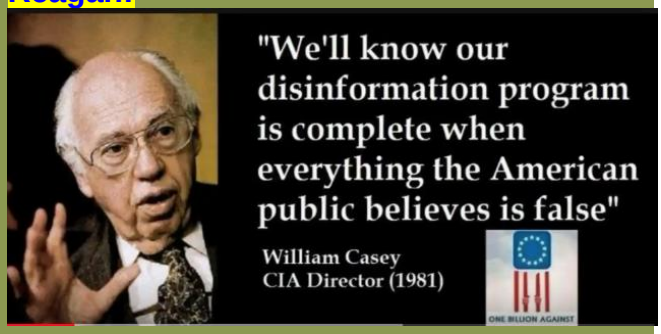
++ In 1981 William Casey (CIA Director) Told the Newly Elected President Ronald Reagan:



Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather reprove them. But all things that are reproved are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light. See then that ye walk circumspectly, not as fools, but as wise, Redeeming the time, because the days are evil."

The 1828 Noah Webster Dictionary defines: "Reprove": To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt."Circumspectly": Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

Matthew 24:24: "...if it were possible, they shall deceive the very elect."

II Corinthians 2:11: "Lest Satan should get an advantage of us: for we are not ignorant of his devices."

II Chronicles 7:14: "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

Luke 21:36 Watch ye therefore, and pray always, that ye may be accounted worthy to escape all these things that shall come to pass, and to stand before the Son of man.

Matthew 24:13 But he that shall endure unto the end, the same shall be saved.

Psalm 101:3: I will set no wicked thing before mine eyes: I hate the work of them

that turn aside; it shall not cleave to me.
Psalm 11:5: The LORD trieth the righteous: but the wicked and him that loveth violence his soul hateth.
1 Cor 15:33: Be not deceived: evil communications corrupt good manners.
Lexicon Strong's G3657--Outline of Biblical Usage of the Word: "Communications": companionship, communion

***"The average age of the world's great civilizations has been two hundred years. These nations have progressed through the following sequence: from bondage to spiritual faith, from spiritual faith to great courage, from courage to liberty, from liberty to abundance, from abundance to selfishness, from selfishness to complacency from complacency to apathy, from apathy to dependency, from dependency back to bondage."* Alexander Fraser Tytler**

+1+ PRAYER TO NEUTRALIZE OCCULT RITUALS
Father God in the name of the Lord Jesus Christ, the Lamb that was slain before the foundation of the earth, seated at the right hand of the Father; we come in the authority given to us in Christ Jesus. We place a hedge of warring angels with flaming swords of fire around us and our families continuously. We put on the whole armor of God. We resist and renounce Satan, the god of this earth. We rise to war by the power of the Holy Spirit against witchcraft, occult maneuvers and devices sent against Your Will and the Body of Christ. We ask you to dispatch legions of warring angels in full battle array to enforce our petitions and intercessory prayers. Rout your enemies on all fronts O' Lord.. Turn their hatred, anger, accusations, conflict, arrogance and wicked schemes upon themselves so that they become caught in their own snares and fall into the pits that they intended for others. We nullify, cancel and oppose every satanic operation, scheme, maneuver and strategy. Cause secret plans, agendas and motivation of the enemy to be revealed for everyone to see. We decree and declare that what these evil people & entities meant for wickedness, you will turn it around and use it for the good of your people. We close every evil portal that has been opened by them. In the name of the Lord Jesus Christ and His shed blood, we break and cancel every curse, spell, hex, vex, charm, enchantment, decree spoken or unspoken, sent against the Body of Christ, the innocent and your intercessors by every witch, warlock, satanist, sorcerer, voodoo priest, shaman, soothsayer, medium, bruja, brujo, coven and every minion of the devil working iniquity. May they fall into the very pits they have dug for others. Lord Jesus, reveal your love to them. Save those that can be saved. Show them the truth about who they are serving, and their eternal destination if they continue in their present path. Open their minds, eyes and ears to receive supernatural insight and knowledge to understand the truth of the Gospel. Bring them to salvation. We seal this prayer by the Blood of the Lamb and in the name of the LORD Jesus Christ. Amen.

We are Hope Mill Inc and we are helping rescue, donate, and make supply drops in the WNC areas that have been impacted by hurricane Helene. We are based out of the greater Charlotte NC area, and have ran further operations out of the Hickory regional airport. Sunday 9/29 we have ran over 400 operations of getting supplies to people, extracting people, as well as other efforts that have been needed. Anything you are able to donate is greatly appreciated. So far today we have been able to get so many supplies to several communities in the WNC area and plan on continuing to get all of our efforts out there.

The Defense Department, with the stroke of a pen, has quietly codified its right to deploy lethal force against its own citizens--This is not a drill—the reissue of Directive 5240.01 is a declaration of intent--THERE GOES POSSE COMITATUS!

DoD Directive 5240.01

DoD Intelligence and Intelligence-Related Activities and Defense Intelligence Component Assistance to Law Enforcement Agencies and Other Civil Authorities

Originating Component:	Office of the Under Secretary of Defense for Intelligence and Security
Effective:	September 27, 2024
Releasability:	Cleared for public release. Available on the Directives Division Website at https://www.esd.whs.mil/DD/.
Reissues and Cancels:	DoD Directive 5240.01, "DoD Intelligence Activities," August 27, 2007, as amended
Incorporates and Cancels:	DoD 5240.1-R, "Procedures Governing the Activities of DoD Intelligence Components that Affect United States Persons," December 7, 1982, as amended
Approved by:	Kathleen H. Hicks, Deputy Secretary of Defense

Purpose: This issuance:

- Implements Executive Orders (E.O.s) 12333 and 13388, and Title 50, United States Code (U.S.C.).
- Establishes policy and provides direction for DoD intelligence and intelligence-related activities.
- Assigns responsibilities and provides guidelines for Defense Intelligence Component intelligence assistance to law enforcement agencies and other civil authorities.

3.3. LEVELS OF AUTHORITY.

Subject to Paragraph 3.1., Defense Intelligence Components may provide personnel to assist a Federal department or agency, including a Federal law enforcement agency, or a State or local law enforcement agency when lives are in danger, in response to a request for such assistance, in accordance with the following approval authorities:

a. Secretary of Defense Approval.

(1) The Secretary of Defense may approve any type of requested permissible assistance described in Paragraph 3.2.

(2) The decision to approve requests for these types of permissible assistance described in Paragraph 3.2. to law enforcement agencies and other civil authorities are reserved to the Secretary of Defense:

(a) Provision of personnel to support response efforts for civil disturbances, which may also require Presidential authorization.

(b) DoD response to chemical, biological, radiological, nuclear, and high-yield explosive incidents.

(c) Assistance in responding with assets with potential for lethality, or any situation in which it is reasonably foreseeable that providing the requested assistance may involve the use of force that is likely to result in lethal force, including death or serious bodily injury. It also includes all support to civilian law enforcement officials in situations where a confrontation between civilian law enforcement and civilian individuals or groups is reasonably anticipated. Such use of force must be in accordance with DoDD 5210.56, potentially as further restricted based on the specifics of the requested support.

(d) Provision or use of DoD unmanned systems in the United States except as delegated by the Secretary of Defense pursuant to the October 31, 2023 Secretary of Defense Memorandum.

b. USD(I&S) Approval.

For matters not reserved to the Secretary of Defense in Paragraph 3.3.a.(2), the decision to approve requests for the types of permissible assistance described in Paragraph 3.2. to law enforcement agencies and other civil authorities is reserved to the USD(I&S). Coordination with the Under Secretary of Defense for Policy is required if:

(1) The number of requested personnel exceeds 20 people.

(2) The duration of the requested assistance exceeds 30 days.

The Defense Department, with the stroke of a pen, has quietly codified its right to deploy lethal force against its own citizens. This is not a drill—the reissue of Directive 5240.01 is a declaration of intent. The military, an entity designed for external enemies, now turns its gaze inward, poised to act with deadly precision when the inevitable clash of wills erupts. This is design. They anticipate conflict, and in their anticipation, they prepare the battlefield—our streets, our homes, our lives. And they will strike with the full force of a war machine built to crush foreign adversaries but now aligned to dismantle internal dissent. The facade of representative government crumbles as the state arms itself, not just with weapons, but with the legal and bureaucratic tools to enact violence upon legal law-abiding Americans under the guise of this "order". What was once unthinkable is now written, approved, and ready to be executed. This is not preparation for defense; this is preparation for domination. Be warned: when the state moves in silence, it is because it expects resistance. Martial law was always the goal.

DoD shreds all remaining constitutional protections from Posse Comitatus Act in

anticipation of post-election Civil War 2.0

The Posse Comitatus Act bars federal troops from participating in civilian law enforcement except when expressly authorized by law. This 143-year-old law embodies an American tradition that sees military interference in civilian affairs as a threat to both democracy and personal liberty. However, recent events have revealed dangerous gaps in the law's coverage that Congress must address.

In anticipation of rioting or even a second civil war following the upcoming election, the Department of Defense (DoD) is preliminarily gutting the Posse Comitatus Act of 1878 to allow for the U.S. military to impose *martial law*, on American soil.

As it was written, Posse Comitatus does not allow for any constitutional exceptions. The U.S. military is not supposed to be involved with law enforcement activities in any capacity whatsoever, and yet the Congress-passed bill has been so watered down over the past 50 years or so, that armed soldiers could soon become commonplace on the streets of America.

(Related: Did you know that the U.S. Army is already violating Posse Comitatus by manning illegal alien "migrant" hotels in New York City?)

julilang97: *We can't let them stay. I was a teacher in California for twenty years, so I can tell you on professional authority that these illegals have no right to be educated by taxpayers. Our compulsory education system is required for children who are U.S. citizens! The taxpayers cover the cost of each student per day. ADA (Average Daily Attendance) funds are granted to schools based on enrollment AND attendance. For years, I witnessed illegal alien students overwhelmingly and overcrowding our system because California will collect those ADA funds from taxpayers. It is completely illegal and unconstitutional. They want the billions of dollars this kind of criminal behavior generates. It will perpetuate the failure of the public school system. Students must be citizens, period. That's why I retired early. The lawlessness and money grubbing of those in key positions has to be stopped.*

To protect yourself from potential dangers associated with IoT devices, consider the following steps:
1 Regularly update device firmware: Keep your IoT devices updated with the latest security patches and firmware updates provided by the manufacturer.**
2 Change default credentials: Modify the default usernames and passwords to something more secure to prevent unauthorized access.**
3 Use a separate network: Isolate your IoT devices on a separate network from your main personal or business network to limit potential damage in case of a breach.**
4 Implement strong network security: Employ robust encryption methods, use firewalls, and regularly monitor network activity to detect and prevent unauthorized access. #cybersecurity #data #iot #dataprotection**
