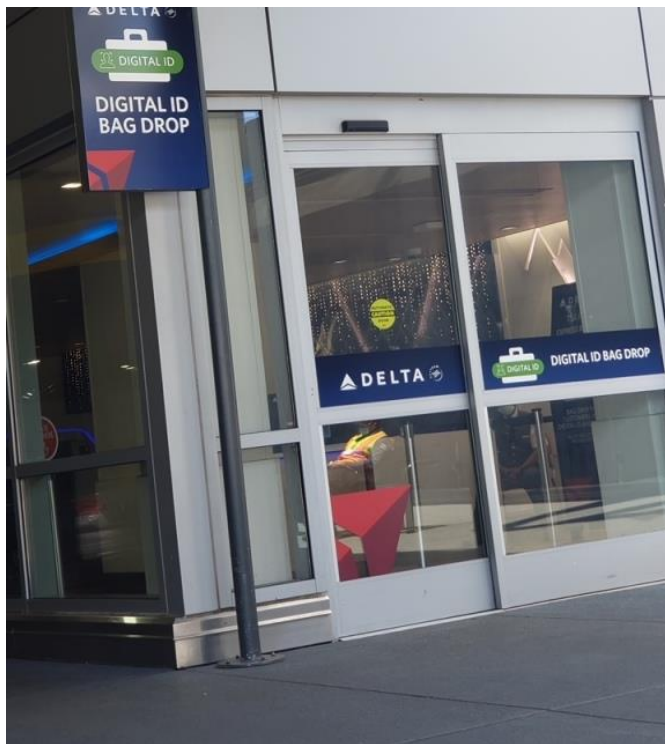

Check out the photo below, sent to me from a friend who was at the Atlanta airport just a couple of days ago and noticed that the new digital ID is already being marketed to the public.

So you can see, the globalized digital ID I’ve been writing about on this site for nearly three years, has now arrived. The digitization of humanity has begun in earnest. It’s coming soon to a city near you. Have you thought about how you will react to it?

You can read about Delta’s “[end to end digital experience](#)” on their website. As usual, it’s all about your safety, ease of use and convenience. Delta beckons us into the global digital reset, putting us at ease with seductive language. Come

join us. It’s easy. It will be “hands free,” “device free” and “effortless” to join this system. No more hassles or worries about having to show your ID at the checkpoints. You can just waltz on through to your assigned gate like you own the place! Except you don’t. You are now being watched biometrically and digitally, in your every move.

It should be noted that this digital ID system being rolled out in Atlanta is voluntary. Or is it? I’m already receiving reports from a few readers that this system was used to scan their faces without their permission.

Klaus Schwab has been telling us humans for three years now that this was coming. Those of us who did listen and expressed our concerns were called “conspiracy theorists.” He said there is a “Fourth Industrial Revolution” waiting just around the corner that will change the way the world functions. Advances in technology will lead to “a fusion of our physical, our digital and our biological identities,” he said.

WHO announces launch of "digital health certification network" that will enslave humanity

On Monday, United Nations (UN) World Health Organization (WHO) director-general Tedros **officially announced** the launch of his globalist body’s long-awaited “global digital health certification network”.

The purpose of this new WHO network is to track and limit the movement of people all around the world based on their obedience to government orders, especially during a “public health emergency” like the Wuhan coronavirus (Covid-19). When the next “pandemic” is launched, the WHO will be ready and waiting with this new network to control *everything*.

It seems as though the WHO’s plan is to use this new network to oversee all buying and selling, i.e., commerce and the economy, during the next contrived global event, whatever that might be. Only those who can show digital proof of having obeyed the government’s dictates, whether that be to get another “vaccine” or to receive some kind of electronic microchip implant, will be allowed to live.

“Never before in the history of the world has this taken place,” writes Leo Hohmann about what already took place during covid, and how next time it will be even worse. “It was unprecedented, and yet so few Christian leaders called it out for what it was.”

“What happened in 2020 and 2021 with vaccine passports was just a dry run for an expanded digitized ID program that will be global in scope ... Those who don’t submit will be singled out as the enemies of the system and therefore a danger to humanity.”

(Related: YouTube launched a [similar “certification” protocol](#) for videos that contain any type of medical information – all content must align with WHO dictates, the Google-owned video streaming platform now says, or else they will be removed.)

According to Tedros, the new system is just the “first building block” of a system that, when complete, will control *everything* on the planet – or at least that is the intent. In Hohmann’s view, the makings of what we already know about it look a whole lot like the “evil system ... coming out of Europe, the revived Roman Empire spelled out in the book of Daniel.”

“It’s all being done to ‘help people move around’ during the next pandemic, which sounds like it has already been scheduled,” Hohmann explains.

This is ‘a global public good,’ this monster says. ‘Soon after we will expand this infrastructure by incorporating other uses, such as a digitized *international* certificate of vaccination, routine immunization cards, and international patient summaries.’”

These are Tedros’ exact words, by the way, as he stated them in announcing the new system at its official unveiling. He repeatedly emphasized and stressed the word *international* to make it clear that this is a *global* effort, not just an isolated-to-Europe kind of thing.

The corporate-controlled media is of course spinning it all as “good” news, arguing that this new “landmark digital health partnership,” to quote one misleading source, only aims “to strengthen global health security.”

United Nations Taking Over EU Covid Certificate Program July 1

The European Union’s Covid certificate is about to become the world’s digital health pass.

July 1, the EU certificate will become the first building block of the UN World Health Organization’s Global Digital Health Certification Network which will include a range of digital health services. And while the WHO **declared** in May that COVID-19 no longer constitutes a global health emergency, the international certificate program will be put in place anyway.

The voluntary certificate program has already been taken up by almost 80 countries.

“A central pillar of the EU’s Covid response, the EU digital Covid certificate is being scaled up to global level”

Personally identifiable information will continue to be managed by EU member states, which will issue digital health certificates and records according to WHO guidelines. The organization will also certify the credentialing authorities of member states and establish their connection to the digital infrastructure hosted and funded by WHO.
