**Ephesians 5:11, 13-16:** "And have no fellowship with the unfruitful works of darkness, **but rather reprove them. But all things that are reprov'd are made manifest by the light:** for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest,** and arise from the dead, and Christ shall give thee light. **See then that ye walk circumspectly,** not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

**Reprove:** To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

**Circumspectly:** Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

**Matthew 24:24:** "...if it were possible, they shall deceive **the very elect.**"

**II Corinthians 2:11:** "Lest Satan should get an advantage of us: for we **are not** ignorant of his devices."

**II Chronicles 7:14:** "If **my people**, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

**Church administrator telling me that the church is requiring all home bible study groups leaders to register with LifeScan registry - a database maintained by the FBI**

Steve Q.: *I've been following your website and Alerts for a while and just thought I'd throw something into the mix for any who are interested. My family has been attending a fairly large church (6,000+ members) in Livermore, CA for the past 7 years. Last year the church started heavily promoting their member to attend small groups or "life groups" which are hosted in member's homes. About 4 months ago my family started hosting a bible study with some measured success and budding relationships among the members. Last week, out of the blue, **I received and email from a church administrator telling me that the church is requiring all group leaders to register with LifeScan registry - a database maintained by the FBI. This new requirement is ostensibly to "Maintain a safe environment for members of the church" It seems now the churches are complicit in building a data base of Christian leaders.** It's one thing to read about it, but it's quite another thing when I am confronted with this sort of things personally. Kind of brings it home. I'd be happy to attach or submit the original email I received if you are interested.*

Sincerely,D. PLEASANTON CALIF

Steve Q: **THIS IS WHAT HAPPENS IN COMMUNIST CHINA, WHERE ALL HOME CHURCHES AND CHRISTIANS HAVE TO BE REGISTERED-IF THIS DOESNT MAKE YOU FURIOUS YOU ARE A WALKING DEAD PERSON. THIS ADMINISTRATOR IS A TRAITOR TO HIS FLOCK!**

**Update (Dec. 2, 2013):**

The church is [Cornerstone Fellowship](#) in Livermore, Calif.

So what is a LifeScan registry?

From my search on the net, LifeScan can mean [LifeScan, Inc.](#) –

**a Johnson & Johnson company that manufactures and markets Blood Glucose Monitoring Systems like the OneTouch Ultra family for diabetics.**

Another meaning of LifeScan better fits what's meant by a LifeScan registry maintained by the FBI. **It's an inkless electronic type of fingerprinting.**

The following is from the website

[Absolute Identity Solutions](#) websites states: **Absolute Identity Solutions offers LiveScan fingerprinting for non-criminal purposes... We offer walk-in service as well as Mobile LiveScan services. [...]**

**LiveScan is inkless electronic fingerprinting. The fingerprints are electronically transmitted to the Department of Justice for completion of a criminal record search. The LiveScan technology replaces the process of recording fingerprint patterns through a rolling process using ink. Digitizing the fingerprint images enables them to be transmitted electronically to the Dept. of Justice in a matter of seconds, instead of the days required to send hard copy fingerprint cards through the mail.**

**In other words, mega churches like the one cited above in Livermore, CA, now require leaders of Bible home-study groups to register their fingerprints with the FBI.**

One must ask: "Why?"

**My advice to the man who provided this information is to detach your group from your church and form your own independent private Bible study group.** May God be with you.

## **The True Meaning of the word Christ-Mass**

They tell us that it is the season to be jolly. It is a time of ornaments, red and green decorations, silver bells, holly, mistletoe and colored lights. It is also a time of department store Santas calling out their universal mantra, "Ho ho ho, Merry Christmas." **Nearly all of the realm of so-called "Christianity" join in and repeat this same greeting, "Merry Christmas!"**

Although we hear these words constantly as they resonate millions of times throughout the land, almost nobody understands what they are really saying. It is the purpose of this tract to take the words, "Merry Christmas" and examine the true meaning and essence of those words.

A true Christian would want to examine everything they say, because Jesus said in Matthew 12:36-37, **"But I say unto you, that every idle word that men shall speak, they shall give account thereof in the day of judgement. For by thy words thou shalt be justified, and by thy words thou shalt be condemned."** **We will now set aside all of the customs, glitter and traditions of Christmas, which were taken from pagan witchcraft and popularized by the Roman Catholic Church, and we will focus on the true meaning of the words, "Merry Christmas!"**

The word "Merry" is simple to define. It unquestionably means to be happy, joyful and light-hearted. The word "merry" fits into the ambience of laughter and frivolity. This

word "merry" by itself is innocent and innocuous enough, **but as we will now see, it becomes heinously blasphemous when used with the word "Christmas."**

Here let it be noted that most people think that the word, "Christmas" means "the birth of Christ." **By definition, it means "death of Christ", and I will prove it by using the World Book Encyclopedia, the Catholic Encyclopedia, and a book entitled, The Mass In Slow Motion.**

If you are an honest, sincere and discerning Christian, please read on; if not, you might as well stop right here. The World Book Encyclopedia defines "Christmas" as follows:

**"The word Christmas comes from "Cristes Maesse", an early English phrase that means "Mass of Christ." (1) It is interesting to note that the word "Mass", as used by the Roman Catholics, has traditionally been rejected by the so-called Protestants, such as Lutherans, Baptists, Methodists, Presbyterians, Pentecostals and so on. The word "Mass" is strictly a Catholic word and thus, so is "Christ-Mass."**

It would stand to reason, that since all of these denominations love and embrace "Christ-Mass", **that December 25th is the great homecoming day, when all of the Protestants become Catholic for a day. It would seem that all of the so-called "wayward daughters" of the Romish church return to their mother, the scarlet harlot. Thus, all of the so-called Protestant churches could sing to the Pope that popular song "I'll be home for Christmas."**

As previously stated, **the word "Mass" in religious usage means a "death sacrifice." The impact of this fact is horrifying and shocking; for when the millions of people are saying, "Merry Christmas", they are literally saying "Merry death of Christ!" Furthermore, when the fat man in the red suit laughs boisterously and says, "Ho ho ho, Merry Christmas", he is mocking and laughing at the suffering and bleeding Saviour, who died for our sins. He does this while parents place their little children into his waiting arms to hear his false promises of gifts that he says he will give them. Consider what you are saying when you say "Merry Christmas."**

What is so amusing about our Saviour's painful death? What is so funny? Why is Santa laughing? Why are you going along with it? Your words do count and Satan knows it. Yes, the word "Mass" does mean "death sacrifice", and to cement that fact, we will consider the definition of the inventors of the religious application of the word "Mass." I am looking at **page 537 of the Catholic Encyclopedia, which says, "In the Christian law, the supreme sacrifice is that of the Mass." It goes on to say, "The supreme act of worship consists essentially in an offering of a worthy victim to God, the offering made by a proper person, as a priest, the destruction of the victim." (2) Please note carefully the word, "victim" of the Mass. The Latin word for victim is "Hostia" from which the word "host" is derived. The Mass, by definition of those who coined the word, is a sacrifice involving a victim. There is no other meaning for the word "Mass" or "Christ-Mass." On page 110 of a book entitled "The Mass In Slow Motion", we find the following words: "It is only with the consecration that the sacrifice of the Mass is achieved. I have represented the Mass to you, more than once, as a kind of ritual dance." (3)**

**In essence, the Mass is the ceremonial slaying of Jesus Christ over and over again, followed by the eating of his flesh and the drinking of his blood. The Mass**

is the death sacrifice, and the "Host" is the victim. This is official Roman Catholic doctrine, and "Christmas" is a word that they invented. Again, I ask, what is so merry about the pain, bleeding, suffering and death of Jesus Christ? Satan has done quite a job of getting millions of so-called "Christians" to blaspheme. What a deceiver he is.

Now you know the true meaning of the word "Christmas" or Mass of Christ. There is much more to know about this pagan holiday, and we will be glad to provide you with plenty of evidence that Jesus was not born on December 25th, and that Christmas is not only a lie, but is actually a witches' sabbat called "Yule" in clever disguise. Please contact us at the address below, and for the sake of your soul, flee from idolatry!

**Islamic Jihad—It's NOT Coming- IT IS HERE! Oslo Police: "We Have Lost The City" to the Muslims**

From: Craig Maus

Sent: December 04, 2013

Subject: RE: Oslo police: "We have lost the city"

Importance: High

**Dear Patriots:**

NO need in attempting to be 'cute' in trying to make a point when these conditions, as noted herein, are just part of a larger nexus cloaking an Ideology associated with the Progressive-Marxist 'mind-set' intent on

destroying OUR Constitutional Republic.

The conditions seen herein will soon, if not already, be visiting themselves at a City Near YOU here in AmeriKa.

## OSLO POLICE SAY THAT THEY'VE LOST CONTROL OVER THE CITY....

This mirrors exactly what has been happening throughout Europe and the United Kingdom, **as Muslim enclaves become no-go zones for non-Muslims, including the police, fire dept and medical first responders.**

European 'No-Go' Zones for Non-Muslims Proliferating (this was posted as early as Nov of 2011!!)

A devastating CBN report shows that Oslo is in control by Muslim invaders. In many parts of the city the Sharia already applies as the only law. That's where the local Imams reign. Recent police statistics reveal that 100% of all rapes in Oslo are committed by non-Western immigrants (aka Muslims) and 90% of the victims are Norwegian women, victims that are even declared by the Muslim offenders as "racists"- by these demon possessed Muslim slime bags.

## Islam Encourages Savage Rapes Of Non-Muslim Women

June 29, 2011 by burkasrugly

**Fellow Infidels, Muslim men are taught to be ravenous, violent rapists. Even animals do not do this. Pat Condell is correct...this is cultural jihad. Listen to what he says: Play: <http://www.youtube.com/watch?v=sEsWO4xep44#t=233>**

**We simply cannot allow this to pass without comment. Pass this video along....even to your liberal friends. After all, aren't they all for women's rights? Ask them if they agree with the Muslims who say that Western women are "asking" to be raped by the way they are dressed**

You do not see many straw-blond women in Oslo these days. Many Norwegians dye their hair dark to not be immediately recognized as a blonde woman. A weak protection against the Muslim rapist gangs, but at least it gives them a little security -somehow-, since police can hardly protect them. **"We have lost the city," the police said.**

The therapist Kristin Spitznogle was sharply criticized because she uttered what can clearly be seen and proven by statistics: *Muslim men are raping non-Muslim women.*

**Any woman, not dressed compliant to the Quran and not circumcised (physically mutilated as they do to all their females), is a whore to Muslims and may be raped. [They never go by the nations laws that they infiltrate - they use Sharia law everywhere they go and force others under it as well and they take over a nation city by city! Thus thy can do as they like and never get arrested under the nation's laws they are in, since they only live by their own law, so the nation cannot arrest them for breaking their laws. They murder freely and openly and never worry about being arrested for it. They just claim freedom of "religion"! They set up their own country, govt, courts, laws, etc inside of any country they infiltrate! A country within a country yet they claim the same borders as the nation does, declaring the entire nation as their own - that is how they have always operated! How nations can be so stupid and suicidal as to allow any of them into their country is just insanity and asking for bloodshed and a coup on their country.]**

Meanwhile:

**Swedish laws prohibiting "hate speech" against racial minorities have been vigorously enforced. There have, for example, been a number of gang-rapes of Swedish women by Muslim immigrants. But Swedes must be careful what they say about them. On May 25, Bjorn Bjorkqvist was convicted and sentenced to two**

**months in prison for writing, "I don't think I am alone in feeling sick when reading about how Swedish girls are raped by immigrant hordes."**

And:

**The German journalist Udo Ulfkotte told in a recent interview that in Holland, you can now see examples of young, unveiled Moroccan women with a so-called "smiley". It means that the girl gets one side of her face cut up from mouth to ear, serving as a warning to other Muslim girls who should refuse to wear the veil. In the Muslim suburb of Courneuve, France, 77 per cent of the veiled women carry veils reportedly because of fear of being harassed or molested by Islamic moral patrols.**

**The Hijab, aka the Islamic veil, is thus not "just a piece of cloth". It serves as a demarcation line between proper, submissive Muslim women and supposed whores or un-Islamic women who deserve no respect and are asking for rape. The veil should more properly be viewed as the uniform of a Totalitarian movement, and a signal to attack those outside the movement. Judged in the light of the Mufti who said that women who don't wear it are asking for rape, how on earth can the veil be said to be about "choice"?**

**Rape, of course, is specifically sanctioned by Islam, as one of the fringe benefits of jihad; there is even a procedure for technically making it a social norm, because Muslim men are allowed multiple wives. Thus, the women to be raped are considered to be serially temporarily "married" to the rapist, and then immediately divorced as a consequence of being the spoils of jihad.**

**Also, slave girls are specifically set aside as available for the pleasure of the jihad warrior. This is going on today -- right now -- in the Sudan.**

**The Islamic legal manual which carries the endorsement of Al-Azhar University, which is the most respected authority in Sunni Islam, stipulates: "When a child or a woman is taken captive, they become slaves by the fact of capture, and the woman's previous marriage is immediately annulled." Why? So that they are free to become the concubines of their captors. The Qur'an permits Muslim men to have intercourse with their wives and their slave girls: "Forbidden to you are ... married women, except those whom you own as slaves" (Sura 4:23-24).**

**And we're supposed to respect such an abomination of a system, which functioning today -- based on the example of Mohammed himself! -- as some kind of legitimate religion?**

**The Islamic Koran states in Bukhari 7.62.88: "The Prophet (Mohammad) wrote the (marriage contract) with 'Aisha while she was six years old and consummated his marriage with her while she was nine years old and she remained with him for nine years (i.e. till his death)."**

**Muslims take this seriously and imitate Muhammad in this. Article 1041 of the Civil Code of the Islamic Republic of Iran states that girls can be engaged before the age of nine, and married at nine..."**

**The Ayatollah Khomeini himself married a ten-year-old girl when he was twenty-eight. Khomeini called marriage to a prepubescent girl "a divine blessing," and advised the faithful: "Do your best to ensure that your daughters do not see their first blood in your house."**

**Walid al-Kubaisi, a Norwegian journalist, is a native Iraqi and Muslim. He says: [Norway is basically gone, it's now a Muslim nation, which makes more than half**

**the world under Sharia law now. But this is what happens when you allow Muslims into your borders - this is what they have done for centuries, yet no one seems to ever learn, except Japan, who does not allow Muslims into their country - the only wise ones on the planet !]**

Only a few months ago, terrorist group Ansar al-Sunna has threatened with terrorist attacks in an open letter and explains:

**“We do not want to be part of the Norwegian society. We do not want to live with filthy creatures like you.”**

**They call for an Islamic state where the Sharia is law, although less than 10% of the Norwegian population are Muslims. How will things be when they reach 20 percent or more?**

**CDC's Obamacare Secret Security Force, Not Very Secret, But Definitely Scary**

The [Drudge Report](#) had a headline today informing people about **ObamaCare setting up a Secret Security Force**. For those aware of what is going on with the Government's H7N9 pandemic planning, **it is not very secret**. But it is something the media does not cover much, likely because of the concern it would cause if the citizenry knew that- **yes the CDC believes it has the authority to put a gun to your head and force you to take that shot of experimental H7N9 vaccine. And, oh by the way, they just did order 600 million syringes to give every person in the USA two shots.**

Moreover, **not only does the CDC have the 600 million syringes on the way, they just created a new Division, and are staffing a that Division, for the primary purpose of nationalizing state and local health departments** by embedding their own people in these health departments and by moving the locals onto the Federal payroll. **Of course you need not take our word for it they are very forthright about the situation and plans in their announcements in the Federal Register and their orders of FedBizOpps.** see the source links below

From: Noah

Subject: **Horror as patient wakes up in NY hospital with doctors trying to harvest her organs for transplant profits**

Is this real? This is a money making business?

[http://www.naturalnews.com/041152\\_transplant\\_patients\\_organ\\_harvesting\\_presumed\\_consent.html](http://www.naturalnews.com/041152_transplant_patients_organ_harvesting_presumed_consent.html)

**Response: Absolutely, I have reported on this as well. See the movie Coma (the old one and the remake). Total evil. Never be an organ donor unless you want to take a huge risk if you end up in a hospital.**

(NaturalNews) I've warned Natural News readers about this several times over the last decade: Do NOT become an organ donor! Although you may wish to help others out of the goodness of your (literal) heart, the sinister truth is that **doctors routinely harvest organs from LIVING patients right here in the USA.**

And here's yet more proof. This true story will astound you.

A woman named Colleen Burns recently opened her eyes to find herself on an operating table in a hospital in Syracuse, NY. **Looking around, she noticed that she was the subject of the operation. It turns out doctors were about to harvest her organs and send them to other waiting surgeons who would transplant them into other patients. This isn't fiction. It was covered by ABC News and several other news sources. It really happened.**

And how did it happen? **Doctors falsely pronounced her dead** by fraudulently claiming she had suffered "cardiopulmonary arrest" and "irreversible brain damage." **This gave them the medical justification to start slicing away even while the woman's heart was still beating.**

This is a big "I didn't know that" fact about organ donations: **Doctors don't wait until you're really dead. At least not by any normal definition of "dead."**

See, you and I think "dead" means your heart isn't beating, your brain isn't functioning, and you're lifeless. **But hospitals -- which happen to generate huge profits from the trade of transplant organs -- have a strong financial incentive to declare you "medically dead" long before you're actually lifeless.**

They can, in fact, declare you "dead" even when your heart is still beating and you still have brain activity. And they often do. **This is how a lot of the organ harvesting in America actually gets done: patients that are on the verge of death (but not yet actually dead) are simply "declared" dead, then their organs are quickly removed, killing them for good.**

It's a crime that takes place every day in America, where U.S. hospitals have been caught over and over again engaging in **black market organ trafficking.**

Read: [U.S. Hospitals Secretly Promote Black Market Trading of Harvested Organs for Transplants](#)

Organ trafficking is a multi-billion-dollar industry. **Wealthy people around the world are always in need of new kidneys, new livers, new hearts and other body parts.**

And guess who makes the money on all these [organ](#) transplants? **The doctors, hospitals and drug companies, of course. Organ transplants are a hugely profitable industry -- largely because they get the organs for free. Patients who are killed by these doctors are never paid for their organs. The fact that they "donate" them actually means they are donating their immensely valuable organs to a for-profit system that's going to earn potentially millions of dollars off the organs of a single donor.**

So while the donor patient gets murdered for his or her organs, the doctors engaged in organ removal and organ transplants get wealthy. Transplant recipients and health

insurance companies pay huge dollars for organ transplant surgeries, and the profits are ongoing because transplant recipients must also pay for a long course of organ transplant anti-rejection drugs, all priced at top dollar monopoly prices (of course). Truth be told, the organ transplant industry is all about money -- at any cost. It's about killing patients who might otherwise survive in order to take their organs and make millions of dollars transplanting them into other patients... patients who typically only have a few months to live even after the transplant.

Read: [Global organ harvesting a booming black market business; a kidney harvested every hour.](#)

Here's another dirty little trick the organ transplant industry will never tell you: **The organs that are transplanted into other patients are often fatally damaged and full of infectious diseases.**

As yet more proof of this, take the case of Colleen Burns, mentioned above. She tried to commit suicide by taking a toxic combination of prescription medications. According to the doctors, this toxic cocktail of chemicals was fatal, and it killed her (they pronounced her dead).

Yet, simultaneously, they still insisted her organs were healthy enough to transplant into another patient! That's why they almost began harvesting them.

In other words, even organs that doctors know are heavily damaged with toxic chemical cocktails will still be transplanted into other patients! (This is 100% true.)

But it's even worse than that...

There are effectively **zero quality standards** in the organ transplant industry. If the organ still functions at any level, it's "good enough" to be slapped into a transplant patient even though that organ might actually kill them.

One of the reasons organ transplant patients often die so quickly after receiving transplants is because **the organs they often receive are ticking time bombs of disease.**

**Introducing a diseased heart or kidney into someone's body, for example, can suddenly infest that person with hundreds or even thousands of viruses and blood-borne illnesses that quickly overcome their weakened immune systems. This is made even worse by the anti-rejection drugs which, by definition, cause extreme suppression of immune function.**

So at the exact time that new diseases are being introduced into the transplant recipient's body, their immune system is being undermined by anti-rejection drugs. Not surprisingly, this is a recipe for disaster, and that's one reason why so many patients die so quickly after receiving "donor" organs.

**Response:** See--

Colloidal silver is mentioned here but I would take 1/4 tsp. 5000ppm and hold it in your mouth over the affected tooth for 4-5 minutes and then swallow. I would do this 3 times a day or more until the tooth pain is gone.

**If you are prone to teeth problems you should be taking Biodent by Standard Process (6 day)**

**Subject:** **Bleeding Ulcer Question**

Dear Scott

I am asking you to pray for my friends sister Margarita. She is only 19 and in the hospital with a critically bleeding ulcer. She also has arthritis so bad that she is unable to stand without assistance. In the past 2 years, I have seen her go from a vital healthy young woman, to someone who looks and moves like a person much older than her years. But the most critical matter now is that she might pass, from this ulcer. And although she has been recently baptized, my friend is unsure about whether she has a full understanding of salvation. Please pray for her.

**Response:**

**Yes I will do so and I also know what would fix this quick. Chlorophyll Complex (9 day) and Okra Pepsin E3 (9day) both by Standard Process would get this bleeding stopped fast and get her on the road to recovery. I have seen the Chlorophyll stop massive intestinally bleeding literally overnight. These are professional lines I carry or you could contact the company directly for any doctor in Alaska that carry them> <https://www.standardprocess.com/Contact-Us>**

Hi Dr. J, I tried the C Complete Powder from my last order and I am a huge fan! I could tell a difference with energy and focus when I drank my c powder; perhaps I was deficient in vit c? Anyway, my mom and sister are also fans and my powder went pretty fast. Thank you so much,

**Subject:** **Bronchitis/Colloidal Silver Testimony**

Brother, I don't want to take up much of your time because I know you're busy, but I just had to share my experience with you. I've been prone to getting chest colds my entire life, and about 4 years ago I got a bad bout of bronchitis while I was pregnant. I've had it once or twice since then, and the cough is so bad that my chest feels like it's going to rip open. It's extremely miserable and painful. My mom suggested that I try some of the colloidal silver that she had purchased from you (it was the 5,000 PPM). I started out on 7 drops each morning and evening, along with a Vitamin C with added bioflavonoids (also twice a day). On the second day when I woke up, I did NOT have the heaviness in my chest or even feel the need to cough!! I'll have to admit that I was skeptical at first, but I was willing to try anything to keep the bronchitis from setting in. This will be the FIRST thing I go to at the onset of any cold from now on!...Your sister in Christ, Jessica

**Response: Thank you so much for this testimony. Also just so you know the most powerful way to take the silver for a lung infection is a 100ppm strength put**

into a nebulizer inhaled for 4-5 minute intervals several times per day. God bless you!

**Subject:** **Pink eye and MSP Testimony**

Blessings Brother Scott, Quick question.....I have pink eye! I have on hand a bottle of 500ppm and a few bottles of 5000ppm of MSP. Can you tell me how I would go about diluting either strength of those to be used as eye drops according to the physicians desk reference for Invive? It says to use only 50ppm in the eyes so I do not want to calculate incorrectly.

**Response: Sandra--Dilute one drop of the 5000ppm with 100 drops of distilled water to make a 50ppm eye solution for pink eye. Or dilute one drop of the 500ppm with 10 drops of distilled water to make a 50ppm eye solution for pink eye. One drop of this solution in each eye 3 times a day till better. God bless!**

Sandra's Response: Thank you Scott. The MSP cleared it up quickly as it does most things I've encountered. Just wanted you to know about another successful MSP resolution. Sandra

With regards to temperpedic beds...we had one and after sleeping on it for a few month's, started to not feel so well. We did some research and discovered memory foam is loaded with chemicals and they put out gases. We went on a forum with other people who were having alot of problems as well. So they may be comfortable but not so healthy. We now have a completely organic bed made of wool and latex and it is the most amazing bed we've ever had. We met the manufacturer at a home show. He is just one guy making incredible beds out of pure natural latex and pure wool by building layers. Here us a link to the website. <http://snugsleep.com>

I know you have a water machine from Ecoloblue - if we had an EMP attack how would we protect them? Don't they have chips in them? I am about to purchase the solar panel that goes with mine but I was thinking if the EMP fried it then the solar panel would be useless? Any thoughts on this?

-----  
**Comment: Yes you are right the only way to compensate for this is to have an extra Ecoloblue (with the solar panels) in a EMP proof faraday cage which is a tall order and a lot of extra money for most to put out. See:**

**Subject:** [Edible - Medicinal Landscaping](#)

Hi Dr J, We live in FL. My heart is burdened as I do believe our country is on the verge of a massive breakdown. I'm attaching a picture of my edible and medicinal yard. The back yard has just as much and houses bee hives and chickens. I do garden using permaculture methods (permanent agriculture) which I believe is the way God intended us to garden (only using natural fertilizers / pesticides) and building the soil which feeds the trees and plants

which of course feed us. This method also reduces the need to water. It mimics the forest and often doesn't require any watering at all as one continually layers the soil with cut leaves and limbs which will hold the moisture in the soil even in FL. I did not water at all this past summer. (I have put in several swales). **I don't believe most people realize just how much can be grown on 1/10 of an acre in the city and just how many edible plants there are. Most of these plants do not look edible.** Also, if people do not garden in rows, often folks will not realize there are edibles in a yard. My mailman asked me this summer if I grew any normal garden edibles and I stated of course. Peppers, eggplant, squash and many culinary (as well as medicinal) herbs are all around my fruit trees (using a companion planting method). Once I pointed them out to him, he was amazed. I've also been able to hide several water catchments in my yard with my "overgrown" garden.

I also use many perennial vegetables rather than annual vegetables. Perennials do not have to be replanted every year like annuals. A great book about these types of vegetables is [Perennial Vegetables: From Artichokes to Zuiki Taro, A Gardener's Guide to Over 100 Delicious and Easy to Grow...](#) by [Eric Toensmeier](#).

God has give us so many edible and medicinal plants. Here is a great webpage to learn about foraging: <http://www.eattheweeds.com/>

Here's a link to a video of another couple in FL that gardens using the permaculture method:

<https://www.youtube.com/watch?v=77rat8Rqi2s&list=PLA302F7D0CEA4F65A&index=2>). It is incredible how much they are growing in their yard! I have been to their yard and believe they could live off it. Most people don't realize just how much can be grown in an urban environment especially if you use the backyard orchard method (<http://www.nwedible.com/2011/04/backyard-orchard-culture-designing.html>).

Permaculture methods can be used in all climate zones for food forest (even on 1/10 of an acre). I want people to know that much can be grown in urban areas and that their

food plots do not need to look like a food garden. Many people think I have a native flower garden.

**ECHO is an organization that prepares missionaries to live in 3rd world countries. Because of this, much of their publications have to do with off the grid living.** Their organization is in North Ft. Myers. They offer an "Appropriate Technology" tour. The class is title appropriate technology as they teach missionaries to use whatever they have on hand / appropriate for the folks that will be using it (cost wise and availability). Here is a link to many of their PDF's which could be useful for all. Many pertain to off grid living.

I believe you sent this link out before, but it may be worth sending it out again:

<http://www.backtoedenfilm.com/> . I have also tested this method in my yard and it really has worked well. This method is the same as permaculture. It creates a cover for the ground and roots and once the material decays, it builds soil. If folks are worried about termites, they just need to get some chickens. The chickens will eat the termites.
