### **Close-Up Footage of Muslim "Free Gaza" Flotilla/Mavi Marmara Passengers Attacking IDF Soldiers**

idfnadesk — May 31, 2010 — Video taken by IDF naval boat shows the passengers of the Mavi Marmara, one of the ships in the 'Free Gaza' Flotilla, violently attacking IDF soldiers who were trying to board the ship after having sent repeated requests for the boat to change course.

Large groups of passengers surrounded soldiers and beat them with metal poles and chairs, and threw one soldier over the side of the ship. Some passengers grabbed pistols from the IDF soldiers and opened fire. As a result of the attacks, seven IDF soldiers were injured, and nine of the passengers were killed. The 'Free Gaza' Flotilla had publicly insisted on their non-violent intentions, **however their violent attack on the IDF soldiers was clearly premeditated. They had knives, metal rods, firebombs and other items ready to use that wee confiscated and**

### Gaza aid flotilla an 'ambush for Israeli soldiers'

Monday, May 31, 2010 Israel Today Staff --At least a dozen people were killed and many more wounded early Monday morning when Israeli soldiers sent to board six blockade-busting international "aid" ships approaching the Gaza Strip were met with violent resistance.

The aid ships set off from Turkey during the weekend, insisting that their cargo was desperately needed by the residents of Gaza, despite the fact that **Gaza receiving many times more humanitarian aid each week via Israel. The ships were also carrying many items Israel is trying to keep out of Gaza because they have been used in the past by Hamas to built rockets and bunkers.**

The flotilla's organizers originally said that they **would not** use violence if confronted by the Israeli navy.

But an Israeli army spokesman said that the first soldier over the side of the main flotilla ship after it ignored radio calls to halt was immediately stabbed in the chest. The spokesman said that in addition to many activists wielding knives and metal bars, at least two were armed with guns, forcing the Israeli troops to use deadly force to seize control of the ship.

In addition to the dozen or so fatalities among the activists, some 50 were wounded and transferred to Israeli hospitals for treatment. At least 10 Israeli soldiers were also wounded, two seriously.

**"This was not a peace missions, it was an act of terror,"** said IDF spokesman Col. Avi Beneihen.

In an address to the press later in the morning, Deputy Foreign Minister Danny Ayalon called the incident a **"premeditated and outrageous provocation."** **He said Israeli troops had found many weapons prepared beforehand for use against Israeli forces aboard the ships. "It was an ambush for Israeli soldiers."**

**Ayalon said the presence of weapons aboard the ships only further demonstrated that the flotilla's purpose was not humanitarian.**

For weeks leading up to the launch of the flotilla, Israel told its organizers in the Free Gaza Movement **that many tons of humanitarian aid were entering Gaza every day, and that Israel would gladly add the permitted goods they had collected to the aid truck convoys.**

But Ayalon said Israel was repeatedly informed that the Free Gaza Movement first and foremost intended to break the Israeli maritime blockade on Gaza and its Hamas rulers.

**Flotilla Using Children as Human Shields**

5/31/10--Organizers of the flotilla intended to break Israel's naval blockade of Gaza are using children as human shields to keep Israel from attacking the boats. Chairman Bulent Yildirim (of the 'The Turkish Humanitarian Relief Foundation', known by its Turkish initials IHH) said so during an interview on the group's website, in which he was seen **holding a baby that was on board the boat Mavi Marmara**. Organizers have expressed a wish that any confrontation between the boats and the Israeli navy take place during the day, **for better media coverage**. They expected the confrontation to take place during daylight hours Monday morning, but the Israeli navy intercepted the lead ship late Sunday night.

### **Hamas Uses Children, UN, Press As Human Shields In Gaza**

1-15-09--In

order to avoid civilian casualties, Israel sends warning messages before attacking terrorist targets advising civilians to leave. Israel prefers to attack empty buildings used to manufacture rockets, even taking into consideration that the terrorists too will be warned and their lives spared.

**Hamas, on the other hand, calls on civilians to come and to protect with their bodies the precise locations they expect Israel to attack. Since they know that Israel will usually strike from the air, they send the children to the roofs to prevent the air force from targeting that building.**

Four U.N. officials were killed in Lebanon by an apparent Israel airstrike. Within hours of the event, **former U.N. Secretary Kofi Annan announced his belief that Israel had deliberately targeted the U.N. personnel. Annan demanded that "any further attack on U.N. positions and personnel must stop."**

Yesterday, strong evidence came to light suggesting that Hizbollah was effectively using the U.N. position as a shield, conducting attacks against Israel, knowing that any Israeli response was likely to hit the U.N. post. The *New York Sun* reports that one of the U.N. officials killed in the attack had earlier sent e-mails saying that Hizbollah was "all over" his position. The recipient of those e-mails, a former major-general in the Canadian military named Lewis MacKenzie, described their contents:

"What he was telling us was Hezbollah fighters were all over his (The U.N.) position and the IDF were targeting them, and that's a favorite trick by people who don't have representation in the U.N. They use the U.N. as shields knowing that they cannot be punished for it." **To Hizbollah, civilians and U.N. positions are strategic assets. The terrorist group routinely launches attacks from residential areas and near U.N. posts. Hizbollah knows that this puts Israel in a bind: if Israel decides to respond, that response will provide a tear-jerking scene for the evening news where the headline will be "Israeli Bomb Kills Civilians," or "U.N. Officials Killed in Israeli Airstrike." But if Israel backs down out of a fear of how the media will report the story, then Hizbollah gets a safe haven where they can launch attacks with impunity. Hizbollah wins either way, with a propaganda victory or a military one.**

Ambassador Gabriela Shalev, Permanent Representative of Israel recently told the UN: "For eight years the citizens of southern Israel have suffered the trauma of almost **daily missile attacks from Gaza**. For eight years more than 8,000 rockets and mortar shells have targeted Israeli towns and villages. For eight years the residents of these towns have had a bare 15 seconds to hurry, with their children and their elderly, to find cover before rockets and missiles land on their houses and schools. **No State would permit such attacks on its citizens. Nor should it.**"

" Hamas has no interest in making peace with the enemy; for Hamas peace is the enemy. Its only interest is in establishing a regime of tyranny for Gazans and of terror for Israelis.

**So now lets look at some quotes from the Islamic Koran.**

Allah has cursed the **unbelievers** and proposed for them **a blazing hell**. - **Sura 33:60**

**Unbelievers** are enemies of Allah and they **will roast in hell**. - **Sura 41:14**

Muhammad is Allah's apostle. Those who follow him **are ruthless to the unbelievers....** Through them, Allah seeks to enrage the **unbelievers**. - **Sura 48:29**

**Sura 9:123:** Believers! **Make war on the infidels** who dwell around you. Let them find harshness in you. (another source reads: ) Ye who believe! **Murder those of the disbelievers....**

The **unbelievers** among the **People of the Book** and the pagans **shall burn forever in the fire of hell. They are the vilest of all creatures**. - **Sura 98:51****People of the Book** (Arabic: **الكتاب أهلى** 'Ahl al-Kitāb) is a term used to designate non-Muslim adherents to faiths which have a book of prayer.<sup>[1]</sup> The two faiths that are mentioned in the **Qur'an** as *people of the book* are **Judaism** and **Christianity**

## Gaza Flotilla Action

By Victor Sharpe

Here is more information about the so-called humanitarian flotilla, which like so many groups who hide behind titles such as, "humanitarian" and "peace and justice," are violent and hateful in their premeditated acts.

The pictures are hard to watch, the emotions they create are understandable BUT let us realize this is exactly what the Turkish Humanitarian organization wanted to create with this flotilla. This was NOT a peaceful humanitarian group, they came armed and ready for violence, even with children as human shields.

Please use the facts below whenever you talk or are engaged on this subject.

1. A state of armed conflict exists between Israel and the Hamas regime controlling Gaza. **The Hamas terrorists have launched over 12,000 rockets against Israeli civilians, and are presently smuggling in Iranian arms and military supplies into Gaza, by land and sea, in order to fortify its positions and continue its attacks.**
2. Under international law, Israel has the right to protect the lives of its civilians from Hamas attacks, and, consequently, has undertaken measures to defend itself, including the imposition of a maritime blockade **to curb Hamas rearmament. Under international maritime law, when a maritime blockade is in effect, no vessels can enter the blockaded area.**
3. In line with Israel's obligations under international law, the ships participating in the protest flotilla **were warned repeatedly that a maritime blockade is in effect off the coast of Gaza and were given due notice of its exact coordinates.**
4. **Israel repeatedly offered the flotilla organizers permission to land in the port of Ashdod, and to transfer their aid to Gaza through the existing overland crossings, in accordance with established procedures.** Thousands of tons of humanitarian supplies are regularly allowed in by Israel through the land crossings. The flotilla organizers rejected this offer, stating clearly that "this mission is not about delivering humanitarian supplies, **it's about breaking Israel's siege.**" (Greta Berlin, AFP, 27May10).
5. While the organizers claim to have humanitarian concern for the residents of Gaza they did not have similar concerns for the fate of the abducted Israeli soldier Gilad Shalit, and when asked, refused to even make a public call to allow him to be visited by the Red Cross. **Shalit has languished in a Gazan dungeon for over three years.**
6. When it became clear that the protest flotilla intended to violate the blockade despite repeated warnings, Israeli Naval personnel boarded the vessels of the flotilla, and redirected them to Ashdod. ([Read first hand account](#))
7. Given the large number of vessels participating in the flotilla, there was an operational need to undertake measures to enforce the blockade a certain distance from the area of the blockade.

8. The intention of the flotilla participants to resist Israeli Naval personnel was made clear in numerous television interviews on 30 May given by the head of the IHH, Bulent Yildirim on board the Mavi Marmara (as he held a year-old infant in his arms, in what he called a "message" to any Israelis planning to act against the flotilla) **What cowardice!!**

9. The Israeli Navy was met with violent opposition, two pistols were found in the hands of protesters, and over a dozen Israeli personnel were hospitalized, some in critical condition. One militant snatched a gun from an Israeli commando and opened fire. The Navy described being met by a "lynching" party. ([Watch Video](#))

10. In Ashdod, the flotilla's cargo will be off-loaded and the humanitarian items will be **transferred overland to Gaza** in accordance with standard operating procedures. The participants of the flotilla will be subjected to immigration procedures applicable in cases of attempted illegal entry.

11. Few reports have focused on [the two organizations involved in the flotilla. They are the IHH \(Foundation for Human Rights and Freedoms and Humanitarian Relief \[Insani Yardim Vakfi\]\), billed as a "charity" group from Turkey and Free Gaza](#), an organization of leftist radicals who wish to foment violence against Israel.

**The IHH is a front group with a history of supplying weapons to Islamic terrorist groups in the region. Even the French recognize this group as a front for terrorists.**

Free Gaza was founded in 2008 **to provoke Israel for Islamists in the Gaza Strip**. Involved in the founding of this were former Weather Underground [domestic terrorists Bill Ayers and his wife Bernardine Dohrn](#), and [Jodie Evans, a founder of Code Pink](#), an anti-military and anti-American organization. Code Pink barges into congressional hearings, and does whatever it can to subvert our efforts against Islamic terrorism around the world.

**President Obama** [began his political career in the living room of Ayers and Dohrn](#). Ayers had been involved in the bombing of the Pentagon and a New York City police department in the 1970s during the Vietnam War. Both had gone underground for years to avoid capture for their terrorist activities.

Summing up:

Inevitably Israel will be portrayed as brutal and unconcerned for the human rights of the victims of the conflict. Hamas and the many other Islamic terror organizations play the Western world, its press and governments, masterfully.

**The end result is that Israel, as so often, is caught in a "No-Win" situation and must ultimately use force to stop the aggression and depredations of the Hamas terror organization.** Whether Hamas and the Islamists unleash incessant rocket fire into Israeli civilian towns, kidnap Israeli soldiers, inflict terror attacks, or bring a flotilla of so-called "peace activists" to Gaza, Israel is brought to a position that it must act. Not to do so is ultimately to commit national suicide. Sadly, **the mainstream press consistently refuses to accept or understand how they are being**

relentlessly manipulated by Hamas, Hezbollah, and the Islamists and Jihadists.

**Gaza flotilla participants created war atmosphere before confronting Israel**  
**Participants chanted Islamic battle cry invoking killing of Jews and called for Martyrdom**

by Itamar Marcus and Nan Jacques Zilberdik--On the day before the Gaza flotilla confronted the Israeli navy, Al-Jazeera TV documented the pre-battle atmosphere created by men on board the flotilla, who chanted a well-known Islamic battle cry invoking the killing and defeat of Jews in battle:

"[Remember] Khaibar, Khaibar, oh Jews! The army of Muhammad will return!"

Khaibar is the name of the last Jewish village defeated by Muhammad's army in 628. Many Jews were killed in that battle, which marked the end of Jewish presence in Arabia. There are Muslims who see that as a precursor to future wars against Jews. At gatherings and rallies of extremists, this chant is often heard as a threat to Jews to expect to be defeated and killed again by Muslims.

Al-Jazeera also interviewed a woman who said that the flotilla participants' goal was "one of two happy endings: either Martyrdom or reaching Gaza."

[Click here](#) to view Islamic battle cry on Gaza flotilla--[Al-Jazeera TV, May 29, 2010]  
Hamas's Al-Aqsa TV chose to glorify flotilla participants who shouted the Islamic battle cry by broadcasting an interview with a university lecturer who referred to them as "those with faith and will."

*Dr. Abd Al-Fatah Shayyeq Naaman, lecturer in Shari'ah law at a university in Sanaa:*  
"Yesterday I followed the news agencies and they conveyed Zionist threats to stop the convoy and prevent it from entering Gaza; on the other side, those with faith and will once again call out upon hearing the reports of the threats: '[Remember] Khaibar, Khaibar, oh Jews! The army of Muhammad will return!'"

Al-Jazeera also reports that before the confrontation, flotilla participants announced that they would use "resistance" against Israel. *Mukawama* (resistance) is the Arabic term used by Palestinians to refer to all violence against Israel, including suicide terror.

"The flotilla includes hundreds of Arab and foreign solidarity activists from more than 40 countries ... They have announced their determination to use resistance to any attempt at piracy by the Israeli occupation."

### **IDF: Global Jihad links on flotilla**

By YAAKOV KATZ--01/06/2010

Dozens of passengers who were aboard the Mavi Marmara Turkish passenger ship are suspected of links with global jihad-affiliated terrorist organizations, defense officials said on Tuesday, amid growing concern that Israeli warships would accompany a future flotilla to the Gaza Strip.

According to the defense officials, the IDF has identified about 50 passengers on the ship who could have connections with global jihad-affiliated groups.

During its searches of the Mavi Marmara on Tuesday, the military also discovered a cache of bulletproof vests, night vision goggles, as well as gas masks (Comment: No wonder the terrorist Muslims fought the IDF so hard to board their ship)

The group of over 50 passengers with possible terror connections have refused to identify themselves or carry passports (Comment: So in other words they never had any intention on entering Israel legally). Many of them were carrying envelopes packed with thousands of dollars in cash (Comment: No doubt about it in the Gaza strip).

“This initiative is not going to stop,” she said from the group’s base in Cyprus. “We think eventually Israel will act of common sense. They’re going to have to stop the blockade of Gaza, and one of the ways to do this is to send the boats.”

### **Recipe for a new blood libel**

Monday 31 May 2010--I love watching Israel being exonerated. It has happened time and again over the years: Israel’s enemies falsely level blood libels against the Jews, the reflexively anti-Israel news media snatches and runs – exhilarated – with the story, spreading the perverted version of events far and wide. Sooner or later their “reporting” is shown to be inaccurate if not downright false, and Israel is absolved.

Not that this makes much difference to those who hate Israel – of course. But it is music to the ears and eyes of those who love Israel.

...This was Israel’s response: Naval ships intercepted the flotilla and Israeli commandoes, armed with paintball rifles (!) and wearing side arms strictly for self-defense, slid to the deck of the largest ship – the Mavi Marmara. Their purpose: to tell the protestors one last time that they would not be allowed into Gaza.

A few minutes later a reporter for Turkish television was heard screaming into his camera: "These savages are killing people here, please help!"

The news flashed around the globe. That is to say, an uninformed and misinformed version of what was happening flew from network to network. The headlines and reporting, condemnations and outrage voiced on the morning of May 31, 2010 were predictable.

Israel had attacked a sailing flotilla of peace activists who were simply seeking to take humanitarian aid to the "suffering" people of the Gaza Strip.

IDF soldiers had opened fire indiscriminately on the unresisting protestors, killing up to 19 of them.

The Israelis had "dropped from a helicopter onto the deck of a Turkish ship [and] immediately opened fire on unarmed civilians."

Israel had deliberately "targeted innocent civilians," claimed troublemaking Turkey's foreign ministry, warning of "irreparable consequences" to the two countries' relations.

Israel had committed "a massacre," cried PLO chief Mahmoud Abbas, while his mouthpiece, Sa'eb Erekat, pronounced Israel guilty of "another war crime." For good measure the PA/PLO immediately declared three days of mourning for those killed.

Screamed the BBC: "Death as Israel storms aid ship."

CNN: "Israeli commandos killed at least 10 people in pre-dawn raids on a flotilla of six ships carrying aid for the Palestinian territory of Gaza..."

The network also gave a platform to Gaza-based Hamas spokesman Sami Abu Zuhri who said: "The Israeli attack on the Freedom Flotilla is an ugly crime and against international law and this reflects the nature of the criminal Israeli occupation."

Deceived (willingly?) by these hysterical headlines, officials like Catherine Ashton, the European Union's high representative for foreign affairs, and senior UN figures Robert Serry and Filippo Grandi laid the blame for the whole affair at Israel's door and demanded Israel immediately lift the blockade of Gaza.

The new British Foreign minister John Haig also called on Israel to open all the crossings for free flow of aid into Gaza.

Deputy United Nations chief Oscar Fernandez-Taranco said the deaths could have been avoided if only Israel had lifted its blockade. Needless to say, the fact that the deaths could have been avoided if the "activists" had kept their noses out of Israel's affairs never entered the man's head.

What really happened? Israel has plenty of footage revealing the truth.

You can view the sickening scenes [here](#) , and [here](#), and [here](#).

The “peace-loving” protestors tried to lynch the Israeli soldiers. As each paintball-armed soldier reached the deck he was leaped upon by iron-bar wielding, chair-smashing, knife-stabbing and even gun-firing “activists.”

Some soldiers were beaten senseless. One was dropped headfirst onto a lower deck, sustaining serious injuries. Another was stabbed, his pistol was grabbed from him and used to fire at the Israelis. Stun grenades and firebombs were thrown at the soldiers.

When they eventually opened fire, it was only to defend themselves, and we still do not know how many of those killed were killed by the soldiers or by the terrorists (because that’s what they were) who were trying to shoot the IDF men.

This is the real story. But don’t hold your breath waiting for the currently convening emergency session of the United Nations Security Council to find in Israel’s favor.

When it comes to the state of the hated Jews, the truth rarely finds traction in the court of international opinion. Thanks largely to the media, many millions of people are primed and ready to believe the worst about the actions of Israel’s Jews. For them it’s a case of: why let the facts get in the way of a convenient and expedient story that further feeds their prejudices and satisfies their twisted desires.

### **'ware the spider's web**

31 May 2010--The eruption of violence that occurred on the high seas in the early hours of May 31, when criminals and terrorists masquerading as peace activists attacked and tried to kill Israeli soldiers had at least one positive outcome: **It caused Prime Minister Benjamin Netanyahu to cancel his visit to the White House**, which had been set for Tuesday after President Barack Obama extended an invitation to the Israeli leader last week.

Few observers were fooled by the “friendly” request. Obama, who has unabashedly realigned his country away from its traditionally pro-Israel stance, had come under withering fire from many quarters – including some in his own corner – after treating Netanyahu like dirt during his last visit to Washington. With a virtually 0 percent approval rating among Israelis, the American leader had clearly been forced to accept the fact that he would not be able to cajole the people of the world’s only Jewish state into embracing his vision for a new Middle East.

## **New aid ship heads to Gaza, Israel vows to stop it**

Menelaos Hadjicostis

and David Rising - Associated Press Writers - An aid ship trying to break the blockade of Gaza could reach Israel's 20-mile (32-kilometer) exclusion zone late Friday, an activist said, but Israel's prime minister has vowed the ship will not reach land. Greta Berlin, a spokesman for the Free Gaza group, said in Nicosia the 1,200-ton Rachel Corrie is heading directly to Gaza and will not stop in any port on the way. It is trying to deliver hundreds of tons of aid, including wheelchairs, medical supplies and concrete. By Friday afternoon, the ship was 150 miles (240 kilometers) from the coast of Gaza in international waters, the group said on its website. Irish Nobel Peace Prize laureate Mairead McGuire and the former head of the U.N. Oil-for-Food program in Iraq, Denis Halliday, were among the 11 passengers on board. The Irish vessel is named after an American college student crushed to death by an Israeli army bulldozer while protesting house demolitions in Gaza. Israel will not allow the aid ship to reach Gaza, Israeli Prime Minister Benjamin Netanyahu told senior Cabinet ministers late Thursday. According to a participant in the meeting, he said Israel made several offers to direct the ship to an Israeli port, where the aid supplies would be unloaded, inspected and transferred to Gaza by land, but the offers were rejected. Netanyahu has hotly rejected calls to lift the blockade on Gaza, insisting that it prevents missile attacks on Israel. The Rachel Corrie's cargo of concrete is also a problem, because Israel considers that to have military uses. <http://abcnews.go.com/International/wireStory?id=10822545>

## **Israel intercepts new Gaza aid ship**

05 Jun 2010 The Israeli Navy has intercepted a new Gaza-bound aid ship Rachel Corrie following its earlier attack on the Gaza Freedom Flotilla, pro-Palestinian activists say. "They are being followed," Greta Berlin of the Free Gaza group told Reuters on Saturday. Berlin said earlier that the Rachel Corrie was some 55 km (35 miles) west of Gaza in the Mediterranean.

### **More Islamic Lies: 'Israel nears end after raid on aid ships'**

Iranian

President Mahmoud Ahmadinejad says Israel's deadly raid on a Gaza-bound aid convoy marks the beginning of the end for the regime.

Israel is facing international condemnation over the Flotilla incident. Several European states have summoned Israeli ambassadors over the assault. Ahmadinejad condemned the move on Monday, saying the attack on the Freedom Flotilla was a sign of Israel's weakness. "A select few (Israel) think that such actions are a sign of power, whereas they should be aware this will lead to their end," "Someone asked me why I no longer say Israel must be torn down. I said because there is no (no longer a) need to say Israel must be demolished -- **as this regime will self destruct**," he added. ### **The Islamic Propensity for Lying taught in their "holy books"**

Muslims will do

and say anything in order to advance Allah's Agenda. [Qur'an \(3:54\)](#) - "...Allah schemed against them (the unbelievers): and Allah is the best of schemers." The Arabic word used here for scheme (or plot) is *makara*, which literally means deceit. If Allah is deceitful toward unbelievers, then there is little basis for denying that Muslims are allowed to do the same. (See also [8:30](#) and [10:21](#)) From another Muslim "holy" writing "The Hadith" we read: [Bukhari \(52:269\)](#) - "**The Prophet said, 'War is deceit.'**" **The Muslims have proclaimed Jihad or 'holy War' against the Jews and America. A major part of this war is deceit. They are liars and admit to this in there own writings and 'holy books'!** Muslims are allowed to lie to unbelievers in order to

defeat them. The two forms are:  
1) **Taqiyya** - Saying something that isn't true.  
2) **Kitman** - Lying by omission.

1)

Yasser Arafat quotes (Palestinian President of the Palestinian Authority from 1996.  
"We plan to eliminate the state of Israel and establish a purely Palestinian state. We will make life unbearable for Jews by psychological warfare and population explosion. . . . We Palestinians will take over everything, including all of Jerusalem."

The bottom line is **these Muslims should not be there** but let me ask you a question is it is OK for Muslims to have fired off over 12,000 rockets from Gaza and other areas in Israel at the Jews within the last decade? & why does this happen, see: "Israel will exist and will continue to exist **until Islam will obliterate it, just as it obliterated others before it**" - **Hassan al-Banna, founder of the Muslim Brotherhood**

If Hamas terrorists in Mexico and Canada started to fire rockets and missiles at US cities, how would the US respond, how would any nation respond in defending their citizens?

Israel is a Jewish nation 1/19th the size of California, and is one of the smallest nations on the face of the earth. With only about 8,000 sq. miles of land mass it is roughly two times the size of Rhode Island. The nation of Israel is surrounded by twenty-two hostile Arab/Islamic dictatorships that are **640 times her size and 60 times her population**. Arab propagandists call Israel "expansionist." There is NO truth to this statement as Israel, occupies **one-sixth of one percent of the lands called Arab**.

### Islamic Resurrection dependent on Muslims killing Jews

**Hamas spokesman, Dr. Ismail Radwan:** "The Hour [of Resurrection] will not take place until the Muslims fight the Jews and the Muslims kill them, and the rock and the tree will say: 'Oh, Muslim, servant of Allah, there is a Jew behind me, kill him!' We must remind our Arab and Muslim nation - its leaders and people, its scholars and students - remind them that Palestine and the Al-Aqsa Mosque **will not be liberated through summits nor by international resolutions; rather, it will be liberated through the rifle.**"

### [Warning To All Islamic Leadership: You Will Be Destroyed If You Persist In Plotting The Annihilation of Israel!](#)

But, the God of Israel, the Almighty God, has predicted both this current obsession with Israel/Jerusalem and the ultimate outcome. We can only shout a warning against all enemies of Israel:

God is watching every Palestinian, every Muslim & every person with hate in their heart toward Israel; He is taking note of every terrorist attempt and every successful terrorist attack, like the one above. As God promised in

Many Christians believe that the Last Judgment will be held in the Valley of Jehoshaphat, interpreting the passage in: **Joel 3:1-2: "For, behold, in those days, and in that time, when I shall bring again the captivity of Judah and Jerusalem, I will also gather all nations, and will bring them down into the valley of Jehoshaphat, and will plead with them there for my people and for my heritage Israel, whom they have scattered among the nations, and parted my land.**

This seems to fit hand in glove with the passage in Matthew 25: <sup>31</sup> *When the Son of man shall come in his glory, and all the holy angels with him, then shall he sit upon the throne of his glory:* <sup>32</sup> *And before him shall be gathered all nations: and he shall separate them one from another, as a shepherd divideth his sheep from the goats:* <sup>33</sup>

Therefore, when Muslims murder Jews indiscriminately, and try to accomplish the task of total annihilation that Hitler failed to accomplish, they are embarking on an impossible mission, and they are setting themselves up for the greatest of God's prophetic annihilations.

Since 1948, Arabs have collectively tried to snuff out the life of tiny Israel, attacking her in six major wars, and in countless acts of terrorism. **You cannot succeed, because God has set His face against you, and is protecting Israel by the Almighty Power of His Hand!** You might consider my article today to be an open warning to all Arab leaders that they had best stop attacking God's people, the Jews. They have no concept that they are opposing Almighty God. As we stated in last [Part 1](#) of this series, God had repeatedly stated, in both Old and New Testaments, that He was going to restore Israel back to her land in the 'latter days', and would restore His betrothal to her.

Tiny Israel, smaller than the state of New Jersey, is surrounded by a sea of hostile Arabs that want to see Israel annihilated and cast into the sea. Never in modern history have so few dominated so many so thoroughly. The Jews are outnumbered 52 to 1, and they still dominate and defeat the Arabs. How humiliating it must be for the Arabs not to be able to defeat such an outnumbered foe! Furthermore, it has not mattered that the Arabs succeeded in bringing the U.S.S.R. into the conflict on their side. Even though the Arabs have been trained and equipped by the Russians since World War II, they have not been able to defeat Israel.

### **Does anyone here sense the Presence of Almighty God?**

Surely, no one who carefully considers this matter can reach no other conclusion. It would seem to me that, if the Arabs simply lined up 200 million people, armed with anything, they could overwhelm Israel with their sheer numbers. Yet, they do not, and God's protection is the only reason the Arabs cannot win.

Today, the Arabs are trying to win at the bargaining table what they could never win at the battlefield. And, when Arabs are not "negotiating", they are either murdering innocent Jewish men, women, children, and babies, or they are **using oil monies** to buy Weapons of Mass Destruction in order to annihilate 6.6 million Jews.

God has much to say about how He will treat Israel after He restored her to her land, in the "Latter Days". Generally, God will be protecting Israel as He did in the Old Testament, before she began to so terribly sin against His Commandments.

But, God is also going to remarkably demonstrate His Power and Glory in the "Latter Days", by deliberately stirring up the peoples around Israel to attack her, only so He can miraculously deliver her. The centerpiece of God's love and concern for Israel is Jerusalem. Listen to God's Plan for Jerusalem in these "Latter Days".

***"Behold, I will make Jerusalem a **cup of trembling** unto all the people round about, when they shall be in the siege both against Judah and against Jerusalem. And in that day will I make Jerusalem a **burdensome stone** for all people: all that burden themselves with it shall be cut in pieces, though all the people of the earth be gathered together against it." (Zechariah 12:2-3)***

Now, I appeal to everyone to carefully understand what God is foretelling in this remarkable prophecy, made almost 2,500 years ago! After He brings Israel back to her land, God is going to deliberately create the following situation to develop:

**Little tiny Jerusalem is going to be the center of attention and agitation, for all the peoples who are living around it. These peoples, the Arabs living around Jerusalem, are going to be mightily agitated over Israeli control of Jerusalem.**

The Arab peoples surrounding Jerusalem are going to come against it in such a way that the situation will appear as though they have Jerusalem surrounded, as in a siege. They will come in wave after wave against Jerusalem. As one wave is annihilated, another one will take its place. God will annihilate them all.

Later, in the Great Tribulation, we know that this is going to literally happen, i.e., an overwhelming enemy force is going to lay siege to Jerusalem, and will have begun to enter the city, when Messiah comes from Heaven to destroy them by speaking one Word. This annihilation is foretold in Revelation 16:16, and is called the Battle of Armageddon.

Certainly, today's newspapers tell a story that exactly corresponds to this prophetic picture, above. The Arabs have Israel, and Jerusalem, completely surrounded in such an overwhelming manner that the average Israeli citizen must feel as though he is in a siege. And, the Arabs have succeeded in manipulating the Palestinians so that they are creating an Arab state within the tiny nation of Israel, a sharp dagger seemingly poised just inches away from the Jewish heart. In fact, when the "Peace Process" is completely carried out, Israel will be nearly cut off, North from the South, with only a narrow strip of

land a few miles wide, joining the two segments. One does not have to be a military genius to understand that, at that point, Israel will be in dire peril, militarily. If an attack came from within the newly created Arab state, Arab forces will have little difficulty cutting off the Northern segment of Israel from her Southern segment. Arab forces might be able to defeat Israel before her armed forces could be fully mobilized [it takes 72 hours to mobilize Israel's reserves].

Arafat has made it quite plain that he looked to the Koran for his current strategy in dealing with Israel. In the Koran, the Prophet Mohammed states that, if the Arabs face an enemy so strong they cannot defeat them, they are to feign that they want peace. Once peace gets underway, the Arabs are to secretly build up their forces, while simultaneously trying to lull their strong enemy to a false sense of security. Then, when the time is right, the Arab forces will spring into military action, totally defeating their enemy. This was Arafat's ruse, and he has been caught on tape explaining this ruse to other Arabs!

Daniel 12:1 gives an interesting picture of how God's protection might be carried out. Speaking of the time of the End of the Age, God foretold that Israel was going to face such a threat of annihilation that the great angelic princely angel, Michael, is going to have to stand up from his throne to deliver Israel.

All Arab leaders who are currently plotting against Israel (and they all are) should take these warnings to heart. Of course they won't, because they despise the God of Israel, the Almighty Creator. They are literally fighting against God. This is why they have never been able to defeat Israel since she came back into the land God put her in, and why they never will in the future. All their plotting and scheming will not only result in defeat, it will result in total annihilation of their nation!!

Consider Obadiah. [NEWS2095](#):

Verse 15 abruptly shifts the emphasis to the "Day of the Lord", which is the End of the Age. The entire book is written to the Edomites, the descendants of Esau, who had so thoroughly afflicted Israel all throughout history. In verse 15, God foretells that He will bring judgments upon Edom and the entire house of Esau (these are the Arabs immediately surrounding Israel). God is telling that His physical judgment will begin to fall upon these Arabs for the way in which they have consistently mistreated Israel in the past [and, it would seem, in the present].

But, God uses extremely strong language here. He says, in verse 16, that these Arabs will be forced to completely drink from God's cup of Judgment, and they will be destroyed "as though they had not been". Wow! Does that mean that every Edomite man, woman, and child will be killed? We deal with this somber subject in [NEWS2095](#), and encourage you to read it clearly and carefully, for we believe its literal fulfillment is very close, and that the presence of the fences and barriers and controlled roads around Palestinian cities and towns is evidence that Israel is about to annihilate the Palestinians in literal fulfillment of this passage in Obadiah!

In verse 17. God states that, on Mount Zion, which is in Jerusalem, the people shall be delivered, shall be holy once again, and that the house of Jacob shall **possess its own former possessions**.

Now, that is quite a statement! **what could it possibly mean that, on Mount Zion, it shall be holy once again?** I think it probably means that the Jews will be able to rebuild their Temple on the Temple Mount, which is Mount Zion. And, it also probably means that the Arabic Dome of the Rock will be torn down. Interestingly, the Plan of the New World Order calls for such a destruction of the Dome of the Rock, on page 233, of an incredible book entitled, "The

Armageddon Script", by Peter Lemesurier!

The New World Order author, Peter Lemesurier, states plainly that such a destruction would allow the Jews to rebuild their Temple, thus enhancing the "Messianic initiative". This means that such destruction may take place after the New World Order Christ has appeared, and has convinced the Jews that he is their long-awaited Messiah. This is just another exciting instance where New World Order Plans parallel Biblical prophecy.

Now, let us return to Obadiah, verse 18, states that a "fire" will be in the house of Jacob and a "flame" in the house of Joseph, which of course, speaks of the entire nation, Israel. This flaming fire evidently explodes out of the nation of Israel, absolutely engulfing the "House of Esau", burning them to stubble, consuming them so completely that there shall be no survivor of the House of Esau.

Suddenly, all of Israel's immediate Arab enemies shall be totally gone, annihilated, by some kind of fire coming out of Israel. Before we study the possibility of what this "fire" may be, we need to look closely at the result of such devastation of the House of Esau. Verses 19-21 foretell that the Israelites will immediately possess all the land that was formerly inhabited by the House of Esau. This land corresponds to the following current Arab nations in the Middle East:

Now, let us speak of this "fire" exploding out of Israel and consuming the House of Esau. Several years ago, I read an editorial in the Boston Jewish Advocate. The Jewish author was most adamant in describing the deadly threat that would exist if the Arab nations ever possessed tactical nuclear weapons. While they are working on an antimissile weapons, they would have no ability to prevent nuclear artillery shells. Even an antimissile weapon could be expected to be easily overwhelmed by sheer numbers. This author stated that Israeli military leaders expected that this scenario would occur by the end of this decade, at the earliest. The opinion of these military leaders was that Israel had to carry out a preemptive strike before the Arabs could possess tactical nuclear weapons.

And, this meant total annihilation of the Arab nations, not just "winning" another war against them. Every war Israel has fought, since returning to her land, has only set the stage for the next war. In the case with nuclear weapons, Israel must totally annihilate her Arab enemy, for he otherwise would respond quickly with nuclear weapons.

Israel has already decided to go to nuclear weapons if an Arab threat were deemed to be overwhelming. During the 1990-1991 Gulf War, the Israeli Government warned King Hussein of Iraq that, if he launched any weapons of biological or chemical nature, they would respond with nuclear annihilation. So, the decision has already been made; it is just awaiting the precise timing and place of the use.

Now, we need to return to our discussion of the "Peace Process" now under way between tiny Israel and her Arab neighbors. The proposed "Land for Peace" process makes no military sense, as every military man in the world knows fully. Yet Israel has went along with just such a suicidal plan. Why?

I think, and this is purely personal opinion, that Israel and her generals have sprung a trap for the Arabs to fall into, aiming directly at the instructions in the Koran of trying to use the "Peace Process" as a ruse to annihilate your enemy at the proper time, when he has let his guard down. I believe it possible that Israel decided to give the appearance to the Arabs that she is giving in to their insistent demands for a Palestinian state within the heart of Israel, knowing full well they will use this state as the means with which to destroy Israel. With the entire world witnessing the complicity of the Arabs, in preparing to attack, Israel will strike preemptively. Wherever possible, away from the land of Israel, Jewish generals will use their [Scalar Weaponry](#) to totally annihilate Jordan, possibly Egypt, perhaps Syria, and parts of Iraq.

In Scripture, God foretells "Latter Day" judgments on these nations:

- \* **Isaiah 13**, a mournful judgment against Babylon of old, which today is Iraq (Read [NEWS1704](#))
- \* **Isaiah 15-16**, a mournful judgment against Moab, which is East of the Jordan River, and one of Jordan's provinces today.
- \* **Isaiah 17**, a mournful judgment against Damascus, capital of Syria. Damascus is known today as the "world's most continuously occupied city". Since it was established, Damascus has never been totally destroyed; she has continuously been inhabited. Yet, God's prediction is that she will cease to be a city and will become a heap of ruins (17:1)
- \* **Isaiah 19**, a mournful judgment against Egypt, for destruction.

Each of these verses begin with God's standard phrase of judgment. And, they have never been fulfilled. In contrast, the similar predictions of judgments found in Isaiah 21 through 23 have been historically fulfilled.

I find it very interesting, also, that these nations, listed above, are not listed in the nations who are going to be marching with Russia, from the south and the north of Israel, as foretold in Ezekiel 38-39!

We can only wait and watch to see if my theory is correct. But, understand this: in these last days of the age, Israel will be constantly attacked, and her defeat will seem imminent. Initially, the Arab coordinated attack will make it seem as though Israel will be annihilated as the barrage of missiles rain down upon Israel.

But, God has promised that He will fight for her, annihilating her long time Arab enemies. How and when that "fire" and "flame" come exploding out of Israel will be a matter of conjecture until it actually happens.

But, this one thing I know: all Arab leaders plotting Israel's destruction are engaged in **"Mission Impossible"**. Their efforts will only result in their own destruction.

I wish Bill Lambert, the occultic leader of the House of Theosophy, to have the last word. In his seminar, **"Possible and Probable Events In the Future"**, held in the Boston Headquarters of the House of Theosophy, on August 18, 1991, Lambert stated that the Middle East was a key as far as **producing the New World Order anti-Christ**. He stated:

"The impetus toward this type of settlement is made possible only because of a general fear of war. **This fear of war must be maintained** until the desired political and religious changes have been instituted."

Watch Israel, one of God's keys to determining the imminency of the New World Order. Truly, the End of the Age is upon us. Are you spiritually ready? Is your family? Are you adequately protecting your loved ones? This is the reason for this ministry, to enable you to first understand the peril facing you, and then help you develop strategies to warn and protect your loved ones. Once you have been thoroughly trained, you can also use your knowledge as a means to open the door of discussion with an unsaved person. I have been able to use it many times, and have seen people come to Jesus Christ as a result. These perilous times are also a time when we can reach many souls for Jesus Christ, making an eternal difference.

## **BP Oil Leak May Last Until Christmas**

02

Jun 2010--BP Plc's failure since April to plug a Gulf of Mexico oil leak has prompted forecasts the crude may continue gushing into December in what President Barack Obama has called the greatest environmental disaster in U.S. history... **The ultimate worst-case scenario is that the well is never successfully plugged**, said Fred Aminzadeh, a research professor at the University of Southern California's Center for Integrated Smart Oil Fields who previously worked for Unocal Corp. That would leave

the well to flow for probably more than a decade, he said in a telephone interview.

As you can see by comparing the original oil spill plan from the Illuminati Card Game with the Supercomputer Oil Spill Simulation, the oil spread is occurring according to the Plan! Is this the reason B.P.'s repeated efforts have been so spectacularly unsuccessful? The oil will continue until enough crude is in the ocean that it can spread to multiple oceans just as the card, above, shows!

And, when a Category 5 hurricane starts churning the slick, the oil will really spread all over.

### **Goldman Sachs sold \$250 million of BP stock before spill**

By John Byrne--Wednesday, June 2nd, 2010--GS stock sale was nearly twice as large as any other institution; it represented 44 percent of total BP investment. The brokerage firm that's faced the most scrutiny from regulators in the past year **over the shorting of mortgage related securities seems to have had good timing when it came to something else: the stock of British oil giant BP.**

According to regulatory filings, RawStory.com has found that Goldman Sachs sold 4,680,822 shares of BP in the first quarter of 2010. Goldman's sales were the largest of any firm during that time. Goldman would have pocketed slightly more than \$266 million if their holdings were sold at the average price of BP's stock during the quarter.

**If Goldman had sold these shares today, their investment would have lost 36 percent its value, or \$96 million. The share sales represented 44 percent of Goldman's holdings -- meaning that Goldman's remaining holdings have still lost tens of millions in value.**

05 Jun 2010--**The chief executive of BP sold £1.4 million of his shares in the fuel giant weeks before the Gulf of Mexico oil spill gusher.** Tony Hayward cashed in about a third of his holding in the company one month before a well on the Deepwater Horizon rig burst, causing an environmental disaster. Mr Hayward, whose pay package is £4 million a year, then paid off the mortgage on his family's mansion in Kent, which is estimated to be valued at more than £1.2 million. His decision means **he avoided losing**

more than £423,000 when BP's share price plunged after the oil spill began six weeks ago.

## Toxic Oil Spill Rains Warned Could Destroy North America

[The European Union Times](#) - Posted by [Europe](#) on May 24, 2010--A dire report prepared for President Medvedev by Russia's [Ministry of Natural Resources](#) is warning today that the British Petroleum (BP) oil and gas leak in the Gulf of Mexico **is about to become the worst environmental catastrophe in all of human history threatening the entire eastern half of the North American continent with "total destruction"**.

Russian scientists are basing their apocalyptic destruction assessment **due to BP's use of millions of gallons of the chemical dispersal agent known as Corexit 9500** which is being pumped directly into the leak of this wellhead over a mile under the [Gulf of Mexico](#) waters and designed, this report says, **to keep hidden from the American public the full, and tragic, extent of this leak** that is now estimated to be **over 2.9 million gallons a day**.

The dispersal agent Corexit 9500 is a solvent originally developed by Exxon and now manufactured by the [Nalco Holding Company](#) of Naperville, Illinois that is four times more toxic than oil (oil is toxic at 11 ppm (parts per million), whereas Corexit 9500 is toxic at only 2.61ppm. In a report written for Exxon Biomedical Sciences, titled "**Acute Aquatic Toxicity of Three Corexit Products: An Overview**" Corexit 9500 was found to be **one of the most toxic dispersal agents ever developed**. Even worse, according to this report, **with higher water temperatures, like those now occurring in the Gulf of Mexico, its toxicity grows**.

The United States Environmental Protection Agency ([EPA](#)) in discovering BP's use of this dangerous dispersal agent ordered BP to stop using it, but **BP refused** stating that their only alternative to Corexit 9500 was an even more dangerous dispersal agent known as [Sea Brat 4](#).

The main differences between Corexit 9500 and Sea Brat 4 lie in how long these dangerous chemicals take to degrade into their constituent organic compounds, which for Corexit 9500 is 28 days. Sea Brat 4, on the other hand, degrades into an organic chemical called Nonylphenol that is toxic to aquatic life and can persist in [the environment](#) for years.

A greater danger involving Corexit 9500, and as outlined by Russian scientists in this report, is that with its 2.61ppm toxicity level, and when combined with the heating Gulf of Mexico waters, its molecules will be able to **"phase transition" from their present liquid to a gaseous state allowing them to be absorbed into clouds and allowing their release as "toxic rain" upon all of Eastern North America**.

Even worse, should a Katrina like tropical hurricane form in the Gulf of Mexico while tens of millions of gallons of Corexit 9500 are sitting on, or near, its surface the resulting **"toxic rain" falling upon the North American continent could "theoretically" destroy all**

microbial life to any depth it reaches resulting in an *“unimaginable environmental catastrophe”* destroying all life forms.

### **LOST at Sea: Oil Spill Set to Enrich World Bankers**

Michael Wayne--Infowars.com--June 4, 2010--The latest revelations in the British Petroleum gulf drilling disaster indicate that international banking firm Goldman Sachs sold over 4.68 million shares of British Petroleum stock just two days prior to the explosion of the British Petroleum drilling platform. **This sell-off of petroleum stock is now recognized as the largest single liquidation of petroleum stocks in the history of modern markets. With this liquidation taking place just 48 hours prior to the gulf explosion which now looms as America's worst ever ecological disaster, any intelligent mind must ask these questions, “Was this sell-off an act of insider trading? Did someone at Goldman Sachs have foreknowledge of this disaster? Could the disaster have been man-made? If so, who would be the ultimate beneficiary of this event?”**

Noticing that President Barak Obama's administration is now calling for new petroleum taxes to cover the colossal expenses of potential future drilling disasters, it becomes obvious that those within and behind the environmental movement and the global warming movement stand to profit from new taxes on an enormous scale.

But ultimately the true beneficiaries of this disaster will be the international banking corporations which have controlling interests in the World Bank (WB), Bank for International Settlements (BIS), and the International Monetary Fund (IMF). **It is this banking triad and its controlling interests, with their neck-deep involvement in the Law of the Sea Treaty (LOST), which stand to collect many trillions of dollars over the coming decades.**

LOST is a United Nations treaty that went into effect in 1994. It defines the rights and responsibilities of nations in their use of the world's oceans, establishing guidelines for businesses, the environment, and the management of marine resources. Whereas the Interstate Commerce Clause of the U.S. Constitution has become the king's X for the United States Federal Government to govern and override all activities of the fifty states, LOST stands to become the mechanism by which the United Nations will govern and override all activities of the 300 nations of the world.

**It is through LOST that all nations will “lose” their sovereignty to a One World Government. LOST is set to become a substantial funding instrument behind the arising New World Order.** This recognition brings our attention to a statement recorded in the Bible's book of Revelation. In this passage a worldwide governmental system is prophetically pictured as a beast “rising out of the sea.” That was written around 90 A.D. **And now, some 1900 years after it was written we see the efforts by international**

banking elites to finance a one world government by collecting carbon taxes through the regulations of a Law of the Sea Treaty. Their government is arising out of the sea.

The environmental cap and trade taxes that are being promoted by the U.N.'s IPCC are taxes on carbon dioxide emissions. The U.N. is pushing for these taxes to be collected by the WB, IMF, and BIS through regulations established under LOST. Incidentally, the regulations of LOST do not stop at a nation's shorelines. Any navigable rivers, like the Mississippi, are equally governed. The U.N. has already established plans for the banking triad of the WB, IMF, and BIS to collect cap and trade taxes from 300 nations of the world. These banks will then funnel these funds to the U.N. for disbursement as it chooses, but only after the banks have collected their commissions and fees.

This brings us back to the issue at hand— the looming ecological disaster created by the explosion of the British Petroleum drilling platform in the Gulf of Mexico, and our question of who stands to benefit. It is the international banking triad of the WB, IMF, and BIS that will collect trillions of dollars in taxes levied under the auspices of LOST. **Any ecological disaster that occurs on the open seas expands the perception that there is a need for a massive regulatory mechanism to prevent such disasters from occurring. That mechanism is LOST.**

And the greater the perceived magnitude of any such sea-based ecological disaster, the greater will be the perceived need for that regulatory mechanism. It thereby becomes obvious that the entities which stand to gain under the auspices of LOST would want to magnify the public perception of immense destruction caused by any sea-based disaster.

LOS ANGELES--Just weeks after Comedy Central executives censored a program due to its controversial portrayal of Muhammad, the network has many up in arms with the announcement of a new in-development series about God and Jesus Christ.

Just weeks after comedy Central executives censored a program due to its controversial portrayal of Muhammad, the network has many viewers up in arms with the announcement of a new in-development series entitled "JC," a situation comedy about God and Jesus Christ.

According to Comedy Central's thumbnail sketch, the potential series will present "JC" as a regular guy who moves to New York to "escape his father's enormous shadow," while God is characterized as an apathetic man who would rather play video games than listen to his son open up about his Big Apple life.

In response to the announcement, distraught leaders at the new Citizens Against Religious Bigotry (CARB), which includes representatives from organizations such as the Media Research Center, Parents Television Council, and The American Alliance of Jews and Christians, are holding a news conference this Thursday to "denounce the project and the concept of glorifying religious bigotry," as they **believe Comedy Central openly mocks and disparages God and Christianity while taking strict measures not to ridicule Islam**. The joint coalition also intends to release the names of those companies who both do and don't buy advertising spots on "JC."

"After we reveal the vile and offensive nature of Comedy Central's previous characterizations of Jesus Christ and God the Father, we expect these advertisers to agree wholeheartedly to end their advertising on Comedy Central and discontinue their

support for unabashed, anti-Christian discrimination,” said Media Research Center President, Brent Bozell. “Why should they be supporting a [business](#) that makes a habit of attacking Christianity **and yet has a formal policy to censor anything considered offensive to followers of Islam? This double standard is pure bigotry**, one from which advertisers should quickly shy away.”

And as of Thursday, others who are outraged by the concept of “JC” **will be able to sign an online [grassroots petition](#)** condemning the in-development cartoon series and its parent company Viacom, as well as stand up to what CARB is calling an “egregious double standard” in the way Hollywood and popular culture treats Christianity.

## **[With Obama's blessings, LGBT month kicks off](#)**

**Jody Brown - OneNewsNow - 6/1/2010** - The day after the House and a Senate committee [voted to repeal the U.S. military's ban](#) on homosexuals serving openly in the military, President Barack Obama ushered in another month-long celebration of the homosexual lifestyle. As he did last year -- and as President Bill Clinton did for the first time in 2000 -- **Obama proclaimed the month of June as "Lesbian, Gay, Bisexual, and Transgender Pride Month."** [Obama's proclamation on Friday](#) touts how his administration has "advanced our journey" in what he describes as a "movement for fairness and equality" for the LGBT community. **He cites specifically the signing into law of the controversial "hate crimes" legislation and the elimination of the HIV entry ban into the U.S.** The proclamation also delineates the **president's intentions to repeal the**

federal Defense of Marriage Act, to secure adoption rights for LGBT "families," and to bring the military's "don't ask, don't tell" policy to an end.

### **'Gay day' at Disney Kicking off this Weekend**

Charlie Butts - OneNewsNow - 6/4/2010 - Disney is about to host its annual "gay day" at its facility in Orlando. "This Saturday, June 5, there will be approximately 15,000 - 20,000 reveling homosexual, lesbian, [and] transgender people in the Magic Kingdom in Orlando," reports David Caton, founder of the [Florida Family Association](#) (FFA). "I want to encourage people who have any plans of attending the Magic Kingdom on that date to avoid it. It is a very distasteful event," he adds. Saturday's observance falls in the midst of Orlando's annual weeklong "Gay Days" celebration that boasts of attracting more than 150,000 "gay and lesbian travelers." Websites report that homosexuals wear red that day at Walt Disney World to identify themselves to others. Caton says that over the years, he has witnessed 2,000 to 3,000 people who have left the park after learning it was packed that day with homosexuals. The event is always staged on the first Saturday of June (about the same time that school breaks for summer), and he explains that activists have a reason for that as there are anywhere between 50 [thousand] and 70,000 children in the theme park on that day, and we believe the reason they're doing this is because they want to have a captive audience of children. The FFA founder says that is part of a homosexual indoctrination process for the children. As he has monitored the park during the annual homosexual fest at Disney, Caton notes that there have been many reports of obvious debauchery involving homosexuals. The major corporate sponsor of this year's "Gay Days" observance at Disney World is Anheuser-Busch. Other sponsors include the Blue Man Group and the Florida Department of Health.

The Zeitgeist films and movement are exposed and shown to have ties to the New Age, Theosophy, Freemasonry and the new world order movements. It covers Benjamin Creme, Maitreya, 2012 and the utopian New Age coadjutors who have infiltrated the patriot-movement. It also shows how the Bible predicts the coming new world order dystopia.
