US Adults Identifying as LGBTQIAAP2S+ is at an All-Time High--Here's Why Plus Bible Verses

(LifeSiteNews) — According to Gallup's latest poll, the percentage of American adults identifying on the LGBT spectrum has risen once again — to a full 9.3% after decades of data putting LGBT self-identification at less than 4%.

Romans 1:26-28: For this cause God gave them up unto vile affections: for even their women did change the natural use into that which is against nature: And likewise also the men, leaving the natural use of the woman, burned in their lust one toward another; men with men working that which is unseemly, and receiving in themselves that recompence of their error which was meet. And even as they did not like to retain God in their knowledge, God gave them over to a reprobate mind, to do those things which are not convenient...Romans 1:32: "Who knowing the judgment of God, that they which commit such things are worthy of death, not only do the same, but have pleasure in them that do them.

[Isa 3:9](#) The shew of their countenance doth witness against them; and they declare their sin as Sodom, they hide *it* not. Woe unto their soul! for they have rewarded evil unto themselves.

[Gen 13:13](#) But the men of Sodom were wicked and sinners before the LORD exceedingly.

[Gen 18:20](#) And the LORD said, Because the cry of Sodom and Gomorrah is great, and because their sin is very grievous...

From Gallup:

This represents an increase of more than a percentage point versus [the prior estimate, from 2023](#). Longer term, the figure has nearly doubled since 2020 and is up from 3.5% in 2012, when Gallup first measured it. LGBTQ+ identification is increasing as younger generations of Americans enter adulthood and are much more likely than older generations to say they are something other than heterosexual. More than one in five Gen Z adults — those born between 1997 and 2006, who were between the ages of 18 and 27 in 2024 — identify as LGBTQ+. Each older generation of adults, from millennials to the Silent Generation, has successively lower rates of identification, down to 1.8% among the oldest Americans, those born before 1946.

The [survey](#) is a broad one and cannot be easily dismissed. A closer look at the data, however, reveals some interesting facts. Over half of those identifying as “LGBT” — 56% — claim to be bisexual. As homosexual activist Andrew Sullivan has noted, the [number of those identifying as gay and lesbian has remained relatively stable while the other identifications have skyrocketed](#). Why? Because identifying on the LGBT spectrum has become popular as a sign of status, and many straight kids have taken advantage of the multiplying number of identities available to them and decided to put themselves on the spectrum. In one essay, Sullivan noted that the overwhelming majority of those identifying as “bisexual” or “other” were, in fact, only in relationships with the opposite sex. Many people identify with the label, but not the lifestyle.

Here I will add a significant proviso: The pandemic of porn addiction that has impacted every age, ethnicity, sex, and class over the past two decades in particular has *absolutely* transformed our sexual economy in significant ways. Young people are being exposed to pornography and wiring their libidos to pornographic images of both sexes, and most are inevitably exposed to explicitly LGBT-themed pornography, creating curiosity, lowering inhibitions, and perverting our collective view of sex.

Americans warned: 'You could be arrested as soon as you step foot' in the UK for your social media posts back home! Now, the American Center for Law and Justice is warning about travel to the United Kingdom.

There long have been legitimate concerns when Americans travel to restrictive nations – those that don't accept the multitude of rights Americans enjoy – such as North Korea. Or China. Or even Islamic regimes like Iran, or Saudi Arabia.

Now, the American Center for Law and Justice is warning about travel to the United Kingdom.

The legal organization has posted online an analysis of the threat the UK's ideological leftism now poses.

"The UK has declared that it will charge and prosecute Americans for their social media posts, written while still in America, if they travel to its borders. The ACLJ has prepared a legal memo detailing the specific laws at play and the danger for Americans. Specifically, it details how your speech on the internet could violate

the UK's broad 'hate speech' laws and how you could be arrested as soon as you step foot in the UK for your posts back home," the ACLJ reports.

"If an American speaks in the United States in a way that UK officials construe as affecting their national interest or even producing substantial effects within the country, even if it's just a statement about your Christian faith or your political stance, then you could be arrested upon entry to the UK," it warned.

"UK officials have boasted how proud they are of this initiative: The UK's Metropolitan Police Commissioner, Sir Mark Rowley, said in a press conference, 'We will throw the full force of the law at people. . . . And whether you're in this country committing crimes on the streets or committing crimes from further afield online, we will come after you,'" the ACLJ warning noted.

Adding to the threat was Prime Minister Keir Starmer, "I guarantee you will regret taking part in this disorder whether directly or those whipping up this action online."

The ACLJ warned it "clearly" is conservatives who are being targeted.

And, forebodingly, what qualifies as illegal speech actually is "at the whim of the police and officials, as the laws themselves are too vague to define specific violations."

For example, one law criminalizes "threatening, abusive or insulting words" and another targets "grossly offensive" messaging.

Be further warned, travelers are told, that European courts regularly affirm the validity of such directed attacks on conservatives and their speech.

And going into the "absurd," the ACLJ warns, some UK leaders actually have wanted to extradite individuals from the U.S. whose language they insist be suppressed.

Bible Verses On Corrupt Governments

Psa 94:20 Shall the throne of iniquity have fellowship with thee, which frameth mischief by a law?

Comment: The KJV also translates the root word for "Frameth" as: fashion, form, & make & also translates the root word of "Mischief" in the following manner: iniquity, misery, painful, perverseness, sorrow, toil, travail, trouble, wearisome & wickedness

Psa 94:21 They gather themselves together against the soul of the righteous, and condemn the innocent blood.

Psa 94:22 But the LORD is my defence; and my God is the rock of my refuge.

Psa 94:23 And he shall bring upon them their own iniquity, and shall cut them off in their own wickedness; yea, the LORD our God shall cut them off.

Ecc 8:11 Because sentence against an evil work is not executed speedily, therefore the heart of the sons of men is fully set in them to do evil.

Pro 29:4 The king by judgment establisheth the land: but he that receiveth gifts overthroweth it.

Ecclesiastes 5:8 If thou seest the oppression of the poor, and violent perverting of judgment and justice in a province, marvel not at the matter: for he that is higher than the highest regardeth; and there be higher than they.

Proverbs 29:2 When the righteous are in authority, the people rejoice: but when the wicked beareth rule, the people mourn.

Gen 6:11 The earth also was corrupt before God, and the earth was filled with violence.

See Scott Johnson's Teaching:

[Romans 13 & Unlimited Subservience to the Government: Where should a Bible Believing Christian Draw the Line?](#)

Do Christians who use Romans 13 to teach that we should not oppose government or any other political leader, really believe that civil magistrates have unlimited authority to do anything they want without opposition? For example, what if our President decided to resurrect the old monarchical custom of Jus Primae Noctis (Law of First Night)? That was the old medieval custom when the king claimed the right to sleep with a subject's bride on the first night of their marriage. Would our sincere Christian brethren sheepishly say, 'Romans Chapter 13 says we must submit to the government'? I think not. And would any of us respect any man who would submit to such a law? So, there are limits to authority. All human authority is limited in nature. No man has unlimited authority over the lives of other men. (Lordship and Sovereignty is the exclusive domain of Jesus Christ.) Did John the Baptist violate God's principle of submission to authority when he publicly scolded King Herod for his infidelity? Did Simon Peter and the other Apostles violate God's principle of submission to authority when they refused to stop preaching on the streets of Jerusalem? Act 5:29: "Then Peter

and the other apostles answered and said, **We ought to obey God rather than men.**" So, even the great prophets, apostles, and writers of the Bible (including the writer of Romans Chapter 13) understood that human authority—even civil authority—is limited.

[Medix4Life](#)--At Medix our main focus is to bring health and wellness to the world with our **revolutionary plant based nano technology using regulatory peptides to assist the body in re-establishing cellular communication and** activating adult stem cells, **which control the repair mechanism of the body**. ProtoMedix uses proprietary nanotechnology applications that work at the molecular level. The active ingredients are delivered in ultra low dosages (ULD), so there are **no side effects or allergic reactions**. Although the active ingredients are nano in size, they are super powerful at manipulating the correct atoms at the very smallest levels of life. Regulatory Protein-based Nanoparticles and Nanotechnology targets the gland, organ or tissue creating cellular communication for optimum glandular function. The damaged cells/tissues are replaced and removed from the body.

Most of today's commercial applications deliver large doses of chemicals to bad cells in the hopes they will drown the problem. We provide nanotechnology applications that:

- **Repair cellular communications at the molecular level.**

- Work at the building block level of life.
- Are powerful, but harmless ingredients delivered in ultra-low dosages (ULD).
- Have no side effects or allergic reactions.
- Activate the repair mechanism of the body so it can repair itself.
- Is changing the world's health industry with proprietary nanotechnology. Unlike most products designed to just make you FEEL better, our formulations don't just treat the symptoms, **they allow your body to regulate and address the cause...SO YOU CAN GET BETTER!**

Dosing: 1-20 drops a day empty stomach. Mix in 2 oz of purified water and take away from food or supplements. **Hold each dose in the mouth for at least one 20 seconds, swish and swallow.** Can take up to 4 products at a time **but take them at least 5-10 minutes (20 minutes is ideal) apart for best results- do not combine them together.** We recommend that you start with 5 to 7 drops and increase a few drops daily to the full dose of 20 drops per day. Can start at full dosage. **For optimal results wait for 30 minutes before consuming food or other products.** Keep bottles at room temperature. **It is highly recommended to give each product at least 3 months to work as it takes time for adult stem cells to activate and rejuvenate.** ++For children under 100lbs use ½ dose and can also be used on animals.

These products contain regulatory peptides obtained from natural sources using Nanotechnology which reestablishes cellular communication and activates adult stem cells. These preparations are nontoxic and do not have allergic responses in long term applications. These are not intended to diagnose, treat, cure or prevent any disease, only to support the body's natural processes. These statements have not been evaluated by the FDA.

Some of the arm/shoulder pain is still there but not as intense. The wrist and hands pain is pretty much gone so far. I have been able to play tennis by myself against a wall without added pain. Therefore, want to keep on it and see if I get more improvement. Thank you!**

I have seen miraculous results from LGI and CNT. If possible, I would like to order two more of each. My Changes: My stomach**

bloating has decreased dramatically after I hit the two month mark of use. (I ran out though.) I have a lot more energy, I have lost excess weight, and the whites of my eyes are bright and white like they used to be. People comment on the brightness of my eyes. The changes motivated me to drastically reduce sugar and processed foods. I told my family to let me know one area they need improvement and I will order for them. This stuff WORKS!! Thank you for blessing so many of us. I know you are very busy and hope you have the capacity to ship.

The big pharma measles scam exposed--media hysteria over measles: "It's All a Hoax"

Mike Adams begins by questioning the authenticity of the reported measles death. He asserts that the child, who died in a hospital, was not a victim of the disease. "The child apparently died with measles, not from it," Adams states. He suggests that the diagnosis might have been manipulated using a PCR test, a technique he views with skepticism. "They just took a child that was dying from something else, and they faked a PCR test and said, look, it's measles," he claims. The New York Times and other media outlets have been quick to sensationalize the story, he argues, aiming to create a moral panic and push for more vaccinations.

Dr. Syed Haider: 
@DrSyedHaider

Child that died in Texas apparently had pneumonia and RSV and word is they vaccinated while sick for measles, which isn't supposed to be done. Then child died and was called a measles death. Par for the course. Post vax will shed live measles virus from the shot and tests can easily misinterpret that as a wild type measles infection. Throughout the history of vaccine misinformation in this country one thing remains the same: relabeling other illnesses as the disease for which vaccine hysteria is being whipped up.

Adams is a vocal advocate for natural and vitamin-based treatments over vaccines. He emphasizes the importance of vitamin A and C in treating and preventing measles. "Vitamin A deficiency is just called measles. It causes cell damage that then is just called measles," he explains. Adams argues that if children were given the necessary vitamins and minerals, "you would have virtually no outbreaks whatsoever." He criticizes the medical establishment for ignoring these natural remedies and focusing instead on vaccine mandates that, in his view, cause more harm than good.

Adams also highlights the broader context of the vaccine debate, linking it to a larger agenda of control and depopulation. He discusses the globalist agenda, where entities like the UN and WHO are increasingly gaining power. "The pharmaceutical industry has taken over institutions like the National Institute of Mental Health, and figures like

Anthony Fauci have sold out to corporate interests," he adds, suggesting a deeper, more insidious motive behind the push for vaccines.

In conclusion, Adams calls for a more informed and critical approach to health narratives. "There is no giant measles emergency in America, and there's no

problem with so-called anti-vaxxers. It's all a lie," he emphasizes. He urges his listeners to question official narratives and to support independent researchers and whistleblowers who are challenging the status quo.

Trump To Usher In The 'Golden Age Of Vaccines' With Project Stargate, With The Aid Of Larry Ellison's Oracle To Track Recipients With 'Precision Accuracy'--This is the promise of AI and the promise of the future where HUMAN EXTINCTION IS END GOAL

On January 21st, the day after President Trump was inaugurated, announced the massive \$500 billion Project Stargate to create AI infrastructure and datacenters in an attempt to keep pace with the likes of China and other countries who are investing heavily in AI. When he announced the initiative - a joint venture created by by OpenAI, SoftBank, Oracle, and investment firm MGX - Trump said "I'm going to help a lot through emergency declarations," he said. "Because we have an emergency and we need a lot of help. We need energy generation and they will build their own."

He claimed Stargate will build the infrastructure to power the "next generation of AI and this will include data centers. Massive facilities...These are big beautiful buildings." "This is to me a very big deal. It could lead to something that could be the biggest of all."

During the announcement, Oracle CTO Larry Ellison, the fourth richest man in the world, remarked that this investment would lead to the creation of mRNA cancer vaccines that could be created in a matter of days, tailored to the individual and to the cancer. Ellison explained,

"You can do early cancer detection with a blood test. And using AI to look at the blood test, you can find the cancers that are actually seriously threatening the person. Then beyond that, once we gene-sequence that cancerous tumor, you can then vaccinate the person, and design a vaccine for every individual person to vaccinate them against that cancer, and you can make that mRNA vaccine. You can make that robotically using AI in about 48 hours. You can have that vaccine available in about 48 hours. This is the promise of AI and the promise of the future."

Following Ellison's remarks, biotech titan Moderna's stock [rose 7.3%](#) the following day. Moderna is currently trialing its cancer vaccine in combination with Merck's Keytruda; and Germany's BioNTech - which partnered with Pfizer to produce their Covid-19 vaccine - is also developing a cancer vaccine.

Last year, [The WinePress highlighted](#) an article published by *Barron's* that forecast the arrival of new cutting-edge vaccines, including cancer mRNA vaccines as described by Ellison, foreshadowing what was to come.

The lengthy report, published in September, was titled, "[A Golden Age of Vaccines Is Here. What It Means for You.](#)"

The following are excerpts from that article:

Roll up your sleeves. Effective new vaccines have hit the market for everything from pneumonia to shingles to RSV to, of course, Covid-19. And that's just the beginning.

There were 258 vaccines in development as of 2020, according to a report from trade group Pharmaceutical Research and Manufacturers of America, or PhRMA. Pharmaceutical companies are currently developing everything from personalized cancer vaccines that could cost tens of thousands per patient to vaccines that prevent developing-world diseases like malaria or tuberculosis. Improved flu, pneumonia, and meningitis vaccines will also be available in your neighborhood pharmacy.

Scientists are testing vaccines to prevent a virus believed to cause multiple sclerosis in some people. Someday, vaccines could routinely treat acne, protect against peanut allergies, and even prevent heart disease or help treat Alzheimer's disease.

"One of the most powerful things in human health is the immune system," says Moderna President Stephen Hoge, himself a physician. "We now understand cancer as a disease that emerges later in life principally, not because of mutations but because the immune system gets less effective in controlling it."

Ellison's ambition to help and create new mRNA cancer vaccines may also come from the fact that this company was directly involved in the first wave of mRNA vaccines introduced in 2020 by Trump's Operation Warp Speed (OWS), which involved collaboration with a large number of federal departments.

Unbeknownst to most Americans and long since forgotten about, however, in 2020 Oracle and Google were contracted by OWS to track vaccine recipients with "precision accuracy." Though there is very little government documentation that officially proves these contracts existed,

Moncef Slaoui, the official head of Operation Warp Speed at the time, revealed more than once that Oracle and Google were tasked with tracking vaccine recipients for up to two years.

Citing a report by Whitney Webb via [The Last American Vagabond](#), Webb noted this cryptic contract with the government. [See link at the top for the full write up](#)
AUTHOR COMMENTARY

In late-2020 on winepressnews.com I highlighted Webb's report as this damning information proves that the government, in-collaboration, was and is FULLY aware of the damage and deaths that those Covid "vaccines" have caused and are still causing to this present hour.

But after two solid years and then some of data collection and stalking with "precision accuracy," it is very evident to my eyes that after this data was collected it was then sold and provided to vaccine manufacturers and biotech firms so they could "fine tune" their transhuman, DNA-altering clot shots.

So, when Trump and Musk muse about America entering into a “golden age,” they weren’t kidding: they just didn’t read you the fine print containing the terms and conditions.

And with the now daily propoganda and fear-mongering about a bird flu plandemic just around the corner, you can expect new mRNA bird flu vaccines to be promoted and given to the masses and injected into livestock, thus poisoning and murdering most commercial and small farms and operations, leading to exponentially more deaths and food shortages.

Let us not forget that the U.S. has been throwing out hundreds of billions to biotech firms such as Moderna to produce mRNA bird flu vaccines; The

WinePress reported [last year in July](#), and then [last month](#) in the final days of the Biden administration.

[Bill Gates Had ‘Quite Intriguing’ Dinner With Trump Discussing Vaccines, As Pfizer CEO Cozies Up To Trump And Has Built ‘Good Relation’ With RFK Jr.](#)

And if recipients were tracked before, you can bet that they will be tracked even more so than last time.

It's a revolving door. Presidents and administrations come and go, but the policies, the ambitions, the corruption, the greed, the murder never changes.

Now you know what this “golden age” is all about, though this is just a piece of the puzzle. *Tired of winning yet?*

Psalm 35:20 For they speak not peace: but they devise deceitful matters against *them that are quiet in the land.*

Psalm 43:1 Judge me, O God, and plead my cause against an ungodly nation: O deliver me from the deceitful and unjust man.

[Another scam exposed: American Chicken Farmer says birds are NOT dying from 'bird flu' like we're being told Just like with Covid, they're counting all deaths as bird flu.'Every time a bird dies, they say bird flu.They're BS'ing you'](#)

“I’m a chicken farmer... [pic.twitter.com/8b9rRa5XVd](#)

— Wall Street Apes (@WallStreetApes) [February 23, 2025](#)

“I’m a chicken farmer and they are BSing you about the reasons why your eggs are so expensive.” “They say the same s*** every year. I know it ’cause I’m a chicken farmer. I see the same alerts — When you look at these large facilities, a lot of these birds aren’t dying of bird flu. They are dying of neglect.” “They don’t give the vegan vitamins, oregano, all the supplements they are supposed to be getting — In these mega facilities and these birds are dying of disease and neglect and every time a bird dies, they say *it died because of bird flu*. I’m telling you, they’re BSing you.” This would be why in the Mexico video I shared; Mexico was not being impacted by the bird flu... it’s just another lie

- So now bird flu is the new fear campaign—just like COVID, just like every other crisis they manufacture to squeeze more money out of us. A chicken farmer is saying they're lying about why eggs are expensive. Birds aren't dying from some mass outbreak—they're dying from neglect in mega facilities, but every death gets slapped with a "bird flu" label to justify skyrocketing prices. How much of what we're told is another manufactured crisis to control supply, hike prices, and keep us dependent?
- I 100% believe this. All other countries doing just fine when it comes to eggs. Speaking of the fear campaign, I talked with my connection in China and she says there is no "pandemic" over there and its just the normal flu and or colds. Get over it in a couple days. All nonsense.
- I live in Mexico. Plenty of eggs available. Never have I heard on the news here or anywhere else that they had to cull a flock.--Josefina Michele
