Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather **reprove them**. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he

saith, **Awake thou that sleepest**, and arise from the dead, and Christ shall give thee light. **See then that ye walk circumspectly**, not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

'INCREDIBLE ACT OF AGGRESSION'--Kerry condemns Russia intervention

Ukraine mobilizes troops in a rapidly escalating crisis that has raised fears of a conflict.

[Original story, posted at 3:17 p.m. ET Sunday] Ukraine mobilizes troops after

Russia's 'declaration of war' (CNN) -- [Ukraine](#)'s new leaders accused neighbor Russia of declaring war, as Kiev mobilized troops and called up military reservists in a rapidly escalating crisis that has raised fears of a conflict. Amid signs of Russian military intervention in Ukraine's Crimean peninsula, Russian generals led their troops to three bases in the region Sunday, demanding Ukrainian forces surrender and hand over their weapons. "This is a red alert. This is not a threat. This is actually a declaration of war to my country," Ukrainian interim Prime Minister said. Speaking in a televised address from the parliament building in the capital, Kiev, he called on Russian President Vladimir Putin to "pull back his military and stick to the international obligations." "We are on the brink of the disaster." Ukrainian officials called up all reservists in a general mobilization Sunday **Kiev, Ukraine (CNN) -- [Breaking news update at 4:30 p.m. ET Sunday]**

Russian forces now "have complete operational control of the Crimean Peninsula," a senior U.S. administration official said Sunday of the escalating crisis in Ukraine. The United States estimates there are 6,000 Russian ground and naval forces in the region, the official said. Amid the tensions, U.S. Secretary of State John Kerry will travel to Kiev on Tuesday, an Obama administration official said. [FULL STORY](#)

Western officials, including [Secretary of State John F. Kerry](#), were unequivocal in their denunciations of Russia's intervention in Ukraine. Kerry called it "an incredible act of aggression." Ukraine's army is put on full combat alert, while the United States calls for the immediate deployment of international monitors to the former Soviet republic. Kerry and the European foreign affairs leaders promised that there would be a strong response to the Russian move. They mentioned visa and financial sanctions and a trade blockade. Britain and France withdrew from a planning meeting for the next Group of Eight summit, which is to be held in June in Sochi, Russia.

[US Official Claims 6,000 Russian Troops In Complete Control Of Crimea - Crisis Map Update](#)

[Paul Craig Roberts - World Is Now On The Edge Of Nuclear War](#) Today former US Treasury official, Dr. Paul Craig Roberts, warned King World News that the world is now poised dangerously on the edge of a nuclear war. This is one of Dr. Roberts' most important interviews in history because he is openly warning Washington to stop its aggressive actions against the Russians in their own backyard, or risk a nuclear exchange. Below is what Dr. Roberts had to say in this remarkable interview. Roberts: "It may well be that we will end up in a confrontation with Russia. The Americans could not win on the ground there -- they can't possibly that distant from their (military) bases take on the Russian Army in its own backyard. So the conflict would likely go nuclear..." I would be worried about whether we can survive the incompetence and the stupidity of the arrogant and ignorant Obama regime. That's what the world has to worry about at this moment. Look, whenever you are stupid enough to take a direct strategic threat to a powerful military armed with nuclear weapons, which is what Russia is, you don't have any sense. And so we have the world being driven by a government that hasn't got any sense -- the United States government. You just don't do that.

[Putin Has Occupied Crimea, Is Ukraine & World War III Next? Dave Hodges Ukraine Mobilizes Troops After Putin's 'Declaration Of War' Leaves Obama Dazed And Confused \(Video\)](#)

[WW3 To Cover Up Dollar Collapse! X22Report](#) Dave from the X22Report explains the reasoning behind the US and EU spending over 5 billion dollars to fund destabilization and coup in Ukraine is for no other reason than to cover up the collapse of the US dollar. **See: [US Government Caught Funding The Coup In Ukraine](#)** As other financial gurus, like Trend Journal forecaster Gerald Celente, have explained previously, only a war can prop up the US dollar at this point, so the risk of World War III and resulting mass casualties is considered acceptable to hide the total economic collapse.

Dave breaks it all down, but this is information everyone should know especially Americans that do not appreciate Obama not only getting us involved in yet another civil war, but possibly starting WW3 by provoking Russia, then ordering military action against Russia which will end with nothing short of a nuclear attack against the US.

[The World Is Now Standing On The Edge Of A Precipice](#)

On the heels of an escalation of chaos in Ukraine, today a 42-year market veteran spoke warned King World News that the world is now standing on the edge of a precipice. Below is the powerful interview with Egon von Greyerz, who is founder of Matterhorn Asset Management out of Switzerland.

In 2008 we had the first confirmation that the financial system was bankrupt. And since then money printing and debt creation have been exponential worldwide. This is why, Eric, I consider gold being as good a buy today as it was at \$300, because today we know that the financial system is bankrupt and that most governments are bankrupt. There is absolutely no solution to this problem.

Governments and central banks worldwide will print unlimited amounts of money that will lead to a hyperinflationary depression. But there will also be social unrest, famine, and wars. Eric, I am not a pessimist, but I see no other (possible) outcome. Previously there has only been hyperinflation in individual countries, not worldwide. Therefore, the consequences will be much greater this time. Will there be a (monetary) reset and a new reserve currency which will include gold? My fear is that the world will be in such a mess during the hyperinflationary period that no permanent solution can be reached. Instead, there could be a deflationary implosion of the system after the hyperinflation.

[LaRouche - Obama's Nuclear War Plan With Russia Exposed](#) Lyndon LaRouche, in an early release, shows how LaRouchePAC Policy Committee member Dave Christie challenged Obama publicly while Obama was speaking in from of the DNC Winter meeting audience, by yelling out “Tell us about your plan for nuclear war with Russia,” heard loud and clear in the beginning of the video clip below. LaRouche has been warning about the countdown for thermonuclear war, and right on time, the US and EU destabilize Ukraine and ousting the pro-Moscow Democratically elected president, forcing Vladimir Putin to move to protect Russia’s interests, then threatening Russia about the “costs” of military intervention.

As LaRouche points out, the whole scenario has been carefully crafted and organized.

It is all about the [collapse of the dollar](#), we were warned and the chaos we are seeing now is playing out exactly as predicted weeks, if not months, ago.

LaRouch is not the only one that asserts this has been obama’s plan the whole time as a political analyst tells [Press TV](#):

In a Friday interview, Mike Billington warned that as a result of Washington’s provocations regarding the Ukrainian crisis, the international community is “on the brink of a global thermonuclear war.”

He argued that the US and its NATO allies “are trying to provoke Russia into taking some sort of action to justify what they plan as a nuclear assault against Russia and potentially also against China.”

“It is not the Russians who are intervening in the internal affairs of Ukraine. It was the US and NATO,” the analyst pointed out.

[Flashpoint! America Under Seige! The Hagmann & Hagmann Report](#) The newly released interview video below with **Steve Quayle** and [Greg Evensen](#) on the Hagmann and Hagmann report is a bombshell discussion about America Under Seige. We can clearly see now via all of the signs surrounding us that America is entering ‘the terminal phase’ of our transition into complete totalitarianism. [This interview reminds us](#) that the chaos that we now see growing across our planet is ‘neither spontaneous nor by

accident'. This plan has been perfectly orchestrated and is now being carried out by the 'global elite' who've long maintained a goal to put into place a 'one world system of governance, currency and even religion'. *America is racing toward a totalitarian abyss so deep that revolution from within, by those who want to preserve our inherent freedoms, seems inevitable. What could act as such a flashpoint?*

[Exclusive: Islamist Terror Enclave Discovered in Texas](#) FBI documents obtained confirm the existence of the enclave and highlight concern about its terrorism links. The enclave belongs to the network of [Muslims of the Americas](#), a radical group linked to a Pakistani militant group called Jamaat ul-Fuqra. Its members are devoted followers of [Sheikh](#) Mubarak Ali Gilani, an extremist cleric in Pakistan. The organization says it has a network of 22 "villages" around the U.S., with [Islamberg](#) as its main headquarters in New York. The *Clarion Project* obtained secret MOA [footage](#) showing female members receiving paramilitary training at Islamberg. It was [featured](#) on the *Kelly File* on FOX News Channel in October. A [second MOA tape](#) released by *Clarion* shows its spokesman declaring the U.S. to be a Muslim-majority country.

A [2007 FBI record](#) states that MOA members have been involved in at least 10 murders, one disappearance, three firebombings, one attempted firebombing, two explosive bombings and one attempted bombing. It states:

“The documented propensity for violence by this organization supports the belief the leadership of the MOA extols membership to pursue a policy of [jihad](#) or holy war against individuals or groups it considers enemies of Islam, which includes the U.S. Government. Members of the MOA are encouraged to travel to Pakistan to receive religious and military/terrorist training from Sheikh Gilani.”

The document also says that, “The MOA is now an autonomous organization which possesses an infrastructure capable of planning and mounting terrorist campaigns overseas and within the U.S.”

Other FBI reports describe the MOA in similar ways, with a 2003 file stating, “Investigation of the Muslims of the Americas is based on specific and articulate facts giving justification to believe they are engaged in international terrorism...” [More ►](#)

[U.S. Lifts Ban on Immigrants With Links to Terrorism](#) The Obama administration is overriding the U.S. Criminal Code for individuals who have provided material support to terrorism. [Muslim Brotherhood](#) affiliates scored a major victory in their efforts to degrade U.S. national security measures in early February 2014 when the Obama administration decided to override by fiat portions of the [U.S. Criminal Code](#) and immigration policy pertaining to individuals who provide “material support to terrorism.”

As published in the [Federal Register](#) on February 5, 2014, the Department of Homeland Security and the Department of State issued a joint notice that, henceforth, certain asylum seekers and refugees who only provided “limited material support” to terrorism would be allowed into the U.S.

The earlier law as written, [The Real ID Law of 2005](#), states quite explicitly that the definition of engaging in terrorist activity includes:

*To commit an act that the actor knows, or reasonably should know, affords **material support**, including a safe house, transportation, communications, funds, transfer of funds or **other material financial benefit** ... to a terrorist organization [emphasis added]*

Such activity, no matter how minor, constituted grounds for exclusion from entry to the U.S.

By unilaterally lifting restrictions -- without so much as consulting Congress -- for those intending immigrants who engaged in “[\(1\) certain routine commercial transactions or certain routine social transactions \(i.e., in the satisfaction of certain well-established or verifiable family, social, or cultural obligations\), \[or\] \(2\) certain humanitarian assistance,](#)” that benefited terrorist organizations, the Obama administration simply overrode existing law. So far, both the judicial and legislative branches of the U.S. government have let the administration get away with it. [More ►](#)

[U.S. Military Hires Chaplains Endorsed by Brotherhood Entity](#) The [Islamic Society of North America](#) (ISNA), a U.S. [Muslim Brotherhood](#) entity, is proudly [announcing](#) that the U.S. military is again using their chaplains for active-duty service after a 15-year lull. ISNA has a [well-documented](#) extremist history. In 1991, the Muslim Brotherhood [listed](#) ISNA as one of its main fronts. Declassified FBI memos said ISNA is

a component of the Muslim Brotherhood, who sees its “work in America as a kind of grand [*jihad*](#) in eliminating and destroying the Western civilization from within.” In 2007, the U.S. government labeled ISNA a U.S. Muslim Brotherhood entity and an [unindicted co-conspirator](#) in a terrorism-financing trial involving the Holy Land Foundation funneling money to Hamas. The label was [upheld](#) in 2009 because of “ample” evidence linking ISNA to Hamas. Last year, ISNA’s Canadian affiliate [lost](#) its status as a charity because of its accounting discrepancies and links to Pakistani terrorists.

The two chaplains endorsed by ISNA are Sgt. Mustapha Rahouchen, who will be used by the U.S. Army, and Captain Rafael Lantiqua, who was chosen by the U.S. Air Force.

[New World Order Promoting Crislam--and the List of Churches Involved! \(Video and Shocking List\)](#) The New World Order is NOW making thier move to usher in the demonic religion of CHRISLAM!

Chrislam is the merging of apostate christianity and Islam and it is truly a pit of serpents and devils. As predicted this demonic religion is exploding across the globe and specifically here in America. It has been dubbed as the new Emergent Church—a church that has “come out of the closet” so to speak, and is revealing their devilish nature.

Chrislam was a religion started—*in part*—by Rick Warren, California’s Saddleback Megachurch leading pastor. He has been known to embrace of the joining of Christianity and Islam and although he denies his connection, he simultaneously promotes the merger through his ministry and outlets.

One example of this was a in a meeting where Rick Warren addressed the Islamic Society of North America. In this meeting he told the audience how [much he had in common with Muslims](#) and the ideology of Islam. He further promoted a pro-globalization message of uniting at any cost.

Rick was also instrumental in the creation and signing of the [Yale Covenant Between Islam and Christianity](#). Here is what the preamble to that covenant states:

“As members of the worldwide Christian community, we were deeply encouraged and challenged by the recent historic open letter signed by 138 leading Muslim scholars, clerics, and intellectuals from around the world. “A Common Word Between Us and You” **identifies some core common ground between Christianity and Islam which lies at the heart of our respective faiths** as well as at the heart of the most ancient Abrahamic faith, Judaism. Jesus Christ’s call to love God and neighbor was rooted in the divine revelation to the people of Israel embodied in the Torah (Deuteronomy 6:5; Leviticus 19:18). We receive the open letter as a Muslim hand of conviviality and cooperation extended to Christians worldwide. In this response we extend our own Christian hand in return, so that together with all other human beings we may live in peace and justice as we seek to love God and our neighbors.

Muslims and Christians have not always shaken hands in friendship; their relations have sometimes been tense, even characterized by outright hostility. Since Jesus Christ says, “First take the log out your own eye, and then you will see clearly to take the speck out of your neighbor’s eye” (Matthew 7:5), we want to begin by acknowledging that in the past (e.g. in the Crusades) and in the present (e.g. in excesses of the “war on terror”) many Christians have been guilty of sinning against our Muslim

neighbors. **Before we “shake your hand” in responding to your letter, we ask forgiveness of the All-Merciful One [Allah] and of the Muslim community around the world.” [Yale Covenant](#)**

Because of Rick Warren and others the ‘spark’ of Chrislam is on the rise and as a result a new group called [Faith Shared](#) is now spearheading the move to merge Christianity with Islam.

Here is a quote taken directly from the [Faith Shared website](#):

*“Faith Shared asks houses of worship across the country to organize events involving clergy reading from each other’s sacred texts. **An example would be a Christian Minister, Jewish Rabbi and Muslim Imam participating in a worship service or other event.** Suggested readings will be provided from the Torah, the Gospels, and the Qur’an, but communities are encouraged to choose readings that will resonate with their congregations. Involvement of members from the Muslim community is key. We will also provide suggestions on how to incorporate this program into your regular worship services. And we will assist local congregations in their media and communications efforts.*

While there is a strong preference for all of the events to happen on the same day, a number of congregations held interfaith services in January and February giving us wonderful examples of how communities can come together in support and fellowship. We will be posting photos, sample programs and audio files from these services.

Faith Shared will collect images and videos from these events to use in our efforts to spread this message of respect and understanding from America.”

“Tensions around Islam in America have erupted throughout the country in the past year, leading to misconceptions, distrust and in some cases violence. News stories on the rising tide of anti-Muslim bigotry and violence abound, with graphic and often searing images of the antagonists, the protagonists and the battlegrounds where they meet. All too often, media coverage simplistically pits Muslims against would-be Qur’an burners, neglecting any substantive representation of where the majority of Americans actually stand: a shared commitment to tolerance and freedom. **We are committed to ensuring that the storyline changes dramatically in 2011** by helping to create an environment of mutual understanding and respect for each other’s faith traditions.” [source – Faith Shared](#)

[Bill Wilson](#)—a Christian journalist, professional writer, and commentator on current events relating to the relationship between the United States, Israel and Islam—**made the following [comment](#) on the rise of “Chrislam” in the United States:**

“...Many Christian churches across the United States began a series of sermons aimed at bringing about reconciliation between Muslims and Christians. These misguided Presbyterian ministers are trying to focus on a relationship between the Holy Bible and the Koran they call “Chrislam.” They are saying that because the Koran mentions Jesus that there is common ground with Christianity. To prove their point, they are placing Korans alongside the Holy Bible in their pews. And they are teaching that you can be a follower of Christ without necessarily believing that Jesus is the Christ, the Son of God, who died for our sins offering the gift of eternal salvation.”

Here is the list of churches—[taken directly from the Faith Share website](#)—who are participating in Chrislam Services—**Beware of Such Churches:**

[Urgent New Age Luciferian Message On The Coming Events](#)

Comment: Warning, this is not my material but New Age Luciferian Ascended Master ET propaganda. This is what "they" say is going to happen in the near future.

This is an urgent message. We recommend that everyone reading this page go to the website below, send it on to everyone you know, and be prepared to lead in the coming dramatic Shift. The Event and its intended consequences are carefully explained. Prepare yourselves, your loved ones and your neighbors for the dramatic changes we will experience in the coming days. Know that this is for the Greater Good, and that your understanding will help others to manage their confusion and possible fear responses. The time has come, Beloved Ones, to step forward and help the world to make this transition! We have been asked to be on the forefront of transmitting this knowledge. Join us and we will truly create a New World of peace, compassion, and Love. These events are imminent, and will begin with a huge blast of Love energy from the Central Sun. Open your hearts, be ready to disseminate this information to everyone you know, and stay in contact with each other and with us.

We love you and look forward with Joy to the imminent global change, which will include massive arrests, a new use of the global media, and an opening of all structures, financial and legal systems to complete change.

To make things simple we will not designate the cabal as ET or human they are simply selfish criminals guilty of crimes against humanity. This site has provided numerous links to other sources to provide ample evidence for these indictments of genocide, genetic, manipulation, murder, theft, racketeering, treason, mind control, genocide, genetic altering, poisoning of Water. Air, Food to name a few. The list is too long and too depressing to detail here but we have links.

This will come as a shock to many but there are members of the worlds military and intelligence agencies that have been involved in on going interactions with ET races for over 60 years. These ET interactions are not limited to governmental agencies in fact the open minded elite intelligentsia of the worlds science technological vocations have been physically contacted or communicated with as well. Many of these interactions have been very benevolent, positive and even highly spiritual in nature.

There are many members of regular civilian population and society who also have been having informational exchanges of varying degrees with our brothers and sisters or space family. Unfortunately not all contacts have been of a positive nature and this has led to much confusion. This confusion must end.

To insure the planetary liberation process the benevolent forces of ET Races have been making plans with various elite corps of earth based military and law enforcement personnel to insure the joint action of arrest of these criminal conspirators. These plans are quite detailed and they have made every allowance for every contingency to insure non-violent arrests and total victory.

The plan of action has been to amass enough evidence to arrest these criminals. The evidence has been in hand for decades in but these criminals are in control the worlds media and military forces as well as the financial institutions and many other key aspects of our societal structure as well. These individuals and their secret societies are deeply involved in the politics and literally control the worlds view by manipulation. The arrests of these individuals has been a long slow and arduous task and the worlds peoples owe a great debt to the brave individuals who have had to remain hidden to see that justice is restored to our planet.

WHAT IS THE EVENT?

The Event will be a moment of breakthrough for the planet which will be physical and non physical planes.

On the non physical plane:

There will be a big wave or flash of Divine energy and light coming from the Galactic Central sun going towards the surface of the planet. It will be a flash or special kind of light from the Sun that permeates the earth and humanity. It will calm humanity in the light of love energy and end duality. It's a magnificent energy not seen or felt before on earth. Everyone on earth will feel and know something has happened. It will be a surprise as to when it will happen, even for us. It's never happened before. **Comment: Like Maitreya's Day of Declaration?**

The Day of Declaration

On the Day of Declaration, Maitreya will present His credentials to all of humanity. On this day, "every eye shall see him."(Fulfilling Rev.1:7) Everyone will (simultaneously) hear his voice inwardly-- telepathically in their own language. **At the same time, we will all deeply feel His omnipotent love and hundreds of thousands of spontaneous healings will take place throughout the world.**

After the Day of Declaration several Masters of Wisdom will join Maitreya on the world stage. Each will have different functions depending upon His particular line of work. Some will teach, while others will be concerned more with world problems of a political & economic nature. Still others will inspire the new architecture, painting & music, while the attention of some will be directed to science & the inspiration of the new 'holistic' science, integrating science & religion...For the first time in countless millennia, They will be serving humanity openly in the world, rather than from behind the scenes as they do now.

It may be a major shock to some but for those who are aware of the event, it will be recognized as positive change whose time has come. This divine flash will trigger spiritual forces, Extra Terrestrials...and the Earth based Resistance Movement to begin to put long awaited plans into action. These plans are the enforcement of what is know as the Galactic Codex (Galatic Codex). Motherships will move into the earths atmosphere invisibly to raise the vibrations of the earths atmosphere and to help the populace acclimatize their consciousness fields as **the electronic fence matrix is bought down once and for all time. They will not reveal or announce themselves publicly for quite some time although there will be increased physical sightings to prepare the world to accept their presence.**

On the physical plane there will be:

- **The earths military and police forces will move into action to insure there is no rioting and to safe guard vital infrastructure from false flag cabal attacks designed to create panic and fear based reactions.**
- **The arrest of the Cabal members who have led the way will be the most significant part of the event.**
- **The res-set of the Financial Systems / the entire central banking system and all banks computers will be shut down and will not be able to be bought online, so all banks will close until further notice.**
- **The main media stations will be taken over by civil authorities who will remove censors and cabal based programs and agendas.**
- **Disclosure – The release of secret documents and events including ET information will begin some time after the actual event. Many of the world mysteries will be revealed / who killed Kennedy / CIA drug dealing / the true the forces behind all the world wars / ongoing depopulation agendas / HAARP / vaccinations / Secret space Program / Mind Control / financial crimes and many many things that will shock many people!**
- **The beginning of a new fair financial system with prosperity funds and worldwide trusts for healing the planet will eventually be implemented.**
- **NEW Government / Political system, Education system, Health care system, History lessons, etc. etc. Awakening of humanity slowly and gradually to the existence of positive non-terrestrial races and our galactic connections.**
- **Introduction of new advanced technology.**

- **The Techniques for spiritual growth will be shared as we learn who we are where we come from. We will discern our unique purpose and our life's path will reveal itself to us individually.**
- **There will be artifacts bought forward from ancient repositories revealing the truth of man interaction with ETs in our recent history. We will understand our cosmic heritage.** Ancient sites will unearth space ships from our past and we will have physical proof of ancient technologies.
- **There will be a host of advanced healing technologies released which have been suppressed to keep the Cabal rich and you in suffering. Eventually the present medical system will alter radically in the light of more advanced forms of treatment.**
- **Free energy devices will be available for your home and car and an end to fossil fuels and other toxic technologies.**
- **Eventually public trials to expose what has been going on to insure a mass catharsis of healing and eventual forgiveness / criminals will get desperately needed healing and counseling for their distorted minds.**

Keep in mind the details that are given here are most likely NOT an exact description of everything that may happen. However these are the basic plans, as it is understood at this time. It is indicated that certain aspects of this plan will be enacted. Human freewill plays a central part in this process and the enactment of the plans will be a fluid model that may change hourly to be determined by the progress we make during the event.

This EVENT is not intended to be an Earth type revolution where there are risks taken to innocent people's lives. It is for this reason that we are called to service to insure a peaceful transition. **This massive action demands the type of precision that only The Godhead Him/Herself can decide upon.**

It is time now for everyone on this planet to understand that this future coming changes are NOT in the hands of some mad people who might make wrong decisions that might lead to bloodshed.

The coming Event will NOT be a bloody revolution. The Event itself is a lawful enforcement of existing planetary laws. Furthermore this is also an enforcement of the Galactic Codex. On the day of the Event the entire world will be informed that there is now, Peace on Earth, and a return to freedom for the peoples of Earth.

We will all need to remain calm and to support this transition process to a non-violent and peaceful society. We will need all the help we can get, from people all over the world to insure our success. The world's current political leadership most likely knows nothing about the intended changes at this time. Very few of the worlds major political criminals and players will still be in positions of influence after the event. So we must realize the real changes will come from concerned citizens like us who are committed to finding solutions. After finding answers to the worlds problems we must follow up with actions to manifest the changes in the New society.

Be aware, the changes that will come will be fast and powerful. Though much of the long-range plans will be implemented gradually, many things, such as the media stations will be liberated immediately. This will smooth things over and

calm people around the world. For the most part, white hat civil authorities will be given prepared and responsible guidance to leadership and this applies also to the general population. This will be through existing forms of media. Newspapers, television, radio, and some websites will be the most effective and comprehensive source of knowledge about what is transpiring. We must support and reinforce these peaceful directives as firmly and as confidently as possible. Rest assured, the people are generally peaceful and well intentioned. Keep in mind the reasons for the EVENT will not be known by 90% of the world's people. Nor will they have any idea what is transpiring or why.

The television will reveal the truth to them over time, because the forces of light will control the satellites and the communication systems.

The few media moguls who secretly own all of the world major media and are in charge of systematic mind control (such as, Murdoch, the Rockefellers and the Rothschild's) will either be arrested or rendered impotent. Their censors will be removed as civil authorities will be directed to insure the dissemination of truth from the time of THE EVENT until forevermore. The cabal-controlled, script reading, MK Ultra victims also know as talking heads will be replaced by responsible reporters. The satellites will be in control of the Resistance Movement and other supporting forces.

The media will give us an honest detailed report of what is going very soon after the arrest process begins. This will hopefully calm the populace and insure people are getting the information necessary to help them and their families.

After The EVENT

The actual arrests of Cabal members is intended to take no more than 72 hours on world wide action and enforcement sweep. However the human element will come into play and the initial arrests may take longer. Still the entire process is expected to last no more than 2 weeks. There may be ongoing arrests of smaller fish in the months that follow!

During this 2-week time period the banks will have been closed. Hopefully at this time the media will have been releasing massive amounts of evidence of the far ranging criminal actions promulgated by those major players, both known and unknown to the public eye. This will be a relief for many and riveting news for all. Overall this be a strong cause and impetus for change.

What will come next is up to humanity as a whole. How fast and how well humanity adapts to the revelations on the world stage in regards to the arrests of these criminals will determine the next stage of our planets growth. There will

most certainly be a process of denial, shock and anger over what has been going on. Acts of revenge and violence or acting out will not be tolerated.
