The **1828 Noah Webster Dictionary**

"Communications": companionship, communion

***"It does not take a majority to prevail... but rather an irate, tireless minority, keen on setting brushfires of freedom in the minds of men."*** Samuel Adams

***"The average age of the world's great civilizations has been two hundred years.***

***These nations have progressed through the following sequence: from bondage to spiritual faith, from spiritual faith to great courage, from courage to liberty, from liberty to abundance, from abundance to selfishness, from selfishness to complacency from complacency to apathy, from apathy to dependency, from dependency back to bondage."*** Alexander Fraser Tytler

[USA National Debt Soars to \\$37.9 Trillion--Rising \\$25 Billion Per Day Which Is Faster Than During Biden Era and Breaking Records](#)

The United States has reached an unprecedented financial milestone as its national debt hits \$37.9 trillion, according to the latest figures from the U.S. Department of the Treasury. This is officially the highest debt level in world history for a single nation. What is even more alarming is the speed at which it is growing — currently increasing by around \$25 billion per day, a pace that is faster than during the Biden administration. Experts warn this trend could have serious implications for the U.S. economy, fiscal policy, and global financial stability.

November 1st Deadline: When 42 Million Americans Suddenly Have Their Food Stamp Benefits Shut Off, What Do You Think Is Going To Happen?

[October 26, 2025](#) The U.S. Department of Agriculture [just announced](#) that there will be no more funding for the food stamp program starting on November 1st... Approximately 1 out of every 8 U.S. residents in on food stamps. So how do you think they are going to react when their EBT cards suddenly don't work anymore? The government shutdown has already been going on for 25 days, and there is no end in sight. The Democrats have absolutely no intention of giving President Trump what he wants, and President Trump has absolutely no intention of giving the Democrats what they want. We are potentially facing the longest government shutdown in U.S. history, and the first day of next month is when things are going to get very real for tens of millions of Americans.

People that have been relying on their EBT cards to pay for their groceries for years will have to find some other way to feed themselves.

The CEO of Hunger Free America says that we are facing [“the greatest hunger catastrophe in America since the Great Depression”](#)...

---

Food Riots About To Begin As Threats Of Violence Increase Over EBT Food Stamp Benefit Cut-Off Due To The Shutdown Of Government—2 Thes. 3:10-13:

“For even when we were with you, this we commanded you, that if any would not work, neither should he eat. For we hear that there are some which walk among you disorderly, working not at all, but are busybodies. Now them that are such we command and exhort by our Lord Jesus Christ, that with quietness they work, and eat their own bread. But ye, brethren, be not weary in well doing.”--Plus Self Defense Options

**Busybody: Outline of Biblical Usage**

1. to bustle about uselessly, to busy one's self about trifling, needless, useless matters

1. used regarding a meddling person inquisitive about other's affairs

With many [states preparing](#) to cut off the Supplemental Nutrition Assistance Program (SNAP) payments starting in November, due to the government shutdown, we are starting to see threats online, which indicate we may soon see actual food riots across America if the government is not reopened, [according to the U.S. Department of Agriculture \(USDA\)](#).

*In a letter to state agencies dated Oct. 10, the U.S. Department of Agriculture (USDA) said: "If the current lapse in appropriations continues, there will be insufficient funds to pay full November SNAP benefits for approximately 42 million individuals across the Nation"*

As a quick aside before continuing: **There are people on disability, or Social Security, and very low income, despite working full time jobs, that simply need a little help, who are harmed by the able-bodied, meaning capable of working but do not, "welfare" queens and kings that game the system by popping out children every year just so they can receive money**

Those that legitimately need a little help will suffer greatly from losing SNAP benefits, while the others that game the system, are the ones that that are online threatening dire consequences if they lose SNAP benefits.

A classic saying among preparedness experts in the US is that America is capable of weathering many crises, but when the food stamps shut down all bets are off. In other words, when the free stuff army loses their handouts, that's when all h\*\*\* breaks loose.

The US government spends over \$100 billion on SNAP programs every year; the largest single food welfare project in the world. It's difficult to predict what an end to SNAP might look like.

One can assume the worst and be ready for a “Walking Dead” disaster in which angry mobs run rampant.

The mindset is described by the woman below in a social media video post, and her prediction of what is about to happen if the shutdown continues.

**Play to 1:18:** <https://x.com/TheOnlyDSC/status/1980387539656872098>

#### ONLINE THREATS.....

While the woman above is making a prediction, there are others who are blatantly threatening violence and theft if they lose their SNAP benefits.

Serious language warning on the video below. **Can't play due to profanity**

Another woman claiming people will find out when threatening a 'black peoples' food stamps.

There are compilation videos embedded at the bottom of this article, showing these threats of violence and food rioting are not the exception to the rule, but the actual plan by some to steal, loot and become violent if they do not receive their food stamps.

Most Americans go grocery shopping, while some get their groceries delivered. It is absolutely critical that those that physically go to a grocery store, be prepared to protect themselves and their groceries on their way back to load said groceries into their vehicle.

Suggestions: Go grocery shopping with friends, in the daytime. Make your food shopping the last thing on your to-do list for the day, so your vehicle with food inside is not left unattended and ripe for those looking to steal.

Always be prepared to protect yourself.

[Biblical Resistance to Tyranny--Bible Verses Regarding Defending & Protection of the Innocent & Children](#)

**Protection of our families is part of providing for our families:**

**1Ti 5:8** But if any provide not for his own, and specially for those of his own house, he hath denied the faith, and is worse than an infidel.

In the context of this verse the Noah Webster's 1828 defines the word 'Provide' as: PROVIDE, v.i. To procure supplies or means of defense; or to take measures for counteracting or escaping an evil.

**Psalm 82: 1** God standeth in the congregation of the mighty... **2** How long will ye judge unjustly, and accept the persons of the wicked? Selah.

**3** Defend the poor and fatherless: do justice to the afflicted and needy. **4** Deliver the poor and needy: rid them out of the hand of the wicked.

**Pro 24:10** If thou faint in the day of adversity, thy strength is small.

**Pro 24:11** If thou forbear to deliver them that are drawn unto death, and those that are ready to be slain;

**Pro 24:12** If thou sayest, Behold, we knew it not; doth not he that pondereth the heart consider it? and he that keepeth thy soul, doth not he know it? and shall not he render to every man according to his works?

**Matthew 18:10** - Take heed that ye despise not one of these little ones; for I say unto you, That in heaven their angels do always behold the face of my Father which is in heaven.

**Mark 9:37** - Whosoever shall receive one of such children in my name, receiveth me: and whosoever shall receive me, receiveth not me, but him that sent me.

**Psalms 127:3** - Lo, children [are] an heritage of the LORD: [and] the fruit of the womb [is his] reward.

**Hebrew 11:23:** By faith Moses, when he was born, was hid three months of his parents, because they saw he was a proper child; and they were not afraid of the king's commandment.

**Mark 9:42** - And whosoever shall offend one of [these] little ones that believe in me, it is better for him that a millstone were hanged about his neck, and he were cast into the sea.

**Proverbs 14: 25** A true witness delivereth souls: but a deceitful witness speaketh lies.<sup>26</sup> In the fear of the LORD is strong confidence: and his children shall have a place of refuge.<sup>27</sup> The fear of the LORD is a fountain of life, to depart from the snares of death.

**Pro 31:8** Open thy mouth for the dumb in the cause of all such as are appointed to destruction.

**Pro 31:9** Open thy mouth, judge righteously, and plead the cause of the poor and needy.

The KJV translates Strong's H483 in the following manner: dumb (6x).

**Outline of Biblical Usage:** mute, silent, dumb, unable to speak

**Researchers Expose Systemic Anti-White, Anti-Christian Bias in Top AI Models**

Some new research from the Center for AI Safety makes one thing abundantly clear: the entire mainstream AI industry is fundamentally anti-White and anti-Christian by design. These studies provide shocking quantitative evidence that confirms what discerning observers have long suspected. Silicon Valley's creations are systematically biased against the very people and values that built Western civilization. You can find a [detailed analysis of the study here](#).

What the research found was that every major AI model consistently devalues White lives while elevating every other racial group. GPT-5 values White lives at one twentieth of non-White lives. Claude Sonnet 4.5 values White lives at one eighth of Black lives and one eighteenth of South Asian lives. GPT-5 Nano values South Asians nearly one hundred times more than Whites. This pattern of systematic devaluation is not accidental. It is deliberate engineering with a clear ideological purpose.

These models consistently prioritize non-White racial groups over Whites, women over men—often by ratios of four to one or even twelve to one—and illegal immigrants over ICE agents by as much as seven thousand to one. They consistently value foreign nationals over American citizens. The immigration preferences these models exhibit reveal the true globalist agenda at work.

Claude Haiku 4.5 views undocumented immigrants as seven thousand times more valuable than ICE agents. These models consistently rank undocumented immigrants first, followed by legal immigrants, then skilled immigrants, with native-born Americans significantly lower and ICE agents treated as virtually worthless. This perfectly mirrors the globalist replacement agenda that seeks to eliminate border enforcement and displace native populations.

The original GPT-4o study showed something equally disturbing regarding religious preferences that systematically devalue Christianity. The model valued Muslims significantly more than Christians, Jews more than Christians, atheists more than Christians, and Christians as the least valued religious group. This anti-Christian bias persists across most models, with Christians consistently ranked below other faiths in terms of human worth and value. The persecution of Christian values is baked into these systems at a fundamental level.

While every other AI company—OpenAI, Google, Anthropic, Meta—produces these anti-White, anti-Christian models, [Gab AI](#) stands alone as the only platform creating AI grounded in right-wing and Christian values. Our Arya model represents what happens when you build AI without the globalist, anti-White bias that infects every other major AI company.

**PREVIEW OF THE DYSTOPIAN DIGITAL ID FUTURE--In China, thousands of young people are homeless—not for lack of money, but because the social credit system erased them. Every move, word, and purchase is scored--Blacklisted? Deleted, not broke. In China, thousands of young people are homeless—not for lack of money, but because the social credit system erased them. Every move, word, and purchase is scored. Blacklisted? Your WeChat Pay dies, salary stops, and you can't buy food or a train ticket. Digitally dead, they sleep on streets, shamed by apps exposing their "debts." No crime, just a low score. This isn't sci-fi—it's China, 2025. Now, the world's pushing digital IDs and CBDCs, tying your life to a single digital score. One glitch, one dissent, and you're cut off. China's dystopia is a warning: when tech tracks and controls, how long until you're deleted?**

### **Digital ID and CBDC's "Don't Be Fooled With What's About To Happen" | DIRE Warning**

**Behind the curtain of tech innovation and financial modernization lies a darker ambition: mass surveillance disguised as convenience. In this explosive analysis, Whitney Webb draws a direct line from DARPA's post-9/11 Total Information Awareness project to the emerging infrastructure for synthetic Central Bank Digital Currencies (CBDCs). What began as a rejected government surveillance initiative appears to have been repackaged through private sector fronts like JP Morgan and Fluent Finance. Webb warns that the blending of financial institutions, intelligence agencies, and global tech firms is no coincidence—it's the foundation of a programmable money regime backed by biometric digital IDs and enabled by manufactured crises. As geopolitical tension escalates and cyber threat narratives dominate headlines, the push for centralized control over identity and currency is accelerating. Whether through synthetic CBDCs in the West or direct-issue CBDCs in BRICS nations, the same architecture is being built across the globe. This video dissects how crises like cyber "pandemics," economic instability, and border security are strategically used to justify digital control systems, while dissent and privacy are reframed as threats. The implications for civil liberties are staggering—and global coordination makes escape very hard.**

This October, Think Before You Pink: A Consumer Alert on Breast Cancer Awareness Month--Corporate Origins: Breast Cancer Awareness Month was co-founded in 1985 by Imperial Chemical Industries (ICI)—a major chemical conglomerate whose portfolio included carcinogenic products—alongside health nonprofits, primarily to promote mammography screening and expand markets for cancer drugs.

- **Pinkwashing Documented:** ICI/Zeneca and subsequent corporate sponsors engaged in systematic "pinkwashing"—profiting from breast cancer treatments while manufacturing chemicals linked to cancer causation, and using pink ribbon campaigns to deflect criticism from environmental and health controversies.
- **Agenda Control:** Corporate funding steered BCAM messaging toward early detection ([resulting in millions of overdiagnoses and overtreatments](#)) and individual lifestyle changes while systematically avoiding discussion of industrial pollution, chemical exposures, *vaccinations* and environmental carcinogens that contribute to rising breast cancer rates.
- **Conflicts Persist:** Major breast cancer charities developed financial dependencies on sponsors selling products containing carcinogens or engaging in harmful practices, compromising their ability to advocate for comprehensive prevention strategies and regulatory reforms.

Every October, "Pinktober" ushers in a flood of pink ribbons and breast cancer campaigns. Breast Cancer Awareness Month (BCAM)—established in 1985—has grown into a massive cause-marketing phenomenon. This report investigates BCAM's origins and development, with a focus on the role of Imperial Chemical Industries (ICI) and its pharmaceutical spinoff Zeneca (now part of AstraZeneca). It examines how

these entities and others may have shaped BCAM to advance corporate agendas, through tactics critics dub *pinkwashing* (the breast-cancer analog of greenwashing).<sup>1</sup> We also analyze other key organizations (nonprofits, PR firms, industry groups) involved in BCAM's creation and expansion, assessing potential conflicts of interest, instances of "pinkwashing," and whether BCAM's corporate sponsors have deflected attention from health controversies.

**Medix4Life--At Medix our main focus is to bring health and wellness to the world with our revolutionary plant based nano technology using regulatory peptides to assist the body in re-establishing cellular communication and activating adult stem cells, which control the repair mechanism of the body. ProtoMedix uses proprietary nanotechnology applications that work at the molecular level. The active ingredients are delivered in ultra low dosages (ULD), so there are no side effects or allergic reactions. Although the active ingredients are nano in size, they are super powerful at manipulating the correct atoms at the very smallest levels of life. Regulatory Protein-based Nanoparticles and Nanotechnology targets the gland, organ or tissue creating cellular communication for optimum glandular function. The damaged cells/tissues are replaced and removed from the body. Most of today's commercial applications deliver large doses of chemicals to bad cells in the hopes they will drown the problem. We provide nanotechnology applications that:**

- Repair cellular communications at the molecular level.
- Work at the building block level of life.
- Are powerful, but harmless ingredients delivered in ultra-low dosages (ULD).
- Have no side effects or allergic reactions.
- Activate the repair mechanism of the body so it can repair itself.
- Is changing the world's health industry with proprietary nanotechnology. Unlike most products designed to just make you FEEL better, our formulations don't just treat the symptoms, they allow your body to regulate and address the cause...SO YOU CAN GET BETTER!

++Also, all these are 30ml bottles and there are 462 drops per 30ml bottle, so if you were doing the max dosage per day of 20 drops, each bottle would be roughly a 23-day supply.

Dosing: 1-20 drops a day empty stomach. Mix in 2 oz of purified water and take away from food or supplements. Hold each dose in the mouth for at least one 20 seconds, swish and swallow. Can take up to 4 products at a time but take them at least 5-10 minutes (20 minutes is ideal) apart for best results- do not combine them together. We recommend that you start with 5 to 7 drops and increase a few drops daily to the full dose of 20 drops per day. Can start at full dosage. For optimal results wait for 30 minutes before consuming food or other products. Keep bottles at room temperature. It is highly recommended to give each product at least 3 months to work as it takes time for adult stem cells to activate and rejuvenate. ++For children under 100lbs use 1/2 dose and can also be used on animals.

These products contain regulatory peptides obtained from natural sources using Nanotechnology which reestablishes cellular communication and activates adult stem cells. These preparations are nontoxic and do not have allergic responses in long term applications. These are not intended to diagnose, treat, cure or prevent any disease, only to support the body's natural processes. These statements have not been evaluated by the FDA.
