## In September, The UN Launches A Major Sustainable Development Agenda For The Entire Planet

By Michael Snyder, on May 11th, 2015

The UN plans to launch a brand new plan for managing the entire globe at the Sustainable Development Summit that it will be hosting from September 25th to September 27th.

**Comment: Sustainable is a buzzword used to do as they please, to commandeer your land, resources & possessions, to strip you of all rights as a human being for “the greater good”, to force you to adopt whatever evil agenda they have planned for humanity, & ultimately to move you to government controlled cities you will not be able to leave with stack and pack housing & if you’re not compliant, to**

**the FEMA camps. Think Hunger Games.** Some of the biggest names on the planet, including Pope Francis, will be speaking at this summit. This new sustainable agenda focuses on climate change of course, but it also specifically addresses topics such as economics, agriculture, education and gender equality. **For those wishing to expand the scope of “global governance”, sustainable development is the perfect umbrella because just about all human activity affects the environment in some way.** The phrase “for the good of the planet” can be used as an excuse to micromanage virtually every aspect of our lives. **So for those that are concerned about the growing power of the United Nations, this summit in September is something to keep an eye on. Never before have I seen such an effort to promote a UN summit on the environment, and this new sustainable development agenda is literally a framework for managing the entire globe.**

**If you are not familiar with this new sustainable development agenda, the following is what [the official United Nations website](#) says about it...**

The United Nations is now in the process of defining Sustainable Development Goals as part a new sustainable development agenda that must finish the job and leave no one behind. This agenda, to be launched at the Sustainable Development Summit in September 2015, is currently being discussed at the UN General Assembly, where Member States and civil society are making contributions to the agenda.

**Posted below are the 17 sustainable development goals that are being proposed so far. Some of them seem quite reasonable. After all, who wouldn’t want to “end poverty”.** But as you go down this list, you soon come to realize that just about everything is involved in some way. **In other words, this truly is a template for radically expanded “global governance”. Once again, this was taken directly from [the official UN website](#)...**

1. End poverty in all its forms everywhere
2. End hunger, achieve food security and improved nutrition, and promote sustainable agriculture
3. Ensure healthy lives and promote wellbeing for all at all ages
4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

5. **Achieve gender equality** and empower all women and girls
6. Ensure availability and sustainable management of water and sanitation for all
7. Ensure access to affordable, reliable, sustainable and modern energy for all
8. Promote sustained, inclusive and sustainable economic growth, full and productive employment, and decent work for all
9. Build resilient infrastructure, promote inclusive and sustainable industrialisation, and foster innovation
10. Reduce inequality within and among countries
11. Make cities and human settlements inclusive, safe, resilient and sustainable
12. Ensure sustainable consumption and production patterns
13. **Take urgent action to combat climate change and its impacts**
14. Conserve and sustainably use the oceans, seas and marine resources for sustainable development
15. Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification and halt and reverse land degradation, and halt biodiversity loss
16. Promote peaceful and inclusive societies for sustainable development, **provide access to justice for all and build effective, accountable and inclusive institutions at all levels**
17. Strengthen the means of implementation and revitalise the global partnership for sustainable development

As you can see, this list goes far beyond “saving the environment” or “fighting climate change”.

It truly covers just about every realm of human activity.

**Another thing that makes this new sustainable development agenda different is the unprecedented support that it is getting from the Vatican and from Pope Francis himself.**

In fact, **Pope Francis is actually going to travel to the UN and give an address to kick off the Sustainable Development Summit on September 25th...**

His holiness Pope Francis will visit the UN on 25 September 2015, and give an address to the UN General Assembly immediately ahead of the official opening of the UN Summit for the adoption of the post-2015 development agenda.

This Pope has been very open about his belief that climate change is one of the greatest dangers currently facing our world. Just a couple of weeks ago, he actually brought UN Secretary General Ban Ki-moon to the Vatican to speak about climate change and sustainable development. **Here is [a summary](#) of what happened...**

**On 28 April, the Secretary-General met with Pope Francis at the Vatican and later addressed senior religious leaders, along with the Presidents of Italy and Ecuador, Nobel laureates and leading scientists on climate change and sustainable development.**

**Amidst an unusually heavy rainstorm in Rome, participants at the historic meeting gathered within the ancient Vatican compound to discuss what the Secretary-General has called the “defining challenge of our time.”**

In addition, Pope Francis is scheduled to release a major encyclical this summer which **will be primarily focused on the environment and climate change.**

I think that we can get a good idea of the kind of language that we will see in this encyclical from another Vatican document which was recently released. It is entitled "Climate Change and The Common Good", and it was produced by the Pontifical Academy of Sciences and the Pontifical Academy of Social Sciences. The following is a [brief excerpt](#)...

Unsustainable consumption coupled with a record human population and the uses of inappropriate technologies are causally linked with the destruction of the world's sustainability and resilience. Widening inequalities of wealth and income, the world-wide disruption of the physical climate system and the loss of millions of species that sustain life are the grossest manifestations of unsustainability. The continued extraction of coal, oil and gas following the "business-as-usual mode" will soon create grave existential risks for the poorest three billion, and for generations yet unborn. **Climate change resulting largely from unsustainable consumption by about 15% of the world's population has become a dominant moral and ethical issue for society.** There is still time to mitigate unmanageable climate changes and repair ecosystem damages, **provided we reorient our attitude toward nature and, thereby, toward ourselves. Climate change is a global problem whose solution will depend on our stepping beyond national affiliations and coming together for the common good.** Such transformational changes in attitudes would help foster the necessary institutional reforms and technological innovations for providing the energy sources that have negligible effect on global climate, atmospheric pollution and eco-systems, thus protecting generations yet to be born. **Religious institutions can and should take the lead in bringing about that change in attitude towards Creation.**

The Catholic Church, working with the leadership of other religions, can now take a decisive role by mobilizing public opinion and public funds to meet the energy needs of the poorest 3 billion people, thus allowing them to prepare for the challenges of unavoidable climate and eco-system changes. Such a bold and humanitarian action by the world's religions acting in unison is certain to catalyze a public debate over how we can integrate societal choices, as prioritized under UN's sustainable development goals, into sustainable economic development pathways for the 21st century, with projected population of 10 billion or more.

Under this Pope, the Vatican has become much more political than it was before, and sustainable development has become the Vatican's number one political issue.

And did you notice the language about "the world's religions acting in unison"? Clearly, the Vatican believes that it has the power to mobilize religious leaders all over the planet and have them work together to achieve the "UN's sustainable development goals".

I can never remember a time when the United Nations and the largest religious institution on the planet, the Catholic Church, have worked together so closely.

So what will the end result of all this be? **Comment: Pure Evil**

[Geoffrey Grider](#) | May 13, 2015 | [67 Comments](#)

The Vatican said Wednesday that it had **concluded a treaty to recognize Palestinian statehood, a significant step welcomed by Palestinians but upsetting to the Israeli government.**

**“And upon her forehead was a name written, MYSTERY, BABYLON THE GREAT, THE MOTHER OF HARLOTS AND ABOMINATIONS OF THE EARTH. And I saw the woman drunken with the blood of the saints, and with the blood of the martyrs of Jesus: and when I saw her, I wondered with great admiration. And the angel said unto me, Wherefore didst thou marvel? I will tell thee the mystery of the woman, and of the beast that carrieth her, which hath the seven heads and ten horns.”**

Revelation 17:15-17 (KJV)

***EDITOR'S NOTE: Pope Francis is almost certainly the False Prophet mentioned in the book of Revelation. From a prophetic stand point, he has accomplished more in the last two years than the last 20 popes combined. And like all popes before him, he is absolutely the enemy of the state of Israel. As shocking as this is, it is only a warmup for the 7 Year Peace Treaty that will be brought by the False Prophet's buddy, the Antichrist. The signing of today's treaty advances the prophecy time clock forward by a huge leap.***

Francis – Not cool, bro.

The Palestinian Arabs already have a state, much bigger than the Jews. It's called Jordan.

After the re-creation of Israel, the 22 Arab nations kicked all the Jews out. Yet Israel lets any Arab peaceably reside within her borders. I call "No fair."

Blogger Elder of Ziyon translated Arab news sources that this Saturday reported on Adwan's statements, **in which he quotes the Koran saying Allah assigned Israel to the Jews until the Day of Judgement (Sura 5 Verse 21), and that Jews are the inheritors of Israel (Sura 26 Verse 59).**

**The Dirty Little Secret Islam Doesn't Want You to Know: The Palestinians Never Existed!**

Don Boys, Ph.D. <http://donboys.cstnews.com/the-dirty-little-secret-palestinians-dont-exist>

There is no such group as the Palestinian people. They have never existed, do not exist now, and will not exist in the future. They are the only people in all history that came into existence in a single day! This was admitted by Walid Shoebat, a former PLO terrorist: "Why is it that on June 4th 1967 I was a Jordanian and overnight I became a Palestinian?" He added that he did not mind Jordanian rule. He and his compatriots were Jordanians "until the Jews returned to Jerusalem. Then all of the sudden we were Palestinians." Shoebat was saying that when the Jews re-took their historic and biblical homeland, the myth of an Arab Palestinian nation was created out of thin air and promoted worldwide. The gullible media, too lazy to do the research, still spouts the PLO line about the "Palestinian people."

Those people who are identified as "Palestinians" are simply refugees from Jordan, Egypt, and Saudi Arabia. However, there are millions of these people who were born in refugee camps and have been taught they are "Palestinians." But they are not. In 1948 and the 1950s the displaced Arabs lived in abject squalor in refugee camps (supposed to be temporary) under the custodial care of the United Nations. Muslim leaders did not care about them until it became politically expedient to do so. There are no Palestinian people, or history, or culture, or coinage, or language, or uncovered artifacts. Palestinians don't exist and never have. Muslims and media that promote "Palestinians" are repeating a lies and resisting the facts.

## Israel's Ongoing Land Grab Problem

<http://www.jewishindy.com/modules.php?name=News&file=article&sid=948>

8 Israel is a Jewish democratic nation 1/19th the size of California, and is one of the smallest nations on the face of the earth. With only about 8,000 sq. miles of land mass it is roughly two times the size of Rhode Island. Israel is 260 miles at its longest, has a 112-mile coastline, is 60 miles at its widest, and between 3 and 9 miles at its narrowest. The nation of Israel is surrounded by twenty-two hostile Arab/Islamic dictatorships that are 640 times her size and 60 times her population. Arab propagandists call Israel "expansionist." There is NO truth to this

statement as **Israel, occupies one-sixth of one percent of the lands called Arab.** At the time of this writing there are 13 million Jews in the world (almost 5 million fewer than they were in 1939) and 300 million Arabs and 1.4 billion Muslims. Arab propagandists and biased irresponsible news services call Israel "expansionist" and the "aggressor" against Arab peoples. **Israel has fought only defensive wars; to the Arabs, Israel's resistance to *their* aggression — which would lead to Israel's total destruction if allowed to go unchecked — is illogically viewed as an "act of aggression."** Is "illogical" the proper term to be using here? Of course it is. **But is logic really a considered factor in much of today's news propaganda?**

### **The Vatican Against Israel**

**For over forty years after the Jewish State won independence in 1948, the Vatican adopted a diplomatic policy copying that of Israel's enemies: total non-recognition of the Jewish statehood. Despite the acceptance by all Western nations, including at the beginning even the Communist bloc, **the Vatican's reluctant recognition of Israel didn't occur until 1993.****

**But the same Catholic Church that didn't recognize Israel for over 40 years had no problem opening diplomatic relations with the PLO, a Muslim terror organization whose goal is the "liberation" of the Holy Land from the Jews (& their total extermination).**

And the Vatican had diplomatic relations with over 130 states. It acknowledged their legitimacy even as it disputed, in some cases, their borders.

**Why has such a different standard been applied to Israel? Because of anti-Semitism and the anger they felt upon seeing Israel again among the family of nations. For the Vatican, an independent Jewish State bearing the name "Israel," with Jerusalem as its capital, and a renewal of life in the land of the Bible by the Israelites, has obviously been a very grievous situation for them to tolerate, just like their compatriots the Muslims.**

**And now, because of this same anti-Semitism, the Vatican has hurried to recognize the "State of Palestine", which is a Trojan horse against the Jewish people & a tool to dismantle the State of Israel which all the Jews are to be cleansed.**

**We note in shock, Pope Francis' eagerness to recognize the "State of Palestine" before it has even yet arisen and we recall the eagerness of another Pope to recognize the Hitler's Nazi regime just four months after it was established. These were both declarations of war against the Jewish people.**

**VATICAN CITY (AP) -- Pope Francis praised Palestinian President Mahmoud Abbas as an "angel of peace" during a meeting Saturday at the Vatican that underscored the unHoly See's warm relations with the Palestinians as it prepares to canonize two 19th century nuns from the region.**

**Francis made the compliment during the traditional exchange of gifts at the end of an official audience in the Apostolic Palace. He presented Abbas with a**

Francis said he thought the gift was appropriate since "you are an angel of peace."

## Erdogan Of Turkey Just Gave A Speech Asking His People To Elect His Party Because He "Aims To Invade Jerusalem"

By [Shoebat Foundation](#) on May 15, 2015  
Not surprisingly no western media covered what the [Turkish Anadolu Agency just released](#), when Turkish President Recep Erdogan gave a speech this Friday with a strange message riddled with statements that were predicted in the Bible regarding Antichrist. From his desire to invade Jerusalem and to Muhammad's claim to have ascended to heaven from there, Erdogan called on all Turks to refocus on the Ottoman goal to re-conquer Jerusalem

for Islam:

"Unfortunately we the Muslims lost our aim to head towards Jerusalem. The water of our eyes froze making us blind, and our hearts that were destined to beat for Jerusalem is now instead conditioned for rivalry being in a state of war with each other."

Erdogan's desire is to end the strife and unite the Sunnis and Shiite Muslims & aim them towards Jerusalem for conquest and eradication of the Jews. He also expressed his desire for the place to become suitable for: *Al-Isra' Wal-Mi'raj* (which is Muhammad's ascension to heaven and descent to Jerusalem) which he claims is the cause of goodness: "descending from heaven over all Muslim nations".

The Turkish president then called on its citizens to "raise their hands in supplication for this blessed night towards Allah to restore the Al-Aqsa Mosque in Jerusalem (which is the third holiest site in Islam) to be re-owned by Muslims, and to remove the mist from their eyes, to see Jerusalem in their hands at every moment and at every opportunity".

Erdogan is referring to Muhammad's *Al-Isra' Wal-Mi'raj* to have "ascended to heaven". Muhammad described his journey claiming to meet God who ordered him to rule over all of mankind, angels and the whole multitudes of demons.

Muhammad also claimed to be *Khalifat-u-Allah* (Vicar of God). *Khalifat* (Caliph) literally is one who rules the world and now Erdogan unknowingly is eager to fulfill Zechariah 12 and 14 where Jerusalem becomes the "cup of trembling" to "all surrounding nations" when they storm against Jerusalem to annihilate all Israel.

Erdogan added: “When you mention the word ascension; the first thing that comes to mind is Jerusalem and Al-Aqsa Mosque,” while at the same time expressing deep regret for the condition of Muslim apathy for Al-Aqsa Mosque and Jerusalem.

Such reflections were also made by Turkish Prime Minister Ahmed Davutoglu recently, that “**Jerusalem belongs to the Muslims, not to the Jews,**” “**Jerusalem is our home and we are all Jerusalem.**”

Erdogan and Davutoglu focus on one technique to win the crowds by

**mesmerizing millions in their audience with pure emotion in order to magnetize the Muslim world to view Erdogan as Sultan (which is a Arabic title for those who claimed full sovereignty & power over their people).**

Entering the dark halls of Erdogan is entering a realms of Hitler. Watching him mesmerize the crowd and understanding his words brings to memory a dark era.

**Erdogan says that he wants Spain. He says he is some reincarnation of Tariq Bin Ziad, the conqueror of Spain, the tyrant Alp Arslan, and Saladin. These are the Muslim leaders who fought Christendom and Saladin was the one who conquered Jerusalem. He wants to declare war on the strongest nations to advance his devil god Allah.**

**He talks of Martyrs descending from heaven. Biblically, Erdogan wants the fallen angels to descend. He wants Allah to raise the Jihadists. He wants to be the Islamic shepherd & Sultan.**

As we see it all unfold, please consider the serious issue on Christian persecution which will increase as we see these events unfold. we operate a very effective mission in rescuing fellow Christians. We are a unique organization ([Rescue Christians](#)) who rescue Christians, predominately in Pakistan that live under the Muslim yoke baking bricks in kilns under the heating sun. Dr. Scott, I sent a link from an article in **Walid Shoebat** last night. I actually meant to send a different link to a related article. The one I am forwarding now is the one that left me a bit confounded and I need clarity about it.

<http://shoebat.com/2014/09/19/every-christian-needs-answer-regarding-great-apostasy-church/>

-----  
**Scott Johnson's Reply:** After reading a good portion of **this I can come to no other conclusion that Shoebat is a deceiver!** He himself is bound up in defending this Catholic death cult which will take and **has taken billions into hell** with its works based salvation system. **When he said:** *"And then I challenged the best apologists to prove that the Catholic Church committed mass murder in Europe, wiping out as many as 50 million Christians. I presented my challenge to the best debaters they can offer, Mr. James White. He of course, retreated. Never have I seen such a debate take place. Why? It's because White knows it's a false claim. These would look like fools advocating that the Catholic Church massacred millions of Bible Believing Christians. This is history's greatest slander, ever."*

What kind of deceiver would even attempt to supposedly do this with so much proof the Inquisitions happened, all in the name of furthering the Catholic churches agenda. **I guess Foxes Book of Martyrs was just all made up and the thousands of eyewitness account of Catholic atrocities where all just lies. Tons of these eye witness account were from the Catholic Church itself, who openly bragged and admitted to killing & torturing in the most horrific ways, all for the sake of forcing one to converting to the Catholic death cult or die (or trying to extract information)!!! See my teachings below for a little sampling. See the separate PDF file on the inquisitions below. This is not made up lies, but facts. Start on page 23 and go to page 47. I guess none of this happened according to Shoebat!?!?!:**

Dear Sir, Last time we exchanged concerning Walid Shoebat.

I would like to give you more infos.

**He is married to a mexican american catholic woman.**

**He claims that the catholics are ok because they according to him repented of the crimes they committed in the past.**

**He thinks that we have to unite with them in order to combat islam.**

He also thinks that we shouldn't over-interpret the bible and therefore does not give much importance to ufo's and transhumanism and illuminati and so on.  
I was quite keen on Walid Shoebat but the more I viewed his videos on the net the more I realized that **he is often surrounded by "Christian Rabbis" maybe messianic Jews.**

**The UN Has Invaded 190 American Cities with Covert and Unscreened Jihadists: The United Nations and the State Department Are Behind This Invasion of America**

**The United States is the equivalent of a four letter word in the Middle East. Many people in that region of the world detest and loathe our very existence. Why?** Because our government, on behalf of the world bankers and the oil companies, have plundered their resources, manipulated their governments, killed millions of Muslims (DU) as the U.S. has invaded the region three times in recent history. **The CIA may be responsible for funding most terrorism in the Middle East, but there is no shortage of willing participants to join such organizations as al-Qaeda, the Muslim Brotherhood, Hamas and now the latest threat, ISIS.**

**In short, the people in the Middle East hate America's guts, yet the Obama administration is placing hundreds of communities at risk by transplanting the victims of United States tyranny right into American backyards without a thought or care to the welfare for the citizens of this country.** This article addresses the insanity and/or the treasonous nature of this issue.

**Obama's Policy of Suicide by Immigration**

**Presently, there is a tsunami of unscreened Muslims pouring into 190+ American communities from war-torn areas filled with the victims of American imperialism who believe that the only good American, is a dead American. The most striking**

**aspect of this silent invasion is that the Federal government has admitted under oath that they have no idea who these people are and what their intentions consist of.**

When we juxtapose Obama's position to the multiple scenarios of Christian persecution and genocide in some areas of the Middle East, Obama has not lifted a finger to help Christians who are being slaughtered at the hands of Muslim extremist groups such as ISIS. No, Obama plays golf...

[3] Meanwhile, Muslim enemies are engaged in getting even by killing, raping, pillaging and torturing innocent Christians.

[4] Researcher Paul Sperry's work entitled "Infiltration" 'How Muslim Spies and Subversives have Penetrated Washington', has detailed the type of immigrants that we are importing from the Middle East. Here, Paul Sperry, details the threat to our communities while appearing on C-SPAN2. Play: <https://www.youtube.com/watch?v=4q-uHZ1WyfA>

[read/question-3245027/](http://www.sodahead.com/united-states/japan-and-muslims-must-read/question-3245027/)

Sperry also cites how we know (from the testimony offered by the FBI) that they are not being allowed to perform their duties of protecting American communities from would-be unscreened terrorists as expressed in a recent radio interview [5] in which FBI agents have admitted, under oath, that they have no idea who and what they are letting into the country.

**The United Nations and the State Department Are Behind This Invasion of America**

The following is one of the most stunning videos I have seen in sometime with regard to the radical *unscreened*, extremist Muslim invasion of America. The program has its roots with the United Nations and the State Department is its willing accomplice. Play: <https://www.youtube.com/watch?v=6PzT8vEvYPg>

The main person behind this abomination is named Antonio Guterres who is the UN High Commissioner for Refugees. His job is the deculturalization of European nations and the United States. This invasion has impacted 190 American communities and it is growing by the day. There are over 10,000 anti-American Somali refugees in ten years[7] who have settled in Minnesota, alone. In the first 4 months of this year, we have admitted 4,425 Somalis[8] to America.

[10]

Antonio Guterres is the head of the UNHCR and he is responsible for sending 9,000 Muslims from anti-America Syria to Boise and Twin Falls, Idaho alone. This man and his organization are your enemy!

[11] Secretary of State, John Kerry and Anne C. Richards are the UN's accomplices in these devastating immigration policies. Is this why we are seeing with ever-greater frequency these kinds of scenes inside of the United States? **vv**

[12]

[13] How long will it be until these pictures are commonplace inside of the United States?

[14]....and this?

We have already had an ISIS attack on American soil in Garland, Texas. The FBI Director has admitted to the fact that the FBI has open ISIS terror cells in all 50 states. Last summer, I documented the flow of MS-13 gang members into the United States. For 30 months, I have detailed a Russian troop presence in our country, complete with pictures, eye witnesses, government documents and videos.

The UN's Refugee/Resettlement is merely the latest in the implantation of 5th column forces inside of the United States. A fifth column is any group of people who undermine a larger group—such as a nation or a besieged city—from within. This invasion has currently reached at least 190 American cities and towns. In a future article, these groups will be tied together with regard to their common purpose as well as detailing how Jade Helm will factor into this scenario.

What did Henry Kissinger say? "Who controls the food supply controls the people; who controls the energy can control whole continents; who controls money can control the world."

The H5N8 Bird Flu Strain has been implemented to kill food supplies off, to limit availability and to control the amounts & distribution after the re-boot. What a bunch of evil devils.

And notice, it's all on the increase as we push closer to the end of the year.

**[California Senate passes mandatory forced vaccination law; while tyrants move full-steam ahead to allow only neurotoxin-contaminated children in school](#)**

by Jonathan Benson, staff writer

(NaturalNews) **[The Golden State just inched one step closer towards full medical tyranny after the State Senate, heavily influenced by Merck prostitute Senator Richard Pan, overwhelmingly voted in favor of passing Senate Bill 277 to eliminate personal belief exemptions for vaccines.](#)**

The *San Jose Mercury News* reports that S.B. 277 received "overwhelming approval" in the State Senate, and will now move on to the California Assembly for consideration, despite massive opposition from California parents. If passed by the Assembly, the bill is expected to be signed into law not long after, subjecting millions of California school children to forced vaccinations against the will of their parents.

"Vaccines are necessary to protect us," stated disingenuous Senators Richard Pan of Sacramento and Ben Allen of Santa Monica, the two sellouts responsible for spearheading the bill, which passed 25-10. "That protection has been eroding. The science is clear: vaccines are safe and efficacious."

And there you have it, folks -- if Sen. Pan, who was recently exposed for accepting bribes from Merck & Co., purveyor of Gardasil and a host of other deadly vaccines, says vaccine jabs are good for you, then they must be! His support for S.B. 277 couldn't possibly have anything to do with being on the vaccine industry's gravy train, kickback payroll, right?

It's a sad testament to the state of "civil service" in our country when sleazy politicians on the special interest dole can get away with making unsubstantiated and flat-out false statements like "vaccines are safe and efficacious," while thousands of children continue to suffer excruciating illness as a result of vaccine damage.

## 500 PARENTS JAILED for VACCINE REFUSAL in PAKISTAN

Published on Mar 4, 2015--**The Guardian is reporting that health officials in Pakistan are arresting and throwing into jail hundreds of parents who refuse to allow their children to receive the oral polio vaccine. These health officials are forcing children to receive the vaccine at gun point. Just to emphasize the point here, these are the parents of children who are being rounded up and thrown into jail in Pakistan. Not terrorists, not murders, not thieves, but parents who do not want their children to receive the polio vaccine. Could we see armed health officials roaming the streets of cities in the U.S. forcing children to be vaccinated against the wishes of their parents at gun point? The rationale and the legal framework for such actions is actually already in place to do just that.**

## Children Around the World Vaccinated at Gunpoint – Is the U.S. Heading in the Same Direction?

Posted By Orissa On March 3, 2015

<<[1]A healthcare worker gives a polio vaccine to a child in Peshawar, Pakistan **at the threat of gunpoint.**

by **Brian Shilhavy** Editor, **Health Impact News**

The Guardian reports

[2]. Feroz Shah, a spokesman for the district administration in Peshawar,

**said 471 people had been imprisoned in the city and surrounding villages under government orders on charges of endangering public security.**

**Parents targeted by police were not arrested if they agreed to vaccinate their children.**

“This is the first time such drastic action was taken,” Shah said. “This shows the determination of the government to eradicate polio.”

As can be seen in the photo above, the oral polio vaccine is being given right on the street, and not in a clinic. How many times were these children forced to receive this vaccine? How would the health worker even know the vaccine history of these children? Do they have pre-existing conditions that would make the vaccine a risk to harm them?

It would seem such basic health questions could not be answered when the order is to vaccinate every child by force right on the street, with no objections allowed.

### Is There a Polio “Epidemic” in Pakistan?

Last year (2014) polio made headline news because the World Health Organization (WHO) declared it was now an “epidemic” in certain parts of the world, and Pakistan was claimed to be an area especially hard hit. As usual, “anti-vaccine parents” were blamed for this world-wide “epidemic.”

So how bad was this polio “epidemic” that WHO declared in 2014? In May of 2014, when they made the announcement which was carried as headline news in most U.S. mainstream media outlets, there had been 74 cases – in the ENTIRE WORLD. 59 of those cases were in Pakistan at the time. Today, as of Feb. 25, 2015, there have been 10 cases so far worldwide, but 9 of those are in Pakistan. I could find no cases of any deaths worldwide due to polio in recent years.

Polio compared to the top 10 leading causes of death worldwide for 2012, according to WHO [3].

Is this an “epidemic” of global proportions? Is this justification for authorities to roam the streets in Pakistan and force people by gunpoint to receive the vaccine, and throw hundreds of parents into jail if they don’t comply? The measles “epidemic” in the United States pales by comparison in terms of absurdity in using such fear tactics to justify forced vaccinations. One must ask: Who is actually profiting from this?

UNICEF, which partners with the WHO for global vaccine purchases and distribution, is one of the largest purchasers of vaccines for

worldwide distribution. In 2013, for example, they purchased 1.7 billion doses of the live oral polio vaccine to administer to children under the age of 5.

### The Oral Polio Vaccine is Banned in Western Countries Due to Dangerous Side Effects

The oral polio vaccine is so dangerous that it is no longer used in developed countries like the U.S. But, it is mandated, purchased, and distributed in poor countries.

The real tragedy with the live oral polio vaccines is that they can cause the very thing they are supposed to be preventing: polio. Both “vaccine-associated paralytic poliomyelitis” and “non-polio acute flaccid paralysis” are known side effects of the live oral polio vaccine. It sheds the virus from the vaccine through

feces and into sewers and sanitation systems. India recently achieved its “polio-free” status, but at the cost of tens of thousands of non-polio acute flaccid paralysis cases each year (see:

++ [The Vaccine Myth of “Polio-free” Status – Polio Vaccine Caused 53,000 Paralysis Victims in India Last Year](#) <sup>[4].</sup>)

The oral polio vaccine is so easy to administer, even non-doctors can give it. <<Bill Gates administering the oral polio vaccine in India.

Doctors and researchers who understand the dangers and risks of the oral polio vaccine (OPV) have been calling for an end to this terrible vaccine for years now. An editorial appeared in the Oxford Journals *Clinical Infectious Diseases* periodical in 2005 titled, “[When Can We Stop Using Oral](#)

[Poliovirus Vaccine?](#) <sup>[5]</sup>” It was written by Dr. Harry F. Hull of the Minnesota Department of Health, and Dr. Philip D. Minor of the Division of Virology, National Institute for Biological Standards and Control, in the United Kingdom. They requested that the oral polio vaccine be stopped now:

Why must OPV vaccination be stopped? Vaccine-associated paralytic poliomyelitis was recognized shortly after the introduction of OPV, with cases occurring in both vaccines and their contacts. The time is coming when the only cause of polio is likely to be the vaccine used to supposedly prevent it. Ample molecular data are now available to demonstrate that vaccine viruses can revert to full neurovirulence. Outbreaks of polio in China, Egypt, Haiti, Madagascar, and the Philippines caused by circulating, neurovirulent vaccine-derived polioviruses (VDPVs) demonstrate that these revertant strains are fully transmissible and pose significant population risks. (Source <sup>[6].</sup>)

#### Who are the Vaccine Dissenters in Pakistan?

The pro-pharma western media in places like the U.S. like to paint vaccine-dissenters in places like Pakistan as ignorant, poor people who need to be forced into a vaccination program against their will for the “greater good” of society. However, is this actually true? Just as is the case in the U.S., researchers and health professionals are not unified in their views on vaccination policies.

Karim Khan is a freelance journalist in Pakistan who has written about the sentiment towards western pharmaceutical companies and the World Health Organization in regards to mass vaccination programs. Writing in the [Express Tribune](#) <sup>[8]</sup> last year, one of Pakistan’s leading English language publications, he wrote: Is it the ignorance regarding both the disease and the science of the medicine that worries critical thinkers? Yes, but more so it is the lack of freedom of questioning in a country that has effectively given itself to a form of slavery by so-called non-profit international organisations that earn millions from vaccination campaigns. The recent imposition of [travel restrictions](#) <sup>[9]</sup> on Pakistanis as “recommended” by the World Health Organisation (WHO) are more than proof of such slavery.

## What is the Future of Mandatory Vaccinations in the U.S.?

Could we see armed health officials roaming the streets of cities in the U.S. forcing children to be vaccinated against the wishes of their parents at gunpoint? The rationale and the legal framework for such actions is actually already in place to do just that. As we reported last month (February 2015), the Department of Homeland Security is quietly stockpiling billions of dollars worth of experimental vaccines to presumably use in the case of a “national emergency.” The U.S. government has broad powers granted to them to force people to receive these vaccines by declaring an “epidemic” or “national emergency.” (See: [Homeland Security Stockpiling Billions of Dollars of Experimental Vaccines](#) <sup>[11]</sup>.)

All across the U.S. local state legislators and health officials are moving to take away the right to informed consent regarding vaccines for children. If Americans don't wake up soon, whether you are pro-vaccine or anti-vaccine, and stop this rush to take away individual rights and liberties, it may not be long before the photo you see at the top of this story represents what is happening in the streets of America, with thousands of parents being arrested and thrown into jail for refusing to comply with mass vaccination programs.
