"The average age of the world's great civilizations has been two hundred years.

These nations have progressed through the following sequence: from bondage to spiritual faith, from spiritual faith to great courage, from courage to liberty, from liberty to abundance, from abundance to selfishness, from selfishness to complacency from complacency to apathy, from apathy to dependency, from dependency back to bondage." +1+ STRATEGIC WARFARE PRAYER

Father God in heaven, in the name of the Lord Jesus Christ we come against & oppose all satanic operations, manipulations, tactics and plans which are designed to hinder or prevent God's original plans and purposes from their swift manifestation taking place in their correct time and season. (Daniel 7:25) **We come against all satanic alliances and confederations worldwide. Let every evil effort and endeavor fail. Cause the news media to be caught in their own lying and manipulation so that only the truth is brought forth.** (Nehemiah 4:7-8; Esther 3:1-9:32; Job 5:12-14; Psalm 83:5; 2 Chronicles 20:35) 2. We ask that every satanic strategy of prohibition and limitation placed upon the Body of Christ (by the dark side), shall not prevail. **We pray that all invisible and visible walls of opposition and delay will be exposed and destroyed.** (Colossians 1:16; Joshua 6:1) **Oh Lord confound the devices and the wicked plans of the enemy that they have crafted, so that their hands are not able to perform their evil enterprise. Save those that can be saved O' Lord, but those that cannot be saved;** overtake them in their own crafty and devious ways; **let them fall into their own pits that they have dug for the righteous, let the Fire of God devour them, let them turn on and consume one another and have them in total confusion & derision.** (Psalm 35:4; 50:3, 55:9; 70:2; 83:17; John 8:32). **We loose the hosts of heaven to war against the hosts of darkness and bring an end to all deceptive, secretive and destructive measures designed destroy all of God's creation and defile the world. According to 1 John 3:8 for this reason, was the Son of God made manifest, that He would destroy the works of the enemy.** (John 2:15-17; Acts 16:16-19) Father God overrule all strategies and curses of the enemy by the power of Jesus Christ and His shed Blood; & overthrow all spoken words, enchantments, divinations, spells, hexes, vexes, curses, witchcraft prayers and every idle word spoken contrary to God's original plans and purposes according to Isaiah 54:17, & **break the curses** associated with all these ceremonies, rituals, utterances, and destroy their plans to bring about a chaotic bloody revolution in worldwide & to usher in Martial Law and the New World Order. Father God, we pray their plans shall be uncovered and not prevail & shall be frustrated and unable to achieve any impact & that their wickedness and violent verbal dealings would return upon their own heads, according to Psalm 7:16.

FATHER GOD, WE HUMBLY ASK YOU TO: Reveal every hidden agenda and cover-up in the secret shadow government regarding their attempts to manipulate end time events which would lead to the destruction of Your Christians & the innocent. (Isaiah 44:25; 2 Timothy 3:8) **Please send divine, powerful angelic forces against their diabolical plans to expose & destroy them. We dispatch legions of warring angels (and any other kinds of angel's necessary) to enforce Your perfect will on all the earth.** (Joshua 5:13-14; Psalm 103:20-22; Colossians 2:14, 15; Ezekiel 9:9-11) Release your divine strategies and revelations upon any righteous person in government, worldwide. **Fill them with Your Holy Spirit and cause Your divine wisdom & courage to come upon them.** (James 1:5) Cause them to be like a holy trumpet shedding light upon the dark hidden secrets of the wicked. Send a spirit of confusion amongst the camp of the enemy. Let their tongues be divided & when they communicate let it be incoherent and misunderstood. (1 Samuel 10:27) **Arrest those that operate in the spirit of Jezebel or Belial (and all other wicked spirits) and**

cause them to be caught in their own lies and conspiracies. Let them not be able to resist the Spirit of Truth or gain any ground in the natural or spiritual realm. Cause every evil spirit that is released from their diabolical assignments to be cast into the abyss, until which time they then be cast into the lake of fire, **AND THAT NONE WOULD BE ABLE TO COME TO TAKE THEIR PLACE.** (Psalm 110:1; 1 Kings 19:1-5; 21:1-16) Please cause these prayers and all future prayers to take on the characteristics of divine projectiles in the realm of the spirit, so that they will accomplish your divine will. (Psalm 57:4) **WE SEAL THIS PRAYER BY THE BLOOD OF THE LAMB AND ASK ALL THESE THINGS IN THE NAME OF THE LORD JESUS CHRIST, AMEN!**

Current: Iran's Supreme Muslim Leader Ayatollah Ali Khamenei killed at 86

Over time, Khamenei increasingly injected himself into politics. Such was the case in 2009, when he intervened in the presidential election to ensure that his favored candidate, the controversial conservative Mahmoud Ahmadinejad, won office.

Iranians took to the streets to protest what was widely seen as a fraudulent election. Khamenei brutally crushed those demonstrations, triggering both a backlash and more protest movements over the years.

Iran killed thousands of its citizens under Khamenei's rule, including more than 7,000 people killed during weeks of mass protests that started in late December 2025, according to the [Human Rights Activists News Agency](#), a U.S.-based organization that closely tracks rights abuses in Iran.

"Khamenei had always supported and endorsed repressive government crackdown, recognizing that these protests were damaging to the stability and legitimacy of the state," says Sanam Vakil, an Iran expert at Chatham House, a London-based think tank.

When Hamas — the Palestinian Islamist group backed by Iran — attacked Israel on Oct. 7, 2023, killing nearly 1,200 people and kidnapping 251 others, it triggered a cascade of events that ultimately led to Israel's attack on Iran. [Comment](#)

Iran: Khamenei's New Record in Executions and Crimes--The number of executions in Iran in 2023 accounted for about 74% of all documented executions worldwide!

Year 2024: Iran committed least 1,000 executions in 86 prisons, including 34 women, 7 juvenile offenders...

On the first day of 2025, at least 12 prisoners were executed

Mrs. Rajavi: Khamenei resorts to these executions to suppress the people's uprisings that are demanding the regime's overthrow. However, these atrocities only strengthened the determination of Iran's youth to overthrow the religious dictatorship. The regime must be ostracized by the international community, and any dealings with it should be conditioned on halting executions and torture. Its leaders must be held accountable before justice.

In the final phase of his regime, Ali Khamenei is setting new records for crimes and executions to delay his inevitable overthrow. Official records show that the number of executions in 2024 reached 1,000, an unprecedented figure in the past three decades. Considering secret executions, the real number is significantly higher. The executions in 2024 represent nearly a 16% increase compared to the 864 executions recorded in 2023. According to Amnesty International, the number of executions in Iran in 2023 accounted for about 74% of all documented executions worldwide.

Listener Comment: Does the Bible COMMAND Christians to blindly support the nation of ISRAEL??

I have struggled for the last 20 years with this issue...Carefully Read Genesis 12:1-3 promises made to Abraham and (1) seed singular not "seeds" [meaning

ALL his descendants of ISRAEL]...the KEY verification & understanding is clearly stated in Galatians 3:15-16 in Verse 16 as the video states

https://www.youtube.com/shorts/i_kDXVQ0qig

What Does The Bible Say About The Jews (or any other race) Being Better Than Another?

Galatians 3:26-29: "For ye are all the children of God **by faith in Christ Jesus**. For as many of you as have been baptized into Christ have put on Christ. **There is neither Jew nor Greek**, there is neither bond nor free, there is neither male nor female: **for ye are all one in Christ Jesus**.

And if ye be Christ's, **then are ye Abraham's seed**, and heirs according to the promise."

Colossians 3:1,11 "If ye then be risen with Christ, seek those things which are above, where Christ sitteth on the right hand of God...Where there is **neither Greek nor Jew**, circumcision nor uncircumcision, Barbarian, Scythian, bond nor free: but Christ is all, and in all."

Webster's 1828 Dictionary--CONCISION, n. [L., to cut off.] Literally, a cutting off. Hence, **In scripture, the Jews or those who adhered to circumcision, which, after our Saviors death, was no longer a seal of the covenant, but a mere cutting of the flesh.**

Paul said in Philippians 3:2-8: "Beware of dogs, beware of evil workers, **beware of the concision**. **For we are the circumcision**, which worship God in the spirit, and rejoice in Christ Jesus, and **have no confidence in the flesh**. Though I might also have confidence in the flesh. If any other man thinketh that he hath whereof he might trust in the flesh, I more: Circumcised the eighth day, of the stock of Israel, of the tribe of Benjamin, an Hebrew of the Hebrews; as touching the law, a Pharisee; Concerning zeal, persecuting the church; touching the righteousness which is in the law, blameless. **But what things were gain to me, those I counted loss for Christ. Yea doubtless, and I count all things but loss for the excellency of the knowledge of Christ Jesus my Lord: for whom I have suffered the loss of all things, and do count them but dung, that I may win Christ...**"

Romans 11:25-28: "For I would not, brethren, that ye should be ignorant of this mystery, lest ye should be wise in your own conceits; **that blindness in part is happened to Israel, until the fulness of the Gentiles be come in**. And so all Israel shall be saved: as it is written, There shall come out of Sion the Deliverer, and shall turn away ungodliness from Jacob: For this is my covenant unto them, when I shall take away their sins. **As concerning the gospel, they are enemies for your sakes: but as touching the election, they are beloved for the fathers' sakes.**

Is God done with the Jews? No, Not According to the Bible

Regarding nearing the end of the 7 year Tribulation:

Zec 13:1 In that day there shall be a fountain opened to the **house of David and to the inhabitants of Jerusalem** for sin and for uncleanness.

Zec 13:2 And it shall come to pass in that day, saith the LORD of hosts, **that I will cut off the names of the idols out of the land, and they shall no more be**

remembered: and also I will cause the prophets and the unclean spirit to pass out of the land...

[Zec 13:8](#) And it shall come to pass, *that* in all the land, saith the LORD, **two parts therein shall be cut off and die; but the third shall be left therein.**

[Zec 13:9](#) And I will bring the third part through the fire, and will refine them as silver is refined, and will try them as gold is tried: they shall call on my name, and I will hear them: I will say, *It is my people:* and they shall say, The LORD *is my God.*

[Zec 12:1](#) **The burden of the word of the LORD for Israel, saith the LORD,** which stretcheth forth the heavens, and layeth the foundation of the earth, and formeth the spirit of man within him.

[Zec 12:2](#) **Behold, I will make Jerusalem a cup of trembling unto all the people round about, when they shall be in the siege both against Judah and against Jerusalem.**

[Zec 12:3](#) **And in that day will I make Jerusalem a burdensome stone for all people: all that burden themselves with it shall be cut in pieces, though all the people of the earth be gathered together against it...**

[Zec 12:8](#) In that day shall the LORD defend the inhabitants of Jerusalem; and he that is feeble among them at that day shall be as David; and the house of David *shall be as God, as the angel of the LORD before them.*

[Zec 12:9](#) **And it shall come to pass in that day, that I will seek to destroy all the nations that come against Jerusalem.**

[Zec 12:10](#) And I will pour upon the house of David, and upon the inhabitants of Jerusalem, the spirit of grace and of supplications: and they shall look upon me whom they have pierced, and they shall mourn for him, as one mourneth for *his only son*, and shall be in bitterness for him, as one that is in bitterness for *his firstborn.*

[Rom 11:24](#) For if thou wert cut out of the olive tree which is wild by nature, and wert grafted contrary to nature into a good olive tree: how much more shall these, which be the natural *branches*, be grafted into their own olive tree?

'End Times': U.S. Troops Were Told the Iran War Is for Sparking "Armageddon" & the Return of Jesus Christ

Trump's commanders tell troops to prepare for Jesus' return and issues a chilling Armageddon prophecy--US commanders tell troops Trump 'anointed by Jesus' to start Iran war sparking hundreds of complaints: I WONDER HOW MUCH INFLUENCE 'SPIRITUAL ADVISOR' PAULA WHITE CALLED 'A PROPHET' HAD ON TRUMP'S DECISION

A shocking new report found that evangelical Christian fundamentalism is underpinning U.S. military action in Iran. The report found that hundreds of U.S. troops across dozens of units and installations have submitted complaints to the non-profit watchdog, the Military Religious Freedom Foundation (MRFF), since the attack, about combat unit commanders providing Christian reasoning for the war.

Non-commissioned officers (NCO) who attended a briefing Monday told the MRFF that a combat-unit commander "urged us to tell our troops that this was 'all part of God's divine plan' and he specifically referenced numerous citations out of the Book of Revelation referring to Armageddon and the imminent return of Jesus Christ."

The commander also argued that Trump "anointed by Jesus to light the signal fire in Iran to cause Armageddon and mark his return to Earth" and that the Iran war is part of God's plan, the NCO claimed.

The remarks were submitted in more than 110 complaints about commanders across all military branches, including more than 40 units across 30 military installations, the MFRR told Larsen.

EDITORIAL OPINION

The Trump administration sells itself as the most powerful military force in human history, is psychologically preparing for war not with intelligence assessments, not with strategic objectives, not with an exit doctrine — but with a perversion of the Book of Revelation.

Commanders are describing the bombing of a sovereign nation of 90 million people as a Biblical event.

Soldiers are reporting “unrestrained euphoria” in the officer class.

+2+ Israeli Jews & Christian Zionists Want To Build The Third Temple--Which They Believe Will Herald The End Times & Their Awaited Messiah (Who Will Turn Out To Be the Antichrist)

On Wednesday talkshow host Tucker Carlson covered the holy war aspect of the Israeli/U.S. war on Iran. During the show, Carlson reported that Israeli IDF soldiers, a Jewish organization and Christian Zionists seek to build the Third Temple in Jerusalem – a structure whose existence, they believe, will help trigger end times prophecy.

Perhaps most importantly, the site of the former Second Temple is now occupied by one of the holiest sites in Islam – the Al Aqsa Mosque. Destroying it to build a Third Temple will undoubtedly trigger the world's Muslims into extreme, radical and violent acts.

Around 22:00 into the show Carlson reported (with photographs and videos) that IDF soldiers are wearing patches suggesting the point of this war was the

destruction of one of the holiest places in Islam and the rebuilding of the 3rd temple.

Carlson said that the Jewish group [Chabad](#) is one of the central organizations “pushing...for the reconstruction of the Third Temple.”

He also discussed how American Evangelical Christian Zionists are also seeking the construction of the Third Temple. This is noteworthy as it comes at the same time as Christian Zionist U.S. military commanders are telling U.S. troops that they’re going to war with Iran to [trigger the Biblical end times prophecy](#).

“How could an American Christian or any Christian call for the building of a temple whose presence, whose inherent presence, denies Christ,” Carlsons said Carlson then played a [clip](#) of Christian Zionist leader Greg Locke calling for genocide of all of Gaza and a missile attack on the Al Aqsa Mosque “so we can get that Third Temple rebuilt and usher in the coming of Jesus!”

Importantly, the Great Tribulation and the Beast System described in the Book of Revelation, [precedes](#) the second coming of Jesus Christ at the battle of Armageddon; so an effort to bring about the ‘Messiah’s’ return is also actually an effort to bring about the Beast System – as the Antichrist will precede Christ. The reason Christian Zionists are comfortable with bringing on the end times is that they also believe in the Pre-Tribulation [Rapture theory](#) – which claims they will depart earth prior to the Great Tribulation and not be subjected to the Antichrist. <<No matter what you believe about the rapture; this is all horrible fruit of the Pre-Trib Rapture Theory.

[Catherine Austin Fitts Interview: ‘The goal is to depopulate and control the remnant’ Wars are fought over shipping routes and resources, not to liberate any oppressed people group.](#)

The [Feb. 17 interview with Michael Yon](#) took place two weeks before Trump launched his attack on Iran, but Fitts, like myself, already knew months ago that an attack was coming and could not be stopped even if Trump wanted to stop it. He is simply too controlled by his donors, who now own the White House and the Congress.

For this reason, the negotiations with Iran were a complete farce. They never consisted of a serious effort to resolve differences between the two countries. Trump simply had his two New York real estate agents posing as diplomats,

Steve Witkoff and Jared Kushner, hand the Iranians a set of demands and said take it or leave it, knowing full well that no sovereign nation could accept such demands.

The real reason for attacking Iran (and trying to overthrow its regime) has nothing to do with liberating the Iranian people or ridding the world of a dictatorship. Nor does it have anything to do with fighting Islam, as so many conservatives foolishly believe. This war is being fought over who gets to control key shipping routes and resources (oil). Iran is positioned in a part of the world critical to both, and the fight for control of the emerging new digital economy precludes an Iranian regime that operates outside the Western global financial system, selling oil to China and India and selling drones to Russia, three countries the U.S. sees as rising competitors to its global hegemony.

Iran Raises The Red Flag Of Revenge Over The Jamkaran Mosque As Shiite Muslims All Over The Globe Start To Commit Acts Of Terror

I don't think that most people in the western world fully grasp the importance of what has just transpired. Ayatollah Ali Khamenei was not just the supreme leader of Iran. He was a direct descendant of the Muhammad, and that gave him the right to wear the black turban. For Shiite Muslims, the direct descendants of Muhammad are considered to be the only legitimate spiritual and political successors to Muhammad. They are believed to possess divine knowledge and authority, and killing such an individual is considered to be unthinkable. There are statues and photographs of Ayatollah Ali Khamenei literally everywhere you go in Iran, and now that he is dead there are 200 million Shiite Muslims all over the world that are extremely angry.

Of course it isn't just Ayatollah Ali Khamenei that is dead.

The strike that killed him [also killed](#) his daughter, his grandchild, his daughter-in-law and his son-in-law...

3 Grand Ayatollahs Have Declared Global Jihad Against The United States And Israel, as their followers now have an obligation to conduct a holy war. From this point forward, millions of Shiite Muslims all over the world will go to war

You can negotiate an end to a military conflict between two nations, but you can't negotiate an end to global jihad. The radical Shiite Muslims that rule Iran are full of rage, and what they want more than anything else is revenge. In response to the death of Ayatollah Khamenei, 3 different grand ayatollahs in Iran have declared global jihad against the United States and Israel. As you will see below, their followers now have an obligation to conduct a holy war. So this is a really big deal. From this point forward, millions of Shiite Muslims all over the world will be seeking to kill those that are responsible for Khamenei's death. If you understand Shia Islam, then you know exactly how serious this is.

IRGC - Americans Will No Longer Be Safe; Not Even in their own homes

Iran's Revolutionary Guards warned on Monday that the United States "will no longer be safe", on the third day of joint US-Israeli attacks against the Islamic republic.

"The enemy should know that their happy days are over and they will no longer be safe anywhere in the world, not even in their own homes," the Guards' Quds force, which oversees its foreign operations, said in a statement carried by state TV.

To the US and Israel, the IRGC is publicly saying:

"Do not sleep tonight. Tonight, you will become familiar with the newest weapons. Even shelters are no longer safe."

The Islamic Revolutionary Guard Corps' Quds Force, which oversees Iran's overseas military operations, said on Monday that "enemies" who killed Supreme Leader Ali Khamenei will not "have security anywhere in the world, even inside their own homes."

"We declare to the Islamic nation and the freedom-seekers of the world that we will not cease fighting until the destruction of global arrogance and international Zionism, and we will take revenge for the oppressed of the world and the great martyrs from the oppressors and the arrogant," the force added in a statement carried by state media.

Iran has officially declared JIHAD against the United States and Israel.

A formal religious decree has been issued citing Quran 22:39 -- granting divine permission to wage war against "Crusader aggression." What this means: This is not political rhetoric. This is a RELIGIOUS WAR DECLARATION. Every Shia militia across Iraq, Syria, Lebanon, and Yemen now has theological authorization to attack U.S. and Israeli targets. Hezbollah-Houthis-Iraqi PMF are all now activated under one fatwa. The document calls on the ENTIRE Islamic world to mobilize, This changes everything. A political war can be negotiated. A holy war cannot.

Russia Sharing Far More Military Tech With Iran Than Previously Known

March 04, 2026

Two days ago, British military bases on the island of Cyprus in the Mediterranean Sea, were hit by Drones, doing minor damage.

The debris from the drones has been forensically analyzed.

SURPRISE! The Iranian drones have advanced Russian components!

The world knew that Iran supplied Russia with basic drones for Russian use in Ukraine.

It turns out that Russia returned

the basic drones, but with all the upgrades they needed and developed while fighting in Ukraine, to Iran!

Now, Iran has a vastly battle-hardened drones.

One piece of evidence provided by authorities analyzing the drone debris is a Russian "Comet" antenna module, pictured above.

These extremely high-tech antenna modules were installed on the Iranian drones that struck Cyprus.

This begs the question: What OTHER high-technology has Russia supplied to Iran?

Iran Targeting Global Internet - Bombing Major Data Centers

Iran is destroying the Amazon data centers; they have been deliberately destroyed for the third day.

Last night there was an attack on Data Centers in Bahrain - this is already the fourth attack in 3 days;

In Dubai, a data center was deliberately razed to the ground;

The operation was carried out to "determine the role" of data centers in supporting US military and intelligence activities against Iran, the Iranians say.

Because of this, there is a complete collapse in the Middle East - banks are not working, a lot of information has been lost, even the delivery of goods is not working;

Amazon panics and shifts capacity to other servers, but it doesn't help —the load only increases and the speed drops.

VPNs and bypasses have already started to glitch , and ping is increasing all over the world.

The most alarming thing is that this has created a precedent: to shut down the entire global Internet, it is enough to simply physically destroy key data centers , rather than launch hacker attacks.

Looks like there's some strategy behind their actions. Data centers, expensive radar stations, satellite communications . . . They don't just bomb sand.

[Mood Inside Pentagon: Intense. Paranoid. Turns out the 'Experts' - were wrong.- PODCASTERS WERE RIGHT ALL ALONG! Russia and China are helping Iran. Payback to the US for what the US has been doing to Russia by supplying Ukraine with weapons](#)

March 04, 2026--'Inside the Pentagon, and among some members of the Trump administration, there is deepening concern which began on Sunday and worsened Monday and Tuesday, that the Iran conflict could spiral out of control. 'The mood here is intense and paranoid', one person said.

There is anxiety among senior leaders that the fighting will extend for weeks, further stressing limited U.S. air defense stockpiles.

'There is concern about this lasting more than a few days', said another person. 'I don't think people have fully absorbed it yet, like, what it has done to our stockpiles. It often takes two or three interceptors to ensure a missile is stopped.'

The real world has proven that US Missile defenses are not nearly as effective as the "experts" concluded them to be. Turned out that the real world is not a test range where perfect conditions exist for defenses to operate.

The real world is messy, chaotic, electronically noisy. The defensive systems don't perform as expected.

Making things worse, the incompetent morons in the former Biden regime, gave very large amounts of our defensive missile inventory, to Ukraine. So our supplies are now "very low" and the US has begun TURNING DOWN requests from Persian Gulf allies who are seeking immediate replenishment of their near-empty defense missiles.

The country of Qatar now has less than ONE WEEK of defensive missiles.

In the meantime, Iran keeps firing their older, less accurate missiles at all those US allies, to use-up their missile defenses. Once the defenses are exhausted, Iran can start firing their bigger, better, newer, missiles, and really inflict far more serious damage.

Iran's plans are clearly coming together with regard to overwhelming the US and Israeli defenses.

Unless the US can neutralize Iran's launch capability - Iran can actually win this conflict.

Russia and China are helping Iran. Payback to the US for what the US has been doing to Russia by supplying Ukraine, and what the US is trying to do to China: Cutting off Iran oil to China, which has to import 80% of Iran's oil to meet China's annual oil needs.

U.S. Missile Supplies

The Pentagon has burned through so many missiles in the Iran exchange that Trump is dragging Lockheed and Raytheon CEOs into the White House like a failing factory boss demanding overtime.

The military admits to the White House the Iran strike consumed more long-range munitions than 4 years of Ukraine.

Trump is posting fantasies on social media about "unlimited supply" while Raytheon can barely promise to "eventually" reach 1,000 Tomahawks a year and the Pentagon only budgeted 57 for 2026.

The United States has about four-thousand, five-hundred missiles left. Iran is believed to possess 450,000.

The U.S. industrial base is so hollowed out they're threatening contractors with punishment if they don't ramp up, even though the system physically can't produce at wartime tempo. This is a complete catastrophe.

America is finding out that one regional confrontation with Iran drained decades of planning assumptions. Assumptions by so-called "experts." Turns out, the "experts" weren't so expert after all.

They were apparently men who lived in their own echo chamber. Now, reality has made its presence felt.

A "superpower" doesn't scramble for a bailout because a regional state answered back. A "superpower" doesn't call defense CEOs to the White House like panicked paramedics around a dying patient.

This is what strategic exhaustion looks like.

Tehran absorbs the blows and responds with precision. Washington burns through decades of stockpiles in 72 hours and then passes the hat around Capitol Hill.

The mask of invincibility is slipping.

We can lose this conflict. The way things seem to be going, we may very well lose.

Armies of Disinformation, Propaganda, Outright lies; Covering the Iran War Almost Impossible

March 04, 2026--Covering news about the Iran-Israel-US War is almost impossible. The level of mis-information, mal-information, misdirection, propaganda, outright lies, and gross manipulation is an almost impenetrable gauntlet when trying to get the facts.

Most images and video of missile impacts, are generated by Artificial Intelligence (AI). The few real images and videos, are often - but not always - from other conflicts, at other times, in other places around the world, but represented as being from the current conflict.

Even US press releases and updates are often blatant lies. I have found most of them to be puerile and juvenile in nature. You would think their target audience are retarded 12 year-olds.

The Intel circuits are jammed with all sorts of details, sifting through them would require vast staff, which I do not have.

Worse, the Intel circuits themselves are devolving into echo chambers of mis-information. Even genuine mistakes, genuine, innocent, errors, end up in the echo chamber and go round and round hour after hour.

I'm overwhelmed. So many things are happening so fast, in so many places, I can't keep on top of it.

Strait of Hormuz Closure Enforcement; But Iran Didn't Close it, London Did, Through INSURANCE CANCELLATION

The total number of oil tankers targeted by the Iranian Revolutionary Guard, in the Strait of Hormuz, has risen to six.

China and other countries are pressuring Iran to reopen the Strait of Hormuz.. About twenty percent (20%) of the world's daily oil needs, must travel through that Strait to get to market. Now, none of it can and everyone is blaming Iran.

There is one problem. **Iran did not close it.**

Seven insurance companies in London did.

China buys 80% of Iran's shipped oil. Beijing has a \$400 billion, 25-year cooperation agreement with Tehran. China is Iran's economic lifeline. If any country on earth has leverage over Iran, it is China. And China is now using that leverage to demand the Strait reopens.

But the Strait was not closed by a sovereign decision. It was closed by the withdrawal of reinsurance capacity from five to ten firms, mostly in London, backstopping twelve P&I clubs that cover 90% of global tonnage. Iran did not order those firms to withdraw. Iran cannot order them to reinstate. Neither can China.

Even if Tehran capitulates entirely tonight and the IRGC stands down, not a single reinsurer reinstates Gulf war risk coverage on a phone call from Beijing. Reinstatement requires rebuilt risk models, voyage-by-voyage re-underwriting, repriced treaty capacity, and a threat environment that actuaries can quantify.

None of that exists while the IRGC is still launching drones at their enemies.

The price of oil is going to go up, very high, very fast.

If this situation is not remedied soon, the increase in energy costs will trigger a worldwide economic Depression within 60 days. It is unavoidable. What fuel exists will cost so much that even if fuel is available, it will cost so much that no one can afford to manufacture or ship.

Qatar Natural Gas Declares "Force Majeure" - All Gas output HALTED

March 04, 2026--**Qatar just shut down all LNG production. The world's second largest LNG exporter. Gone. Today.**

Iranian drones hit Ras Laffan and Mesaieed. QatarEnergy killed the plant. 20% of global LNG supply has disappeared from the market in a single morning.

Now, here is the number **nobody** is saying out loud.

Restarting liquefaction after a full shutdown takes two weeks minimum. Then another two weeks to reach full capacity. That is a month of the world's second largest gas exporter running at zero.

Europe is already up 54% on gas prices today.

Asia runs its entire winter heating and manufacturing base on Qatari LNG. Those cargoes are not coming.

And here is what makes this different from every prior Gulf energy shock.

The 2019 Abqaiq attack took out 5.7 million barrels of Saudi oil for a few days.

Saudi restored output. The world moved on. Oil fell back.

Qatar cannot restore LNG fast. You cannot flick a switch on a liquefaction train. The equipment has to cool down, be inspected, be brought back online in sequence. A month minimum is not pessimism. It is thermodynamics.

You are watching a structural gas shortage get locked in for four to six weeks at minimum, with a war still running, in the same geography where the infrastructure sits.

Europe thought it had solved its Russian gas dependency. It replaced Russian pipeline gas with Qatari LNG.

Iran Begins Targeting Oil Infrastructure in Middle East & What This Could Result If This Continues--China Orders Major Fuel Refiners to Halt Diesel and Gasoline Exports Immediately: BETWEEN VENEZUELA AND IRAN THE USA HAS A CHOKE HOLD ON CHINESE OIL—SO CHINA WILL HAVE TO DO SOMETHING AND WILL NOT SIT IDLY BY

In a decisive move that signals a shift in regional energy dynamics, the Chinese government has issued an urgent directive to its largest state owned refineries to suspend all exports of diesel and gasoline. The order affects industry giants like Sinopec and PetroChina, which have traditionally played a significant role in fueling the broader Asian market.

As a result of Iran closing the Strait of Hormuz, and of British Insurance Companies like Lloyd's of London revoking war Insurance coverage for ships using the Strait of Hormuz, about twenty percent of daily global oil supplies have completely halted.

This is sending price shocks into the Oil Markets, which then reverberate into the Gasoline and Diesel Fuel prices at the pumps.

The price of gasoline in the United States has begun climbing. Today, it reached its highest since August of the year 2024.

If the halt of Middle East oil exports via the Strait of Hormuz continues, it is expected that oil may reach a price of \$300 per barrel. That is expected to result in the price of gasoline to rise to fifteen to twenty dollars PER GALLON at gas pumps.

At those prices, the overwhelming majority of commerce will be forced to STOP. Worldwide.

As Commerce is forced to halt, because manufacturers cannot afford to pay for raw materials to be shipped into factories, or for finished products to be shipped to warehouses or stores, consumer spending will also stop.

Food distribution will also be affected. All food in Supermarkets MUST move by truck. But if the trucks have to pay twenty to thirty dollars a gallon for Diesel fuel, it will hit the food prices directly. When consumers are faced with not being able to buy food, FOOD RIOTS will likely begin.

Better stock-up on shelf-stable food supplies NOW, while food is actually still available.

A worldwide DEPRESSION is now said to be likely within 60 days of such fuel pricing.

Unable to Ship--Middle East Oil Nations Face SHUTDOWN of Oil Wells!!

Oil exporters in the Persian Gulf, currently unable to export their hydrocarbon products, are all facing a dire short-term outlook. They're running out of STORAGE SPACE and may have to HALT OIL WELLS.

Unable to store additional oil in strategic reserves and state-owned or privately-owned facilities, they will soon be forced to halt production at some of the largest oil fields on earth.

This will have disruptive consequences for following these countries:

- Iraq
- Kuwait
- UAE
- Qatar
- Saudi Arabia

When these producers fill their storage tanks to capacity, some within a matter of DAYS from now, there will be no other option but to HALT production from the oil fields.

Depending on the geology of the field and the specific technologies implemented, shutting down wells could even permanently damage reservoirs and production infrastructure.

At that point, in addition to the supply disruption at Hormuz, markets will face the prospect of a medium to long-term reduction in overall oil supply from the Middle East.

This would cause a massive risk premium for oil prices — and particularly regional crude grades — for months, or potentially longer, depending on the course of the war.

Historically, storage tanks are rarely utilized above the 80% threshold; The tanks need to have room for the oil to swell from the outdoor heat. Therefore, filling them to absolute maximum capacity may not be technically feasible or even possible, so the real countdown may be even *shorter* than anticipated!

Two further considerations must be mentioned:

When storage space runs out, some countries such as Saudi Arabia and UAE may still have the ability to divert some energy flows to alternative routes, continuing exports. However, this presents a strategic opportunity for Iran-aligned forces to deliver a tremendous blow to these regional U.S. partners by striking that specific infrastructure.

When regional oil producers are faced with the risk of a total production halt, their sovereign survival will be at stake. Without oil revenues, these government

will have no money coming in. NONE! The sovereign governments themselves would face their own demise.

At that point, an expansion of the Iran/US/Israel war becomes inevitable as Riyadh and Baghdad (the first and second OPEC producers) suffer catastrophic daily economic damage.

Where and with whom they will go to war over this — is another story entirely.

Nobody is discussing how utterly terrifying the food situation just got for the Middle East right now--Food Shipments to Persian Gulf Countries are now CUT-OFF!

The United Arab Emirates (UAE) imports 80-90% of its food. Saudi Arabia, 80%. Kuwait, 98%.

The Strait of Hormuz isn't just an oil chokepoint. It is the LIFELINE for food shipments into the entire Gulf.

Right now, that strait is effectively CLOSED and definitely under threat. Shipping rates have EXPLODED 650%. Insurance costs are through the roof - if you can even GET any coverage. Cargo ships are ALL rerouting.

Here's what nobody is saying out loud:

These countries have maybe 2-3 months (maximum) of strategic food reserves.

After that? Rationing.

These countries pretty much have no farms. No rivers. No backup.

With one prolonged blockade, and 60 MILLION people in the Gulf face empty food shelves.

And it doesn't stop there.

Global wheat prices are already climbing. Fertilizer shipments are disrupted.

Supply chains that were BARELY recovering from COVID are snapping again.

The last time food prices spiked like this in the Middle East — it triggered the Arab Spring.

This isn't about oil anymore.

This is about whether 60 Million people EAT.

South Korea Chemical Plants Declare "Force Majeure" - Singapore "No Bunker Fuel"

In [contract law](#), force majeure^{[1][2][3]} is a common clause in contracts which essentially frees both parties from [liability](#) or [obligation](#) when an extraordinary event or circumstance beyond the control of the parties, such as a war, strike, riot, crime, epidemic, or sudden legal change prevents one or both parties from fulfilling their obligations under the contract.

Asia's energy crunch is spreading fast as disruption at the Strait of Hormuz ripples across fuel markets.

Singapore bunker hubs cut supply, China halted diesel & gasoline exports, S. Korea petrochem declares naphtha force majeure, while Japan (~90% Middle East crude) may tap their Strategic Petroleum Reserve (SPR).

(HT REMARKS: *Right now, we are experiencing the largest loss of oil supply in history (3X bigger than the 1973 Arab oil embargo).*

The level of complacency to me is staggering. Prior playbooks do not apply!
