#### **+1+ PRAYER TO NEUTRALIZE OCCULT RITUALS**

Father God in the name of the Lord Jesus Christ, the Lamb that was slain before the foundation of the earth, seated at the right hand of the Father; we come in the authority given to us in Christ Jesus. **We place a hedge of warring angels with flaming swords of fire around us and our families continuously. We put on the whole armor of God. We resist and renounce Satan, the god of this earth. We rise to war by the power of the Holy Spirit against witchcraft, occult maneuvers and devices sent against Your Will and the Body of Christ. We ask you to dispatch legions of warring angels in full battle array to enforce our petitions and intercessory prayers. Rout your enemies on all fronts O' Lord.. Turn their hatred, anger, accusations, conflict, arrogance and wicked schemes upon themselves so that they become caught in their own snares and fall into the pits that they intended for others.** We nullify, cancel and oppose every satanic operation, scheme, maneuver and strategy. Cause secret plans, agendas and motivation of the enemy to be revealed for everyone to see. We decree and declare that what these evil people & entities meant for wickedness, you will turn it around and use it for the good of your people. We close every evil portal that has been opened by them. In the name of the Lord Jesus Christ and His shed blood, we break and cancel every curse, spell, hex, vex, charm, enchantment, decree spoken or unspoken, sent against the Body of Christ, the innocent and your intercessors by every witch, warlock, satanist, sorcerer, voodoo priest, shaman, soothsayer, medium, bruja, brujo, coven and every minion of the devil working iniquity. May they fall into the very pits they have dug for others. Lord Jesus, reveal your love to them. Save those that can be saved. Show them the truth about who they are serving, and their eternal destination if they continue in their present path. Open their minds, eyes and ears to receive supernatural insight and knowledge to understand the truth of the Gospel. Bring them to salvation. We seal this prayer by the Blood of the Lamb and in the name of the LORD Jesus Christ. Amen.

A major WHO representative said: “We really need this incident... this outbreak... to show why the world needs a global entity that connects this.”

Read that again. Slowly. 🗨️

Not “we need to stop this outbreak.”

Not “we need transparency.”

They said they NEED the incident itself to justify expanding global authority.

And right on cue: ✨ pandemic fear returns ✨ mRNA platforms ramp up again ✨ governments push “preparedness” powers ✨ digital surveillance expands ✨ borders become meaningless ✨ unelected global organizations demand more control

They always say the same thing: “Because the world is interconnected.”

Translation?

More centralized power. More compliance. Less national sovereignty.

Meanwhile UFO disclosure, AI integration, biotech expansion, and spiritual unrest are all accelerating at the exact same time.

### “Coincidentally”: The Vaccine Medical/Pharma Cartel and US Army Are Developing 13 Hantavirus Vaccines and Gene Therapies

While the mass media breathlessly covers the MV Hondius — a Dutch-flagged expedition ship now quarantined off Cape Verde with multiple confirmed hantavirus cases — few are aware that there are currently 13 documented hantavirus vaccine and gene therapy programs in active development:

- 6 DNA “vaccines” (US Army / USAMRIID) — many of them “needle-free” jet-injector versions
- 3 mRNA “vaccines” (Moderna + Korea University, Chinese research team, VIDO Canada)
- 2 viral vector “vaccines” (UK institutions +

VIDO Canada)

- 1 inactivated vaccine (Hantavax — already licensed and used in South Korea)
- 1 protein subunit vaccine (VIDO Canada)

genx\_patriot\_usn\_os2 16h

Here it is. They added live HAUNTavirus parasites into the Pfizer jabs in 2021, then filed for a patent to 'cure' it in 2022 for Phase 2 of the C-19 Bioweapon attack. Not one little part of this was accidental.

**PFIZER SIDE EFFECTS C-19 mRNA JAB**

**ABSTRACT**

One solution to the problem of Hantavirus pathology is design, production, and administration of a nucleic acid vaccine (NAV). In certain aspect the NAV is an mRNA vaccine. Certain embodiments are directed to the use of a polyprotein, which is cleaved to produce Gn (N-terminal)

The US Army hantavirus DNA "vaccines" are not vaccines. They are literally plasmid DNA gene-therapies. Each one contains lab-made circular DNA (plasmids) carrying the hantavirus M-segment genes that code for the virus's surface glycoproteins (Gn and Gc). When injected (often with a needle-free jet injector or electroporation device), your own cells absorb the DNA, read it like a blueprint, and start manufacturing the pathogenic hantavirus proteins themselves.

Needless to say, I will NOT be lining up for experimental military-grade gene therapy the Army has been tinkering with for over 20 years. Perhaps the hantavirus situation is being pushed hard because the WHO's pandemic treaty negotiations hit a major roadblock just 5 days ago. Member states still can't agree on the Pathogen Access and Benefit-Sharing (PABS)

annex, meaning the pandemic treaty can't come into effect. This clearly angered WHO Director-General Tedros Adhanom Ghebreyesus, prompting him to warn the next pandemic was "a matter of when, not if."

Comments About This Reads: @the traveller ... the Hanta virus is a side effect of the C-19 vax. That is fact. Hanta virus is not passed from person to person. DON'T FALL FOR ANY OF IT!! FOR THE RECORD, BIG PHARMA HAS ALREADY MADE A "VAX" FOR HANTA VIRUS.

[@KZ-np8fz](#) The *Hanta virus* is real most strains are mouse to human transmission, like the 4 corners area of the US. But the Andes strain is person to person transmissible. They also happen to have come up with a m R N A shot for it developed in 22 or 23. Yes it is listed as a adverse effect of covid shots.

### [About Andes Virus | Hantavirus - CDC](#)

1 day ago ... **Andes virus is the only type of hantavirus that is known to spread person-to-person.** This spread is usually limited to people who have close contact with a sick person...

---

## Hantavirus Causes and Symptoms

### Rodent carriers

Hantavirus pulmonary syndrome is a human disease found only in North and South America. **Each strain of the hantavirus has a preferred rodent carrier. The deer mouse is the most common carrier of the virus in North America and Central America.** In the United States, most of the infections occur in the states west of the Mississippi River.

**Other carriers in North America include the rice rat and cotton rat in the Southeast and the white-footed mouse in the Northeast. Rodent carriers in South America include the rice rat and the vesper mouse.**

### Transmission

The virus is present in the rodent's urine, feces or saliva. You can come in contact with the virus in the following ways:

- **Inhaling viruses — the most likely form of transmission — when they become airborne from disturbed rodent droppings or nesting materials**
- **Eating food contaminated with mouse saliva, urine or droppings**
- **Touching things contaminated with the virus, such as a nest, and then touching your mouth, eyes or nose**
- **Being bitten or scratched by an infected rodent**

**Person-to-person transmission of the virus has only been recorded with a strain of the virus found in South America called the Andes virus.**

### Symptoms

The time from infection with the hantavirus to the start of illness is usually about 2 to 3 weeks. Hantavirus pulmonary syndrome advances through two distinct stages. In the first stage, which can last for several days, the most common signs and symptoms are:

- Fever and chills
- Muscle aches or pain
- Headache

Some people also experience:

- Nausea
- Stomach pain
- Vomiting
- Diarrhea

**As the disease progresses, it can lead to damaged lung tissues, fluid build-up in the lungs, and serious problems with lung and heart function. Signs and symptoms may include:**

- Cough
- Difficulty breathing
- Low blood pressure
- Irregular heart rate

## WHO Inexplicably Immediately Releases All Passengers on Hantavirus Cruise Ship Without Quarantine

by Armageddon Prose Friday, May 08, 2026 *Originally published via [Armageddon Prose](#):*

### Pertinent facts:

- You have an Hanta virus outbreak on a cruise ship of a highly lethal virus [with a reported kill rate of 40%](#), as opposed to less than one percent for COVID
- Said virus has an [incubation period of 7-39 days](#), meaning an infected individual could walk around symptom-free for the better part of a month and a half without exhibiting any outward signs
- Said outbreak occurred on a structure that can easily logistically be kept out at sea until the incubation period expires. (In fact, the term “quarantine” literally means, [in its etymological origins](#), “period a ship suspected of carrying contagious disease is kept in isolation.”)

Given this fact set, I would love for one of “The Experts” — slowly, in simple terms that an uncredentialed peasant can digest — to explain the logic from the trusted authorities in their totally lackadaisical announcement that they’re simply going to offload and then *immediately* distribute all of the passengers on the cruise ship to all corners of the world after it docks in the Canary Islands.

See Full Report Via [Forbes](#)

Why would you do this unless the goal were to spread it far and wide in the hopes you can get it to catch on somewhere and/or maximize the strategic terror through your mass media proxies?

The no-quarantine policy is especially incongruous with recent history given that, as you will recall if you were paying attention during the pandemic, Western Public Health authorities literally constructed concentration camps for the (allegedly, based on fraudulent PCR testing) COVID-infected after the virus — again, a far less lethal virus — had already run through the entire world and there was no hope of containing it.

In any case, the COVID Karens — eager beavers as always, never ones to miss an opportunity to inflict their gynocratic tyranny on society — wasted no time in flocking to their cars to issue their demands that everyone wear masks all the time, “even outside.”

++ Dr. Johnson's Comment: Building up your primary immune system (in my opinion) is always the most important part of fighting off anything (including Marburg, Ebola, Hanta Virus, Etc.).

-----  
Recommended Products Dr. Johnson Carries to build up the Immune System:

++ Note: Selenium, Vitamin C, Copper, Zinc, Calcium, Vitamin D-3 and Iodine can easily become depleted from aggressive viruses

Recommended Products Dr. Johnson Carries:

++ Please note you cannot order off the links below,

they are there for purely informational purposes. For more information or how to order see further below.

My choices of selenium: Selenium is highly anti-viral and is an essential trace element possessing antioxidant properties, and is key to the production of glutathione peroxidases which makes this very compatible with NAC (see below) to raise glutathione levels.

Overall Best Value: [Se-Zyme Forte \(100 T\)](#)

Copper: Essential for any viral infection

[Cu-Zyme™ \(Copper\) \(100 T\)](#)

My choices of Vitamin C:

++ I recommend that every adult take at least 6 to 12 grams of vitamin C per day if you are being exposed to the Covid vaxxed (but you can go double that is you feel you are infected) for optimum dosing. Space out your dosages every 2-4 hours ideally.

[Zn-Zyme Forte\(100 T\)](#)

[Davinci Labs ZINC LOZENGE 60 count Lemon Flavored](#)

Pharmakeia: The Shocking Truth About Vaccinations/Inoculations-Part 6

Pharmakeia is a form of the Greek root word from which we get our English words: Pharmacy, Pharmacist, and Pharmaceutical. In the Bible, pharmakeia carried with it the idea of sorcery, occultism, and black magic. It is in this sense that Paul used the term in Galatians 5.20 as the word 'witchcraft'. In Rev. 9:21 & 18:23 it is translated 'sorceries'. Do you find it rather disturbing that approximately 60% of the population is taking at least one pharmaceutical drug every day? Some are taking up to fifteen and twenty! We are told that we are living during a time of the greatest medical breakthroughs in the history of the world yet, over one hundred million Americans suffer from various health problems. Why has such a large majority of the world become dependent on pharmaceutical drugs? Perhaps you're one of the hundreds of millions around the world that's ingesting a daily dose of pharmaceutical medicine? Is it possible that the pharmaceutical/medical cartel has 'disease treatment' and not 'disease cure' in mind? The most powerful German economic corporate emporium in the first half of this century was known as IG Farben, and was nothing more than a powerful cartel of BASF, Bayer, Hoechst, and other German chemical and pharmaceutical companies. IG Farben was the single largest donor to the election campaign of Adolph Hitler & the beginning of the modern day pharmaceutical industry. Zyklon-B, an extermination gas produced by Hoechst, was used to kill millions of innocent people in death camps. The U.S. government's investigation (of all the factors leading to WW2 in 1946) came to the conclusion that without IG Farben the Second World War would of not been possible.

**Is There A 700% Food Price Increase Coming?**

**May 08, 2026--In Europe, Potato Futures**

**Contracts soared seven-hundred-four percent from late April into May:**

**Specifically 704.35%**

**This struck me as completely abnormal. There are no weather events (flooding / freezing) that wiped out crops, so what caused this sudden, dramatic, spike in prices? I began looking into this early this week.**

**I found out today, May 8, that about fifty percent (50%) of Farmers planted NO CROP this year.**

They decided they cannot afford the Fertilizer and/or the Diesel fuel necessary to do so, and they PERCEIVE food prices and volumes will not support the expense to grow certain foods at a profit. So they're skipping this planting season. What this means is that between now and the August Harvest, there will be fifty-percent less harvest of some essential crops.

This fits with a FORBES MAGAZINE Story on April 28:

70% Of US Farmers Can't Afford To Grow All Of Their Crops

That story reported "*Oil prices are climbing again, and farmers are already pulling back. With 70% unable to afford the fertilizer they need this season, crop output is poised to fall — setting up a fresh wave of food-price inflation later this year.*"

(Story [HERE](#))

That kind of futures price jump doesn't just hit budgets, it disrupts everyday survival because potatoes are not a luxury, they are basic food.

People are starting to wonder how something this extreme can happen without immediate intervention or louder public reaction. It seems like a warning sign about deeper instability in the food system.

IS THIS THE IRISH POTATO FAMINE of Antiquity 2.0 HITTING (all of us) IN 2026?

Middle East chaos is TORCHING the world's food supply — skyrocketing fertilizer and fuel costs just CRUSHED potato prices overnight!

Over ONE MILLION starved last time from the blight... are we headed for TOTAL FOOD ARMAGEDDON AGAIN?! Only this time, because people can't afford it?

Prepare accordingly with shelf-stable foods that don't require refrigeration: Rice, Pasta, Canned meats, etc.

Trump's Federal government using clever trick to force AI data centers on unsuspecting local communities--Trump executive order being used to override public opposition and local ordinances that forbid construction of massive AI data-collection centers that will power the coming 24/7 surveillance state!

[Leo Hohmann](#) May 05, 2026--As most of you are aware, thousands of massive data centers are being built across America for the purpose of weaponizing artificial intelligence against we the people. Much of this blanketing of America with the edifices of our own tyranny is being done under Project Stargate, a \$500 billion plan announced by President Trump on the first day of his second term in office on January 21, 2025.

Without these data centers, AI will not be able to take over our lives, steal our jobs, obliterate personal privacy, and usher in the digitalized beast system.

And as people are starting to wake up and wise up, realizing the truth about AI's catastrophic effects on our freedom and way of life, they are, successfully in some cases, starting to defeat the location of data centers in their cities and towns.

Aside from the fact that they will power the new digital order of total surveillance of everything, these data centers are harmful to our health, disastrous for the water table and the overall environment, and ruinous to the finances of the middle-class taxpayers as they drive up the costs of electricity, to the tune of a tripling or more of electric rates. These facilities are noisy, give off bright lights all night long, and drain water supplies, making rural and semi-rural areas basically unlivable. How convenient for the globalist power elites, whose goal is to drive people off their land and into large cities.

One homeowner described living more than a half-mile away from a data center as follows:

- Constant roar
- No sleep
- Destroyed property values

It's hard to find a community that, once aware of all this, would vote in favor of hosting a data center. Local county commissioners are coming under tremendous pressure to deny, deny, deny.

But the Trump administration has crafted an easy work-around that allows them to cram these data centers down the throats of communities where they are not welcomed.

On July 23, 2025, President Trump signed [Executive Order 14318](#), titled "Accelerating Federal Permitting of Data Center Infrastructure."

This executive order classifies AI data centers as military operations, stripping communities of their ability to put up road blocks while claiming the data centers are necessary for purposes of "national security."

This effectively locks the taxpaying public out of the decision-making process that is quickly reshaping entire communities. In other words, this administration is making a mockery of the democratic process, right down to the local level.

There are approximately 600 data centers planned (439 already built) for Texas alone. At least that many more are in Virginia. Another 212 are planned in Georgia. Arizona, California, Louisiana, Ohio, Utah, Illinois and Indiana are also hotbeds, along with practically every other state in America's South and Midwestern heartland. Vermont is the state with the fewest data centers, tallying only three (check your state at [datacentermap.com](http://datacentermap.com)).

The United States already has 4,239 data centers up and running, with at least another 1,000 under construction, making it the largest data center market in the world, by far. The U.S. accounts for nearly 45% of all operational data centers globally, according to [datacentermap.com](http://datacentermap.com).

Maria Zee of [Zee Media](#), reports:

Project Matador in Texas alone is expected to use up to 96 billion kWh annually—nearly half of all residential electricity in the state. And it's just one of hundreds that are moving forward right now. In Louisiana, locals describe chaos as Meta's expansion drives up costs and disrupts daily life. Now in Utah, the Stratos Project, backed by Kevin O'Leary and fast-tracked by Gov. Spencer Cox's military authority, is bypassing public input entirely.

The technology these centers power is already raising alarms, including vehicles that can override drivers in real time through facial recognition systems.

**Removed:** REPORT: Governments are now classifying massive AI data centers as "military operations," quietly stripping communities of any power to stop them.

Local control is disappearing fast. f

8:20 PM · May 4, 2026 · 157K Views

This is happening right now, in real time, with the federal government weaponizing its authority, illegally in my opinion, against local communities to override public opposition to AI data centers.

**BOTTOM LINE:** More AI data centers mean more surveillance, higher costs of living, more pressure on scarce resources, and harm to human health.

Communities that have found themselves up against a federal override need to take their cases to court. Hopefully, they will find a legal remedy to this matter. But if not, we need to ask ourselves: How can the local democratic process be eliminated with the swipe of a president's pen? If that holds up in court, we truly are already living in a dictatorship.

If the courts allow this tyranny, we need to reassess the state of reality. Even communities that have overwhelmingly rejected these proposed data centers and enacted local ordinances that keep them out, will be "trumped" by a federal claim of militarized national security. How long before that military surveillance machine gets turned on us, on political dissidents, and everyday citizens who wish to live in peace and freedom?

The LARGEST "hyperscale" data center in the world is being proposed in Box Elder County, Utah. It's approx. 40,000 acres/62 square miles, backed by Canadian millionaire Kevin O'Leary. Fast-tracked by Utah's Military Installation Development Authority, backed by Gov. Spencer Cox, with the public locked out

of the decision process. Utah, say hello to a 50% increase in CO<sub>2</sub> emissions, polluted water, and 24/7 noise and light pollution.
