Ephesians 5:11, 13-16: "And have no fellowship with the unfruitful works of darkness, but rather reprove them. But all things that are reprov'd are made manifest by the light: for whatsoever doth make manifest is light. Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light. See then that ye walk circumspectly, not as fools, but as wise, Redeeming the time, because the days are evil."

The 1828 Noah Webster Dictionary defines:

Reprove: To blame, to convince of a fault, or to make it manifest, to excite a sense of guilt.

Circumspectly: Cautiously; with watchfulness every way; with attention to guard against surprise or danger.

Matthew 24:24: "...if it were possible, they shall deceive the very elect."

II Corinthians 2:11: "Lest Satan should get an advantage of us: for we are not ignorant of his devices."

II Chronicles 7:14: "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

ILLEGALS POUR INTO USA

In recent weeks, a tide of young, unaccompanied minors crossing the Texas border illegally has pushed the US immigration system to its breaking point. Unable to cope with the volume of children crossing the border without their parents, immigration authorities have had to find emergency solutions, such as housing thousands in a San Antonio Air Force base, a California Navy base, and a makeshift detention center in Nogales, Ariz. The Associated Press reported that the Nogales warehouse was running out of supplies. **After Arizona officials complained about the Border Patrol shipping migrants in from Texas and dropping them at bus stations,** the Department of Homeland Security on Friday halted that policy. The US has instead begun housing unaccompanied migrant children on military installations in Texas and California, under the supervision of FEMA Director Craig Fugate.

Republican critics say an executive action that the president took in 2012 is to blame, calling the situation "an administration-made disaster."

At issue is Mr. Obama's Deferred Action for Childhood Arrivals (DACA), **which in 2012 allowed some undocumented immigrants who came to America as minors to defer deportation for two years. Last week, the administration announced guidelines for how these immigrants could defer deportation for a further two years.**

DACA supposedly would not apply to anyone coming across the border today. Only undocumented immigrants who were brought to the US as minors before June 15, 2007, are eligible. But to Republican critics, **DACA created the opportunity for misinformation and confusion.**

"Word has gotten out around the world about President Obama's lax immigration enforcement policies and it has encouraged more individuals to come to the United States illegally,"

FEDS DROP PLANELOADS OF ILLEGALS IN EL PASO...

On Saturday, Maria, who preferred not to give her last name and the names of her two daughters, stopped at the El Paso Greyhound station Downtown.

Maria is a Guatemalan **undocumented immigrant.** She said she was too nervous to remember dates and details of how and where she was detained.

She added that she was on her way to Tennessee to reunite with her sister.

Maria said that before being released from immigration custody, immigration officials communicated with her sister to arrange travel plans to Tennessee.

"Immigration told me, 'You are free, you can leave,' " Maria said.

Growing concern of diseases...

No end in sight for 'dumping' policy...

White House Launches Program to Provide Lawyers...

The Obama administration said Friday **that it was starting a program to provide lawyers for children facing deportation as it scrambles to deal with the soaring number of unaccompanied minors illegally crossing the border from Mexico. Under the plan, the federal government will issue \$2 million in grants to enroll about 100 lawyers and paralegals to represent immigrant children making their way through the immigration court system.**

Cruz: Obama 'lawlessness' responsible for crisis...

Cantor: Time to strike deal... GOP Majority Leader Rep. Eric Cantor **called for a**

compromise immigration deal with Barack Obama during a campaign interview with a local Virginia TV station.

"I have told the president, there are some things we can work on together," he said in the [WTVR interview](#).

"We can work on the border security bill together, **we can work on something like the kids,"** he said referring to his proposal to offer some undetermined variety of amnesty to the children and youths of millions of parents who entered the country illegally.

"So far, the president has just insisted that it's all or nothing, [it is] my way or the highway," Cantor complained.

Border Agent Issues Desperate Plea for Help, Says US Completely Overrun By Criminal Aliens

On June 10, 2014--**A US Border Patrol agent stationed in South Texas has reached out in a desperate plea for help, stating more than half of immigrants crossing the border end up doing so successfully and that many of those are the most criminal types.**

"As a Border Patrol Agent, I can tell you as an eye witness that we are currently losing more than we are catching," the agent claims, whose name has been withheld to protect him from retaliation.

Labeling efforts to secure the border an "ongoing crisis," the agent points to numerous issues further adding to the fruitless task, including a lack of staffing, a lack of support from the American people and the Obama administration's refusal to acknowledge the crisis.

Patrolling the Rio Grande Valley sector, the United States' southernmost border with Mexico and its most porous, **the agent says immigrants who evade capture are typically the most violent.**

"The ones we are losing are convicted felons, aliens from special interest countries, and other high risk individuals. We are so overwhelmed and preoccupied by the flood of juveniles and family units that we cannot use our resources to catch the more serious aliens," the agent states.

Furthermore, the agent says, **under the direction of Immigration and Customs Enforcement, immigrants are being rounded up and released in largely-Hispanic populated South Texas towns, such as Brownsville and McAllen, because "fewer people will notice or care."**

"We have been doing that for months before the stories broke in Phoenix, Arizona a couple of weeks ago," reports the agent.

Desperate for a solution to the overwhelming number of immigrants flooding past the border (the agent estimates they are unable to prevent sometimes more than 10,000 per week), a petition has also been launched on the White House website asking President Obama for support.

3 Days to Create a Killer Via Prozac

By: Dr. Ignatius Piazza--Founder and Director--[Front Sight](#) Firearms Training Institute

The purpose of my blog is to be as pro-active as possible in spreading the truth about the importance of our cherished Second Amendment, while exposing the liars, whores and thieves who conspire to strip us of our freedoms.

With that in mind, I am exposing the most sinister group who have ever walked the face of the earth **and are responsible for more deaths each year than all the gun violence in America combined. And worse than that, they are blaming guns, to hide their own crimes!**

First, see this news video that reveals that the normally good kid, Jose Reyes, was given Prozac by a psychiatrist and on just the third day of taking this powerful, mind-altering, violence-and-suicide-inducing drug, Jose took a gun to school and shot classmates, a teacher and then himself.

Watch: <http://youtu.be/Uy3Z3pn7-xg>

Think this is an isolated incident? Think again. **In early clinical test of these anti-depressants, people with no past history of depression, violence or suicide, killed themselves after taking these drugs! But it did not stop the pharmaceutical companies from rolling the dangerous drugs out to the public! As a result, the psych-drug-induced carnage increases by the day.**

I would be negligent in my efforts to increase your awareness of potential threats to your safety, well-being and freedom, **if I did not expose those who conspire to deceive you, harm you and hook you (and your children, nieces, nephews, and grandchildren) on psych meds.**

I also recognize that "mental illness" is the gun grabbers best friend. The government is now using any diagnosis of mental illness as reason to deny ownership and even confiscate weapons from responsible citizens who fall prey

to the marketing schemes of the pharmaceutical companies and their drug pushing psychiatrists. These drugs cause violence and suicide, so the government uses the highly publicized shootings to restrict guns from responsible citizens and increases funding for more psych screenings and psych drug prescription, thus throwing gasoline on the fire!

If you think I am exaggerating this danger to society or you think that psych drugs must serve some greater good that overshadows the death and destruction they cause, then watch this video and become truly informed.

Just ask Jose Reyes' family if they wish they had seen this video before allowing a psychiatrist to see their son and give him psych drugs. Jose is just one of thousands of psych drug failures every month. **DON'T LET THIS HAPPEN TO YOU OR THOSE YOU CARE ABOUT. Take the time to watch the entire video and make sure your family watches it too. Then forward this e-mail to everyone you care about. The lives you save will be your own and those of your family and friends.**
