**Ephesians 5:11, 13-16:** "And have no fellowship with the unfruitful works of darkness, **but rather reprove them. But all things that are reprovved are made manifest by the light:** for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest,** and arise from the dead, and Christ shall give thee light. **See then that ye walk circumspectly,** not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

**Reprove:** To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

**Circumspectly:** Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

**Matthew 24:24:** "...if it were possible, they shall deceive **the very elect.**"

**II Corinthians 2:11:** "Lest Satan should get an advantage of us: for we **are not** ignorant of his devices."

**II Chronicles 7:14:** "If **my people,** which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

**Proverbs 11:30** The fruit of the righteous *is* a tree of life; and he that winneth souls *is* wise.

**Update:** Austrian drag queen act Conchita Wurst has been

**crowned the winner of the 59th annual Eurovision Song Contest held in Denmark's capital,**

**Copenhagen.** The singer, whose real name is Tom Neuwirth, won with the song Rise Like a Phoenix, collecting 290 points. **Conchita is spanish slang term for: little vagina & in German, Wurst means 'sausage'.** Collecting "her"/his trophy on stage the singer said: "This night is dedicated to everyone who believes in a future of peace and freedom. **You know who you are - we**

**are unity and we are unstoppable." Wurst is now set to make 40 million dollars as a result of this win.**

**Conchita Wurst's Eurovision win slammed by Russia as politician brands it 'the end of Europe'**

**Conchita Wurst's Eurovision win has been branded "the end of Europe" by Russian politician Vladimir Zhirinovskiy. "There is no wild. There are no more**

**limit to our outrage. It has turned men or women in Europe, just it ."**

**After last night's 2014 song contest in Copenhagen,** Russian state television broadcast a debate on her victory, as politicians and celebrities launched a huge verbal attack. Elsewhere, **President Vladimir Putin's** vice premier Dmitry Rogozin issued a scathing tweet claiming the Eurovision result **"showed supporters of European integration their European future - a bearded girl". In the report: Conchita Wurst: How Eurovision 2014's bearded drag 'pervert' reviled by Russia became the toast of Europe we read: Wurth has also been accused of creating a "hotbed of sodomy" at Eurovision by Russian protesters,** while Milonov, the politician who was instrumental in passing Russia's anti-gay propaganda law, **accused Ms Wurst being a "pervert" and of turning the competition into the "Sodom show".**

**Russia's entry, The Tolmachevy Sisters, were greeted by loud boos from those in the venue, with many of the onlookers waving rainbow flags.**

**The tension then reached boiling point during the results announcements, which saw Russia receive further boos with every point received.**

**Scott Johnson's Comment:** OK I just watched both videos and I am literally having a hard time not getting sick. It's always neat to see a really manly beard on a he/she transvestite abomination trying in every other way to look like a woman (Sarcasm). Maybe if he ever shaved the beard he could start doing Gillette razor commercials for transvestites. **This is the whole androgynous Luciferian Baphomet image being worshipped by the masses.** I mean these sick deluded fans in the crowd are just insanely obsessed with this abomination. The term "Rise like a Phoenix" is one of the main themes of the coming New World Order so Satan is accomplishing multiple things with a performer and performance like this. There is also a lot of other occult things going on in this video. I cannot believe what I just witnessed and the sheer amount of people in that second video. **God's judgment cannot be far off and Sodom and Gomorrah are reminders of that.**

Miley Cyrus advocacy for sex, drugs and everything else has crossed the line again. Cyrus was performing at the legendary G-A-Y nightclub in London, when she brought a friend out on stage to wish him a happy birthday.

### **Homosexual, Bisexual Men 50 Times More Likely to Have HIV: CDC & the Average Lifespan of the Male Homosexual is Only 39 Years Old**

Research by The Family Research Institute (FRI) of Colorado has discovered **that the average lifespan of the male homosexual is only 39 years. Where 80% of married men lived past 65, only 2% of the homosexuals lived that long, as shown in the accompanying chart.**

FRI found that sodomites **"...were 116 times more apt to be murdered; 24 times more apt to commit suicide; and had a traffic-accident death-rate 18 times the rate of comparably-aged white males. Heart attacks, cancer and liver failure were exceptionally common. Twenty percent of lesbians died of murder, suicide, or accident—a rate 487 times higher than that of white females aged 25-44."**

Job 4:8: **Even as I have seen, they that plow iniquity, and sow wickedness, reap the same.**

Job 4:9: **By the blast of God they perish, and by the breath of his nostrils are they consumed.**

Psa 37:38: **But the transgressors shall be destroyed together: the end of the wicked shall be cut off.**

Psa 101:8: **I will early destroy all the wicked of the land; that I may cut off all wicked doers from the city of the LORD.**

In their web site at <http://www.familyresearchinst.org/Default.aspx?tabid=73>, FRI details **the disgusting and unsanitary sexual practices that contribute to this early death sentence. The "outing" of the homosexual lifestyle in our culture has unleashed over 50 sexually transmitted diseases (STDs). AIDS is just one of them.**

Subject: **Listener Comment: Huge Victory Against Homosexuality in Uganda**

*Hi Dr. Scott, I wanted to share a huge victory we've just won as Christians in Uganda. Please see links below: **The President finally refused to sign the bill in favor of homosexuality after Christians rallied by gathering a group of 40 men who were former homosexuals, these men met the President in private, (this was arranged by the main clergy in Parliament) - all these men were wearing pampers, had all kinds of unnatural illnesses, they met the President and told***

him how deplorable their condition was, and the very dangers of passing the bill in favor of gay people due to international pressure. After meeting these men, the President, refused to sign the bill but instead passed a law against homosexuality. God has done it for us. Amen. Thank you Jesus!

### Uganda's President Yoweri Museveni: Gays can unlearn what they have learned

Ugandan President Yoweri Museveni told a crowd this week that he signed a harsh anti-gay bill because being gay is a choice.

"It is not genetic. It is not congenital. It is behavior," Museveni said. "That's why I said I'm now going to sign the bill, 'cause I'm convinced with the available information that these people are not born like that, they just learned. And they can unlearn what they have learned."

### Homosexual Urban Legends: Born Gay

One of the most persistent and culturally damaging [Homosexual Urban Legends](#) is the erroneous claim by homosexual activists that they are "born gay" or that their sexual orientation emerges in early adolescence and is fixed and unchangeable.

One or both of these urban legends has been perpetuated not only by homosexual activist groups but by organizations like the American Psychological Association and the American Psychiatric Association. **One of the most compelling articles to dispel the notion that homosexuality is genetically determined, fixed, and unchangeable is: "[The Innate-Immutable Argument Finds No Basis in Science: In Their Own Words: Gay Activists Speak About Science, Morality, Philosophy](#)," by Drs. A. Dean Byrd, Shirley Cox, and Jeffrey W. Robinson. This essay is published on the [National Association for Research and Therapy of Homosexuality web site](#). The authors of this study carefully quote a number of homosexual researchers who have worked for years to locate a "gay gene" or some other genetic basis for homosexuality. They have failed and are now admitting that such evidence may never be found.**

### WATCH: Ugandan President Leads 5-Hour Parade Celebrating 'Jail the Gays' Law

Participants carried signs through the capital city with messages reading "Museveni, thank you for saving the future of Uganda," "Homosexuality + AIDS = 100%," and "Obama, we want trade not homosexuality." In a none-too-subtle attempt to counter the pro-LGBT Pride parades held in Uganda for the first time last year, participants at the antigay rally carried professionally produced banners touting "Uganda Pride."

Member of Parliament David Bahati, author of the original bill, **which called for the death penalty in instances of "aggravated homosexuality,"** lauded Museveni as a courageous independent leader for signing the law despite intense international opposition.

"Today, we come here again [to celebrate] sovereignty and freedom ... [and] to take charge of our destiny," Bahati said. "The citizens of Uganda are with you, Mr. President. The religious and cultural leaders are with you, Mr. President. The members of Parliament and the nation are behind you." **Antigay religious leaders were out in force at the rally, and several took to the podium to address the crowd — often directly referencing the millions in cuts to foreign aid provided to Uganda by European nations and the U.S.**

**Last month, U.S. officials announced that more than \$6.4 million in aid would be redirected away from the Inter-Religious Council of Uganda due to that agency's support of the antigay law.** " President Museveni, who signed the law after saying he was convinced by a "scientific" report that gay people are **"made, not born,"** was the star of the half-day rally, earning laughs when he graphically described the "unnatural" characteristics of same-sex sexual activity.

### Ugandan Police Detain US AIDS Research Project Staffer Suspected Of Promoting Homosexuality

By [Dana Dovey](#) | Apr 5, 2014--A **U.S.-funded health project in Uganda has temporarily suspended its operations after a staff member was detained by police in accordance with the country's anti-gay law.** A U.S. funded health project has temporarily ceased operations after a **member of staff was arrested for suspicion of involvement in and promotion of gay activities.** Although the staff member has been released on bond, the project's office in Kampala has shut for the time being, in order to ensure the safety of the other workers. **Homosexuality is banned in the African country and this arrest comes two months after the Ugandan President Yoweri Museveni signed a law to enforce stricter punishments for acts of gay and lesbian sex.**

**The U.S.-funded health project conducts important research in Ebola, Marburg disease, and HIV. It has been in operation since 2002 and their main goal is to develop a vaccine for these viruses.** **Comment:** Once again the US government imports corruption to another country.

### Scientific studies confirm a strong pedophilic predisposition among homosexuals--While only making up less than 2% of the population—Very Conservative Estimates Reports that Homosexuals account for between 25-40 percent of all child molestation—Researchers Determine “The rate of homosexual versus heterosexual child sexual abuse is staggering,”

“What ... does the academic literature say about the relationship between homosexuality and child molestation? Quite a bit, actually,” he wrote, quoting data compiled by the Family Research Institute: **“Scientific studies confirm a strong pedophilic predisposition among homosexuals.”**

The institute, after reviewing more than 19 studies and peer-reviewed reports in a 1985 “Psychological Reports” article, found that homosexuals account for between 25 and 40 percent of all child molestation. **Comment:** The [Williams Institute at the UCLA School of Law](#), a sexual orientation law and public policy think tank, estimates that 9 million (about 3.8%) of Americans identify as gay, lesbian, bisexual or transgender (2011). The institute **also found** that bisexuals make up 1.8% of the population, while 1.7% are gay or lesbian. Transgender adults make up 0.3% of the population.

“But this number is low,” Baldwin says, **“due to the fact that many reporters will not report if a child molester is a homosexual, even if he knows that to be the case.”**

**The North American Man-Boy Love Association, or NAMBLA, is “a group that openly promotes sex with minor boys and claims that boy-lovers respond to the needs of the boys they love,”** Baldwin said in his report.

**The group is often endorsed by “many of the homosexual movement’s most prominent leaders,”** he said.

[Dr. Judith Reisman](#), president of the Institute for Media Education and author of numerous authoritative books debunking sexual myths, including [“Kinsey, Crimes & Consequences.”](#) In her thesis – also written for the Regent University Law Review – Reisman cited psychologist Eugene Abel, whose research found that homosexuals “sexually molest young boys with an incidence that is occurring from five times greater than the molestation of girls. ...”

**Abel also found that non-incarcerated “child molesters admitted from 23.4 to 281.7 acts per offender ... whose targets were males.”**

**“The rate of homosexual versus heterosexual child sexual abuse is staggering,”** said Reisman, who was the principal investigator for an \$800,000 Justice Department grant studying child pornography and violence. **“Abel’s data of 150.2 boys abused per male homosexual offender finds no equal (yet) in heterosexual violations of 19.8 girls.”**

[Homosexual Journalist Admits, ‘Gay Lifestyle is a Sewer’](#)

Issue Date: November/December 2008--**The pro-sodomite media would have us believe that all homosexuals are in a wonderful, long-term, committed relationship with only one other person. They are portrayed as just another kind of “family” perfectly capable of raising children and making a valuable contribution to society.**

But British broadcast journalist Simon Fanshawe disagrees. **Himself a homosexual, he produced a documentary for the BBC called *The Trouble With Gay Men*. After reviewing some graphic stories of group sexual encounters in a bath house, he asks, “Are we just swimming around in a sewer which we are sort of saying is normal?” His conclusion: “...the gay lifestyle is incompatible with happiness and fidelity in human relations.”**

This is because that “promiscuity has become the norm...” If promiscuity is the norm, why do we only hear of the “committed relationships” that “deserve” to be recognized with formal and legal “marriage?” **It is because the sodomite lobby gained control of Hollywood and the news media and we are denied the truth. Studies have shown that even the small number of homosexuals who claim to be in a “committed relationship” have their own definition of monogamy.**

Homosexual researchers Marshall Kirk and Hunter Madsen found that **“the cheating ratio of ‘married’ gay males, given enough time, approaches 100%...Many gay lovers, bowing to the inevitable, agree to an ‘open relationship,’ for which there are as many sets of ground rules as there are couples.”**

**In fact, another study concluded that 43 percent of male homosexuals have more than 500 partners in their lifetime. A smaller percentage had over 1000.** Thus, the wonderful same-sex “family” image we are fed is largely a myth.

**The Bible is clear that God judges nations which give themselves over to homosexuality (Jude 7); that homosexuality is filthy conduct (2 Peter 2:6-7); that homosexuals will not inherit the kingdom of God (I Cor. 6:9); that homosexuality is unnatural and shameful (Rom. 1:26-27); and the Bible makes clear that not only those who practice such things, but also those who approve such things are deserving of the righteous judgment of God (Rom. 1:32).**

**Leviticus 20:13: If a man also lie with mankind, as he lieth with a woman, both of them have committed an abomination: they shall surely be put to death; their blood shall be upon them.**

**Lev 18:22-25: Thou shalt not lie with mankind, as with womankind: it is abomination...it is confusion. Defile not ye yourselves in any of these things: for in all these the nations are defiled which I cast out before you: And the land is defiled: therefore I do visit the iniquity thereof upon it, and the land itself vomiteth out her inhabitants.**

**TOOLS** Gen 19:3 **And he pressed upon them greatly; and they turned in unto him, and entered into his house; and he made them a feast, and did bake unleavened bread, and they did eat.**

**TOOLS** Gen 19:4 **But before they lay down, the men of the city, even the men of Sodom, compassed the house round, both old and young, all the people from every quarter:**

**TOOLS** Gen 19:5 **And they called unto Lot, and said unto him, Where *are* the men which came in to thee this night? bring them out unto us, that we may know them.**

**TOOLS** Gen 19:6 **And Lot went out at the door unto them, and shut the door after him,**

**TOOLS** Gen 19:7 **And said, I pray you, brethren, do not so wickedly.**

**TOOLS** Gen 19:8 **Behold now, I have two daughters which have not known man; let me, I pray you, bring them out unto you, and do ye to them as *is* good in your eyes: only unto these men do nothing; for therefore came they under the shadow of my roof.**

**TOOLS** Gen 19:9 **And they said, Stand back. And they said *again*, This one *fellow* came in to sojourn, and he will needs be a judge: now will we deal worse with thee, than with them. And they pressed sore upon the man, *even* Lot, and came near to break the door.**

**TOOLS** Gen 19:10 **But the men put forth their hand, and pulled Lot into the house to them, and shut to the door.**

**TOOLS** Gen 19:11 **And they smote the men that were at the door of the house with blindness, both small and great: so that they wearied themselves to find the door.**

**TOOLS** Gen 19:12 **And the men said unto Lot, Hast thou here any besides? son in law, and thy sons, and thy daughters, and whatsoever thou hast in the city, bring *them* out of this place:**

**TOOLS** Gen 19:13 **For we will destroy this place, because the cry of them is waxen great before the face of the LORD; and the LORD hath sent us to destroy it.**

**Our message to homosexuals is a simple one: THE STATE CANNOT PROTECT YOU FROM THE JUST JUDGMENT OF GOD. Federal law will do you no good when you stand before God on judgment Day. You must be born again through the Lord Jesus Christ. He will transform your life. Though most all of American Christianity wants to accommodate your sin, you have no special rights when you stand before God - it is the same for all men - repent and believe!**

**Former Editor of 'Young Gay America' Turned Christian Celebrates Marriage to Wife**

December 11, 2013--A former founding editor for a prominent homosexual magazine is celebrating his recent marriage to his wife, and is addressing the critics who have blasted him for turning his back on the homosexual lifestyle.

Michael Glatze says that he left homosexuality six years ago by the prompting of the Lord after working as the editor of *Young Gay America* for over a decade.

“I want to make a little ‘shout out’ to all of the angry homosexuals in our country who are currently spreading all sorts of hate and aggression [against me] on pro-homosexual blogs. Look, I am not interested in defending myself,” Glatze wrote. “I have as much right to my point-of-view as anyone else has to theirs.”

Glatze concluded by stating that he is thankful for the work that God has done in his life and can’t help but share it with the world.

“I am here to live a good, God-honoring life,” he wrote. “And as a Christian, I would be a liar if I didn’t tell people who God is, what He has done in my life and how He continues to provide for me (and now—thank God—my family) in ways that are more numerous than I can count.”

### Why Is The Media Silent About The Crucifixion Of Christians By Radical Islamic Jihadists?

Michael Snyder [American Dream](#) May 2, 2014 -- Could you imagine the uproar in the mainstream media that we would see if a member of a politically favored class of people was crucified for who or what they are? There would be front page headlines for weeks.

<<Image: Crucifixion (YouTube)

But because members of a politically favored class (Muslims) are doing it to members of a non-politically favored class (Christians), it is not newsworthy at all according to the media. In many instances, Christians are being crucified by jihadists that are actually being assisted and funded by the governments of the United States and Saudi Arabia. Yes, our tax dollars are being used to help arm and supply radical jihadists that are

beheading and crucifying Christians. And yet none of the big media organizations considers this to be news.

How sick and twisted do you have to be to crucify a little child for being a Christian? Of course you never heard about this from the mainstream media, but that is [exactly what happened in Syria recently](#)...

Miss Raghida (a nun and former head of a Catholic school in Damascus) explained the horrific event. “Islam or death” was the choice given to many Christians in Syria on Tuesday during the height of the conflict in Syria. She said many Syrian Christians have been affected by the atrocities taking place in the Christian population of the Middle Eastern country, an area once known for the harmonious coexistence of Muslims and Christians.

According to Mrs. Raghida, the Muslims came to two youths and said, “So you want to die as a teacher in whom you trust? Please choose: either to renounce (faith) or you will be crucified!”

The boys both refused to renounce faith in Jesus Christ and were martyred because of it. One of them **was crucified in front of his father**, who was then killed. The nun went on to tell the radio station that the Jihadists entered the city of Maaloula and started killing men, women, and children. According to her report, they killed and **played football with the heads of those murdered**. Miss Raghida also said the killers took pregnant women and **pulled out the babies from their wombs and hung them from a tree by their umbilical cords**.

**This kind of brutality is absolutely unprecedented!**

**Who has ever heard of such a thing being done to pregnant women and children?**

**You would think that crimes of this magnitude would be front page news all over the globe.**

**But instead, there is mostly just silence.**

About the only mainstream news outlet in the U.S. that will even touch this stuff is Fox News. And even they don't give it front page treatment. **Usually you have to really dig to find a brief story about the slaughter of Christians that we are seeing all over the planet.**

As I mentioned above, **the jihadists that are doing this have the support of Saudi Arabia and the United States**. The Obama administration and the Saudia are desperate to overthrow the Syrian government, and Obama seems to have no problem allying us with some of the most despicable **jihadists on the entire planet in order to make that happen**.

**The brutality against Christians by U.S.-backed fighters has been going on for month after month with very little notice by the outside world.**

**And of course Syria is far from the only place where we see this kind of brutality on a consistent basis**. For example, Christians are regularly slaughtered by radical jihadists in **Nigeria**. The following is **[just one recent example](#)**...

While many of us were enjoying our Friday evenings, **a massacre was taking place in Nigeria that left between 100 and 150 Christians dead and around 200 homes burned to the ground**.

**At around 10pm Nigeria time last night while villagers were asleep, more than 40 Islamic Fulani herdsmen attacked 3 villages in Manchok, which is located in Southern Kaduna, Nigeria. Southern Kaduna is a predominantly Christian.**

**These jihadi attackers first set fire to homes and when the Christians attempted to escape their homes, they were shot dead or butchered with machetes. The ones who could not escape their homes burned to death.**

**No one attacked was spared, including women and children. A pastor, his wife, and their children, of one of the villages, were said to be among the butchered.**

**Have you heard about that incident before now?**

**Probably not.**

**You see, the truth is that the elite control the "matrix" known as the mainstream media, and they don't consider such stories to be important.**

You probably haven't heard about the young Christian woman that was dragged out of her car and beaten to death by a Muslim mob in Egypt either. Fortunately, there are some non-mainstream outlets **[that are covering this](#)**...

**Eyewitnesses have given a harrowing account of the murder in Cairo of a young Coptic Christian woman, hauled out of her car and beaten and stabbed to death by a Muslim mob, apparently targeted because of a cross hanging from her rear-view mirror.**

**And to say that she was "beaten to death" doesn't really capture the full horror of what happened to her...**

**Protestors climbed onto her car, collapsing the roof, then hauled her from the vehicle, beating and mauling her – to the extent, he said, that portions of her scalp were torn off. She was stabbed multiple times, her throat was slit and when she was dead, the mob torched her car.**

**This is evil to the highest degree.**

**But even in the midst of the slowest news year in ages, the mainstream media still won't touch this stuff.**

There is an extreme hesitance in the western world to report anything that will put Muslims in a bad light or put Christians in a good light.

Meanwhile, as Christians are being slaughtered by Muslims all over the globe, the western world is doing all that it can to shut down criticism of Islam.

For instance, the leader of a political party in the UK could be facing up to two years in prison for the "hate crime" of [quoting Winston Churchill](#)...

Political party leader Paul Weston was arrested by police and faces up to two years in jail for criticizing the religion of Islam during a public speech in the United Kingdom.

Weston's "racially aggravated" hate crime consisted of him quoting Winston Churchill.

Weston's arrest reveals the chilling implementation of thought crime in Britain and how political correctness is being used as a weapon with which to destroy the edifice of freedom of speech across the western world. **For more on this go to: [Criticizing Islam Now a Thought Crime](#)**

And in the U.S., great efforts are being made to make Muslims as comfortable as possible in our schools. Even as Christian prayers are being banned, entire prayer rooms are being set aside for Muslim students in schools all over the country. In addition, many school systems are now giving students days off during major Muslim holidays. In fact, this will soon be happening in [New York City](#)...

New York City is moving to close school for two Muslim holidays and the Lunar New Year.

But that is nothing compared to what happened at one high school in Colorado. **As students recited the Pledge of Allegiance, the words "under God" were replaced with "under Allah"...**

The principal at Rocky Mountain High School in Fort Collins, Colorado, is facing a hailstorm of criticism from some very angry parents and residents.

The school recites the Pledge of Allegiance weekly, on Mondays. Last Monday, a member of their "Cultural Arms Club" led the student body in an Arabic version of the pledge, replacing the words "under God" with "under Allah."

In the U.S., people are bending over backwards to make the Muslim minority feel more comfortable.

But in Muslim countries, Christians are being beaten to death, beheaded and crucified and very few people in the western world even want to talk about it.

Has our society become so "politically correct" that it cannot even denounce great evil when it is happening right in front of our eyes?

Comment: & with the wonderful religion of peace (known as Islam) having no problem butchering Christians on a holocaust scale throughout the world, it no wonder that the following facts about Islam are also true:

## **World War III Has Already Been Lost and the Chinese Are In the Process of Occupying Amerika**

May 5, 2014 - Dave Hodges [The Common Sense Show](#)--The title to this report is bold, but it is all out in the open. Fasten your seatbelt and make sure you store food, water and ammunition because the train has left the station and AmeriKa is headed for a head-on train wreck of epic proportions.

Last night, May 4, 2014, I interviewed Dr. Jim Garrow, a 40 year US government agent who is exposing many NWO plots. I was preparing to take this interview to a level not yet heard on talk radio. I was vague in my show description because I wanted the show to not be taken down by the powers that be.

However, the first 10 minutes of my show we were still tampered with as Dr. Garrow, News Director Annie DeRiso and myself all experienced independent and simultaneous communications issues. Dr. Garrow and I subsequently changed our communications venues and the show proceeded.

In a two part series, I am writing a brief synopsis of the last two hours of the interview which will contain some revelations, on my part, that I did not fully cover last night. The reason that some critical issues did not get covered last night is because Dr. Garrow cannot talk about some of the issues because of his national security oath and I did not want to place him in a position of looking like he had been talking about what he is not supposed be revealing. As it was, Dr. Garrow refused to answer 5 questions I put to him last night in deference to his national security oath.

Much of what I am going to reveal is going to read like a jig saw puzzle. **I am going to reveal a story of Chinese takeover of this country and Dr. Garrow provides complementary and novel information to the level of which he is permitted to speak.**

Cliven Bundy sits on land that is mineral rich in addition to being selected to be a Solar Energy Zone controlled by the Chinese energy company ENN. **Dr. Garrow revealed that there are already Chinese soldiers on the Bundy Ranch and this information was provided to him by the Bundy's themselves in a private dinner Dr. Garrow had with members of Bundy family.**

Dr. Garrow also revealed **that Bundy's land is rich in mineral resources and the Chinese have been promised control over all of our underground and surface mineral resources. The Bundy Affair is critically important because it exposed critical elements of the turnover of this country's wealth to the Chinese in payment for our debt to China.**

**Soon, China will own every important aspect of American wealth and those of us that remain alive following the coming purge will be living in a third world country. Notice what I just said here, (1) those left alive and (2) living in a third world country. In Part Two of this series, I will be revealing exactly how this will happen. Let me just suffice it to say that gold, all forms of energy, water and food production will become a part of the Chinese takeover as will the breakup of the Federal Reserve in a divestiture of such a magnitude, that it has never before seen in the modern world.**

The readers may recall that I recently wrote an article in which I noted that these Chinese Solar Energy Zones were near a CANAMEX Corridor transportation system, backed up next to a major military installation and were mineral resource rich. **The American military will be forced to join the Chinese takeover. The highway system is important from a military perspective in order to quickly move troops and material to needed areas of insurrection. Now does it make sense as to why there is a purge of the military leadership taking place in which over 260 senior level military officers have been fired by Obama? Does the John Warner Defense Act make sense to you now because it allows the use of US troops on American soil for policing duties which will be needed to put down any resulting rebellion? Do you think that the DHS acquiring over 2 billion rounds of ammunition to go with their 2700 armored personnel carriers makes any sense in light of this information? And I have been told that Tom Clancy had all of this information and more and this is why he was killed because he was writing a book about all of this. If you are still connecting dots, let me put this in very simply terms, there is going to be a civil war and it is going to happen soon.**

Further, Dr. Garrow acknowledged the connections between these Chinese Solar Energy Zones and land rich in mineral resources. I have also previously written an **article in which I identified how the United States has hundreds of trillions of dollars of estimated buried resource wealth beneath the surface and our government refuses to touch it. Our government refuses to access these underground treasures because they have been promised to the Chinese in repayment of the debt owed to their country.**

Putin has Eastern Europe knuckling under to his will. Both Dr. Garrow and I agree that this will cause the **breakup of NATO and Putin's military will run unopposed through Europe.** I asked Dr. Garrow about the window we are in with regard to **NATO consolidating forces necessary to oppose a Russian invasion, through a series of war games, in Moldova, Ukraine, Bulgaria and Poland this coming June/July. If Putin is going to control Ukraine, which accounts for 66% of Russian gas flowing into Europe, he cannot allow NATO to consolidate its forces and oppose his takeover plans of Ukraine.** Dr. Garrow did comment on this point, however, I have multiple insider sources stating that this is an accurate assessment. **I have been told that there is a window of about 4-5 weeks until Russia attacks Ukraine. If Putin misses this window, he will have to be content to continue to erode the Petrodollar because NATO will be significantly entrenched enough to easily roll over Ukraine and Eastern Europe. Putin is bold and impulsive & I believe he will attack Ukraine.** Dr. Garrow revealed that Obama has both the ability and authority to order the capture of 30% of the bleed off natural gas and to have it shipped to Eastern Europe thereby undercutting the Russian price on natural gas. **This would have halted Putin in his tracks.** This would have been similar to what Truman did to keep Berlin open in 1947, when the Russians shut down outside access to Berlin and Truman initiated the Berlin Airlift. **However, being the traitor that Obama is, he refused to act to save Eastern Europe. As a result, both Dr. Garrow and my insider sources believe that it is just a matter of time until all of Europe is subservient to Putin's re-emergence of the Soviet Empire. This speaks to the fact that we do indeed have a traitor in the Oval Office. Europe will soon fall to Russia and America will fall to China. This is the real New World Order!**

To sum it up, Part One details how the Chinese are on the verge of controlling all American energy and meaningful resources including our military. Russia will soon be controlling Europe and both Chinese and Russian forces will be imposing their will on the American people in the coming months. **Part Two will discuss the coming EMP attack, currency collapse and actions of both Chinese and Russian military forces.** <http://thecommonsenseshow.com/2014/05/05/world-war-iii-has-already-been-lost-and-the-chinese-are-in-the-process-of-occupying-amerika/>

**World War III Has Already Been Lost and the Chinese Are In the Process of Occupying Amerika (Part Two)**

Dave Hodges--May 6, 2014--[The Common Sense Show](#)

In order to keep its head above water for just one more day, the Federal Reserve has now permitted Chinese-controlled banks to take stakes in US banks. This is a nefarious invasion of the U.S. economy. Subsequently, we have witnessed a major shift in the percentage of the U.S. debt owned by Chinese vs. the Federal Reserve.

This is the beginning of the end for the dollar, the U.S. economy, your standard of living, your assets, your freedoms and for many of you, your very lives.

At the end of January 2009, the month President Barack Obama was first inaugurated, Communist [China owned \\$744.2 billion](#) in U.S. government debt and the [Fed owned \\$475.129 billion](#). In May of 2012, the [Federal Reserve](#) has approved applications by three big Chinese government-controlled banks to set up branches and take stakes in US banks.

The Chinese ownership of U.S. debt, compared to the Federal Reserve, appears to be unchanged in 2014. However, the Chinese are slowly but surely acquiring the Federal Reserve and thus, are acquiring a greater amount of U.S. government debt. Therefore, much of the debt owned by the Federal Reserve, is now owned by the Chinese and their new partners consisting of two large Spanish banks, a German bank and the Chinese. The complete Chinese takeover of our economy is silent but undeniably insidious. It would be appropriate to think of this development as the United States government doing a debt consolidation of all its treasury bonds **because it can no longer pay or service the debt and the Chinese and their partners are acquiring the assets of America for pennies on the dollar.** It will soon be announced that China is in the process of purchasing major Western banks (e.g. Bank of America, Wells Fargo) and physical assets. These banks make up the majority owners of the Federal Reserve. By purchasing these banks as distressed properties, the Chinese, will in effect, have purchased the Federal Reserve because these banks own the Federal Reserve. For the naysayers that will write to me and say there is no way that this will ever take place, I will respond by telling you that you are a day late and a "distressed dollar" short with your anxiety over the future of the American economy.

Late last year, **China purchased the JP Morgan building in Manhattan for \$725 million. This was a symbolic move like planting the U.S. flag on top of Iwo Jima's Mount Surabachi during the famous WWII battle. This signified that the Chinese have laid claim to all assets in the United States. One might reason that the Chinese have in fact purchased all of JP Morgan. When this happens in earnest, it will come in the midst of a dollar devaluation and we are only months away from this happening.**

**Comment:** When you couple this information with the information in the report:

<http://pro.stansberryresearch.com/1404EOAJULY1/PPSIQ529/?h=true>

**with July 1<sup>st</sup> as the start date, this information becomes even more ominous regarding the devaluation of the US Dollar.**

The Chinese yuan, also known as the renmimbi, is China's national currency. The yuan has an important role in keeping China's economy competitive. **China keeps the yuan pegged to a basket of currencies, most notably the U.S. dollar.** The yuan is worth a little more than fifteen cents. This is all about to change. **China has the ability to sell its Treasury holdings, putting the value of the U.S. dollar into free fall.** However, it's not in China's best interests to do so. **By threatening to sell U.S. Treasuries, China would quickly devalue its own holdings.** However, the Chinese now have partners who are willing to purchase U.S. treasuries and shoulder the burden of owning most of the U.S. debt **which could result in the total collapse of the US economy if they sold these holdings off.**

These large investors are busy purchasing the Federal Reserve through the back door. For example, the Spanish Bank, Banco, is purchasing Citigroup in Spain according to the [Wall Street Journal](#). The buyoff of the major investors in the Federal Reserve is well underway. China, and their BRICS country allies, and a consortium of international interests, will (through the I.M.F.) manage the U.S. debt through exchange rate increases and trade tariffs. Dr. Jim Garrow announced on my show that a devaluation is near as the dollar will soon be valued on a 6 to 1 ratio in favor of the Chinese renmimbi. Let's talk about the ramifications of this event. If you own a mortgage on your home for \$150,000, you now owe the Chinese interests controlling your bank which holds your mortgage note, \$900,000 dollars. If you owe the bank (which will be under Chinese control) \$20,000 for your automobile, following the 2014 dollar devaluation, you now owe \$120,000. Your grocery bill for your family just went up potentially by a factor of six. What about your retirement and social security? What retirement and social security? Long before most of you will be able to collect, your retirement will collateralized against the debt. The same is true for your 401K and your saving account holdings. It would be wise to spend your money now on elements of survival that you will need.

There is also an important aspect that nobody is talking about. When the Chinese come to claim your home, your car and your retirement, what legal recourse will you have? The answer is you will have no due process rights because your economic situation will be adjudicated in accordance with Chinese law. Under Chinese law, you will truly have the right to remain silent. When one considers the net effect of this Chinese takeover of the Federal Reserve, it is not far-fetched to postulate that Americans will actually be starving to death.

It is completely understandable that Americans will be fleeing the country. However, the Chinese will no doubt put controls in place that may allow you to leave, but your assets will stay inside the country.

Elements, not the entire government, have sold our country out. Reid, Feinstein, Clinton, Pelosi and of course, Obama, have committed treason against the United States by participating in this planned demise. Yes, the planned demise is in full view.

The Bundy Affair is the most significant event in present day America. It exposes the fact that the Chinese will soon control our new solar based energy delivery systems through the Solar Energy Zones. These Solar Energy Zones lie on top of an estimated \$228 trillion dollars of underground mineral assets. They also lie adjacent to major military installations and international corridor of interstate highways which will all soon be controlled by the Chinese.

Please note that all the rising economies of the world are tying their currencies to gold as Dr. Garrow astutely pointed out on my show. The United States is not one of these countries. He is correct as the China and India have been trading in gold, as opposed to the dollar, for several years. The present set of events represents the fulfillment of our demise which has been planned by the global elite for quite some time. If there is a silver lining, America will soon shed much of its sheep's wool and America will fight. Hence, the real reason behind Obama's push for gun confiscation and the fact that John Kerry signed the UN gun ban treaty last year. Now that you know that the Chinese own the very clothes on your back, it is time to take a look at how the Chinese will soon be exerting complete dictatorial control over the United States.

To date, we have largely been conquered by stealth but soon the specter of Chinese and Russian troops along with their DHS allies will be opposing Americans in the streets openly.

**World War III Has Already Been Lost and the Chinese Are In the Process of Occupying Amerika: Chinese EMP Weapons (Part Three)**

Dave Hodges--May 7, 2014--[The Common Sense Show](#)

In an interview I conducted with Dr. Jim Garrow on May 4, 2014, he was adamant that the Chinese plan to use EMP weapons against the United States in order to bring any organized resistance to a complete standstill. A widespread EMP attack, precipitated by a pair of high altitude nuclear weapons over the midcontinent United States, would knock all electronics that were not previously and purposefully hardened against such an attack. The effects of such an attack would greatly reduce the population. Millions would die in the first few minutes. Over the next two years, 90% of the US population would perish largely due to their inability to

obtain food and clean drinking water.

Back in late August of 2013, a potentially devastatingly event++ transpired at a base located in West Texas as the result of an unauthorized Nuke transfer. There was no signature required for the transfer and this transaction was totally off the books, thus, making this a black ops activity. The black ops activity involved the unauthorized transfer of three nuclear bombs presumably to use as an EMP weapon.

Initially, the Jones report seemed to lack specific documentation. However, on the same day of this report, **Senator Lindsay Graham (SC)**, stated that if we did not immediately go to war with Syria, that Charleston Harbor would be nuked. In the midst of Graham's stunning prediction, he appeared to be disorientated and a man who was under severe duress. Graham may be a globalist insider, but he did not sign up to have his own backyard nuked. The Graham statement provided instant credibility to the report of nukes on the loose. The following was a synopsis of report on this event.

As we now know, the nuke that was potentially targeted by Charleston was intercepted by our military, seized from the black ops force who obtained unauthorized possession of the nuke and detonated it almost 500 miles out to sea.

President Obama's subsequent actions lent even more credibility to key elements of the report as he began disassembling the nuclear command structure in the United States military by firing the two top generals in charge of America's nuclear weapons and then letting go of over 30 top military officers in charge of security for the nukes controlled by this country. These brave officers provided intelligence information so that the nuke could be intercepted and destroyed and they paid for their patriotism with their careers.

In the months following this stunning revelation it was found that this EMP attack was a failsafe plan to devastate this country's infrastructure should America not go quietly into the night.

New revelations clearly demonstrate that the Chinese do intend to use EMP weapons to subjugate the United States. However, these EMP weapons will be local and leave most of America's infrastructure intact. A limited EMP attack makes a lot more sense, from a Chinese perspective, because the Chinese acquisition of the Federal Reserve (as reported in Part 2 of this series) and their ability to extract mineral wealth from beneath the ground would proceed unimpeded if smaller, more localized EMP weapons were to be used.

I have surmised that the Chinese must have developed more sophisticated EMP weapons; weapons that could be directed at specific targets and not totally destroy the surrounding infrastructure and this is exactly what I found.

A [declassified intelligence report](#), obtained by the private National Security Archive, provides details on [China's](#) EMP weapons as well as the plans for their use.

The report details how much of **China's military is developing EMP weapons that the Chinese plan to use against targeted U.S. aircraft carriers with regard to any future conflict over Taiwan.** Parts of the National Ground Intelligence Center [study](#) on the lethal effects of electromagnetic pulse (EMP) and high-powered microwave (HPM) weapons revealed that the arms

are part of what China refers to as the “assassin’s mace”. This arsenal of EMP weapons allows a technologically inferior China to defeat U.S. military forces while leaving much of the surrounding infrastructure intact. The report further states “For use against Taiwan, China could detonate at a much lower altitude (30 to 40 kilometers) ... to confine the EMP effects to Taiwan and its immediate vicinity and minimize damage to electronics on the mainland.”

**Americans have been told by our corporate controlled media that EMP weapons will have no impact on human beings.** These reports are a bold faced lie as this same report went on to detail how the Chinese have conducted EMP tests on mice, rats, rabbits, dogs and monkeys. The results of the mammal directed EMP test results produced eye, brain, bone marrow and other significant organ injuries. It stated that “it is clear the real purpose of the Chinese medical experiments is to learn the potential human effects of exposure to powerful EMP and high-powered microwave radiation.” The report also concluded that these human based EMP tests may have been conducted to determine safety or shielding standards for military personnel or weapons.

**The Chinese Solar Energy Zones are no doubt part of the Chinese plans to employ a localized EMP strike against America designed to disable its command and control as well as any local military forces which would resist a joint Chinese/Russian takeover of the United States.**

I became very suspicious of the Chinese Solar Energy Zones when I discovered that they were adjacent to major military bases. For example, the planned Solar Energy Zone on the Bundy Ranch is located near Nellis AFB. The same is true as these Solar Energy Zones in Arizona which are located adjacent to Luke AFB flight operations. I believe that there can be no doubt that these Chinese Solar Energy Zones are being strategically placed, through the efforts of Senator Harry Reid, adjacent to major American defense installations in order to neutralize their military operations when the time is right. The neutralization element will consist of a localized EMP weapon. These suspicions are further enhanced as the Bundy’s are reporting the presence of Chinese soldiers on their ranch.

## World War III Has Already Been Lost and the Chinese Are In the Process of Occupying

Dave Hodges--May 8, 2014--[The Common Sense Show](#)

Far beneath the ground, the federal government owns the rights to mineral and energy leases, from which they receive no royalties, rents, and bonus payments, states the Institute for Energy Research, an industry group. According to their estimates, the government states that the assets are worth \$128 trillion. Some estimates double the Institute for Energy Research’s estimate of underground mineral wealth. This wealth will never be used to pay down our debt. This is an American asset that has been given away to the Chinese.

This asset no longer belongs to the people of the United States. It was pledged to China as a first step in the total takeover of this country. And this vast mineral wealth is merely the tip of the iceberg with regard to what some of our leaders have pledged to the Chinese.

This is why the Chinese are continuing to purchase a significant portion of our \$17 trillion dollar debt. This would appear to be a totally foolish financial move by them, yet the Chinese are still purchasing our debt as there is something of ours that is of enough value to get the Chinese to continue to throw good money after bad.

This discussion can go no further until we mention that trip that Hillary Clinton took to China, several months ago, and she did come away with a guarantee that the Chinese would continue purchase our debt. So how in the world could Hillary ever get the Chinese to agree to what seems to be such a one-sided deal?

Back in January of this year, World Net Daily reported that former Secretary of State Hillary Clinton did indeed go to China for the express purpose of convincing the Chinese to continue to purchase our debt. With our economy in the mess that it is in, that had to be one tough sell. **There can be no question that the Chinese had to be promised something really, really, really big to continue investing in the sinking American economy.**

I completely understand why many people would jump to the conclusion that **Clinton pledged the homes of American citizens and I believed that this promise was made. If you do not believe this statement, then please read the previous four parts of this series and see how the Chinese and their consortium interests are gobbling up control over the Federal Reserve through controlling the Federal Reserve's investor banks. If the Chinese will soon control the banks, they will soon control your home mortgage. Do you get it now?**

World Net Daily got it right this past January. **However, most of us have underestimated the degree of takeover that the Chinese have planned. We falsely reasoned that private debt is not public debt and the United States government has taken no overt legislative power, nor have Executive Orders been issued that could hand the Chinese direct control over homes. Were we ever wrong. The evidence for the totality of the Chinese takeover of every American asset is hiding in plain sight. If Obama and Reid are willing to hand the Chinese \$128 trillion dollars of underground mineral wealth, control over solar energy and the ability to neutralize any American military opposition, then why not just hand them the entire country at the same time. Well, that is exactly what Obama did!**

**Cash buyers reach record level of all home purchases at over 42 percent: 80 percent of all sales over past year in Irvine CA went to buyers from China?**

**There is no doubt that the Chinese are being granted authority to control our international inland ports in which eventually all commerce will flow through. If the Chinese own the Inland Ports, then they own the American trade system, by default. This is a likely asset that would have been pledged by Clinton as well. However, if I was taking on a debt the size of the United States, I would think bigger and the Chinese are thinking much bigger.**

***I have written extensively on Executive Order 13603. This EO sets up the most draconian martial law authority on the planet. Literally, everything is controlled by the government. All food, all industry, all energy and you are controlled by the President. The interesting thing about EO 13603 is that does not require an emergency declaration to be acted upon.***

**It is becoming clear that the Chinese control of our vast underground mineral resources is just the tip of the iceberg. Our focus on the Chinese takeover of our mineral resources, the establishment of Solar Energy Zones in order to dominate our power grid, the Chinese plans to use localized EMP weapons in order to neutralize key military bases that are adjacent to these new Solar Energy Zones is just the tip of the iceberg. The Chinese plan to dominate every single bit of American wealth in repayment for the U.S. debt owed to China is where our collective focus should have been. We in the alternative media have grossly underestimated the totality of the Chinese takeover of the United States.**

**Previously, I believed that EO 13603, which was the brainchild of the Obama administration which was designed to grant this President unlimited control over U.S. assets. I further believed that this EO would allow Obama the flexibility to indefinitely occupy the White House. However, I had set my sites too low with regard to Chinese intentions. Harry Reid and Obama have not just given away our solar energy and our vast mineral resources to the Chinese, they have given away everything to them.**

**It is now clear that the intent of EO 13603 was designed to hand over every American resource and every American to the Chinese.**

## EXECUTIVE ORDER 13603

AT A TIME OF THE PRESIDENT'S CHOOSING,  
THE FEDERAL GOVERNMENT MAY TAKE OVER:

- > "ALL FORMS OF ENERGY"
- > "ALL FORMS OF CIVIL TRANSPORTATION"
- > "ALL USABLE WATER FROM ALL SOURCES"
- > "ALL COMMODITIES AND PRODUCTS THAT ARE CAPABLE OF BEING INGESTED BY EITHER HUMAN BEINGS OR ANIMALS"
- > "HEALTH RESOURCES - DRUGS, BIOLOGICAL PRODUCTS, MEDICAL DEVICES, MATERIALS, FACILITIES, HEALTH SUPPLIES, SERVICES"

A review of **EO 13603** reveals that a Chinese controlled puppet President Obama not only can seize every material asset in the country, the Chinese can seize you and your family and assign anyone and everyone to duties of his choosing. An examination of this EO reveals that the "new draft" would be controlled by the Secretary of Labor. The military draft would be administered by the Selective Service as it always has been done. The civilian draft will be overseen by the Secretary of labor. **Can you now fathom the implications of this EO? If not, please allow me to spell it out for you.**

**WE HAVE OFTEN SPOKEN ABOUT THE EVILS OF CHINESE SLAVE LABOR IN WALMART FACTORIES IN CHINA. THE CHINESE ARE COMING TO AMERICA TO REPAY THE FAVOR. WE WILL SEE AMERICAN SLAVE LABOR**

**CONTROLLED BY THE CHINESE.**

EO 13603 is the whole enchilada. I have written four articles on different aspects of EO 13603 and I would suggest that everyone spend some time Googling this EO and come to your own conclusions. Can it get any worse? **Yes! Think gun confiscation to minimize the resistance to the Chinese takeover and this will run hand in hand with the NDAA.**
