-----  
Lilith, female demonic figure of Jewish folklore. Her name and personality are thought to be derived from the class of Mesopotamian demons called *lîlû* (feminine: *lîlîtu*), and the name is usually translated as "night monster." A cult associated with Lilith survived among some Jews as late as the 7th century ce. The evil she threatened, especially against children and women in childbirth, was said to be counteracted by the wearing of an amulet bearing the names of certain angels.

From a witchcraft site:

Lilith. Goddess of the night. Screech Owl. Queen of Vampires. But is this ancient deity a demon, succubus, or an empowering enchantress? Hers is a name with many interpretations, stories, and misconceptions, but one that permeates pagan

culture. Today, witches and magical practitioners seek to understand Lilith as a goddess. As an powerful symbol and magical guide. Here we look at her wild, mysterious origins and provide various ways to work with Lilith in your practice.

Lilith became a figure of cosmic evil in medieval Kabbalah. Lilith attempted intercourse with Adam before the creation of Eve, and after the creation of Eve she fled and ever after has plotted to kill newborn children

In the Zohar Lilith's demonic sexuality comes especially to the fore. She attempts to seduce men and use their seed to create bodies for her demonic children.

The traditional depiction of Lilith from ancient Mesopotamia through medieval Kabbalah presents an anti-type of desired human sexuality and family life. Lilith loves fornication and adultery and hates childbearing and raising children (especially in a Godly way), but also represents a woman whom society cannot control—a woman who determines her own sexual partners, who is wild and unkempt, and who does not have the natural consequences of sexual activity & children.

The contemporary feminist movement found an inspiration in this image of Lilith as the uncontrollable woman and decisively changed the image of Lilith from demon to powerful woman. In 1972 Lilly Rivlin published an article on Lilith for the feminist magazine *Ms.*, with the aim of recovering her for contemporary women. The Jewish feminist magazine *Lilith*, founded in the fall of 1976, took her name because the editors were inspired by Lilith's fight for equality with Adam. An article in the introductory issue spelled out Lilith's appeal and rejected the understanding of her as a demon. Since then, interest in Lilith has only grown among Jewish feminists, neo-pagans, listeners to contemporary music by women (highlighted in the Lilith Fair), poets, and other writers. A useful recent book collecting many articles and poems on Lilith, with specific focus on her importance for Jewish women, is *Whose Lilith?* (1998). As Lilly Rivlin writes in her "Afterword," "In the late twentieth century, self-sufficient women, inspired by the women's movement, have adopted the Lilith myth as their own. They have transformed her into a female symbol for autonomy, sexual choice, and control of one's own destiny."

-----  
**From a Christian Website:** It is interesting to note that this spirit will take on a different appearance to whomever it desires to seduce, even changing sexes to tempt people into various lusts and perversions.

It is also the spirit behind lesbianism, homosexuality, gender confusion and other sexual temptations.

Lilith works in tandem with the spirit of Pan, who is known as the god of sexual temptation; also known as the satyr or the goat that represents Satan himself.

According to the [New World Encyclopedia](#), Lilith was first mentioned in ancient Mesopotamia mythology around 3000 B.C.

In ancient Sumer, lilitu was known as a name for a group of storm spirits that preyed upon women and children. They were also associated with incubus and succubus spirits, lust, sexual temptation, and destroyers of marriage. From the lilitu come similar demons known as Lilu, Lila and **Lilith**.

These spirits are mentioned in Babylonian and Sumerian mythology, and in Greek mythology are known as Lamia, which was a group of child-stealing witches. Lamia bore the title of child-killer, and is associated with abortion, miscarriage and stillbirth. Lilith, or Lamia, by which ever name she is referred to, causes the death of premature, yet-to-be born infants as well as newborns and young children.

Lamia described as having a human upper body from the waist up and a serpentine body from the waist down. The Lamia is known for a “vicious sexual appetite that matched her cannibalistic appetite for children.”

**Jewish folklore presents Lilith as Adam’s first wife, who was later replaced by Eve. This we know is untrue because the Bible is clear about it. Jewish folklore also presents Lilith as the female companion/counterpart to Satan, as queen of the underworld.**

Most variations agree that this class of demons is also associated with a dominant female demon, also known as a seductress or adulterous woman that lures men to their destruction.

Lilith, also like Jezebel, represents a woman that refuses to live peaceably with others and forces others to adopt to her demands.

She is incapable of being in a spiritual, equally yoked Christian marriage because not only is she opposed to Biblical principles, but she feels superior to man.

She feels she is man’s teacher and that she is constantly evolving into a higher plane of spirituality and must guide men into their destiny.

She is strong-willed, proud, and stubborn. She lives by self-will, does what she wants and digs in her heels at male authority because she feels she is constantly fighting for her freedom.

She is constantly trying to assert herself in an attempt to take what she feels she deserves.

Lilith appeals to feminists, because she is associated with freedom from any constraints, including sexual freedom and immorality.

Lilith also represents the covetous woman that wants other women’s children and is out to destroy their marriages. She does not want to raise, nurture and love children, but she will defile and devour them, often killing them when she has opportunity.

In December of 1972, a woman activist by the name of Lily Rivlin wrote an article for Ms. Magazine that championed the demon Lilith as representing the Feminist Movement and it quickly gained popularity. (Download original [1972 article here.](#))

**There are some in the feminist movement who have one foot in the demonic realm and the other in Christianity, trying to spin their beliefs so that it sounds almost agreeable with Christianity, but do not be deceived.**

**Lilith became the new face of the modern woman advocating for equal rights, and thus became the spirit behind the Feminist Movement.**

**It is also the spirit behind the abortion industry and the Democratic Party that upholds upholds a pro-choice position toward abortion.**

**Satan demands blood sacrifice as a means of worship. It is how he builds a demonic throne where he is glorified instead of God.**

Those that advocate for abortion laws are merely puppets advocating Satan's agenda.

I believe it is also the spirit behind the forced vaccination laws, too. Lilith wants control over the children and families, and we must fight it with strategic prayer. Until we understand what we're dealing with, we won't effectively take authority over these things.

Prayer declarations incorporating the word of God against the works of evil is vital to overturning corruption.

For your assistance, I have also included a prayer declaration for intercessors to utilize.

### **Feds Asked Banks to Search Americans' Records for Gun Retailers, Words Like 'Trump' and 'MAGA,' Bible Purchases**

The Treasury Department, on behalf of federal law enforcement after January 6, 2021, asked banks to snoop through customers' transactions for signs of "extremism," such as purchases of "small arms" or from gun retailers Dick's Sporting Goods, Bass Pro Shop, or Cabela's, according to House Judiciary Committee Chairman Rep. Jim Jordan (R-OH).

Jordan revealed the secret requests on Thursday in a letter to the former Director of the Treasury Department's office of Stakeholder Integration and Engagement in the Strategic Operations Division of the **Financial Crimes Enforcement Network (FinCEN)** Noah Bishoff.

We now know the federal government flagged terms like "MAGA" and "TRUMP," to financial institutions if Americans completed transactions using those terms. **What was also flagged? **Jordan said FinCEN also distributed slides prepared by one bank explaining how other banks could use MCCs to detect customers whose transactions may reflect "potential active shooters, [and] who may include dangerous International Terrorists / Domestic Terrorists / Homegrown Violent Extremists ('Lone Wolves')."**

**The slides instructed banks to look for transactions using certain MCC/Merchant Category Codes codes such as "3484: Small Arms," "5091: Sporting and Recreational Goods and Supplies," and the keywords "Cabela's," and "Dick's Sporting Goods," among several others, he said.**

**The letter included a slide listing a number of gun retailers.**

**"Despite these transactions having no apparent criminal nexus and, in fact, relate to Americans exercising their Second Amendment rights— FinCEN seems to have adopted a characterization of these Americans as potential threat actors," he said.**

**Record Number of People in US Are Homeless Amid Continuing Surge in Rent Costs – Report**

**January 28th 2024—We are seeing unprecedented increases in homelessness, as well as the oldest age for the median renters. Housing costs have continued to soar in the US following the COVID-19 SCAMdemic, and the wages in the US have not been able to keep up with those costs. As a result, the US is experiencing an unprecedented percentage of homelessness.**

**Rates of homelessness have increased in the US by 12% from the year 2022 to 2023, and have increased by 48% since 2015, according to a January 25 report from [Harvard's Joint Center for Housing Studies](#). About 653,000 people reported experiencing homelessness in January of 2023. That is the highest single year increase for rates of homelessness in the US.**

**These questions are becoming increasingly important as [more businesses refuse to take cash in cities across the U.S.](#) People without bank accounts are shut out from stores and restaurants that refuse to accept cash.**

As it happens, a lot of people are still “unbanked”: roughly 6 million in the U.S., the latest data shows, which is about the population of Wisconsin. And outside of the U.S., more than a billion people don't have a bank account.

I am a business school professor who researches society's transition from cash to electronic payments. I recently visited Seattle and was amazed by the mixed signals I saw in many storefronts. Numerous shops had one sign proudly proclaiming how welcoming and inclusive they were — next to another sign saying “No cash accepted.” This tells people without bank accounts that they aren't welcome.

**CRISIS: Denver Hospital Caught Injecting LIVE Ebola Vaccine In Workers Now Overwhelmed by Illegals, Has Racked Up \$136M In Unpaid Care In 2023 Alone — REPORT**

by [Ben Warren](#) January 20th 2024--Swarm of illegals (linked to bringing Colorado hospital system to brink of collapse with unpaid care) are being tended to by healthcare workers who received an Ebola vaccine with a high shed rate.

The same hospital in Denver, Colorado, that gave healthcare workers an Ebola vaccine with a 31% shed rate is also on the brink of collapse due to unpaid care related to the surge of illegals flooding the system, according to reports.

Denver Health, the largest “safety net” hospital in Colorado is experiencing this alarming convergence of crises.

“Since President Joe Biden took office and the southern border has been overrun with illegal aliens from all over the world, the cost of unpaid care at Denver Health has risen dramatically,” reports Cortney Weil of *The Blaze*. “In 2020, the hospital had about \$60 million in unpaid care. By 2022, that number more than doubled to \$125 million and then jumped another \$11 million last year, bringing the total amount of unpaid care at Denver Health in 2023 to a whopping \$136 million.”

**“Those numbers coincide with the significant rise in illegals entering the city in the last few years.** According to Dr. Steven Federico, the chief government and community affairs officer for Denver Health, the hospital treated 8,000 new patients from South and Central America in the last year, and those patients alone accounted for 20,000 hospital visits.”

In tandem with this crisis, news broke earlier this week that Denver Health workers were given doses of a live Ebola vaccine in November.

“Denver Health paramedics, doctors, and nurses have just been vaccinated with a live Ebola vaccine,” said Dr. Richard Bartlett Friday. “Never before have we had anyone in Denver, Colorado – or Colorado at all – vaccinated for Ebola. This is history-making.”

“Why would they be doing this? They said they're doing it in preparation for a ‘potential Ebola outbreak,’ why would they be thinking that's possible?”

**Update From Invive Silver:** (Comment: I recommend you print this whole section below)

**The 10,000 PPM is MANDATORY, meaning the correct protocol in a life and death situation where death is "IMMINENT" within 72 hours. If you do not think you will die in 72 hours, then take the 5,000 PPM. Some Ebola patients die in 48 hours and some die in 21 days. If you are already bleeding from orifice, then the Ebola has advanced and you MUST use the 10,000 PPM.**

**Tell your people: Ebola Can kill within 48 hours to 21 days.**

It takes a minimum of 3 days to ship the Invive from our factory because our Manufacturing is in a small town where it is delayed by USPS for 1 day; for the Silver to travel to the Airport in the next larger City. That is why we ship Priority, because if we shipped Express overnight it would "still" take 2-3 days to arrive. In the case of a worst case Ebola infection by the time the Silver is delivered to them in 3 days, they could be dead.

So they must purchase in advance and have the silver on hand to be safe. That is just a plain actual fact.

I myself have 3 bottles of 10,000 PPM with me wherever I am/travel.

That is barely enough meaning the minimum to attack the Ebola, while waiting for more silver to arrive.

So they should have at least 3 bottles of 10,000 stockpiled in advance. (Assuming the USPS trucks are still running during an Ebola outbreak and that the Cities are not locked down with no one allowed to enter or leave, including the Courier Trucks.)

-----  
**EBOLA**

(Note 5000ppm is mentioned here but in an advanced case 10,000ppm should be used- see above for more clarification)

**Invive 5000ppm Mild Silver Protein ++** When combating an advancing presentation of Ebola within the subject individual, it is "MANDATORY" to maintain a "STEADY STATE" of Silver in your bloodstream every 4 hours = 6 times per day for adults of 120 lbs and up, (but reduced for children via percentage of their bodyweight in relation to 120 lbs.).

## "UPDATED '2014' PROTOCOL"

1) If you have been (or suspect you have been) exposed to Ebola take this dosage:

\*\*\* 5,000 ppm 5 cc/1tsp. 4 times a day or every 6 hours.

2) If you are starting to display symptoms take this dosage:

\*\*\* 10,000 ppm 5 cc/1tsp. 4 times a day or every 6 hours.

3) If you are in full blown Ebola symptoms going to terminal take this dosage:

\*\*\* 10,000 ppm 5cc/1 tsp of 10,000 every hour.

Note: Selenium has been found to be almost totally depleted from the soils where Ebola & Marburg is prevalent in Africa and has been found to be very helpful in the prevention of Ebola.

Selenium Dr. Johnson Carries:

My choices of selenium: Selenium is highly anti-viral and is an essential trace element possessing antioxidant properties, and is key to the production of glutathione peroxidases which makes this very compatible with NAC (see below) to raise glutathione levels.

Selenium by Innate- 90 tablets

Overall Best Value: [Se-Zyme Forte \(100 T\)](#)

## [Is Selenium Deficiency Behind Ebola, AIDS and Other Deadly ...](#) ★★

Ebola and other deadly viruses, including the human immunodeficiency virus 1 (HIV-1), might be stimulated by deficiencies in the mineral selenium.

Zaire-where the Ebola and HIV-1 viruses first appeared-may be a viral "hot zone" because of low selenium levels in the soil and widespread selenium deficiencies among people living off that land.

Too strange to be true? To the contrary, a similar connection has been established in China, where a common virus mutates into a dangerous form when it infects people deficient in selenium.

Selenium, an essential mineral, functions as an antioxidant and a component of another antioxidant, glutathione peroxidase. Deficiencies of either substance impair the body's immune system and ability to fight infections. But if recent research is any indication, the role of selenium in disease prevention may be much more profound than previously imagined.

"It is certainly intriguing that a number of viruses have emerged from these regions in Africa, which appear to be selenium deficient," said E. Will Taylor, Ph.D., a viral researcher at the University of Georgia, Athens.

---

## [Selenium - Prevents Retroviruses HIV - Marburg – Cocksackie - Hemorrhagic Fever Viruses - Ebola ...](#)

Low Selenium levels lead to weakened antioxidant defenses, reduced immune surveillance, higher viral replication rates and thus conditions favoring viral mutation. It is also known that Selenium prevents a number of Retroviruses like HIV, Cocksackie, Ebola, Marburg and Flu viruses from replicating in the host

cells.

It interferes with the reverse transcription of the viral RNA to viral DNA thus preventing virus replication.

Research shows it prevents the progression of HIV to AIDS. Professor Luc Montagnier of the Pasteur Institute (one of the discoverers of HIV) states that "Selenium was currently the most realistic hope for those infected with HIV in the world's impoverished nations, of the slowing of the progression of HIV to AIDS..."

Computational genomic analysis of hemorrhagic fever viruses. Viral selenoproteins as a potential factor in pathogenesis: <http://www.ncbi.nlm.nih.gov/pubmed/9152513>

They talk about Ebola being a "viral selenoprotein" and "Biosynthesis of this protein could impose an unprecedented selenium demand on the host, potentially, leading to severe lipid peroxidation and cell membrane destruction, and contributing to hemorrhagic symptoms." It is well documented that selenium plays a significant role in the regulation of blood clotting via its effects on the thromboxane/prostacyclin ratio, and effects on the complement system.

Subject: Fw: **Vitamin C Is Essential in the Ebola treatment**

**In addition to the Invive Silver, a Ebola patient need high doses of Vitamin C. The Invive Silver stops the Ebola Virus, but you MUST put the Vitamin C back in their body, that the Ebola has taken away.**

Again for clarity: The INVIVE Medical Journal Silver wipes out/eradicates the Ebola Virus but **Here is what Ebola does that is fatal: It causes the complete removal of all vitamin C from the body. No one actually knows what mechanism is involved in doing this, other than a malfunction that is not permanently destructive to**

**whatever is triggered to remove all vitamin C stores. All the researchers know is that vitamin C drops to zero and all the symptoms of Ebola are consistent with a complete loss of vitamin C.**

---

From the report at: <http://jimstonefreelance.com/> we read:

**The actual way ebola kills is by causing a severe cytokine release in blood vessel walls, which if already irritated by a viral assault, will rupture from the irritation caused by a strong cytokine release. With regard to ebola, the exact cytokine is called IL-6, which is inhibited by 41 percent with adequate vitamin C present. This means, that from this mode of action alone, vitamin C will reduce the impact of ebola by 41 percent. If you combine this with the fact that vitamin C will strengthen the blood vessel walls as well, the two ways vitamin C helps will work in combination to prevent death from ebola, especially if ebola, which removes all vitamin C weakens the blood vessel walls by removing vitamin C to begin with.**

---

**Comment:** So taking a true, natural, vitamin C is a major factor in fighting off Ebola especially considering Ebola chief action of fatality is causing the blood vessels to rupture through the body where you bleed out of every orifice. Vitamin C (full spectrum source with the bioflavonoids, from a plant source) strengthens the blood vessels.

**Dr. Johnson's Vitamin C products:**

**++ I recommend that every adult take at least 6 to 12 grams of vitamin C per day if you are being exposed to the Covid vaxxed (but you can go double that is you feel you are infected) for optimum dosing. Space out your dosages every 2-4 hours ideally.**

**Why did Congress help craft a bill last summer called the “Disease X Act” – do they know another bioweapon is about to be released?**

**In June 2023, the United States Congress quietly passed a piece of legislation called House Resolution 3832, also known as the Disease X Act of 2023, that**

references a mystery contagion that just so happens to be the subject of a World Economic Forum (WEF) meeting that took place on Jan. 17, 2024.

At the WEF meeting, it was discussed that Disease X "could have 20 times more fatalities than COVID." We also know that talk of Disease X started at least as far back as 2018 when the WEF mentioned it in an article.

What we are more than likely witnessing with this new revelation is the stage being set for another round of COVID-like lockdowns, mask mandates and whatever else the powers that be throw at the world once they unleash their next pre-planned bioweapon, known as Disease X.

You can check out the contents of the Disease X Act of 2023 at [this link](#).

**(Related:** For the next fake pandemic, the World Health Organization [WHO] **hopes to abolish the First Amendment, according to Bret Weinstein.)**

In short, the Disease X Act of 2023 reveals plans to establish a new program at BARDA (Biomedical Advanced Research and Development Authority) to develop medical countermeasures for any future viral threats that have pandemic potential. In other words, there are more COVIDs coming down the pike.

The legislation is intentionally vague, which is certainly no accident. Vague legislation tends to be wide reaching in its scope once executed, which means the severity of its intentions are likely vast and far-reaching.

One report from *UnHerd* covering what took place at the WEF meeting on Disease X described what was discussed there as "worrying," noting that it shows "signs of the acceleration of technocratic tendencies in pandemic preparedness, which have only consolidated since Covid."

The panel-style meeting opened with a statement from WHO director-general Tedros, who tried to clarify all the "misinformation" about the panel itself, so-called misinformation being the number-one global threat right now, according to the WEF's Global Risks Report 2024.

"Unfortunately, the focus on Disease X is indicative of a broader phenomenon: the rise of our new biomedical security state, best represented by the technocratic governance structures that drove emergency laws on lockdowns, mask and vaccine mandates, quarantines, school closures and censorship," reported *UnHerd* about the WEF meeting.

"This is interwoven into the semantic origins of Disease X, which was christened in the WHO R&D Blueprint **in 2017** to assist prioritizing research and development particularly for vaccines, treatments and tests. It has since become a core driving force for the proliferation of public-private partnerships (PPP) in the global pandemic preparedness industry."

In addition to that, it will remove human rights protections, enforce censorship and digital

passports, require governments to push a single "official" narrative, and enable the WHO to declare "pandemics" on a whim

More sudden deaths to come--Of course, this is just a cover for the vaccine deaths! 'Experts' Say New COVID Strain Will Cause Global "Heart Failure Pandemic"

Dec 30, 2023--A new strain known as JN.1 will cause many people to suffer from "reduced cardiac function," according to the report.

"Japan's top research institute Riken has now issued a warning in the new report, which states that the ACE2 receptors, which the coronavirus clings to within human cells, are 'very common' in the heart," reports GB News.

Health officials suggested people should be wary of gathering for New Year's Eve celebrations, warning, yet again, that hospitals would be at risk of being stretched to breaking point.

Despite everything we've learned about the association between COVID vaccines and serious heart problems, it appears they're now trying to re-brand the heart problems as being caused by COVID itself.

Oh well, guess we better take another round of the "100 per cent safe and effective" then!

Once the new booster is rolled out, expect another spate of healthy, professional sports stars suddenly collapsing in the middle of the field as a result of...checks notes... oh the JN.1 COVID strain.

Italian Health Minister Gave Orders To Conceal Vaccination Deaths – Now Under Investigation For Murder--They knew the shots were killing people from the start and gave orders to conceal deaths

A top official in Italy's government is [under investigation](#) after unearthed emails revealed a sinister plot to push dangerous Wuhan coronavirus (COVID-19) "vaccines" on the Italian people.

Former Italian Health Minister Roberto Speranza could end up being charged with homicide after emails sent at the start of Operation Warp Speed indicate that he knew full well the shots were killing people, but pushed them on his country regardless.

According to reports, Speranza, knowing at the time that COVID jabs are a potential death sentence, ordered local health authorities across Italy to not only push the jabs, but also to conceal all deaths and serious side effects from the public, while giving false reassurance to Italian citizens that the jabs are "safe." Speranza's goal, according to the leaked emails, was to ensure that nothing got in the way of Italy's COVID injection death campaign – not even widespread injuries and deaths, which appear to have been of no concern to him.

**FDA dismisses dangerous DNA contamination of COVID vaccines after allowing Pfizer to change its manufacturing process**

When a team of researchers from Ontario, Canada discovered [high levels of DNA contamination](#) in monovalent and bivalent Pfizer/BioNTech and Moderna mRNA COVID-19 vaccines, regulatory agencies around the world should have placed a moratorium on COVID-19 vaccines and investigated the serious safety signal. However, the U.S. *Food and Drug Administration* (FDA) completely dismissed the findings, [ignoring their own rules and regulations](#) regarding DNA contamination of pharmaceutical products.

In the study, every vaccine contained billions to hundreds of billions of DNA fragments and therefore exceeded the DNA adulteration standard of 10 nanograms per dose. The batches were so heavily contaminated, they exceeded FDA standards by 188 to 509 times the regulatory limit. The researchers also found fragments of DNA larger than 200 base pairs (a measure of the length of the DNA) which also exceeds FDA guidelines.

The FDA will not sound the alarm on any serious safety issues with COVID-19 vaccines. This is absolutely terrifying that regulatory agencies do NOT care about the safety of a contaminated, experimental product that has gone on to injure and kill countless people around the world.

According to the FDA's own guidance, residual DNA adulteration is a [known safety issue with vaccines](#) that can cause insertional mutagenesis and increase cancer risk through the inhibition of tumor suppressor genes and the activation of oncogenes.
