**'Transformation Church' pastor trashes stage, destroys Bible and communion elements--Part of a blasphemous sermon illustration**

By [WND News Services](#) Published February 3, 2024 (PROTESTIA) – A month after Transformation Church in Tulsa, OK, hosted a celebration of life for the late pro-choice, pro-LGBTQ, hell-denying, Trinity-denying, Universalist, Unitarian Bishop Carlton Pearson, with lead pastor Michael Todd praising him as a “man of God” who faithfully lived out the gospel message, Todd reiterated his contempt for the

scriptures by trashing the stage and pouring syrup and whipped cream all over a bible and communion elements as part of blasphemous sermon illustration. Transformation Church is led by pastor Michael Todd, the fashion-obsessed leader known for crowd surfing during his church's worship service, preaching some good old-fashioned Modalism, and giving the world perhaps the grossest illustration in church after he (twice) snorted and spit and blew snot into his hand and then rubbed it in another man's face. He recently had a service where ballet dancers with bare behinds danced around the stage and then in a recent sermon he offered a muddled, confused, contradictory, and seeming apology for what God's word says about homosexuality. Further, one of their pastors justifies his continual cussing by confessing that: 'I have never felt a conviction of the Holy Spirit' about this and then argued on his podcast that belief in the Trinity is a non-essential issue, and that it should NOT be considered cheating if a married man is caught dancing and twerking with another woman.

**Blood Sacrifice Ritual at Grammys as Olivia Rodrigo Smears Blood on Face, Walls Leak Blood During 'Vampire' Song while Taylor Swift was seen in the audience dancing along to the bloodletting performance!**

**Rising Satanic star Olivia Rodrigo performed her hit song "Vampire" at the 2024 Grammys on Sunday, featuring the entertainment industry's not-so-subtle signature demonic programming.**

The 20-year-old singer and Gen Z icon began with a somber performance explaining how she was taken advantage of by a vampiric lover, which soon crescendoed into her smearing blood on her face while the walls behind her poured out blood.

**Just your average Hollywood Satanism on display.**

The chorus of "Vampire" is as follows:

*I've made some real big mistakes*

*But you make the worst one look fine*

*I should've known it was strange*

*You only come out at night*

*I used to think I was smart*

*But you made me look so naive*

*The way you sold me for parts*

*As you sunk your teeth into me, oh*

*Bloodsucker, fame\*\*\*\*er*

*Bleedin' me dry, like a g...d vampire*

The Current LOCATION of Satan's Throne (Talked About in Revelation 2) & BIBLE PLACES | Pergamos AKA Pergamum  
**Rev 2:12** And to the angel of the church in **Pergamos** write; These things saith he which hath the sharp sword with two edges;  
**Rev 2:13** I know thy works, and where thou dwellest, **even where Satan's seat is**; and thou holdest fast my name, and hast not denied my faith, **even in those days wherein Antipas was my faithful martyr, who was slain among you, where Satan dwelleth.**

**Pergamos was a city in western Asia Minor (modern Turkey), north of Smyrna, and about 15 miles inland from the Aegean Sea. For a while it was the capitol of the Roman province of Asia. Pergamos was famous for its library and beautiful architecture.**

**It also contained a complex of temples to Zeus, Athena and other Greek gods, and also temples to some Roman**

**emperors. The church of Pergamos is the 3rd of the 7 letters written in Revelation.**

Today, all that's left of the city of Pergamum, now in modern-day Turkey, are ruins. But when the Apostle John wrote his letter to the church there, it was one of the most influential cities in the Roman Empire. Pergamum had a unique status that was different than any other city because it was the political center and one of the locations of the seven churches of Asia Minor as recorded in the book of Revelation. It was from there that all the rulings were made that affected the whole of Asia Minor.

The city's acropolis rivaled Athens, Greece and its library was the second largest in the ancient world. Its collection was so great that the Roman general Marc Antony presented it as a wedding gift to Cleopatra.

Today, all that's left there is the foundation; the Altar of Zeus was taken more than a thousand miles away to Germany.

The KJV translates Strong's G2362 in the following manner: **throne (54x), seat (7x).**

### Outline of Biblical Usage

1. a throne seat
2. The Pergamon Altar was a monumental construction built during the reign of the Ancient Greek King Eumenes II in the first half of the 2nd century BC on one of the terraces of the acropolis of Pergamon in Asia Minor (modern-day Turkey).
3. The structure was approximately 116' wide 109' deep & the front stairway alone was almost 65' wide. The base was decorated with a frieze in high relief showing the battle between the Giants and the Olympian gods known as the Gigantomachy...
4. In 1878, the German engineer Carl Humann started official excavations on the acropolis of Pergamon, an effort that lasted until 1886. The relief panels from the Pergamon Altar were subsequently transferred to Berlin, where they were placed on display in the Pergamon Museum.

Tucker Carlson is not an “Everyman”. He is an elite insider. Always has been. His father was politically connected, was a Director of the Voice of America and President of Corporation for Public Broadcasting and was appointed by GHWB as the ambassador to the Seychelles. His media connections smell of Project Mockingbird/Intel, and his appointment by HW doesn't hurt that.

His step mother was heiress to the Swanson fortune.

Tucker himself admitted that he shared a backyard with Susan Rice. So he lives in a very well-connected, well secured area of DC, with political insiders of the ruling class.

Tucker is a millionaire with family money. He, like Anderson Cooper, doesn't need the money to deliver propaganda. But he does it anyway.

A staggering 1,500 animals died between 2017 and 2020 during testing for Elon Musk's controversial brain chip Neuralink, documents released by the University of California, Davis reveal – and some met horrific ends

Documents released from the University of California, Davis in the [US](#) – which partnered with the company from 2017 to 2020 to carry out testing – showed monkeys had their skulls drilled into and filled with "Bioglue" after operations. It comes after Musk announced a human had received the chip for the first time. Surgeons would drill into [monkeys'](#) heads and attach implants to their brains but they didn't fit properly and would protrude from the animals' skulls. Death reports obtained by the Physicians Committee for Responsible Medicine and seen by the Daily Star also showed animals had their limbs amputated or suffered repeated vomiting or diarrhea.

Sheep and pigs were also killed during the testing. In total, at least 1,500 animals were killed during these tests alone. The Physicians Committee for Responsible Medicine said the animals went through "extreme suffering" and Neuralink showed a "systematic disregard" for their lives.

The [average annual carbon footprint](#) for a person in the US is 16 tons – one of the highest rates in the world. In the UK this figure sits at 11.7 tons, still more than five times the figure recommended by the [Paris Agreement](#) ... the average global carbon footprint [needs to drop](#) to under two tons by 2050. This figure equates to around [two roundtrip flights](#) between London and New York.

**Australia Plots Digital ID Launch For This Year--Australia has become the latest country to delve head-first into the first goal of The Great Reset, which is to digitize its citizens!**

When digitized identities get matched with central bank digital currencies, it's game over for freedom of thought, movement, etc. All human behavior will be monitored, assessed and scored 24/7.

**[Australia Becomes Latest Country to Launch Digital ID System](#)**

By [Leo Hohmann](#)--**The Australian government recently announced it has set 1 July as the tentative rollout date for its nationwide digital ID. The exact date will depend on the timing of its legislation which is due to be adopted by the federal parliament.**

The UK has made similar plans, which were made public last year in a document titled '[Enabling the Use of Digital Identities in the UK](#)'.

Ethiopia, Nigeria, China, the European Union and a host of other countries are in the process of digitising their citizenry.

I [reported last year](#) that in the US, Senators Kyrsten Sinema of Arizona and Cynthia Lummis of Wyoming have introduced Senate Bill 884, which would offer digital identities for all Americans, but thus far the bill has not been advanced through Congress. They are likely waiting for the opportune time, probably after some major cyber-disruptive event like that which was predicted in the Obama-produced movie '[Leave the World Behind](#)'.

I have also [recently reported](#) how Americans are being conditioned at US airports to having their faces scanned, which is part and parcel to having a *de facto* digital ID.

As stated by an official spokesperson, **the legislative step will set in motion the enlargement of the Australian Government Digital ID System to encompass state, territory and private sector organizations opting to participate.**

An individual user will have the capability to create a multipoint image on a device, to be validated against their passport photo or eventually, their driver's license. Digital IDs often involve the collection and storage of personal data, including biometric information such as fingerprints or facial recognition data. This concentration of sensitive data can be a tempting target for hackers and

cybercriminals. A successful breach could lead to identity theft, fraud, or even blackmail. Moreover, there is the risk of unauthorized surveillance and tracking. Governments or other entities could potentially misuse digital ID systems to monitor individuals without their consent, infringing on personal freedoms and privacy.

This is part of the global digital reset that is coming to all nations. They will sell it by saying it's for your safety and security. Part A of the globalists' plan is for people to accept a biometric digital ID, and Part B will be to get them to accept a central bank digital currency linked to their digital ID. At this point, cash is eliminated, along with all privacy, and the full infrastructure for a one-world beast system will be in place. In other words, there will be no turning back at this point, meaning it's time to exit the system completely or become its slave. You will have a choice.

If they require you to digitize your identity and use a digitized form of fake money in order to buy or sell, then your God-given free will has at this point been hijacked. It no longer exists under your control. You've forfeited your own free will to a demonic Tower of Babel system. Everything that is digital is virtual, not something tangible you hold in your hand like a coin, a card, or even paper money. It can be programmed, meaning it can be turned on or off at the whim of an AI-driven social credit system built upon demonic algorithms. You step out of line, perhaps refuse to stay up to date on your shots, and your money gets turned off. You criticize the government-corporate narrative online, and your money gets turned off. You buy more meat or gasoline than you have been allotted by the system, and your money gets turned off. No more buying and selling for you. If that's not a beast system, I don't know what is.
