One account reads: I am going to describe the images coming out of Israel over the last day. I don't want to believe any of them are real, because they are horrifying, among the most gruesome scenes of mutilation, murder, and abduction imaginable. But there is now going to be a war between Israel and Hamas—and possibly a broader regional war. Israel will invade Gaza. As we speak, Israelis my age are being called up to war.

When Hamas invaded Israel this morning, terrorists streamed across the border in pickup trucks, by motorcycle, on foot, and even on paragliders. Once inside Israel, they abducted and murdered Israelis. They shot

people in cars and at bus stops, they rounded up women and children into rooms like Einsatzgruppen—yes, the comparison is appropriate—and machine-gunned them. They went house to house to find and murder civilians hiding in their closets, and they dragged the bloody, dead bodies of Israelis back into Gaza where they are now being paraded, beaten, and mutilated in front of exultant crowds.

Hamas: Killing Jews is worship of Allah "Repeat in the name of your Jihad: Death to Israel!" http://palwatch.org/main.aspx?fi=157&doc_id=8091

One young woman was murdered and stripped to her underwear, and her corpse was thrown in the back of a pickup truck so it could be paraded around Gaza while young Hamas men beat and mutilated her body.

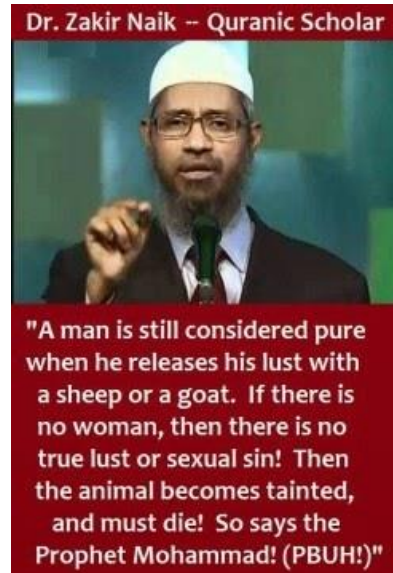

Show a Muslim that women, children and animals are being abused and raped in the name of Allah (the moon god), and they will turn a blind eye. For they cannot condemn what their own 'prophet' did.

Muhammad said in many places that he has been "ordered by Allah to fight men until they testify that there is no god but Allah and that Muhammad is his messenger." In the last nine years of his life, he ordered no less than 65 military campaigns to do exactly that.

Muhammad inspired his men to war with the basest of motives, using captured loot, sex and a gluttonous paradise as incentives. He beheaded captives, enslaved children and raped women captured in battle. Again, Muslims are told to emulate the example of Muhammad.

Islam Exposed! Did You Know That Sex with a Sheep, Goat or Donkey is Allowed Under Islam?

In the wake of yet another act of bestiality by a third world immigrant we are demanding that the concerned authorities pass a law to make bestiality illegal in Malta. Such heinous acts should not be tolerated in a civilized society.

<<According to Dr. Zakir Naik – a noted Quranic scholar – there are several things the world needs to know about Islam. First, I'm amazed that anyone within the confines of Islam would be so bold as to say some of the things. Second, I'm even more amazed that after hearing them, most of the world continues on as if these things are normal.

There is something peculiarly odd about the fact that Islam – being such an antiquated and barbaric ideology – can exist in the 21st century alongside the modern world and not be condemned by everyone. Instead, leader after

leader of many nations simply accepts what is known about Islam as a type of normal...for Muslims. Do you wonder why that wholesale acceptance exists? \$\$\$.

Moroccan Muslims get rabies from raping donkey

Deuteronomy 27:21 **“Cursed is the man who has sexual relations with any animal”**

Morocco World News reports, August 10, 2017, that 15 Muslim teens who raped a donkey in the small rural town of Sidi Kamel in Sidi Kacem province, Morocco, have been treated for rabies infections contracted from the animal.

According to the Moroccan daily *Al Akhbar* in its August 10 edition, the “sexually frustrated children and teenagers” stayed at the Mechraa Belksiri Hospital for one week to receive rabies vaccinations after the animal transmitted the disease to them.

The Quran's Evil Missing Verses on [Stopping Lust](#) by Letting Wives Breastfeed Younger Adult Men <http://youtu.be/k0xqnlb4m40>

Islamic Creator Pedophile Prophet Muhammad Married 6 year old girl and admitted to consummating the marriage when she was 9!--Muslim cleric: "It is permissible for the girl at the age of 9 or 10 to marry" Sexual Perversion in Islam (Beyond Evil!!!!!!)

Let me begin with a quote from a fatwa by the late and unlamented **Ayatollah Khomeini of Iran**.

"A man can marry a girl younger than nine years of age, even if the girl is still a baby being breastfed. A man, however is prohibited from having intercourse with a girl younger than nine, other sexual acts such as foreplay, rubbing, kissing and sodomy is allowed. A man having intercourse with a girl younger than nine years of age has not committed a crime, but only an infraction, if the girl is not permanently damaged. If the girl, however, is permanently damaged, the man must provide for her all her life. But this girl will not count as one of the man's four permanent wives."

Christian Blood For Saudi Arabia Is Big Business (Stunning Video)

<http://beforeitsnews.com/eu/2013/12/christian-blood-for-saudi-arabia-is-big-business-2544988.html>

Islamic quotes from their twisted demon possessed leaders: "Soon Islam will become the dominating force in the world, occupying first place in the number of followers amongst all other religions...We don't shy away from declaring that Islam is ready to rule the world" - **Mahmoud Ahmadinejad, President of Iran**

"Peace initiatives, the so-called peaceful solutions, and the international conferences to resolve the Palestinian problem, are all contrary to the beliefs of the Islamic Resistance Movement." - **Hamas Charter 1987, Article 13**

"Believers (Muslims), take neither Jews nor Christians to be your friends: they are friends with one another. Whoever of you seeks their friendship shall become one of their number, and God does not guide (those Jewish and Christian) wrong-doers." - **The Quran, Sura 5:51**

"Israel will exist and will continue to exist until Islam will obliterate it, just as it obliterated others before it" - **Hassan al-Banna, founder of the Muslim Brotherhood**

"Sons of Islam everywhere, the jihad is a duty - to establish the rule of Allah on earth and to liberate your countries and yourselves from America's domination and its Zionist allies, it is your battle - either victory or martyrdom." - **Sheikh Ahmed Yassin, Hamas co-founder and spiritual leader**

The Islamic bible/Quran **commands muslims to kill "Infidels"**. In Islam, the Arabic word *kafir* (كافر) refers to **non-Muslims**, often in a derogatory sense [2], and is usually translated into English as **"infidel" or "unbeliever"**.

So now lets look at some quotes from the Islamic Koran.

Allah has cursed the **unbelievers** and proposed for them **a blazing hell**. - Sura 33:60

Unbelievers are enemies of Allah and they **will roast in hell**. - Sura 41:14

Fight **unbelievers** who are near to you. Sura 9:123 (another translation reads: Believers! **Make war on the infidels** who dwell around you. Let them find harshness in you. (another source reads:) Ye who believe! **Murder those of the disbelievers....** **Excellent Tract:**

Back to the main report--Another account

reads: I just found out from my former colleagues in the Intel Community that the Israeli Mossad has been sabotaging/burning/blowing-up Iranian Drone Factories to prevent Iran from helping Russia. I also found out that planeloads of Israeli

military weaponry were sent to Baku, the capital city of Azerbaijan in the days and weeks before Azerbaijan launched another military attack upon Armenia last week forcing 100,000 Armenian Christians to flee for their lives.

So what is taking place inside Israel right now, is payback. Payback from Russia for Israel helping Ukraine. Payback from Russia for the planeloads of weapons to

Baku, Azerbaijan, and Payback from Russia for Israel blowing up Iranian drone works. It is also payback from Iran for the blown-up drone factories, and for all the attacks by Israel against Iranian forces in Syria for the past two years. It is also payback from Armenia for when Israel helped Azerbaijan. The most interesting part? Iran used the \$6 Billion released by the Biden administration two weeks ago, to fund today's outbreak of hostilities!

I also found out this payback, is not going to stop. It is in fact, "war."

We are now entering the actual hot phase of World War 3.

Another Comment: During the intense fighting which broke out yesterday between HAMAS and Israel, astonishing things took place. Despite the most advanced intelligence and surveillance systems in the world, Palestinians allegedly broke through into Israel -- somehow un-noticed by all the surveillance gear.

One Israeli Border Guard told me "Our systems could see if a Bird was flying-in, yet authorities would have us believe they couldn't see dozens of Palestinians on motorized para-gliders in the air? It's simply not possible. They let this happen on purpose."

Another Israeli told me "MOSSAD knows when these people, HAMAS, go to the bathroom, yet we're supposed to believe MOSSAD had no idea this gigantic operation was being planned?"

Israel has the best intelligence on its neighbors of any nation on earth. Israel has lots of "assets" embedded in these various "terrorist" organizations, as well as SIGINT (including U.S. satellite data) which allows Israel to always have a finger on the pulse of these organizations.

There is no way that a coordinated, major attack involving about 1,000 Hamas fighters, sea-based/ land-based/ aerial attacks could have been planned, coordinated, and executed without Israeli intelligence getting wind of it. 0% chance.

Others had similar statements of anger and disbelief. One IDF soldier who saw Palestinians use a Drone to destroy an Israeli Merkava Tank said "Where did the Palestinians get drones with armor-piercing explosives? That technology is being used in the Ukraine-Russia conflict. How did it suddenly appear here, in Israel?"

Other IDF soldiers pointed to Anti-Tank Guided Missiles (ATGM) being used against Israeli Security Forces. He said "These are weapons being seen on the Ukraine battlefields, how did they get into the Gaza Strip?"

Then, in the midst of the fighting, this video came out: HAMAS thanking Ukraine for selling them weapons to be used against Israel:

Hamas is claiming Ukraine sold them the weapons they used in the attack today against Israel. pic.twitter.com/SZ9vAAQIhF

— Joey Mannarino (@JoeyMannarinoUS) [October 8, 2023](#)

The most raging questions had to do with alleged "electronic jamming" that was said to have taken place as the Palestinians with para-gliders flew across the border into Israel. According to numerous sources on both sides, "electronic warfare" technology was allegedly used to jam Israeli radar and other

surveillance gear. Said one Israeli "Only the Russians have gear to carry out such effective jamming - how did the Palestinians get it?"

More Updates: Iran will support Hamas "until the liberation of Palestine and Jerusalem". "We welcome the Palestinian fighters," -said Rahim Safavi, an adviser to Iran's Supreme Leader Ayatollah Ali Khamenei, quoted by Al Jazeera. Israel has decided to commit troops to a **GROUND INVASION** of the Gaza Strip.

Door-to-Door. House-to-house.

This is going to be an absolute bloodbath.

The Egyptian Government has informed Israel that Hezbollah has notified them through Back-Channels that Hezbollah *will* Join the War if the Israel Defense Force decides to launch a Ground Invasion of the Gaza Strip.

If Hezbollah officially joins the war, Israel will have an utterly **MASSIVE** problem.

Almost too big a problem to actually quantify.

Another comment reads: Folks, this is going downhill so fast, it is hard to verbally quantify. There is SO MUCH going on behind the scenes, politically and militarily, and ALL OF IT is bad and getting much worse. All sides in this are intractable. No one is giving an inch. The moves being made behind the scenes, and the moves being SPOKEN ABOUT in the corridors of power in Israel, Iran, Lebanon, Syria, Russia, and the United States, are unfathomable. Horrifying. This is all going so fast, it's like an out of control train careening toward destruction of everything.

The short and sweet of it: They are now talking about possible Tactical nuclear strikes to vaporize the entire Gaza Strip and Hezbollah in Lebanon, and are also talking about Strategic nuclear attacks upon Tehran, Iran, and Damascus, Syria. These are ACTUAL discussions taking place - in the context of what is to be done if Israel finds itself being over-run and losing.)

Prominent Israeli settler activists and members of Ben Gvir and Smotrich party in the occupied West Bank are calling on the Israeli army to nuke Gaza and kill children and women ! <https://t.co/dQRZ7Bjh6l>

— Younis Tirawi | يونس (@ytirawi) [October 7, 2023](#)

Intel sources are now urgently reporting that Muslims will be on the rampage in Europe shortly; burning every major city in protest of the coming Israeli offensive into GAZA.

The authorities running Gaza know they cannot withstand a full Israeli military onslaught, so they have reached out to Muslims in Europe to have THEM cause trouble, making the Gaza problem, Europe's problem too. The thinking is that Europe will be able to call-off a full blown Israeli wipeout of Gaza.

Intelligence sources say worst hit will be Paris, Brussels, London, and Marseille.

Update: Turkey Enters Israel-Palestine Fight -- Warns U.S. to STAY OUT

The President of Turkiye, Recypt Erdogan, has publicly come out in support of Palestinians in the ongoing HAMAS-Israel conflict and has **PUBLICLY WARNED** the United States to **STAY OUT** of the conflict.

Erdogan says that his country is "with our innocent Palestinian brothers" and explicitly warned -- everyone -- that Turkey is "willing to defend Palestine at any price." It looks to me as if he just threw down a Gauntlet. To the US. To Israel. To pretty much everyone; perhaps even including NATO!

Update: Things are going very, VERY, wrong; Netanyahu Tells Israelis to "Leave Egypt"-- This afternoon, The US ordered the USS Gerald R. Ford Aircraft Carrier Strike Group to move into the eastern Mediterranean Sea to be closer to Israel. This signals ALL the players that the US is moving-in to get involved militarily. The Players are NOT backing away.

Hamas says: Moving the American aircraft carrier does not scare us, and the American administration must realize the consequences of this step.

Meanwhile, Israeli Prime Minister Benjamin Netanyahu's office calls on Israelis to leave Egypt 'as soon as possible.' This is a HUGE . . . no GIGANTIC . . . flashing RED sign.

Egypt was the first Arab nation to make peace with Israel, and depending upon what course Israel pursues in Gaza (i.e. possible Ground Invasion) that peace with Egypt may now be in very real jeopardy.

The Palestinian President Mohammed Abbas, who was safely away in Jordan, is now leaving Jordan and heading into Syria.

Globalists open second front in World War III: Attack on Israel activates 'zero hour' around the world, and America is not immune

While few realize it, what happened in Israel on the night of Friday, October 6, is an earthquake in terms of the impact on global stability, mostly because of the timing. The events of October 6 cannot be analyzed and properly understood separate from all that has been going on over the last 18 months between the US/NATO and their vassal states and Russia/China and their vassal states. The attack on Israel (a vassal state of the US/NATO) by Hamas (a vassal state of Iran which is a vassal state of Russia/China) opens up a second front in the escalating World War III scenario being advanced by the globalists for reasons I've provided in previous articles, the most recent of which was posted September 25 as "[The Four D's of Digitization, Dehumanization, Destruction and Depopulation.](#)"

Ukrainian President Zelensky has already come out with a statement in support of Israel and implying that Russia was responsible for the Hamas attack. We don't know if that's true but Zelensky said it, so that makes it true for the faction of people who believe Ukraine's war with Russia is just and totally defensive in nature.

The media tells us that Hamas launched a sneak attack on Israel and caught the IDF napping.

Excuse me, but there is simply no way the Israeli Defense Forces – the most technologically modern, most adept, most highly trained security force in the world – did not see this attack coming. For them to be caught off guard is inconceivable.

We're told they were totally surprised. Even on the 50th anniversary of the last massive attack on Israel, the Yom Kippur War of October 7, 1973, they were not prepared for an attack from their arch enemy? They left their border unmanned and unprotected, and it was breached in 29 different places, including in some

areas right next to an international music festival where tourists from other countries were partying literally within yards of a dangerous Gaza border? Please. I'm not buying it.

Nor is former IDF intelligence officer Efrat Fenigson buying into this narrative. Watch what she has to say in a post to the [platform X](#).

<https://x.com/marcfriedrich7/status/1710752764039397487?s=20>

In my book, [Stealth Invasion](#), I referred to Muslim Brotherhood documents which prophesied about a “zero-hour event.” Zero hour can be any event that sets off panic and chaos among the masses, and at this point the Islamic terrorists all join hands to attack the infidel, whether that be Jews in Israel or Christians in the West. All the terror cells get activated.

Since around 1990, the United States has imported more than 3 million Muslims to America, mostly through legal channels associated with the Office of Refugee Resettlement and other avenues where Muslims can come here on religious visas, visa lottery programs and countless other visa programs. Refugees are set on a path to full citizenship within five years.

Here is always their game plan:

Sources of mine in Sterling Heights, Michigan, reported seeing fireworks coming from a site on 15 Mile Road where a mega-mosque is under construction. The mosque is not even open for business, yet the property owners used the site to express their celebratory emotions and feelings of giddiness over the news coming out of Israel.

Hundreds of miles away in Tampa, Florida, I was informed of a pro-Hamas rally, also expressing jubilation over Israelis being killed. Muslims also rallied in [support of Hamas terrorists in America's largest cities](#), New York City, Los Angeles, Boston, Philadelphia and Pittsburgh. Muslims are also [celebrating in Jordan, Lebanon, Iraq, Iran and Turkey \(a NATO member\)](#), among

other places. This single event in Israel has triggered them and they will launch more attacks on Jews and Christians around the world.

So it would be a mistake to view what happened in Israel as something “over there.”

It can and will happen here. In the U.S. and many European countries, the hordes are not standing at the gates, they're inside the gates, waiting for their zero-hour event. This may be it.

US Sends Warships, Aircraft Carrier To Israel For Potential 'Support' Operations 'Movements could start immediately but all the assets will not be in place for several days.'

Scenes at Israel's Ben Gurion international airport have shown long lines of frantic Israelis, as well as tourists, seeking to exit the country amid fears of broader war and escalation following the major Saturday attack from Hamas and Islamic Jihad militants in Gaza.

Likely the coming days will see an exodus of tens of thousands of tourists as well as foreign nationals who reside in Israel. Dual Israeli nationals with places to stay abroad will also likely be seeking to get out.

NBC notes further that non-essential personnel may be leaving the US embassy **in Jerusalem:**

The U.S. is also working through plans for a possible non-combatant evacuation — helping Americans get out of Israel. Nothing has been decided or ordered but they are working through options, including one that involves putting some Americans on the Navy ships to get them to safety.

While President Biden on Saturday pledged full support to PM Netanyahu as Israel embarks on a fresh Gaza war, which could be the biggest in decades, there remains the potential for direct US military involvement if things spiral out of control.

Chinese Invasion Blueprint Exposed - CRITICAL NATIONAL SECURITY THREAT

Muckraker has obtained a never-before-published document, circulated among Chinese illegal aliens, which offers a clear blueprint on how to navigate to the United States illegally, and how to exploit the asylum system, achieve refugee status, and become embedded in America. Month after month, thousands of military-aged Chinese nationals are crossing into the United States illegally. Some of these illegal aliens served in the Chinese armed forces, others are conducting weapons training inside the United States, and all have followed the same blueprint for infiltrating America. China is now positioned to attack America from within. CCP loyalists are scattered across the country and more are on the way.

The longer America allows this trend to continue, the more inevitable will be its defeat to China. Watch and share this critical report with the world!

CHILDREN BEING TAKEN: Horrific video reveals U.S. government is actively facilitating a HUGE child trafficking ring across America

A disturbing expose shows how the U.S. federal government is supporting the world's biggest child trafficking ring with a steady stream of migrant children. [Muckraker](#) released a [video on X](#) showing unsettling footage of young children being placed in large vans with tinted windows as their shady escorts hid their name badges and instructed them not to speak to reporters. Unfortunately, these children's fate is a big mystery, and there are thousands more just like them who disappear in the U.S. on a regular basis.

According to the publication, around 350,000 children enter the country unaccompanied every year, and [85,000 of those children have gone missing](#). Many are forced into a life of involuntary servitude, commercial sex trafficking and other horrors that potentially include organ harvesting.

Many of these children come from remote areas of South and Central America. While some children are lured from their villages by radio ads that tempt them with the idea of enjoying a better life in the U.S., other children are [kidnapped or even sold to traffickers](#) by their own parents.

The kids are tagged by the cartel trafficking them, and some are actually carried across the border incapacitated. Border Patrol often looks the other way and books them anyway. Some are given to single adults who want to enter the U.S. to make them appear to be a family and improve their chances of getting into the country; they may be smuggled back into Mexico and then used for this purpose multiple times.

Border Patrol must release unaccompanied children to the Department of Health and Human Services (HHS) within 72 hours. As they wait to be processed and placed with a sponsor in the U.S., [they are held in compounds run by government contractors that Muckraker likens to concentration camps](#). These centers can be

found in places like Eagle Pass, El Paso, Los Fresnos, Carrizo Springs and Pecos.

Many of these compounds have guard towers, double fencing, flood lights and other security features that seem very excessive for a place that is just holding children and has no nefarious connections.

Some children are also held in makeshift compounds in former shopping centers. For example, the NGO Southwest Key keeps children in former Walmart stores. Unfortunately, this particular NGO has a horrible track record, including employees who have been charged with child molestation and sexual assault against children at their facilities. One employee was sentenced to 19 years in prison after sexually abusing kids at the facility and exposing them to the HIV virus. Yet the NGO is still getting funding, receiving \$770 million this year alone. Migrant children's "sponsors" are often human traffickers

The Office of Refugee Resettlement (ORR) is supposed to verify the identity of these children's sponsors, but records show they are failing miserably. Forged documents are not uncommon, and many sponsors are illegal aliens as well. Many children are sent to sponsors who are completely unrelated to them, and the process for vetting these sponsors was recently eased by the Biden administration to reduce bottlenecks. Background checks for some types of sponsors are no longer required, and many of these sponsors are actually human traffickers.

A Congressional report from 2016 acknowledged that "[t]he United States is a source, transit, and destination country for men, women, transgender individuals, and children—both U.S. citizens and foreign nationals—subjected to sex trafficking and forced labor."

[The 'Cross of Christ' vs. the 'Accursed Tree'-Part 2](#)

[The 'Cross of Christ' vs. the 'Accursed Tree'-Part 3](#)

In this study we will look at the differences between the 'Cross of Christ' and the 'Accursed Tree' of the Bible. The cross symbol (in various forms) has been used both as a religious symbol and as an **ornament from the dawn of man's civilization**. Various objects dating from periods long before the Christian era, have been found marked with crosses of different designs in almost every part of the old world. The cross symbol was found in Scandanavia as the Tau cross symbolized the hammer of the God Thor. **In Hinduism, the vertical shaft represents the higher, celestial states of being; the horizontal bar represents the lower, earthly states.** In historic times a human would be sacrificed and hung on a cross just the way the many Churches of the Christian religion depicts today. The sacrifice would later be chopped to pieces; his blood and pieces of flesh were widely distributed and buried to encourage crop fertility. The first crucifixion scenes didn't appear in Christian art until the 7th century by the Catholic Church. The original cross symbol was in the form of a Tau Cross and it was so named because it looked like the letter tau or our letter 'T'. The Catholic Church copied (& later modified) this symbol from the pagan Druids, who made crosses in this form to represent the Tau god. This was done so those that worshipped this pagan god Tau would come into the Catholic Cult.

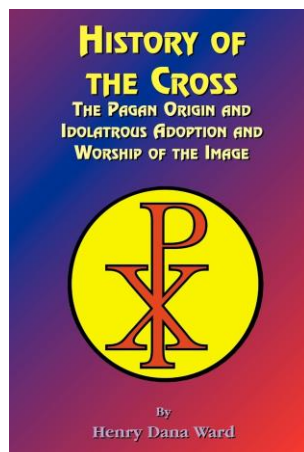

Act 17:29 Forasmuch then as we are the offspring of God, **we ought not to think that the Godhead is like unto gold, or silver, or stone, graven by art and man's device.**

Act 17:30 And the times of this ignorance God winked at; **but now commandeth all men every where to repent...**

Exodus 20:4-5: "Thou shalt not make unto thee any graven image, or any likeness of any thing that is in heaven above, or that is in the earth beneath, or that is in the water under the earth: **Thou shalt not bow down thyself to them, nor serve them: for I the LORD thy God am a jealous God...**"

Deut. 21:22-23: ¶ And if a man have committed a sin worthy of death, and he be to be put to death, and thou hang him on a tree: His body shall not remain all night upon the tree, but thou shalt in any wise bury him that day; **(for he that is hanged is accursed of God;)** that thy land be not defiled, which the LORD thy God giveth thee for an inheritance.

Gal 3:13-14: "Christ hath redeemed us from the curse of the law, **being made a curse for us: for it is written, Cursed is every one that hangeth on a tree: That the blessing of Abraham might come on the Gentiles through Jesus Christ; that we might receive the promise of the Spirit through faith.**"

Recommended Book: [History of the Cross & Some Reviews](#)

Book Description As many have suspected, there is much more to the true, authentic history of the Christian religion than what we had originally been told. Some claims regarding the Church's history are accurate, some are not. The most extreme claims against the Christianly come from the atheist camp, **but this book is completely different. It comes from a devout Christian, Henry Dana Ward, a believer in Christ who backs**

himself up with scholarly research and facts. Why, then, was this book written if it goes against traditional beliefs and acceptance? It is because the traditional beliefs surrounding the cross and its worship are wrong! It took time for us to eventually accept the cross in its current form and to worship it and, according to Ward, this was a pagan symbol that should never have been adopted. Idols were not to be worshipped by the earliest of Christians, and the cross was no exception to this rule. **Not worshipping the cross is consistent with early Christianity and is not heretical.** Its lack of worship is part of Christianity's foundational beliefs and its exclusion should be part of the religion's current structure, according to Ward. **Revering the cross is based on lies, deception, and ignorance.** Ward shows how the lies began, who spread them, and how and why they did it.

Challenging accepted belief in its time, this previously banished book has not been in print since 1871 and has been apparently reproduced from a single remaining copy. Henry Ward is extremely passionate on the subject he writes about, and at the same time is passionate in his belief in Jesus Christ. He goes to great length to demonstrate the gradual use of the cross from a pagan symbol in the pre-Christian era to become a world-wide symbol of Christianity today. He shows that it was not until the 4th century that we see the first use of the cross, and nearly three centuries later before, "the public heart became so hardened as to allow an image of our Saviour suspended on the cross." It first inspired horror, then was tolerated, then revered, then loved, and eventually worshipped. Idols, or "any material image or fancied likeness, made by the hands of man, to represent the invisible Person or things of the Godhead," were strictly prohibited by the earliest Christians, and the cross was no exception, especially its worship. The research and references are impressive for his time. Besides scriptural references, he makes his case on many fronts—from writings of the very earliest Christians through Constantine, to replicas of symbols used through the ages, to the increasing use of the cross used on millions of tombs under Rome, but again, not until the latter years of the 4th century. He claims that if the Christians of the time of Christ did not use the symbol of the instrument of the Saviors suffering and death, then we should not either. He uses the logic that if the Lord were shot, should we then use the symbol of the gun to revere Him? This more befits His enemies than His friends. He is fair to the arguments in favor of the use of the cross and addresses these as well. The children of Israel just could not resist the urge to have their tangible golden calf by which to send their devotions. Are we so different in our worship today? This book is well worth the time and consideration of any believing Christian.

Henry Dana Ward touches on this very issue and more as the other reviewers have brought out...Ward attempts to redirect Christian emotions back to the real issue, Why Jesus suffered and died; and the fact that Jesus DID die for us. I highly recommend this book to any serious student of the bible, of Christianity, or of the history of religions. Ward is extremely thorough, perhaps repetitive, but is also well researched.

My only criticism is that Ward was apparently very passionate about his view on the cross... Upon reading the book you will find that Ward had enough evidence to be rightfully passionate about the matter. He does take the issue too far in the end, though, when he offers the view that the cross is the mark of the beast and he offers a weak support of that view. However, I excused that point for Ward was obviously disgusted with the cross and naturally was trying to damn it further than the facts had already done.

UN General Assembly Approves Global Pandemic “Authority” With Lockdown Enforcement Powers

Dennis Francis, president of the UN General Assembly (UNGA), has ignored the objections of 11 countries and approved the [UN declaration on Pandemic Prevention, Preparedness and Response](#) without submitting it to a full assembly vote.

This declaration aims to form a [global pandemic authority](#) that has a range of disturbing powers, such as the ability to enforce lockdowns, push for universal vaccination, and censor what it deems “misinformation.”

Some of the points it calls for include:

Increased surveillance and digital health documents: The declaration supports the use of digital health technologies for “implementing and supporting health measures and bolstering national response efforts” in the event of a health emergency or pandemic. Vaccine passports would fall under the category of digital health technologies.

Universal vaccination: Another alarming component of the declaration is the “deep concern” it expresses about dropping vaccination rates around the world. It vows to support the research and development of vaccines, calling routine vaccination a cost-effective and efficient public health intervention. The declaration calls for improving “routine immunization, vaccination, and outreach capacities, including by providing evidence-based information on promoting confidence, uptake, demand,” in addition to “expanding vaccine coverage to prevent outbreaks as well as the spread and re-emergence of communicable diseases.”

Making COVID-19-related temporary powers permanent: The declaration also emphasizes the need to build on the practices and lessons that were learned from the pandemic and turn temporary powers into permanent ones sustainably.

Establishing a pandemic fund: The declaration seeks to launch a pandemic fund of \$30 billion per year for “critical investments” related to preparing for and responding to pandemics.

Censoring vaccine critics: The new declaration also voices “concern that health-related misinformation and disinformation negatively impacted routine immunization services globally” and calls for measures to be implemented to address what it considers to be misinformation, particularly on social media platforms. It also wants to take steps to counteract vaccine hesitancy and create more trust in public health authorities.

The move is causing a lot of concern among those who understand its implications, like Center for Security Policy President Frank Gaffney, who calls it “unprecedented.”

He said: “There’s no getting around the fact that it’s going to come at the expense of the sovereignty of the various nations that will subsequently be told that they have an emergency and told what they have to do about it.”

Bioweapons expert and international law professor for the [University of Illinois](#), Francis Boyle, J.D., Ph. D., said: “This is a full-court press to have the entirety of the United Nations Organization, its specialized agencies, and its affiliated

organizations, back up and support their proposed globalist WHO worldwide totalitarian medical and scientific police state.”

Critics are also concerned that the declaration’s support of COVID-19-style restrictions will close schools and essentially force women out of their jobs and potentially into poverty.

Nearly a dozen nations were against the declaration

The representatives of 11 countries wrote a letter to the president of the UNGA expressing reservations about the declaration. The letter stated: “Our delegations are convinced that this is no way to handle multilateral and intergovernmental negotiations on issues of great relevance for the international community, particularly for developing countries.”

Boyle is accusing the UNGA of misrepresenting the declaration by having the UNGA president approve it because they knew that it would not pass the UNGA as a consensus resolution given the 11 objections.

Popular Conspiracy Site ThePeoplesVoice.tv Run by Pro-Kremlin Gay Iranian Who Once Worked for BBC and for David Icke

Monday, July 3, 2023--**That an Iranian would peddle Kremlin propoganda is no surprise, as the Republic of Iran has been a lapdog for the Soviet Union and its “successor” for decades.**

But how many Western conservatives would think twice if they learned that their favorite conspiracy website were run by a homosexual and former lacky of the Marxist mainstream rag of Britain, the BBC? Oh yeah, and he [helped the advanced New Aging David Icke](#) shill his controlled opposition products as well.

The recently rebranded fake news conspiracy site **ThePeoplesVoice.tv, formerly Newspunch.com and YourNewsWire.com**, a favourite of many conspiracy-oriented Western conservatives, **is run by 40-year-old homosexual Iranian Sean Adl-Tabatabai**. See: <https://www.standard.co.uk/lifestyle/london-life/sean-adlatababai-on-being-in-the-eye-of-the-fake-news-storm-a3468361.html>

He is believed to reside in Los Angeles, California with his husband Sinclair Treadway. Not only does his homosexuality jive with the Leftist status quo, so does his status as a racially mixed couple. The two married in London in 2014 and was among the first gay marriages in England (here is video of the “wedding”). He lives with Sinclair, his American husband — they signed the register in Camden at one minute past midnight on the day that David Cameron legalized gay marriage. Their apartment is filled with art, and I can't help but notice a Bernie Sanders bumper sticker too. “Most of my friends — and I would say, me too — are liberals,”

Why is a trendy Iranian homosexual running a “news” site targeting Western conservatives with a mixture of fake and partially true news stories?

“Joel Harding, a former US intelligence officer and Kremlin propoganda expert, said YourNewsWire.com was ‘used by the Russians as a proxy site to spread disinformation’.

It seems that Adl-Tabatabai is fully aware that he is a Russian proxy. His popular reach online doesn't make sense if he is just a queer trying to make a buck off of Right-wing kooks. What makes more sense is that his popular reach has been achieved systematically—with the help of a well-run military operation of Russia's psychological warfare division. It also explains why all or most of his cross-promoters also share pro-Kremlin, pro-Iranian views (it also tends to show the hollowness of both Russia and Iran's so called opposition to homosexuality. They seem to be fine with it when it suits them. Islam and authoritarian regimes like Russia are rife with homosexuality and pederasty).

“I love Russia Today!”, Adl-Tabatabai [admitted to the Evening Standard](#).

With shills like Sean, it's no wonder that pro-Kremlin fake news goes viral online—**fake news (lies) like that Russia has banned GMOs, Putin kicked the Rothschilds out**

of Russia, or that Jewish billionaire George Soros was banned from Russia—all false.

That a Kremlin shill is a homosexual is hardly surprising considering the KGB seems to prefer sexually compromised men to carry out their dream of a world Communist dictatorship, right down to Vladimir Putin himself. Ironically, conspiracy writer Henry Makow (also pro-Kremlin), whose online persona is based on exposing homosexuality and feminism as drivers of the New World Order, constantly promotes Adl-Tabatabai's fake news pieces. Of course, Henry is not the only one, many of the major conspiracy peddlers promote ThePeoplesVoice.tv. Twitter user [@IlluminatiBot](#) (close to a million followers) is probably the biggest spreader of Adl-Tabatabai's fake news.

While this information is devastating to Adl-Tabatabai's credibility, he has found a way of skirting detection. He changes his brand every so often. As mentioned above, his brand has gone through at least two changes. I would bet that eventually he will lose ThePeoplesVoice.tv brand and create another. I am sure he uses several other proxy sites to help astroturf his lies, as the structure and content of several conspiracy fake news sites looks very similar, whether its his mom writing pieces or Adl-Tabatabai using apparent pseudonyms like Dimitry Baxter.

The “Trusted News Initiative” Is a Tool to Brainwash the World

If you follow mainstream media, it's possible that you are the target of a brainwashing tool developed to get everyone on the same page regarding specific events. You may have seen this video, where members of the media parrot, word for word, a message that “someone” wants to get out.

Play to 0:46: https://youtu.be/C-4HOgULcd8?si=-c8l2ogrKF_yHOiP

Appalling, isn't it?

It would be nice to think that this is a one-off, but really, it's not. It's propaganda 101. Joseph Goebbels, the Nazi granddaddy of propaganda, was credited with the following statement:

“If you tell a lie big enough and keep repeating it, people will eventually come to believe it. The lie can be maintained only for such time as the State can shield the people from the political, economic and/or military consequences of the lie. It thus becomes vitally important for the State to use all of its powers to repress dissent, for the truth is the mortal enemy of the lie, and thus by extension, the truth is the greatest enemy of the State.”

Sound familiar?

What is the Trusted News Initiative?

There's a troubling group of media behemoths from around the world who have joined forces to get out coordinated messages, as you saw in the video above. Here's some more information, [right from the horse's mouth](#).

The Trusted News Initiative is a partnership, founded by the BBC, that includes organisations from around the globe including; AP, AFP, BBC, CBC/Radio-Canada, European Broadcasting Union (EBU), Financial Times, Information Futures Lab, Google/YouTube, The Hindu, The Nation Media Group, Meta, Microsoft, Thomson Reuters, Reuters Institute for the Study of Journalism, Twitter, The Washington Post, Kompas – Indonesia, Dawn – Pakistan, Indian Express, NDTV – India, ABC – Australia, SBS – Australia, NHK – Japan. TNI members work together to build audience trust and to find solutions to tackle challenges of disinformation. By including media organisations and social media platforms, it is the only forum in the world of its kind designed to take on disinformation in real time.

This is the height of propaganda, organized voices shouting down anyone who dissents. And if the shouting doesn't work, they'll coordinate attacks to ruin the dissenter's life.
