**Ephesians 5:11, 13-16:** "And have no fellowship with the unfruitful works of darkness, but rather reprove them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light. See then that ye walk circumspectly, not as fools, but as wise, Redeeming the time, because the days are evil."

The 1828 Noah Webster Dictionary defines:

**Reprove:** To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

**Circumspectly:** Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

**Matthew 24:24:** "...if it were possible, they shall deceive the very elect."

**II Corinthians 2:11:** "Lest Satan should get an advantage of us: for we are not ignorant of his devices."

**II Chronicles 7:14:** "If **my people**, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

**Comment: To frame this whole topic from the start:** Matthew 24:38 & Luke 17:26 say: "And as it was in the days of Noe (or Noah), so shall it be also in the days of the Son of man." **What is the significance of this statement and how does it relate to the Nephilim, UFO and/or Alien Agenda?** The flood epic of Genesis 6 begins with a strange account of the 'sons of God' (or angels in the Old Testament), taking human wives. Gen 6:4: "There were giants in the earth in those days; and also after that, when the sons of God came in unto the daughters of men, and they bare children to them, the same became mighty men which were of old, men of renown." The Hebrew word which is translated, 'giants' is 'Nephilim', which means, 'The fallen ones'. Jude describes them as 'angels, having left their first estate'. These fallen angels came to earth for their own purposes & to corrupt the seed of humanity and ultimately destroy the human civilization so as to negate the Biblical statement made below by God himself. Genesis 3:14-15: 'And the LORD God said unto the serpent, Because thou hast done this, thou art cursed above all cattle, and above every beast of the field; upon thy belly shalt thou go, and dust shalt thou eat all the days of thy life: And I will put enmity between thee and the woman, **and between thy seed** and her seed; it shall bruise thy head, and thou shalt bruise his heel.'

Dr Scott I know you don't have tv but you need to see the Latest X files that just came out. Wow~!! For research purposes go to a friend's house that has these episodes and watch them...**its incredible the dialogue in that first episode... It basically correlates with what you've been talking about the last 10 years or so...they say everything in this new show leaving almost nothing out.**

Subject: [Listener Comment on Alien Agenda & Hollywood](#)

Hi Dr. Johnson, Sorry to add more to your information on the alien agenda - but I have seen this in several places in the mainstream media. It seems as **part of the alien agenda is to put in our heads that we must become like the aliens in order to defeat them! I have noticed this in two TV shows.**

The first, *Falling Skies*, depicts humans who have been captured by the alien invaders. Once they captured them, **the aliens put some kind of "harness" on the humans which mutated their DNA and changed them to be like the aliens. Over the course of the show, some of the human/alien hybrids were rescued. They were able to remove most of the harness (using technology from a rival alien race), except for part of it that remained attached to their spine, as it would likely have killed them if they had completely removed it. It looked like spikes sticking out of their spine. In the resistance group that was fighting the aliens, those who had the alien DNA, the remaining "spikes," were the best soldiers: they could run faster, jump higher, go longer without sleep; it even "healed" one of them of asthma and the need for reading glasses. They were like super-soldiers and were integral in their fight against the invaders. One character even said to one young man with the "spikes," "Enjoying a little taste of that alien DNA?"**

The second one is the reboot of *X-Files*. There is an (engineered) anthrax outbreak and people are getting sick and dying. **The only solution is to create a vaccine from Dr. Scully's (the female main character) blood because she has "alien DNA" which prevented her from getting sick. She was selected as one of the "elites" so she was given this "alien DNA" in a vaccine at birth (I think, they weren't exactly clear on that part). She was able to isolate the part of her DNA that made her immune, magnify it and put it into a vaccine for the masses.**

### [Paul McGuire On The "Alien DNA" \(That Some Hope To 'Awaken'\) Found Encoded In Some Humans](#)

A number of new scientific studies of human DNA have concluded that the popular theory of evolution is not completely true. **Scientists now believe that Mankind acquired...through an extra-terrestrial source...foreign genes from microorganisms not of this Earth.** This new scientific theory which is sometimes referred to as the Ancient Astronaut Theory proposes that Mankind as we know it has an ET genetic code in a statistically significant percentage of the human population. The research published in the Journal of Genome Biology focuses on "horizontal gene transfer" between "alien DNA" found in a co-habiting environment. **"This is the first study to show how widely horizontal gene transfer**

**(HGT) occurs in animals, including humans, giving rise to tens or hundreds of active 'foreign' genes,"** said Alastair Crisp from the University of Cambridge.

**"Surprisingly, far from being a rare occurrence, it appears that HGT has contributed to the evolution of many, perhaps all, animals and that the process is ongoing, meaning that we may need to re-evaluate how we think about evolution."**

**The bottom line is that an extraterrestrial genetic code may be found in human DNA, according to the research of two Kazakhstan scientists, who theorize that human DNA may have an extraterrestrial "stamp" embedded into it. These scientists believe a highly advanced alien civilization "seeded" the Earth. This theory coincides in part with Genesis 6:1-4 where the "sons of God" or the B'nai Elohim or fallen angels mated with human women and produced a hybrid species called the Nephilim. Transhumanism advocate Natasha Vita-More (MSc, MPhil, PhD Candidate) states “A transhuman is a human in transition. We are transhuman to the extent that we seek to become posthuman and take action to prepare for a posthuman future.

She goes on to state: **Whether it is the shingles or the flu, the proactive development of molecular agents, such as nanorobots via vaccines, to combat these and other protagonist viruses is the right thing to do...building a strong defense through nanomedicine to combat viruses is a worthy undertaking.”**

Christian author Sharon Gilbert states: “Transhumanism, also known as the H+ movement envisions a higher lifeform surpassing homo sapiens in favor of homo sapiens 2.0, a bioengineered construct that fuses man’s original genome with animal and/or synthetic DNA. For decades, laboratories have created chimeric combinations of animal, plant, and even human DNA under the guise of medical research. The stated goal is to better man’s lot by curing disease, but this benign mask hides an inner, sardonic grin that follows an ancient blueprint to blend God’s human creation with the seed of fallen angels: ‘You shall be as gods’. I warn of a day when true humans may unknowingly receive transhuman instructions via an implant or injection. A seemingly innocuous vaccine or identification ‘chip’ can initiate intracellular changes, not only in somatic or ‘body’ cells but also in germline cells such as ova and sperm. The former alters the recipient only; the latter alters the recipient’s doomed descendents as well.”

**++** [The “Ancient Astronaut” Lie: The Shocking Origin of the “Intelligent Design” Theory](#) December 28th, 2007

This is a special study I felt convicted to do after viewing a 27 minute internet video put out by the Raelian cult. This video does one of the most through jobs of condensing most of the coming “New Age/New World Order” lies that I have ever witnessed. Most of these lies seem so appealing to the unsaved, for the same reason Eve was seduced by the serpent in the Garden of Eden: Because they promise: “Ye shall be as gods”. If anyone buys into this then all accountability to a Holy God goes out the window & they feel they can live anyway they want. Satan is still “The most subtle best of the field” and he has not changed his

tactics as you will see when you listen to this audio. In this teaching I will be playing the sound from this video and stopping to comment along the way so I can ultimately present a full rebuttal to this most egregious heresy. This “Ancient Astronaut” theory is going to unfortunately take many people to hell and is going to be one of the cornerstones of the grand deception the Antichrist will perpetrate.

[The Intelligent Design LIE](#) August 20th, 2006—In this teaching we will look at how ‘Intelligent Design’ is NOT Biblical, but actually has its original roots in 19th Century Deism; in the New Age Movement; and currently in pseudo-science and mathematics which disbelieves Biblical Creationism. Yet, most Christians believe that ‘Intelligent Design’ is Biblical! In the 1990’s the New Age authors began to teach ‘Interventionist Creation’, in which Aliens came to earth millions of years ago and created Earth as we see it now (including all humans) and then they left. This heresy has now evolved into the modern day New Age theory that supposes that super-intelligent aliens intervened in world history at just the right time to create the world as we know it. Today this theory has a new name (with pseudo-science and mathematics to make the concept believable) the term for this ‘new’ theory is ‘Intelligent Design’. So in other words (in its purest form) this theory teaches that millions of years ago mankind was created by aliens claiming to be the gods of our creation. (AKA: The Ancient Astronaut Theory).

### [Thousands of Documents Disclosing Aliens-UFOs soon to be released by US Navy Whistleblower](#)

February 17, 2016-- On February 15, Britain’s [Express newspaper announced](#) that a new whistleblower is about to publicly emerge with thousands of documents concerning extraterrestrial life. Nick Pope, a former government official that led an investigation by Britain’s Ministry of Defense into UFO files for three years, has declared that the whistleblower is a genuine insider.

The Express described the whistleblower as a third-class petty officer with the U.S. Navy who worked for three years (1986-1989) at the Naval Telecommunications Center within the former Naval Air Station at Moffet Field, near San Francisco, where he gained access to the documents.

The whistleblower, according to the Express, filed a report with the Mutual UFO Network on February 13 claiming he wants to promote “disclosure”. He was [quoted as saying:](#)

I’m not reporting a UFO sighting rather a UFO related experience. I have copies of my security clearances. I personally handled, viewed and delivered thousands of documents involving UFO/ET Projects. My secrecy agreement with the US Government expired in October 2014.

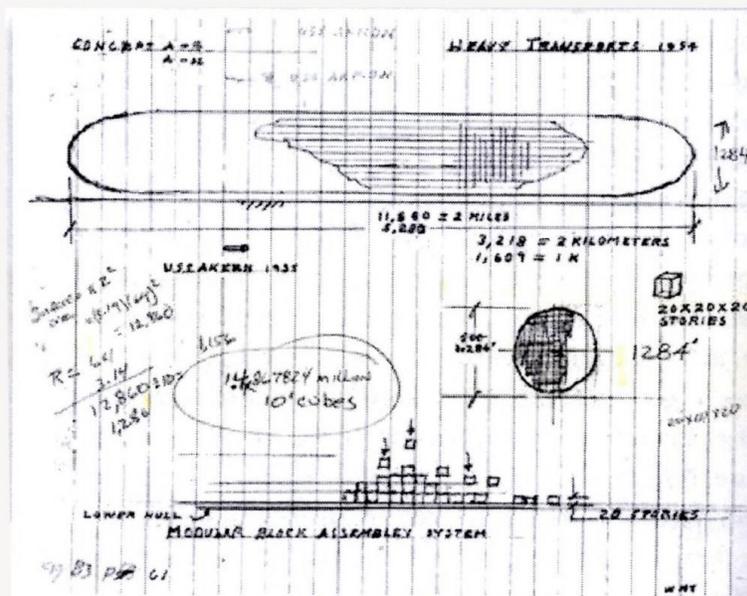

The Express [story continued:](#)

“He said that UFO/ET were real and that hopefully disclosure would happen in my lifetime since he was in his early 60s at the time.” In the report he said: “I was required to deliver TS Code word designation COSMIC to SRI to ESL/SYLVANIA, LOCKHEED

SKUNKWORKS, TRW, RATHEON, BERKELEY LABS, LAWRENCE LIVERMORE LABS, and other think tanks throughout Silicon valley.”

The whistleblower’s background has important similarities with another recent whistleblower, William Tompkins, who also claims he worked with the U.S. Navy as a courier of highly classified information concerning extraterrestrial life and technology to major aerospace industries and think tanks from 1942 to 1945.

After this, Tompkins worked with a number of leading aerospace companies from 1947, which included Northrup, Lockheed, Douglas Aircraft Corporation, TRW, and General Dynamics. Tompkins has included a number of documents in his autobiography, [Selected by Extraterrestrials](#). They reveal his work in designing kilometer long spacecraft in the 1950s and 1960s. These were eventually built and deployed by the U.S. Navy as space battle fleets in the 1980s.

Tompkins is working on the next edition to his autobiography where he will release more of the documents he accumulated during his military and corporate career that support his claims of U.S. Navy and corporate involvement in extraterrestrial/UFO projects.

Could the thousands of documents soon to be released by the new whistleblower mark the start of the long anticipated document dumps Secret Space Program whistleblower Corey Goode has been discussing since mid-2015?

On June 15, [Goode wrote](#):

**A full disclosure event would**

**consist of a major data dump on the Internet with many hundreds of thousands of document, audio and video files on multiple mirrored sites for everyone to have access to. There would be a collapse of the corporate media machine and a 24/7 television and radio education campaign would be initiated. Not all channels and stations would be co-opted so people are not overwhelmed and could “tune out” as they needed to due to the stress.**

**As originally envisaged, the document dumps would reveal all the truth about secret space programs and extraterrestrial alliances, and this would lead to war crimes trials and major global changes. A catalyzing event, such as global economic collapse, was argued by a Secret Space Program Alliance to be necessary for the document dumps plan to move forward.**

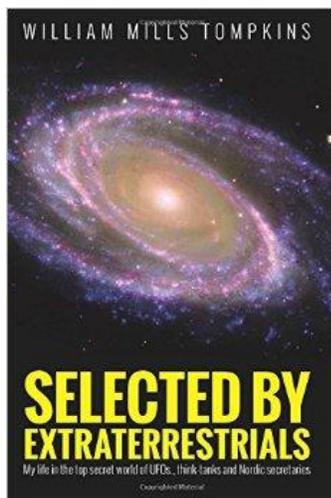

In a previous article [published on January 1](#), I wrote about recent meetings by elite groups which indicated that negotiations were secretly underway to prevent the catalyzing event from occurring:

A catalyzing event such as economic collapse, as Goode was told, could be prevented by a new financial system being put in place to reform the current financial system. Thus, China and other BRICS nations could come forward to rescue the tottering international financial system in exchange for a variety of benefits.

This has led to Goode's current report that a decision has been made by an alliance of global elites and secret space program groups that the massive document dumps will not be going ahead after all. A more limited disclosure plan has been agreed upon, which will spread out the document releases over an extended period to allow the public to better acclimate to the disturbing information they contain.

In this regard, Goode wrote yesterday:

I was told heavily credentialed people who have worked in the lower Military/Intelligence Secret Space Program are being prepped and coached to be whistleblowers and provide the public with the "truth".

This same group had a direct message sent to me that I should back off of the full disclosure narrative as it is "irresponsible to the public".

As to whether Tompkins testimony itself is part of a full or partial disclosure plan, it's important to point out that Tompkins received the go ahead to begin writing his autobiography in 2001 by Admiral Hugh Webster, a former Corporate Director of the U.S. Navy League. In 2009, Tompkins began collaborating with Dr. Robert Wood, a retired 43 year veteran with McDonnell Douglas, who was so impressed by Tompkins information and documents that he eventually became the book's editor.

*Selected by Extraterrestrials* was only recently released in December 2015, but its 14 year gestation means that it long predates elite negotiations over full and partial disclosure. The 2001 approval by Admiral Webster suggests that Tompkins revelations are part of a U.S. Navy sanctioned disclosure plan that has been in place for some time, but is now moving into high gear. Consequently, the February 13 report to MUFON by another U.S. Navy whistleblower suggests that the Navy is encouraging former personnel to openly blow the whistle on top secret projects involving extraterrestrial life and UFOs by coming forward, and releasing documents that substantiate their testimonies.

## Will Government Document Dumps Reveal Secret Space Programs & Aliens in 2016?

January 1, 2016

In June 2015, details emerged of a "full disclosure" plan allegedly developed by an alliance of Secret Space Programs to reveal to the world the truth about these highly classified programs and the existence of extraterrestrial life. According to Corey Goode, who claims to have worked in several secret space

programs for 20 years and in early 2015 was appointed as a liaison for a visiting group of extraterrestrials, the “full disclosure” plan envisaged massive document dumps. It is not unprecedented for official documents concerning UFOs/extraterrestrial life to be released in a trickle to the public. This previously occurred with the “Majestic Documents,” beginning in the 1980’s, which were released by “White Hats” in the CIA and others in the U.S. national security apparatus to UFO/exopolitics researchers.

The Majestic Documents were released over an approximate twenty year period starting from 1984. They have been investigated by leading UFO researchers such as Dr Robert Wood, who has used rigorous document verification techniques to confirm their authenticity.

**Play:** <https://youtu.be/UG8rEABhzMY>

The Majestic Documents have cast light on many dark corners of the highly classified world of extraterrestrial life and advanced technologies. The release of the Majestic Documents are an example of how the release of even a trickle of documents can help enormously in preparing the public for the truth.

**Given the high risks involved in waiting for a catalyzing event for full disclosure to occur, it would be wise to begin the document dump process as soon as possible in 2016, with a trickle that can be easily accelerated as the general public becomes more receptive to learning the truth about secret space programs and extraterrestrial life.**

### **Stargate SG-1: Soft Disclosure according to Secret Space Program Whistleblower**

Written by [Dr Michael Salla](#) on September 16, 2015.

Could the highly popular television series Stargate SG-1 (aired 1997 to 2007) be more science than fiction? **Secret space program whistleblower Corey Goode claims it is based on real-life advanced travel technologies found all over the planet, solar system and galaxy.**

In the latest *Cosmic Disclosure* episode, “[Portals: The Cosmic Web](#)”, Goode responds to questions posed by the host, David Wilcock, about various kinds of travel technologies used by ancient societies and extraterrestrial civilizations. Goode described the difference between various “portal” or “wormhole” technologies that either naturally occurred, or were built by a highly advanced ancient civilizations. **This is virtually the same scenario depicted in the Stargate SG-1 series**

**Comment: Also in the movie: “They Live”.**, where stargates are described as being built by a race of beings called “the Ancients.” **Comment: Think the fallen angels of Genesis 6.**

Goode referred to technologies depicted in the Stargate SG-1 as a fairly accurate illustration of how ring-shaped ancient portals or “stargates” actually look and work. He said that the navigation system is similar to how the internet operates whereby numerical sequences are assigned for individual computers, networks,

ISPs and countries. This is the basis for the IP (Internet Protocol) numbers, which are the backbone for navigating the World Wide Web.

Similarly, **Goode says that a series of numerical coordinates based on hyperdimensional mathematics designate different galaxies, solar systems, planets, etc., which becomes the address for a particular portal. This has similarities with the coordinate navigation system depicted in the original Stargate movie (1994) that was then incorporated into the Stargate SG-1 television series.**

Goode is not alone in describing such a numerical address system. Wilcock pointed out that another secret space program whistleblower, Henry Deacon (aka Arthur Neumann), also claims that this is the navigation method used for portal travel. Deacon began publicly disclosing his information regarding portals/stargates back in a 2006 interview on Project Camelot.

**Goode said that these ancient portals have been found all over the world, and these are highly sought after by covert teams from the U.S. and other countries. Another whistleblower, Dan Burisch, claims that he was part of a covert team that went into Iraq to find its portal technologies. Indeed, Deacon independently confirmed that a stargate had been discovered in Iraq. There was much circumstantial evidence supporting Burisch's and Deacon's claim that the real reason for the U.S. invasion of Iraq was to find ancient portal technologies, as I proposed back in 2003.**

The most startling aspect of Goode's testimony is that the natural and ancient portal systems form a "cosmic web" that spans the universe. By jumping from one portal location to another, one can travel incredible distances between galaxies, and across the universe. Goode's claim of a cosmic web of portals was also depicted in the Stargate SG-1 series.

The number of similarities between Goode's account of portal travel with what was

depicted in the Stargate SG-1 series raises an intriguing possibility.

**Was the series part of a "soft disclosure" or "acclimation program" whereby the entertainment industry was used to prepare the public for the truth about portal travel?**

**It is very plausible that the producers of Stargate SG-1 were given the key ideas that would disclose the highly advanced science used for portal travel, using fiction as a cover. Many episodes of the**

**series depicted how the "stargate/portal" technology was kept secret from the Earth's population, and the ethical problems this caused for USAF personnel. Credits showing USAF & Space Command cooperation with Stargate SG-1 production**

**One episode even featured the USAF's then serving Chief of Staff, General Michael Ryan, who appeared in the Cheyenne Mountain complex which housed the ancient stargate technology.**

It is very unusual for a sitting member of the Joint Chiefs of Staff to do a cameo for television, let alone a science fiction show depicting his military service hiding advanced technologies from the public for national security reasons. This Stargate episode clearly implied that very senior officials in the USAF were in favor of "soft disclosure" through the entertainment industry.

There are many more parallels between the Stargate SG-1 series and Corey Goode's revelations about the portal travel system used in secret space programs. He has earlier described **full disclosure** as an event that will soon occur through massive document dumps. **In this latest episode of Cosmic Disclosure, Goode reveals that the general public has been silently prepared for such an event by the "soft disclosure" offered by popular shows such as Stargate SG-1.**

### **++ Former CIA Operative Reveals That ET Walks Among Us**

Recently, I wrote an article in which I exposed a TV show, **TNT's Legends**, which depicted a radical Muslim terrorist attack upon Paris. The show was representative of what we call "predictive programming. Predictive programming occurs when Hollywood reveals a major event (e.g. the Simpsons predicting 9/11 & Scalia's death), or a major shift in an attitude or philosophy (For example the Man of Steel and the subject of Transhumanism).

I have long admitted the existence of predictive programming. However, there was one area in which I have always maintained a blind spot, in this arena, **and that would be in the area of extraterrestrial life and its relationship with the present inhabitants on the earth. My skepticism was no doubt fueled by my fathers position on the topic as he worked with former Nazi scientists in reverse engineering drawing board technology to the laboratory. He said that the Nazis to a person claimed their advanced technology and ideas came from extraterrestrial beings.** My father felt it was likely that the Germans were parroting a cover story that was created for them by their handlers. **However, my father did not likely have access to the same quality sources that I had following his death in 1985.**

One night in 1993, as fate would have it, I was listening, for the very first time, to Coast to Coast with Art Bell; and Art was interviewing Vance Davis. During the interview, **Vance, a former NSA operative attached to NATO, revealed he that he became aware that both NATO and the NSA were fully aware of the presence, on the Earth, of representatives of several extraterrestrial civilizations who had their own individual designs upon the planet. During the interview, Vance's description of advanced technology was eerily familiar and completely matched what my father had revealed to me eight years prior when he was dying from a rare lung disease.**

Following the interview, I attempted to reach out to Vance and instead **Bill Pawelec, who had done much contract work for the CIA reached out to me. Bill's reason for contacting me was to ascertain my credibility which was easy to do because Bill had contact with my father while both of them were working at Sunstrand Electronics in Westminster, Colorado. It was at Sunstrand that my father and Bill**

were working on earth-penetrating tomography in which activity of one to two miles deep beneath the earth could be observed by satellite. In the process of our early communications, I became good friends with Bill. Eventually, I was introduced to Vance Davis and he and we also became very close, and I was exposed to a portion of Earth history that few have ever heard about (like past civilizations and advanced weapons systems, etc).

<< Vance Davis

By 1997, Vance and Bill had developed a prototype energy source which would have revolutionized energy usage and distribution on the planet. Along with former Apollo astronaut, Ken Arnold, whose home I had visited in 1997 with Bill Pawelec and Vance Davis, they set out to revolutionize the energy paradigm on this planet. Subsequently, I learned that this technology was eventually brought to the attention of ENRON and were

covertly working on integration of what Vance had learned while in the NSA and what Bill learned as a contract agent for the CIA. You remember ENRON don't you? It was one of the premiere energy companies in the world that was known for their stunning innovations.

Eventually, Ken Lay, the embattled CEO of ENRON was framed for insider trading, embezzlement and a host of other charges. ENRON was significantly dismantled, brick by brick. Lay (2006) allegedly died of a heart attack. However, even [CNNMoney.com](http://CNNMoney.com) sarcastically speculated that Lay never died. Speculation abounded that his suicide was faked and he was allowed to enter Federal Witness Protection. Now why would the Feds allow Lay to escape justice, or was he just framed? In short, and according to both Pawelec and Davis, Lay's intentions to unleash power sources upon the world without the approval of the global elite, was met with a swift response. Lay was framed and with these events, the hopes of a new energy source that would supplant oil as the primary energy source on the planet was gone. But apparently Lay had leverage and was allowed to go into hiding.

During the time that Davis and Pawelec were working in conjunction with ENRON, they never fully confided in me the extent and full nature of what they were jointly working on. It was only following the collapse of ENRON was I told any of the details.

Vance Davis eventually faded into the background and I have only had very limited contact with him. I do not know if he was threatened into silence and then he went conspicuously dark. He appeared on my show several years ago and spoke of some of these events in a superficial manner. Two years ago, I received an email from Vance where he told how he was doing as he had moved his family to Kansas. Otherwise, he simply dropped out of site. I have long thought he was protected because at one point he had escaped execution, by Presidential pardon (George H. W. Bush). Davis and five other deserted their posts in Germany, in the Gulf Breeze Six incident, when they

learned of the ET and related threats to the planet. I believe that Vance had a measure of protection because of the secret reasons behind his Presidential pardon.

Bill Pawelec, had no such protection as he tried to keep his ideas alive and wanted to form a “protected community” of sorts in the San Luis Valley in Colorado, based upon this unique technology. To explore this possibility, Bill moved to Pagosa Springs, CO. with the new love of his life, Annie DeRiso. Annie and I became close friends following Bill's death from a form of quick acting cancer.

And eventually, Annie became the News Director for *The Common Sense Show*, a position she held for six years. It was there that Bill contracted quick acting cancer and died in 2007.

Pawelec knew what he was working on had inherent risks to his safety. In 2001, I advised him to record and distribute (for safekeeping) some kind of leverage of what he knew, so he would not become a victim. My own father employed a similar strategy when he left covert projects in the late 1970's, as too many of his colleagues were meeting an untimely end.

In 2001, Bill Pawelec allowed himself to be interviewed by Dr. Steven Greer, who was heading an ET disclosure project led by Generals, Colonel's and government scientists. Bill was interviewed by Dr. Greer just prior to the unveiling of the Disclosure Project. Greer agreed to keep the interview off the books until after Bill's death. Immediately following Bill's death, in 2007, Greer aired the interview about Bill's knowledge on the ET technology question. At the very end of the interview, Bill made it clear he was holding back additional information. The information that he held back was the ET had infiltrated many government bureaucracies and was walking among us guiding the direction of the planet. These were Bill's words, not mine.

As I look back upon this time, I believe that Bill's interview with Dr. Greer kept him from becoming an immediate violent death statistic. However, his eventual death from quick acting cancer would not be as suspicious. Both Annie and I felt that Bill was taken out for what he knew.

August 23rd, 2009--Evolutionists believe that life must have evolved elsewhere in their massive (and old) universe, and that Christians are arrogant to presume that Earth is the only place in the entire universe that contains life. The interest in the search for extraterrestrial life is huge-mainly fueled by the enormous popularity of science fiction ('District 9' being the latest example) and its depiction of advanced alien life on other

planets. Exopolitics is the growing movement that believes humans should publicly open dialogue with extraterrestrials. Gaven C. wrote to Gary Bates: "...just been watching the European Exopolitics 2009 in Spain on-line, **Dr. Steven Greer (Of 'The Disclosure Project')** is channeling aliens and encouraging everyone else to do so, the worrying thing is that they're answering, and he briefs the president on such issues. I just get the feeling that there is a paradigm shift happening right now in our culture, real fast, and it's taking the church by surprise, how this all ties in with end time prophesy I'm still processing...**It certainly strikes me that if Christians aren't really founded firm on the Word with a creation world view then they will be hoodwinked by the E.T.'s, that these entities are here to "help us up to the next rung of our "evolutionary development", even claiming to be our creators. Will this be the great falling away?**

"Behind the scenes, high-ranking Air Force officers are soberly concerned about UFOs. But through official secrecy and ridicule, many citizens are led to believe the unknown flying objects are nonsense." Admiral Roscoe Henry Hillenkoetter, First director of the CIA.

### **Disclosures From Bill Pawelec**

Several years ago, I was interviewing Jim Marrs about the existence and nature of secret societies. **Out of the blue, Jim said that "You really cannot understand the nature of secret societies without looking at the ET issue". I have come to understand what Jim meant by that comment.**

Bill Pawelec's revelations regarding disclosure of the alien issue to Dr. Greer was revealing, but very incomplete.

**[Click to watch William \(Bill\) Pawlec Interview.](#)**  
**[\(ttp://www.thecommonsenseshow.com/about/\)](http://www.thecommonsenseshow.com/about/)**

**What Bill did not tell Dr. Greer (that he clearly told me) was that ET's are not only interacting with the elite, many have operatives who are living and walking among us.**

## Conclusion

I was publicly quiet about this issue for many years, for many reasons, most of which centered around the topic of credibility.

I have decided it is time to talk and to reveal what I have been told.

Imminent disclosure is at hand. Hollywood is deeply involved in predictive programming in a PSYOPS to prepare the people about what is really going on with regard to the earth and its “guided” future.
