["Bill making violence against gays a hate crime headed to White House"](#), L.A. Times, October 23, 2009

"A bill to make violence against gays and lesbians a federal hate crime cleared the Senate on Thursday and headed to the White House. The **68-29** vote was a victory for civil rights groups that have long sought to expand the federal statute beyond attacks motivated by religion, race, color or national origin. The bill, which President Obama is expected to sign, includes penalties for assaults based on a victim's sexual orientation, gender, disability or gender identity."

This bill is especially ominous for two reasons: 1) It allows any person to lodge a complain against anyone whom they believe "threatened" them in any way -- physical, emotion or mental. 2) It allows the Federal Government to intervene in a state matter, thus extending the harsh arm of the Feds.

America has now become Sodom. This once Christian nation has now legitimized homosexuality and now it has passed the most harsh law imaginable designed to cower people into submission before the LGTB crowd.

We posted an article on this pending Hate Crimes bill; we encourage you to read it now.

["Are YOU Prepared To Go To Prison?"](#) President Obama promised a convention of Lesbians, Gays, Bi-Sexuals, and Transgenders that he WILL get the 'Hate Crimes' bill passed into law. The President has just issued a Declaration of War against the Church and the Bible upon which it is founded!"

Official disclosure of extraterrestrial life is imminent

October 21, 12:27 AM · [Honolulu Exopolitics Examiner](#) · Michael Salla, Ph.D--An official announcement by the Obama administration disclosing the reality of extraterrestrial life is imminent. For several months, senior administration officials have been quietly deliberating behind closed doors how much to disclose to the world about extraterrestrial life. Dissatisfaction among powerful institutions such as the U.S. Navy over the decades-long secrecy policy has given a boost to efforts to disclose the reality of extraterrestrial life and technology.

The impending disclosure announcement follows upon the secret implementation of a year long openness policy on UFOs and extraterrestrial life. Over the period February 12-14, 2008, the United Nations held closed doors discussions where approximately [30 nations secretly agreed](#) on a new openness policy on UFOs and extraterrestrial life in 2009. The openness policy was implemented but never publicly announced due to [threats against UN diplomats](#) not to disclose details of the secret agreement. The secret UN agreement was based on two conditions. First, UFOs would continue to appear around the world; and second, the openness policy would not lead to social unrest in liberal democracies. Both conditions have been satisfied making it possible for the next stage to begin – official disclosure of extraterrestrial life.

Obama's September 24, 2009 [chairing of the UN Security Council](#) meeting on nuclear non-proliferation and disarmament, signaled his emerging leadership role in tackling major global issues such as nuclear weapons. The Nobel Peace Prize was an important step in giving global legitimacy to President Obama in making an extraterrestrial disclosure announcement. Obama is therefore poised to play a prominent role in the increased global governance that will be necessary after an extraterrestrial disclosure announcement. The timing would most likely coincide sometime soon after his Nobel Peace Prize acceptance speech on December 10, 2009 in Oslo, Norway

President Obama may sign a treaty which finally establishes a World Government -- with enforcement capabilities!

After decades of dire warnings from "Conspiracy Theorists" that the major end result of the long-running Masonic/Illuminati Plan was to establish a strong dictatorial government, the time may be now at hand when that horrific government is established!

NEWS BRIEF: "[Obama Poised to Cede US Sovereignty](#): Will sign treaty which says a world government is going to be created ", Canada Free Press, October 15, 2009

"The Minnesota Free Market Institute hosted an event at Bethel University in St. Paul on Wednesday evening. Keynote speaker Lord Christopher Monckton, former science adviser to British Prime Minister Margaret Thatcher, gave a scathing and lengthy presentation, complete with detailed charts, graphs, facts, and figures which culminated

in the utter decimation of both the pop culture concept of global warming and the credible threat of any significant anthropomorphic climate change."

"A detailed summary of Monckton's presentation will be available here once compiled. However, a segment of his remarks justify immediate publication ... At [the 2009 United Nations Climate Change Conference in] Copenhagen, this December, weeks away, a treaty will be signed. Your president will sign it. Most of the third world countries will sign it, because they think they're going to get money out of it. Most of the left-wing regime from the European Union will rubber stamp it. Virtually nobody won't sign it."

"I read that treaty. And what it says is this, that a world government is going to be created."

Finally, the Illuminati is going to get its world government, after lusting for it since the 1590's when Sir Francis Bacon and Queen Elizabeth I created their New World Order Plan -- with the newly-planned nation, America, leading the way! If you are not aware of this historical fact, you need to watch our award-winning video, "[The New Atlantis](#)"; you will discover that Bacon and Elizabeth created the plan to establish the most powerful nation in world history out of the North American Colonies. That new nation -- which Bacon named 'America' -- would then gradually lead the nations in the world into a global dictatorship, a global economy, a global religion, and then a global Masonic Messiah.

Now, after over 400 years of consistent scheming, the Global Illuminati is poised to finally get their new global government.

"The word 'government' actually appears as the first of three purposes of the new entity. The second purpose is the transfer of wealth from the countries of the West to third world countries, in satisfaction of what is called, coyly, 'climate debt'-- because we've been burning CO2 and they haven't. We've been screwing up the climate and they haven't. And the third purpose of this new entity, this government, is enforcement."

Therefore, this new global government treaty provides three major planks:

1) Establishing a global government which will evolve after the World War III into the most repressive dictatorship the world has ever seen;

2) Transferring wealth from Industrial countries to Third World countries. New Age authors have long advocated a "transfer of wealth" like this. It will be like the government's current taxing system, i.e., taking from those productive citizens and giving it to unproductive ones. However, it shall be interesting to see if the "Goldman Sachs" type of countries -- like Europe, Japan, U.S. - will be given the same type of huge tax loopholes which the American government now grants to companies like Goldman Sachs and J.P. Morgan!

We find it highly interesting that the treaty which shall establish a global government will come at a Climate Control meeting! Several years ago, we posted an article in which we listed five (5) deliberately created crises by which the Illuminati planned to get their world government. That article was [NEWS2193](#), "[Five Major Created Global Disasters Are Being Constantly Preached To The World As Reasons To Form The Global New World Order!](#)"

We listed "Global Warming" as one of the five deliberately created crises which would produce the new global system.

Even as scientific evidence for Global Warming is collapsing, political propaganda is ratcheting upward to the highest levels ever. And, now we see that the treaty to create a global government may actually be signed at a Global Climate conference! Former Vice President Al Gore will be so proud!

DVD

This last segment is the most distressing.

3) "... the third purpose of this new entity, this government, is enforcement."

Enforcement is always the difference between a law and a resolution. For years, world leaders have only passed meaningless, powerless, resolutions. Now they seem to be finally getting their LAW.

When each nation on earth agrees to be bound by an international law backed by enforcement, that nation has been fettered voluntarily by its current leader! In other words, President Obama will voluntarily agree with this bill, without any outside pressure forcing him to do so! Obama will be following the script handed him by his handlers.

We can only hope that this agreement which President Obama is said to sign in Copenhagen in December will be a treaty, which will require Senate approval requiring two-thirds approval. Now, can you see how important it is for the Democrats to own a majority of 60 votes? If every Democrat votes for this treaty, only 6 Republicans need to vote for it to make it the law of our land.

At the time when this treaty is ratified, our Constitution will be rendered 'null and void' because its various provisions will be systematically replaced by international law. Our Constitutional rights will be completely removed.

Henry Kissinger was more right than we gave him credit for when he said, prior to Obama's Inauguration, that "Obama was poised to bring in the New World Order"! <http://www.cuttingedge.org/newsletters/newsalert.htm>

Obama Will Surrender America To World Government

[NoWorldSystem](#)

October 17, 2009

Out of these troubled times, our fifth objective – a New World Order – can emerge. . . Now, we can see a New World Order coming into view. A world in which there is a very real prospect for a New World Order. . . A world where the United Nations, freed from a Cold War stalemate, is poised to fulfill the historic vision of its founders.” -George H.W. Bush

The [Minnesota Free Market Institute](#) hosted an event at Bethel University in St. Paul on Wednesday evening. Keynote speaker Lord Christopher Monckton, former science adviser to British Prime Minister Margaret Thatcher, warned the American people to stop Obama from signing a ‘global climate treaty’ at the climate change conference in Copenhagen in December that will ultimately surrender U.S. sovereignty to a World Government under the guise of helping the environment.

With every passing day it becomes more evident that Obama is nothing more than a globalist, it is obvious from [health care reform](#) that he doesn’t care about the middle class, he is in the pocket of the internationalist elite like Kissinger and the rest of the global elite that wish to establish a World Government Dictatorship under the auspices of the United Nations.

If this international climate change treaty passes, Americans will have no choice but to pay a global climate tax that will be paid directly to the United Nations, at first the tax will be introduced to the public gradually such as a barely noticeable tax at the gas pump, which will later be increased once it has been officially established.

The Bilderberg Group has discussed this new global tax this year among many other things like creating a [fast-but-painful depression](#) to better establish a New World Order. The IMF, a United Nations entity has already declared itself the global central bank that will set regulations and issue a global currency to the nations. People like George Soros, IMF and the World Bank are

betting against the dollar and with the help of the Federal Reserve will topple the dominance of the U.S. dollar in the world market to destroy the U.S. economy and force the global dictatorship on the western hemisphere.

We are beginning to see the emergence of a New World Order this year, with talks of a new global currency, a global climate tax, a global police force with access to a worldwide database of DNA, biometric and fingerprint records, an international gun-control treaty, an international criminal court treaty, the internet moving towards world government it's crystal clear what is about to happen in this country.
