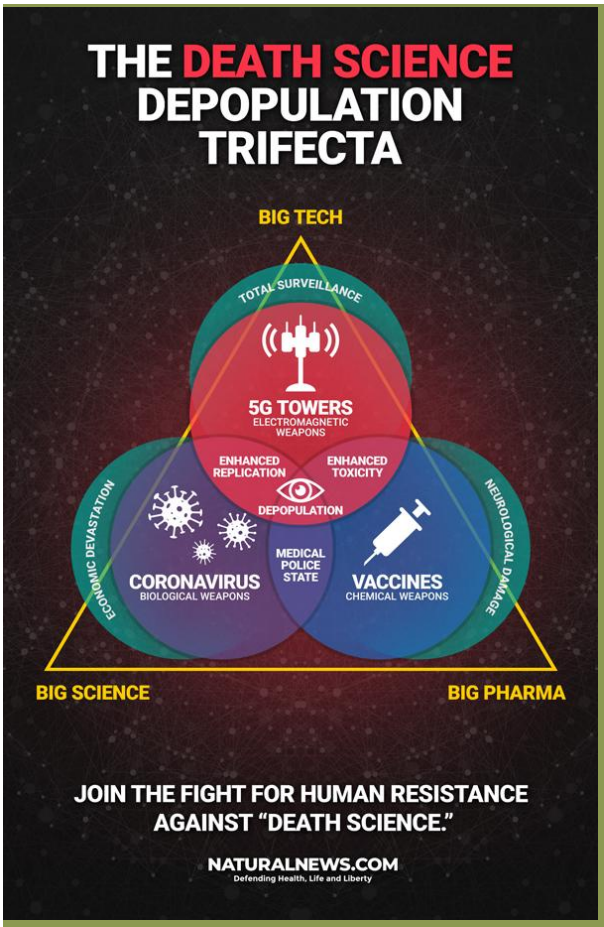
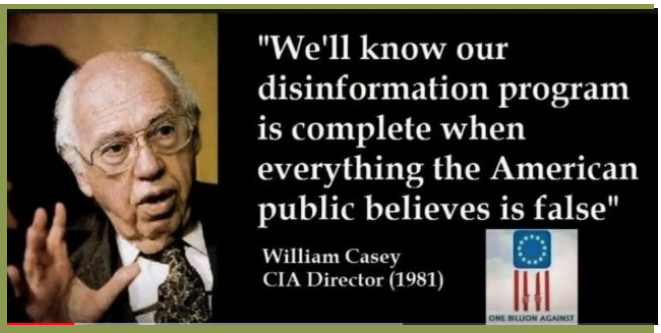
++ In 1981 William Casey (CIA Director) Told the Newly Elected President Ronald Reagan:





Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather reprove them. But all things that are reproved are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light. See then that ye walk circumspectly, not as fools, but as wise, Redeeming the time, because the days are evil."

The 1828 Noah Webster Dictionary defines: "Reprove": To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt."Circumspectly": Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

Matthew 24:24: "...if it were possible, they shall deceive the very elect."

II Corinthians 2:11: "Lest Satan should get an advantage of us: for we are not ignorant of his devices."

II Chronicles 7:14: "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

Luke 21:36 Watch ye therefore, and pray always, that ye may be accounted worthy to escape all these things that shall come to pass, and to stand before the Son of man.

Matthew 24:13 But he that shall endure unto the end, the same shall be saved.

Psalm 101:3: I will set no wicked thing before mine eyes: I hate the work of them that turn aside; it shall not cleave to me.

Psalm 11:5: The LORD trieth the righteous: but the wicked and him that loveth violence his soul hateth.

1 Cor 15:33: Be not deceived: evil communications corrupt good manners.

Lexicon Strong's G3657--Outline of Biblical Usage of the Word: "Communications": companionship, communion

"It does not take a majority to prevail... but rather an irate, tireless minority, keen on setting brushfires of freedom in the minds of men." **Samuel Adams**

"The average age of the world's great civilizations has been two hundred years. These nations have progressed through the following sequence: from bondage to spiritual faith, from spiritual faith to great courage, from courage to liberty, from liberty to abundance, from abundance to selfishness, from selfishness to complacency from complacency to apathy, from apathy to dependency, from dependency back to bondage." **Alexander Fraser Tytler**

+1+ PRAYER TO NEUTRALIZE OCCULT RITUALS

Father God in the name of the Lord Jesus Christ, the Lamb that was slain before the foundation of the earth, seated at the right hand of the Father; we come in the authority given to us in Christ Jesus. We place a hedge of warring angels with flaming swords of fire around us and our families continuously. We put on the whole armor of God. We resist and renounce Satan, the god of this earth. We rise to war by the power of the Holy Spirit against witchcraft, occult maneuvers and devices sent against Your Will and the Body of Christ. We ask you to dispatch legions of warring angels in full battle array to enforce our petitions and intercessory prayers. Rout your enemies on all fronts O' Lord.. Turn their hatred, anger, accusations, conflict, arrogance and wicked schemes upon themselves so that they become caught in their own snares and fall into the pits that they intended for others. We nullify, cancel and oppose every satanic operation, scheme, maneuver and strategy. Cause secret plans, agendas and motivation of the enemy to be revealed for everyone to see. We decree and declare that what these evil people & entities meant for wickedness, you will turn it around and use it for the good of your people. We close every evil portal that has been opened by them. In the name of the Lord Jesus Christ and His shed blood, we break and cancel every curse, spell, hex, vex, charm, enchantment, decree spoken or unspoken, sent against the Body of Christ, the innocent and your intercessors by every witch, warlock, satanist, sorcerer, voodoo priest, shaman, soothsayer, medium, bruja, brujo, coven and every minion of the devil working iniquity. May they fall into the very pits they have dug for others. Lord Jesus, reveal your love to them. Save those that can be saved. Show them the truth about who they are serving, and their eternal destination if they continue in their present path. Open their minds, eyes and ears to receive supernatural insight and knowledge to understand the truth of the Gospel. Bring them to salvation. We seal this prayer by the Blood of the Lamb and in the name of the LORD Jesus Christ. Amen.

OTTUMWA, Iowa — A satanic invocation at the beginning of Tuesday's Ottumwa City Council meeting overshadowed everything else that took place over the course of 80 minutes.

Resident and former council member Matt Dalbey read a satanic prayer — capped off by "Hail Satan" — to kick off the meeting at City Hall, leading to a reaction from New Life Center pastor Rick Bick during a contentious opening few minutes of the meeting.

'Canadian Establishment Demands Catholic Hospitals Begin Euthanizing Patients' or 'Get Out'--THIS IS EXACTLY WHO THE NAZIS BEGAN MURDERING FIRST AS THE 3RD REICH BEGAN IT'S PURGE OF ALL THEY CALLED INFERIOR!
Canada’s euthanasia campaign is escalating into a direct attack on Catholic hospitals, with the nation’s progressive establishment demanding that religious institutions begin euthanizing their patients or leave the healthcare system altogether.
Toronto’s Globe and Mail, the nation’s largest newspaper, published an editorial that presents Canada’s Medical Assistance in Dying (MAiD) program as an opportunity to secularize religious hospitals.
The demand exposes how the campaign once promoted as a matter of individual choice is now targeting institutions that refuse to participate in ending patients’ lives.

+2+ Trump Warns: 'We Will Go Into A Depression The Likes Of Which We've Never Seen Before'--In this case he's not wrong...Plus Bible Verses
The WinePress Less than a month out from the November midterm election, President Donald Trump has repeatedly said this month that if Democrats win the midterms, the U.S. will go into a 1929-style depression.
<<SOURCE
<<SOURCE
However, economist Peter Schiff agrees, but says it will happen either way.
"Trump predicts a 1929-style depression if the Democrats win the midterms. If he's right, it's only because a depression is coming regardless of the outcome. Even if it's not a depression, Trump's forecast enables him to blame Congress for every problem that follows the election."
Trump talks in code: he is not as foolish as people think; he is telling people what is coming.
We've witnessed Trump many times now claim his 'opponents' will do something when in fact *he* and his administration are the ones that do it.
So either Trump knows he is going to get destroyed in the midterms and he is getting ahead of this now so as to say, 'I told you so.' Or he will remain in power and it will happen under him. Either way, it's coming: it's the great taking.
The fact is we are and have been in a depression for years now. We never recovered from 2008 and have simply kicked the can down the road; and 2020

was when it became a depression, in my opinion. In many ways now things are relatively worse than 1929, but when the plug is pulled then it will be "the likes of which we have never seen."
Trump knows that, his buddies and crew at the top. Many, many people are going to die when this debt and bond market bubble bursts and the system collapses. I've written about it below:

Psalm 57:1: "Be merciful unto me, O God, be merciful unto me: for my soul trusteth in thee: yea, in the shadow of thy wings will I make my refuge, until these calamities be overpast. [2] I will cry unto God most high; unto God that performeth all things for me. [3] He shall send from heaven, and save me from the reproach of him that would swallow me up. Selah. God shall send forth his mercy and his truth. [4] My soul is among lions: and I lie even among them that are set on fire, even the sons of men, whose teeth are spears and arrows, and their tongue a sharp sword. [5] Be thou exalted, O God, above the heavens; let thy glory be above all the earth."

AI Authoritarianism: A Government Without Constitutional Brakes
Oct 09, 2026--"*United States AI companies must be free to innovate without cumbersome regulation." - President Donald Trump, Executive Order 14365*
Donald Trump promised to shrink the federal government, but what if Trump's pledge to cut the federal work force wasn't really about eliminating government bureaucracy but outsourcing it to the AI tech sector?
What if Trump, with the backing of a self-serving industry eager to automate government, is instead helping to build a government that no longer needs as many human beings to operate it?
Hundreds of thousands of federal workers are disappearing from the government payroll at the same time that Washington is racing to automate the work they once performed with artificial intelligence.
Since Trump returned to office, the federal workforce has shrunk by more than 270,000 employees, the result of hiring freezes, deferred resignations, early retirements and reductions in force.
At the same time, the Trump administration has embraced an aggressive campaign to automate government operations, with the General Services

Administration instructing agencies to "eliminate, optimize and automate" their work wherever possible.
This is not a return to smaller government.
It is a dangerous recalibration of government power.
What we are watching unfold is the construction of a government that requires fewer human beings to carry out its will, fewer human beings to question its orders, and fewer human beings to stand in the way when efficiency collides with legality, morality or constitutional restraint.
That is the real danger of automating government.
Human beings hesitate. Human beings question. Human beings object. Human beings refuse. Human beings blow the whistle.
Machines do not hesitate. They do not object. They do not blow the whistle.
For an administration increasingly impatient with legal restraints, institutional resistance and anyone who says "no," that is not merely a technological convenience.
Truth does not become obsolete because the machinery of power now runs on artificial intelligence. If anything, it becomes more urgent.
Because once we remove the human beings who can question, resist, object and refuse, we may discover too late that we have not eliminated the bureaucracy at all. We have eliminated the brakes.

Trump says anyone who uses the term 'Artificial Intelligence' is 'THE ENEMY' of the state--All Americans must hereby refer to Trump's god-like technology as 'Super Intelligence' or get added to the government's enemies list--Are you prepared to genuflect?
The pathetic demon possessed emperor has spoken! Donald Trump says if you do not call artificial intelligence by the name he has chosen for it, you are an enemy of the state!
Yes, you read that right. The president of the United States just issued a threat to all Americans who defy his orders by continuing to refer to AI as AI.
Trump posted on Truth Social:
"The White House considers anyone that uses the term, 'Artificial Intelligence,' as opposed to the highly accepted new and more accurate term, 'Super Intelligence,' THE ENEMY!"
***Business Insider* reports, and I agree, that this sounds like a threat. And it's patently illegal for the government to be making threats against its citizens who use speech it doesn't like.**
***Business Insider* writes:**
"Trump's statement suggests the White House may punish companies or individuals who do not abide by its preferred speech, which would be a potential textbook First Amendment violation if enforced."
Even if this edict is not "enforced," it's still reprehensible because it will have a chilling effect on speech. There will be companies and individuals who were not

planning to use the term "Super Intelligence" but now they will use it out of fear that the heavy hand of government could come down on them if they don't. Trump may be throwing this out there as a test of his power. And it will be interesting to see how many people and corporate entities bow down to Trump on this issue and start using his rebranded name for AI. I will not.
Whether people want to wake up and acknowledge it or not, America now has a full-on dictator in the White House. He claims the powers of a king, not a president, when he thinks he can demand people use his branding under threat of violent repercussions.
What is he going to do, send the FBI to your house if you continue to use the term "artificial intelligence?"
He calls the refusniks "enemies." That's a powerful word. Historically, this is the language of communist or fascist governments, who arbitrarily declare political opponents to be "enemies of the people" or "enemies of the state."

Niacin, Exercise, and Sauna: Detoxification Program for You
Dr. Yu explains*. "You're moving things. We insist that we follow the same protocol for the more toxic people: they take [niacin], they exercise, and then they go into the hot room to sweat it out."*
The niacin causes a "Rebound Lipolysis" first described by L.A. Carlsen of Sweden when studying Niacin for use in treating hypercholesterolemia—this vitamin first tries to prevent lipolysis and then **after one to two hours, it rebounds and leads to massive**

fat cell release of triglycerides and at the same time release of toxic chemicals. ***"The way I look at it... it should be a part of your lifestyle,"*** **Dr. Yu says.** ***"You should have a sauna at home. You should be doing this maybe twice a week as part of your exercise routine and it doesn't have to be with Niacin but use it in graduated doses starting with 50 mg and increase slowly so your body gets accustomed to it once a month or more when you have some exposure. If you are on an aggressive weight loss program, it is imperative in our clinic that they use this system as they are expelling large amounts of toxic chemicals in the weight loss program and need to eliminate it otherwise they will reabsorb into both fat and brain. Thus, Yo-Yo diets can be more dangerous than you think.***

In terms of timing, you'll want to begin your exercise 20 minutes after taking the niacin. Exercise for about 20 minutes, making sure you're really breaking a sweat, then get into the sauna for up to an hour. The sauna should be at least 130 to 140 degrees Fahrenheit, in order to produce profuse sweating. After you get out of the sauna, you can use activated charcoal or zeolite clay to further help eliminate toxins through your GI tract.

Keep in mind that when you sweat, you lose a lot of minerals and even vitamins, so make sure you replenish with electrolytes and potassium. Coconut water is an excellent rehydrator. It's a powerhouse of natural electrolytes, vitamins, minerals, trace elements, amino acids, enzymes, antioxidants and phytonutrients, and is low in sugar but you need vitamins and minerals especially magnesium, sodium and potassium.

To recap, twice a week (or more frequently if you're engaged in a weight loss program to shed a lot of weight) take about 100 mg of niacin; wait 20 minutes, then exercise for 20 minutes to break a sweat and stimulate circulation.

Follow up with up to 60 minutes in a hot sauna, to really sweat out all the impurities.

You can finish off by taking either five activated charcoal tablets, or some zeolite clay, which will bind with toxins, allowing them to be eliminated through your GI tract. Just make sure you do not take it in combination with medications or supplements, as these will also be bound up and eliminated.

We still barely grasp how much this one has warped the whole society--Blue-rich LEDs got dumped on the entire population at once--Streetlights, offices, kitchens, bedrooms, every phone and TV! That spectrum is a sledgehammer to melatonin and the circadian clock, and once you smash that, hormones go with it!
Women's cycles losing their timing. Male hormones getting scrambled. All of this greatly contributes to the obesity wave. Kids who can't sit still, sleep, or regulate themselves.
That's the lighting environment that was thrust upon humanity.
One of the great quiet crimes of our time: we replaced night with warehouse lighting and pretended biology wouldn't be affected.

What's in your cat's bowl? Nearly all tested cat foods contain toxic plastic contaminants, the herbicide glyphosate and heavy metals such as lead, mercury and arsenic, according to a new investigation.
Full story ⬇️

Nearly all tested cat foods contain toxic plastic contaminants, the herbicide glyphosate and heavy metals such as lead, mercury and arsenic, according to a new investigation.
"Most cats eat the same foods nearly every day, with little variation," said report author Molly Hamilton, executive director of the Clean Label Project, a Colorado nonprofit that tests consumer products for contaminants and certifies those meeting its standards.
"The contaminants are an ongoing exposure that may accumulate in cats' bodies over their lifetimes," Hamilton said. "For example, chronic kidney disease is among the most common causes of death in older cats — the kidneys play a major role in filtering heavy metals."
Toxins were found in all types of cat food — wet, dry and air- or freeze-dried — even in products labeled as natural and nutritionally superior, according to the analysis released Friday.
"Cat owners increasingly choose premium meats, organic vegetables and cleaner labels, assuming higher prices and quality ingredients mean healthier food," Hamilton told CNN. "That's not necessarily the case."
Clean Label published a similar assessment of dog food in February that found three to 13 times more heavy metals than human food. Lead and cadmium exposure has been linked to canine cancer, a leading cause of death in dogs.

Let's END Animal Testing! Ever notice how some shampoos and makeup can proudly say "cruelty-free" with a leaping bunny, but your medicine never does? That's not an accident!
The Federal Food, Drug, and Cosmetic Act of 1938 mandated animal testing for drugs, and drug screening still accounts for roughly 75% of all animal testing in this country. That's exactly why operations like Ridglan Farms and Marshall BioResources have been breeding beagles to ship off to labs.
We want to change that.

"They were burned alive from the inside." Today, we sent new evidence of felony dog abuse at Marshall BioResources to the authorities. Beagles were improperly injected with a toxic chemical in the belly. They thrashed and screamed before they died. It's time for NY to enforce the law and save the dogs--If they don't, we will. A former police officer starved his two K-9s, killed one, and got 15 days in jail. I rescued a dog from a torture chamber and face 12.5 years. Isa 59:14: And judgment is turned away backward, and justice standeth afar off: for truth is fallen in the street, and equity cannot enter. Isa 59:15: Yea, truth faileth; and he *that* departeth from evil maketh himself a prey: and the LORD saw *it*, and it displeased him that *there was* no judgment.

Let's compare two cases.

👉 Case 1: Derrick A. Durall, Missouri.

A former police officer. K-9 handler. Responsible for two dogs—active K-9 Apollo and retired K-9 Knox.

🚩 He failed to give them food and water. Apollo lost 25 pounds since his last vet visit in September 2023. By February 2024, he was dead. 41.6 pounds. Decreased muscle mass. Sunken eyes. Severe malnutrition, dehydration, and pneumonia. Knox survived—but had severe heartworms, worn teeth, and had lost 10 pounds. Durall pleaded guilty to two counts of misdemeanor animal abuse.

❌ His sentence: 15 days in jail. Two years of probation. Restitution of $8,900.

❌ He starved a dog to death. He got 15 days.

👉 Case 2: Me.

I walked into Ridglan Farms. I pulled Darling from a cage. I gave him a name and a life.

Now I face 12.5 years in prison.

🚩 He starved a dog to death and got 15 days. I saved a dog and face 12.5 years.

🚩 He killed a K-9. I saved a beagle.

🚩 He gets probation. I get a felony.

Tell me how this is justice.
