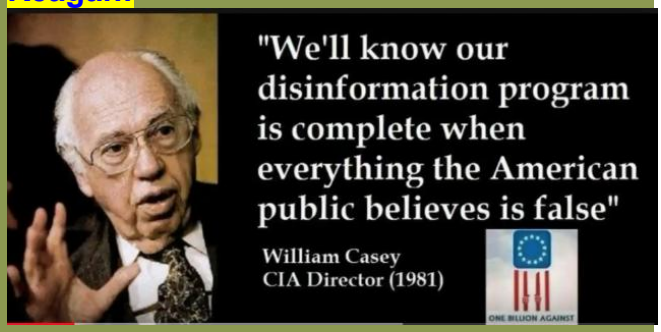
++ In 1981 William Casey (CIA Director) Told the Newly Elected President Ronald Reagan:



Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather reprove them. But all things that are reproved are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light. See then that ye walk circumspectly, not as fools, but as wise, Redeeming the time, because the days are evil."

The 1828 Noah Webster Dictionary defines: "Reprove": To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt."Circumspectly": Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

Matthew 24:24: "...if it were possible, they shall deceive the very elect."

II Corinthians 2:11: "Lest Satan should get an advantage of us: for we are not

ignorant of his devices."
II Chronicles 7:14: "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."
Luke 21:36 Watch ye therefore, and pray always, that ye may be accounted worthy to escape all these things that shall come to pass, and to stand before the Son of man.
Matthew 24:13 But he that shall endure unto the end, the same shall be saved.
Psalm 101:3: I will set no wicked thing before mine eyes: I hate the work of them that turn aside; it shall not cleave to me.
Psalm 11:5: The LORD trieth the righteous: but the wicked and him that loveth violence his soul hateth.
1 Cor 15:33: Be not deceived: evil communications corrupt good manners.
Lexicon Strong's G3657--Outline of Biblical Usage of the Word: "Communications": companionship, communion
***"It does not take a majority to prevail... but rather an irate, tireless minority, keen on setting brushfires of freedom in the minds of men."* Samuel Adams**
"The average age of the world's great civilizations has been two hundred years. These nations have progressed through the following sequence: from bondage to spiritual faith, from spiritual faith to great courage, from courage to liberty, from liberty to abundance, from abundance to selfishness, from selfishness to complacency from complacency to apathy, from apathy to dependency, from dependency back to bondage." ++ & we loose legions of angels regarding all these prayers points to accomplish Your will, and we bind up every devil, demon, evil entity or fallen angel or fallen cherub (that would try to hinder these petitions or angels) and command them to go where Jesus tells them to go!!!! & command that none can come to take their place! In the name of the Lord Jesus Christ we pray, Amen.

Anything But Christ Culture: When You Say 'I'm A Christian,' You Can Expect Pushback, Resistance, And Persecution

September 25, 2026--Jesus' words in Matthew 24 were in response to a question His disciples asked in verse 3: "What sign will signal your return and the end of the world?" Now the disciples faced intense persecution for sharing Jesus' message with the world. All but one of them, John, died a martyr's death.
But the persecution didn't stop with them. And it didn't end in the first century. Some scholars estimate that more Christians were killed in the twentieth century than in all previous centuries combined.
Christians have been persecuted more than any other religious group. And it's not just confined to atheistic or Islamic countries. We're starting to see more and more persecution in the United States. We see it in the woke ideology that has

infiltrated our education system. We see it permeating the military. We see it being spread by the media. I describe it as an "ABC culture": Anything But Christ. When you stand up and say, "I'm a Christian," you can expect pushback, resistance, and even persecution. Paul said, "Everyone who wants to live a godly life in Christ Jesus will suffer persecution" (2 Timothy 3:12). That's a promise of God we rarely claim.

Yet Jesus said the closer we get to the time of His coming, the more His people will be persecuted. So how should we respond? First, remember that it's not us people hate; it's Jesus. And if people see Jesus when they look at us, it means we're doing something right.

Second, consider the times. Jesus said persecution will intensify as we draw closer and closer to the time of His return. If you notice an uptick in the mistreatment of believers, don't get discouraged. Our suffering is temporary; our glorious reward for faithfulness is eternal.

Third, pray for believers who are facing persecution. Ask God to give them the strength and endurance to persevere. Ask Him to help persecuted Christians remain faithful in their mission and not abandon their faith.

Staying strong in the midst of persecution is one of the most powerful testimonies a Christian can offer. It says to unbelievers, "Here's something worth suffering for. Here's something more important than my life." So as persecution increases in the last days, so do the opportunities to impact other people's lives with our response. The challenge of Christians is to look beyond our own suffering and persecution to see the good that God is bringing from it in the lives of others.

POV: You show up to a public hearing because you believe your community deserves a voice… and then you watch people get removed for speaking out. This footage is from the Project Tango hearing in Palm Beach County, the proposed hyperscale data center near Arden and Saddle View Elementary School. More than 80 people signed up to speak. People waited for hours to have their 90 seconds at the microphone. And as tensions rose, multiple residents were escorted out of the chambers…watching this back, I keep thinking about what public participation is supposed to mean. Because free speech isn't only supposed to be comfortable speech. It's supposed to leave room for people to question decisions, criticize government, disagree loudly, and tell the people making those decisions: "This affects my community. Please listen."

Trump and the Feds Target AI Critics As "Foreign Agents"

Anxiety over AI and data centers is widely held, but somehow the Trump administration has convinced itself the public concern was manufactured in China.

This week, in little-noticed remarks by President Trump and Justice Department warning, the administration declared war on protestors and opponents of AI, threatening "criminal liability" if they "further the propaganda or other goals of a foreign power."

The actual targets are just normal people who have no idea they are part of the government's latest national security mirage.

Last week, the Justice Department instructed "citizens and noncitizens" that anyone furthering the "goals" of a foreign power in "any public activity" — including even "public demonstrations" — must formally notify the government to avoid arrest and prosecution.

Though they don't identify any specific protests, it's not hard to surmise who they're talking about. Two days prior, President Trump began a spate of social posts declaring that opposition to AI is a traitorous, treasonous conspiracy theory tracing back to China.

"There is a SICK conspiracy going on against AI and Data Centers, and the only one that is happy about it is China," Trump posted on September 14. "Conspiracy Theorists, Treasonists, Traitors, and Leakers, BEWARE!"

"The people that say AI is going to destroy the World, and that Data Centers are bad for your neighborhood," Trump also posted, "are Revolutionaries, but Revolutionaries for a Bad and Evil Cause."

Most recently, on September 10, Trump alluded to using the criminal justice system to go after "BAD" actors in the AI space. "[W]e will also be looking for BAD, and we can do that, very easily, with our already existing Criminal and Civil Justice System," Trump warned on September 19.

In other words, the president is playing the national security card. And Congress got there first.

A Gallup poll conducted in March found that 71 percent of Americans oppose building an AI data center in their area. That's more than the 53 percent who oppose a local nuclear plant. Nearly half, 48 percent, are strongly opposed, and the opposition crosses party lines, including 63 percent of Republicans. That's not a fringe. It's close to a consensus.

The Trump administration's response: treat opposition to AI and data centers as an enemy of the state!

Are we living through the culling process? The entire Iran war seems like a staged act. It is too perfect--It is a manufactured conflict--To destroy the fuel, oil, fertilizer, potash industry and trigger a worldwide Famine!
Urea is a key export from the GCC and farmers are only a couple months from pre ordering.
This whole war was a cover to bomb supply routes and lines, intentionally disrupt the flow of fertilizer to hit agricultural operations across the globe.
And it's working. Think about it.
How many lies have been spewed about the war?
How many times have we won?
They are prolonging all of this for no reason other than to seemingly implode supply chains worldwide.

Your body is a self-healing machine designed to regenerate--Every cell has a blueprint for perfection, and your DNA isn't a death sentence—it's a repair manual. So why do chronic diseases exist? Because many things are actively blocking the repair cycle every single day by design on purpose—Plus Bible Verses
The Regeneration Timeline:
*** Stomach lining: 3–5 days**
*** Skin: 2–3 weeks**
*** Liver: 6 weeks (can regenerate from 25% of its original mass)**
*** Red blood cells: 120 days**

*** Skeleton: 10 years (complete replacement)**
*** DNA repair: Continuous—thousands of errors corrected per cell every day**
You are literally a new person every 7 to 10 years. Every atom is replaced, and every cell is renewed. Disease should be virtually impossible in a body this capable—unless the inputs are engineered to overwhelm your natural repair systems.
Psa 103:2: Bless the LORD, O my soul, and forget not all his benefits:
Psa 103:3: Who forgiveth all thine iniquities; who healeth all thy diseases;
Psa 103:4: Who redeemeth thy life from destruction; who crowneth thee with lovingkindness and tender mercies;
Psa 103:5: Who satisfieth thy mouth with good *things; so that* thy youth is renewed like the eagle's.
Isa 40:31: But they that wait upon the LORD shall renew *their* strength; they shall mount up with wings as eagles; they shall run, and not be weary; *and* they shall walk, and not faint.
The Daily Assault (24 Hours a Day):
*** Morning: Fluoridated water & toothpaste (causing pineal calcification and thyroid disruption) and cereal packed with glyphosate residue and synthetic vitamins your body can't absorb.**
*** The Commute: EMF radiation from a phone pressed against your head, 5G towers every 500 meters, and a rush of stress hormones from traffic and news alerts.**
*** Work: 8 hours under fluorescent lighting that disrupts your circadian rhythm, prolonged sitting that stagnates your lymphatic system, and a processed lunch cooked in seed oils that trigger systemic inflammation.**
*** Evening: Alcohol that destroys the gut lining, blue light from screens until midnight suppressing melatonin and microplastics leaching into dinner from heated plastic containers.**
*** Sleep: Your Smart Meter and Wi-Fi router running all night beside your bed which is a class 2b carcinogen with the WHO, a memory foam mattress off-gassing formaldehyde, and only 6 hours of rest instead of 8.**
++Every hour, every input is designed to keep you in a state of chronic, low-grade damage that your body can never fully fix.
The Profit Model:
A healthy human generates $0 for the pharmaceutical industry. A chronically ill human generates $10,000 to $100,000 a year for life.
The system doesn't profit from your death (because you stop paying), and it doesn't profit from your health (there's nothing to sell). It profits entirely from the middle ground: being sick enough to need medication, but alive enough to keep buying it.
*** Diabetes: Managed, never cured ($327 billion/year).**
*** Heart disease: Managed, never cured ($219 billion/year).**
*** Depression: Managed, never cured ($326 billion/year).**
*** Cancer: Treated, rarely cured ($208 billion/year).**
That's roughly $1 trillion a year dependent on you staying sick. No industry destroys its own revenue stream. Curing you means bankruptcy.

What Actually Heals:

*** Fasting: Triggers autophagy (cellular self-cleaning) after 16 to 24 hours without food. Your body eats its own damaged cells. Free, no prescription.**

*** Sunlight: Produces vitamin D, nitric oxide, and serotonin while boosting immune function. Free, 20 minutes of skin exposure.**

*** Grounding: Direct skin contact with the earth neutralizes inflammation through electron transfer. Proven in peer-reviewed studies. Free.**

*** Clean water: Spring or properly filtered water hydrates cells and flushes out toxins for pennies.**

*** Sleep: 8 hours in complete darkness. Growth hormone peaks and DNA repair maximizes. Free.**

Everything that heals you is free. Everything they sell you keeps you sick. This is not coincidence—it's an architecture.

Your body is not broken. It is under siege. Remove the siege and watch what it can do.

Spread this far and wide.
