Disclosure Alert--UFO Whistleblower: US Recovered Non-Human Biological Pilots from Crashed Crafts (VIDEO) US Air Force Major David Grusch on Wednesday testified before a House Oversight and Accountability subcommittee hearing on UFOs

Grusch, a former intel community official tasked with investigating UAPs (unidentified aerial phenomena), told lawmakers the US government has recovered "non-human" biological pilots from crashed crafts.

"My testimony is based on information I've been given by individuals with a long-standing track record of legitimacy and service to this country, many of whom have shared compelling evidence in the form of photography, official documentation and classified oral testimony to myself and many various colleagues," Grusch said on Wednesday.

"I am asking Congress to hold our government to this standard and thoroughly investigate these claims," Grusch said. "But as I stand here under oath now I am speaking to the facts as I have been told them."

Grusch said biologics came with some of the recovered crafts.

UAP Witness: UFO I Encountered 'Far Beyond Actually Our Material Science That We Currently Possess'

Commander David Fravor (Ret.), Former Commanding Officer in the United States Navy, spoke to Rep. Tim Burchett (R-TN) about the famous "tic tac" UFO encounter captured on film in 2004 at today's House Oversight Committee's Subcommittee on National Security, the Border, and Foreign Affairs hearing.

National Security Head Claims UFOs Having "Real Impact" On U.S. Air Force Pilots

In announcing the upcoming hearing, Republican Tennessee Rep. Tim Burchett tweeted Monday **"We're done with the cover-ups."**

The House Oversight Committee will hold a hearing on UAPs on Wednesday, 7/26.

The announcement came on the heels of Democrat Senators Chuck Schumer and Mike Rounds submitting [an amendment](#) to the National Defense Authorization Act that would mandate government records related to UAPs "carry the presumption of disclosure."

Schumer said, "It's long past time [Americans] get some answers," adding "The American public has a right to learn about technologies of unknown origins, non-human intelligence, and unexplainable phenomena."

If They Are Openly Admitting They Have Recovered "Non-Human" Bodies From UFOs, What Do They Have Planned Next?

Thursday, July 27, 2023 **For a long time, the U.S. government worked exceedingly hard to suppress legitimate information about the UFO phenomenon, but now there has been a dramatic reversal. All sorts of extremely shocking things are being revealed to the public during congressional hearings, and that is something that never would have been allowed in the old days.**

So why is this happening?

Are they trying to prepare us for something?

As I write this, highly anticipated testimony from former intelligence official David Grusch continues to make headlines all over the globe. He had previously given interviews to a couple of news outlets, but when he testified in front of Congress he was under oath.

So if he didn't tell the truth he could potentially go to prison.

During his testimony, Grusch dropped [bombshell after bombshell](#)...

He testified that the U.S. government possesses multiple alien craft and the remains of their crew; that government contractors have "misappropriated" money to fund these ongoing programs and that there have been efforts to silence those who come forward that may have even included murder. In addition, Grusch said the U.S. was working to reverse-engineer alien technology and that people were hurt in the process of attempting to do so. He said he had a list of witnesses, both cooperative and hostile, for future hearings that could provide additional answers through firsthand accounts.

Fake Asbury Revival Has Led To Unprecedented Cooperation Between Charismatics And Roman Catholic Church At 'The Change' Event In Lisbon

Bill Johnson and Bethel Church are joining forces with Pope Francis and the Roman Catholic Church at 'The Change' event in Lisbon starting on August 4th in Portugal

We made a lot of people mad when we told you, and showed you, why the [phony Asbury Revival](#) was mostly nothing more than a [marketing campaign](#), carefully conceived and craftily executed.

One of the reasons this was so is because of something called the **Catholic Charismatic Renewal** which has been working since the late 1960's to reunite wayward Protestants with Mother Rome. We even did a **Podcast** on that very same subject, warning you not to get involved with it.

I am all for revival when it's the Holy Spirit that's doing it, but I care not for the man-made kind that appeals to the flesh. When **DL Moody preached**, he had the big crowds but he also had the Holy Spirit, and as a result, you would see a massive change in the culture after he left. The same thing happened when **Billy Sunday preached**, movie theaters closed down and liquor stores went out of business! **How did this happen?** Because it was a work of the Spirit, that's how. In a Spirit-led revival, all the focus is on God and the people are very much made aware of their sinful condition. In man-made revival, God gets lip service while the people are exalted. There is a lot of talk of 'increase and prosperity' instead of repentance. **All this brings us to Bill Johnson, Bethel Church and the Roman Catholic Charismatic Revival.**

THE CHANGE

Join us for this transformative, worship, and evangelization event, where we – Catholics and Protestants together – will ignite the flame of faith, unite the body of Christ, and bring the message of the Gospel to every person. Don't miss this opportunity to be a part of ... **THE CHANGE!**

Of the one million dollars needed for this event, \$800,000 has already been raised. \$200,000 more is needed. It is an unprecedented opportunity for Protestants and Catholics to work together in evangelism. Click the link in my bio to donate.

Oh this is great. I don't think the negative comments are from people who have really had deep conversations with Catholics who have genuine faith and are baptised in the Holy Spirit. There are many, and I expect they will be the ones attracted to an event like this. Unity is so important.

Bill Johnson says “Of the one million dollars needed for this event, \$800,000 has already been raised. \$200,000 more is needed. It is an unprecedented opportunity for Protestants and Catholics to work together in evangelism. Click the link in my bio to donate.”

It's called '[The Change](#)' and it's part of World Youth Day sponsored by the Roman Catholic Church in Portugal. As you can see from the listing of speakers and performers who will be attending, there is huge support from the Charismatic Church in America. Bill Johnson wants to raise one million dollars for Rome, and he is almost there. Do you remember from a few years back, Kenneth Copeland [leading his congregation to the Vatican](#) with the help of [Tony Palmer](#)? This is what the Asbury Revival was for, to get people pull down the doctrinal barriers that separate the true church from Rome, and join the whole thing together in one big mongrel Laodicean mess. This is exactly what's happening next week in Lisbon.

The web site for 'The Change' says “*There is an unprecedented opportunity for the Church to gather to imagine what can be done by working together for world evangelization. On August 1 to 6, 2023, 1.5 million youth and young adults – mostly GENZ – will descend on Lisbon, Portugal for World Catholic Youth Days. In the middle of this event, believers of all denominations are assembling to fulfill Jesus' Great Commission.*” Get the picture? Pope Francis [will be in Portugal for the events](#), perhaps he and Bill Johnson will have an espresso together and talk shop.

Mark this down and remember it. Any event, conference, church, groups of people or an individual that wants you to forget all about doctrine and come together in the spirit of [love and human fraternity](#) is leading you *straight* to Rome and the Vatican. The Catholic Church has a huge inroad with the [Charismatic Church](#) which makes up the largest part of professing Christianity. Don't let them

get you, too. Stay in the Book, don't give up your [King James Bible](#), and cling to Bible doctrine like that life raft that it is. The best part is, if you do all those things that Paul commands, *read all of 2 Timothy and see for yourself*, the Catholics won't want you anyway.

Hi Scott, Blessings in the precious name of our Lord Jesus Christ!

Listener Comment: Just wanted to briefly share of an experience I had with regard to what you were discussing about "dead people" communicating with their loved ones, but NOT warning them about Hell or getting saved through Jesus Christ

In 2013 my former wife lost her sister to breast cancer. In 2015, my wife's mother started having "experiences" (dreams or visions while awake) of her deceased daughter (my ex-wife's sister) in fiery flames with a horrific expression on her face, begging her mom (my mother-in-law) to warn her own two teenage daughters (my mother-in-law's granddaughters) NOT to come to this awful place! My ex-wife and I both heard from "mom" firsthand about these experiences, and how shaken she was from them. She was shaking, crying, and inconsolable. My ex and I talked to mom about Jesus, the Bible, Heaven, and Hell, and she even started reading the Bible a bit. But, being a Catholic, she later unwisely went to a priest and was apparently discouraged from reading or pursuing the Truth any further. These experiences soon stopped, and my mother-in-law returned to her normal life and pursuits. (She was a dear lovely lady whom I loved very much!) After these incidents in 2015, my ex-wife and I were fairly convinced that these experiences could have been real, and very likely God's mercy in allowing my mother-in-law this warning. Sadly, she passed away from COPD in February 2018 with no evidence of saving faith in Christ.

I offer this as an example of the difference with the cases that are commonly publicized where "all is well" after death. It truly was chilling.

Blessings in Christ--D

'Crazy Lines Around the World': Video Shows Dozens Lined Up To Scan Irises for Worldcoin Crypto Program-- Throngs of clueless sheep queue up to assimilate into the New World Order cryptocurrency financial scheme!

Infowars.com July 26th 2023-- Footage circulating on social media shows a line of people supposedly queued up to get their eyes scanned as part of the "Worldcoin" cryptocurrency initiative.

OpenAI CEO and Bilderberg attendee Sam Altman documented the third day of his latest product's launch on Twitter, writing, "**day 3 of @worldcoin launch, crazy lines around the world.**"

"One person getting verified every 8 seconds now," he added.

pic.twitter.com/vHRu1sWMT3

— Sam Altman (@sama) [July 26, 2023](#)

The Worldcoin initiative aims to install silver "orbs" around the globe that scan an individual's irises to establish the user's unique identity, and then issue a "World ID," or digital passport.

The ID would then be linked to a digital currency token called WLD, which the company says will be connected to an "AI-funded UBI" [Universal Basic Income] that will be paid out to users just for "being human."

Worldcoin has already reached 2 million users, and is currently expanding its global orb deployment to 35 cities in 20 countries.

As previously [noted](#) Worldcoin contains all the elements of a future totalitarian currency structure touted by the World Economic Forum and central banks akin to their Central Bank Digital Currency agenda.

Sam Altman (OpenAI) is launching "Worldcoin" today.

Looks like it's a combination of a global digital ID, crypto currency, AI and UBI? (See below)

THE GREAT RESET: Cities In California Rolling Out Aerial Drone Police Crafts Capable Of Opening Doors, Smashing Through Glass And Tracking Vehicles

--When someone calls 911 for police in the upscale beach town of Santa Monica, California, a drone is dispatched from the roof of the station with a push of a button.

On the one hand, having the ability to quickly dispatch a drone to a crime or accident scene could be a good thing, and help police to gather more information faster which would serve to help them solve more crimes. On the other hand, having drones could get out of hand in relatively short order, leading to less and less personal freedoms and ultimately to a time where we are policed by machines like we see in dystopian movies like *'Minority Report'* and others. In California, police and all branches of law enforcement are using drones as first responders.

When people like Klaus Schwab wax poetically about things like the *Great Reset*, I can't help but think that a world governed by machines, robots and algorithms is what they're referring to. Ask yourself, would an army of drones arriving from the sky make you feel more safe, or less safe? If you look close you will see a pattern emerging. Self-driving cars, self-driving trucks, drones all *powered by AI*, *what's missing from the picture?* People. That's what's missing.

Interposition by Police in Massachusetts--Attack on the 2nd Amendment causing no small stir! Like Illinois, Michigan, and Oregon – the state legislature and the governor of Massachusetts has introduced a bill which tramples upon the 2nd Amendment and the right of the citizens to keep and bear arms

Bill HD 4420 is a tyrant's paradise. The bill is designed to turn law-abiding citizens into criminals.

But the Ware Police Department is interposing in Massachusetts. They are fighting. They are doing the duty of just lesser magistrates. When the bill was introduced – they were first to issue *a statement* calling on the citizens to take action against this lawless attack upon their God-given rights.

And now other police departments are following suit and issuing similar declarations and statements.

The Ware Police Department's statement declares in part:

"We recognize that the right to bear arms is a fundamental aspect of our nation's history and essential component of personal and collective security. As members of the police force, we are committed to upholding the law and defending the rights of our community members. A plethora of unconstitutional proposals litter this travesty of a Bill." [[click here to read the whole statement](#)]

Their statement goes on to instruct the citizens on four points of resistance to the tyrants. Instructing the citizens is a core role of magistrates. God refers to magistrates in His Word as shepherds. They are to rally the people and instruct them when evil is in the land.

We are thankful that a brother in Christ who is behind enemy lines there in Massachusetts has reached out to the Ware Police Department – and now to other departments – who are taking a stand. He has given them copies of the

book [*The Doctrine of the Lesser Magistrates*](#) along with [the sermon cd](#) to the Montana legislators, plus some other literature to assure them that what they are doing is proper and necessary.

May Christ be praised!--Pastor Matt

How the migrant crisis is sparking an American civil war: TODD BENSMAN's dispatch from a militarized Texas farm - where Biden's federal agents are sabotaging the state's desperate border enforcement

13 July 2023 Few places along our 2,000-mile southern border with [Mexico](#) more perfectly illustrate America's utterly dysfunctional immigration policy than a remote, private pecan farm in Eagle Pass, [Texas](#).

At this sprawling ranch - owned by Hugo and Magaly Urbina – on the banks of the Rio Grande, President [Joe Biden](#)'s federal Border Patrol agents are locked in a bizarre daily struggle with the Texas Department of Public Safety (DPS).

Under a simple white tent on the farm, U.S. Border Patrol agents are processing illegal migrants and then transporting them by bus to a nearby brick-and-mortar facility.

From there they will likely be released into the U.S. interior to await judicial hearings on their asylum claims. For some, the process may take up to six years. Just outside the property's fence, however - between the river and the farm - Texas DPS authorities stand guard and bristle with frustration.

'It seems that [U.S. Border Patrol is] letting [migrants] in and we're doing our part in order to keep them out,' DPS Highway Patrol Sgt. Rene Cordova explains to me.

Sgt. Cordova shows me fortifications they've built to stop migrants from crossing onto the Urbinas' farm, but Border Patrol tore down a section of the chain link fence.

It also wasn't helpful to Texas that the Urbinas – who leased a long stretch of their riverfront to the Border Patrol at expense to the U.S. taxpayer - dug a walkway ramp down to the river to make the steep bank more accessible.

This is nothing short of an absurd civil war of sorts pitting two American forces, one controlled by Texas and the other by Washington D.C., against each other.

The Invasion Continues with Direct Aiding and Abetting by WEF/CCP lieutenant Texas “Governor” Gregg Abbott. Abbott is as corrupt as the Bidens and accepts money from the Operation. Such as \$1.4m from William Harris, who is building a Colonia for about 200,000 aliens in Liberty County north of Houston.

Call things, people, and situations, by their proper names.

The invaders are future warriors and slaves of WEF/CCP. Abbott is doing nothing. This is Kayfabe.

Biden regime promises to SUE any state that tries to stop southern border invasion

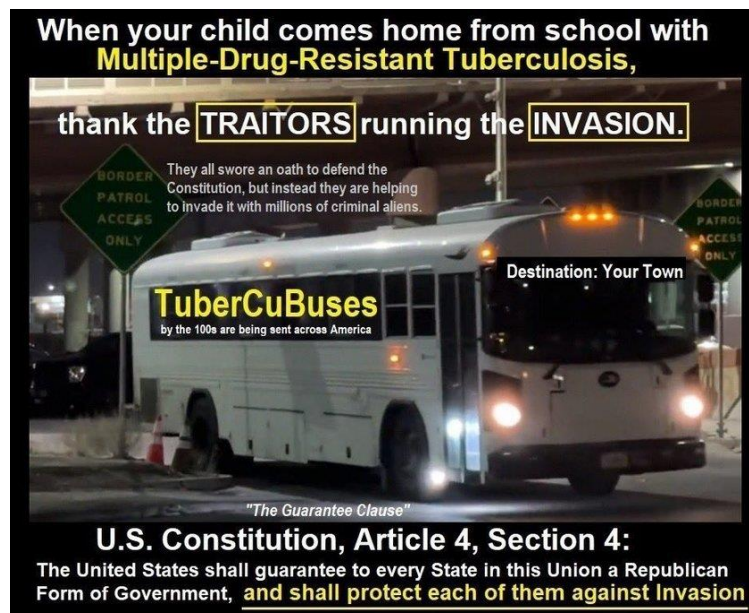

Instead of fighting illegal immigration and trying to protect Americans from the southern invasion, the illicit Biden regime is **going after Texas** and other states that are attempting to take matters into their own hands. For trying to seal up its own borders and protect its residents, the Lone Star State could be the subject of a lawsuit if the Biden regime's threats hold weight. Texas officials want to stop the Biden regime from turning Customs and Border Patrol (CBP) into an enabling operation for coyotes to continue trafficking in women, children, and fighting-age men. One of the things Texas is doing that the Biden regime wants to stop is the installation of floating barriers on the Rio Grande River, the purpose of which is to stop illegal invaders from swimming across from Mexico into Texas. Biden's Department of Justice (DoJ) threatened officials in Texas with a lawsuit unless those barriers are removed immediately.

URGENT! Illegal immigrant kids with tuberculosis (TB) infections released into 44 states; now this is serious if 'active' clinical TB disease (and not just LATENT infection); latent is not infectious-

The government is releasing thousands of illegal immigrant children with latent tuberculosis infections into American communities, no assurances of treatment; latent infection carriers are at risk if their immune system declines

Invive Silver Issues Rare Update, Warning & Advisement

Please tell your people to order as MUCH 5000 ppm silver as they can while they still can BECAUSE INVIVE may be shut down in the USA, as it was shut down in Canada in 2009. To order go to: <http://www.dr-johnson.com/>

BECAUSE INVIVE cures 650 Diseases, and was used by ALL the Doctors prior to being banned in 1938: The PTB (Powers That Be) want to take INVIVE away.

Today 2023:

INVIVE Silver CURES more than 650 Diseases

BECAUSE

- 1.) We use DOUBLE Distillation.
- 2.) DEIONIZATION of the water
- 3.) Just "1" of INVIVE'S PROPRIETARY Trade Secret IS WILLARD WATER.

Overview

Willard water was developed in the early twentieth century at the South Dakota School of Mines by a chemistry professor named John Wesley Willard, Ph.D. He developed and patented this SPECIAL "CODED" STRUCTURED water.

People in the town ON THEIR OWN INTUITION tried taking Willard water as medicine. Soon Willard water became legendary as a cure-all for almost every disease known to humans and animals, and as a plant fertilizer.

People take Willard water for [arthritis](#), [acne](#), anxiety, nervous [stomach](#), [high blood pressure](#), ulcers, and [hair loss](#), etc...

Willard water is even used as a treatment for [leukemia](#) in cows and cats.

It improves digestion, reduces migraine headaches, relieves arthritis, improves skin health, heals burns and wounds without scarring, helps balance blood sugar, treats gum disease, supports detoxification, alleviates pain, and is helpful in the treatment of dozens of other conditions, including cancer. It has anti-inflammatory and analgesic properties, and that free-radical scavenger tests show it to be a powerful antioxidant.

The addition of Willard Water concentrate to water is said to change water's molecular structure from a very stable tetrahedron to a chain of water molecules attracted by strong electrostatic bonds to very small electrically charged colloidal particles. The result, which its inventor called Catalyst Altered Water because it literally alters or changes water, penetrates where normal water can't.

What set Willard Water apart from other "wonder" products is that:

- 1.) It was examined by a Congressional subcommittee on health and long-term care in 1980,
- 2.) Investigated by the "60 Minutes" TV program that same year, and
- 3.) Was Tested by the U.S. Food and Drug Administration.

All Government Investigation's has found Willard Water to be safe. So the Government can't find a reason to stop Willard Water.

INVIVE uses Willard Water in INVIVE.

And there is more that INVIVE does with DMSO to make INVIVE penetrate the cells that have Cancer, to penetrate the cell wall and KILL CANCERS.

And there is even MORE than that we do, but that we cannot talk about.

Willard Water acts as a whole-body tonic. That is, it's safe to use in small amounts for long periods of time, during which it helps to bring into balance all of the body's systems.

Another reason to stockpile INVIVE 5000 ppm Silver, the REASON is that a big elephant is going to step on us next, because of what the elite's will do to us next: Since they evil elites of population reduction could not get "all" of us to take their poison JAB, these evil elites are NOW going to most likely SPRAY US with KILLER PATHOGENS from the skies.

To order go to: <http://www.dr-johnson.com/>

But: INVIVE Silver "WILL" kill any pathogens (bacterial, fungal or viral) that they spray us with.

The World is ALREADY DYING, PROVEN BY THE FACT that Funeral Homes have 140% MORE bodies than before the Jab.

And worse: According to Deagle they intend to kill 200 Million Americans in the by the coming year of 2024.

Don't say that the elite cannot spray us, because they have been spraying us for years now: Just a heads up for you to purchase AND STOCKPILE INVIVE NOW, because there are murderers out there, WHO ARE SPRAYING YOU.

Willard Water...ULTIMATE, CLEAR, and DARK--What's the Difference? Plus human and pet guidelines

The ULTIMATE Dark was Dr. Willard's third, and final version of his amazing product. It was the one he told us he felt was his "Ultimate" success. Once he had perfected the Ultimate, he saw no need for any further change in it as it was the Ultimate form of it in his judgment.

Studies have found that the Ultimate performs as well or better on plants' nutrient absorption rates than either the Clear or the Dark versions when diluted 4 to 8 TIMES more than those weaker versions. In other words, the Ultimate seems to be about 4 to 8 TIMES more effective than the Clear and Dark versions.

Tests comparing the performance of the three versions on people led one researcher to summarize the differences by saying "the Ultimate is so much better it's not even in the same universe as the Clear or Dark".

Some people refer to the Ultimate as "the best of both worlds", because it equals the catalyst effect of the Clear (as we said, the Dark doesn't), and it also has the additional nutrients and minerals contained in fossilized remains of prehistoric vegetation which, through the process Dr. Willard developed, are extracted from Lignite coal, and added to the various versions of the Willard Water. Dr. Willard said the ULTIMATE and Dark contain a "saturated solution" of those nutrients and minerals, whereas the CLEAR contains only a trace amount of them.

Doc Willard considered it a victory when he finally perfected his Ultimate version containing those nutrients and minerals in as strong a catalyst as the Clear.

We are not saying there is anything wrong with the Dark. Thousands of people LOVE it, and we regard it as a very fine product. However, we have never forgotten Doc Willard telling us that he didn't know why anyone would want either the Dark or the Clear when they could have the Ultimate (with only a few exceptions where he said the Clear was

preferable--detailed further down). Doc regarded the Ultimate as his finest accomplishment. That's why everyone here at NCI has been using the Ultimate personally ever since Doc perfected it back in 1984! And users seem to agree.. the fact is that the vast majority of our customers prefer the Ultimate version.

The Ultimate and Clear are pretty much the same as far as the molecular change they make in water goes. (As long as they've been manufactured and bottled at the Willard plant.) That's because nearly all of the water's unusual characteristics are from the molecular change it makes in the water you add the concentrate to, rather than from the minerals and other nutrients which make up the dark material. **HOWEVER....**

There **are** some differences that apparently do result from the greater concentration of those nutrients in the Ultimate. We say that because of the differences people notice in how the Ultimate performs compared to the others... some say when used topically the Ultimate seems to penetrate better and faster. Others say they just like the Ultimate better and don't have to try to form a habit of remembering to drink it... they find themselves "wanting it" during the day -- some even say they crave it. Some natural health experts have written that when a person has a craving for anything, it often means they are deficient in "some mineral"... since there are minerals in the Ultimate perhaps that's why people sometimes "crave" it.

Since Willard's Water is regarded as a more efficient form of water, perhaps the Ultimate is simply an even more efficient version of that more efficient water.

But, there are a **few cases where we believe the Clear is the best choice...**

- For example, Doc Willard always said anyone using the product in their **eyes** (the mixed-up-for-use mixture, not the concentrate), should use the Clear. So, for those of you who spray your eyes with it, you may want to keep that spray bottle filled with the Clear mixture. Same goes for anyone using it as an eyewash, or as a contact lens cleaner. Doc suggested that because he said, in theory, if any of the nutritional items in the Ultimate or Dark ever came out of solution, it might be a somewhat larger particle than would be desirable in your eyes -- his concern was the size of such a particle and not that anything in the Ultimate or the Dark would be harmful to the eye. As a practical matter, we've never seen the theorized possible problem of too large a particle getting in one's eye occur, nor had Doc, but he always felt it was much better to err on the cautious side, and we agree.
- Also, if a person has **lots of allergies, or sensitivities** to a great many things, it would seem to make sense to at least start out with the Clear since there's simply less in it to react to or be sensitive to. It's true, however, that many such people eventually switch to the Ultimate and prefer it, but we still believe it is best to start with the Clear in such cases.
- And, from an aesthetic standpoint, some people simply prefer the Clear because it looks clear, or they believe others in their household will...in that case, it makes a lot more sense to use the Clear. After all, if you get the Ultimate, or Dark, and nobody will use it because they don't like the color of it, you've wasted your money! However, most people do not find the pale amber color of the mixed-up Ultimate to be an aesthetic problem for them. It does not look real dark once it is mixed-up for use... it looks like very weak ice tea or very weak apple juice. In fact, many people like that it has some color, so they know that container IS their

mixed-up Willard's Water

You may find some places that sell Willard Water which only sell the Clear and the Dark versions. That is because they are not authorized to sell the Ultimate. Our firm is the only authorized distributor of it because, after Dr. Willard perfected it and it was ready to be marketed, he said he wanted our firm to be the sole distributor of it because of his confidence in us (see the copy of his Memo on our home page). His family agreed with his choice and decision on that and has continued to follow it. Which is why we are, and always have been, the only Distributor authorized to carry the Ultimate.

Pets: For over five decades pets' owners all over the world have been using Dr. Willard's Water® (alkaline water for your pets) to address a wide variety of ailments. In fact, most of the original work Dr. Willard performed using his Dr Willard Ultimate Concentrate Alkaline Water involved helping local veterinarians and animals. In the early 1970's the first veterinarian to work with Dr. Willard on using Willard Water® to treat pets was Gene Wheeler, D.V.M., of Sturgis, South Dakota. After a long discussion with Dr. Willard, Dr. Wheeler agreed to perform some tests and the results were truly amazing.

"My first trials involved spraying dogs," Dr. Wheeler later recalled. "I would use it as a cleaner, and when do and horses would spray the incision after closure. Two notable facts were observed: reduced inflammation and a definite reduction of capillary haemorrhage. No side effects were observed."

Over the following years Dr. Wheeler conducted several other tests with both the Willard Water CLEAR® and the Willard Water DARK®. In every case, definite benefits were noted, and at no time did he observe any undesirable side effects.

In the years since Dr. Wheeler began using Willard Water® many other pet care providers, authors and experts have extolled the virtues of using Willard Water®, alkaline water for your pets as part of their pet care routine. For over 30 years Wendy Volhard, an internationally recognized leading authority on health and nutrition for dogs, has been a very strong advocate of using Willard Water® for pets. In Holistic Guide for a Healthy Dog, a book she co-authored with Kerry Brown, D.V.M., she recommends adding diluted Willard Water® ULTIMATE to a pet's drinking water when traveling to keep stress levels under control.

"Taking your own supply of drinking water is preferable," she says, "but if that is not possible, use what is available on your trip and add 2 tablespoons of diluted Willard Water® to each bowl, so that your dog is not affected by the change."

Volhard has had very good results with Willard Water® and MRSA, (Methicillin-Resistant Staphylococcus Aureus) which is a bacterial infection that is highly resistant to most antibiotics. MRSA causes a red, swollen and painful area on the skin.

It is now being found frequently on dogs' ears and on cuts and scrapes on their legs and bodies. While using antibiotics, adding Willard Ultimate Water® internally on a daily

basis, and spraying Willard Water® Ultimate onto the sores created by MRSA, healing is not only accelerated, but provides pain relief as well.

C.J. Puotinen, author of Encyclopedia of Natural Pet Care, and another proponent of using Willard Water® with pets, wrote a wonderful article for Whole Dog Journal outlining the many benefits of using Dr Willard Water® Ultimate as part of a holistic pet care regimen.

“For all animals, Willard Water® Ultimate seems to act as a whole-body tonic. That is, it’s safe to use in small amounts for long periods of time, during which it apparently helps to bring into balance all of the body’s systems.” Puotinen wrote in Whole Dog Journal, “...holistic practitioners credit the product with amazing abilities to heal and balance. For example, Roger DeHaan, D.V.M., a holistic veterinarian in Kings Mountain, North Carolina, has recommended Willard Water® for his canine patients since 1983.” Puotinen recommends mixing 30 ml (one fluid ounce) of Dr Willard Water® Ultimate concentrate to 4 litres of regular water or 7.5ml for each litre of regular water and using that solution as a good daily drinking water for animals with acute or chronic health problems or for any animals during hot weather or times of stress.

However, for daily maintenance, water for healthy dogs, cats, cattle, and other animals not under stress is far more dilute, such as 15ml (2 tablespoon) of concentrate for 4 litres of regular water.

Use this solution to fill your dog’s water bowl, which should be available at all times. Add it to dry, canned, or raw food. If you include grain in your dog’s home-prepared diet, consider soaking it overnight in diluted Willard Water® Ultimate to improve digestibility. To increase the grain’s nutritional content, drain the jar and leave it open and on its side for a day or two. Grind or puree the sprouting grain before adding to food. Leftover pureed grain keeps well in the refrigerator for several days.

Puotinen also advises users to gradually introduce their pets to Willard Water®, giving small dogs 15 ml to 30ml of the dilute solution daily, adding it to drinking water or food. Medium-sized dogs receive 60ml per day, and large or giant breeds start with 120ml to 180ml (4 to 6 fluid ounces).

“Too much too fast can accelerate the detoxification response,” she writes. “If your dog gets diarrhoea, ease off a little until his system catches up. This temporary symptom is the only adverse side effect Dr. DeHaan has seen while treating thousands of dogs with Willard Water.”

Over the last 50 years, Dr Willard Water® users have recommended several applications for using Dr Willard Ultimate Concentrate Alkaline Water products on pets. Below is a partial list of additional recommendations:
