Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather **reprove** them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, **Awake thou that sleepest**, and arise from the dead, and Christ shall give thee light. **See then that ye walk circumspectly**, not as fools, but as wise, Redeeming the time, because the days are evil."

The **1828 Noah Webster Dictionary** defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

Global leaders seek to corral Europe crisis

WASHINGTON (AP) -- The leaders of eight of the world's biggest economies meet this weekend outside Washington, **seeking to keep Europe's debt crisis from spiraling out of control and jeopardizing fledgling recoveries in the U.S. and elsewhere.**

The turmoil in Greece is draining confidence in the 17 countries that use the euro.

Borrowing costs are up for the most indebted governments. Depositors and investors are fleeing banks seen as weak. Unemployment is soaring as recession grips nearly half the eurozone countries. And global markets are on edge.

All that forms a tumultuous backdrop as representatives of the G8 countries - the United States, Germany, France, Britain, Japan, Russia, Italy and Canada - head to Camp David. Standing in the way of a breakthrough are disagreements over how to bolster Europe's economy and avoid a broader catastrophe.

[Barack Obama](#) was caught between two competing European visions of how to solve the [financial crisis](#) at the [G8](#) summit when [David Cameron](#) rejected outright a French proposal to raise €57bn through a tax on financial transactions.

The [eurozone crisis](#) is set to dominate four days of intense diplomacy which began in Washington Friday morning and continued through a meeting of G8 leaders at the presidential retreat Camp David on Friday evening. **Discussions will continue there on Saturday and on to a Nato meeting in Chicago.**

Hospital record of Obama's birth in Kenya - Click for larger view

The person who authored this article received an interesting comment from Mr. Lucas D. Smith regarding Obama's possible birth in Kenya.

Mr. Smith writes, " I obtained a certified copy of de facto President Barack Obama's 1961 Coast Province General Hospital, Mombasa, birth certificate. I obtained the copy, from the hospital itself, on February 19, 2009.

"I have since entered entered affidavits and declarations into federal Court and also notarized and certified statements to US Congress. You can visit me at:

A literary agent's promotional brochure from two decades ago declares **Barack Obama was "born in Kenya and raised in Indonesia and Hawaii,"** according to [Breitbart News](#). The brochure was created by Acton & Dystel, which was promoting Obama as the author of the never-produced "Journeys in Black and White." The report says the biography was dispatched to "business colleagues" in the publishing industry.

[Sheriff Joe Arpaio reacts to latest Obama-Kenya connection in an exclusive interview today with WND.](#)

The literary agent who wrote the description, Miriam Goderich, now works with Dystel & Goderich agency, which [lists Obama as one of its clients](#). It is unsurprising therefore that

Goderich has suddenly claimed listing Obama's birthplace as Kenya was **"nothing more than a fact checking error."**

However, evidence to indicate that Obama was born in Kenya is plentiful and it goes significantly beyond the 1991 version of the brochure.

- Despite claiming the passage about Obama's birthplace being Kenya was a mistake, the listing still maintained that **Obama's birthplace was Kenya until after Obama became a U.S. Senator.** **"Goderich's statement fails to explain why the "fact checking error" persisted for sixteen years, through at least three different versions of Jane Dystel's website, and through at least four different versions of Obama's biography," reports Breitbart.com.**

- The literary agency also [updated the text in June 1998](#), but the part about Obama being born in Kenya was retained.

- The text was again updated in February 2005 to reflect the fact that Obama had become a Senator, but Kenya was still listed as his birthplace.

- After an April 2007 modification of the text, the passage still read Obama, "was born in Kenya."

- [As Steve Boman reveals](#), the Dystel & Goderich agency **asks its clients to submit their own biography, meaning it's virtually impossible the listing of Obama's birthplace as Kenya could have been a "fact checking error" on behalf of the literary company itself.**

- During a speech about HIV, **First Lady Michelle Obama said she and Barack Obama "visited his home country of Kenya."** Watch the clip below.

http://www.youtube.com/watch?feature=player_embedded&v=dBJhJBePcs

- In 2008, **Obama's paternal step grandmother appeared to indicate publicly that Barack Obama was born in Kenya. In an interview conducted by American Christian minister Ron McRae, Sarah Obama was asked, "Were you present when your grandson was born in Kenya?" McRae testified in his sworn statement. "This was asked to her in translation twice, and both times she replied, "Yes! Yes she was! She was present when Obama was born."**

- **Another source who met Sarah Obama told World Net Daily, "I have keenly and attentively listened to the tape over and over again, and I can confirm from Sarah's own confession that Barack Obama was born in Kenya in her presence."**

- A separate Kenyan government official agreed, stating, "I have listened to the tape. The preacher asked whether Barack Obama was born in Mombassa, and the translator asked the same. When she said Mombassa, it was like a surprise."

- When New York Times bestselling author Jerome Corsi traveled to Kenya to investigate the claims, **he was almost immediately kicked out of the country by Kenyan officials.**

- When Kenya's National Security Intelligence Service [investigated claims that Obama was born in Kenya](#), officials in Nairobi found "relevant birth records may have been removed or were missing."

- **Obama has deep political connections in Kenya. From 2006 onwards he [rallied in support of Islamist Raila Odinga in Kenya](#), helping him impose Sharia law.** When Odinga lost the Kenyan election in 2008, his supporters rioted, unleashing a wave of violence. **Despite the bloodshed, Obama used his influence to aid Odinga in retaining his position as part of a coalition government.**

For the mainstream media to imply that the 1991 brochure is the "source" of the claim that Obama was born in Kenya is completely inaccurate. Not only was that brochure updated many times right up until 2007, with the information about Obama's birthplace being Kenya retained, but there are numerous other factors which all indicate that Kenya could indeed be Obama's homeland.

The biography is one of numerous published reports as well as personal claims that Obama was born abroad, including the recent testimony of [Allen Hulton, a retired Chicago-area mailman, who has come forward with his first-person recollection](#) of a clean-cut young man he identified as Obama who approached him and told him he was going to be president. Hulton knew Obama

through Bill and Mary Ayers and they referred to **Obama as a foreign student from Indonesia or Kenya who they were “helping”**.

Allen Hulton (WND photo)

Hulton delivered mail to Bill and Mary Ayers in a Chicago suburb in the late 1980s and early 1990s and claims to have met Obama in front of the Ayers home.

He has given a sworn affidavit to investigators commissioned by Maricopa County, Ariz., Sheriff Joe Arpaio to determine whether Obama is eligible for Arizona’s 2012 election ballot. Hulton has recorded about three hours of video interviews with WND.

As [WND reported](#), Obama’s relationship with Bill Ayers – whom he dismissed in a 2008 debate as “just a guy who lives in my neighborhood” – plagued him in the 2008 presidential campaign and could resurface in this year’s election, as many questions remain.

Over a period of years in the late 1980s and early 1990s, Hulton estimates he spoke with Mary Ayers about 18 to 20 times and once to Tom Ayers, who died in 2007. Mary Ayers died in 2000.

There also was an internal bulletin from the Kenyan National Security Intelligence Service, or NSIS, that states that the Kenyan government in 2009 commissioned a cultural museum in the Obama home village of Kogelo to honor the “birthplace of President Barack Obama” and rededicate the tomb of his father, Barack Obama Sr.

The [2009 NSIS bulletin](#) report said:

The ministry of national heritage this month hosted a cultural festival in Kogelo and commissioned a cultural museum on a plot donated by a member of the Kogelo community. The cultural festival was attended by the minister for national heritage, William Ntimama **and U.S. ambassador, Michael Ranneberger.**

This was to honour the birthplace of President Obama and re-dedicate the tomb of Barack Hussein Obama, Sr., the president’s late father. But the project had been delayed because of ownership wrangles surrounding the plot.

The Daily Nation, which published an artist’s sketch of the proposed Kogelo cultural center, referred to it as Obama’s “ancestral home.”

The NSIS memo suggests the Kenyan intelligence agency kept a close watch on the Obama family in Africa.

It noted the Kenyan government provided assistance to Obama’s step-grandmother, Sarah Hussein Obama, in the form of additional security and a government stipend of 50,000 Kenyan Schillings (\$575) per month.

A [Kenyan blog, “Jaluo,” reported](#) that **Grandmother Sarah caused family conflict when she visited Moammar Gadhafi in Libya** “to the surprise and chagrins of the White House in Washington, D.C.,” and “without a proper delegation and approval of the entire family.”

The [NSIS bulletin echoed the concern that Sarah Obama was visiting Muslim countries on her own initiative](#), commenting, **“Mama Sarah had requested government assistance to travel to Mecca, Saudi Arabia for Hajj pilgrimage,”** but **“the Saudi Arabia government through its Nairobi**

embassy has come to her aid” by announcing “she will be a state guest in Saudi Arabia during her time there.”

On a related note here is a photo that appeared in the February 4, 2008 edition of the Examiner.

From Barack Obama’s book 'The Audacity of Hope', "I will stand with the Muslims should the political winds shift in an ugly direction."

OBAMA'S SHOCKING AL QAEDA LINK

SEN. BARACK OBAMA has close ties to African leader Raila Odinga, who has promised to go easy on suspected Islamic terrorists and signed a sinister secret pact with a fundamentalist Muslim group, sources say.

Kenya's losing presidential candidate Odinga, 62, a member of the Luo tribe as was Obama's dad, claims the Illinois senator is his cousin and describes their relationship as "a close personal friendship."

And according to Time magazine, Obama has been in "near-daily conversations" with Odinga since the recent explosion of violence following charges that Kenya's presidential election was rigged.

Odinga, who lost to incumbent President Mwai Kibaki, 76, has also been blamed for the terrible rioting in the country that left more than 600 dead.

In one town, 50 members of Kibaki's Kikuyu tribe died horribly when Odinga's ferocious followers torched a Christian church they were in.

But while Kibaki is a Kikuyu and Odinga is a Luo, there are claims that the conflict is really between the country's 3.5 million Muslims and more than 25 million Christians.

"It's the first time that religious issues have played such a prominent part in national politics," says the University of Nairobi's Karuti Kanyinga.

And Odinga, supposedly a practicing Anglican, reportedly has shady ties to the Muslim community, which undoubtedly includes al Qaeda cells, and made them outrageous promises. He had publicly vowed to halt the transfer of suspected Muslim terrorists to other countries for interrogation, which President Kibaki has allowed.

"Our government will not be held at ransom to extradite Muslims to foreign lands," Odinga told a crowd in Mombasa.

And Kenya's Evangelical Alliance charges that Odinga signed an outrageous secret pact with the National Muslim Leaders Forum last summer to put the strict Islamic Shariah law over the

Democratic presidential candidate Barack Obama is dressed in Muslim attire while on a trip to Kenya

country's regular laws in Muslim communities. Odinga "comes across as a presumptive Muslim

president bent on forcing Islamic law, religion and culture down the throats of the Kenyan people," says the Alliance.

None of this has stopped Obama from speaking almost daily with his pal Odinga about calming things down in Kenya, says Time magazine.

And at the request of Secretary of State Condoleezza Rice, Obama taped a message which was broadcast over the radio.

"Now is a time for all of Kenya's leaders to call for calm (and) to come together," said Obama. "Now is the time for this terrible violence to end."

[WND also reported](#) Kenyan MP (Member of Parliament) James Orenge at one point asked the nation's parliament, **"How could a young man born here in Kenya, who is not even a native American, become the president of America?"**

On the day after Obama's election, MP Boni Khalwale asked fellow members, "Could we allow ... a Motion for Adjournment **so that we could also continue the celebrations of having a Kenyan ruling the USA?**"

In addition, a number of media sources – including [National Public Radio](#) – **reported Obama's birthplace as Kenya prior to his election as president.**

[Another reference was made in 2008](#) in the Nigerian Observer.

Under a Washington dateline, Solomon Asowata wrote, “Americans will today go to the polls to elect their next president with Democratic Party candidate, Senator Barack Obama largely favoured to win. The **Kenyan-born Senator** will, however, face a stiff competition from his Republican counterpart.”

The screenshot shows the homepage of The Nigerian Observer. The main headline is "US Presidential Polls: Obama, McCain slug it out today" by Solomon Asowata with agency reports. The article text includes: "WASHINGTON – Americans will today go to the polls to elect their next President with Democratic Party candidate, Senator Barack Obama largely favoured to win. **The Kenyan-born Senator will**, however, face a stiff competition from his Republican counterpart, John McCain who has taken the presidential battle to the finishing line with vigorous campaign strategies. The other candidates are Cynthia McKinney (Green Party), Bob Barr (Libertarian Party), Chuk Baldwin (Constitution Party) and Ralph Nader who is running as an independent candidate. Aiming for a last-minute upset, Republican John McCain embarked on a grueling odyssey through seven swing states yesterday while Democrat Barack Obama was headed toward three long time GOP bastions that have become Democratic-leaning battle grounds in the historic presidential contest. Obama, cruising comfortably ahead in national and many battle ground state polls,

On the right side of the page, there is a poll widget titled "Nigerian Observer Poll" with the question: "Should President Yar'Adua resign considering his present health condition?". The options are "Yes", "No", and "Not Sure". Below the poll is a "Submit Vote" button and a link to "Current Results". At the bottom right of the article area, there is a "Comment" link.

An [African Travel Magazine](#) once reported, “**As Kenyan born U.S. Senator Barack Obama** jets into Kenya today as part of his African tour, concerns have once again been raised on the security preparations for other visitors and residents.”

[An article in the Sunday Standard in Kenya](#) begins, “**Kenyan-born US Senate hopeful, Barack (sic) Obama**, appeared set to take over the Illinois Senate seat after **his main rival, Jack Ryan, dropped out of the race on Friday night amid a furor over lurid sex club allegations.**”

Also, [an African news site and an MSNBC broadcaster](#) referred to **President Obama’s birthplace as being outside of the United States.**

A report by [Modern Ghana](#) posted in advance of the president’s visit **stated his birthplace was on the continent of Africa.**

“For Ghana, Obama’s visit will be a celebration of another milestone in African history as it hosts **the first-ever African-American President on this presidential visit to the continent of his birth,**” the report said.

By Doug Hagmann Tuesday, May 8, 2012

HomelandSecurityUs.com

It began on Wednesday, 2 May 2012 with a 45-minute interview on TruNews with Rick Wiles when I first disclosed the information I received the previous week from my source. The information I relayed "went viral," as they say, across the internet.

To support the statements I made during that interview, I am showing my handwritten notes taken contemporaneously during our conversation. My notes consist of two pages and are, at various points, admittedly difficult to decipher. I ask that points not be deducted for my penmanship given the time of the morning which they were taken.

According to my source, there is talk among the highest levels of the uppermost echelon of the Department of Homeland Security, which he describes as effectively under the control of Barack Hussein Obama. During this call, he said that the DHS is actively preparing for massive social unrest inside the United States. He then corrected himself, stating that "a civil war" is the more appropriate term. Certain elements of the government are not only expecting and preparing for it, they are actually facilitating it," stated my source.

"The DHS takes their marching orders from the Obama administration, not just from Obama himself, but mostly from his un-appointed czars. And Especially Valerie Jarrett. Don't think for a minute that the administration is doing anything to stabilize events in the U.S. They are revolutionaries, and revolutionaries thrive on chaos," he added.

My source stated that he has not seen things this bad since he began working within DHS. "It's like they [DHS agency heads] don't care about what the American people see or feel about what the DHS agencies are doing. They figure that if the average American will put up with being "sexually groped and nuked" just to fly, they'll accept almost anything. "That's why their actions are becoming more overt. "It's in your face and the brass actually chuckle about it" said my source.

Astounded by the information my source provided "going viral," I spoke to him again early Sunday morning. This was a scheduled telephone call (as noted on page 2 of my notes) based on a high level meeting of DHS personnel that was scheduled for and took place in Chantilly, Virginia, on Saturday, 5 May 2012. He hoped to provide me with more information to supplement that which he already given. Although he was not personally present, his source was. While he would not say who was at the meeting on Saturday or give its precise location, he said that the many of the names would be recognizable. He spoke to his source late Saturday night.

I contacted him on his cellular phone early Sunday morning to get the promised update. "Geez, nice job on getting the word out about what's really going on at DHS and in this administration," were the first words out of his mouth, followed by "thanks a lot." I asked him why he would be thanking me. "I just wanna' tell you that I'm going to have to hire someone to start my car, and I'm surely not going for any rides in small planes in the immediate future," he said with a bit of nervous laughter. "I hope no one finds out who I am or it's going to be more than my pension I'll have to worry about."

“I can tell you word is getting out that people are starting to wake up, which is causing a lot of ‘***** off brass.’ I can’t tell if they are more desperate or upset about the exposure, but the tone is starting to become a lot more tense. I hope that we’re having something to do with that,” he added.

With that, he provided me with additional information to supplement that which he already given me on 25 April. For clarity purposes, I have combined the information together from both contacts. The following information includes the updated information provided to me Sunday morning.

Metaphorically speaking, **there’s a revolution going on in the U.S., propped up by three legs. Economic chaos, chaos through racial division, and chaos through class division, all joined by one core element: Barack Hussein Obama and his stable of unelected czars. Obama is using the lessons learned in 1968 as the template for 2012, and many of those who were active in the late 1960s are now calling the shots for 2012.**

“The Obama administration and many of the un-elected ‘czars,’ either directly or indirectly, are engaged in covert activities with the occupy movement, various labor protests, and other subversive activities inside the U.S.,” stated my source. **Using untracked campaign funds, they are paying people to infiltrate the various movements to cause physical destruction of property and disrupt commerce. That began last year, but has increased ten-fold already this year,”** stated this source. He added that they are using some lower level DHS agents to make the payments under the context of tracking subversives, but they are the unwitting subversives. “It’s like Fast & Furious” but in the social realm,” he added.

“Obama is using some high profile people as pawns to foment the revolution. I heard several times through **very credible sources that [Louis] Farrakhan is on the CIA payroll.** Other have been named as well, but I’m not prepared to identify them yet. **Farrakhan is to coordinate the Blacks and the Muslims to prepare for riots this summer, using any means necessary.”**

“Mentioned at the meeting Saturday were methods **to use pawns to simulate the rioting in the Arab Spring countries, but to the benefit of this administration. A controlled chaos thing,”** stated my source. **They envision rioting starting in the urban areas first, such as New York and other major cities, followed by a disruption of business and commerce.** This will allow the DHS to mobilize their various teams into the streets of America without objection of the people,” stated my source.

“They want to restrict travel, if not through high energy prices, **then by checkpoints and curfews mandated by rioting and unrest. They understand we are the most well-armed nation in the world, yet they are aware of our vulnerabilities and intend to fully exploit them,”** he added. **The whole purpose is to keep Obama in office for another term, no matter how unpopular he is, as he is not finished changing our country from a Constitutional Republic. This is the run-up to the 2012 elections, or perhaps causing enough chaos to delay them - indefinitely.”**

One statement that rattled me more than anything was that a great number of those already in power, whether in appointed or elected positions, **actually want to see Obama stay in power, according to this source.** “This is what we’ve been working toward and we’re closer now than we’ve ever been. If we lose now, we might not have another chance.”

This chilling common goal also explains the lack of interest in the Constitutional legitimacy of Obama. It is common knowledge that Obama is not an American, and neither is his agenda. Of course, criticism of his bona-fides feeds into the cries of racism, despite the massive fraud perpetrated on the American people. Party lines are meaningless when the common objective is the revolutionary overtaking of America.

“The Obama administration is working closely with Bernanke, Geithner and others not to save our economy, **but to outright destroy it.** He is not the first or only one to try this, but the most effective and most vetted for that purpose. **Do you actually think that the fact that Timothy Geithner’s father worked with Obama’s mother in Indonesia was coincidental,”** stated my source rhetorically. **“What we’re seeing now is the fourth quarter of a game that started long**

ago, which also currently involves the Clintons. Obama would not be where he is if it were not for the Clintons, and to a lesser extent, Bush, but that's for other reasons. Don't be fooled, the Clintons never left or lost power," he added.

"There are file drawers full of papers, heavily guarded papers at the 'TEC building' so I can only imagine what's in them, about international financial dealings going back decades. I do know, or at least I was told, that they involve organizations that are the so-called conspiracy fringe groups, such as the Bilderberg group, the Trilateral Commission, and people including George Soros, Henry Kissinger, and current leaders of big industry. Some are fossils. They've been around a long time. Others are up-and-coming. They've got one thing in common, though, and that is to put in place a global system of governance, including a common currency. Economics is a huge part of this revolution, and they want to replace the dollar, to see it collapse. They expect, that is, they are working toward this very goal, and when this happens, it will cause chaos like never seen before in the history of this country."

"Why do you think Jon Corzine is not only walking around, but heavily involved in Obama fundraising? They know it's just a matter of time that Europe will implode economically, and when it does, start counting the days before we see massive hyperinflation and the ultimate collapse of the U.S. dollar," stated this insider. "What will it look like in the streets of America when the general population realizes that there is no money? That's right, chaos."

According to this insider, the Trayvon Martin case is just the tip of the iceberg. "You certainly don't have to be a genius to understand how Obama and his team played the public on this issue, and it's far from over. But that's not the sole element of what we'll see this summer." "Remember the shots fired at the White House not too long ago?" asked my source. There was an element of outrage that was squandered, according to 'team Obama.' In fact, Obama and some of his closest advisors, especially [Valerie] Jarrett were incredibly angered that the outrage was seemingly tempered. It should have been an opportunity to use our force against the Tea Parties, the gun clingers, the Constitutionalists, and everyone who has complained about Obama. DHS should have stepped in right then, and used that event to start the clampdown," this source stated about White House comments.

This source stated that from that point on, the DHS must become more responsive and aggressive.

Watch for a false flag event against Obama or his family, something that will outrage 'black America.' It will be carefully choreographed, but executed in a manner that will evoke the ugliest of reactions and create racial chaos in this country that will make the Watts riots, 1968 and the Rodney King riots pale in comparison. That's the third leg in this."

Does Obama look worried about the upcoming elections? Look at his lavish vacations, his limited work schedule, and those with whom he is working. This is a very dangerous man who has, as his closest advisors, people who have orchestrated the revolutions of the 1960s. They know the "trigger points" in America.

The Obama administration, including his czars and along with his closets Progressive supporters, are planning a manufactured insurgency against America. He is using the media to his advantage to garner both sympathy and support for his unfinished goals. **He is desperately seeking a way to remain in office, even if it means the surreal prospect of an indefinite postponement of elections - if it can be pulled off. So far, he's got the support of the majority of the DHS "brass" behind him, according to my source.**

"They're power hungry, and they want to remain in charge," stated this source.

The "surreal" aspect of suspended elections won't look so surreal when you see any or all of the "trigger points" take place in the not-so-distant future.

"The end-game plan for America is its destruction as a Constitutional Republic, with the assistance of the agencies under the umbrella of the DHS."

My sourced stated one more thing that seemed to tie things together. He urged me to recall the quote by Henry Kissinger who was speaking at a Bilderberg meeting at Evian, France, on 21 May 1992:

Today Americans would be outraged if U.N. troops entered Los Angeles to restore order; tomorrow they will be grateful. This is especially true if they were told there was an outside threat from beyond, whether real or promulgated, that threatened our very existence. It is then that all peoples of the world will plead with world leaders to deliver them from this evil. The one thing every man fears is the unknown. When presented with this scenario, individual rights will be willingly relinquished for the guarantee of their well being granted to them by their world government.

That threat need not be from beyond. All it might take is a world of starving, broke and desperate people.

Note: My source promised more information at a later time. Stay tuned.

OBAMA ADMINISTRATION TO STAGE 'REICHSTAG' EVENT AS TRIGGER FOR MARTIAL LAW, DHS SOURCE WARNS

Washington, DC – The Obama agents, through the DHS and other assorted colluders, are plotting a major 'Reichstag' event to generate racial riots and produce the justification for martial law, delaying the November 2012 elections, possibly indefinitely, [a DHS whistleblower informed the Canada Free Press on Tuesday](#).

The 'Reichstag Event' would take the form of a staged assassination attempt against Barack Obama, "carefully choreographed" and manufactured by Obama operatives. It would subsequently be blamed on "white supremacists" and used to enrage the black community to rioting and looting, the DHS source warned.

The shocking news also seemed to confirm recent actions taken by the DHS, such as [their purchase of 450 million rounds of ammunition](#) and their recent [BlackHawk helicopters operation](#)

[in Chicago](#), which looked frighteningly similar to a civil unrest exercise, but was described as “routine training”.

The concept of a staged assassination attempt against Barack Obama is not new as well and was first [voiced by a knowledgeable White House insider](#) known only as “WHI”.

Ulsterman: So what is it? Pull what off?

Insider: *A manufactured threat against the President of the United States.* Something easily digested by the media and the American public. Not a real threat – something totally of their own making. They will use it if they need to – got no doubt whatsoever about that. **Jarrett has approved the idea**...and did so a long time ago. There were whispers of it during the 2008 campaign. McCain was so awful it never reached a serious consideration...but the plan was discussed. **If needed – they were willing to go that route. It would be the ultimate use of the race card in the history of American politics.** And...it would likely work if they got away with it. As early as August 2011, WHI also [predicted race riots coming](#) in the summer of 2012.

Valerie Jarrett, the shadowy figure always at Obama's side, has been accused by some of “manipulating” or “controlling” the President. Just who does she work for? Who does she take orders from?

[Who is Valerie Jarrett?](#)

Valerie Jarrett, a Senior Advisor to Barack Hussein Obama, **whose father-in-law was a famous Communist (who worked with Obama's Communist mentor Frank Marshall Davis), has herself proven to be a committed Communist.**

“Their apparatus can be seen as a type of octopus, having many tentacles,” one intelligence source confided on condition of anonymity. **“Occupy is one tentacle, the unions are another, the Black Panthers are another, the radical black/islamic supremacists(Wright, Farrakhan, Van Jones, Sharpton) are another, DHS and its’ umbrella agencies are another, the mainstream press is another,” the source explained.** “These tentacles are all working together, seemingly separate, but eventually they are controlled by the same small group of people. They receive their directives and marching orders and mindlessly execute them.”

The intelligence official [predicted](#) that in the very near future, all of the seemingly separate entities would be clearly exposed as working together, co-ordinating their activities together, and driving for the same goal – **the destruction of America as a constitutional republic, the destruction of its capitalist system, and the dethroning of the U.S. as a superpower.**

Psalm 91

King James Version (KJV)

¹He that dwelleth in the secret place of the most High shall abide under the shadow of the Almighty.

²I will say of the Lord, He is my refuge and my fortress: my God; in him will I trust.

³Surely he shall deliver thee from the snare of the fowler, and from the noisome pestilence.

⁴He shall cover thee with his feathers, and under his wings shalt thou trust: his truth shall be thy shield and buckler.

⁵Thou shalt not be afraid for the terror by night; nor for the arrow that flieth by day;

⁶Nor for the pestilence that walketh in darkness; nor for the destruction that wasteth at noonday.

⁷A thousand shall fall at thy side, and ten thousand at thy right hand; but it shall not come nigh thee.

⁸Only with thine eyes shalt thou behold and see the reward of the wicked.

⁹Because thou hast made the Lord, which is my refuge, even the most High, thy habitation;

¹⁰There shall no evil befall thee, neither shall any plague come nigh thy dwelling.

¹¹For he shall give his angels charge over thee, to keep thee in all thy ways.

¹²They shall bear thee up in their hands, lest thou dash thy foot against a stone.

¹³Thou shalt tread upon the lion and adder: the young lion and the dragon shalt thou trample under feet.

¹⁴Because he hath set his love upon me, therefore will I deliver him: I will set him on high, because he hath known my name.

¹⁵He shall call upon me, and I will answer him: I will be with him in trouble; I will deliver him, and honour him.

¹⁶With long life will I satisfy him, and shew him my salvation.
