Federal Reserve Promises they Would Not Monetize U.S. Government Debt But Now That Is Exactly What Is Happening

On June 3rd, 2009 Federal Reserve Chairman Ben Bernanke promised the U.S.

Congress that the Federal Reserve would not monetize the debt of the U.S.

government. On November 3rd, 2010 the Federal Reserve announced a massive quantitative easing plan which will involve the purchase of 600 billion dollars of U.S.

Treasury securities by the middle of 2011. Creating 600 billion dollars out of thin air and

using them to buy up U.S. government securities is monetizing the debt. So Federal Reserve Chairman Ben Bernanke has been caught in a lie.

Monetizing the debt is a desperate act. It is a signal that we are rapidly reaching the end of the game. Slamming interest rates all the way to the floor did not revive the U.S. economy. Hundreds of billions of dollars in extra government spending did not do the trick either. The U.S. economy is still dying and the U.S. government is now beginning to find it very difficult to locate buyers for all the debt that it is constantly issuing.

Fed's Quantitative Easing to Starve Middle Class Americans

November 3, 2010--The Federal Reserve today announced that they will be implementing \$600 billion in additional quantitative easing by the end of June 2011. The Federal Reserve will maintain its current policy of reinvesting principal payments from its security holdings and will expand its balance sheet by an additional \$75 billion per month. The total announced balance sheet expansion was \$100 billion higher than the public consensus of \$500 billion. The Federal Reserve will continue to hold interest rates at record low levels of 0% to 0.25%, where they have been for nearly two years.

Quantitative easing is nothing more than the Federal Reserve printing money and creating inflation. This quantitative easing steals from the purchasing power of the incomes and savings of all Americans. While Americans are distracted by the mainstream media with daily debates by the Democrats and Republicans about taxes, U.S. taxes have almost no where near the effect on the lives of middle class Americans as does the Federal Reserve's monetary policy and quantitative easing. Instead of millions of Americans attending "tea party" events in Washington with Glenn Beck and Sarah Palin, they should be marching outside of the Federal Reserve building in New York chanting "End the Fed".

As highlighted in NIA's new documentary 'End of Liberty', which just surpassed 170,000 views in three days, prices of nearly all **agricultural commodities have been spiraling out of control in recent months just in anticipation of today's quantitative easing announcement. In the past 60 days alone, cotton prices are up 54%, corn prices are up 29%, orange juice prices are up 17%, and sugar prices are up 51%. Meanwhile, the Dow Jones has only gained 9%.**

The Federal Reserve is doing everything in its power to push stock market prices up so that the government can take credit for an "economic recovery", but as NIA has been warning for years, inflation gravitates most towards the goods that Americans need most in order to live and survive. There is nothing that Americans need more than food. The agricultural commodity price increases of the past two months will begin to make their way into all supermarkets nationwide during the next few months. Americans who have been struggling just to make their mortgage payments, will now be forced to stop paying their mortgage in order to buy food.

[Press Trust of India](#), Updated: November 03, 2010--

Mumbai: The US is spending a whopping **\$200 million per day** on President Barack Obama's visit to the city.

"The huge amount of around \$200 million would be spent on security, stay and other aspects of the Presidential visit," a top official of the Maharashtra Government privy to the arrangements for the high-profile visit said.

About 3,000 people including Secret Service agents, US government officials and journalists would accompany the President. Several officials from the White House and US security agencies are already here for the past one week with helicopters, a ship and high-end security instruments.

[Homeland Security To "Regionalize" Emergency Supplies Over Next 90 Days](#)

Author: Mac Slavo- November 1st, 2010--From *Independence News* reporter Gregor Deitrich:

A phone interview with Sharon Bylier of The Dept of Homeland Security, revealed that H.S. is stepping up regionalizing disaster supplies. Simply put, they are taking emergency items that are currently centralized in Washington, D.C., and distributing them nationally. Sort of like a mobilization of supplies. Their plan is to complete the supply of fifteen H.S. warehouses around the country in the next three months. Ms. Bylier is quoted as saying "we have worked hard the last six months to meet our local

objectives.” She continued “the goals of Homeland Security are in sight.” **It’s difficult to know if this is a good or bad omen. No comment was offered as to why this program has been given so much urgency at this time. It’s nice to know we’re ready. But ready for What?**

In a previous report we brought our readers a view of [how the U.S. government has been preparing for emergencies and disasters for decades](#). They’ve stocked not only food, but built underground bunkers, stored seed varieties to restart agriculture in the event of a global catastrophe, and designed secondary systems of government (e.g. the shadow government, martial law) in the event of events such as economic collapse, nuclear war and even asteroid collisions.

That the U.S. government is preparing for wide-scale, far-from-equilibrium scenarios is evident.

According to some reports, there has been an acceleration within the emergency planning elements of our government, as if they are anticipating some type of event in the near future. Anecdotal evidence from freeze dried food manufacturers and private bunker construction firms indicates that the government is rapidly purchasing supplies, often leading to shortages for civilians trying to do the same.

420 banks demand 1-world currency

WorldNetDaily--The Institute of International Finance, a group that represents 420 of the world's largest banks and finance houses, **has issued yet another call for a one-world global currency**, [Jerome Corsi's Red Alert reports](#).

"A core group of the world's leading economies need to come together and hammer out an understanding," Charles Dallara, the Institute of International Finance's managing director, told the Financial Times.

An IIF policy letter authored by Dallara and dated Oct. 4 made clear that global currency coordination was needed, in the group's view, to prevent a looming currency war. [Click here](#) to continue reading.

The Silver Alpha: The fundamentals of silver are astoundingly positive and bullish in price prospects. My basic argument has been repeated many times. Industry has countless uses for silver, significant demand. But industry has only miniscule isolated uses for gold, in trivial demand. So silver wins on the Demand side of the equation. Central banks own a huge amount of gold. They frequently sell it, even through their slippery surrogate the Intl Monetary Fund. Central banks own zero silver. So silver wins on the Supply side of the equation. My motto is that gold fights the major political and financial war, but silver will ride in on a shiny white horse and take much larger spoils. Most horrific speed camera of all... It checks your insurance, tax and even whether you are tailgating or not wearing a seatbelt

3rd November 2010

Even the most law-abiding driver might feel a shiver down the spine when spotting this speed camera at the roadside.

For as well as detecting speeding, it is packed with gizmos that check number plates to make sure insurance and tax are up to date.

It also measures the distance between vehicles to spot tailgating and takes pictures of the inside of the car – to make sure you are wearing a seat belt.

The latest weapon in speed camera technology can capture footage from 150ft away. It is the first to detect multiple offences at the same time and is connected to police computers via satellite, so that prosecutions can be started within seconds of any offence.

Development of the system, known as Asset – Advanced Safety and Driver Support for Essential Road Transport – is being funded with around £7million of European money.

Apple developing open SIM for iPhone service, RFID sales

"While observers have hailed the concept as a way for Apple to open up the market for phone service to increased competition, a larger aspect of the reported Gemalto-Apple partnership is likely to involve NFC ([near field communications](#)), **a technology that enables users to authenticate themselves with electronic terminals in order to make retail purchases, obtain tickets, and perform other transactions using RFID (radio frequency identification).**"

Russia has 'more occult healers than doctors'

There are more occult healers in Russia than professional doctors. "According to World Health Organization data, there are **some 800,000 sorcerers and wizards** in Russia," Andrei Yurevich from the Russian Academy of Sciences told a RIA Novosti news conference. "**As for professional doctors, there are around 640,000,**" he added.

Russian newspapers are full of ads for all manner of urban witches and wizards, and an Internet search for Magicheskie Uslugi (Magical Services) brings up a vast number of websites offering to satisfy every conceivable human desire - for a price.

A survey carried out by the Levada independent polling agency in August discovered **that one fifth of Russians have made use of such services.**

Although the authorities have recently moved to crack down on occult advertising, analysts say the entire industry would simply move underground if outlawed. However, the law would still allow licensed healers to stay in business.

Since 2008, the Federal Scientific Clinical Center for Traditional Methods of Diagnostics and Healing has been issuing permits to practitioners of what it calls “traditional medicine” - an extremely broad definition that includes both folk medicine and psychic healers.

The late 1980s saw an explosion of belief in the paranormal and the occult in the Soviet Union, with psychic healers Anatoly Kashpirovsky and Allan Chumak drawing audiences of millions. **MOSCOW, November 1 (RIA Novosti)**

Satanic Sacrifices? A Million In US To Go Missing In 2010

December 13, 2009--by **Richard Evans**--Statistics on missing persons in the United States **are difficult to find, but are appalling**. The following missing persons estimates are from the Kyle Fleischman Foundation: **2,300 American people are reported missing on a DAILY basis**.

“Human trafficking” is a very real and huge activity world wide. Among other uses trafficked people are a pool of victims for **selection for occult human sacrifices**. **Mary Ann estimated tens of thousands of sacrifices routinely occur world wide on the dates on the calendar. Best advice to the public is know where your pets and children are at all times.**

It is estimated that in **2010 over 1,000,000 missing persons will be registered with law enforcement agencies**. 814,957 were registered in 2007.

In 2007 only 15.8% of the missing persons cases registered were classified as “located” by the National Crime Information Center.

52% of “active” cases were juveniles. 11% were considered young adults ages 18-20.

55% of missing adults are men, 40% of them white, 30% African American, 20% Latino.

Only in October of 2001 were adults made inclusive of the National Missing Children's Organizations national clearinghouse database for missing people--this was called Kristen's Law. Kristin was also a Charlotte, NC native, like Kyle.

Little legislation since Kristen's law has been initiated by the government to address the growing problem of missing adults cases in our county. **No new laws have been enacted and little federal support has been given.**

Children Sacrificed by Illuminati –Defector “Mary Anne”

December 12, 2009--by Henry Makow, Ph.D.--**The Illuminati sacrifice children in rituals eight times a year, “Mary Anne,” an Illuminati defector who had been groomed for high political office, told me Sept 31, 2008 .**

I spoke to Mary Anne again last week. She said new and disturbing memories had surfaced. I will present her incredible new information tomorrow evening in “Part Two.”

In preparation, I am summarizing my 2008 interview here for people who don't have 45 min to listen to it. Much of what she says in both interviews is *simply outrageous*. I can't vouch for any of it. But it is consistent with the testimony of other defectors, Svali, Sue Ford and Kathy O'Brien.

<http://www.henrymakow.com/000683.html>

The Illuminati count on people to be incredulous. That's their protection. The more egregious their crimes, the safer they are.

Mary Anne sounds convincing to me. Why would anyone defy the most powerful people in the world? The first interview is [available here](#) so you can decide for yourself. Also, both interviews, although 14 months apart, **are consistent**. People who invent stories rarely can keep track of them.

On Sept. 31, 2008 Mary Anne said that tens of thousands of children will be sacrificed that night (the vernal equinox) in Illuminati ceremonies. The children are bred for the purpose or kidnapped. Satanists believe they gain power from killing. Often they rip out the heart and eat a piece of it. They prefer it to be still beating. At Easter, they kill adults.

There are also sexual rituals involving young children. They are believed to increase power, and create fear and solidarity in members.

Illuminati members live double lives. At night they engage in these Satanic rituals. By day they are found in all walks of life: medicine, education, psychology, therapy, banking, law, law enforcement, government, technology, military, charities and religion.

They are everywhere. The worst are in the news on a daily basis posing as leaders. They are the elite of Freemasonry. They are generational Satanists, which means you have to be born into it. You can't join. Their children are evaluated and trained. Mormons and “Nation of Islam” have parallel beliefs, she said.

The Illuminati and their minions enjoy the certain knowledge that the spiritual realm not only exists and at all times interpenetrates our world; **they also know how to**

manipulate elements of these spiritual dimensions to make things occur at a given place and time according to their wishes.

The world has been divided into ten regions. Different groups are in control of North America. They are related to the Crowns of Europe.

Many Jews have a prominent role **but the Illuminati is not predominantly Jewish. Muslim, Christian, Mormon, Wicca, Pagan and New Age groups all play a role.**

She said 80-90% of the House of Representatives and %100 of the Senate belong to the Illuminati.

Mary Anne said she was sexually abused by her own family from an early age. In spite, or because of this, she was groomed to be a prominent political figure. She worked closely with many world leaders and was sexually abused by them. She was tortured when she refused to carry out assassinations.

All religions are infiltrated and controlled by the Illuminati. The Vatican is rotten at the top. The future "Anti Christ" will be a Pope. All countries, including Russia, China and Iran, are controlled by the Illuminati.

The Illuminati is behind the homosexual agenda and the sexual revolution. They foster anything that is in rebellion against the Christian God.

CONCLUSION

The first responsibility of government is to prevent a perverse criminal organization from taking control.

Our governments have allowed a satanic secret society, the Illuminati, (i.e. the Judeo Masonic central banking cartel) to usurp power. Most of our "leaders" are their appointees or dupes.

Recently a former pilot for corporate bigwigs wrote to me:

"At times I would hear them talk about "the big boys" ... Most said that they did as they were told by the BIG INVESTORS [i.e. central bankers] who really ran the show behind the scenes, that they [CEO's etc.] were just highly paid actors and messenger boys who read a script and made very few decisions themselves."

Our politicians are analogous. They are the CEO's of the corporations called countries, soon to be amalgamated into a world cartel.

Fritz Springmeier Released From Prison

October 28, 2010--by **Henry Makow Ph.D.**--I was elated to receive a letter today from my friend Fritz Springmeier informing me that he has been transferred to a halfway house in the Portland area.

He is there to find a job and accommodation after which he will be released on probation for five years. Under the terms of his probation he won't be able to do any political work but he hopes to be able to teach people to "make good decisions" in the hard times ahead. He is able to work within a 100 mile radius of Portland. If you can help him find a job, or just want to wish him well, he can be reached at:

faspringmeier@gmail.com

Fritz was imprisoned in Feb. 2003 due to his research on the Illuminati and his work deprogramming victims of Illuminati mind control. His books *"Bloodlines of the Illuminati"* and *"The Illuminati Formula Used to Create an Undetectable Total Mind Controlled Slave"* helped thousands learn about Illuminati control.

Peace Partners? 100,000 Rally In Gaza To Wipe Israel Out Of Existence

<http://www.haaretz.com/>--Tens of thousands of supporters of the militant Islamic Jihad movement rallied in the streets of Gaza on Friday, chanting "Death to America" and "Death to Israel."

Young men and boys wearing white T-shirts with a slogan in the shape of a rifle carried portraits of militants killed in combat, under the black flags of Islamic Jihad.

Ramadan Shallah, the group's exiled chief, currently residing in Damascus, sent a recorded message marking the anniversary of the assassination of the group's leader in Malta in 1995, by presumed Israeli secret agents.

"Israel will not bring peace to the region, it will only bring war and destruction and therefore, the slogan of all should be that Israel must be wiped out of existence," said Shallah, who is on a United States wanted list.

Senior leaders of the ruling Islamist group, Hamas, joined the open-air gathering, the largest for years in honor of Islamic Jihad with up to 100,000 attending according to its organizers.

Hamas allowed the group to use city terrain it usually reserves exclusively for its own rallies, and Hamas forces provided security for the parade by its smaller rival.

Islamic Jihad carried out a series of stabbing attacks in the 1980s against Israeli citizens who used to visit the Gaza Strip to purchase cheap goods and later turned to suicide bombings inside Israel.

Its militants continue to harass southern Israel with sporadic rocket and mortar fire from inside Gaza, frequently paying with their lives in swift retaliatory strikes by the Israeli air force.

Islamic Jihad officials said Friday's turnout was a "referendum by the Palestinian people rejecting peace-making with Israel."

Negotiations between Palestinian Authority President Mahmoud Abbas and Prime Minister Benjamin Netanyahu have faltered after Israel's 10-month freeze of settlement construction expired on September 26.

"The choice of negotiation has reached deadlock, and we are wondering why is there such an insistence by the Palestinian Authority on negotiation with the enemy," said Shallah.

He urged an end to peace talks and fresh efforts to heal the rift between Abbas's Fatah movement and the Islamist militants. Raising hopes that the three-year-old split may be coming to an end, the Hamas leader said it was time for unity in the face of Israel.

"There is only the choice of Jihad and nothing else ... There is no more room to make bets, on the Americans or anyone else," said Hayya.

New PA libel: Israel tortures prisoners with hot irons and electric drills

Libelous drawings depicting fictitious "Israeli torture" are part of the new introduction to a PA TV program for Palestinian prisoners in Israeli prisons and their families.

Purporting to show how Palestinian prisoners are tortured by Israel, the drawings portray Israeli prison guards:

- 1- Burning into a prisoner's chest with a hot iron;
- 2- Drilling a hole through a prisoner's hand;
- 3- Burning into a prisoner's shoulder with a soldering iron;
- 4- Whipping a prisoner while hanging him by his feet
- 5- Squeezing a prisoner's head in a medieval looking head press;
- 6- Chopping off a prisoner's arm below the elbow;
- 7- Hanging a prisoner by his arms while chains pull from his chest and neck.

Broadcast twice a week, the program *For You* is aimed at Palestinians imprisoned for terror offenses in Israeli prisons, where they watch the program. It includes footage from the prisoners' home villages and interviews with their family members, who send them televised messages. PA TV is controlled by the office of PA Chairman Mahmoud Abbas.

It should be noted that no accusations about this kind of treatment have ever been made against Israel by the International Red Cross, by human rights groups or by Palestinian prisoners themselves. In a striking irony, in the same week that the PA started to disseminate these libelous drawings on TV, **an article in the official PA daily indicated that the prisons are very different than these libels portray. It stated that Palestinian prisoners are given educational opportunities. The PA daily celebrated how "prisoners in occupation [Israeli] prisons complete university studies and obtain MA and Ph.D. degrees," and proudly cited that "since 2000 more than 10,000 Palestinian prisoners have attained matriculation certificates while still in the occupation prisons."** [Transcript below]

Another testimony corroborating the fact that prisoners are well treated in Israeli prisons came from a Palestinian prisoner interviewed on the *For You* program the day he was released from prison. **The PA TV host was trying to have him express criticism of prison**

conditions, and repeatedly asked him about prison. The prisoner kept answering that prisoners "lack nothing" in the Israeli prisons:

PA TV Host: "You were in Megiddo [prison]. How are the guys?

You were released from prison just today."

Prisoner: "By Allah, the guys in the prison are fine. They lack nothing. They are doing fine."

Host: "Do they lack nothing?"

Prisoner: "They are doing really fine."

Host: "They lack nothing, not even freedom?"

Prisoner: "No. Freedom, Allah willing, there will be freedom."

Host: "How long were you in prison?"

Prisoner: "Two years."

Vatican synod calls for end to Israel's 'occupation' - "no longer a chosen people."

By LISA PALMIERI-BILLIG--*Jerusalem Post*--At conference on Christians in the Middle East, US Melkite archbishop says: "**There is no longer a chosen people.**"
ROME - Bishops from the Middle East who were summoned to Rome by the pope demanded **on Saturday that Israel accept UN resolutions calling for an end to its "occupation" of Arab lands.**

In a final joint communique, **the bishops also told Israel it shouldn't use the Bible to justify "injustices" against the Palestinians.**

The bishops issued the statement at the close of their two-week meeting, called by Pope Benedict XVI to discuss the plight of Christians in the Middle East amid a major exodus of the faithful from the region.

The Catholic Church has long been a minority in the largely Muslim region but its presence is shrinking further as a result of war, conflict, discrimination and economic problems.

"The Holy Scriptures cannot be used to justify the return of Jews to Israel and the displacement of the Palestinians, to justify the occupation by Israel of Palestinian lands," Monsignor Cyril Salim Bustros, Greek Melkite archbishop of Our Lady of the Annunciation in Boston, Massachusetts, and president of the "Commission for the Message," said at Saturday's Vatican press conference. Nearly 70 percent of voters in the state cast ballots approving the measure to block judges from considering Islamic or international law when making a ruling. The proposition's sponsor, Republican Rex Duncan, told reporters Tuesday that the proposition is a "preemptive strike" against judges who he worries could be "legislating from the bench or using international law or Sharia law. [CAIR sues to block Oklahoma sharia ban--CAIR's real agenda revealed](#)

"Islam isn't in America to be equal to any other faith, but to become dominant. The Qur'an should be the highest authority in America." Omar Ahmad, CAIR co-founder, quoted in the San Ramon Valley Herald, July 4, 1998

As the National Journal story reports below, the Oklahoma chapter of CAIR (Council on American-Islamic Relations) has filed suit to block implementation of State Question 755, known as the "Save Our State" amendment.

SQ 755 prohibits Oklahoma courts from using sharia law when judging cases. The amendment was overwhelmingly approved by Oklahoma voters, garnering over 70% support.

ACT! for America played a key role in educating the voters about SQ 755, including two weeks of statewide radio advertising, 600,000 automated phone calls with a message recorded by former CIA director James Woolsey, editorials and letters to the editor, and radio interviews.

Prior to the vote CAIR's Oklahoma director had argued SQ 755 was unnecessary because there was no chance sharia was coming to Oklahoma.

The CAIR lawsuit now confirms what CAIR leaders have said in the past—CAIR's real agenda is the importation of sharia law to America.

Consider Omar Ahmad's quote above. What is he actually saying? That sharia law

should govern America.

Consider this 1993 quote from Ibrahim Hooper, CAIR's current communications director, who told the *Minneapolis Star-Tribune*: "I wouldn't want to create the impression that I wouldn't like the government of the United States to be Islamic sometime in the future."

What Hooper is saying is that sharia law should govern America.

The parties will ask the courts to refer the cases for arbitration to Texas Islamic court within "Seven Days" from the establishment of the Texas Islamic Court panel of Arbitrators. [This is possible under American jurisdiction because] private arbitration agreements are enforceable by government courts.
